An investor who applies for certification and is rejected may reapply.

(c) To receive certification, an investor must certify to the commissioner that the investor will only invest in a transaction that is exempt under section 80A.46, clause (13) or (14), or in a security registered under section 80A.50, paragraph (b).

The application must be in the form and be made under the procedures specified by the commissioner, accompanied by an application fee of \$1,000. The application for certification for 2010 of qualified funds must be made available on the department's Web site by August 1, 2010. Applications for subsequent years' certification must be made available by November 1 of the preceding year.

(b) Within 30 days of receiving an application for certification under this subdivision, the commissioner must either certify the fund as satisfying the conditions required of a qualified fund, request additional information from the fund, or reject the application for certification. If the commissioner requests additional information from the fund, the commissioner must either certify the fund or reject the application within 30 days of receiving the additional information. If the commissioner neither certifies the fund nor rejects the application within 30 days of receiving the original application or within 30 days of receiving the additional information requested, whichever is later, then the application is deemed rejected, and the commissioner must refund the \$1,000 application fee. A fund that applies for certification and is rejected may reapply.

(c) To receive certification, a fund must:

(1) invest or intend to invest in qualified small businesses;

(2) be organized as a pass-through entity; and

(3) have at least three separate investors, all of whom satisfy the conditions in subdivision 3, paragraph (c).

(d) Investments in the fund may consist of equity investments or notes that pay interest or other fixed amounts, or any combination of both.

(e) In order for a qualified investment in a qualified small business to be eligible for tax credits, a qualified fund that makes the investment must have applied for and received certification for the calendar year prior to making the qualified investment.

Subd. 5. Credit allowed. (a) A qualified investor or qualified fund is eligible for a credit equal to 25 percent of the qualified investment in a qualified small business. Investments made by a pass-through entity qualify for a credit only if the entity is a qualified fund. The commissioner must not allocate more than \$2,500,000 in credits to qualified taxpayers or qualified funds for taxable years beginning after December 31, 2009, and before January 1, 2011, and must not allocate more than \$5,000,000 in credits per year for taxable years beginning after December 31, 2010, and before January 1, 2016. Any portion of a taxable year's credits that is not allocated by the commissioner does not cancel and may be carried forward to subsequent taxable years until all credits have been allocated.

(b) The commissioner may not allocate more than a total maximum amount in credits for a taxable year to a qualified investor for the investor's cumulative qualified investments as an individual qualified investor and as an investor in a qualified fund; for married couples filing joint returns the maximum is \$250,000, and for all other filers the maximum is \$125,000. The commissioner may not allocate more than a total of \$1,000,000 in credits over all taxable years for qualified investments in any one qualified small business.

(c) The commissioner may not allocate a credit to a qualified investor either as an individual qualified investor or as an investor in a qualified fund if the investor receives more than 50 percent of the investor's gross annual income from the qualified small business in which the qualified investment is proposed. A member of the family of an individual disqualified by this paragraph is not eligible for a credit under this section. For a married couple filing a joint return, the limitations in this paragraph apply collectively to the investor and spouse. For purposes of determining the ownership interest of an investor under this paragraph, the rules under section 267(c) and 267(e) of the Internal Revenue Code apply.

(d) Applications for tax credits for 2010 must be made available on the department's Web site by September 1, 2010, and the department must begin accepting applications by September 1, 2010. Applications for subsequent years must be made available by November 1 of the preceding year.

(e) Qualified investors and qualified funds must apply to the commissioner for tax credits. Tax credits must be allocated to qualified investors or qualified funds in the order that the tax credit request applications are filed with the department. The commissioner must approve or reject tax credit request applications within 15 days of receiving the application. The investment specified in the application must be made within 60 days of the allocation of the credits. If the investment is not made within 60 days, the credit allocation is canceled and available for reallocation. A qualified investor or qualified fund that fails to invest as specified in the application, within 60 days of allocation of the credits, must notify the commissioner of the failure to invest within five business days of the expiration of the 60-day investment period.

