103RD DAY]

WEDNESDAY, MAY 12, 2010

STATE OF MINNESOTA
OFFICE OF THE GOVERNOR
SAINT PAUL 55155

May 11, 2010

The Honorable Margaret Anderson Kelliher
Speaker of the House of Representatives
The State of Minnesota

Dear Speaker Kelliher:

I have vetoed and am returning Chapter No. 312, H. F. No. 3327, a bill exempting employee reporting requirements of city-owned and county-owned hospitals.

All Minnesota government employee salary data is classified "public" pursuant to Minnesota Statutes, section 13.43, subdivision 2. Minnesota Statutes, section 471.701 was enacted to provide greater transparency by requiring affirmative publication of salary data for certain highly compensated employees. This legislation would provide a carve-out exemption for some hospitals, thereby decreasing accountability and transparency.

Sincerely,

TIM PAWLENTY
Governor

STATE OF MINNESOTA
OFFICE OF THE GOVERNOR
SAINT PAUL 55155

May 11, 2010

The Honorable Margaret Anderson Kelliher
Speaker of the House of Representatives
The State of Minnesota

Dear Speaker Kelliher:

I have vetoed and am returning Chapter No. 340, H. F. No. 2037.

As you are aware, Minnesota and the nation are experiencing historic economic challenges. Minnesotans are concerned about their jobs and the jobs of their family members, neighbors, and friends. Minnesota is already one of the most highly taxed states in the nation. The DFL proposal to add a fourth tier income bracket at a rate of 9.1 percent would give Minnesota the 5th-highest income tax rate in the country. It would also disproportionately harm small business owners and hamper job creation in our state. The bill would raise taxes for approximately 122,000 filers, with an average tax increase of \$2,800 in 2010.

Moreover, it is nonsensical to increase taxes on job providers merely weeks after I signed a bill to provide tax incentives for Minnesota businesses to grow jobs. This behavior sends a confusing and mixed message to companies looking to produce jobs in Minnesota.

The bill also does very little to address the budget deficit in the next biennium, leaving a nearly \$5 billion deficit for the next Legislature and Governor to address. It is irresponsible leadership not to sincerely attempt to address this critical issue, as I did in my February budget proposal.

I look forward to working with you on an appropriate budget solution that does not raise taxes on Minnesotans and significantly reduces the budget deficit in this budget cycle and the next one.

Sincerely,

TIM PAWLENTY
Governor

We, the undersigned conferees for S. F. No. 3081 report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 3081 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2009 Supplement, section 216B.1612, subdivision 2, is amended to read:

Subd. 2. **Definitions.** (a) The terms used in this section have the meanings given them in this subdivision.

~~(3)~~ (2) a Minnesota nonprofit organization organized under chapter 317A;

(4) (3) a Minnesota cooperative association organized under chapter 308A or 308B, including a rural electric cooperative association or a generation and transmission cooperative on behalf of and at the request of a member distribution utility;

~~(5)~~ (4) a Minnesota political subdivision or local government including, but not limited to, a municipal electric utility, or a municipal power agency on behalf of and at the request of a member distribution utility; the office of the commissioner of Iron Range resources and rehabilitation; a county, statutory or home rule charter city, town, school district, or public or private higher education institution; or any other local or regional governmental organization such as a board, commission, or association; ~~or~~

(6) a legal entity (i) formed for a purpose other than to participate in C-BED projects; (ii) whose principal place of business or principal executive office is located in Minnesota; and (iii) that provides labor, services, equipment, components, or debt financing to a C-BED project.

A public utility, as defined in section 216B.02, subdivision 4, is not a qualifying beneficiary.

~~(d) "Net present value rate" means a rate equal to the net present value of the nominal payments to a project divided by the total expected energy production of the project over the life of its power purchase agreement. "Qualifying revenue" includes, but is not limited to:~~

(1) royalties, distributions, dividends, and other payments flowing directly or indirectly to individuals who are qualifying beneficiaries;

(2) reasonable fees for consulting, development, professional, construction, and operations and maintenance services paid to qualifying beneficiaries;

(3) interest and fees paid to financial institutions that are qualifying beneficiaries;

(e) "Discount rate" means the ten-year United States Treasury Yield as quoted in the Wall Street Journal as of the date of application for determination under subdivision 10, plus five percent; except that the discount rate applicable to any qualifying revenues contingent upon an equity investor earning a specified internal rate of return is the ten-year United States Treasury Yield, plus eight percent.

(f) "Standard reliability criteria" means:

(1) can be safely integrated into and operated within the utility's grid without causing any adverse or unsafe consequences; and

(2) is consistent with the utility's resource needs as identified in its most recent resource plan submitted under section 216B.2422.

~~(g)~~ (g) "Renewable" refers to a technology listed in section 216B.1691, subdivision 1, paragraph (a).

~~(g)~~ (h) "Community-based energy development project" or "C-BED project" means a new renewable energy project that either as a stand-alone project or part of a partnership under subdivision 8:

(1) has no single qualifying ~~owner~~ beneficiary, including any parent company or subsidiary of the qualifying beneficiary, owning more than 15 percent of a C-BED wind energy project unless: (i) the C-BED wind energy project consists of only one or two turbines; or (ii) the qualifying ~~owner~~ beneficiary is a public entity listed under paragraph (c), clause ~~(5)~~, that is not a municipal utility (4);

(2) demonstrates that at least 51 percent of the net present value of the gross revenues from a power purchase agreement over the life of the project ~~will flow to~~ are qualifying owners and other local entities revenues; and

(3) has a resolution of support adopted by the county board of each county in which the project is to be located, or in the case of a project located within the boundaries of a reservation, the tribal council for that reservation.

(i) "Value-added portion" means the difference between the total sales price and the total cost of components, materials, and services purchased from or provided outside of Minnesota.

Sec. 2. Minnesota Statutes 2008, section 216B.1612, subdivision 3, is amended to read:

Subd. 3. **Tariff rate.** (a) The tariff described in subdivision 4 must ~~have a rate schedule that allows for a net present value rate over the 20 year life of the power purchase agreement. The tariff must~~ provide for a rate that is higher in the first ten years of the power purchase agreement than in the last ten years. ~~The discount rate required to calculate the net present value must be the utility's normal discount rate used for its other business purposes.~~

(b) The commission shall consider mechanisms to encourage the aggregation of C-BED projects.

(c) The commission shall require that ~~qualifying and nonqualifying owners~~ C-BED projects provide sufficient security to secure performance under the power purchase agreement, ~~and shall prohibit the transfer of the C-BED project to a nonqualifying owner during the initial 20 years of the contract~~ and shall prohibit transfer of a C-BED project during the initial term of a power purchase agreement if the transfer will result in the project's no longer qualifying under section 216B.1612, subdivision 2, paragraph (h).

Sec. 3. Minnesota Statutes 2008, section 216B.1612, subdivision 5, is amended to read:

Subd. 5. **Priority for C-BED projects.** (a) A utility subject to section 216B.1691 that needs to construct new generation, or purchase the output from new generation, as part of its plan to satisfy its good faith objective and standard under that section must take reasonable steps to determine if one or more C-BED projects are available that meet the utility's cost and reliability requirements, applying standard reliability criteria, to fulfill some or all of the identified need at minimal impact to customer rates.

Nothing in this section shall be construed to obligate a utility to enter into a power purchase agreement under a C-BED tariff developed under this section.

(b) Each utility shall include in its resource plan submitted under section 216B.2422 a description of its efforts to purchase energy from C-BED projects, including a list of the projects under contract and the amount of C-BED energy purchased.

(c) The commission shall consider the efforts and activities of a utility to purchase energy from C-BED projects when evaluating its good faith effort towards meeting the renewable energy objective under section 216B.1691.

(d) A municipal power agency or generation and transmission cooperative shall, when issuing a request for proposals for C-BED projects to satisfy its standard obligation under section 216B.1691, provide notice to its member distribution utilities that they may propose, in partnership with other qualifying ~~owners~~ beneficiaries, a C-BED project for the consideration of the municipal power agency or generation and transmission cooperative.

Sec. 4. Minnesota Statutes 2008, section 216B.1612, subdivision 7, is amended to read:

Subd. 7. **Other C-BED tariff issues.** (a) A community-based project developer and a utility shall negotiate the rate and power purchase agreement terms consistent with the tariff established under subdivision 4.

(b) At the discretion of the developer, a community-based project developer and a utility may negotiate a power purchase agreement with terms different from the tariff established under subdivision 4.

~~(c) A qualifying owner, or any combination of qualifying owners, may develop a joint venture project with a nonqualifying renewable energy project developer. C-BED project may be jointly developed with a non-C-BED project. However, the terms of the C-BED tariff may only apply to the portion of the energy production of the total project that is directly proportional to the equity share of the project owned by the qualifying owners energy produced by the C-BED project.~~

~~(d)~~ A project that is operating under a power purchase agreement under a C-BED tariff is not eligible for net energy billing under section 216B.164, subdivision 3, or for production incentives under section 216C.41.

~~(d)~~ A public utility must receive commission approval of a power purchase agreement for a C-BED tarified project. The commission shall provide the utility's ratepayers an opportunity to address the reasonableness of the proposed power purchase agreement. Unless a party objects to a contract within 30 days of submission of the contract to the commission the contract is deemed approved.

Sec. 5. Minnesota Statutes 2008, section 216B.1612, is amended by adding a subdivision to read:

Subd. 10. **C-BED eligibility determination.** (a) A developer of a C-BED project may seek a predetermination of C-BED eligibility from the commissioner of commerce at any time, and must obtain a determination of C-BED eligibility from the commissioner of commerce, based on the project's final financing terms, before construction may begin. In seeking a determination of eligibility under this subdivision, a developer of a C-BED project must submit to the commissioner of commerce detailed financial projections demonstrating that, based on a net present value analysis, and applying the discount rate to qualifying revenues and gross revenues from a power purchase agreement, the project meets the requirements of subdivision 2, paragraph (h), clause (1).

(b) A project is not required to obtain a determination of C-BED eligibility under paragraph (a) if it has received, prior to the effective date of this act, an opinion letter from the commissioner indicating that the project qualifies as a C-BED project under this section.

(c) The commissioner's determination of C-BED eligibility of a project that obtained its initial opinion letter regarding C-BED eligibility from the commissioner or written notification from the Midwest Independent Systems Operator (MISO) that the project retains a position in the interconnection queue before the effective date of this act must be based on the laws applicable at the time the initial opinion letter of C-BED eligibility was issued or the Midwest Independent System Operator interconnection queue position was obtained. A project subject to this paragraph may elect to have the determination of eligibility governed by the law in effect at the time of the determination.

Sec. 6. **EFFECTIVE DATE.**

Sections 1 to 5 are effective the day following final enactment."

Section 1. Minnesota Statutes 2008, section 3A.02, subdivision 4, is amended to read:

Subd. 4. **Deferred annuities augmentation.** (a) The deferred retirement allowance of any former legislator must be augmented as provided herein.

(b) The required reserves applicable to the deferred retirement allowance, determined as of the date the benefit begins to accrue using an appropriate mortality table and an interest assumption of six percent, must be augmented from the first of the month following the termination of active service, or July 1, 1973, whichever is later, to the first day of the month in which the allowance begins to accrue, at the following annually compounded rate or rates:

(1) five percent until January 1, 1981;

(2) three percent from January 1, 1981, or from the first day of the month following the termination of active service, whichever is later, until January 1 of the year in which the former legislator attains age 55 or until January 1, 2012, whichever is earlier; ~~and~~

(3) five percent from the period end date under clause (2) ~~to~~ until the effective date of retirement or until January 1, 2012, whichever is earlier; and

(4) two percent after December 31, 2011.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2008, section 352.113, subdivision 1, is amended to read:

Subdivision 1. **Age and service requirements.** (a) An employee covered by the system, who is less than normal retirement age and who becomes totally and permanently disabled after three or more years of allowable service if employed before July 1, 2010, or after five or more years of allowable service if employed after June 30, 2010, is entitled to a disability benefit in an amount provided in subdivision 3.

(b) If the disabled employee's state service has terminated at any time, the employee must have at least two years of allowable service after last becoming a state employee covered by the system.

(c) Refunds may be repaid under section 352.23 before the effective accrual date of the disability benefit under subdivision 2.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 3. Minnesota Statutes 2008, section 352.115, subdivision 1, is amended to read:

Subdivision 1. **Age and service requirements.** After separation from state service, any employee (1) who has attained the age of at least 55 years and who is entitled to credit for at least three years allowable service if employed before July 1, 2010, or after five or more years of allowable service if employed after June 30, 2010, or (2) who has received credit for at least 30 years allowable service regardless of age, is entitled upon application to a retirement annuity.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 4. Minnesota Statutes 2008, section 352.12, subdivision 2, is amended to read:

Subd. 2. **Surviving spouse benefit.** (a) If an employee or former employee has credit for at least three years allowable service if the employee was employed before July 1, 2010, or for at least five years of allowable service if the employee was employed after June 30, 2010, and dies before an annuity or disability benefit has become payable, notwithstanding any designation of beneficiary to the contrary, the surviving spouse of the employee may elect to receive, in lieu of the refund with interest under subdivision 1, an annuity equal to the joint and 100 percent survivor annuity which the employee or former employee could have qualified for on the date of death.

(b) If the employee was under age 55 and has credit for at least 30 years of allowable service on the date of death, the surviving spouse may elect to receive a 100 percent joint and survivor annuity based on the age of the employee and surviving spouse on the date of death. The annuity is payable using the full early retirement reduction under section 352.116, subdivision 1, paragraph (a), to age 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

(c) If the employee was under age 55 and has credit for at least three years of allowable service credit on the date of death if the employee was employed before July 1, 2010, or for at least five years of allowable service if the employee was employed after June 30, 2010, but did not yet qualify for retirement, the surviving spouse may elect to receive a 100 percent joint and survivor annuity based on the age of the employee and surviving spouse at the time of death. The annuity is payable using the full early retirement reduction under section 352.116, subdivision 1 or 1a, to age 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

(d) The surviving spouse eligible for benefits under paragraph (a) may apply for the annuity at any time after the date on which the employee or former employee would have attained the required age for retirement based on the allowable service earned. The surviving spouse eligible for surviving spouse benefits under paragraph (b) or (c) may apply for the annuity at any time after the employee's death. The annuity must be computed under sections

352.115, subdivisions 1, 2, and 3, and 352.116, subdivisions 1, 1a, and 3. Sections 352.22, subdivision 3, and 352.72, subdivision 2, apply to a deferred annuity or surviving spouse benefit payable under this subdivision. The annuity must cease with the last payment received by the surviving spouse in the lifetime of the surviving spouse, or upon expiration of a term certain benefit payment to a surviving spouse under subdivision 2a. An amount equal to the excess, if any, of the accumulated contributions credited to the account of the deceased employee in excess of the total of the benefits paid and payable to the surviving spouse must be paid to the deceased employee's or former employee's last designated beneficiary or, if none, as specified under subdivision 1.

