The actuarial accrued liability of the MERF division must be calculated using the healthy retired life mortality assumption applicable to the general employees retirement plan.

(1) has been proposed by the governing board of the applicable retirement plan;

(2) is accompanied by the concurring recommendation of the actuary retained under section 356.214, subdivision 1, if applicable, or by the approved actuary preparing the most recent actuarial valuation report if section 356.214 does not apply; and

JOURNAL OF THE HOUSE

Sec. 20. Minnesota Statutes 2009 Supplement, section 356.215, subdivision 11, is amended to read:

Subd. 11. **Amortization contributions.** (a) In addition to the exhibit indicating the level normal cost, the actuarial valuation of the retirement plan must contain an exhibit for financial reporting purposes indicating the additional annual contribution sufficient to amortize the unfunded actuarial accrued liability and must contain an exhibit for contribution determination purposes indicating the additional contribution sufficient to amortize the unfunded actuarial accrued liability. For the retirement plans listed in subdivision 8, paragraph (c), <u>but excluding the MERF division of the Public Employees Retirement Association</u>, the additional contribution must be calculated on a level percentage of covered payroll basis by the established date for full funding in effect when the valuation is prepared, assuming annual payroll growth at the applicable percentage rate set forth in subdivision 8, paragraph (c). For all other retirement plans and for the MERF division of the Public Employees Retirement Association, the additional annual contribution must be calculated on a level annual dollar amount basis.

(b) For any retirement plan other than the Minneapolis Employees Retirement Fund, the general employees <u>a</u> retirement plan of the Public Employees Retirement Association, and the St. Paul Teachers Retirement Fund <u>Association governed by paragraph (d), (e), (f), (g), (h), (i), or (j)</u>, if there has not been a change in the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, which change or changes by itself or by themselves without inclusion of any other items of increase or decrease produce a net increase in the unfunded actuarial accrued liability of the fund, the established date for full funding is the first actuarial valuation date occurring after June 1, 2020.

(c) For any retirement plan other than the Minneapolis Employees Retirement Fund and the general employees retirement plan of the Public Employees Retirement Association, if there has been a change in any or all of the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of the three, and the change or changes, by itself or by themselves and without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability in the fund, the established date for full funding must be determined using the following procedure:

(i) the unfunded actuarial accrued liability of the fund must be determined in accordance with the plan provisions governing annuities and retirement benefits and the actuarial assumptions in effect before an applicable change;

(ii) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the unfunded actuarial accrued liability amount determined under item (i) by the established date for full funding in effect before the change must be calculated using the interest assumption specified in subdivision 8 in effect before the change;

(iii) the unfunded actuarial accrued liability of the fund must be determined in accordance with any new plan provisions governing annuities and benefits payable from the fund and any new actuarial assumptions and the remaining plan provisions governing annuities and benefits payable from the fund and actuarial assumptions in effect before the change;

(iv) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the difference between the unfunded actuarial accrued liability amount calculated under item (i) and the unfunded actuarial accrued liability amount calculated under item (iii) over a period of 30 years from the end of the plan year in which the applicable change is effective must be calculated using the applicable interest assumption specified in subdivision 8 in effect after any applicable change;

(v) the level annual dollar or level percentage amortization contribution under item (iv) must be added to the level annual dollar amortization contribution or level percentage calculated under item (ii);

(vi) the period in which the unfunded actuarial accrued liability amount determined in item (iii) is amortized by the total level annual dollar or level percentage amortization contribution computed under item (v) must be calculated using the interest assumption specified in subdivision 8 in effect after any applicable change, rounded to the nearest integral number of years, but not to exceed 30 years from the end of the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and not to be less than the period of years beginning in the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and ending by the date for full funding in effect before the change; and

(vii) the period determined under item (vi) must be added to the date as of which the actuarial valuation was prepared and the date obtained is the new established date for full funding.

(30) (31) employment as a direct seller as defined in United States Code, title 26, section 3508;

(31) (32) employment of an individual under the age of 18 in the delivery or distribution of newspapers or shopping news, not including delivery or distribution to any point for subsequent delivery or distribution;

(32) (33) casual employment performed for an individual, other than domestic employment under clause (17), that does not promote or advance that employer's trade or business;

(33)(34) employment in "agricultural employment" unless considered "covered agricultural employment" under subdivision 11; or

(34) (35) if employment during one-half or more of any pay period was covered employment, all the employment for the pay period is considered covered employment; but if during more than one-half of any pay period the employment was noncovered employment, then all of the employment for the pay period is considered noncovered employment. "Pay period" means a period of not more than a calendar month for which a payment or compensation is ordinarily made to the employee by the employer.

Sec. 3. Minnesota Statutes 2008, section 268.035, is amended by adding a subdivision to read:

<u>Subd. 21d.</u> <u>Staffing service.</u> <u>A "staffing service" is an employer whose business involves employing individuals directly for the purpose of furnishing temporary assignment workers to clients of the staffing service.</u>

Sec. 4. Minnesota Statutes 2009 Supplement, section 268.035, subdivision 23a, is amended to read:

Subd. 23a. **Suitable employment.** (a) Suitable employment means employment in the applicant's labor market area that is reasonably related to the applicant's qualifications. In determining whether any employment is suitable for an applicant, the degree of risk involved to the health and safety, physical fitness, prior training, experience, length of unemployment, prospects for securing employment in the applicant's customary occupation, and the distance of the employment from the applicant's residence is considered.

(b) In determining what is suitable employment, primary consideration is given to the temporary or permanent nature of the applicant's separation from employment and whether the applicant has favorable prospects of finding employment in the applicant's usual or customary occupation at the applicant's past wage level within a reasonable period of time.

If prospects are unfavorable, employment at lower skill or wage levels is suitable if the applicant is reasonably suited for the employment considering the applicant's education, training, work experience, and current physical and mental ability.

The total compensation must be considered, including the wage rate, hours of employment, method of payment, overtime practices, bonuses, incentive payments, and fringe benefits.

(c) When potential employment is at a rate of pay lower than the applicant's former rate, consideration must be given to the length of the applicant's unemployment and the proportion of difference in the rates. Employment that may not be suitable because of lower wages during the early weeks of the applicant's unemployment may become suitable as the duration of unemployment lengthens.

(d) For an applicant seasonally unemployed, suitable employment includes temporary work in a lower skilled occupation that pays average gross weekly wages equal to or more than 150 percent of the applicant's weekly unemployment benefit amount.

(e) If a majority of the applicant's weeks of employment in the base period includes part-time employment, parttime employment in a position with comparable skills and comparable hours that pays comparable wages is considered suitable employment.

Full-time employment is not considered suitable employment for an applicant if a majority of the applicant's weeks of employment in the base period includes part-time employment.

(f) To determine suitability of employment in terms of shifts, the arrangement of hours in addition to the total number of hours is to be considered. Employment on a second, third, rotating, or split shift is suitable employment if it is customary in the occupation in the labor market area.

(g) Employment is not considered suitable if:

(1) the position offered is vacant because of a labor dispute;

(2) the wages, hours, or other conditions of employment are substantially less favorable than those prevailing for similar employment in the labor market area; or

(3) as a condition of becoming employed, the applicant would be required to join a company union or to resign from or refrain from joining any bona fide labor organization; or

(4) the employment is with a staffing service and less than 45 percent of the applicant's wage credits are from a job assignment with the client of a staffing service.

(h) A job assignment with a staffing service is considered suitable only if 45 percent or more of the applicant's wage credits are from job assignments with clients of a staffing service and the job assignment meets the definition of suitable employment under paragraph (a).

Sec. 5. Minnesota Statutes 2008, section 268.046, subdivision 1, is amended to read:

Subdivision 1. **Tax accounts assigned.** (a) Any person that contracts with a taxpaying employer to have that person obtain the taxpaying employer's workforce and provide workers to the taxpaying employer for a fee is, as of the effective date of the contract, assigned for the duration of the contract the taxpaying employer's account under section 268.045. That tax account must be maintained by the person separate and distinct from every other tax account held by the person and identified in a manner prescribed by the commissioner. The tax account is, for the duration of the contract, considered that person's account for all purposes of this chapter. The workers obtained from the taxpaying employer and any other workers provided by that person to the taxpaying employer, including officers of the taxpaying employer as defined in section 268.035, subdivision 20, clause (28), whose wages paid by the person are considered paid in covered employment under section 268.035, subdivision 24, for the duration of the contract between the taxpaying employer and the person, must, under section 268.044, be reported on the wage detail report under that tax account, and that person must pay any taxes due at the tax rate computed for that account under section 268.051, subdivision 2.

(b) Any workers of the taxpaying employer who are not covered by the contract under paragraph (a) must be reported by the taxpaying employer as a separate unit on the wage detail report under the tax account assigned under paragraph (a). Taxes and any other amounts due on the wages reported by the taxpaying employer under this paragraph may be paid directly by the taxpaying employer.

(c) If the taxpaying employer that contracts with a person under paragraph (a) does not have a tax account at the time of the execution of the contract, an account must be registered for the taxpaying employer under section 268.042 and the new employer tax rate under section 268.051, subdivision 5, must be assigned. The tax account is then assigned to the person as provided for in paragraph (a).

(d) A person that contracts with a taxpaying employer under paragraph (a) must, within 30 calendar days of the execution or termination of a contract, notify the commissioner by electronic transmission, in a format prescribed by the commissioner, of that execution or termination. The taxpaying employer's name, the account number assigned, and any other information required by the commissioner must be provided by that person.

(e) Any contract subject to paragraph (a) must specifically inform the taxpaying employer of the assignment of the tax account under this section and the taxpaying employer's obligation under paragraph (b). If there is a termination of the contract, the tax account is, as of the date of termination, immediately assigned to the taxpaying employer.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 6. Minnesota Statutes 2008, section 268.051, subdivision 2, is amended to read:

Subd. 2. Computation of tax rates; additional assessments. (a) For each calendar year the commissioner shall <u>must</u> compute the tax rate of each taxpaying employer that qualifies for an experience rating by adding the base tax rate to the employer's experience rating along with assigning any appropriate additional assessment under paragraph (d) (c).

102ND DAY]

TUESDAY, MAY 11, 2010

(b) The base tax rate for the calendar year and any additional assessments under this subdivision are determined based upon the amount in the trust fund on March 31 of the prior year as a percentage of total wages paid in covered employment. The base tax rate is:

(1) one-tenth of one percent if the trust fund is equal to or more than 0.75 percent;

(2) two-tenths of one percent if the trust fund is less than 0.75 percent but equal to or more than 0.65 percent;

(3) three-tenths of one percent if the trust fund is less than 0.65 percent but equal to or more than 0.55 percent; or

(4) four-tenths of one percent if the trust fund is less than 0.55 percent, but has a positive balance; or

(5) five-tenths of one percent if the trust fund has a negative balance and is borrowing from the federal unemployment trust fund in order to pay unemployment benefits as provided for under section 268.194, subdivision 6.

(c) There is a "falling trust fund adjustment" to the base tax rate for the calendar year if the amount in the trust fund on March 31 of the prior year is less than 0.75 percent of total wages paid in covered employment and:

(1) the amount in the trust fund on March 31 of the prior year is ten percent or more below the amount in the trust fund on March 31 of the year before that; or

(2) the amount in the trust fund on March 31 of the prior year is greater than the amount in the trust fund on June 30 of that same year.

If a "falling trust fund adjustment" is applicable, then the base tax rate is one tenth of one percent greater than otherwise provided for under paragraph (b).

(d) In addition to the base tax rate, there is an additional assessment for the calendar year on the quarterly unemployment taxes due from every taxpaying employer if the amount in the trust fund on March 31 of the prior year is less than 0.55 percent of total wages paid in covered employment. The assessment is as follows:

(1) a five percent assessment if the trust fund is less than 0.55 percent but equal to or more than 0.45 percent;

(2) a ten percent assessment if the trust fund is less than 0.45 percent but equal to or more than 0.35 percent; or

(3) a 14 percent assessment if the trust fund is less than 0.35 percent.

(e) (d) For the purposes of this subdivision, the trust fund does not include any money borrowed from the federal unemployment trust fund provided for in section 268.194, subdivision 6.

(f) (e) For the purposes of this subdivision, total wages paid in covered employment are those wages paid to all employees in covered employment during the calendar year before the March 31 date used in paragraph (b).

 (\underline{g}) (f) The base tax rate and any additional assessments are assessed on all taxpaying employers to cover a portion of the costs to the trust fund for unemployment benefits paid that do not affect any single employer's future experience rating because:

(1) the employer's experience rating is limited by the maximum under subdivision 3, paragraph (b);

(2) the employer has ceased doing business; or

12190

(3) the unemployment benefits paid have been determined not to be used in computing the employer's experience rating under section 268.047, subdivision 2 or 3.

Sec. 7. Minnesota Statutes 2008, section 268.051, subdivision 5, is amended to read:

Subd. 5. Tax rate for new employers. (a) Each new taxpaying employer that does not qualify for an experience rating under subdivision 3, except new employers in a high experience rating industry, must be assigned, for a calendar year, a tax rate the higher of (1) one percent, or (2) the tax rate computed, to the nearest one-hundredth 1/100 of a percent, by dividing the total amount of unemployment benefits paid all applicants during the 48 calendar months ending on June 30 of the prior calendar year by the total taxable wages of all taxpaying employers during the same period, plus the applicable base tax rate and any additional assessments under subdivision 2, paragraph (d).

(b) Each new taxpaying employer in a high experience rating industry that does not qualify for an experience rating under subdivision 3, must be assigned, for a calendar year, a tax rate <u>the higher of 8.00 percent</u>, (1) that assigned under paragraph (a), or (2) the tax rate, computed to the nearest 1/100 of a percent, by dividing the total amount of unemployment benefits paid to all applicants from high experience rating industry employers during the 48 calendar months ending on June 30 of the prior calendar year by the total taxable wages of all high experience rating industry employers during the same period, to a maximum provided for under subdivision 3, paragraph (b), plus the applicable base tax rate and any additional assessments under subdivision 2, paragraph (d).

(c) An employer is considered to be in a high experience rating industry if:

(1) the employer is engaged in residential, commercial, or industrial construction, including general contractors;

(2) the employer is engaged in sand, gravel, or limestone mining;

(3) the employer is engaged in the manufacturing of concrete, concrete products, or asphalt; or

(4) the employer is engaged in road building, repair, or resurfacing, including bridge and tunnels and residential and commercial driveways and parking lots.

(c) (d) The commissioner shall <u>must</u> send to the new employer, by mail or electronic transmission, notice of the tax rate assigned. An employer may appeal the assignment of a tax rate in accordance with the procedures in subdivision 6, paragraph (c).

Sec. 8. Minnesota Statutes 2008, section 268.051, subdivision 7, is amended to read:

Subd. 7. **Tax rate buydown.** (a) Any taxpaying employer that has been assigned a tax rate based upon an experience rating, and has no amounts past due under this chapter, may, upon the payment of an amount equivalent to any portion or all of the unemployment benefits used in computing the experience rating plus a surcharge of 25 percent, obtain a cancellation of unemployment benefits used equal to the payment made, less the surcharge. The payment is applied to the most recent unemployment benefits paid that are used in computing the experience rating. Upon the payment, the commissioner shall must compute a new experience rating for the employer, and compute a new tax rate.

(b) Payments for a tax rate buydown may be made only by electronic payment and must be received within 120 calendar days from the beginning of the calendar year for which the tax rate is effective.

(c) For calendar years 2011, 2012, and 2013, the surcharge of 25 percent provided for in paragraph (a) does not apply.

Sec. 9. Minnesota Statutes 2009 Supplement, section 268.052, subdivision 2, is amended to read:

Subd. 2. Election by state or political subdivision to be taxpaying employer. (a) The state or political subdivision may elect to be a taxpaying employer for any calendar year if a notice of election is filed within 30 calendar days following January 1 of that calendar year. The election is effective at the beginning of the next calendar quarter. Upon election, the state or political subdivision must be assigned the new employer tax rate under section 268.051, subdivision 5, for the calendar year of the election and unless or until it qualifies for an experience rating under section 268.051, subdivision 3.