(f) All tax credit request applications filed with the department on the same day must be treated as having been filed contemporaneously. If two or more qualified investors or qualified funds file tax credit request applications on the same day, and the aggregate amount of credit allocation claims exceeds the aggregate limit of credits under this section or the lesser amount of credits that remain unallocated on that day, then the credits must be allocated among the qualified investors or qualified funds who filed on that day on a pro rata basis with respect to the amounts claimed. The pro rata allocation for any one qualified investor or qualified fund is the product obtained by multiplying a fraction, the numerator of which is the amount of the credit allocation claim filed on behalf of a qualified investor and the denominator of which is the total of all credit allocation claims filed on behalf of all applicants on that day, by the amount of credits that remain unallocated on that day for the taxable year.

(g) A qualified investor or qualified fund, or a qualified small business acting on their behalf, must notify the commissioner when an investment for which credits were allocated has been made, and the taxable year in which the investment was made. A qualified fund must also provide the commissioner with a statement indicating the amount invested by each investor in the qualified fund based on each investor's share of the assets of the qualified fund at the time of the qualified investment. After receiving notification that the investment was made, the commissioner must issue credit certificates for the taxable year in which the investment was made to the qualified investor or, for an investment made by a qualified fund, to each qualified investor who is an investor in the fund. The certificate must state that the credit is subject to revocation if the qualified investor or qualified fund does not hold the investment in the qualified small business for at least three years, consisting of the calendar year in which the investment was made and the two following years. The three-year holding period does not apply if:

(1) the investment by the qualified investor or qualified fund becomes worthless before the end of the three-year period;

(2) 80 percent or more of the assets of the qualified small business is sold before the end of the three-year period;

(3) the qualified small business is sold before the end of the three-year period; or

(4) the qualified small business's common stock begins trading on a public exchange before the end of the three-year period.

(h) The commissioner must notify the commissioner of revenue of credit certificates issued under this section.

Subd. 6. **Annual reports.** (a) By February 1 of each year each qualified small business that received an investment that qualified for a credit, and each qualified investor and qualified fund that made an investment that qualified for a credit, must submit an annual report to the commissioner and pay a filing fee of \$100 if required under this subdivision. Each qualified investor and qualified fund must submit reports for three years following each year in which it made an investment that qualified for a credit, and each qualified small business must submit reports for five years following the year in which it received an investment qualifying for a credit. Reports must be made in the form required by the commissioner. All filing fees collected are deposited in the small business investment tax credit administration account in the special revenue fund.

(b) A report from a qualified small business must certify that the business satisfies the following requirements:

(1) the business has its headquarters in Minnesota;

(2) at least 51 percent of the business's employees are employed in Minnesota, and 51 percent of the business's total payroll is paid or incurred in the state;

(3) that the business is engaged in, or is committed to engage in, innovation in Minnesota as defined under subdivision 2; and

(4) that the business meets the payroll requirements in subdivision 2, paragraph (c), clause (6).

(c) Reports from qualified investors must certify that the investor remains invested in the qualified small business as required by subdivision 5, paragraph (d).

(d) Reports from qualified funds must certify that the fund remains invested in the qualified small business as required by subdivision 5, paragraph (d).

(e) A qualified small business that ceases all operations and becomes insolvent must file a final annual report in the form required by the commissioner documenting its insolvency. In following years the business is exempt from the annual reporting requirement, the report filing fee, and the fine for failure to file a report.

(f) A qualified small business, qualified investor, or qualified fund that fails to file an annual report as required under this subdivision is subject to a \$500 fine.

Subd. 7. **Revocation of credits.** (a) If the commissioner determines that a qualified investor or qualified fund did not meet the three-year holding period required in subdivision 5, paragraph (d), any credit allocated and certified to the investor or fund is revoked and must be repaid by the investor.