(e) Any employee or former employee may request in writing, with the signed consent of the spouse, that this subdivision not apply and that payment be made only to a designated beneficiary as otherwise provided by this chapter.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 5. Minnesota Statutes 2008, section 352.22, subdivision 2, is amended to read:

Subd. 2. **Amount of refund.** Except as provided in subdivision 3, the refund payable to a person who ceased to be a state employee by reason of a termination of state service is an amount equal to employee accumulated contributions plus interest at the rate of six percent per year compounded daily from the date that the contribution was made until June 30, 2011, or until the date on which the refund is paid, whichever is earlier, and at the rate of four percent per year compounded daily from the date that the contribution was made or from July 1, 2011, whichever is later, until the date on which the refund is paid. Included with the refund is any interest paid as part of repayment of a past refund, plus interest thereon from the date of repayment.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 6. Minnesota Statutes 2008, section 352.22, subdivision 3, is amended to read:

Subd. 3. **Deferred annuity.** (a) An employee who has at least three years of allowable service if employed before July 1, 2010, or who has at least five years of allowable service if employed after June 30, 2010, when termination occurs may elect to leave the accumulated contributions in the fund and thereby be entitled to a deferred retirement annuity. The annuity must be computed under the law in effect when state service terminated, on the basis of the allowable service credited to the person before the termination of service.

(b) An employee on layoff or on leave of absence without pay, except a leave of absence for health reasons, and who does not return to state service must have an annuity, deferred annuity, or other benefit to which the employee may become entitled computed under the law in effect on the employee's last working day.

(c) No application for a deferred annuity may be made more than 60 days before the time the former employee reaches the required age for entitlement to the payment of the annuity. The deferred annuity begins to accrue no earlier than 60 days before the date the application is filed in the office of the system, but not (1) before the date on which the employee reaches the required age for entitlement to the annuity nor (2) before the day following the termination of state service in a position which is not covered by the retirement system.

(d) Application for the accumulated contributions left on deposit with the fund may be made at any time following the date of the termination of service.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 7. Minnesota Statutes 2008, section 352.72, subdivision 1, is amended to read:

Subdivision 1. **Entitlement to annuity.** (a) Any person who has been an employee covered by a retirement system listed in paragraph (b) is entitled when qualified to an annuity from each fund if total allowable service in all funds or in any two of these funds totals three or more years if employed before July 1, 2010, or totals five or more years if employed after June 30, 2010.

(b) This section applies to the Minnesota State Retirement System, the Public Employees Retirement Association including the Public Employees Retirement Association police and fire fund, the Teachers Retirement Association, the State Patrol Retirement Association, or any other public employee retirement system in the state with a similar provision, except as noted in paragraph (c).

(c) This section does not apply to other funds providing benefits for police officers or firefighters.

(d) No portion of the allowable service upon which the retirement annuity from one fund is based shall be again used in the computation for benefits from another fund. No refund may have been taken from any one of these funds since service entitling the employee to coverage under the system or the employee's membership in any of the associations last terminated. The annuity from each fund must be determined by the appropriate provisions of the law except that the requirement that a person must have at least ~~three~~ a specific number of years of allowable service in the respective system or association does not apply for the purposes of this section if the combined service in two or more of these funds equals ~~three or more years~~ at least the longest period of allowable service of any of the applicable retirement plans.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2008, section 352.72, subdivision 2, is amended to read:

Subd. 2. **Computation of deferred annuity.** (a) The deferred annuity, if any, accruing under subdivision 1, or section 352.22, subdivision 3, must be computed as provided in section 352.22, subdivision 3, on the basis of allowable service before termination of state service and augmented as provided herein. The required reserves applicable to a deferred annuity or to an annuity for which a former employee was eligible but had not applied or to any deferred segment of an annuity must be determined as of the date the benefit begins to accrue and augmented by interest compounded annually from the first day of the month following the month in which the employee ceased to be a state employee, or July 1, 1971, whichever is later, to the first day of the month in which the annuity begins to accrue. The rates of interest used for this purpose must be five percent compounded annually until January 1, 1981, and three percent compounded annually thereafter until January 1 of the year following the year in which the former employee attains age 55 or until January 1, 2012, whichever is earlier, and from ~~that date~~ the January 1 next following the attainment of age 55 to the effective date of retirement or until January 1, 2012, whichever is earlier, ~~the rate is~~ five percent compounded annually if the employee became an employee before July 1, 2006, ~~and at~~ 2.5 percent compounded annually until January 1, 2012, if the employee becomes an employee after June 30, 2006, and two percent compounded annually after December 31, 2011, irrespective of when the employee became a state employee. If a person has more than one period of uninterrupted service, the required reserves related to each period must be augmented by interest under this subdivision. The sum of the augmented required reserves so determined is the present value of the annuity. "Uninterrupted service" for the purpose of this subdivision means periods of covered employment during which the employee has not been separated from state service for more than two years. If a person repays a refund, the service restored by the repayment must be considered continuous with the next period of service for which the employee has credit with this system. The formula percentages used for each period of uninterrupted service must be those applicable to a new employee. The mortality table and interest assumption used to compute the annuity must be those in effect when the employee files application for annuity. This section does not reduce the annuity otherwise payable under this chapter.

(b) The retirement annuity or disability benefit of, or the survivor benefit payable on behalf of, a former state employee who terminated service before July 1, 1997, which is not first payable until after June 30, 1997, must be increased on an actuarial equivalent basis to reflect the change in the postretirement interest rate actuarial assumption under section 356.215, subdivision 8, from five percent to six percent under a calculation procedure and the tables adopted by the board and approved by the actuary retained under section 356.214.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 9. Minnesota Statutes 2009 Supplement, section 352.75, subdivision 4, is amended to read:

Subd. 4. **Existing deferred retirees.** Any former member of the former Metropolitan Transit Commission-Transit Operating Division employees retirement fund is entitled to a retirement annuity from the Minnesota State Retirement System if the employee:

(1) is not an active employee of the Transit Operating Division of the former Metropolitan Transit Commission on July 1, 1978; (2) has at least ten years of active continuous service with the Transit Operating Division of the former Metropolitan Transit Commission as defined by the former Metropolitan Transit Commission-Transit Operating Division employees retirement plan document in effect on December 31, 1977; (3) has not received a refund of contributions; (4) has not retired or begun receiving an annuity or benefit from the former Metropolitan Transit Commission-Transit Operating Division employees retirement fund; (5) is at least 55 years old; and (6) submits a valid application for a retirement annuity to the executive director of the Minnesota State Retirement System.

The person is entitled to a retirement annuity in an amount equal to the normal old age retirement allowance calculated under the former Metropolitan Transit Commission-Transit Operating Division employees retirement fund plan document in effect on December 31, 1977, subject to an early retirement reduction or adjustment in amount on account of retirement before the normal retirement age specified in that former Metropolitan Transit Commission-Transit Operating Division employees retirement fund plan document.

The deferred retirement annuity of any person to whom this subdivision applies must be augmented. The required reserves applicable to the deferred retirement annuity, determined as of the date the allowance begins to accrue using an appropriate mortality table and an interest assumption of five percent, must be augmented by interest at the rate of five percent per year compounded annually from January 1, 1978, to January 1, 1981, ~~and~~ three percent per year compounded annually from January 1, 1981, until the date that the annuity begins to accrue or January 1, 2012, whichever is earlier, and two percent after December 31, 2011, to the first day of the month in which the annuity begins to accrue. After the commencement of the retirement annuity, the annuity is eligible for postretirement adjustments under section 356.415. On applying for a retirement annuity under this subdivision, the person is entitled to elect a joint and survivor optional annuity under section 352.116, subdivision 3.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 10. **[352.925] VESTING.**

(a) "Vesting" means obtaining a nonforfeitable entitlement to an annuity or benefit from the correctional state employees retirement plan by having credit for sufficient allowable service under paragraph (b) or (c), whichever applies.

(b) A member who first became a member of the correctional state employees retirement plan before July 1, 2010, is vested when the person has accrued credit for not less than three years of allowable service as defined under section 352.01, subdivision 11.

(c) A member who first becomes a member of the correctional state employees retirement plan after June 30, 2010, is vested at the following percentages when the person has accrued credited allowable service as defined under section 352.01, subdivision 11, as follows:

(i) 50 percent after five years;

(ii) 60 percent after six years;

(iii) 70 percent after seven years;

(iv) 80 percent after eight years;

(v) 90 percent after nine years; and

(vi) 100 percent after ten years.

(c) Before January 1 of each year, the executive director must calculate the amount of the cost-of-living adjustment by dividing the most recent average third quarter index value by the same average third quarter index value from the previous year, subtract one from the resulting quotient, and express the result as a percentage amount, which must be rounded to the nearest one-tenth of one percent.

(d) The amount calculated under paragraph (c) is the full cost-of-living adjustment to be applied as a permanent increase to the regular payment of each eligible member on January 1 of the next calendar year. For any eligible member whose effective date of benefit commencement occurred during the calendar year before the cost-of-living adjustment is applied, the full increase amount must be prorated on the basis of whole calendar quarters in benefit payment status in the calendar year prior to the January 1 on which the cost-of-living adjustment is applied, calculated to the third decimal place.

The sum of the augmented monthly annuity amounts determines the total deferred annuity payable. If a person repays a refund, the service restored by the repayment must be considered as continuous with the next period of service for which the person has credit with the fund. If a person does not render teaching services in any one fiscal year or more consecutive fiscal years and then resumes teaching service, the formula percentages used from the date of resumption of teaching service are those applicable to new members. A period of uninterrupted service for the purpose of this subdivision means a period of covered teaching service during which the member has not been separated from active service for more than one fiscal year.

(c) Before July 2, 2010, the actuarial valuation must use the applicable following payroll growth assumption for calculating the amortization requirement for the unfunded actuarial accrued liability where the amortization retirement is calculated as a level percentage of an increasing payroll:

plan	payroll growth assumption
general state employees retirement plan	4.50%
correctional state employees retirement plan	4.50

(d) After July 1, 2010, the assumptions set forth in paragraphs (b) and (c) continue to apply, unless a different salary assumption or a different payroll increase assumption:

(1) has been proposed by the governing board of the applicable retirement plan;

(2) is accompanied by the concurring recommendation of the actuary retained under section 356.214, subdivision 1, if applicable, or by the approved actuary preparing the most recent actuarial valuation report if section 356.214 does not apply; and

(3) has been approved or deemed approved under subdivision 18.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 69. Minnesota Statutes 2009 Supplement, section 356.215, subdivision 11, is amended to read:

Subd. 11. **Amortization contributions.** (a) In addition to the exhibit indicating the level normal cost, the actuarial valuation of the retirement plan must contain an exhibit for financial reporting purposes indicating the additional annual contribution sufficient to amortize the unfunded actuarial accrued liability and must contain an exhibit for contribution determination purposes indicating the additional contribution sufficient to amortize the unfunded actuarial accrued liability. For the retirement plans listed in subdivision 8, paragraph (c), the additional contribution must be calculated on a level percentage of covered payroll basis by the established date for full funding in effect when the valuation is prepared, assuming annual payroll growth at the applicable percentage rate set forth in subdivision 8, paragraph (c). For all other retirement plans, the additional annual contribution must be calculated on a level annual dollar amount basis.

(b) For any retirement plan other than the Minneapolis Employees Retirement Fund, the general employees retirement plan of the Public Employees Retirement Association, the general state employees retirement plan of the Minnesota State Retirement System, and the St. Paul Teachers Retirement Fund Association, if there has not been a change in the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, which change or changes by itself or by themselves without inclusion of any other items of increase or decrease produce a net increase in the unfunded actuarial accrued liability of the fund, the established date for full funding is the first actuarial valuation date occurring after June 1, 2020.

(c) For any retirement plan other than the Minneapolis Employees Retirement Fund and the general employees retirement plan of the Public Employees Retirement Association, if there has been a change in any or all of the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, and the change or changes, by itself or by themselves and without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability in the fund, the established date for full funding must be determined using the following procedure:

(i) the unfunded actuarial accrued liability of the fund must be determined in accordance with the plan provisions governing annuities and retirement benefits and the actuarial assumptions in effect before an applicable change;

(ii) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the unfunded actuarial accrued liability amount determined under item (i) by the established date for full funding in effect before the change must be calculated using the interest assumption specified in subdivision 8 in effect before the change;

(iii) the unfunded actuarial accrued liability of the fund must be determined in accordance with any new plan provisions governing annuities and benefits payable from the fund and any new actuarial assumptions and the remaining plan provisions governing annuities and benefits payable from the fund and actuarial assumptions in effect before the change;

(iv) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the difference between the unfunded actuarial accrued liability amount calculated under item (i) and the unfunded actuarial accrued liability amount calculated under item (iii) over a period of 30 years from the end of the plan year in which the applicable change is effective must be calculated using the applicable interest assumption specified in subdivision 8 in effect after any applicable change;

(v) the level annual dollar or level percentage amortization contribution under item (iv) must be added to the level annual dollar amortization contribution or level percentage calculated under item (ii);

(vi) the period in which the unfunded actuarial accrued liability amount determined in item (iii) is amortized by the total level annual dollar or level percentage amortization contribution computed under item (v) must be calculated using the interest assumption specified in subdivision 8 in effect after any applicable change, rounded to the nearest integral number of years, but not to exceed 30 years from the end of the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and not to be less than the period of years beginning in the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and ending by the date for full funding in effect before the change; and

(vii) the period determined under item (vi) must be added to the date as of which the actuarial valuation was prepared and the date obtained is the new established date for full funding.

(d) For the Minneapolis Employees Retirement Fund, the established date for full funding is June 30, 2020.

(e) For the general employees retirement plan of the Public Employees Retirement Association, the established date for full funding is June 30, 2031.

(f) For the Teachers Retirement Association, the established date for full funding is June 30, 2037.

(g) For the correctional state employees retirement plan of the Minnesota State Retirement System, the established date for full funding is June 30, 2038.

(h) For the judges retirement plan, the established date for full funding is June 30, 2038.

(i) For the public employees police and fire retirement plan, the established date for full funding is June 30, 2038.

(j) For the St. Paul Teachers Retirement Fund Association, the established date for full funding is June 30 of the 25th year from the valuation date. In addition to other requirements of this chapter, the annual actuarial valuation shall contain an exhibit indicating the funded ratio and the deficiency or sufficiency in annual contributions when comparing liabilities to the market value of the assets of the fund as of the close of the most recent fiscal year.

(k) For the general state employees retirement plan of the Minnesota State Retirement System, the established date for full funding is June 30, 2040.