(b) An election is for a minimum period of two_24 calendar years months following the effective date of the election and continue unless a notice terminating the election is filed not later than 30 calendar days before the beginning of the calendar year. The termination is effective at the beginning of the next calendar year quarter.

(c) (b) The method of payments to the trust fund under subdivisions 3 and 4 applies to all taxes paid by or due from the state or political subdivision that elects to be taxpaying employers under this subdivision.

(d) (c) A notice of election or a notice terminating election must be filed by electronic transmission in a format prescribed by the commissioner.

EFFECTIVE DATE. This section is effective November 30, 2010.

Sec. 10. Minnesota Statutes 2009 Supplement, section 268.053, subdivision 1, is amended to read:

Subdivision 1. **Election.** (a) Any nonprofit organization that has employees in covered employment must pay taxes on a quarterly basis in accordance with section 268.051 unless it elects to make reimbursements to the trust fund the amount of unemployment benefits charged to its reimbursable account under section 268.047.

The organization may elect to make reimbursements for a period of not less than two_24 calendar years months beginning with the date that the organization was determined to be an employer with covered employment by filing a notice of election not later than 30 calendar days after the date of the determination.

(b) Any nonprofit organization that makes an election will continue to be liable for reimbursements until it files a notice terminating its election not later than 30 calendar days before the beginning of the calendar year <u>quarter</u> the termination is to be effective.

(c) A nonprofit organization that has been making reimbursements that files a notice of termination of election must be assigned the new employer tax rate under section 268.051, subdivision 5, for the calendar year of the termination of election and unless or until it qualifies for an experience rating under section 268.051, subdivision 3.

(d) (c) Any nonprofit organization that has been paying taxes may elect to make reimbursements by filing no less than 30 calendar days before January 1 of any calendar year a notice of election. The election is effective at the beginning of the next calendar quarter. The election is not terminable by the organization for that and the next 24 calendar year months.

(e) (d) The commissioner may for good cause extend the period that a notice of election, or a notice of termination, must be filed and may permit an election to be retroactive.

(f) (e) A notice of election or notice terminating election must be filed by electronic transmission in a format prescribed by the commissioner.

EFFECTIVE DATE. This section is effective November 30, 2010.

12192

Sec. 11. Minnesota Statutes 2008, section 268.07, as amended by Laws 2009, chapter 15, sections 5 and 6, and chapter 78, article 3, section 6, and article 4, sections 19 to 21, is amended to read:

268.07 BENEFIT ACCOUNT.

Subdivision 1. **Application for unemployment benefits; determination of benefit account.** (a) An application for unemployment benefits may be filed in person, by mail, or by electronic transmission as the commissioner may require. The applicant must be unemployed at the time the application is filed and must provide all requested information in the manner required. If the applicant is not unemployed at the time of the application or fails to provide all requested information, the communication is not considered an application for unemployment benefits.

(b) The commissioner must examine each application for unemployment benefits to determine the base period and the benefit year, and based upon all the covered employment in the base period the commissioner shall must determine the weekly unemployment benefit amount available, if any, and the maximum amount of unemployment benefits available, if any. The determination, which is a document separate and distinct from a document titled a determination of eligibility or determination of ineligibility issued under section 268.101, must be titled determination of benefit account. A determination of benefit account must be sent to the applicant and all base period employers, by mail or electronic transmission.

(c) If a base period employer did not provide wage detail information for the applicant as required under section 268.044, or provided erroneous information, or wage detail is not yet due and the applicant is using an alternate base period under section 268.035, subdivision 4, paragraph (d), the commissioner may accept an applicant certification of wage credits, based upon the applicant's records, and issue a determination of benefit account.

(d) An employer must provide wage detail information on an applicant within five calendar days of request by the commissioner, in a manner and format requested, when:

(1) the applicant is using an alternate base period under section 268.035, subdivision 4, paragraph (d); and

(2) wage detail under section 268.044 is not yet required to have been filed by the employer.

(e) The commissioner may, at any time within 24 months from the establishment of a benefit account, reconsider any determination of benefit account and make an amended determination if the commissioner finds that the <u>wage</u> credits listed in the determination <u>was were</u> incorrect for any reason. An amended determination of benefit account must be promptly sent to the applicant and all base period employers, by mail or electronic transmission. This subdivision does not apply to documents titled determinations of eligibility or determinations of ineligibility issued under section 268.101.

(f) If an amended determination of benefit account reduces the weekly unemployment benefit amount or maximum amount of unemployment benefits available, any unemployment benefits that have been paid greater than the applicant was entitled is considered an overpayment of unemployment benefits. A determination or amended determination issued under this section that results in an overpayment of unemployment benefits must set out the amount of the overpayment and the requirement under section 268.18, subdivision 1, that the overpaid unemployment benefits must be repaid.

Subd. 2. Benefit account requirements and weekly unemployment benefit amount and maximum amount of unemployment benefits. (a) <u>Unless paragraph (b) applies</u>, to establish a benefit account:

(1) using the primary base period under section 268.035, subdivision 4, paragraph (a), an applicant must have:

(1) (i) wage credits in the high quarter of \$1,000 or more; and

(2) (ii) wage credits, in other than the high quarter, of \$250 or more-

To establish a benefit account; or

(2) using the secondary base period under section 268.035, subdivision 4, paragraph (b), an applicant must have wage credits in the high quarter of \$1,000 or more.

(b) To establish a new benefit account within 52 calendar weeks following the expiration of the benefit year on a prior benefit account, an applicant must meet the requirements of paragraph (a) and must have performed services in covered employment in a calendar quarter that started after the effective date of the prior benefit account. The wage credits for those services must be at least eight times the weekly benefit amount on the prior benefit account. One of the reasons for this paragraph is to prevent an applicant from establishing a second benefit account as a result of one loss of employment.

Subd. 2a. Weekly unemployment benefit amount and maximum amount of unemployment benefits available. (b) (a) If an applicant has established a benefit account under subdivision 2, the weekly unemployment benefit amount available during the <u>applicant's</u> benefit year is the higher of:

(1) 50 percent of the applicant's average weekly wage during the base period, to a maximum of 66-2/3 percent of the state's average weekly wage; or

(2) 50 percent of the applicant's average weekly wage during the high quarter, to a maximum of 43 percent of the state's average weekly wage.

The applicant's average weekly wage under clause (1) is computed by dividing the total wage credits by 52. The applicant's average weekly wage under clause (2) is computed by dividing the high quarter wage credits by 13.

(c) (b) The state's maximum weekly benefit amount, computed in accordance with section 268.035, subdivision 23, applies to a benefit account established effective on or after the last Sunday in October. Once established, an applicant's weekly unemployment benefit amount is not affected by the last Sunday in October change in the state's maximum weekly unemployment benefit amount.

(d) (c) The maximum amount of unemployment benefits available on any benefit account is the lower of:

(1) 33-1/3 percent of the applicant's total wage credits; or

(2) 26 times the applicant's weekly unemployment benefit amount.

Subd. 3. Second benefit account requirements. To establish a second benefit account following the expiration of a benefit year on a prior benefit account, an applicant must meet the requirements of subdivision 2 and must have performed services in covered employment after the effective date of the prior benefit account. The wages paid for those services must be at least eight times the weekly unemployment benefit amount of the prior benefit account. Part of the reason for this subdivision is to prevent an applicant from establishing more than one benefit account as a result of one loss of employment.

Subd. 3a. **Right of appeal.** (a) A determination or amended determination of benefit account is final unless an applicant or base period employer within 20 calendar days after the sending of the determination or amended determination files an appeal. Every determination or amended determination of benefit account must contain a prominent statement indicating in clear language the consequences of not appealing. Proceedings on the appeal are conducted in accordance with section 268.105.

12194

JOURNAL OF THE HOUSE

(b) Any applicant or base period employer may appeal from a determination or amended determination of benefit account on the issue of whether services performed constitute employment and, whether the employment is considered covered employment, and whether money paid constitutes wages. Proceedings on the appeal are conducted in accordance with section 268.105.

Subd. 3b. **Limitations on applications and benefit accounts.** (a) An application for unemployment benefits is effective the Sunday of the calendar week that the application was filed. An application for unemployment benefits may be backdated one calendar week before the Sunday of the week the application was actually filed if the applicant requests the backdating at the time the application is filed. An application may be backdated only if the applicant had no employment during the period of the backdating. If an individual attempted to file an application is effective the Sunday of the calendar week the individual first attempted to file an application is effective the Sunday of the calendar week the individual first attempted to file an application.

(b) A benefit account established under subdivision 2 is effective the date the application for unemployment benefits was effective.

(c) A benefit account, once established, may later be withdrawn only if:

(1) the applicant has not been paid any unemployment benefits on that benefit account; and

(2) a new application for unemployment benefits is filed and a new benefit account is established at the time of the withdrawal.

A determination or amended determination of eligibility or ineligibility issued under section 268.101, that was sent before the withdrawal of the benefit account, remains in effect and is not voided by the withdrawal of the benefit account. A determination of ineligibility requiring subsequent earnings to satisfy the period of ineligibility under section 268.095, subdivision 10, applies to the weekly unemployment benefit amount on the new benefit account.

(d) An application for unemployment benefits is not allowed before the Sunday following the expiration of the benefit year on a prior benefit account. Except as allowed under paragraph (c), an applicant may establish only one benefit account each 52 calendar weeks.

EFFECTIVE DATE. This section is effective for benefit accounts filed effective on or after the first Sunday following final enactment.

Sec. 12. Minnesota Statutes 2009 Supplement, section 268.085, subdivision 1, is amended to read:

Subdivision 1. Eligibility conditions. An applicant may be eligible to receive unemployment benefits for any week if:

(1) the applicant has filed a continued request for unemployment benefits for that week under section 268.0865;

(2) the week for which unemployment benefits are requested is in the applicant's benefit year;

(3) the applicant was unemployed as defined in section 268.035, subdivision 26;

(4) the applicant was available for suitable employment as defined in subdivision 15. The applicant's weekly unemployment benefit amount is reduced one-fifth for each day the applicant is unavailable for suitable employment. This clause does not apply to an applicant who is in reemployment assistance training, or each day the applicant is on jury duty or serving as an election judge;

TUESDAY, MAY 11, 2010

(6) the applicant has served a nonpayable waiting period of one week that the applicant is otherwise entitled to some amount of unemployment benefits. This clause does not apply if the applicant would have been entitled to federal disaster unemployment assistance because of a disaster in Minnesota, but for the applicant's establishment of a benefit account under section 268.07; and

(7) the applicant has been participating in reemployment assistance services, such as job search and resume writing classes, if the applicant has been determined in need of reemployment assistance services by the commissioner, unless the applicant has good cause for failing to participate.

Sec. 13. Minnesota Statutes 2008, section 268.085, subdivision 9, is amended to read:

Subd. 9. **Business owners.** (a) Wage credits from an employer may not be used for unemployment benefit purposes by any applicant who:

(1) individually, jointly, or in combination with the applicant's spouse, parent, or child owns or controls directly or indirectly 25 percent or more interest in the employer; or

(2) is the spouse, parent, or minor child of any individual who owns or controls directly or indirectly 25 percent or more interest in the employer.

This subdivision is effective when the applicant has been paid five times the applicant's weekly unemployment benefit amount in the current benefit year. This subdivision does not apply if the applicant had wages paid<u>in</u> covered employment of \$7,500 or more from the employer covered by this subdivision in each of the 16 calendar quarters prior to the effective date of the benefit account<u>and all taxes due on those wages have been paid</u>.

(b) An officer of a taxpaying employer referred to in section 268.046, subdivision 1, is subject to the limitations of this subdivision.

Sec. 14. Minnesota Statutes 2008, section 268.085, subdivision 16, is amended to read:

Subd. 16. Actively seeking suitable employment defined. (a) "Actively seeking suitable employment" means those reasonable, diligent efforts an individual in similar circumstances would make if genuinely interested in obtaining suitable employment under the existing conditions in the labor market area. Limiting the search to positions that are not available or are above the applicant's training, experience, and qualifications is not "actively seeking suitable employment."

(b) To be considered "actively seeking suitable employment" an applicant must, when reasonable, contact those employers from whom the applicant was laid off because of lack of work and request suitable employment.

(c) If reasonable prospects of suitable employment in the applicant's usual or customary occupation do not exist, the applicant must actively seek other suitable employment to be considered "actively seeking suitable employment." This applies to an applicant who is seasonally unemployed.

(d) Actively seeking a suitable job assignment or other employment with a staffing service is considered actively seeking suitable employment.

(e) An applicant who is seeking employment only through a union is considered actively seeking suitable employment if the applicant is in an occupation where hiring in that locality is done through the union. If the applicant is a union member who is restricted to obtaining employment among signatory contractors in the

JOURNAL OF THE HOUSE

construction industry, seeking employment only with those signatory contractors is considered actively seeking employment. The applicant must be a union member in good standing, registered with the union for employment, and in compliance with other union rules to be considered "actively seeking suitable employment."

Sec. 15. Minnesota Statutes 2009 Supplement, section 268.095, subdivision 2, is amended to read:

Subd. 2. **Quit defined.** (a) A quit from employment occurs when the decision to end the employment was, at the time the employment ended, the employee's.

(b) An employee who has been notified that the employee will be discharged in the future, who chooses to end the employment while employment in any capacity is still available, is considered to have quit the employment.

(c) An employee who seeks to withdraw a previously submitted notice of quitting is considered to have quit the employment if the employer does not agree that the notice may be withdrawn.

(d) An applicant who, within five calendar days after completion of a suitable temporary job assignment from a staffing service employer, (1) fails without good cause to affirmatively request an additional <u>suitable</u> job assignment, (2) refuses without good cause an additional suitable job assignment offered, or (3) accepts employment with the client of the staffing service, is considered to have quit employment with the staffing service. Accepting employment with the client of the staffing service meets the requirements of the exception to ineligibility under subdivision 1, clause (2).

This paragraph applies only if, at the time of beginning of employment with the staffing service employer, the applicant signed and was provided a copy of a separate document written in clear and concise language that informed the applicant of this paragraph and that unemployment benefits may be affected.

For purposes of this paragraph, "good cause" is a reason that is significant and would compel an average, reasonable worker, who would otherwise want an additional <u>temporary suitable</u> job assignment with the staffing service <u>employer</u>, (1) to fail to contact the staffing service <u>employer</u>, or (2) to refuse an offered assignment.

For purposes of this paragraph, a "staffing service employer" is an employer whose business involves employing individuals directly for the purpose of furnishing temporary job assignment workers to clients of the staffing service.

Sec. 16. Minnesota Statutes 2008, section 268.095, subdivision 5, is amended to read:

Subd. 5. **Discharge defined.** (a) A discharge from employment occurs when any words or actions by an employer would lead a reasonable employee to believe that the employer will no longer allow the employee to work for the employer in any capacity. A layoff because of lack of work is considered a discharge. A suspension from employment without pay of more than 30 calendar days is considered a discharge.

(b) An employee who gives notice of intention to quit the employment and is not allowed by the employer to work the entire notice period is considered discharged from the employment as of the date the employer will no longer allow the employee to work. If the discharge occurs within 30 calendar days before the intended date of quitting, then, as of the intended date of quitting, the separation from employment is considered a quit from employment subject to subdivision 1.

(c) The end of a job assignment with the client of a staffing service is considered a discharge from employment with the staffing service unless section 268.095, subdivision 2, paragraph (d), applies.

Sec. 17. Minnesota Statutes 2009 Supplement, section 268.095, subdivision 6, is amended to read:

Subd. 6. **Employment misconduct defined.** (a) Employment misconduct means any intentional, negligent, or indifferent conduct, on the job or off the job that displays clearly:

(1) a serious violation of the standards of behavior the employer has the right to reasonably expect of the employee; or

(2) a substantial lack of concern for the employment.