(b) If the commissioner determines that a business did not meet the employment and payroll requirements in subdivision 2, paragraph (c), clause (2), in any of the five calendar years following the year in which an investment in the business that qualified for a tax credit under this section was made, the business must repay the following percentage of the credits allowed for qualified investments in the business:

<u>Year following the year in which the investment was made:</u>	<u>Percentage of credit required to be repaid:</u>
<u>First</u>	<u>100%</u>
<u>Second</u>	<u>80%</u>
<u>Third</u>	<u>60%</u>

<u>Fourth</u>	<u>40%</u>
<u>Fifth</u>	<u>20%</u>
<u>Sixth and later</u>	<u>0</u>

(c) The commissioner must notify the commissioner of revenue of every credit revoked and subject to full or partial repayment under this section.

(d) For the repayment of credits allowed under this section and section 290.0692, a qualified small business, qualified investor, or investor in a qualified fund must file an amended return with the commissioner of revenue and pay any amounts required to be repaid within 30 days after becoming subject to repayment under this section.

Subd. 8. Data privacy. (a) Data contained in an application submitted to the commissioner under subdivision 2, 3, or 4 of this section is nonpublic data, as defined in section 13.02, subdivision 9, except that the following data items are public:

(1) the name of a qualified small business upon approval of the application and certification by the commissioner under subdivision 2;

(a) No later than December 31, 2012, the commissioner of revenue, after consultation with the commissioners of management and budget and employment and economic development, shall contract with a qualified outside entity or individual to evaluate the effects of the small business investment tax credit on the Minnesota economy. The contractor must not be associated with, employed by, or have contracts with the entities involved in or associated with the venture capital, angel investment, life science, or high technology industries. The program evaluation must be completed by January 2014, and provided to the chairs and ranking minority members of the legislative commissions having jurisdiction over taxes and economic development in the senate and the house of representatives, in compliance with sections 3.195 and 3.197. The program evaluation must include, in addition to any other matters the commissioner considers relevant to evaluating the effectiveness of the credit, analysis of:

(10) provide that payments and assessments are not accelerated due to a default and that a tax delinquency exists only for assessments not paid when due; and

(11) that liability for special assessments related to the financing runs with the qualifying real property.

Subd. 3. **Retail and end use prohibited.** Energy generated by an energy improvement may not be sold, transmitted, or distributed at retail and may not be provided for end use from an off-site facility of the electrical energy. On-site generation is allowed to the extent provided for in section 216B.1611.

This section does not modify the exclusive service territories or exclusive right to serve as provided in sections 216B.37 to 216B.43.

Subd. 4. **Financing terms.** Financing provided under this section must have:

(1) a term not to exceed the weighted average of the useful life of the energy improvements installed, as determined by the local government, but in no event may a term exceed 20 years;

(2) a principal amount not to exceed the lesser of ten percent of the assessed value of the real property on which the improvements are to be installed or the actual cost of installing the energy improvements, including the costs of necessary equipment, materials, and labor, the costs of each related energy audit or renewable energy system feasibility study, and the cost of verification of installation; and

(3) an interest rate sufficient to pay the financing costs of the program, including the issuance of bonds and any financing delinquencies.

Subd. 5. **Coordination with other programs.** A financing program must include cooperation and coordination with the conservation improvement activities of the utility serving the qualifying real property and other public and private energy improvement programs.

Subd. 6. **Certificate of participation.** Upon completion of a project, a local government shall provide a borrower with a certificate stating participation in the program and what energy improvements have been made with financing program proceeds.

Subd. 7. **Repayment.** A local government financing an energy improvement under this section must:

(1) secure payment with a lien against the benefited qualifying real property; and

(2) collect repayments as a special assessment as provided for in section 429.101 or by charter.

Subd. 8. **Bond issuance; repayment.** (a) A local government may issue revenue bonds as provided in chapter 475 for the purposes of this section.

(b) The bonds must be payable as to both principal and interest solely from the revenues from the assessments established in subdivision 6.