(l) For the retirement plans for which the annual actuarial valuation indicates an excess of valuation assets over the actuarial accrued liability, the valuation assets in excess of the actuarial accrued liability must be recognized as a reduction in the current contribution requirements by an amount equal to the amortization of the excess expressed as a level percentage of pay over a 30-year period beginning anew with each annual actuarial valuation of the plan.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 70. Minnesota Statutes 2008, section 356.30, subdivision 1, is amended to read:

Subdivision 1. **Eligibility; computation of annuity.** (a) Notwithstanding any provisions of the laws governing the retirement plans enumerated in subdivision 3, a person who has met the qualifications of paragraph (b) may elect to receive a retirement annuity from each enumerated retirement plan in which the person has at least one-half year of allowable service, based on the allowable service in each plan, subject to the provisions of paragraph (c).

(b) A person may receive, upon retirement, a retirement annuity from each enumerated retirement plan in which the person has at least one-half year of allowable service, and augmentation of a deferred annuity calculated at the appropriate rate under the laws governing each public pension plan or fund named in subdivision 3, based on the date of the person's initial entry into public employment from the date the person terminated all public service if:

(1) the person has allowable service ~~totaling an amount that allows the person to receive an annuity~~ in any two or more of the enumerated plans;

(2) the person has sufficient allowable service in total that equals or exceeds the applicable service credit vesting requirement of the retirement plan with the longest applicable service credit vesting requirement; and

~~(2)~~ (3) the person has not begun to receive an annuity from any enumerated plan or the person has made application for benefits from each applicable plan and the effective dates of the retirement annuity with each plan under which the person chooses to receive an annuity are within a one-year period.

(c) The retirement annuity from each plan must be based upon the allowable service, accrual rates, and average salary in the applicable plan except as further specified or modified in the following clauses:

(1) the laws governing annuities must be the law in effect on the date of termination from the last period of public service under a covered retirement plan with which the person earned a minimum of one-half year of allowable service credit during that employment;

(2) the "average salary" on which the annuity from each covered plan in which the employee has credit in a formula plan must be based on the employee's highest five successive years of covered salary during the entire service in covered plans;

(3) the accrual rates to be used by each plan must be those percentages prescribed by each plan's formula as continued for the respective years of allowable service from one plan to the next, recognizing all previous allowable service with the other covered plans;

(4) the allowable service in all the plans must be combined in determining eligibility for and the application of each plan's provisions in respect to reduction in the annuity amount for retirement prior to normal retirement age; and

(5) the annuity amount payable for any allowable service under a nonformula plan of a covered plan must not be affected, but such service and covered salary must be used in the above calculation.

(d) This section does not apply to any person whose final termination from the last public service under a covered plan was before May 1, 1975.

(e) For the purpose of computing annuities under this section, the accrual rates used by any covered plan, except the public employees police and fire plan, the judges retirement fund, and the State Patrol retirement plan, must not exceed the percent specified in section 356.315, subdivision 4, per year of service for any year of service or fraction thereof. The formula percentage used by the judges retirement fund must not exceed the percentage rate specified in section 356.315, subdivision 8, per year of service for any year of service or fraction thereof. The accrual rate used by the public employees police and fire plan and the State Patrol retirement plan must not exceed the percentage rate specified in section 356.315, subdivision 6, per year of service for any year of service or fraction thereof. The accrual rate or rates used by the legislators retirement plan must not exceed 2.5 percent, but this limit does not apply to the adjustment provided under section 3A.02, subdivision 1, paragraph (c).

(f) Any period of time for which a person has credit in more than one of the covered plans must be used only once for the purpose of determining total allowable service.

(g) If the period of duplicated service credit is more than one-half year, or the person has credit for more than one-half year, with each of the plans, each plan must apply its formula to a prorated service credit for the period of duplicated service based on a fraction of the salary on which deductions were paid to that fund for the period divided by the total salary on which deductions were paid to all plans for the period.

(h) If the period of duplicated service credit is less than one-half year, or when added to other service credit with that plan is less than one-half year, the service credit must be ignored and a refund of contributions made to the person in accord with that plan's refund provisions.

EFFECTIVE DATE. This section is effective the day following final enactment.

CORRECTION OF PLAN COVERAGE ERRORS

Sec. 17. **[356.99] CORRECTION OF ERRONEOUS DEFINED BENEFIT PLAN COVERAGE.**

Subdivision 1. Definitions. (a) For purposes of this section, the terms in paragraphs (b) to (e) have the meanings given them.

(b) "Chief administrative officer" means the person selected or elected by the governing board of a covered pension plan with primary responsibility to administer the covered pension plan, or that person's designee or representative.

(c) "Covered pension plan" means a plan enumerated in section 356.30, subdivision 3, except clauses (3), (5), (6), and (11).

(d) "Governing board" means the governing board of the Minnesota State Retirement System, the Public Employees Retirement Association, the Teachers Retirement Association, the Duluth Teachers Retirement Fund Association, or the St. Paul Teachers Retirement Fund Association.

(e) "Member" means an active plan member in a covered pension plan.

Subd. 2. Treatment of terminated employee coverage error. Any person who terminated the erroneously covered service before a chief administrative officer determined the covered pension plan coverage was in error retains the coverage with the plan that originally credited the service.

Subd. 3. Active employee correction of prospective service coverage. Upon determination by a chief administrative officer that a member is covered by the wrong pension plan, the employer must stop remitting the erroneous employee deductions and employer contributions and report the employee to the correct covered pension plan for all subsequent service.

Subd. 4. Active employee treatment of past service. Any plan member, with past service credited in an erroneous plan, retains the coverage for that past service with the plan that originally credited that service if the reporting error began earlier than two fiscal years prior to the current fiscal year in which the error was determined by the chief administrative officer. If the reporting error began within two fiscal years prior to the current fiscal year, the pension plan coverage for that past service must be corrected as provided in subdivision 5.

Subd. 5. Past service transfer procedure. (a) For cases under subdivision 4 requiring correction of prior service coverage, on behalf of the applicable member the chief administrative officer of the covered pension plan fund that has received erroneous employee deductions and employer contributions must transfer to the appropriate covered retirement plan fund an amount which is the lesser of all contributions made by or on behalf of the member for the period of erroneous membership, or the specific amount requested by the chief administrative officer of the other covered pension plan which represents the employee deductions and employer contributions that would have been made had the member been properly reported.

(b) If excess employee deductions remain in the member's account after the transfer of funds, the remaining erroneous amount must be refunded to the person with interest at the rate provided under the general refund law of the applicable covered pension plan. The chief administrative officer must also return any remaining excess employer contributions by providing to the employer a credit against future contributions payable by that employer.

(c) If the contributions transferred to the correct covered pension plan fund are less than the amounts required for the period being corrected, the chief administrative officer of the correct covered pension plan fund must collect the remaining employee deductions and employer contributions from the employer under laws for recovering deficient contributions applicable to the correct covered pension plan, except that no interest is chargeable if the additional amounts due under this paragraph are received by the chief administrative officer within 30 days of notifying the employer of the amount due.

(d) A potential transfer under this section that would cause a plan to fail to be a qualified plan under section 401(a) of the Internal Revenue Code, as amended, must not be made. Within 30 days after being notified by a chief administrative officer of an unmade potential transfer under this section, the employer of the member must transmit an amount representing the applicable salary deductions and employer contributions, without interest, to the fund of the appropriate covered pension plan. The chief administrative officer of the covered pension plan which erroneously provided coverage must provide to the employer a credit for the amount of the erroneous salary deductions and employer contributions against future contributions from that employer.

(e) Upon transfer of the required assets, or payment from the employer under paragraph (d), whichever is applicable, allowable service and salary credit for the period being transferred is forfeited in the erroneous plan and is granted in the correct plan.

EFFECTIVE DATE. This section is effective July 1, 2010.

Sec. 18. Minnesota Statutes 2008, section 490.123, is amended by adding a subdivision to read:

Subd. 4. **Correction of contribution errors.** (a) If erroneous employee deductions and employer contributions are caused by an error in plan coverage involving the judges retirement plan and any other plan specified in section 356.99, that section applies.

(b) The provisions of section 352.04, subdivisions 8 and 9, apply to the judges' retirement plan, except that if employee deductions or contributions are erroneously transmitted to the judges' retirement fund for service rendered after the service credit limit under section 490.121, subdivision 22, has been attained, consistent with section 352D.04, subdivision 2, no employer contributions may be transferred.

EFFECTIVE DATE. This section is effective July 1, 2010.

EFFECTIVE DATE. This section is effective July 1, 2010.

Sec. 5. Minnesota Statutes 2009 Supplement, section 353.01, subdivision 16, is amended to read:

Subd. 16. **Allowable service; limits and computation.** (a) "Allowable service" means:

(1) service during years of actual membership in the course of which employee deductions were withheld from salary and contributions were made at the applicable rates under section 353.27, 353.65, or 353E.03;

(2) periods of service covered by payments in lieu of salary deductions under sections 353.27, subdivision 12, and 353.35;

(3) service in years during which the public employee was not a member but for which the member later elected, while a member, to obtain credit by making payments to the fund as permitted by any law then in effect;

(4) a period of authorized leave of absence with pay from which deductions for employee contributions are made, deposited, and credited to the fund;

(5) a period of authorized personal, parental, or medical leave of absence without pay, including a leave of absence covered under the federal Family Medical Leave Act, that does not exceed one year, and for which a member obtained service credit for each month in the leave period by payment under section 353.0161 to the fund made in place of salary deductions. An employee must return to public service and render a minimum of three

months of allowable service in order to be eligible to make payment under section 353.0161 for a subsequent authorized leave of absence without pay. Upon payment, the employee must be granted allowable service credit for the purchased period;

(6) a periodic, repetitive leave that is offered to all employees of a governmental subdivision. The leave program may not exceed 208 hours per annual normal work cycle as certified to the association by the employer. A participating member obtains service credit by making employee contributions in an amount or amounts based on the member's average salary, excluding overtime pay, that would have been paid if the leave had not been taken. The employer shall pay the employer and additional employer contributions on behalf of the participating member. The employee and the employer are responsible to pay interest on their respective shares at the rate of 8.5 percent a year, compounded annually, from the end of the normal cycle until full payment is made. An employer shall also make the employer and additional employer contributions, plus 8.5 percent interest, compounded annually, on behalf of an employee who makes employee contributions but terminates public service. The employee contributions must be made within one year after the end of the annual normal working cycle or within 30 days after termination of public service, whichever is sooner. The executive director shall prescribe the manner and forms to be used by a governmental subdivision in administering a periodic, repetitive leave. Upon payment, the member must be granted allowable service credit for the purchased period;

(7) an authorized temporary or seasonal layoff under subdivision 12, limited to three months allowable service per authorized temporary or seasonal layoff in one calendar year. An employee who has received the maximum service credit allowed for an authorized temporary or seasonal layoff must return to public service and must obtain a minimum of three months of allowable service subsequent to the layoff in order to receive allowable service for a subsequent authorized temporary or seasonal layoff;

(8) a period during which a member is absent from employment by a governmental subdivision by reason of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), if the member returns to public service with the same governmental subdivision upon discharge from service in the uniformed service within the time frames required under United States Code, title 38, section 4312(e), provided that the member did not separate from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions. The service ~~is~~ must be credited if the member pays into the fund equivalent employee contributions based upon the contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and applied to the annual salary rate. The annual salary rate is the average annual salary, excluding overtime pay, during the purchase period that the member would have received if the member had continued to be employed in covered employment rather than to provide uniformed service, or, if the determination of that rate is not reasonably certain, the annual salary rate is the member's average salary rate, excluding overtime pay, during the 12-month period of covered employment rendered immediately preceding the period of the uniformed service. Payment of the member equivalent contributions must be made during a period that begins with the date on which the individual returns to public employment and that is three times the length of the military leave period, or within five years of the date of discharge from the military service, whichever is less. If the determined payment period is less than one year, the contributions required under this clause to receive service credit may be made within one year of the discharge date. Payment may not be accepted following 30 days after termination of public service under subdivision 11a. If the member equivalent contributions provided for in this clause are not paid in full, the member's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total member contributions received by the total member contributions otherwise required under this clause. The equivalent employer contribution, and, if applicable, the equivalent additional employer contribution must be paid by the governmental subdivision employing the member if the member makes the equivalent employee contributions. The employer payments must be made from funds available to the employing unit, using the employer and additional employer contribution rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent member contribution. The governmental subdivision involved may appropriate money for those payments. The amount of service credit

obtainable under this section may not exceed five years unless a longer purchase period is required under United States Code, title 38, section 4312. The employing unit shall pay interest on all equivalent member and employer contribution amounts payable under this clause. Interest must be computed at a rate of 8.5 percent compounded annually from the end of each fiscal year of the leave or the break in service to the end of the month in which the payment is received. Upon payment, the employee must be granted allowable service credit for the purchased period; or

(9) a period specified under subdivision 40.

(b) For calculating benefits under sections 353.30, 353.31, 353.32, and 353.33 for state officers and employees displaced by the Community Corrections Act, chapter 401, and transferred into county service under section 401.04, "allowable service" means the combined years of allowable service as defined in paragraph (a), clauses (1) to (6), and section 352.01, subdivision 11.

(c) For a public employee who has prior service covered by a local police or firefighters relief association that has consolidated with the Public Employees Retirement Association or to which section 353.665 applies, and who has elected the type of benefit coverage provided by the public employees police and fire fund either under section 353A.08 following the consolidation or under section 353.665, subdivision 4, "applicable service" is a period of service credited by the local police or firefighters relief association as of the effective date of the consolidation based on law and on bylaw provisions governing the relief association on the date of the initiation of the consolidation procedure.

(d) No member may receive more than 12 months of allowable service credit in a year either for vesting purposes or for benefit calculation purposes.

The employing unit, at its option, may pay the employer portion of the amount specified in paragraph (b) on behalf of its employees.

(b) If payment is received by the executive director within one year from the date the member returned to work following the authorized leave, or within 30 days after the date of termination of public service if the member did not return to work, the payment amount is equal to the employee and employer contribution rates specified in law for the applicable plan at the end of the leave period, or at termination of public service, whichever is earlier, multiplied by the employee's average monthly salary, excluding overtime, upon which deductions were paid during the six months, or portion thereof, before the commencement of the leave of absence and by the number of months of the leave of absence for which the employee wants allowable service credit. Payments made under this paragraph must include compound interest at a monthly rate of 0.71 percent from the last day of the leave period until the last day of the month in which payment is received.

(c) If payment is received by the executive director after one year, the payment amount is the amount determined under section 356.551. Payment under this paragraph must be made before the date the person terminates public service under section 353.01, subdivision 11a.

(2) on an authorized medical leave of absence; or

(3) on an authorized partial paid leave of absence as a result of a budgetary or salary savings program offered or mandated by a governmental subdivision.