(b) Regardless of paragraph (a), the following is not employment misconduct:

(1) conduct that was a consequence of the applicant's mental illness or impairment;

(2) conduct that was a consequence of the applicant's inefficiency or inadvertence;

(3) simple unsatisfactory conduct;

(4) conduct an average reasonable employee would have engaged in under the circumstances;

(5) poor performance because of conduct that was a consequence of the applicant's inability or incapacity;

(6) good faith errors in judgment if judgment was required;

(7) absence because of illness or injury of the applicant, with proper notice to the employer;

(8) absence, with proper notice to the employer, in order to provide necessary care because of the illness, injury, or disability of an immediate family member of the applicant;

(9) conduct that was a <u>direct result consequence</u> of the applicant's chemical dependency, unless the applicant was previously diagnosed chemically dependent or had treatment for chemical dependency, and since that diagnosis or treatment has failed to make consistent efforts to control the chemical dependency; or

(10) conduct that was a <u>result_consequence</u> of the applicant, or an immediate family member of the applicant, being a victim of domestic abuse as defined under section 518B.01. Domestic abuse must be shown as provided for in subdivision 1, clause (9).

(c) Regardless of paragraph (b), clause (9), conduct in violation of sections 169A.20, 169A.31, or 169A.50 to 169A.53 that interferes with or adversely affects the employment is employment misconduct.

(d) If the conduct for which the applicant was discharged involved only a single incident, that is an important fact that must be considered in deciding whether the conduct rises to the level of employment misconduct under paragraph (a).

(e) The definition of employment misconduct provided by this subdivision is exclusive and no other definition applies.

EFFECTIVE DATE. This section is effective for determinations under section 268.101, subdivision 2, and appeal decisions under section 268.105, subdivision 1, issued on and after the Sunday following final enactment.

Sec. 18. Minnesota Statutes 2008, section 268.101, is amended by adding a subdivision to read:

Subd. 2a. <u>Telephone number.</u> Every determination issued under subdivision 2 must include a prominently displayed telephone number that an applicant or involved employer can call to speak with an unemployment insurance specialist and obtain further explanation about the determination and have any questions answered. The specialist must, when appropriate, issue an amended determination as provided for in subdivision 4. The listed telephone number must be unique to a specialized call group trained to handle calls involving determinations.

EFFECTIVE DATE. This section is effective October 3, 2010, and expires September 30, 2012.

Sec. 19. Minnesota Statutes 2009 Supplement, section 268.105, subdivision 1, is amended to read:

Subdivision 1. **Evidentiary hearing by unemployment law judge.** (a) Upon a timely appeal having been filed, the department must send, by mail or electronic transmission, a notice of appeal to all involved parties that an appeal has been filed, and that a de novo due process evidentiary hearing will be scheduled. The notice must set out the parties' rights and responsibilities regarding the hearing. The notice must explain that the facts will be determined by the unemployment law judge based upon a preponderance of the evidence. The notice must explain in clear and simple language the meaning of the term "preponderance of the evidence." The department must set a time and place for a de novo due process evidentiary hearing and send notice to any involved applicant and any involved employer, by mail or electronic transmission, not less than ten calendar days before the date of the hearing.

(b) The evidentiary hearing is conducted by an unemployment law judge as an evidence gathering inquiry. At the beginning of the hearing the unemployment law judge must fully explain how the hearing will be conducted, that the applicant has the right to request that the hearing be rescheduled so that documents or witnesses can be subpoenaed, that the facts will be determined based on a preponderance of the evidence, and, in clear and simple language, the meaning of the term "preponderance of the evidence." The unemployment law judge must ensure that all relevant facts are clearly and fully developed. The department may adopt rules on evidentiary hearings. The rules need not conform to common law or statutory rules of evidence and other technical rules of procedure. The department has discretion regarding the method by which the evidentiary hearing is conducted. A report of any employee of the department, except a determination, made in the regular course of the employee's duties, is competent evidence of the facts contained in it. An affidavit or written statement based on personal knowledge and signed under penalty of perjury is competent evidence of the facts contained in it; however, the veracity of statements contained within the document or the credibility of the witness making the statement may be disputed with other documents or testimony and production of such documents or testimony may be compelled by subpoena.

(c) After the conclusion of the hearing, upon the evidence obtained, the unemployment law judge must make findings of fact and decision and send those, by mail or electronic transmission, to all involved parties. When the credibility of an involved party or witness testifying in an evidentiary hearing has a significant effect on the outcome of a decision, the unemployment law judge must set out the reason for crediting or discrediting that testimony. The unemployment law judge's decision is final unless a request for reconsideration is filed under subdivision 2.

(d) Regardless of paragraph (c), if the appealing party fails to participate in the evidentiary hearing, the unemployment law judge has the discretion to dismiss the appeal by summary order. By failing to participate, the appealing party is considered to have failed to exhaust available administrative remedies unless the appealing party files a request for reconsideration under subdivision 2 and establishes good cause for failing to participate in the evidentiary hearing under subdivision 2, paragraph (d). Submission of a written statement does not constitute participation. The applicant must participate personally and appearance solely by a representative does not constitute participation.

(e) Only employees of the department who are attorneys licensed to practice law in Minnesota may serve as the chief unemployment law judge, senior unemployment law judges who are supervisors, or unemployment law judges. The commissioner must designate a chief unemployment law judge. The chief unemployment law judge may transfer to another unemployment law judge any proceedings pending before an unemployment law judge.

102ND DAY]

TUESDAY, MAY 11, 2010

(f) A full-time unemployment law judge must be paid a salary within a range directly tied to the salary set under section 15A.083, subdivision 7, for a workers' compensation judge. The salary paid within that range to any single unemployment law judge is based on experience and performance.

Sec. 20. Minnesota Statutes 2009 Supplement, section 268.136, subdivision 1, is amended to read:

Subdivision 1. Shared work agreement requirements. (a) An employer may submit a proposed shared work plan for an employee group to the commissioner for approval in a manner and format set by the commissioner. The proposed agreement must include:

(2) the name and Social Security number of each participating employee;

(3) a certified statement of when each participating employee was first hired by the employer, which must be at least one year before the proposed agreement is submitted;

(4) the hours of work each participating employee will work each week for the duration of the agreement, which must be at least 20 hours and no more than 32 hours per week, except that the agreement may provide for a uniform vacation shutdown of up to two weeks;

(5) the proposed duration of the agreement, which must be at least two months and not more than one year, although an agreement may be extended for up to an additional year upon approval of the commissioner;

(6) a starting date beginning on a Sunday at least 15 calendar days after the date the proposed agreement is submitted; and

(7) a signature of an owner or officer of the employer who is listed as an owner or officer on the employer's account under section 268.045.

(b) An agreement may not be approved for an employer that:

(1) has any unemployment tax or reimbursements, including any interest, fees, or penalties, due but unpaid; or

(2) has the maximum experience rating provided for under section 268.051, subdivision 3; or

(3) is in a high-experience rating industry as defined in section 268.051, subdivision 5.

Sec. 21. Minnesota Statutes 2008, section 268.184, subdivision 1, is amended to read:

Subdivision 1. Administrative penalties. (a) The commissioner shall penalize an employer if that employer or any employee, officer, or agent of that employer, is in collusion with any applicant for the purpose of assisting the applicant to receive unemployment benefits fraudulently. The penalty is \$500 or the amount of unemployment benefits determined to be overpaid, whichever is greater.

(b) The commissioner shall penalize an employer if that employer or any employee, officer, or agent of that employer (1) made a false statement or representation knowing it to be false, (2) made a false statement or representation without a good faith belief as to correctness of the statement or representation, Θr (3) knowingly failed to disclose a material fact; or (4) made an offer of employment to an applicant when, in fact, the employer had no employment available, but only if the employer's action:

(i) was taken to prevent or reduce the payment of unemployment benefits to any applicant;

(ii) was taken to reduce or avoid any payment required from an employer under this chapter or section 116L.20; or

(iii) caused an overpayment of unemployment benefits to an applicant.

The penalty is \$500, or 50 percent of the overpaid or reduced unemployment benefits or payment required, whichever is greater.

(c) The commissioner shall penalize an employer if that employer failed or refused to honor a subpoena issued under section 268.105, subdivision 4, or section 268.188. The penalty is \$500 and any costs of enforcing the subpoena, including attorney fees.

(d) Penalties under this subdivision are in addition to any other penalties and subject to the same collection procedures that apply to past due taxes. Penalties must be paid within 30 calendar days of assessment and credited to the contingent account.

(e) The assessment of the penalty is final unless the employer files an appeal within 20 calendar days after the sending of notice of the penalty to the employer by mail or electronic transmission. Proceedings on the appeal are conducted in accordance with section 268.105.

Sec. 22. SPECIAL STATE EXTENDED UNEMPLOYMENT INSURANCE PROGRAM.

Subdivision 1. Eligibility. (a) Special state extended unemployment insurance benefits are payable under this section to an applicant who does not qualify for extended unemployment insurance benefits under Minnesota Statutes, section 268.115, solely because the applicant does not have wage credits of at least 40 times the applicant's weekly benefit amount.

(b) Except as provided in paragraph (a), all requirements for extended unemployment benefits under Minnesota Statutes, section 268.115, and all other requirements of Minnesota Statutes, chapter 268, must be met in order for an applicant to be eligible for special state extended unemployment insurance benefits under this section.

(c) Except as provided for in paragraph (d), special state extended unemployment insurance benefits are payable in the same amounts, for the same duration, and for the same time period as provided for under Minnesota Statutes, section 268.115.

(d) The maximum amount of special state extended unemployment insurance benefits under this section available to an applicant is reduced by the amount of special state emergency unemployment insurance benefits paid the applicant under Laws 2009, chapter 1, section 2.

Subd. 2. **Payment from trust fund.** Special state extended unemployment insurance benefits are payable from the Minnesota unemployment insurance trust fund. Special state extended unemployment insurance benefits must not be used in computing the future unemployment insurance tax rate of a taxpaying employer, and they must not be charged to the reimbursing account of government or nonprofit employers.

Subd. 3. Expiration. This section expires on March 26, 2011, and no benefits may be paid under this section for a week beginning after that date.

EFFECTIVE DATE. This section is effective June 30, 2010.

Minnesota Statutes, section 268.088, applies to leaves of absence taken by workers at the New Ulm location of 3M during 2009. The department must, notwithstanding any prior determination or appeal decision, redetermine an applicant's entitlement to unemployment benefits under this section.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 24. SPECIAL STATE EMERGENCY UNEMPLOYMENT COMPENSATION.

Notwithstanding the June 30, 2010, expiration date of Laws 2009, chapter 1, section 2, subdivision 4, if an applicant has filed for special state emergency unemployment compensation under that law for a week beginning prior to June 30, 2010, but has not exhausted the maximum amount available to the applicant under that law, the applicant may continue to receive special state emergency unemployment compensation under that law up to the applicant's determined maximum under that law. This section expires March 26, 2011, and no benefits may be paid pursuant to this section for a week beginning after that date.

Sec. 25. NEW BENEFIT ACCOUNTS.

If an applicant establishes a new benefit account under Minnesota Statutes, section 268.07, subdivision 2, paragraph (b), within 39 weeks of the expiration of the benefit year on a prior benefit account, notwithstanding Minnesota Statutes, section 268.07, subdivision 2a, paragraph (a), the weekly benefit amount on the new benefit account will not be less than 80 percent of the weekly benefit amount on the prior benefit account.

EFFECTIVE DATE. This section applies to benefit accounts effective on or after the first Sunday following enactment and expires the earlier of: (1) the effective date of any federal legislation allowing an applicant to continue to collect federal emergency unemployment compensation, notwithstanding the applicant qualifying for a new regular state benefit account under Minnesota Statutes, section 268.07, subdivision 2, paragraph (b); or (2) June 30, 2011.

Sec. 26. VACATION PAY AND UNEMPLOYMENT BENEFITS.

An individual who received unemployment benefits in 2009 shall not be determined overpaid under Minnesota Statutes, section 268.18, subdivision 1, because of receipt of vacation pay in 2009 which was earned in 2008 under a collective bargaining agreement with an employer located in Hibbing that had layoffs in May 2009 of over 400 workers.

The commissioner shall create an application form that allows for the simultaneous application for both a residential building contractor or residential remodeler license and an independent contractor exemption certificate. If individuals simultaneously apply for or renew a residential building contractor or residential remodeler license and an independent contractor exemption required by the commissioner, individuals shall only be required to provide, in addition to the information required by section 326B.83 and rules promulgated pursuant thereto, the sworn statement required by paragraph (a), clause (8), and any additional information required by this subdivision that is not also required by section 326B.83 and any rules promulgated thereto. The commissioner may revoke an independent contractor exemption certificate if the conditions for holding the independent contractor exemption certificate, commits any of the actions set out in subdivision 7, or fails to cooperate with a department investigation into the continued validity of the individual's certificate. Once issued, an independent contractor exemption certificate remains in effect for two four years unless:

(b) "Commercial use" means regular use of an inflatable for profit by an owner at a permanently located facility:

(1) to which the general public is invited; or

(2) which the owner makes available at that facility for private parties or other events.

"Commercial use" does not include use of an inflatable (i) at a carnival, festival, fair, private party, or similar venue at a location other than the permanently located facility, or (ii) at a facility where the use of the inflatable is incidental to the primary use of the facility.

(c) "Inflatable" means an amusement device, used to bounce or otherwise play on, that incorporates a structural and mechanical system and employs a high-strength fabric or film that achieves its strength, shape, and stability by tensioning from internal air pressure.

(d) "Owner" means a person who owns, leases as lessee, or controls the operation of an inflatable for commercial use.

(e) "Person" has the meaning given in section 302A.011, subdivision 22.

(f) "Supervisor" means an individual stationed within close proximity to an inflatable during its use, for the purpose of supervising its safe use.

(g) "Trained" means that an individual has received instruction in how to supervise the safe use of inflatables in accordance with industry and ASTM standards.

Subd. 2. **Prohibition.** No owner shall provide an inflatable for commercial use in this state by others unless the owner complies with this section.

Subd. 3. Protection against injuries from falls. An inflatable that is in commercial use must be placed in a manner that complies with ASTM Standard F 2374.07, adopted by the American Society for Testing and Materials, including any future updates to that standard.

Subd. 4. Supervision by trained person required. No owner of an inflatable shall allow commercial use of the inflatable unless a trained supervisor is present in close proximity to the inflatable and is actively supervising its use. The ratio of supervisors to inflatables must comply with ASTM Standard F 2374.07, as referenced under subdivision 3.

Subd. 5. **Insurance required; waiver of liability limited.** (a) An owner of an inflatable that is subject to subdivision 2 shall maintain liability insurance covering liability for a death or injury resulting from commercial use of the inflatable with limits of no less than \$1,000,000 per occurrence and \$2,000,000 aggregate per year. The insurance shall also include medical payments coverage of no less than \$5,000 per occurrence, which may be limited to injuries incurred while using an inflatable, including getting on or off of the inflatable. The insurance must be issued by an insurance company authorized to issue the coverage in this state by the commissioner of commerce, and must be kept in force during the entire period of registration. In the event of a policy cancellation, the insurer will send written notice to the commissioner of labor and industry at the same time that a cancellation request is received from or a notice is sent to the insured.

102ND DAY]

(b) A waiver of liability signed by or on behalf of a minor for injuries arising out of the negligence of the owner or the owner's employee or designee is void.

Subd. 6. **Registration required.** An owner of an inflatable that is subject to subdivision 2 must obtain and maintain a current registration with the commissioner of labor and industry. The registration information must include the name, address, telephone number, and e-mail address of the owner, the street address of each facility at which the owner regularly provides inflatables for commercial use in this state by others, and a current insurance certificate of coverage proving full compliance with subdivision 5. The commissioner shall issue and renew a certificate of registration only to owners who comply with this section. The commissioner shall charge a registration fee of \$100 for a two-year registration designed to cover the cost of registration and enforcement. Fee receipts must be deposited in the state treasury and credited to the construction code fund. The registration certificate shall be issued and renewed for a two-year period. The registrant shall promptly notify the commissioner in writing of any changes in the registration information required in this subdivision.