(c) No holder of bonds issued under this subdivision may compel any exercise of the taxing power of the local government that issued the bonds to pay principal or interest on the bonds. Bonds issued under this subdivision are not a debt or obligation of the local government that issued them, nor is the payment of the bonds enforceable out of any money other than the revenue pledged to the payment of the bonds.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 5. Minnesota Statutes 2009 Supplement, section 272.02, subdivision 86, is amended to read:

Subd. 86. **Apprenticeship training facilities.** All or a portion of a building used exclusively for a state-approved apprenticeship program through the Department of Labor and Industry is exempt if:

(1) it is owned by a nonprofit organization or a nonprofit trust, and operated by a nonprofit organization or a nonprofit trust;

(2) the program participants receive no compensation; and

(3) it is located:

(i) in the Minneapolis and St. Paul standard metropolitan statistical area as determined by the 2000 federal census ~~or~~;

(ii) in a city outside the Minneapolis and St. Paul standard metropolitan statistical area that has a population of 7,500 or greater according to the most recent federal census; or

(iii) in a township that has a population greater than 2,000 but less than 3,000 determined by the 2000 federal census and the building was previously used by a school and was exempt for taxes payable in 2010.

Use of the property for advanced skills training of incumbent workers does not disqualify the property for the exemption under this subdivision. This exemption includes up to five acres of the land on which the building is located and associated parking areas on that land, except that if the building meets the requirements of clause (3), item (iii), then the exemption includes up to ten acres of land on which the building is located and associated parking areas on that land. If a parking area associated with the facility is used for the purposes of the facility and for other purposes, a portion of the parking area shall be exempt in proportion to the square footage of the facility used for purposes of apprenticeship training.

EFFECTIVE DATE. This section is effective for property taxes payable in 2011 and thereafter.

Sec. 6. **[290.0681] CREDIT FOR HISTORIC STRUCTURE REHABILITATION.**

Subdivision 1. **Definitions.** (a) For purposes of this section, the following terms have the meanings given.

(b) "Account" means the historic credit administration account in the special revenue fund.

(c) "Office" means the State Historic Preservation Office of the Minnesota Historical Society.

(d) "Project" means rehabilitation of a certified historic structure, as defined in section 47(c)(3)(A) of the Internal Revenue Code, that is located in Minnesota and is allowed a federal credit under section 47(a)(2) of the Internal Revenue Code.

(e) "Society" means the Minnesota Historical Society.

Subd. 2. **Credit or grant allowed; certified historic structure.** (a) A credit is allowed against the tax imposed under this chapter equal to not more than 100 percent of the credit allowed under section 47(a)(2) of the Internal Revenue Code for a project. To qualify for the credit:

(1) the project must receive Part 3 certification and be placed in service during the taxable year; and

(2) the taxpayer must be allowed the federal credit and be issued a credit certificate for the taxable year as provided in subdivision 4.

(b) The society may pay a grant in lieu of the credit. The grant equals 90 percent of the credit that would be allowed for the project.

(c) In lieu of the credit under paragraph (a), an insurance company may claim a credit against the insurance premiums tax imposed under chapter 297I.

Subd. 3. Maximum limit; applications; allocations. (a) The total amount of credits and grants that may be allocated is limited to \$5,000,000 in each fiscal year plus any amounts available for reallocation under paragraphs (c) and (f), in fiscal years 2011 through 2016 only.

(b) To qualify for a credit or grant under this section, the developer of a project must apply to the office before the rehabilitation begins. The application must contain the information and be in the form prescribed by the office. The office may collect a fee for application of up to \$5,000, based on estimated qualified rehabilitation expenses, to offset costs associated with personnel and administrative expenses related to administering the credit and preparing the economic impact report in subdivision 9. If a project does not receive an allocation certificate, the office must refund all but \$250 of the application fee. Application fees are deposited in the account. The application must indicate if the application is for a credit or a grant in lieu of the credit or a combination of the two and designate the taxpayer qualifying for the credit or the recipient of the grant.