(e) The employer, by appropriate action of its governing body and documented in its official records, may pay the employer equivalent contributions and, as applicable, the equivalent employer additional contributions on behalf of the member.

(f) Payment under this section must include interest on the contribution amount or amounts, whichever applies, at an 8.5 percent annual rate, prorated for applicable months from the date on which the period of reduced salary specified under this section terminates to the date on which the payment or payments are received by the executive director. For an authorized medical leave of absence, the period for which allowable salary credit may be purchased may not exceed 12 consecutive months of authorized medical leave.

(h) To purchase salary credit for a subsequent period of temporary workers' compensation benefits or subsequent authorized medical leave of absence, the member must return to public service and render a minimum of three months of allowable service.

Upon discovery of the error, ~~the association shall remove allowable service credit for all invalid service if forfeited~~ and, upon termination of public service, the association shall refund all erroneous employee deductions to the person, with interest as determined under section 353.34, subdivision 2, and all erroneous employer contributions without interest to the employer. This paragraph has both retroactive and prospective application.

(c) Adjustments to correct employer contributions and employee deductions taken in error from amounts which are not salary under section 353.01, subdivision 10, must be made as specified in paragraph (e). The period of adjustment must be limited to the fiscal year in which the error is discovered by the association and the immediate two preceding fiscal years.

(g) If the accrual date of any retirement annuity, survivor benefit, or disability benefit is within the limitation period specified in paragraph (c), and an overpayment has resulted by using invalid service or salary, or due to any erroneous calculation procedure, the association must recalculate the annuity or benefit payable and recover any overpayment as provided under subdivision 7b.

(h) Notwithstanding the provisions of this subdivision, the association may apply the Revenue Procedures defined in the federal Internal Revenue Service Employee Plans Compliance Resolution System and not issue a refund of erroneous employee deductions and employer contributions or not recover a small overpayment of benefits if the cost to correct the error would exceed the amount of the member refund or overpayment.

Subdivision 1. **Eligibility determination.** (a) The chief clerical officer of a governmental subdivision may submit a resolution from the governing body to the executive director of the Public Employees Retirement Association which supports providing coverage under this chapter for employees of that governmental subdivision who are privatized, and which states that the governing body will pay for actuarial calculations, as further specified in paragraph (c).

(b) The governing body must also provide a copy of any applicable purchase or lease agreement and any other information requested by the executive director to allow the executive director to verify that under the proposed employer change, the new employer does not qualify as a governmental subdivision under section 353.01, subdivision 6, making the employees ineligible for continued coverage as active members of the general employees retirement plan of the Public Employees Retirement Association.

(c) Following receipt of a resolution and a determination by the executive director that the new employer is not a governmental subdivision, the executive director shall direct the consulting actuary retained under section 356.214 to determine whether the general employees retirement plan of the Public Employees Retirement Association, if coverage under this chapter is provided, is expected to receive a net gain or a net loss if privatization occurs, ~~by determining whether.~~ A net gain is expected if the actuarial liability of the special benefit coverage provided under this chapter, if extended to the applicable employees under the privatization, is less than the actuarial gain otherwise to accrue to the plan. A net loss is expected if the actuarial accrued liability of the special benefit coverage provided under this chapter, if extended to the applicable employees under the privatization, is more than the actuarial gain otherwise to accrue to the plan. The date of the actuarial calculations used to make this determination must be within one year of the effective date, as defined in section 353F.02, subdivision 3.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 19. Minnesota Statutes 2008, section 353F.025, subdivision 2, is amended to read:

The recommendation must be forwarded to the legislature before January 15 for the recommendation to be considered in that year's legislative session. The recommendation may be included as part of public pension administrative legislation under section 356B.05.

(b) If a medical facility or other public employing unit listed under section 353F.02, subdivision 4 or 5, fails to privatize within one year of the final enactment date of the legislation adding the entity to the applicable definition, its inclusion under this chapter is voided, and the executive director shall include in the subsequent proposed legislation under paragraph (a) a recommendation that the applicable entity be stricken from the definition.

(c) If the calculations under subdivision 1, paragraph (c), indicate a net loss, the executive director shall forward a recommendation that the privatization be included as an addition under paragraph (a) if the chief clerical officer of the applicable governmental subdivision submits a resolution from the governing body specifying that a lump sum payment will be made to the executive director equal to the net loss, plus interest. The interest must be computed using the applicable preretirement interest rate assumption under section 356.215, subdivision 8, expressed as a monthly rate, from the date of the actuarial valuation from which the actuarial accrued liability data was used to determine the net loss in the actuarial study under subdivision 1, to the date of payment, with annual compounding. Payment must be made on or after the effective date defined under section 353F.02.

Sec. 2. Minnesota Statutes 2009 Supplement, section 353G.05, subdivision 2, is amended to read:

Subd. 2. **Election of coverage.** (a) The process for electing coverage of volunteer firefighters by the retirement plan is initiated by a request to the executive director for a cost analysis of the prospective retirement coverage.

(b) If the volunteer firefighters are currently covered by a volunteer firefighters' relief association governed by chapter 424A, the cost analysis of the prospective retirement coverage must be requested jointly by the secretary of the volunteer firefighters' relief association, following approval of the request by the board of the volunteer firefighters' relief association, and the chief administrative officer of the entity associated with the relief association, following approval of the request by the governing body of the entity associated with the relief association. If the relief association is associated with more than one entity, the chief administrative officer of each associated entity must execute the request. If the volunteer firefighters are not currently covered by a volunteer firefighters' relief association, the cost analysis of the prospective retirement coverage must be requested by the chief administrative officer of the entity operating the fire department. The request must be made in writing and must be made on a form prescribed by the executive director.

(c) The cost analysis of the prospective retirement coverage by the statewide retirement plan must be based on the service pension amount under section 353G.11 closest to the service pension amount provided by the volunteer firefighters' relief association; if there is one the relief association is a lump-sum defined benefit plan, or the amount equal to 95 percent of the most current average account balance per relief association member if the relief association is a defined contribution plan, or to the lowest service pension amount under section 353G.11 if there is no volunteer firefighters' relief association, rounded up, and any other service pension amount designated by the requester or requesters. (e) If a cost analysis is requested, the executive director of the State Board of Investment shall review the investment portfolio of the relief association, if applicable, for compliance with the applicable provisions of chapter 11A and for appropriateness for retention under the established investment objectives and investment policies of the State Board of Investment. If the prospective retirement coverage change is approved under paragraph (f), the State Board of Investment may require that the relief association liquidate any investment security or other asset which the executive director of the State Board of Investment has determined to be an ineligible or inappropriate investment for retention by the State Board of Investment. The security or asset liquidation must occur before the effective date of the transfer of retirement plan coverage. If requested to do so by the chief administrative officer of the relief association, the executive director of the State Board of Investment shall provide advice about the best means to conduct the liquidation.

(f) Upon receipt of the cost analysis, the governing body of the municipality or independent nonprofit firefighting corporation associated with the fire department shall either approve or disapprove the retirement coverage change within 90 days. If the retirement coverage change is not acted upon within 90 days, it is deemed to be disapproved. If the retirement coverage change is approved by the applicable governing body, coverage by the voluntary statewide lump-sum volunteer firefighter retirement plan is effective on the next following January 1.

~~(b) If the market value of the special fund of the volunteer firefighters' relief association for which retirement coverage changed under this chapter declines in the interval between the date of the most recent financial report or statement, and the special fund disestablishment date, the applicable municipality shall transfer an additional amount to the State Board of Investment equal to that decline. If more than one municipality is responsible for the direct management of the fire department, the municipalities shall allocate the additional transfer amount among the various applicable municipalities one half in proportion to the population of each municipality and one half in proportion to the market value of each municipality.~~

EFFECTIVE DATE. This section is effective retroactively from January 1, 2010.

Sec. 4. Minnesota Statutes 2009 Supplement, section 353G.08, is amended to read:

353G.08 RETIREMENT PLAN FUNDING; DISBURSEMENTS.

Subdivision 1. **Annual funding requirements.** (a) Annually, the executive director shall determine the funding requirements of each account in the voluntary statewide lump-sum volunteer firefighter retirement plan on or before August 1. The funding requirements as directed under this section, must be determined using a mathematical

procedure developed and certified as accurate by an approved actuary retained by the Public Employees Retirement Association and based on present value factors using a six percent interest rate, without any decrement assumptions. The funding requirements must be certified to the entity or entities associated with the fire department whose active firefighters are covered by the retirement plan.

(b) The overall funding balance of each account for the current calendar year must be determined in the following manner:

(1) The total accrued liability for all active and deferred members of the account as of December 31 of the current year must be calculated based on the good time service credit of active and deferred members as of that date.

(2) The total present assets of the account projected to December 31 of the current year, including receipts by and disbursements from the account anticipated to occur on or before December 31, must be calculated. To the extent possible, the market value of assets must be utilized in making this calculation.

(3) The amount of the total present assets calculated under clause (2) must be subtracted from the amount of the total accrued liability calculated under clause (1). If the amount of total present assets exceeds the amount of the total accrued liability, then the account is considered to have a surplus over full funding. If the amount of the total present assets is less than the amount of the total accrued liability, then the account is considered to have a deficit from full funding. If the amount of total present assets is equal to the amount of the total accrued liability, then the special fund is considered to be fully funded.

(c) The financial requirements of each account for the following calendar year must be determined in the following manner:

(1) The total accrued liability for all active and deferred members of the account as of December 31 of the calendar year next following the current calendar year must be calculated based on the good time service used in the calculation under paragraph (b), clause (1), increased by one year.

(2) The increase in the total accrued liability of the account for the following calendar year over the total accrued liability of the account for the current year must be calculated.

(3) The amount of anticipated future administrative expenses of the account must be calculated by multiplying the dollar amount of the administrative expenses for the most recent prior calendar year by the factor of 1.035.

(4) If the account is fully funded, the financial requirement of the account for the following calendar year is the total of the amounts calculated under clauses (2) and (3).

(5) If the account has a deficit from full funding, the financial requirement of the account for the following calendar year is the total of the amounts calculated under clauses (2) and (3) plus an amount equal to one-tenth of the amount of the deficit from full funding of the account.

(6) If the account has a surplus over full funding, the financial requirement of the account for the following calendar year is the financial requirement of the account calculated as though the account was fully funded under clause (4) and, if the account has also had a surplus over full funding during the prior two years, additionally reduced by an amount equal to one-tenth of the amount of the surplus over full funding of the account.

(d) The required contribution of the entity or entities associated with the fire department whose active firefighters are covered by the retirement plan is the annual financial requirements of the account of the retirement plan under paragraph (c) reduced by the amount of any fire state aid payable under sections 69.011 to 69.051 reasonably anticipated to be received by the retirement plan attributable to the entity or entities during the following

calendar year, and an amount of interest on the assets projected to be received during the following calendar year calculated at the rate of six percent per annum. The required contribution must be allocated between the entities if more than one entity is involved. A reasonable amount of anticipated fire state aid is an amount that does not exceed the fire state aid actually received in the prior year multiplied by the factor 1.035.

(e) The required contribution calculated in paragraph (d) must be paid to the retirement plan on or before December 31 of the year for which it was calculated. If the contribution is not received by the retirement plan by December 31, it is payable with interest at an annual compound rate of six percent from the date due until the date payment is received by the retirement plan. If the entity does not pay the full amount of the required contribution, the executive director shall collect the unpaid amount under section 353.28, subdivision 6.

Subd. 2. Cash flow funding requirement. If the executive director determines that an account in the voluntary statewide lump-sum volunteer firefighter retirement plan has insufficient assets to meet the service pensions determined payable from the account, the executive director shall certify the amount of the potential service pension shortfall to the municipality or municipalities and the municipality or municipalities shall make an additional employer contribution to the account within ten days of the certification. If more than one municipality is associated with the account, unless the municipalities agree to a different allocation, the municipalities shall allocate the additional employer contribution one-half in proportion to the population of each municipality and one-half in proportion to the market value of the property of each municipality.

Subd. 3. Authorized account disbursements. ~~(f)~~ The assets of the retirement fund may only be disbursed for:

- (1) the administrative expenses of the retirement plan;
- (2) the investment expenses of the retirement fund;
- (3) the service pensions payable under section 353G.10, 353G.11, 353G.14, or 353G.15; ~~and~~
- (4) the survivor benefits payable under section 353G.12; and
- (5) the disability benefit coverage insurance premiums under section 353G.115.

EFFECTIVE DATE. This section is effective retroactively from January 1, 2010.

Sec. 5. Minnesota Statutes 2009 Supplement, section 353G.09, subdivision 3, is amended to read:

Subd. 3. Alternative pension eligibility and computation. (a) An active member of the retirement plan is entitled to an alternative lump-sum service pension from the retirement plan if the person:

- (1) has separated from active service with the fire department for at least 30 days;
- (2) has attained the age of at least 50 years or the age for receipt of a service pension under the benefit plan of the applicable former volunteer firefighters' relief association as of the date immediately prior to the election of the retirement coverage change, whichever is later;
- (3) has completed at least five years of active service with the fire department and at least five years in total as a member of the applicable former volunteer firefighters' relief association or of the retirement plan, but has not rendered at least five years of good time service credit as a member of the retirement plan; and
- (4) applies in a manner prescribed by the executive director for the service pension.

(b) If retirement coverage prior to statewide retirement plan coverage was provided by a defined benefit plan volunteer firefighters relief association, the alternative lump-sum service pension is the service pension amount specified in the bylaws of the applicable former volunteer firefighters' relief association either as of the date immediately prior to the election of the retirement coverage change or as of the date immediately before the termination of firefighting services, whichever is earlier, multiplied by the total number of years of service as a member of that volunteer firefighters' relief association and as a member of the retirement plan. If retirement coverage prior to statewide retirement plan coverage was provided by a defined contribution plan volunteer firefighters relief association, the alternative lump-sum service pension is an amount equal to the person's account balance as of the date immediately prior to the date on which statewide retirement plan coverage was first provided to the person plus six percent annual compound interest from that date until the date immediately prior to the date of retirement.

EFFECTIVE DATE. This section is effective retroactively from January 1, 2010.