<u>Subd. 7.</u> <u>Enforcement.</u> The commissioner of labor and industry shall enforce this section and may use for that purpose section 326B.082 and any powers otherwise available to the commissioner for enforcement purposes, including suspension or revocation of the person's registration and assessment of fines.

EFFECTIVE DATE. This section is effective August 1, 2010.

Sec. 3. [326B.091] DEFINITIONS.

Subdivision 1. <u>Applicability.</u> For purposes of sections 326B.091 to 326B.098, the terms defined in this section have the meanings given them.

Subd. 2. <u>Applicant.</u> "Applicant" means a person who has submitted to the department an application for a license.

Subd. 3. License. "License" means any registration, certification, or other form of approval authorized by chapters 326B and 327B to be issued by the commissioner or department as a condition of doing business or conducting a trade, profession, or occupation in Minnesota. License includes specifically but not exclusively an authorization issued by the commissioner or department: to perform electrical work, plumbing or water conditioning work, high pressure piping work, or residential building work of a residential contractor, residential remodeler, or residential roofer; to install manufactured housing; to serve as a building official; or to operate a boiler or boat.

Subd. 4. Licensee. "Licensee" means the person named on the license as the person authorized to do business or conduct the trade, profession, or occupation in Minnesota.

<u>Subd. 5.</u> <u>Notification date.</u> "Notification date" means the date of the written notification from the department to an applicant that the applicant is qualified to take the examination required for licensure.

Subd. 6. <u>Renewal deadline</u>. "Renewal deadline," when used with respect to a license, means 30 days before the date that the license expires.

Sec. 4. [326B.092] FEES.

Subdivision 1. Licenses requiring examination administered by commissioner. (a) If the applicant for a license must pass an examination administered by the commissioner in order to obtain the license, then the application for the initial license must be accompanied by an application and examination fee of \$50, which is separate from the license fee. The license fee is due after the applicant passes the examination and before the license is issued.

(b) If the applicant for a Minnesota license holds a license in another state and is seeking Minnesota licensure without examination based on reciprocity, then the application for the Minnesota license must be accompanied by the application and examination fee of \$50, which is separate from the license fee. If the commissioner approves the application, then the license fee is due before the license is issued.

Subd. 2. Licenses not requiring examination administered by commissioner. If the applicant for a license is not required to pass an examination in order to obtain the license, or is required to pass an examination that is not administered by the commissioner, then the license fee must accompany the application for the license. If the application is for a license issued under sections 326B.802 to 326B.885 and is not an application for license renewal, then the contractor recovery fund fee required under section 326B.89, subdivision 3, is due after the department has determined that the applicant meets the qualifications for licensing and before the license is issued.

Subd. 3. Late fee. The department must receive a complete application for license renewal by the renewal deadline but not more than 90 days before the renewal deadline. If the department receives a renewal application after the expiration of the license, then the renewal application must be accompanied by a late fee equal to one-half of the license renewal fee; except that, for the purpose of calculating the late fee only, the license renewal fee shall not include any contractor recovery fund fee required by section 326B.89, subdivision 3.

Subd. 4. Lapsed licensed fee. If the department receives a renewal application within two years after expiration of the license, the renewal application must be accompanied by all license renewal fees to cover the period that the license was expired, plus the late fee described in subdivision 3 and the license renewal fee for the current renewal period.

Subd. 5. Insufficient fees. If the applicant does not include all required fees with the application, then the application will be incomplete and the department will notify the applicant of the amount of the deficiency.

Subd. 6. <u>Fees nonrefundable.</u> Application and examination fees, license fees, license renewal fees, and late fees are nonrefundable except for:

(1) license renewal fees received more than two years after expiration of the license, as described in section 326B.094, subdivision 2;

(2) any overpayment of fees; and

(3) if the license is not renewed, the contractor recovery fund fee and any additional assessment paid under subdivision 7, paragraph (e).

Subd. 7. License fees and license renewal fees. (a) The license fee for each license except a renewed license shall be the base license fee plus any applicable board fee, as set forth in this subdivision. The license renewal fee for each renewed license is the base license fee plus any applicable board fee, continuing education fee, and contractor recovery fund fee and additional assessment, as set forth in this subdivision.

(b) For purposes of this section, "license duration" means the number of years for which the license is issued except that:

(1) if the initial license is not issued for a whole number of years, the license duration shall be rounded up to the next whole number; and

(2) if the department receives an application for license renewal after the renewal deadline, license duration means the number of years for which the renewed license would have been issued if the renewal application had been submitted on time and all other requirements for renewal had been met.

(c) The base license fee shall depend on whether the license is classified as an entry level, master, journeyman, or business license, and on the license duration. The base license fee shall be:

	License Duration		
License Classification	<u>1 Year</u>	<u>2 Years</u>	<u>3 Years</u>
Entry level	<u>\$10</u>	<u>\$20</u>	<u>\$30</u>
Journeyman	<u>\$20</u>	\$40	\$60
Master	<u>\$40</u>	<u>\$80</u>	<u>\$120</u>
Business	<u>\$90</u>	<u>\$180</u>	<u>\$270</u>

(d) If there is a continuing education requirement for renewal of the license, then a continuing education fee must be included in the renewal license fee. The continuing education fee for all license classifications shall be: \$10 if the renewal license duration is one year; \$20 if the renewal license duration is two years; and \$30 if the renewal license duration is three years.

(e) If the license is issued under sections 326B.31 to 326B.59 or 326B.90 to 326B.93, then a board fee must be included in the license fee and the renewal license fee. The board fee for all license classifications shall be: \$4 if the license duration is one year; \$8 if the license duration is two years; and \$12 if the license duration is three years.

(f) If the application is for the renewal of a license issued under sections 326B.802 to 326B.885, then the contractor recovery fund fee required under section 326B.89, subdivision 3, and any additional assessment required under section 326B.89, subdivision 16, must be included in the license renewal fee.

Sec. 5. [326B.093] LICENSES REQUIRING EXAMINATION ADMINISTERED BY COMMISSIONER.

Subdivision 1. Qualifications for examination. If the applicant for a license must pass an examination administered by the commissioner in order to obtain the license, then the applicant's complete application must demonstrate that the applicant is qualified to take the examination. The applicant is qualified to take the examination if the applicant meets all requirements for the license except for passing the examination.

Subd. 2. Not qualified for examination. If the applicant is not qualified to take the examination, then the commissioner must deny the application. The applicant may subsequently submit another application, accompanied by the required fee.

Subd. 3. Taking the examination. If the applicant is qualified to take the examination, then the department must notify the applicant, and the applicant may schedule a time to take the examination within one year after the notification date. If the applicant does not take the examination at the scheduled time, the applicant may, one time only, reschedule a time to take the examination on a date within one year after the notification date. If the applicant fails to take the examination within one year after the notification date. If the applicant fails to take the examination within one year after the notification date, the commissioner must deny the application and the applicant forfeits the application/examination fee. The applicant may subsequently submit another application, accompanied by the required application/examination fee.

Subd. 4. **Examination results.** If the applicant receives a passing score on the examination and meets all other requirements for licensure, the commissioner must approve the application and notify the applicant of the approval within 60 days of the date of the passing score. The applicant must, within 90 days after the notification of approval, pay the license fee. Upon receipt of the license fee, the commissioner must issue the license. If the applicant does not pay the license fee within 90 days after the notification of approval, the commissioner will rescind the approval and must deny the application. If the applicant does not receive a passing score on the examination, the commissioner must deny the application. If the application is denied because of the applicant's failure to receive a passing score on the examination, then the applicant cannot submit a new application for the license until at least 30 days after the notification of denial.

Sec. 6. [326B.094] RENEWAL OF LICENSES.

Subdivision 1. Expiration of licenses. Unless and until the department or commissioner issues a renewal of a license, the license expires on the expiration date printed on the license. While the license is expired, the license cannot perform the activities authorized by the license.

Subd. 2. Availability of renewal. A licensee may apply to renew a license no later than two years after the expiration of the license. If the department receives a complete renewal application no later than two years after the expiration of the license, then the department must approve or deny the renewal application within 60 days of receiving the complete renewal application. If the department receives a renewal application more than two years after the expiration of the license, the department must return the renewal application more than two years after the expiration of the license, the department must return the renewal license fee to the applicant without approving or denying the application. If the licensee wishes to obtain a valid license more than two years after expiration of the license, the licensee must apply for a new license.

Subd. 3. **Deadline for avoiding license expiration.** The department must receive a complete application to renew a license no later than the renewal deadline. If the department does not receive a complete application by the renewal deadline, the license may expire before the department has either approved or denied the renewal application.

Sec. 7. [326B.095] INCOMPLETE LICENSE APPLICATIONS.

This section applies to both applications for initial licenses and license renewal applications. If the department determines that an application is incomplete, the department must notify the applicant of the deficiencies that must be corrected in order to complete the application. If the applicant wishes to complete the application, the department must receive the completed application within 90 days after the date the department mailed or delivered the incomplete application to the applicant. If the department does not receive the completed application by this deadline, the commissioner must deny the application and the applicant will forfeit all fees except as provided in section 326B.092, subdivision 6. If the application is for license renewal and the department receives the corrected application after the license has expired, then the corrected application must be accompanied by the late fee.

Sec. 8. [326B.096] REINSTATEMENT OF LICENSES.

Subdivision 1. **Reinstatement after revocation.** (a) If a license is revoked under this chapter and if an applicant for a license needs to pass an examination administered by the commissioner before becoming licensed, then, in order to have the license reinstated, the person who holds the revoked license must:

(1) retake the examination and achieve a passing score; and

(2) meet all other requirements for an initial license, including payment of the application and examination fee and the license fee. The person holding the revoked license is not eligible for Minnesota licensure without examination based on reciprocity.

(b) If a license is revoked under a chapter other than this chapter, then, in order to have the license reinstated, the person who holds the revoked license must:

(1) apply for reinstatement to the commissioner no later than two years after the effective date of the revocation;

(2) pay a \$100 reinstatement application fee and any applicable renewal license fee; and

TUESDAY, MAY 11, 2010

(3) meet all applicable requirements for licensure, except that, unless required by the order revoking the license, the applicant does not need to retake any examination and does not need to repay a license fee that was paid before the revocation.

Subd. 2. <u>Reinstatement after suspension.</u> If a license is suspended, then, in order to have the license reinstated, the person who holds the suspended license must:

(1) apply for reinstatement to the commissioner no later than two years after the completion of the suspension period;

(2) pay a \$100 reinstatement application fee and any applicable renewal license fee; and

(3) meet all applicable requirements for licensure, except that, unless required by the order suspending the license, the applicant does not need to retake any examination and does not need to repay a license fee that was paid before the suspension.

Subd. 3. <u>Reinstatement after voluntary termination.</u> A licensee who is not an individual may voluntarily terminate a license issued to the person under this chapter. If a licensee has voluntarily terminated a license under this subdivision, then, in order to have the license reinstated, the person who holds the terminated license must:

(1) apply for reinstatement to the commissioner no later than the date that the license would have expired if it had not been terminated;

(2) pay a \$100 reinstatement application fee and any applicable renewal license fee; and

(3) meet all applicable requirements for licensure, except that the applicant does not need to repay a license fee that was paid before the termination.

Sec. 9. [326B.097] PROHIBITION OF TRANSFER.

A licensee shall not transfer or sell any license.

Sec. 10. [326B.098] CONTINUING EDUCATION.

<u>Subdivision 1.</u> <u>Applicability.</u> This section applies to seminars offered by the department for the purpose of allowing licensees to meet continuing education requirements for license renewal.

Subd. 2. <u>Rescheduling.</u> An individual who is registered with the department to attend a seminar may reschedule one time only, to attend the same seminar on a date within one year after the date of the seminar the individual was registered to attend.

Subd. 3. Fees nonrefundable. All seminar fees paid to the department are nonrefundable except for any overpayment of fees.

Sec. 11. Minnesota Statutes 2008, section 326B.106, subdivision 9, is amended to read:

Subd. 9. Accessibility. (a) **Public buildings.** The code must provide for making public buildings constructed or remodeled after July 1, 1963, accessible to and usable by persons with disabilities, although this does not require the remodeling of public buildings solely to provide accessibility and usability to persons with disabilities when remodeling would not otherwise be undertaken.

(b) **Leased space.** No agency of the state may lease space for agency operations in a non-state-owned building unless the building satisfies the requirements of the State Building Code for accessibility by persons with disabilities, or is eligible to display the state symbol of accessibility. This limitation applies to leases of 30 days or more for space of at least 1,000 square feet.

(c) **Meetings or conferences.** Meetings or conferences for the public or for state employees which are sponsored in whole or in part by a state agency must be held in buildings that meet the State Building Code requirements relating to accessibility for persons with disabilities. This subdivision does not apply to any classes, seminars, or training programs offered by the Minnesota State Colleges and Universities or the University of Minnesota. Meetings or conferences intended for specific individuals none of whom need the accessibility features for persons with disabilities specified in the State Building Code need not comply with this subdivision unless a person with a disability gives reasonable advance notice of an intent to attend the meeting or conference. When sign language interpreters will be provided, meetings or conference sites must be chosen which allow hearing impaired participants to see their signing clearly.

(d) **Exemptions.** The commissioner may grant an exemption from the requirements of paragraphs (b) and (c) in advance if an agency has demonstrated that reasonable efforts were made to secure facilities which complied with those requirements and if the selected facilities are the best available for access for persons with disabilities. Exemptions shall be granted using criteria developed by the commissioner in consultation with the Council on Disability.

(e) **Symbol indicating access.** The wheelchair symbol adopted by Rehabilitation International's Eleventh World Congress is the state symbol indicating buildings, facilities, and grounds which are accessible to and usable by persons with disabilities. In the interests of uniformity, this symbol is the sole symbol for display in or on all public or private buildings, facilities, and grounds which qualify for its use. The secretary of state shall obtain the symbol and keep it on file. No building, facility, or grounds may display the symbol unless it is in compliance with the rules adopted by the commissioner under subdivision 1. Before any rules are proposed for adoption under this paragraph, the commissioner shall consult with the Council on Disability. Rules adopted under this paragraph must be enforced in the same way as other accessibility rules of the State Building Code.

(f) **Municipal enforcement.** Municipalities which have not adopted the State Building Code may enforce the building code requirements for persons with disabilities by either entering into a joint powers agreement for enforcement with another municipality which has adopted the State Building Code; or contracting for enforcement with an individual certified under section 326B.133, subdivision 3, to enforce the State Building Code.

Sec. 12. Minnesota Statutes 2008, section 326B.133, subdivision 1, is amended to read:

Subdivision 1. **Designation.** Each municipality shall designate a building official to administer the code. A municipality may designate no more than one building official responsible for code administration defined by each certification category established in rule created by statute or rule. Two or more municipalities may combine in the designation of a building official for the purpose of administering the provisions of the code within their communities. In those municipalities for which no building officials have been designated, the state building official may use whichever state employees are necessary to perform the duties of the building official until the municipality makes a temporary or permanent designation. All costs incurred by virtue of these services rendered by state employees must be borne by the involved municipality and receipts arising from these services must be paid to the commissioner.

Sec. 13. Minnesota Statutes 2008, section 326B.133, is amended by adding a subdivision to read:

<u>Subd. 2a.</u> <u>Application; renewal; fees; expiration.</u> (a) An applicant for certification shall submit a completed application on a form approved by the commissioner to the department. The commissioner shall review applications for compliance with the requirements established by rule.

(b) Application for initial certification or renewal certification as a building official, building official-limited, or accessibility specialist shall be according to this section and sections 326B.092 to 326B.095.

(c) Fees shall be paid to the department according to section 326B.092.

(d) Unless revoked or suspended under this chapter, all certifications issued or renewed under this section expire two years from the date of original issuance and every two years thereafter.