(c) The office must implement two credit application periods each year. The office must allocate tax credits and grants using an objective scoring system that evaluates the benefit to the state of each project for which an application is received. The office may allocate up to one-half of the amount for the fiscal year in the first application period. Amounts not allocated within a fiscal year do not cancel but are available for allocation in following fiscal years, except that amounts not allocated in fiscal year 2016 cancel to the general fund and are not available for reallocation.

(d) The office must evaluate applications using the following criteria and priorities:

(1) the amount of additional project investment leveraged as a result of receiving the state credit, calculated as the ratio of total project cost to the state tax credit;

(2) if the project has secured the financing necessary to begin development;

(3) the amount of time expected to pass between allocation of the credit and completion of the project, with priority given to projects that are expected to be placed in service within two years of the start of rehabilitation;

(4) the number of construction jobs expected to be created by the project;

(5) the number of jobs expected to be created when the project is completed and placed in service;

(6) if the project will result in one or more vacant properties being placed in service; and

(7) if the project has the support of the local government in which the project is located.

(e) Upon approving an application for credit, the office shall issue allocation certificates that:

(1) verify eligibility for the credit or grant;

(2) state the amount of credit or grant allocated to the rehabilitation, with the credit amount equal to 100 percent and the grant amount equal to 90 percent of the federal credit anticipated in the application;

(3) state that the credit or grant allocated may be reduced if the federal credit the project receives at the time it is placed in service is less than the amount anticipated at the time of allocation, but that neither the credit nor the grant is increased if the federal credit that the project receives at the time it is placed in service is more than the amount anticipated at the time of allocation; and

(4) state the fiscal year in which the credit or grant is allocated, and that the taxpayer or grant recipient is entitled to receive the credit or grant at the time the project is placed in service, provided that date is within three calendar years following the issuance of the allocation certificate.

(f) If a project is not placed in service and issued a credit certificate under subdivision 4 within three calendar years following the issuance of the allocation certificate, the credit allocation is canceled and available for reallocation, except that allocations canceled after fiscal year 2015 are not available for reallocation.

(g) The office, in consultation with the commissioner of revenue, shall determine if the project is eligible for a credit or a grant under this section. Eligibility for the credit is subject to review and audit by the commissioner of revenue.

(h) The federal credit recapture and repayment requirements under section 50 of the Internal Revenue Code do not apply to the credit allowed under this section.

Subd. 4. **Credit certificates.** (a)(1) The developer of a project for which the office has issued an allocation certificate must notify the office when the project is placed in service. Upon verifying that the project has been placed in service, and was allowed a federal credit, the office must issue a credit certificate to the taxpayer designated in the application or must issue a grant to the recipient designated in the application. The credit certificate must state the amount of the credit.

(2) The credit amount may not exceed the lesser of:

(i) the federal credit; or

(ii) the amount on the allocation certificate.

(3) The grant amount may not exceed the lesser of:

(i) 90 percent of the federal credit; or

(ii) the amount on the allocation certificate.

(b) The recipient of a credit certificate may assign the certificate to another taxpayer, which is then allowed the credit under this section or section 297I.20, subdivision 3. The commissioner shall prescribe the forms necessary for claiming a credit by assignment.

Subd. 5. **Partnerships; multiple owners.** Credits granted to a partnership, a limited liability company taxed as a partnership, S corporation, or multiple owners of property are passed through to the partners, members, shareholders, or owners, respectively, pro rata to each partner, member, shareholder, or owner based on their share of the entity's assets or as specially allocated in their organizational documents, as of the last day of the taxable year.

Subd. 6. **Credit refundable.** If the amount of credit that the taxpayer is eligible to receive under this section exceeds the liability for tax under this chapter, the commissioner shall refund the excess to the taxpayer.