(b) Employee and employer contributions to the general employees retirement plan under subdivisions 2 and 3 must be adjusted:

(1) if, after July 1, 2010, the regular actuarial valuations of the general employees retirement plan of the Public Employees Retirement Association under section 356.215 indicate that there is a contribution sufficiency under paragraph (a) equal to or greater than 0.5 percent of covered payroll for two consecutive years, the coordinated program employee and employer contribution rates must be decreased as determined under paragraph (c) to a level such that the sufficiency equals no more than 0.25 percent of covered payroll based on the most recent actuarial valuation; or

(c) The general employees retirement plan contribution rate increase or decrease must be determined by the executive director of the Public Employees Retirement Association, must be reported to the chair and the executive director of the Legislative Commission on Pensions and Retirement on or before the next February 1, and, if the Legislative Commission on Pensions and Retirement does not recommend against the rate change or does not recommend a modification in the rate change, is effective on the next July 1 following the determination by the executive director that a contribution deficiency or sufficiency has existed for two consecutive fiscal years based on the most recent actuarial valuations under section 356.215. If the actuarially required contribution of the general employees retirement plan exceeds or is less than the total support provided by the combined employee and employer contribution rates by more than 0.5 percent of covered payroll, the general employees retirement plan coordinated program employee and employer contribution rates must be adjusted incrementally over one or more years to a level such that there remains a contribution sufficiency of no more than 0.25 percent of covered payroll.

(d) No incremental adjustment may exceed 0.25 percent for either the general employees retirement plan coordinated program employee and employer contribution rates per year in which any adjustment is implemented. A general employees retirement plan contribution rate adjustment under this subdivision must not be made until at least two years have passed since fully implementing a previous adjustment under this subdivision.

(e) The general employees retirement plan contribution sufficiency or deficiency determination under paragraphs (a) to (d) must be made without the inclusion of the contributions to, the funded condition of, or the actuarial funding requirements of the MERF division.

The employer shall also report to the association all member employment status changes, such as leaves of absence, terminations, and death, and shall report the effective dates of those changes, on an ongoing basis for the payroll cycle in which they occur. The employer shall furnish data, forms, and reports as may be required by the executive director for proper administration of the retirement system. (a) Except as provided in paragraph (b), erroneous employee deductions and erroneous employer contributions and additional employer contributions to the general employees retirement plan of the Public Employees Retirement Association or to the public employees police and fire retirement plan for a person, who otherwise does not qualify for membership under this chapter, are considered:

(1) valid if the initial erroneous deduction began before January 1, 1990. Upon determination of the error by the association, the person may continue membership in the association while employed in the same position for which erroneous deductions were taken, or file a written election to terminate membership and apply for a refund upon termination of public service or defer an annuity under section 353.34; or

(2) invalid, if the initial erroneous employee deduction began on or after January 1, 1990. Upon determination of the error, the association shall refund all erroneous employee deductions and all erroneous employer contributions as specified in paragraph (e). No person may claim a right to continued or past membership in the association based on erroneous deductions which began on or after January 1, 1990.

(b) Erroneous deductions taken from the salary of a person who did not qualify for membership in the general employees retirement plan of the Public Employees Retirement Association or in the public employees police and fire retirement plan by virtue of concurrent employment before July 1, 1978, which required contributions to another retirement fund or relief association established for the benefit of officers and employees of a governmental subdivision, are invalid. Upon discovery of the error, the association shall remove all invalid service and, upon termination of public service, the association shall refund all erroneous employee deductions to the person, with interest as determined under section 353.34, subdivision 2, and all erroneous employer contributions without interest to the employer. This paragraph has both retroactive and prospective application.

(c) Adjustments to correct employer contributions and employee deductions taken in error from amounts which are not salary under section 353.01, subdivision 10, must be made as specified in paragraph (e). The period of adjustment must be limited to the fiscal year in which the error is discovered by the association and the immediate two preceding fiscal years.

(d) If there is evidence of fraud or other misconduct on the part of the employee or the employer, the board of trustees may authorize adjustments to the account of a member or former member to correct erroneous employee deductions and employer contributions on invalid salary and the recovery of any overpayments for a period longer than provided for under paragraph (c).

(e) Upon discovery of the receipt of erroneous employee deductions and employer contributions under paragraph (a), clause (2), or paragraph (c), the association must require the employer to discontinue the erroneous employee deductions and erroneous employer contributions reported on behalf of a member. Upon discontinuation, the association must:

(1) for a member, provide a refund or credit to the employer in the amount of the invalid employee deductions with interest on the invalid employee deductions at the rate specified under section 353.34, subdivision 2, from the received date of each invalid salary transaction through the date the credit or refund is made; and the employer must pay the refunded employee deductions plus interest to the member;

(2) for a former member who:

(i) is not receiving a retirement annuity or benefit, return the erroneous employee deductions to the former member through a refund with interest at the rate specified under section 353.34, subdivision 2, from the received date of each invalid salary transaction through the date the credit or refund is made; or

(ii) is receiving a retirement annuity or disability benefit, or a person who is receiving an optional annuity or survivor benefit, for whom it has been determined an overpayment must be recovered, adjust the payment amount and recover the overpayments as provided under this section; and

(3) return the invalid employer contributions reported on behalf of a member or former member to the employer by providing a credit against future contributions payable by the employer.

(f) In the event that a salary warrant or check from which a deduction for the retirement fund was taken has been canceled or the amount of the warrant or check returned to the funds of the department making the payment, a refund of the sum deducted, or any portion of it that is required to adjust the deductions, must be made to the department or institution.

(g) If the accrual date of any retirement annuity, survivor benefit, or disability benefit is within the limitation period specified in paragraph (c), and an overpayment has resulted by using invalid service or salary, or due to any erroneous calculation procedure, the association must recalculate the annuity or benefit payable and recover any overpayment as provided under subdivision 7b.

(h) Notwithstanding the provisions of this subdivision, the association may apply the Revenue Procedures defined in the federal Internal Revenue Service Employee Plans Compliance Resolution System and not issue a refund of erroneous employee deductions and employer contributions or not recover a small overpayment of benefits if the cost to correct the error would exceed the amount of the member refund or overpayment.

(i) Any fees or penalties assessed by the federal Internal Revenue Service for any failure by an employer to follow the statutory requirements for reporting eligible members and salary must be paid by the employer.

Subd. 7a. **Deductions or contributions transmitted by error.** (a) If employee deductions and employer contributions under this section, section 353.50, 353.65, or 353E.03 were erroneously transmitted to the association, but should have been transmitted to another Minnesota public pension plan, the executive director shall transfer the erroneous employee deductions and employer contributions to the appropriate retirement fund or individual account, as applicable, without interest. The time limitations specified in subdivisions 7 and 12 do not apply.

(b) For purposes of this subdivision, a Minnesota public pension plan means a plan specified in section 356.30, subdivision 3, or the plans governed by chapters 353D and 354B.

(c) A potential transfer under paragraph (a) that is reasonably determined to cause the plan to fail to be a qualified plan under section 401(a) of the federal Internal Revenue Code, as amended, must not be made by the executive director of the association. Within 30 days after being notified by the Public Employees Retirement Association of an unmade potential transfer under this paragraph, the employer of the affected person must transmit an amount representing the applicable salary deductions and employer contributions, without interest, to the retirement fund of the appropriate Minnesota public pension plan, or to the applicable individual account if the proper coverage is by a defined contribution plan. The association must provide the employing unit a credit for the amount of the erroneous salary deductions and employer contributions against future contributions from the employer. If the employing unit receives a credit under this paragraph, the employing unit is responsible for refunding to the applicable employee any amount that had been erroneously deducted from the person's salary.

Subd. 7b. **Recovery of overpayments.** (a) In the event the executive director determines that an overpaid annuity or benefit ~~that~~ from the general employees retirement plan of the Public Employees Retirement Association, the public employees police and fire retirement plan, or the local government correctional employees retirement plan is the result of invalid salary included in the average salary used to calculate the payment amount must be recovered, the association must determine the amount of the employee deductions taken in error on the invalid salary, with interest determined in the manner provided for a former member under subdivision 7, paragraph (e), clause (2), item (i), and must subtract that amount from the total annuity or benefit overpayment, and the remaining balance of the overpaid annuity or benefit, if any, must be recovered.

(b) If the invalid employee deductions plus interest exceed the amount of the overpaid benefits, the balance must be refunded to the person to whom the benefit or annuity is being paid.

(c) Any invalid employer contributions reported on the invalid salary must be credited to the employer as provided in subdivision 7, paragraph (e).

(d) If a member or former member, who is receiving a retirement annuity or disability benefit for which an overpayment is being recovered, dies before recovery of the overpayment is completed and a joint and survivor optional annuity is payable, the remaining balance of the overpaid annuity or benefit must continue to be recovered from the payment to the optional annuity beneficiary.

(e) If the association finds that a refund has been overpaid to a former member, beneficiary or other person, the amount of the overpayment must be recovered for the benefit of the respective retirement fund or account.

(f) The board of trustees shall adopt policies directing the period of time and manner for the collection of any overpaid retirement or optional annuity, and survivor or disability benefit, or a refund that the executive director determines must be recovered as provided under this section.

Subd. 7c. **Limitation on additional plan coverage.** No deductions for any plan under this chapter or chapter 353E may be taken from the salary of a person who is employed by a governmental subdivision under section 353.01, subdivision 6, and who is receiving disability benefit payments from any plan under this chapter or chapter 353E unless the person waives the right to further disability benefit payments.

Subd. 8. **District court reporters; salary deductions.** Deductions from the salary of a district court reporter in a judicial district consisting of two or more counties ~~shall~~ must be made by the auditor of the county in which the bond and official oath of such district court reporter are filed, from the portion of salary paid by such county.

Subd. 9. **Fee officers; contributions; obligations of employers.** Any appointed or elected officer of a governmental subdivision who was or is a "public employee" within the meaning of section 353.01 and was or is a member of the ~~fund~~ general employees retirement plan of the Public Employees Retirement Association and whose salary was or is paid in whole or in part from revenue derived by fees and assessments, shall pay employee contribution in the amount, at the time, and in the manner provided in subdivisions 2 and 4. This subdivision ~~shall~~ does not apply to district court reporters. The employer contribution as provided in subdivision 3, and the additional employer contribution as provided in subdivision 3a, with respect to such service ~~shall~~ must be paid by the governmental subdivision. This subdivision ~~shall have~~ has both retroactive and prospective application as to all such members; and every employing governmental subdivision is deemed liable, retroactively and prospectively, for all employer and additional employer contributions for every such member of the general employees retirement plan in its employ. Delinquencies under this section ~~shall be~~ are governed in all respects by section 353.28.

Subd. 10. **Employer exclusion reports.** The head of a department shall annually furnish the executive director with an exclusion report listing only those employees in potentially ~~PERA-eligible~~ PERA general employees retirement plan-eligible positions who were not reported as members of the ~~association~~ general employees retirement plan and who worked during the school year for school employees and calendar year for nonschool employees. The department head must certify the accuracy and completeness of the exclusion report to the association. The executive director shall prescribe the manner and forms, including standardized exclusion codes, to be used by a governmental subdivision in preparing and filing exclusion reports. The executive director shall also check the exclusion report to ascertain whether any omissions have been made by a department head in the reporting of new public employees for membership. The executive director may delegate an association employee under section 353.03, subdivision 3a, paragraph (b), clause (5), to conduct a field audit to review the payroll records of a governmental subdivision.

Subd. 11. **Employers; required to furnish requested information.** (a) All governmental subdivisions shall furnish promptly such other information relative to the employment status of all employees or former employees, including, but not limited to, payroll abstracts pertaining to all past and present employees, as may be requested by the executive director, including schedules of salaries applicable to various categories of employment.

(b) In the event payroll abstract records have been lost or destroyed, for whatever reason or in whatever manner, so that such schedules of salaries cannot be furnished therefrom, the employing governmental subdivision, in lieu thereof, shall furnish to the association an estimate of the earnings of any employee or former employee for any period as may be requested by the executive director. If the association is provided a schedule of estimated earnings, the executive director is authorized to use the same as a basis for making whatever computations might be necessary for determining obligations of the employee and employer to the general employees retirement fund plan, the public employees police and fire retirement plan, or the local government correctional employees retirement plan. If estimates are not furnished by the employer at the request of the executive director, the executive director may estimate the obligations of the employee and employer to the general employees retirement fund, the public employees police and fire retirement plan, or the local government correctional employees retirement plan based upon those records that are in its possession.

Subd. 12. **Omitted salary deductions; obligations.** (a) In the case of omission of required deductions for the general employees retirement plan, the public employees police and fire retirement plan, or the local government correctional employees retirement plan from the salary of an employee, the department head or designee shall immediately, upon discovery, report the employee for membership and deduct the employee deductions under subdivision 4 during the current pay period or during the pay period immediately following the discovery of the omission. Payment for the omitted obligations may only be made in accordance with reporting procedures and methods established by the executive director.

(b) When the entire omission period of an employee does not exceed 60 days, the governmental subdivision may report and submit payment of the omitted employee deductions and the omitted employer contributions through the reporting processes under subdivision 4.

(c) When the omission period of an employee exceeds 60 days, the governmental subdivision shall furnish to the association sufficient data and documentation upon which the obligation for omitted employee and employer contributions can be calculated. The omitted employee deductions must be deducted from the employee's subsequent salary payment or payments and remitted to the association for deposit in the applicable retirement fund. The employee shall pay omitted employee deductions due for the 60 days prior to the end of the last pay period in the omission period during which salary was earned. The employer shall pay any remaining omitted employee deductions and any omitted employer contributions, plus cumulative interest at an annual rate of 8.5 percent compounded annually, from the date or dates each omitted employee contribution was first payable.

(d) An employer shall not hold an employee liable for omitted employee deductions beyond the pay period dates under paragraph (c), nor attempt to recover from the employee those employee deductions paid by the employer on behalf of the employee. Omitted deductions due under paragraph (c) which are not paid by the employee constitute a liability of the employer that failed to deduct the omitted deductions from the employee's salary. The employer shall make payment with interest at an annual rate of 8.5 percent compounded annually. (c) Before July 2, 2010, the actuarial valuation must use the applicable following payroll growth assumption for calculating the amortization requirement for the unfunded actuarial accrued liability where the amortization retirement is calculated as a level percentage of an increasing payroll:

plan	payroll growth assumption
general state employees retirement plan	4.50%
correctional state employees retirement plan	4.50
State Patrol retirement plan	4.50
legislators retirement plan	4.50
judges retirement plan	4.00
general public employees retirement plan	4.50
public employees police and fire retirement plan	4.50
local government correctional service retirement plan	4.50
teachers retirement plan	4.50
Duluth teachers retirement plan	4.50

(d) After July 1, 2010, the assumptions set forth in paragraphs (b) and (c) continue to apply, unless a different salary assumption or a different payroll increase assumption:

(1) has been proposed by the governing board of the applicable retirement plan;

(2) is accompanied by the concurring recommendation of the actuary retained under section 356.214, subdivision 1, if applicable, or by the approved actuary preparing the most recent actuarial valuation report if section 356.214 does not apply; and

(3) has been approved or deemed approved under subdivision 18.