Sec. 14. Minnesota Statutes 2008, section 326B.133, subdivision 3, is amended to read:

Subd. 3. Certification <u>criteria</u>. The commissioner shall by rule establish certification criteria as proof of qualification pursuant to subdivision 2. The commissioner may:

(1) develop and administer written and practical examinations to determine if a person is qualified pursuant to subdivision 2 to be a building official;

(2) accept documentation of successful completion of testing programs developed and administered by nationally recognized testing agencies, as proof of qualification pursuant to subdivision 2; or

(3) determine qualifications by satisfactory completion of clause (2) and a mandatory training program developed or approved by the commissioner.

Upon a determination of qualification under clause (1), (2), or (3), the commissioner shall issue a certificate to the building official stating that the official is certified. Each person applying for examination and certification pursuant to this section shall pay a nonrefundable fee of \$70. The commissioner or a designee may establish categories of certification that will recognize the varying complexities of code enforcement in the municipalities within the state. The commissioner shall provide educational programs designed to train and assist building officials in carrying out their responsibilities.

Sec. 15. Minnesota Statutes 2008, section 326B.133, is amended by adding a subdivision to read:

Subd. 3a. <u>Certification categories.</u> (a) If a municipality has adopted or adopts the State Building Code, the responsibilities for code administration and enforcement are under the authority of its designated building official or the certified building official-limited.

(b) Certified building official. This certification is identified as "certified building official" on the certificate card. This certification is granted to an individual who has met the certified building official requirements established by rule and passed the written examination prepared by the state. A person with this certification may serve as the designated building official for any municipality. For the purposes of calculating fees under section 326B.092, certification as a building official is a master license.

(c) Certified building official-limited. This certification is identified as "certified building official-limited" on the certification card. This certification is granted to an individual who has met the certified building officiallimited requirements established by rule and passed the written examination prepared by the state. An individual with this certification may perform code administration for one- and two-family dwellings, their accessory structures, and "exempt classes of buildings" as provided in Minnesota Rules, part 1800.5000, of the Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscience, and Interior Design, and "facilities for persons with physical disabilities" that are governed by the State Building Code. Subject to the limitations of the building official-limited certification, an individual with this certification may serve as the designated building official for any municipality. Code administration for all other buildings must be performed by a certified building official as defined in paragraph (b). A certified building official-limited may conduct inspections for other structures regulated by the State Building Code under the direction of a designated certified building official or the state building official. 12212

JOURNAL OF THE HOUSE

Subject to all other certification requirements, as of January 1, 2012, valid Class I certifications shall be included in the certified building official-limited category upon the next immediate renewal. For the purposes of calculating fees under section 326B.092, certification as a building official-limited is a journeyman license.

(d) Accessibility specialist. This certification is identified as accessibility specialist on the certification card. This certification is granted to an individual who has met the "accessibility specialist" requirements established by rule and passed the written examination prepared by the state. An individual with this classification is limited to the administration of those provisions of the State Building Code that provide access for persons with disabilities. For the purposes of calculating fees under section 326B.092, certification as an accessibility specialist is a journeyman license.

Sec. 16. Minnesota Statutes 2008, section 326B.133, subdivision 8, is amended to read:

Subd. 8. Continuing education <u>requirements</u>; <u>extension of time</u>, <u>(a) This subdivision establishes the number</u> of continuing education units required within each two-year certification period.</u>

A certified building official shall accumulate 16 continuing education units in any education program that is approved under Minnesota Rules, part 1301.1000.

A certified building official-limited shall, in each year of the initial two-year certification period, accumulate eight continuing education units in any education program that is approved under Minnesota Rules, part 1301.1000. Continuing education units shall be reported annually during the initial two-year certification period by the method established in rule. A certified building official-limited shall accumulate 16 continuing education units for each two-year certification period thereafter in any education program that is approved under Minnesota Rules, part 1301.1000.

An accessibility specialist must accumulate four continuing education units in any of the programs described in Minnesota Rules, part 1301.1000, subpart 1 or 2. The four units must be for courses relating to building accessibility, plan review, field inspection, or building code administration.

Continuing education programs may be approved as established in rule.

(b) Subject to sections 326B.101 to 326B.194, the commissioner may by rule establish or approve continuing education programs for certified building officials dealing with matters of building code administration, inspection, and enforcement.

Each person certified as a building official for the state must satisfactorily complete applicable educational programs established or approved by the commissioner to retain renew certification.

(c) The state building official may grant an extension of time to comply with continuing education requirements if the certificate holder requesting the extension of time shows cause for the extension. The request for the extension must be in writing. For purposes of this section, the certificate holder's current certification effective dates shall remain the same. The extension does not relieve the certificate holder from complying with the continuing education requirements for the next two-year period.

Sec. 17. Minnesota Statutes 2008, section 326B.133, subdivision 11, is amended to read:

Subd. 11. **Failure to renew.** An individual who has failed to make a timely application for renewal of a certificate is not certified and must not serve as the designated building official for any municipality, or a certified building official, a certified building official-limited, or an accessibility specialist until a renewed certificate has been issued by the commissioner.

Sec. 18. Minnesota Statutes 2008, section 326B.16, is amended to read:

326B.16 ENFORCEMENT OF REQUIREMENTS FOR DISABLED PERSONS WITH DISABILITIES.

Subdivision 1. Application. The State Building Code's requirements for persons with disabilities apply statewide. A statutory or home rule charter city that does not have in effect an ordinance adopting the State Building Code is responsible for enforcement in the city of the State Building Code's requirements for disabled persons with disabilities. In all other areas where there is no ordinance in effect adopting the State Building Code, the county is responsible for enforcement of the State Building Code's requirements for disabled persons with disabilities.

Subd. 2. Municipal enforcement. Municipalities which have not adopted the State Building Code shall enforce the State Building Code's requirements for persons with disabilities by: (1) entering into a joint powers agreement for enforcement with another municipality which has adopted the State Building Code; (2) contracting for enforcement with an individual certified under section 326B.133, subdivision 3, to enforce the State Building Code; or (3) hiring or training their own staff.

Subd. 4. Enforcement by state building official. If the commissioner determines that a municipality is not properly administering and enforcing the State Building Code's requirements for persons with disabilities, the commissioner may have the administration and enforcement in the involved municipality undertaken by the state building official or by another building official certified by the state. The commissioner shall notify the affected municipality in writing immediately upon making the determination, and the municipality may challenge the determination as a contested case before the commissioner pursuant to the Administrative Procedure Act. The commissioner shall charge the fees set by section 326B.153 for the administration and enforcement service rendered. Any cost to the state arising from the state administration and enforcement of the State Building Code shall be borne by the subject municipality.

Sec. 19. Minnesota Statutes 2008, section 326B.197, is amended to read:

The bond must be written by a corporate surety licensed to do business in the state.

JOURNAL OF THE HOUSE

stating that the applicant has a specific reading disability which would prevent the applicant from performing satisfactorily on a written test. The oral examination shall be structured so that an applicant who passes the examination will not impair the applicant's own safety or that of others while acting as a licensed individual. No individual failing an examination may retake it for six months thereafter, but within such six months the individual may take an examination for a lesser grade of license. Any individual failing to renew a personal license for two years or more after its expiration, and any licensee whose personal license is revoked under this chapter, shall be required to retake the examination before being issued a new license. Upon approval of the application, the commissioner shall schedule the applicant for the next available examination, which shall be held within 60 days. The applicant shall be allowed one opportunity to reschedule an examination without being required to submit another application and examination fee. Additionally, an applicant who fails an examination, or whose application was not approved, shall submit another application and examination fee.

For the purposes of calculating fees under section 326B.092, any license issued under this section is a business license, except that a subagency license is a master license. The commissioner shall in a manner determined by the commissioner, without the need for any rulemaking under chapter 14, phase in the renewal of limited dealer licenses from one years. By June 30, 2011, all renewed limited dealer licenses shall be two-year licenses.

Subd. 2. Orders of the commissioner. To begin a proceeding under this section, the commissioner shall issue an order requiring the subject of the proceeding to show cause why action should not be taken against the licensee according to this section. The order must be calculated to give reasonable notice of the time and place for the hearing and must state the reasons for entry of the order. The commissioner may by order summarily suspend a license pending a final determination of an order to show cause. If a license is summarily suspended, pending final determination of an order to show cause, a hearing on the merits must be held within 30 days of the issuance of the order of summary suspension. All hearings must be conducted under chapter 14. After the hearing, the commissioner shall enter an order disposing of the matter as the facts require. If the subject of the order fails to appear at a hearing after having been duly notified of it, the subject is considered in default, and the proceeding may be determined against the subject of the order upon consideration of the order to show cause, the allegations of which may be considered to be true.

Subd. 3. Actions against lapsed license. If a license lapses, is surrendered, withdrawn, terminated, or otherwise becomes ineffective, the commissioner may institute a proceeding under this subdivision within two years after the license was last effective and enter a revocation or suspension order as of the last date which the license was in effect, and may impose a civil penalty as provided for in this section or section 45.027.

Sec. 25. Minnesota Statutes 2008, section 115C.08, subdivision 1, is amended to read:

Subdivision 1. **Revenue sources.** Revenue from the following sources must be deposited in the state treasury and credited to a petroleum tank fund:

(6) money obtained from the return of reimbursements, civil penalties, or other board action under this chapter; and

(7) the proceeds from the sales of all properties acquired by the agency under subdivision 4.

Sec. 26. Minnesota Statutes 2009 Supplement, section 115C.08, subdivision 4, is amended to read:

Subd. 4. Expenditures. (a) Money in the fund may only be spent:

(1) to administer the petroleum tank release cleanup program established in this chapter;

(2) for agency administrative costs under sections 116.46 to 116.50, sections 115C.03 to 115C.06, and costs of corrective action taken by the agency under section 115C.03, including investigations;

(3) for costs of recovering expenses of corrective actions under section 115C.04;

(4) for training, certification, and rulemaking under sections 116.46 to 116.50;

(5) for agency administrative costs of enforcing rules governing the construction, installation, operation, and closure of aboveground and underground petroleum storage tanks;

(10) to assess and remove abandoned underground storage tanks under section 115C.094 and, if a release is discovered, to pay for the specific consultant and contractor services costs necessary to complete the tank removal project, including, but not limited to, excavation soil sampling, groundwater sampling, soil disposal, and completion of an excavation report; and

(11) for property acquisition by the agency when the agency has determined that purchasing a property where a release has occurred is the most appropriate corrective action. The acquisition of all properties is subject to approval by the board.

(b) Except as provided in paragraph (c), money in the fund is appropriated to the board to make reimbursements or payments under this section.

(c) \$6,200,000 is annually appropriated from the fund to the commissioner of employment and economic development for contamination cleanup grants under section 116J.554. Of this amount, the commissioner may spend up to \$225,000 annually for administration of the contamination cleanup grant program. The appropriation does not cancel and is available until expended. The appropriation shall not be withdrawn from the fund nor the fund balance reduced until the funds are requested by the commissioner of employment and economic development. The commissioner shall schedule requests for withdrawals from the fund to minimize the necessity to impose the fee authorized by subdivision 2. Unless otherwise provided, the appropriation in this paragraph may be used for:

(1) project costs at a qualifying site if a portion of the cleanup costs are attributable to petroleum contamination or new and used tar and tar-like substances, including but not limited to bitumen and asphalt, but excluding bituminous or asphalt pavement, that consist primarily of hydrocarbons and are found in natural deposits in the earth or are distillates, fractions, or residues from the processing of petroleum crude or petroleum products as defined in section 296A.01; and

(2) the costs of performing contamination investigation if there is a reasonable basis to suspect the contamination is attributable to petroleum or new and used tar and tar-like substances, including but not limited to bitumen and asphalt, but excluding bituminous or asphalt pavement, that consist primarily of hydrocarbons and are found in natural deposits in the earth or are distillates, fractions, or residues from the processing of petroleum crude or petroleum products as defined in section 296A.01.

Unless the commissioner identifies a reason for proceeding otherwise, before commencing bridge projects in a lower tier, all bridge projects within a higher tier must to the extent feasible be selected and funded in the approved state transportation improvement program, at any stage in the project development process, solicited for bids, in contract negotiation, under construction, or completed.

(b) The classification of each tier is as follows:

(1) tier 1 consists of any bridge in the program that (i) has an average daily traffic count that is above 1,000 and has a sufficiency rating that is at or below 50, or (ii) is identified by the commissioner as a priority project;

(3) tier 3 consists of any other bridge in the program that is not a tier 1 or tier 2 bridge.

(c) By June 30, 2018, all tier 1 and tier 2 bridges originally included in the program must be under contract for repair or replacement with a new bridge that contains a load-path-redundant design, except that a specific bridge may remain in continued service if the reasons are documented in the report required under subdivision 5.

(d) <u>All bridge projects funded under this section in fiscal year 2012 or later must include bicycle and pedestrian</u> accommodations if both sides of the bridge are located in a city or the bridge links a pedestrian way, shared-use path, trail, or scenic bikeway.

Bicycle and pedestrian accommodations would not be required if:

(1) a comprehensive assessment demonstrates that there is an absence of need for bicycle and pedestrian accommodations for the life of the bridge; or

(2) there is a reasonable alternative bicycle and pedestrian crossing within one-quarter mile of the bridge project.

All bicycle and pedestrian accommodations should enable a connection to any existing bicycle and pedestrian infrastructure in close proximity to the bridge. All pedestrian facilities must meet or exceed federal accessibility requirements as outlined in Title II of the Americans with Disabilities Act, codified in United States Code, title 42, chapter 126, subchapter II, and Section 504 of the Rehabilitation Act of 1973, codified in United States Code, title 29, section 794.

(e) The commissioner shall establish criteria for determining the priority of bridge projects within each tier, and must include safety considerations as a criterion.

Subd. 5. **Statewide transportation planning report.** In conjunction with each update to the Minnesota statewide transportation plan, or at least every six years, the commissioner shall submit a report to the chairs and ranking minority members of the house of representatives and senate committees with jurisdiction over transportation finance. The report must include:

(1) an explanation of the criteria and decision-making processes used to prioritize bridge projects;

(2) a historical and projected analysis of the extent to which all trunk highway bridges meet bridge performance targets and comply with the accessibility requirements of Title II of the Americans with Disabilities Act of 1990, Public Law 101-336;

(3) a summary of bridge projects (i) completed in the previous six years or since the last update to the Minnesota statewide transportation plan, and (ii) currently in progress under the program;

(4) a summary of bridge projects scheduled in the next four fiscal years and included in the state transportation improvement program;

(5) a projection of annual needs over the next 20 years;

(6) a calculation <u>of</u> funding necessary to meet the completion date under subdivision 4, paragraph (c), compared to the total amount of bridge-related funding available; and

(7) for any tier 1 fracture-critical bridge that is repaired but not replaced, an explanation of the reasons for repair instead of replacement.

Sec. 15. Minnesota Statutes 2008, section 168.002, is amended by adding a subdivision to read:

Sec. 23. Minnesota Statutes 2008, section 168.1293, is amended to read:

168.1293 CERTAIN SPECIAL PLATES; AUTHORIZATION, DISCONTINUANCE.

Subdivision 1. **Definition.** For purposes of this section and section 168.1297, the following terms have the meanings given them:

(1) "<u>new</u> special plate" or "proposed special plate" means a <u>special</u> plate authorized by sections 168.12, subdivisions 2b and 2e; 168.1235; and 168.129, to have wording and graphics that differ from a Minnesota passenger vehicle plate. <u>that is not authorized under this chapter and for which legislation authorizing the plate</u>, including but not limited to a bill or amendment, is introduced or presented to the legislature; and

(2) "proximate special plate" means a special plate (i) authorized under section 168.12, subdivisions 2b and 2e; 168.1235; or 168.129; or (ii) authorized in law on or after August 1, 2010.

Subd. 1a. Establishment of plate. The commissioner may only establish a special plate as authorized under this chapter. This requirement does not apply to alternative or additional designs for a special plate.