Subd. 7. **Appropriations.** (a) An amount sufficient to pay the refunds authorized under this section is appropriated to the commissioner from the general fund.

(b) An amount sufficient to pay the grants authorized under this section is appropriated to the society from the general fund.

(c) Amounts in the account are appropriated to the society for costs associated with personnel and administrative expenses related to administering the credit for historic structure rehabilitation in this section, and for costs associated with preparing the determination of economic impact report required in subdivision 9.

Subd. 8. **Manner of claiming.** (a) The commissioner shall prescribe the manner in which the credit may be issued or claimed. This may include allowing the credit only as a separately processed claim for refund.

(b) The office shall prescribe the manner in which grants are paid.

Subd. 9. **Report; determination of economic impact.** The society must annually determine the economic impact to the state from the rehabilitation of property for which credits or grants are provided under this section and provide a written report on the impact to the chairs and ranking minority members of the legislative committees on taxes of the senate and house of representatives, in compliance with Minnesota Statutes, sections 3.195 and 3.197.

Subd. 10. **Sunset.** This section expires after fiscal year 2016, except that the office's authority to issue credit certificates under subdivision 4 based on allocation certificates that were issued before fiscal year 2017 remains in effect through 2019, and the reporting requirements in subdivision 9 remain in effect through the year following the year in which all allocation certificates have either been canceled or resulted in issuance of credit certificates, or 2020, whichever is earlier.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2009, for certified historic structures for which qualified costs of rehabilitation are first paid under construction contracts entered into after May 1, 2010.

Sec. 7. **[290.0692] SMALL BUSINESS INVESTMENT CREDIT.**

Subdivision 1. **Definitions.** For purposes of this section, terms defined in section 116J.8737 have the meaning given in that section.

Subd. 2. **Credit allowed.** A qualified investor is allowed a credit against the tax imposed under this chapter for qualified investments made in a qualified small business for the taxable year. The credit equals the amount and applies to the taxable year indicated on the certificate provided to the qualified investor under section 116J.8737, but the maximum credit in any taxable year is \$250,000 for a married couple filing a joint return, and \$125,000 for all other claimants.

Subd. 3. **Proportional credits.** Each pass-through entity must provide each investor a statement indicating the investor's share of the credit amount certified to the pass-through entity based on its share of the pass-through entity's capital assets at the time of the qualified investment.

Subd. 4. **Credit refundable.** If the amount of the credit under this section for any taxable year exceeds the claimant's liability for tax under this chapter, the commissioner shall refund the excess to the claimant. An amount sufficient to pay the refunds required by this section is appropriated to the commissioner from the general fund.

Subd. 5. **Audit powers.** Notwithstanding the certification eligibility issued by the commissioner of employment and economic development under section 116J.8737, the commissioner may utilize any audit and examination powers under chapters 270C or 289A to the extent necessary to verify that the taxpayer is eligible for the credit and to assess for the amount of any improperly claimed credit.

EFFECTIVE DATE. This section is effective for investments made after July 1, 2010, for taxable years beginning after December 31, 2009, and before January 1, 2016, and only applies to investments made after the qualified investor or fund making the investment and the qualified small business receiving the investment have been certified by the commissioner of employment and economic development.

Sec. 8. Minnesota Statutes 2008, section 297I.20, is amended by adding a subdivision to read:

Subd. 3. **Historic structure rehabilitation credit.** An insurance company may claim a credit against the premiums tax imposed under this chapter equal to the amount of the credit certificate issued to it, or to a person who has assigned the credit to the insurance company, under section 290.0681. If the amount of the credit exceeds the liability for tax under this chapter, the commissioner shall refund the excess to the insurance company. An amount sufficient to pay the refunds under this section is appropriated to the commissioner from the general fund. This credit does not affect the calculation of police and fire aid under section 69.021.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2009, for certified historic structures for which qualified costs of rehabilitation are first paid under construction contracts entered into after May 1, 2010.