Sec. 20. Minnesota Statutes 2009 Supplement, section 356.215, subdivision 11, is amended to read:

Subd. 11. **Amortization contributions.** (a) In addition to the exhibit indicating the level normal cost, the actuarial valuation of the retirement plan must contain an exhibit for financial reporting purposes indicating the additional annual contribution sufficient to amortize the unfunded actuarial accrued liability and must contain an exhibit for contribution determination purposes indicating the additional contribution sufficient to amortize the unfunded actuarial accrued liability. For the retirement plans listed in subdivision 8, paragraph (c), but excluding the MERF division of the Public Employees Retirement Association, the additional contribution must be calculated on a level percentage of covered payroll basis by the established date for full funding in effect when the valuation is prepared, assuming annual payroll growth at the applicable percentage rate set forth in subdivision 8, paragraph (c). For all other retirement plans and for the MERF division of the Public Employees Retirement Association, the additional annual contribution must be calculated on a level annual dollar amount basis.

(b) For any retirement plan other than ~~the Minneapolis Employees Retirement Fund, the general employees a retirement plan of the Public Employees Retirement Association, and the St. Paul Teachers Retirement Fund Association~~ governed by paragraph (d), (e), (f), (g), (h), (i), or (j), if there has not been a change in the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, which change or changes by itself or by themselves without inclusion of any other items of increase or decrease produce a net increase in the unfunded actuarial accrued liability of the fund, the established date for full funding is the first actuarial valuation date occurring after June 1, 2020.

(c) For any retirement plan other than the ~~Minneapolis Employees Retirement Fund and the~~ general employees retirement plan of the Public Employees Retirement Association, if there has been a change in any or all of the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, and the change or changes, by itself or by themselves and without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability in the fund, the established date for full funding must be determined using the following procedure:

(i) the unfunded actuarial accrued liability of the fund must be determined in accordance with the plan provisions governing annuities and retirement benefits and the actuarial assumptions in effect before an applicable change;

(ii) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the unfunded actuarial accrued liability amount determined under item (i) by the established date for full funding in effect before the change must be calculated using the interest assumption specified in subdivision 8 in effect before the change;

(iii) the unfunded actuarial accrued liability of the fund must be determined in accordance with any new plan provisions governing annuities and benefits payable from the fund and any new actuarial assumptions and the remaining plan provisions governing annuities and benefits payable from the fund and actuarial assumptions in effect before the change;

(iv) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the difference between the unfunded actuarial accrued liability amount calculated under item (i) and the unfunded actuarial accrued liability amount calculated under item (iii) over a period of 30 years from the end of the plan year in which the applicable change is effective must be calculated using the applicable interest assumption specified in subdivision 8 in effect after any applicable change;

(v) the level annual dollar or level percentage amortization contribution under item (iv) must be added to the level annual dollar amortization contribution or level percentage calculated under item (ii);

(vi) the period in which the unfunded actuarial accrued liability amount determined in item (iii) is amortized by the total level annual dollar or level percentage amortization contribution computed under item (v) must be calculated using the interest assumption specified in subdivision 8 in effect after any applicable change, rounded to the nearest integral number of years, but not to exceed 30 years from the end of the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and not to be less than the period of years beginning in the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and ending by the date for full funding in effect before the change; and

(vii) the period determined under item (vi) must be added to the date as of which the actuarial valuation was prepared and the date obtained is the new established date for full funding.

(d) For the ~~Minneapolis Employees Retirement Fund~~ MERF division of the Public Employees Retirement Association, the established date for full funding is June 30, ~~2020~~ 2031.

(e) For the general employees retirement plan of the Public Employees Retirement Association, the established date for full funding is June 30, 2031.

(f) For the Teachers Retirement Association, the established date for full funding is June 30, 2037.

(g) For the correctional state employees retirement plan of the Minnesota State Retirement System, the established date for full funding is June 30, 2038.

(j) For the St. Paul Teachers Retirement Fund Association, the established date for full funding is June 30 of the 25th year from the valuation date. In addition to other requirements of this chapter, the annual actuarial valuation ~~shall~~ must contain an exhibit indicating the funded ratio and the deficiency or sufficiency in annual contributions when comparing liabilities to the market value of the assets of the fund as of the close of the most recent fiscal year.

(k) For the retirement plans for which the annual actuarial valuation indicates an excess of valuation assets over the actuarial accrued liability, the valuation assets in excess of the actuarial accrued liability must be recognized as a reduction in the current contribution requirements by an amount equal to the amortization of the excess expressed as a level percentage of pay over a 30-year period beginning anew with each annual actuarial valuation of the plan.

Sec. 21. Minnesota Statutes 2008, section 422A.101, subdivision 3, is amended to read:

Each employer's share of the excess is proportionate to the employer's share of the fund's unfunded actuarial accrued liability as disclosed in the annual actuarial valuation prepared by the actuary retained under section 356.214 compared to the total unfunded actuarial accrued liability as of July 1, 2009, attributed to all employers identified in Minnesota Statutes 2008, section 422A.101, subdivisions 1a and 2, other than units of metropolitan government. (C) as a survivor benefit to a designated beneficiary of the deceased firefighter if no surviving spouse or surviving children; or

(D) as a death benefit to the estate of the deceased active or deferred firefighter if no surviving children and no beneficiary designated.

(ii) If there are no surviving children, the surviving spouse may waive, in writing, wholly or partially, the spouse's entitlement to a survivor benefit.

(4)(i) If a monthly benefit survivor or death benefit is payable under the articles of incorporation or bylaws, the benefit must be paid:

(A) as a survivor benefit to the surviving spouse of the deceased firefighter;

(B) as a survivor benefit to the surviving children of the deceased firefighter if no surviving spouse;

(C) as a survivor benefit to a designated beneficiary of the deceased firefighter if no surviving spouse or surviving children; or

(D) as a death benefit to the estate of the deceased active or deferred firefighter if no surviving spouse, no surviving children, and no beneficiary designated.

(ii) If there are no surviving children, the surviving spouse may waive, in writing, wholly or partially, the spouse's entitlement to a survivor benefit.

(iii) For purposes of this clause, if the relief association bylaws authorize a monthly survivor benefit payable to a designated beneficiary, the relief association bylaws may limit the total survivor benefit amount payable.

(5) For purposes of this section, for a monthly benefit volunteer fire relief association or for a combination lump-sum and monthly benefit volunteer fire relief association where a monthly benefit service pension has been elected by or a monthly benefit is payable with respect to a firefighter, a designated beneficiary must be a natural person. For purposes of this section, for a lump-sum volunteer fire relief association or for a combination lump-sum and monthly benefit volunteer fire relief association where a lump-sum service pension has been elected by or a lump-sum benefit is payable with respect to a firefighter, a trust created under chapter 501B may be a designated

beneficiary. If a trust is payable to the surviving children organized under chapter 501B as authorized by this section and there is no surviving spouse, the survivor benefit may be paid to the trust, notwithstanding a requirement of this section to the contrary.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 10. Minnesota Statutes 2009 Supplement, section 424A.02, subdivision 10, is amended to read:

Subd. 10. **Local approval of bylaw amendments; filing requirements.** (a) Each defined benefit relief association to which this section applies must file a revised copy of its governing bylaws with the state auditor upon the adoption of any amendment to its governing bylaws by the relief association or upon the approval of any amendment to its governing bylaws granted by the governing body of each municipality served by the fire department to which the relief association is directly associated. Failure of the relief association to file a copy of the bylaws or any bylaw amendments with the state auditor disqualifies the municipality from the distribution of any future fire state aid until this filing requirement has been completed.

(b) If the special fund of the relief association does not have a surplus over full funding under section 69.772, subdivision 3, clause (2), subclause (e), or 69.773, subdivision 4, and if the municipality is required to provide financial support to the special fund of the relief association under section 69.772 or 69.773, no bylaw amendment which would affect the amount of, the manner of payment of, or the conditions for qualification for service pensions or ancillary benefits or disbursements other than administrative expenses authorized under section 69.80 payable from the special fund of the relief association is effective until it has been ratified ~~by the governing body or bodies of the appropriate municipalities as required under section 69.772, subdivision 6, or 69.773, subdivision 6.~~ If the special fund of the relief association has a surplus over full funding under section 69.772, subdivision 3, or 69.773, subdivision 4, and if the municipality is not required to provide financial support to the special fund under this section, the relief association may adopt or amend without municipal ratification its articles of incorporation or bylaws which increase or otherwise affect the service pensions or ancillary benefits payable from the special fund ~~so long as the changes do not cause the amount of the resulting increase in the accrued liability of the special fund to exceed 90 percent of the amount of the surplus over full funding reported in the prior year and the changes do not result in the financial requirements of the special fund exceeding the expected amount of the subsequent calendar year's fire state aid to be received by the relief association if authorized under section 69.772, subdivision 6, or 69.773, subdivision 6.~~

(c) If the relief association pays only a lump-sum pension, the financial requirements are to be determined by the board of trustees following the preparation of an estimate of the expected increase in the accrued liability and annual accruing liability of the relief association attributable to the change. If the relief association pays a monthly benefit service pension, the financial requirements are to be determined by the board of trustees following either an updated actuarial valuation including the proposed change or an estimate of the expected actuarial impact of the proposed change prepared by the actuary of the relief association. If a relief association adopts or amends its articles of incorporation or bylaws without municipal ratification under this subdivision, and, subsequent to the amendment or adoption, the financial requirements of the special fund under this section are such so as to require financial support from the municipality, the provision which was implemented without municipal ratification is no longer effective without municipal ratification, and any service pensions or ancillary benefits payable after that date must be paid only in accordance with the articles of incorporation or bylaws as amended or adopted with municipal ratification.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 11. Minnesota Statutes 2009 Supplement, section 424A.05, subdivision 3, is amended to read:

(1) for the payment of service pensions to retired members of the relief association if authorized and paid under law and the bylaws governing the relief association;

~~(2)~~ (3) for the payment of temporary or permanent disability benefits to disabled members of the relief association if authorized and paid under law and specified in amount in the bylaws governing the relief association;

~~(3)~~ (4) for the payment of survivor benefits ~~to surviving spouses and surviving children, or if none, to designated beneficiaries, of deceased members of the relief association, and if no survivors and if no designated beneficiary, or~~ for the payment of a death benefit to the estate of the deceased active or deferred firefighter, if authorized ~~by~~ and paid under law and specified in amount in the bylaws governing the relief association;

~~(4)~~ (5) for the payment of the fees, dues and assessments to the Minnesota State Fire Department Association and to the Minnesota Area Relief Association Coalition in order to entitle relief association members to membership in and the benefits of these associations or organizations;

~~(5)~~ (6) for the payment of insurance premiums to the state Volunteer Firefighters Benefit Association, or an insurance company licensed by the state of Minnesota offering casualty insurance, in order to entitle relief association members to membership in and the benefits of the association or organization; and

~~(6)~~ (7) for the payment of administrative expenses of the relief association as authorized under section 69.80.

~~(b) For purposes of this chapter, for a monthly benefit volunteer fire relief association or for a combination lump sum and monthly benefit volunteer fire relief association where a monthly benefit service pension has been elected by or a monthly benefit is payable with respect to a firefighter, a designated beneficiary must be a natural person. For purposes of this chapter, for a defined contribution volunteer fire relief association, for a lump sum volunteer fire relief association, or for a combination lump sum and monthly benefit volunteer fire relief association where a lump sum service pension has been elected by or a lump sum benefit is payable with respect to a firefighter, a designated beneficiary may be a trust created under chapter 501B.~~

Taking into consideration the evidence of good faith presented and the legal opinion, if any, provided, the state auditor may order the transfer from the special fund to the appropriate fund or account an amount equal to the funds deposited in error.

The bill was passed, as amended, and its title agreed to.

Pursuant to rule 1.22, Solberg requested immediate consideration of S. F. No. 3361.

S. F. No. 3361 was reported to the House.

Jackson moved to amend S. F. No. 3361, the first engrossment, as follows:

Delete everything after the enacting clause and insert the following language of H. F. No. 3786, the first engrossment:

"Section 1. **[513.73] DEFINITIONS.**

Subdivision 1. Application. As used in sections 513.73 to 513.76, the following terms have the meanings given in this section.

Subd. 2. Transfer. "Transfer" means the sale, grant, gift, conveyance, assignment, inheritance, or other transfer of an ownership interest in real property located in this state.

Subd. 3. Private transfer fee. "Private transfer fee" means a fee or charge required by a private transfer fee obligation and payable upon the transfer of an interest in real property, or payable for the right to make or accept the transfer, regardless of whether the fee or charge is a fixed amount or is determined as a percentage of the value of the property, the purchase price, or other consideration given for the transfer. The following are not private transfer fees for purposes of this section:

(1) consideration payable by the grantee to the grantor for the interest in real property being transferred, including any subsequent additional consideration for the property payable by the grantee based upon any subsequent appreciation, development, or sale of the property, provided that the additional consideration is payable on a onetime basis only, and the obligation to make the payment does not bind successors in title to the property. For the purposes of this clause, an interest in real property may include a separate mineral estate and its appurtenant surface access rights;

(2) commission payable to a licensed real estate broker for the transfer of real property pursuant to an agreement between the broker and the grantor or the grantee, including any subsequent additional commission for that transfer payable by the grantor or the grantee based upon any subsequent appreciation, development, or sale of the property;

(3) interest, charges, fees, or other amounts payable by a borrower to a lender pursuant to a loan secured by a mortgage against real property, including but not limited to a fee payable to the lender for consenting to an assumption of the loan or a transfer of the real property subject to the mortgage, fees, or charges payable to the lender for estoppel letters or certificates, and shared appreciation interest or profit participation or other consideration and payable to the lender in connection with the loan;

(4) rent, reimbursement, charge, fee, or other amount payable by a lessee to a lessor under a lease, including but not limited to a fee payable to the lessor for consenting to an assignment, subletting, encumbrance, or transfer of the lease;

(5) consideration payable to the holder of an option to purchase an interest in real property or the holder of a right of first refusal or first offer to purchase an interest in real property for waiving, releasing, or not exercising the option or right upon the transfer of the property to another person;

(6) consideration payable by a contract for deed vendee to the vendor pursuant to the terms of a recorded contract for deed, including any subsequent additional consideration for the property payable by the vendee based upon any subsequent appreciation, development, or sale of the property;

(7) a tax, fee, charge, assessment, fine, or other amount payable to or imposed by a governmental authority;

(8) a fee, charge, assessment, fine, or other amount payable to a homeowner's condominium, cooperative, mobile home, or property owner's association pursuant to a declaration or covenant or law applicable to the association, including but not limited to fees or charges payable for estoppel letters or certificates issued by the association or its authorized agent;

(9) a fee, a charge, an assessment, dues, a contribution, or other amount pertaining to the purchase or transfer of a club membership relating to real property owned by the member, including but not limited to any amount determined by reference to the value, purchase price, or other consideration given for the transfer of the real property; and

(10) a mortgage from the purchaser of real property granted to the seller or to a licensed real estate broker.