Subd. 2. **Submissions to commissioner.** (a) A person, legal entity, or other requester, however organized, that plans to seek legislation establishing a new <u>special</u> plate, or is a proponent of a new <u>special</u> plate, shall submit the following information and fee to the commissioner:

(1) The requester shall submit a request for the special plate being sought, describing the <u>proposed special</u> plate in general terms, the purpose of the plate, and the proposed fee or minimum contribution required for the plate.

(2) The requester shall submit the results of a scientific sample survey of Minnesota motor vehicle owners that indicates that at least 10,000 motor vehicle owners intend to purchase the proposed plate with the proposed fee or minimum contribution. The requester's plan to undertake the survey must be reported to the commissioner before the survey is undertaken. The survey must be performed independently of the requester by another person or legal entity, however organized, that conducts similar sample surveys in the normal course of business.

(3) The requester shall submit an application fee of \$20,000, to cover the cost of reviewing the application for a new plate and developing the new special plate if authorized by law. State funds may not be used to pay the application fee. This requirement does not apply if legislation or a bill introduced to the legislature proposing the new special plate contains a mechanism by which all costs incurred by the commissioner for development and implementation of the plate are covered, provided that the application fee subsequently does apply if such a mechanism is not enacted in the law authorizing the new special plate.

(4) The requester shall submit a marketing strategy that contains (i) short-term and long-term marketing plans for the requested plate, and (ii) a financial analysis showing the anticipated revenues and the planned expenditures of any fee or contribution derived from the requested plate.

(b) The requester shall submit the information required under paragraph (a) to the commissioner at least 120 days before the convening of the next regular legislative session at which the requester will submit the proposal.

Subd. 2a. Information for legislature. (a) Within 15 days of the introduction of a bill proposing a new special plate, the commissioner shall submit a briefing to the chairs and ranking minority members of the house of representatives and senate committees to which the bill was referred. At a minimum, the briefing must:

(1) summarize the requirements for a special plate under this section; and

(2) identify which of the requirements have been met for the proposed special plate.

TUESDAY, MAY 11, 2010

(b) If a proposed special plate is a topic of discussion at a legislative committee hearing, the commissioner shall make every reasonable effort to provide testimony. The testimony must include the information required in the briefing under paragraph (a).

(c) Notwithstanding section 3.195, the commissioner may submit the briefing under paragraph (a) by submitting an electronic version rather than a printed version.

Subd. 3. **Design; redesign.** (a) If the proposed new special plate sought by the requester is approved by law, the requester shall submit the proposed design for the plate to the commissioner as soon as practicable, but not later than 120 days after the effective date of the law authorizing issuance of the plate. The commissioner is responsible for selecting the final design for the special plate.

(b) The requester that originally requested <u>a new</u> special plate subsequently approved by law may not submit a new design for the plate within the five years following the date of first issuance of the plate unless the inventory of those plates has been exhausted. The requester may deplete the remaining inventory of the plates by reimbursing the commissioner for the cost of the plates.

Subd. 4. **Refund of fee.** If the special plate requested is not authorized in the legislative session at which authorization was sought, the commissioner shall, if applicable, refund \$17,500 of the application fee to the requester.

Subd. 5. **Discontinuance of plate.** (a) The commissioner shall discontinue the issuance or renewal of any <u>proximate</u> special plate authorized by sections 168.12, subdivisions 2b and 2e; 168.1235; and 168.129, if (1) fewer than 1,000 sets of those plates are currently registered at the end of the first six years during which the plates are available, or (2) fewer than 1,000 sets of those plates are currently registered at the end of any subsequent two-year period following the first six years of availability.

(b) The commissioner shall discontinue the issuance or renewal of any <u>proximate</u> special plate authorized by sections 168.12, subdivisions 2b and 2e; 168.1235; and 168.129, and distribution of any contributions resulting from that plate, if the commissioner determines that (1) the fund or requester receiving the contributions no longer exists, (2) the requester has stopped providing services that are authorized to be funded from the contribution proceeds, (3) the requester has requested discontinuance, or (4) contributions have been used in violation of subdivision 6.

(c) Nothing in this subdivision applies to plates issued under section 168.123, 168.124, 168.125, 168.1251, or 168.1255.

(d) Upon commencing discontinuance of a proximate special plate under this subdivision, the commissioner (1) shall not issue the plate, including as a duplicate; and (2) shall allow retention of any existing plate for the regular period. For purposes of this paragraph, "regular period" may be, as appropriate, the period specified under section 168.12, subdivision 1; the time until issuance of a duplicate plate for that vehicle; or as otherwise provided by law.

Subd. 6. Use of contributions. Contributions made as a condition of obtaining a <u>proximate</u> special plate authorized by sections 168.12, subdivisions 2b and 2e; 168.1235; and 168.129, and interest earned on the contributions, may not be spent for commercial or for-profit purposes.

Subd. 7. **Deposit of fee; appropriation.** The commissioner shall deposit the application fee under subdivision 2, paragraph (a), clause (3), in the vehicle services operating account of the special revenue fund under section 299A.705. An amount sufficient to pay the department's cost in implementing and administering this section, including payment of refunds under subdivision 4, is appropriated to the commissioner.

A county is eligible to apply for a grant of up to \$4,000 per precinct to replace precinctbased optical scan vote counters if the vote counter was purchased prior to December 31, 2002, and the county received no federal or state funds to defray the cost of that purchase. Counties must agree to provide a 50 percent match for any state and federal funds granted through this grant application.

Subd. 4. **Report.** Each county receiving a grant under this section must include the expenditures it has made on the appropriate Help America Vote Act reports submitted to the secretary of state. If a county does not use the funds it has received under this section by June 30, 2014, it must return the funds to the secretary of state. In addition to the report required by this section, each county receiving a grant under this act must maintain financial records for each grant sufficient to satisfy federal audit standards and must transmit those records to the secretary of state upon request of the secretary of state. The secretary of state must report by January 15 each year through 2014 to the chairs and ranking minority members of the house of representatives and senate funding divisions with jurisdiction over the Office of the Secretary of State on the amount of grants made to each county receiving a grant under this section in the prior calendar year.

EFFECTIVE DATE. This section is effective the day following final enactment.

STRATEGIC PLAN

Section 1. STRATEGIC PLAN REPORT.

By January 15, 2011, the Minnesota Innovation and Research Council shall report to the governor and the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over state government policy and finance with a strategic plan containing findings and recommendations to improve state and local government delivery of public services. The strategic plan must specify:

(1) how to enhance the public involvement and input as the public uses state and local government services and public schools;

(2) how technology can be leveraged to reduce costs and enhance quality;

(3) how service innovation will increase value or results per dollar spent; and

(4) the design for a platform that will facilitate high-quality innovation and evaluate state and local government structural redesign in the future.

The strategic plan shall also provide a process to review and modify recommendations at regular intervals in the future based on specific results measured at regular intervals.

The strategic plan shall also include any proposed legislation necessary to implement the council's recommendations.

(v) consolidating or simplifying unfunded state mandates or the planning or reporting requirements of the mandates, in order to reduce duplication and facilitate compliance by local units of government with those mandates; and

(vi) establishing common state definitions or standards to be used by local units of government in complying with unfunded state mandates that use different definitions or standards for the same terms or principles;

(8) identify relevant unfunded state mandates;

(9) facilitate proposals for grants made by eligible applicants; and

(10) make recommendations on topics to the Legislative Audit Commission for program evaluations that are likely to result in recommendations that will improve the cost-effective delivery of government services.

The duties imposed under clauses (6) to (10) must be performed to the extent possible given existing resources. Each recommendation under clause (7) must, to the extent practicable, identify the specific unfunded state mandates to which the recommendation applies. The commissioners or directors of state agencies responsible for the promulgation or enforcement of the unfunded mandates addressed in clauses (5) to (10) shall assist the council in carrying out the council's duties under this section.

Subd. 3. Additional coordinating functions. The council may also:

(1) serve as a clearinghouse for existing ideas and information from community leaders;

(2) provide a Web site where interested parties may share information and practices;

(3) receive recommendations from the legislative auditor concerning waivers and other initiatives within the council's jurisdiction;

<u>Subd. 5.</u> <u>Terms, compensation, and removal.</u> <u>Members serve at the pleasure of the appointing authority.</u> <u>Compensation of members is governed by section 15.0575, unless otherwise provided.</u>

Sec. 4. [465.7903] RULE AND LAW WAIVER REQUESTS.

Subdivision 1. Generally. (a) Except as provided in paragraph (b), a local government unit or a nonprofit organization may request the Minnesota Innovation and Research Council to grant a waiver from one or more administrative rules or a temporary, limited exemption from enforcement of state procedural laws governing delivery of services by the local government unit or nonprofit organization. Two or more local government units may submit a joint application for a waiver or exemption under this section if they propose to cooperate in providing a service or program that is subject to the rule or law. Before a local unit of government may submit an application to the council, the governing body of the local government unit must approve, in concept, the proposed waiver or exemption at a meeting required to be public under chapter 13D. A waiver or exemption granted to a nonprofit organization's clients.

(b) A school district that is granted a variance from rules of the commissioner of education under section 122A.163 need not apply to the council for a waiver of those rules under this section. A school district may not seek a waiver of rules under this section if the commissioner of education has authority to grant a variance to the rules under section 122A.163. This paragraph does not preclude a school district from being included in a cooperative effort with another local government unit under this section.

<u>Subd. 2.</u> <u>Application.</u> (a) A local government unit or nonprofit organization requesting a waiver of a rule or exemption from enforcement of a law under this section shall present a written application to the council. The application must include:

(1) identification of the service or program at issue;

(2) identification of the administrative rule or the law imposing a procedural requirement with respect to which the waiver or exemption is sought; and

(3) a description of the improved service outcome sought, including an explanation of the effect of the waiver or exemption in accomplishing that outcome.

(b) A local government unit submitting an application must provide a copy to the exclusive representative certified under section 179A.12 to represent employees who provide the service or program affected by the requested waiver or exemption.

Subd. 3. **Review process.** (a) Upon receipt of an application, the council shall commence review of the application, as provided in this subdivision. The council shall dismiss an application if it finds that the application proposes a waiver of rules or exemption from enforcement of laws that would result in due process violations, violations of federal law or the state or federal constitution, or the loss of services to people who are entitled to them. If the council does not dismiss an application, the council must publish notice in the State Register before it acts on the application. The notice must list the name of the local government unit or nonprofit organization requesting the waiver or exemption, the service or program at issue, and the rule or law with respect to which the waiver of exemption is sought.

(b) The council shall determine whether a law from which an exemption for enforcement is sought is a procedural law, specifying how a local government unit or nonprofit organization is to achieve an outcome, rather than a substantive law prescribing the outcome or otherwise establishing policy. For the purposes of this section, "procedural law" does not include a statutory notice requirement. In making its determination, the council shall consider whether the law specifies such requirements as:

(1) who must deliver a service;

(2) where the service must be delivered;

(3) to whom and in what form reports regarding the service must be made; and

(4) how long or how often the service must be made available to a given recipient.

(c) If a member of the council also is a commissioner, a commissioner's designee, or the state auditor, or is employed by an agency with jurisdiction over a rule or law affected by an application, the member must not participate in the decision on the particular waiver or exemption.

(d) If the application is submitted by a local government unit or a nonprofit organization in the metropolitan area or the unit or nonprofit organization requests a waiver of a rule or temporary, limited exemptions from enforcement of a procedural law over which the Metropolitan Council or a metropolitan agency has jurisdiction, the council shall also transmit a copy of the application to the Metropolitan Council for review and comment. The Metropolitan Council shall report its comments to the council within 60 days of the date the application was transmitted to the Metropolitan Council. The Metropolitan Council may point out any resources or technical assistance it may be able to provide a local government unit or nonprofit organization submitting a request under this section. (e) Within 15 days after receipt of the application, the council shall transmit a copy of it to the commissioner of each agency having jurisdiction over a rule or law from which a waiver or exemption is sought. The agency may mail a notice that it has received an application for a waiver or exemption to all persons who have registered with the agency under section 14.14, subdivision 1a, identifying the rule or law from which a waiver or exemption is requested. If no agency has jurisdiction over the rule or law, the council shall transmit a copy of the application to the attorney general. The agency shall inform the council of its agreement with or objection to and grounds for objection to the waiver or exemption request within 60 days of the date when the application was transmitted to it. An agency's failure to respond under this paragraph is considered agreement to the waiver or exemption. The council shall decide whether to grant a waiver or exemption at its next regularly scheduled meeting following its receipt of an agency's response or the end of the 60-day response period. If consideration of an application is not concluded at that meeting, the matter may be carried over to the next meeting of the council. Interested persons may submit written comments and requests to present oral comments to the council on the waiver or exemption request up to the time of its vote on the application.

(f) If the exclusive representative of the affected employees of the requesting local government unit objects to the waiver or exemption request, it may inform the council of the objection to and the grounds for the objection to the waiver or exemption request within 60 days of the receipt of the application.

Subd. 4. Hearing. If the agency or the exclusive representative does not agree with the waiver or exemption request, the council shall set a date for a hearing on the application. The hearing must be conducted informally at a meeting of the council. Persons representing the local government unit shall present their request for the waiver or exemption, and a representative from the agency shall explain the agency's objection to the waiver or exemption. Members of the council may request additional information from either party. The council may also request, either before or at the hearing, information or comments from representatives of business, labor, local governments, state agencies, consultants, and members of the public. If a member of the public requests to present the comments or information. If necessary, the hearing may be continued at a subsequent council meeting. A waiver or exemption request in arriving at the agreement required under subdivision 5.

Subd. 5. Conditions of agreements. (a) If the council grants a request for a waiver or exemption, the council and the entity making the request shall enter into an agreement providing for the delivery of the service or program that is the subject of the application. The agreement must specify desired outcomes and the means of measurement by which the council will determine whether the outcomes specified in the agreement have been met. The agreement must specify the duration of the waiver or exemption. The duration of a waiver from an administrative rule may be for no less than two years and no more than four years, subject to renewal if both parties agree. An exemption from enforcement of a law terminates ten days after adjournment of the regular legislative session held during the calendar year following the year when the exemption is granted, unless the legislature has acted to extend or make permanent the exemption.

(b) If the council grants a waiver or exemption, it must report the waiver or exemption to the legislature, including the chairs of the governmental operations and appropriate policy committees in the house of representatives and senate, and the governor within 30 days.

(c) The council may reconsider or renegotiate the agreement if the rule or law affected by the waiver or exemption is amended or repealed during the term of the original agreement. A waiver of a rule under this section has the effect of a variance granted by an agency under section 14.055. The recipient of an exemption from enforcement of a procedural requirement in state law under this section is exempt from that law for the duration of the exemption. The council may require periodic reports from the recipient, or conduct investigations of the service or program.

<u>Subd. 6.</u> <u>Enforcement.</u> If the council finds that the recipient of a waiver or an exemption has failed to comply with the terms of the agreement under subdivision 5, it may rescind the agreement. After an agreement is rescinded, the recipient is subject to the rules and laws covered by the agreement.

Subd. 7. Access to data. If the recipient of a waiver or an exemption through a cooperative program under this section gains access to data that is classified as not public, the access to and use of the data for the recipient is governed by the same restrictions on access to and use of the data that apply to the unit that collected, created, received, or maintained the data.

Sec. 5. [465.7904] WAIVERS OF STATE RULES; POLICIES.

Subdivision 1. Application. A state agency may apply to the council for a waiver from:

(1) an administrative rule or policy adopted by the commissioner of management and budget that deals with the state personnel system;

(2) an administrative rule or policy of the commissioner of administration that deals with the state procurement system; or

(3) a policy of the commissioner of management and budget that deals with the state accounting system.

Two or more state agencies may submit a joint application. A waiver application must identify the rule or policy at issue, and must describe the improved outcome sought through the waiver.

Subd. 2. **Review process.** (a) The council shall review all applications submitted under this section. The council shall dismiss an application if it finds that the application proposes a waiver that would result in due process violations, violations of federal law or the state or federal constitution, or the loss of services to people who are entitled to them. If a proposed waiver would violate the terms of a collective bargaining agreement effective under chapter 179A, the waiver is not effective without the consent of the exclusive representative that is a party to the agreement. The council may approve a waiver only if the council determines that if the waiver is granted: (1) services can be provided in a more efficient or effective manner; and (2) services related to human resources must be provided in a manner consistent with section 43A.01. In the case of a waiver from a policy of the commissioner of management and budget, the council may approve the waiver only if it determines that services will be provided in a more efficient or effective manner and that state funds will be adequately accounted for and safeguarded in a manner that complies with generally accepted government accounting principles.

(b) Within 15 days of receipt of the application, the council shall send a copy of the application to: (1) the agency whose rule or policy is involved; and (2) all exclusive representatives who represent employees of the agency requesting the waiver. The agency whose rule or policy is involved may mail a copy of the application to all persons who have registered with the agency under section 14.14, subdivision 1a.

(c) The agency whose rule or policy is involved, or an exclusive representative, shall notify the council of its agreement with or objection to and grounds for objection to the waiver within 60 days of the date when the application was transmitted to the agency or the exclusive representative. An agency's or exclusive representative's failure to respond under this paragraph is considered agreement to the waiver.

(d) If the agency or the exclusive representative objects to the waiver, the council shall schedule a meeting at which the agency requesting the waiver may present its case for the waiver and the objecting party may respond. The council shall decide whether to grant a waiver at its next regularly scheduled meeting following its receipt of an agency's response, or the end of the 60-day response period, whichever occurs first. If consideration of an application is not concluded at the meeting, the matter may be carried over to the next meeting of the council. Interested persons may submit written comments to the council on the waiver request.

12408

(e) If the council grants a request for a waiver, the council and the agency requesting the waiver shall enter into an agreement relating to the outcomes desired as a result of the waiver and the means of measurement to determine whether those outcomes have been achieved with the waiver. The agreement must specify the duration of the waiver, which must be for at least two years and not more than four years. If the council determines that an agency that has received a waiver is failing to comply with the terms of the agreement, the council may rescind the agreement.

<u>Subd. 3.</u> <u>Participation.</u> If a waiver request involves a rule or policy adopted by an official specified in section 465.7902, subdivision 1, clauses (3) to (7), that official may not participate in the evaluation of that waiver request.

Sec. 6. [465.7905] INNOVATION AND REDESIGN GRANTS.

Subdivision 1. Application. One or more local units of government, an association of local governments, the Metropolitan Council, a local unit of government acting in conjunction with an organization or a state agency, an organization established by two or more local units of government under a joint powers agreement, or a not-for-profit organization may apply to the Minnesota Innovation and Research Council for a grant to be used to: (1) develop models for service redesign; or (2) meet the start-up costs of providing shared services or functions. Agreements solely to make joint purchases do not qualify for grants. The application must specify a nonstate funding source for 25 percent of the total cost of the proposal. The application to the council must state what other sources of funding have been considered by the local units of government to implement the project and explain why it is not possible to complete the project without assistance from the council. The council may not award a grant if it determines that the local units of government could complete the project without council assistance or if it determines the applicant has not specified a nonstate funding source for 25 percent of the units to the exclusive representatives certified under section 179A.12 to represent employees who provide the service or program affected by the application.

Subd. 2. **Proposals.** (a) Proposed models for service redesign may provide options to local governments, neighborhood or community organizations, other not-for-profit organizations, or individuals to redesign service delivery. In awarding grants under this paragraph, the council must consider whether the proposal:

(1) expands consumer choices and opportunities;

(2) shifts government toward an expanded role as a purchaser, rather than a provider, of services;

(3) reduces administrative costs through statewide or regional contracting, or related administrative efficiencies;

(4) reduces administrative costs through the accumulation of multiple related services into a single contract with one provider, or related administrative efficiencies;

(5) fosters entrepreneurial leadership in the public sector; and

(6) increases value to the taxpayer or results per dollar spent.

(b) A proposal for a grant for shared services or functions must include plans to fully integrate a service or function provided by two or more local government units. The proposal must include how value to the taxpayer or results per dollar spent will be impacted.

Subd. 3. **Requirements.** A copy of the work product for which the grant was provided must be furnished to the council upon completion, and the council may disseminate it to other local units of government or interested groups. If the council finds that the work was not completed or implemented according to the terms of the grant agreement, it may require the grantee to repay all or a portion of the grant. The council shall award grants on the basis of each

qualified applicant's score under the scoring system in section 465.7906. The amount of a grant under subdivision 2, paragraph (a), may not exceed \$250,000. The amount of a grant under subdivision 2, paragraph (b), may not exceed \$100,000.

Sec. 7. [465.7906] SCORING SYSTEM.

In deciding whether to award a grant under section 465.7905, the council shall use the following scoring system:

(1) Up to 15 points must be awarded to reflect the extent to which the application demonstrates creative thinking, careful planning, cooperation, involvement of the clients of the affected service, and commitment to persist through challenges.

(2) Up to 25 points must be awarded to reflect the extent to which the proposed project is likely to improve the quality of the service, increase value to the taxpayers or results per dollar spent, and to have benefits for other local governments.

(3) Up to 15 points must be awarded to reflect the extent to which the application's budget provides sufficient detail, maximizes the use of state funds, documents the need for financial assistance, commits to local financial support, and limits expenditures to essential activities.

(4) Up to 15 points must be awarded to reflect the extent to which the application reflects the statutory goal of the grant program.

(5) Up to 15 points must be awarded to reflect the merit of the proposed project and the extent to which it warrants the state's financial participation.

(6) Up to five points must be awarded to reflect the cost to benefit ratio projected for the proposed project.

(7) Up to five points must be awarded to reflect the number of government units participating in the proposal.

(8) Up to five points must be awarded to reflect the minimum length of time the application commits to implementation.

Sec. 8. [465.7907] REPAYMENT OF GRANTS.

Subdivision 1. **Repayment procedures.** Without regard to whether a grant recipient offered to repay the grant in its original application, as part of a grant awarded under section 465.7905, the council may require the grant recipient to repay all or part of the grant if the council determines the project funded by the grant resulted in an actual savings for the participating local units of government. The grant agreement must specify how the savings are to be determined and the period of time over which the savings will be used to calculate a repayment requirement. The repayment of grant money under this section must not exceed an amount equal to the total savings achieved through the implementation of the project.

Subd. 2. Bonus points. In addition to the points awarded to competitive grant applications under section 465.7906, the council shall award additional points to any applicant that projects a potential cost savings through the implementation of its project and offers to repay part or all of the grant under the formula in subdivision 1.

Subd. 3. Use of repayment revenue. All grant money repaid to the council under this section is appropriated to the council for additional grants authorized by section 465.7905.

Sec. 9. [465.805] POLICY INNOVATION AND RESEARCH.

Subdivision 1. **Research topics.** The council shall periodically select policy innovation topics suitable for review and analysis by a consortium of independent organizations. Topics may include general or specific functions of state government. The council shall give primary consideration to areas of concern where a comprehensive

review and analysis of available research is likely to yield recommendations for policy changes that will provide significant efficiencies and improvements in the operation of state government and an increase in value to the taxpayer. Legislators and legislative committees may provide the council with recommendations for topics. The council shall make the final determination regarding the selection of topics under this section.

Subd. 2. <u>Request for proposal process.</u> (a) After making the determination of a research topic under subdivision 1, the council shall prepare a request for proposal relating to the topic that specifies:

(1) the precise topic and scope of the research required for the report to the commission;

(2) the deadlines for the response to the request for proposal and for the subsequent report; and

(3) any other restrictions or guidelines required by the commission.

The council shall make the request for proposal publicly available and must review responses from any interested party. A group of individuals or organizations may submit a response. The council may encourage the development of a collaborative design lab containing a cross-section of researchers and public sector designers from various nonprofits, businesses, foundations, and education institutions to respond to the request for proposal.

(b) After the deadline for submission of responses has expired, the council must hold a hearing to consider all submissions. The council shall consider the following factors in selecting a response to the request for proposal:

(1) the experience and training of individuals and organizations who will prepare the report to the commission;

(2) the reliability and credibility of individuals and organizations who will prepare the report;

(3) the proposed method of research; and

(4) the resources available for the preparation of the report.

(c) After consideration and hearing of the responses to the request for proposal, the council may:

(1) select a submission;

(2) revise the original request for proposal and extend the deadline for responses; or

(3) terminate the request for proposal process for the selected topic.

The chief innovation officer shall periodically communicate with the researchers to make sure they are focused on answering the questions outlined in the request for proposals.

<u>Subd. 3.</u> <u>Reports to council.</u> The council shall hold a hearing to receive a report prepared under this section and shall ensure that the governor and the relevant committees in the legislature are provided with notice of the report and an opportunity to review the report, including an opportunity for additional hearings.

Sec. 10. [465.808] RECEIPTS; APPROPRIATION.

(a) The council may charge a fee for the use of services provided by the council's staff. The receipts from fees charged under this section are deposited in a special revenue account and appropriated to the council for services provided under sections 465.7901 to 465.808.

(b) The council may accept gifts and grants. Money received under this paragraph is deposited in a special revenue account and appropriated to the council for services provided under sections 465.7901 to 465.808.

Sec. 11. [465.809] GUARANTEEING INCREASED VALUE TO THE TAXPAYER.

Subdivision 1. **Report.** The council shall report by January 15 each year to the governor and appropriate committees of the house of representatives and senate on its activities. The report shall include the amount of the council's net spending, the amount of savings and the increased outcomes to the taxpayer that was identified by the council, and the actual documented savings to state and local governments. Entities receiving grants or waivers from the council must document and verify savings to the taxpayer from the previous year's budgets.

Subd. 2. Savings and increased value. The council must make every effort to obtain \$3 in savings and show increased value to the taxpayer for each net state dollar spent by the council.

Subd. 3. Innovative practices. The council shall promote and drive innovative practices and must make annual recommendations to the legislature. One or all of these recommendations may be in partnership with individuals, foundations, nonprofits, or businesses. The council may make endorsements of proposals of individuals, foundations, nonprofits, or businesses when making recommendations. The council must make annual recommendations to:

(1) recommend at least \$20 in savings and show increased outcomes to the taxpayer for each net state dollar spent by the council. These savings may be spread out over various budget items;

(2) recommend policy changes that will quantifiably improve desired outcome attainment to the taxpayer as compared to dollars spent. This shall not be limited to efficiency but may also include developing new approaches to achieve desired outcomes;

(3) highlight existing innovative practices or partnerships in the state; and

(4) recommend innovative models, which may include state and local government structural redesign, from across the country to the legislature; highlight innovative practices from past or contemporary reports; recommend evidence-based service delivery methods for this state; or recommend theory-based working models of approaches to policy.

Sec. 12. APPROPRIATIONS.

\$50,000 is appropriated from the general fund for the fiscal year ending June 30, 2011, to the Minnesota Innovation and Research Council for the following purposes:

(1) operation and administration of the council;

(2) grants for models for service redesign;

(3) grants for shared services and functions;

(4) policy innovation and research; and

(5) the strategic plan report under article 2, section 1.

<u>The appropriations in this section are contingent on receiving a dollar-for-dollar match from private sources.</u> <u>This is a onetime appropriation.</u>

the limits of the work zone. Highway work zone speed limits are effective on erection of appropriate regulatory speed limit signs. The signs must be removed or covered when they are not required. A speed greater than the posted highway work zone speed limit is unlawful.

(c) Notwithstanding paragraph (b), on divided highways the commissioner or local authority may establish a highway work zone speed limit that does not exceed 55 miles per hour.

(d) <u>Notwithstanding paragraph</u> (b), on two-lane highways having one lane for each direction of travel with a posted speed limit of 60 miles per hour or greater, the commissioner or local authority may establish a highway work zone speed limit that does not exceed 40 miles per hour.

(e) For purposes of this subdivision, "highway work zone" means a segment of highway or street where a road authority or its agent is constructing, reconstructing, or maintaining the physical structure of the roadway, its shoulders, or features adjacent to the roadway, including underground and overhead utilities and highway appurtenances, when workers are present.

(e) (f) Notwithstanding section 609.0331 or 609.101 or other law to the contrary, a person who violates a speed limit established under paragraph (b) or (c) this subdivision, or who violates any other provision of this section while in a highway work zone, is assessed an additional surcharge equal to the amount of the fine imposed for the speed violation, but not less than \$25.

(b) A child passenger restraint system is not required for a child who cannot, in the judgment of a licensed physician, be safely transported in a child passenger restraint system because of a medical condition, body size, or physical disability. A motor vehicle operator claiming exemption for a child under this paragraph must possess a typewritten statement from the physician stating that the child cannot be safely transported in a child passenger restraint system. The statement must give the name and birth date of the child, be dated within the previous six months, and be made on the physician's letterhead or contain the physician's name, address, and telephone number. A person charged with violating subdivision 5 may not be convicted if the person produces the physician's statement in court or in the office of the arresting officer.

TUESDAY, MAY 11, 2010

(c) A person offering a motor vehicle for rent or lease shall provide a child passenger restraint device to a customer renting or leasing the motor vehicle who requests the device. A reasonable rent or fee may be charged for use of the child passenger restraint device.

"Sec. 23. [123A.47] ELECTION TO DETACH LAND FOR A NEW SCHOOL DISTRICT.

Subdivision 1. Detachment ballot question; school board general election. The school board of an independent school district may, on its own motion or upon a petition signed by at least 50 electors of the district or ten percent of the votes cast in the most recent school board general election, whichever number is larger, place on the ballot at the next school district general election the question whether, as of the date when a new board can be elected and qualified under subdivision 2, to detach from the school district a clearly and accurately described land area located within the boundaries of the district and, consequently, to classify that detached area as a new independent school district for which the education commissioner must assign an identification number. If the voters approve detaching the described land area and, consequently, classifying that detached area as a new independent school district for which the education commissioner must assign an identification number, then the detachment must be accomplished according to this section.

Subd. 2. School board elections. (a) The county auditor of the county that contains the greatest land area for the newly constituted school district and the county auditor of the county that contains the greatest land area for the

newly reconstituted school district must determine a date, not less than 30 nor more than 60 days after the voters approve the detachment ballot question under subdivision 1, to hold a special election in the district for the purpose of electing a board of six members for terms of four years and until successors are elected and qualified under chapter 205A. The provisions of section 123A.48, subdivision 20, paragraphs (a) to (e), governing school board elections in consolidating districts shall apply to the newly constituted and newly reconstituted districts under this section.

(b) Notwithstanding any law to the contrary, the terms of the board members of the school district from which land is being detached continue until the first school board members are elected and qualified under this subdivision.

(c) Notwithstanding any law to the contrary, an individual may serve on the school board of the school district from which land is being detached and subsequently, if a resident of the district, on a school board elected and qualified under this subdivision.

Subd. 3. Tax liability for existing bonded debt. All taxable property in the area detached under subdivision 1 remains obligated for any bonded debt of the school district from which the property was detached and to which that detached property was subject before the date of the detachment. In addition, all taxable property in a newly classified district is taxable for payment of school district obligations authorized on or after the date of the detachment by the school board or the voters of that school district.

<u>Subd. 4.</u> Current assets and liabilities; distribution of assets; real property. (a) If the voters approve detachment under subdivision 1, the commissioner shall issue an order for dividing and distributing the current assets and liabilities, real and personal, and the legally valid and enforceable claims and contractual obligations of the school district from which the property was detached, so that the two newly classified districts can independently operate.

(b) The commissioner's order under paragraph (a) must transfer the real property interests from the school district subject to the detachment to the two newly classified districts. The commissioner must determine the distribution of and the amount, if any, paid for the real property. The commissioner's order may impose in favor of one of the two newly classified districts a specified dollar amount as a claim against the other newly classified district receiving real property interests under the order. The claim must be paid and enforced according to the law governing payment of judgments against a school district.

Subd. 5. Licensed and nonlicensed employees. (a) The obligations of both newly classified districts to licensed employees are governed by section 123A.75.