Subd. 4. **Private transfer fee obligation.** "Private transfer fee obligation" means a declaration or covenant recorded or filed against the title to real property, or any other contractual agreement or promise, whether or not recorded or filed, that requires or purports to require the payment of a private transfer fee to the declarant or other person specified in the declaration, covenant, or agreement, or to their successors or assigns, upon a subsequent transfer of an interest in the real property.

Sec. 2. [513.74] PROHIBITION.

A private transfer fee obligation recorded, filed, or entered into in this state on or after the effective date of this section does not run with the title to real property and is not binding on or enforceable at law or in equity against any subsequent owner, purchaser, or mortgagee of any interest in real property as an equitable servitude or otherwise. Any private transfer fee obligation that is recorded, filed, or entered into in this state on or after the effective date of this section is void and unenforceable. This section does not require that a private transfer fee obligation recorded, filed, or entered into in this state before the effective date of this section is presumed valid and enforceable. It is the public policy of this state that no private transfer fee obligation should be valid or enforceable whenever entered into, recorded, or filed.

Sec. 3. [513.75] LIABILITY FOR VIOLATION.

A person who records or files or enters into an agreement imposing a private transfer fee obligation in the person's favor after the effective date of this section shall be liable for (1) any and all damages resulting from the imposition of the transfer fee obligation on the transfer of an interest in the real property, including, without limitation, the amount of any transfer fee paid by a party to the transfer, and (2) all attorney fees, expenses, and costs incurred by a party to the transfer or mortgagee of the real property to recover the transfer fee paid or in connection with an action to quiet title or register the title or a proceeding subsequent to initial registration. If an agent acts on behalf of a principal to record or file or secure a private transfer fee obligation, liability shall be assessed to the principal, but not to the agent.

Sec. 4. **[513.76] NOTICE REQUIREMENTS FOR EXISTING TRANSFER FEE OBLIGATIONS.**

Subdivision 1. **Prior obligations.** For a private transfer fee obligation imposed prior to the effective date of this section, the receiver of the fee shall record or file, prior to December 31, 2010, against the real property subject to the private transfer fee obligation a separate document with the county recorder or registrar of titles of the county in which the real property is located that meets all of the following requirements:

(1) the title of the document shall be "Notice of Private Transfer Fee Obligation" in at least 14-point boldface type;

(2) the amount, if the fee is a flat amount, or the percentage of the sales price constituting the cost of the transfer fee, or any other basis by which the transfer fee is to be calculated;

(3) the date or circumstances under which the private transfer fee obligation expires, if any;

(4) the purpose for which the funds from the private transfer fee obligation will be used;

(5) the name of the person or entity to which funds are to be paid and specific contact information regarding where the funds are to be sent;

(6) the acknowledged signature of the payee; and

(7) the legal description of the real property burdened by the private transfer fee obligation.

Subd. 2. **Amendments.** The person or entity to which the transfer fee is to be paid may record or file an amendment to the notice of transfer fee containing new contact information, but the amendment must contain the information of the notice of transfer fee that it amends and the legal description of the property burdened by the private transfer fee obligation.

Subd. 3. **Results of noncompliance.** (a) If the payee fails to comply fully with subdivision 1, the grantor of any real property burdened by the private transfer fee obligation may proceed with the conveyance of any interest in the real property to any grantee. The grantor shall be deemed to have acted in good faith and shall not be subject to any obligations under the private transfer fee obligation, and the real property thereafter shall be conveyed free and clear of the transfer fee and private transfer fee obligation.

(b) If the payee fails to provide a written statement of the transfer fee payable within 30 days of the date of a written request for the statement sent to the address shown in the notice of transfer fee, then the grantor, on recording or filing of the affidavit required under subdivision 4, may convey any interest in the real property to any grantee without payment of the transfer fee and shall not be subject to any further obligations under the private transfer fee obligation. The real property shall be conveyed free and clear of the transfer fee and private transfer fee obligation.

Subd. 4. **Affidavit requirement.** (a) An affidavit stating the facts enumerated under paragraph (b) must be recorded or filed with the county recorder or registrar of titles in the county in which the real property is located prior to or simultaneously with a conveyance pursuant to subdivision 3, paragraph (a), of real property unburdened by a private transfer fee obligation. An affidavit filed under this paragraph must state that the affiant has actual knowledge of the facts in the affidavit and must include the legal description of the real property burdened by the private transfer fee obligation, the name of the person appearing by the record to be the owner of the real property at the time of the signing of the affidavit, and a reference by recording or filing information to the instrument of record containing the private transfer fee obligation.

(b) When recorded or filed, an affidavit as described in paragraph (a) constitutes prima facie evidence that:

(1) a request for the written statement of the transfer fee payable in order to obtain a release of the fee imposed by the private transfer fee obligation was sent to the address shown in the notification; and

(2) the entity listed on the notice of transfer fee failed to provide the written statement of the transfer fee payable within 30 days of the date of the notice sent to the address shown in the notification.

President of the Senate

We, the undersigned conferees for H. F. No. 2614 report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendment and that H. F. No. 2614 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

HEALTH CARE

Section 1. Minnesota Statutes 2008, section 256.9657, subdivision 2, is amended to read:

Subd. 2. **Hospital surcharge.** (a) Effective October 1, 1992, each Minnesota hospital except facilities of the federal Indian Health Service and regional treatment centers shall pay to the medical assistance account a surcharge equal to 1.4 percent of net patient revenues excluding net Medicare revenues reported by that provider to the health care cost information system according to the schedule in subdivision 4.

(b) Effective July 1, 1994, the surcharge under paragraph (a) is increased to 1.56 percent.

(c) Effective July 1, 2010, the surcharge under paragraph (b) is increased to 2.63 percent.

(d) Effective October 1, 2011, the surcharge under paragraph (c) is reduced to 2.30 percent.

(e) Notwithstanding the Medicare cost finding and allowable cost principles, the hospital surcharge is not an allowable cost for purposes of rate setting under sections 256.9685 to 256.9695.

EFFECTIVE DATE. This section is effective July 1, 2010.

Sec. 2. Minnesota Statutes 2008, section 256.9657, subdivision 3, is amended to read:

Subd. 3. **Surcharge on HMOs and community integrated service networks.** (a) Effective October 1, 1992, each health maintenance organization with a certificate of authority issued by the commissioner of health under chapter 62D and each community integrated service network licensed by the commissioner under chapter 62N shall pay to the commissioner of human services a surcharge equal to six-tenths of one percent of the total premium revenues of the health maintenance organization or community integrated service network as reported to the commissioner of health according to the schedule in subdivision 4.

(b) Effective October 1, 2010, in addition to the surcharge under paragraph (a), each health maintenance organization shall pay to the commissioner a surcharge equal to 0.85 percent of total premium revenues and each county-based purchasing plan authorized under section 256B.692 shall pay to the commissioner a surcharge equal to 1.45 percent of the total premium revenues of the plan, as reported to the commissioner of health, according to the payment schedule in subdivision 4. Notwithstanding section 256.9656, money collected under this paragraph shall be deposited in the health care access fund established in section 16A.724.

(c) For purposes of this subdivision, total premium revenue means:

(1) premium revenue recognized on a prepaid basis from individuals and groups for provision of a specified range of health services over a defined period of time which is normally one month, excluding premiums paid to a health maintenance organization or community integrated service network from the Federal Employees Health Benefit Program;

(2) premiums from Medicare wrap-around subscribers for health benefits which supplement Medicare coverage;

(3) Medicare revenue, as a result of an arrangement between a health maintenance organization or a community integrated service network and the Centers for Medicare and Medicaid Services of the federal Department of Health and Human Services, for services to a Medicare beneficiary, excluding Medicare revenue that states are prohibited from taxing under sections 1854, 1860D-12, and 1876 of title XVIII of the federal Social Security Act, codified as United States Code, title 42, sections 1395mm, 1395w-112, and 1395w-24, respectively, as they may be amended from time to time; and

(4) medical assistance revenue, as a result of an arrangement between a health maintenance organization or community integrated service network and a Medicaid state agency, for services to a medical assistance beneficiary.

If advance payments are made under clause (1) or (2) to the health maintenance organization or community integrated service network for more than one reporting period, the portion of the payment that has not yet been earned must be treated as a liability.

~~(e)~~ (d) When a health maintenance organization or community integrated service network merges or consolidates with or is acquired by another health maintenance organization or community integrated service network, the surviving corporation or the new corporation shall be responsible for the annual surcharge originally imposed on each of the entities or corporations subject to the merger, consolidation, or acquisition, regardless of whether one of the entities or corporations does not retain a certificate of authority under chapter 62D or a license under chapter 62N.

~~(d)~~ (e) Effective July 1 of each year, the surviving corporation's or the new corporation's surcharge shall be based on the revenues earned in the second previous calendar year by all of the entities or corporations subject to the merger, consolidation, or acquisition regardless of whether one of the entities or corporations does not retain a certificate of authority under chapter 62D or a license under chapter 62N until the total premium revenues of the surviving corporation include the total premium revenues of all the merged entities as reported to the commissioner of health.

~~(e)~~ (f) When a health maintenance organization or community integrated service network, which is subject to liability for the surcharge under this chapter, transfers, assigns, sells, leases, or disposes of all or substantially all of its property or assets, liability for the surcharge imposed by this chapter is imposed on the transferee, assignee, or buyer of the health maintenance organization or community integrated service network.

~~(f)~~ (g) In the event a health maintenance organization or community integrated service network converts its licensure to a different type of entity subject to liability for the surcharge under this chapter, but survives in the same or substantially similar form, the surviving entity remains liable for the surcharge regardless of whether one of the entities or corporations does not retain a certificate of authority under chapter 62D or a license under chapter 62N.

~~(g)~~ (h) The surcharge assessed to a health maintenance organization or community integrated service network ends when the entity ceases providing services for premiums and the cessation is not connected with a merger, consolidation, acquisition, or conversion.

EFFECTIVE DATE. This section is effective July 1, 2010.

Sec. 3. Minnesota Statutes 2009 Supplement, section 256.969, subdivision 2b, is amended to read:

Subd. 2b. **Operating payment rates.** In determining operating payment rates for admissions occurring on or after the rate year beginning January 1, 1991, and every two years after, or more frequently as determined by the commissioner, the commissioner shall obtain operating data from an updated base year and establish operating payment rates per admission for each hospital based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year. Rates under the general assistance medical care, medical assistance, and MinnesotaCare programs shall not be rebased to more current data on January 1, 1997, January 1, 2005, for the first 24 months of the rebased period beginning January 1, 2009. For the first ~~three~~ 24 months of the rebased period beginning January 1, 2011, rates shall not be rebased at ~~74.25 percent of the full value of the rebasing percentage change.~~ From April 1, 2011, to March 31, 2012, rates shall be rebased at 39.2 percent of the full value of the rebasing percentage change, except that a Minnesota long-term hospital shall be rebased effective January 1, 2011, based on its most recent Medicare cost report ending on or before September 1, 2008, with the provisions under subdivisions 9 and 23, based on the rates in effect on December 31, 2010. For subsequent rate setting periods in which the base years are updated, a Minnesota long-term hospital's base year shall remain within the same period as other hospitals. Effective ~~April 1, 2012~~ January 1, 2013, rates shall be rebased at full value. The base year operating payment rate per admission is standardized by the case mix index and adjusted by the hospital cost index,

relative values, and disproportionate population adjustment. The cost and charge data used to establish operating rates shall only reflect inpatient services covered by medical assistance and shall not include property cost information and costs recognized in outlier payments.

EFFECTIVE DATE. This section is effective July 1, 2010.

Sec. 4. Minnesota Statutes 2009 Supplement, section 256.969, subdivision 3a, is amended to read:

Subd. 3a. **Payments.** (a) Acute care hospital billings under the medical assistance program must not be submitted until the recipient is discharged. However, the commissioner shall establish monthly interim payments for inpatient hospitals that have individual patient lengths of stay over 30 days regardless of diagnostic category. Except as provided in section 256.9693, medical assistance reimbursement for treatment of mental illness shall be reimbursed based on diagnostic classifications. Individual hospital payments established under this section and sections 256.9685, 256.9686, and 256.9695, in addition to third party and recipient liability, for discharges occurring during the rate year shall not exceed, in aggregate, the charges for the medical assistance covered inpatient services paid for the same period of time to the hospital. This payment limitation shall be calculated separately for medical assistance and general assistance medical care services. The limitation on general assistance medical care shall be effective for admissions occurring on or after July 1, 1991. Services that have rates established under subdivision 11 or 12, must be limited separately from other services. After consulting with the affected hospitals, the commissioner may consider related hospitals one entity and may merge the payment rates while maintaining separate provider numbers. The operating and property base rates per admission or per day shall be derived from the best Medicare and claims data available when rates are established. The commissioner shall determine the best Medicare and claims data, taking into consideration variables of recency of the data, audit disposition, settlement status, and the ability to set rates in a timely manner. The commissioner shall notify hospitals of payment rates by December 1 of the year preceding the rate year. The rate setting data must reflect the admissions data used to establish relative values. Base year changes from 1981 to the base year established for the rate year beginning January 1, 1991, and for subsequent rate years, shall not be limited to the limits ending June 30, 1987, on the maximum rate of increase under subdivision 1. The commissioner may adjust base year cost, relative value, and case mix index data to exclude the costs of services that have been discontinued by the October 1 of the year preceding the rate year or that are paid separately from inpatient services. Inpatient stays that encompass portions of two or more rate years shall have payments established based on payment rates in effect at the time of admission unless the date of admission preceded the rate year in effect by six months or more. In this case, operating payment rates for services rendered during the rate year in effect and established based on the date of admission shall be adjusted to the rate year in effect by the hospital cost index.

(b) For fee-for-service admissions occurring on or after July 1, 2002, the total payment, before third-party liability and spenddown, made to hospitals for inpatient services is reduced by .5 percent from the current statutory rates.

(c) In addition to the reduction in paragraph (b), the total payment for fee-for-service admissions occurring on or after July 1, 2003, made to hospitals for inpatient services before third-party liability and spenddown, is reduced five percent from the current statutory rates. Mental health services within diagnosis related groups 424 to 432, and facilities defined under subdivision 16 are excluded from this paragraph.

(d) In addition to the reduction in paragraphs (b) and (c), the total payment for fee-for-service admissions occurring on or after August 1, 2005, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 6.0 percent from the current statutory rates. Mental health services within diagnosis related groups 424 to 432 and facilities defined under subdivision 16 are excluded from this paragraph. Notwithstanding section 256.9686, subdivision 7, for purposes of this paragraph, medical assistance does not include general assistance medical care. Payments made to managed care plans shall be reduced for services provided on or after January 1, 2006, to reflect this reduction.