(b) The nonlicensed employees of the school district from which the property was detached under subdivision 1 may apply to remain in the newly reconstituted district or may apply to move to the newly constituted district. The commissioner shall assign the nonlicensed employees to unfilled positions in both districts in order of seniority. All rights of and obligations to nonlicensed employees continue in the same manner as before the effective date of the detachment under subdivision 1.

EFFECTIVE DATE. (a) This section, subdivision 1, is effective the day following final enactment. If the voters approve the ballot question, the education commissioner shall classify the detached area as a new independent school district and also classify the area that remains after the detachment as a new independent school district, assign identification numbers to both new districts, and modify the records and any plats, petitions, and proceedings involving the affected school districts to conform with the detachment under this section.

(b) This section, subdivisions 2, 3, and 5, are effective the day after the voters approve the ballot question under subdivision 1.

102ND DAY]

TUESDAY, MAY 11, 2010

(c) This section, subdivision 4, is effective the day after the voters approve the ballot question under subdivision 1 and applies to both newly classified districts."

limitations, or merger of classes caused by consolidation of districts. Failing to successfully negotiate such a plan, the provisions of subdivision 11 shall apply. The negotiated plan must not include provisions which would result in the exercise of seniority by a teacher holding <u>a provisional an initial</u> license, other than a vocational education license, contrary to the provisions of subdivision 11, clause (c), or the reinstatement of a teacher holding a provisional an initial license, contrary to the provisions of subdivision 11, clause (c). The provisions of subdivision 11, clause (e). The provisions of section 179A.16 do not apply for the purposes of this subdivision.

Sec. 17. Minnesota Statutes 2008, section 122A.40, subdivision 11, is amended to read:

Subd. 11. **Unrequested leave of absence.** The board may place on unrequested leave of absence, without pay or fringe benefits, as many teachers as may be necessary because of discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts. The unrequested leave is effective at the close of the school year. In placing teachers on unrequested leave, the board is governed by the following provisions:

(a) The board may place probationary teachers on unrequested leave first in the inverse order of their employment. A teacher who has acquired continuing contract rights must not be placed on unrequested leave of absence while probationary teachers are retained in positions for which the teacher who has acquired continuing contract rights is licensed;

(b) Teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are licensed in the inverse order in which they were employed by the school district. In the case of equal seniority, the order in which teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are licensed is negotiable;

(c) Notwithstanding the provisions of clause (b), a teacher is not entitled to exercise any seniority when that exercise results in that teacher being retained by the district in a field for which the teacher holds only a provisional <u>an initial</u> license, as defined by the board of teaching, unless that exercise of seniority results in the placement on unrequested leave of absence of another teacher who also holds a provisional <u>an initial</u> license in the same field. The provisions of this clause do not apply to vocational education licenses;

(d) Notwithstanding clauses (a), (b) and (c), if the placing of a probationary teacher on unrequested leave before a teacher who has acquired continuing rights, the placing of a teacher who has acquired continuing contract rights on unrequested leave before another teacher who has acquired continuing contract rights but who has greater seniority, or the restriction imposed by the provisions of clause (c) would place the district in violation of its affirmative action program, the district may retain the probationary teacher, the teacher with less seniority, or the provisionally initial licensed teacher;

(e) Teachers placed on unrequested leave of absence must be reinstated to the positions from which they have been given leaves of absence or, if not available, to other available positions in the school district in fields in which they are licensed. Reinstatement must be in the inverse order of placement on leave of absence. A teacher must not be reinstated to a position in a field in which the teacher holds only a provisional an initial license, other than a vocational education license, while another teacher who holds a nonprovisional standard or master license in the same field remains on unrequested leave. The order of reinstatement of teachers who have equal seniority and who are placed on unrequested leave in the same school year is negotiable;

(f) Appointment of a new teacher must not be made while there is available, on unrequested leave, a teacher who is properly licensed to fill such vacancy, unless the teacher fails to advise the school board within 30 days of the date of notification that a position is available to that teacher who may return to employment and assume the duties of the position to which appointed on a future date determined by the board;

(g) A teacher placed on unrequested leave of absence may engage in teaching or any other occupation during the period of this leave;

(h) The unrequested leave of absence must not impair the continuing contract rights of a teacher or result in a loss of credit for previous years of service;

(i) The unrequested leave of absence of a teacher who is placed on unrequested leave of absence and who is not reinstated shall continue for a period of five years, after which the right to reinstatement shall terminate. The teacher's right to reinstatement shall also terminate if the teacher fails to file with the board by April 1 of any year a written statement requesting reinstatement;

(j) The same provisions applicable to terminations of probationary or continuing contracts in subdivisions 5 and 7 must apply to placement on unrequested leave of absence;

(k) Nothing in this subdivision shall be construed to impair the rights of teachers placed on unrequested leave of absence to receive unemployment benefits if otherwise eligible.

Sec. 18. Minnesota Statutes 2008, section 122A.41, subdivision 1, is amended to read:

The school site management team or the school board if there is no school site management team, shall adopt a plan for a written evaluation of teachers during the probationary period according to subdivision 3 that complies with section 122A.411. Districts may expend an additional amount of unreserved revenue for staff development based on their needs. With the exception of amounts reserved for staff development from revenues allocated directly to school sites, the board must initially allocate 50 percent of the reserved revenue to each school site in the district on a per teacher basis, which must be retained by the school site until used. The board may retain 25 percent to be used for district wide staff development efforts. The remaining 25 percent of the revenue must be used to make grants to school sites for best practices methods. Sec. 31. Minnesota Statutes 2009 Supplement, section 123B.143, subdivision 1, is amended to read:

Subdivision 1. Contract; duties. All districts maintaining a classified secondary school must employ a superintendent who shall be an ex officio nonvoting member of the school board. The authority for selection and employment of a superintendent must be vested in the board in all cases. An individual employed by a board as a superintendent shall have an initial employment contract for a period of time no longer than three years from the date of employment. Any subsequent employment contract must not exceed a period of three years. A board, at its discretion, may or may not renew an employment contract. A board must not, by action or inaction, extend the duration of an existing employment contract. Beginning 365 days prior to the expiration date of an existing employment contract, a board may negotiate and enter into a subsequent employment contract to take effect upon the expiration of the existing contract. A subsequent contract must be contingent upon the employee completing the terms of an existing contract. If a contract between a board and a superintendent is terminated prior to the date specified in the contract, the board may not enter into another superintendent contract with that same individual that has a term that extends beyond the date specified in the terminated contract. A board may terminate a superintendent during the term of an employment contract for any of the grounds specified in section 122A.40, subdivision 9 or 13. A superintendent shall not rely upon an employment contract with a board to assert any other continuing contract rights in the position of superintendent under section 122A.40. Notwithstanding the provisions of sections 122A.40, subdivision 10 or 11, 123A.32, 123A.75, or any other law to the contrary, no individual shall have a right to employment as a superintendent based on order of employment in any district. If two or more districts enter into an agreement for the purchase or sharing of the services of a superintendent, the contracting districts have the absolute right to select one of the individuals employed to serve as superintendent in one of the contracting districts and no individual has a right to employment as the superintendent to provide all or part of the services based on order of employment in a contracting district. The superintendent of a district shall perform the following:

(1) visit and supervise the schools in the district, report and make recommendations about their condition when advisable or on request by the board;

(2) recommend to the board employment and dismissal of teachers;

(3) before the start of the school year, and at other times as needed, assign highly effective teachers and administrators, as defined in section 122A.411, to schools to best meet student and school needs as determined by the superintendent;

(3) (4) superintend school grading practices and examinations for promotions;

(4) (5) make reports required by the commissioner; and

(5) (6) perform other duties prescribed by the board.

For purposes of this section, "school" includes a public school under section 120A.22, subdivision 4, or a nonpublic school under section 120A.22, subdivision 4, that elects to comply with this section, and charter schools under section 124D.10.

Sec. 32. Minnesota Statutes 2009 Supplement, section 124D.10, subdivision 4, is amended to read:

Subd. 4. Formation of school. (a) An authorizer, after receiving an application from a school developer, may charter a licensed teacher under section 122A.18, subdivision 1, or a group of individuals that includes one or more licensed teachers under section 122A.18, subdivision 1, to operate a school subject to the commissioner's approval of the authorizer's affidavit under paragraph (b). The school must be organized and operated as a cooperative under chapter 308A or nonprofit corporation under chapter 317A and the provisions under the applicable chapter shall apply to the school except as provided in this section.

Notwithstanding sections 465.717 and 465.719, a school district, subject to this section and section 124D.11, may create a corporation for the purpose of establishing a charter school.

(b) Before the operators may establish and operate a school, the authorizer must file an affidavit with the commissioner stating its intent to charter a school. An authorizer must file a separate affidavit for each school it intends to charter. The affidavit must state the terms and conditions under which the authorizer would charter a school and how the authorizer intends to oversee the fiscal and student performance of the charter school and to comply with the terms of the written contract between the authorizer and the charter school board of directors under subdivision 6. The commissioner must approve or disapprove the authorizer's affidavit within 60 business days of receipt of the affidavit. If the commissioner disapproves the affidavit, the commissioner shall notify the authorizer of the deficiencies in the affidavit and the authorizer then has 20 business days to address the deficiencies. If the authorizer does not address deficiencies to the commissioner's satisfaction, the commissioner's disapproval is final. Failure to obtain commissioner approval precludes an authorizer from chartering the school that is the subject of this affidavit.

(c) The authorizer may prevent an approved charter school from opening for operation if, among other grounds, the charter school violates this section or does not meet the ready-to-open standards that are part of the authorizer's oversight and evaluation process or are stipulated in the charter school contract.

(d) The operators authorized to organize and operate a school, before entering into a contract or other agreement for professional or other services, goods, or facilities, must incorporate as a cooperative under chapter 308A or as a nonprofit corporation under chapter 317A and must establish a board of directors composed of at least five members who are not related parties until a timely election for members of the ongoing charter school board of directors must be composed of at least five members who are not related partices and bylaws under paragraph (f). A charter school board of directors must be composed of at least five members who are not related parties. Staff members employed at the school, including teachers providing instruction under a contract with a cooperative, and all parents or legal guardians of children

enrolled in the school are the voters eligible to elect the members of the school's board of directors. A charter school must notify eligible voters of the school board election dates at least 30 days before the election. Board of director meetings must comply with chapter 13D.

(e) Upon the request of an individual, the charter school must make available in a timely fashion the minutes of meetings of the board of directors, and of members and committees having any board-delegated authority; financial statements showing all operations and transactions affecting income, surplus, and deficit during the school's last annual accounting period; and a balance sheet summarizing assets and liabilities on the closing date of the accounting period. A charter school also must post on its official Web site information identifying its authorizer and indicate how to contact that authorizer and include that same information about its authorizer in other school materials that it makes available to the public.

(f) Every charter school board member shall attend department-approved training on board governance, the board's role and responsibilities, employment policies and practices, and financial management. A board member who does not begin the required training within six months of being seated and complete the required training within 12 months of being seated on the board is ineligible to continue to serve as a board member.

(g) The ongoing board must be elected before the school completes its third year of operation. Board elections must be held during a time when school is in session. The charter school board of directors shall be composed of at least five nonrelated members and include: (i) at least one licensed teacher employed at the school or a licensed teacher providing instruction under a contact between the charter school and a cooperative; (ii) the parent or legal guardian of a student enrolled in the charter school; and (iii) an interested community member who is not employed by the charter school and does not have a child enrolled in the school. The board may be a teacher majority board composed of teachers described in this paragraph. The chief financial officer and the chief administrator are exofficio nonvoting board members. Board bylaws shall outline the process and procedures for changing the board's governance model, consistent with chapter 317A. A board may change its governance model only:

(1) by a majority vote of the board of directors and the licensed teachers employed by the school, including licensed teachers providing instruction under a contract between the school and a cooperative; and

(2) with the authorizer's approval.

Any change in board governance must conform with the board structure established under this paragraph.

(h) The granting or renewal of a charter by an authorizer must not be conditioned upon the bargaining unit status of the employees of the school.

(i) The granting or renewal of a charter school by an authorizer must not be contingent on the charter school being required to contract, lease, or purchase services from the authorizer. Any potential contract, lease, or purchase of service from an authorizer must be disclosed to the commissioner, accepted through an open bidding process, and be a separate contract from the charter contract. The school must document the open bidding process. An authorizer must not enter into a contract to provide management and financial services for a school that it authorizes, unless the school documents that it received at least two competitive bids.

(j) An authorizer may permit the board of directors of a charter school to expand the operation of the charter school to additional sites or to add additional grades locations or grades at the school beyond those described in the authorizer's original affidavit as approved by the commissioner only after submitting a supplemental affidavit for approval to the commissioner in a form and manner prescribed by the commissioner. The supplemental affidavit must show that:

(1) the expansion proposed by the charter school is supported by need and projected enrollment;

102ND DAY]

(2) the charter school expansion is warranted, at a minimum, by longitudinal data demonstrating students' improved academic performance and growth on statewide assessments under chapter 120B;

(3) the charter school is fiscally sound and has the financial capacity to implement the proposed expansion; and

(4) the authorizer finds that the charter school has the management capacity to carry out its expansion.

(k) Notwithstanding paragraph (j), an authorizer may permit the board of directors of a high-performing charter school to expand the existing charter to include a new separate school beyond that described in the authorizer's original affidavit as approved by the commissioner only after submitting a supplemental affidavit for approval to the commissioner in a form and manner prescribed by the commissioner. A new separate school must conduct a separate lottery and enrollment process. A supplemental affidavit must be submitted for each new separate school and show that:

(1) the new separate school proposed by the authorizer is supported by need and projected enrollment;

(2) the new separate school is warranted, at a minimum, by longitudinal data demonstrating the existing charter school's students' improved academic performance and growth on statewide assessments under chapter 120B;

(3) the existing charter school is fiscally sound and the charter school board has the capacity to implement and govern the new separate school; and

(4) the authorizer finds that the charter school board has capacity to carry out and oversee the new separate school.

(k) (1) The commissioner shall have 30 business days to review and comment on the supplemental affidavit. The commissioner shall notify the authorizer of any deficiencies in the supplemental affidavit and the authorizer then has 30 business days to address, to the commissioner's satisfaction, any deficiencies in the supplemental affidavit. The school may not expand grades $\frac{\partial \mathbf{r}}{\partial \mathbf{r}}$ add sites, or start a new separate school until the commissioner has approved the supplemental affidavit. The commissioner's approval or disapproval of a supplemental affidavit is final.

Sec. 33. Minnesota Statutes 2008, section 127A.05, is amended by adding a subdivision to read:

Subd. 7. <u>Authority to intervene.</u> The commissioner of education shall have the authority to intervene directly in the state's persistently lowest achieving schools and charter schools and in school districts and charter schools that are in improvement or corrective action status under the Elementary and Secondary Education Act.

Sec. 34. ALTERNATIVE TEACHER PREPARATION REPORTS.

The Board of Teaching must submit an interim report on the effectiveness of the alternative teacher preparation program under Minnesota Statutes, section 122A.245, to the house of representatives and senate committees having jurisdiction over kindergarten through grade 12 education by February 15, 2012, and a final report by February 15, 2014.

Sec. 35. RULEMAKING AUTHORITY.

The commissioner of education shall adopt rules consistent with chapter 14 which provide English language proficiency standards for instruction of students identified as limited English proficient under Minnesota Statutes, sections 124D.58 to 124D.64. The English language proficiency standards must encompass the language domains of listening, speaking, reading, and writing. The English language proficiency standards must reflect social and academic dimensions of acquiring a second language that are accepted of English language learners in

prekindergarten through grade 12. The English language proficiency standards must address the specific contexts for language acquisition in the areas of social and instructional settings as well as academic language encountered in language arts, mathematics, science, and social studies. The English language proficiency standards must express the progression of language development through language proficiency levels. The English language proficiency standards must be implemented for all limited English proficient students beginning in the 2011-2012 school year and assessed beginning in the 2012-2013 school year.