(e) In addition to the reductions in paragraphs (b), (c), and (d), the total payment for fee-for-service admissions occurring on or after July 1, 2008, through June 30, 2009, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 3.46 percent from the current statutory rates. Mental health services with diagnosis related groups 424 to 432 and facilities defined under subdivision 16 are excluded from this paragraph. Payments made to managed care plans shall be reduced for services provided on or after January 1, 2009, through June 30, 2009, to reflect this reduction.

(f) In addition to the reductions in paragraphs (b), (c), and (d), the total payment for fee-for-service admissions occurring on or after July 1, 2009, through June 30, 2010, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 1.9 percent from the current statutory rates. Mental health services with diagnosis related groups 424 to 432 and facilities defined under subdivision 16 are excluded from this paragraph. Payments made to managed care plans shall be reduced for services provided on or after July 1, 2009, through June 30, 2010, to reflect this reduction.

(g) In addition to the reductions in paragraphs (b), (c), and (d), the total payment for fee-for-service admissions occurring on or after July 1, 2010, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 1.79 percent from the current statutory rates. Mental health services with diagnosis related groups 424 to 432 and facilities defined under subdivision 16 are excluded from this paragraph. Payments made to managed care plans shall be reduced for services provided on or after July 1, 2010, to reflect this reduction.

(h) In addition to the reductions in paragraphs (b), (c), (d), (f), and (g), the total payment for fee-for-service admissions occurring on or after July 1, 2009, made to hospitals for inpatient services before third-party liability and spenddown, is reduced one percent from the current statutory rates. Facilities defined under subdivision 16 are excluded from this paragraph. Payments made to managed care plans shall be reduced for services provided on or after October 1, 2009, to reflect this reduction.

(i) In order to offset the ratable reductions provided for in this subdivision, the total payment rate for medical assistance fee-for-service admissions occurring on or after July 1, 2010, to June 30, 2011, made to Minnesota hospitals for inpatient services before third-party liability and spenddown, shall be increased by five percent from the current statutory rates. Effective July 1, 2011, the rate increase under this paragraph shall be reduced to 1.96 percent. For purposes of this paragraph, medical assistance does not include general assistance medical care. The commissioner shall not adjust rates paid to a prepaid health plan under contract with the commissioner to reflect payments provided in this paragraph. The commissioner may utilize a settlement process to adjust rates in excess of the Medicare upper limits on payments.

EFFECTIVE DATE. This section is effective July 1, 2010.

Sec. 5. Minnesota Statutes 2008, section 256.969, subdivision 21, is amended to read:

Subd. 21. **Mental health or chemical dependency admissions; rates.** (a) Admissions under the general assistance medical care program occurring on or after July 1, 1990, and admissions under medical assistance, excluding general assistance medical care, occurring on or after July 1, 1990, and on or before September 30, 1992, that are classified to a diagnostic category of mental health or chemical dependency shall have rates established according to the methods of subdivision 14, except the per day rate shall be multiplied by a factor of 2, provided that the total of the per day rates shall not exceed the per admission rate. This methodology shall also apply when a hold or commitment is ordered by the court for the days that inpatient hospital services are medically necessary. Stays which are medically necessary for inpatient hospital services and covered by medical assistance shall not be billable to any other governmental entity. Medical necessity shall be determined under criteria established to meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b).

(b) In order to ensure adequate access for the provision of mental health services and to encourage broader delivery of these services outside the nonstate governmental hospital setting, payment rates for medical assistance admissions occurring on or after July 1, 2010, at a Minnesota private, not-for-profit hospital above the 75th percentile of all Minnesota private, nonprofit hospitals for diagnosis-related groups 424 to 432 and 521 to 523 admissions paid by medical assistance for admissions occurring in calendar year 2007, shall be increased for these diagnosis-related groups at a percentage calculated to cost not more than \$10,000,000 each fiscal year, including state and federal shares. For purposes of this paragraph, medical assistance does not include general assistance medical care. The commissioner shall not adjust rates paid to a prepaid health plan under contract with the commissioner to reflect payments provided in this paragraph. The commissioner may utilize a settlement process to adjust rates in excess of the Medicare upper limits on payments.

EFFECTIVE DATE. This section is effective July 1, 2010.

Sec. 6. Minnesota Statutes 2008, section 256.969, subdivision 26, is amended to read:

(1) the hospital's current payment rate for the diagnostic category to which the diagnosis-related group belongs, exclusive of disproportionate population adjustments received under subdivision 9 and hospital payment adjustments received under subdivision 23; or

(2) 90 percent of the average payment rate for that diagnostic category for hospitals located within the seven-county metropolitan area, exclusive of disproportionate population adjustments received under subdivision 9 and hospital payment adjustments received under subdivisions 20 and 23.

(b) The payment increases provided in paragraph (a) apply to the following diagnosis-related groups, as they fall within the diagnostic categories:

For purposes of this paragraph, medical assistance does not include general assistance medical care. The commissioner shall not adjust rates paid to a prepaid health plan under contract with the commissioner to reflect payments provided in this paragraph. The commissioner may utilize a settlement process to adjust rates in excess of the Medicare upper limits on payments.

EFFECTIVE DATE. This section is effective July 1, 2010.

A managed care plan may include as admitted assets under section 62D.044 any amount withheld under this paragraph that is reasonably expected to be returned.~~

~~(e) For services rendered on or after January 1, 2004, the commissioner shall withhold five percent of managed care plan payments and county-based purchasing plan payments under this section pending completion of performance targets. Each performance target must be quantifiable, objective, measurable, and reasonably attainable, except in the case of a performance target based on a federal or state law or rule. Criteria for assessment of each performance target must be outlined in writing prior to the contract effective date. The managed care plan must demonstrate, to the commissioner's satisfaction, that the data submitted regarding attainment of the performance target is accurate. The commissioner shall periodically change the administrative measures used as performance targets in order to improve plan performance across a broader range of administrative services. The performance targets must include measurement of plan efforts to contain spending on health care services and administrative activities. The commissioner may adopt plan-specific performance targets that take into account factors affecting only one plan, such as characteristics of the plan's enrollee population. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if performance targets in the contract are achieved. A managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under section 62D.044 any amount withheld under this paragraph that is reasonably expected to be returned.~~

~~(c) For services rendered on or after January 1, 2011, the commissioner shall withhold an additional three percent of managed care plan or county-based purchasing plan payments under this section. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year. The return of the withhold under this paragraph is not subject to the requirements of paragraph (b).~~

~~(d) Effective for services rendered on or after January 1, 2011, the commissioner shall include as part of the performance targets described in paragraph (b) a reduction in the plan's emergency room utilization rate for state health care program enrollees by a measurable rate of five percent from the plan's utilization rate for the previous calendar year.~~

~~The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if the managed care plan or county-based purchasing plan demonstrates to the satisfaction of the commissioner that a reduction in the utilization rate was achieved.~~

The withhold described in this paragraph shall continue for each consecutive contract period until the plan's emergency room utilization rate for state health care program enrollees is reduced by 25 percent of the plan's emergency room utilization rate for state health care program enrollees for calendar year 2009. Hospitals shall cooperate with the health plans in meeting this performance target and shall accept payment withholds that may be returned to the hospitals if the performance target is achieved. The commissioner shall structure the withhold so that the commissioner returns a portion of the withheld funds in amounts commensurate with achieved reductions in utilization less than the targeted amount. The withhold described in this paragraph does not apply to county-based purchasing plans.

(e) A managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under section 62D.044 any amount withheld under this section that is reasonably expected to be returned.

(b) The commissioner, after reviewing the recommendations of the advisory committee, shall adopt a uniform format for the guide to be used by individual providers, and the required components of materials to be used by providers to inform assisted living clients of their legal rights, and shall make the uniform format and the required components available to assisted living providers.

Sec. 7. Minnesota Statutes 2009 Supplement, section 252.27, subdivision 2a, is amended to read:

Subd. 2a. **Contribution amount.** (a) The natural or adoptive parents of a minor child, including a child determined eligible for medical assistance without consideration of parental income, must contribute to the cost of services used by making monthly payments on a sliding scale based on income, unless the child is married or has been married, parental rights have been terminated, or the child's adoption is subsidized according to section 259.67 or through title IV-E of the Social Security Act. The parental contribution is a partial or full payment for medical services provided for diagnostic, therapeutic, curing, treating, mitigating, rehabilitation, maintenance, and personal care services as defined in United States Code, title 26, section 213, needed by the child with a chronic illness or disability.

(b) For households with adjusted gross income equal to or greater than 100 percent of federal poverty guidelines, the parental contribution shall be computed by applying the following schedule of rates to the adjusted gross income of the natural or adoptive parents:

(1) if the adjusted gross income is equal to or greater than 100 percent of federal poverty guidelines and less than 175 percent of federal poverty guidelines, the parental contribution is \$4 per month;

(2) if the adjusted gross income is equal to or greater than 175 percent of federal poverty guidelines and less than or equal to 545 percent of federal poverty guidelines, the parental contribution shall be determined using a sliding fee scale established by the commissioner of human services which begins at one percent of adjusted gross income at 175 percent of federal poverty guidelines and increases to 7.5 percent of adjusted gross income for those with adjusted gross income up to 545 percent of federal poverty guidelines;

(3) if the adjusted gross income is greater than 545 percent of federal poverty guidelines and less than 675 percent of federal poverty guidelines, the parental contribution shall be 7.5 percent of adjusted gross income;

(4) if the adjusted gross income is equal to or greater than 675 percent of federal poverty guidelines and less than 975 percent of federal poverty guidelines, the parental contribution shall be determined using a sliding fee scale established by the commissioner of human services which begins at 7.5 percent of adjusted gross income at 675 percent of federal poverty guidelines and increases to ten percent of adjusted gross income for those with adjusted gross income up to 975 percent of federal poverty guidelines; and

(5) if the adjusted gross income is equal to or greater than 975 percent of federal poverty guidelines, the parental contribution shall be 12.5 percent of adjusted gross income.

If the child lives with the parent, the annual adjusted gross income is reduced by \$2,400 prior to calculating the parental contribution. If the child resides in an institution specified in section 256B.35, the parent is responsible for the personal needs allowance specified under that section in addition to the parental contribution determined under this section. The parental contribution is reduced by any amount required to be paid directly to the child pursuant to a court order, but only if actually paid.

(c) The household size to be used in determining the amount of contribution under paragraph (b) includes natural and adoptive parents and their dependents, including the child receiving services. Adjustments in the contribution amount due to annual changes in the federal poverty guidelines shall be implemented on the first day of July following publication of the changes.

(d) For purposes of paragraph (b), "income" means the adjusted gross income of the natural or adoptive parents determined according to the previous year's federal tax form, except, effective retroactive to July 1, 2003, taxable capital gains to the extent the funds have been used to purchase a home shall not be counted as income.

(e) The contribution shall be explained in writing to the parents at the time eligibility for services is being determined. The contribution shall be made on a monthly basis effective with the first month in which the child receives services. Annually upon redetermination or at termination of eligibility, if the contribution exceeded the cost of services provided, the local agency or the state shall reimburse that excess amount to the parents, either by direct reimbursement if the parent is no longer required to pay a contribution, or by a reduction in or waiver of parental fees until the excess amount is exhausted. All reimbursements must include a notice that the amount reimbursed may be taxable income if the parent paid for the parent's fees through an employer's health care flexible spending account under the Internal Revenue Code, section 125, and that the parent is responsible for paying the taxes owed on the amount reimbursed.

(f) The monthly contribution amount must be reviewed at least every 12 months; when there is a change in household size; and when there is a loss of or gain in income from one month to another in excess of ten percent. The local agency shall mail a written notice 30 days in advance of the effective date of a change in the contribution amount. A decrease in the contribution amount is effective in the month that the parent verifies a reduction in income or change in household size.

(g) Parents of a minor child who do not live with each other shall each pay the contribution required under paragraph (a). An amount equal to the annual court-ordered child support payment actually paid on behalf of the child receiving services shall be deducted from the adjusted gross income of the parent making the payment prior to calculating the parental contribution under paragraph (b).

(h) The contribution under paragraph (b) shall be increased by an additional five percent if the local agency determines that insurance coverage is available but not obtained for the child. For purposes of this section, "available" means the insurance is a benefit of employment for a family member at an annual cost of no more than five percent of the family's annual income. For purposes of this section, "insurance" means health and accident insurance coverage, enrollment in a nonprofit health service plan, health maintenance organization, self-insured plan, or preferred provider organization.

Parents who have more than one child receiving services shall not be required to pay more than the amount for the child with the highest expenditures. There shall be no resource contribution from the parents. The parent shall not be required to pay a contribution in excess of the cost of the services provided to the child, not counting payments made to school districts for education-related services. Notice of an increase in fee payment must be given at least 30 days before the increased fee is due.

(i) The contribution under paragraph (b) shall be reduced by \$300 per fiscal year if, in the 12 months prior to July 1:

(1) the parent applied for insurance for the child;

(2) the insurer denied insurance;

(3) the parents submitted a complaint or appeal, in writing to the insurer, submitted a complaint or appeal, in writing, to the commissioner of health or the commissioner of commerce, or litigated the complaint or appeal; and

(4) as a result of the dispute, the insurer reversed its decision and granted insurance.

For purposes of this section, "insurance" has the meaning given in paragraph (h).

A parent who has requested a reduction in the contribution amount under this paragraph shall submit proof in the form and manner prescribed by the commissioner or county agency, including, but not limited to, the insurer's denial of insurance, the written letter or complaint of the parents, court documents, and the written response of the insurer approving insurance. The determinations of the commissioner or county agency under this paragraph are not rules subject to chapter 14.

(j) Notwithstanding paragraph (b), for the period from July 1, 2010, to June 30, 2013, the parental contribution shall be computed by applying the following contribution schedule to the adjusted gross income of the natural or adoptive parents:

(1) if the adjusted gross income is equal to or greater than 100 percent of federal poverty guidelines and less than 175 percent of federal poverty guidelines, the parental contribution is \$4 per month;

(2) if the adjusted gross income is equal to or greater than 175 percent of federal poverty guidelines and less than or equal to 525 percent of federal poverty guidelines, the parental contribution shall be determined using a sliding fee scale established by the commissioner of human services which begins at one percent of adjusted gross income at 175 percent of federal poverty guidelines and increases to eight percent of adjusted gross income for those with adjusted gross income up to 525 percent of federal poverty guidelines;

(3) if the adjusted gross income is greater than 525 percent of federal poverty guidelines and less than 675 percent of federal poverty guidelines, the parental contribution shall be 9.5 percent of adjusted gross income;

(4) if the adjusted gross income is equal to or greater than 675 percent of federal poverty guidelines and less than 900 percent of federal poverty guidelines, the parental contribution shall be determined using a sliding fee scale established by the commissioner of human services which begins at 9.5 percent of adjusted gross income at 675 percent of federal poverty guidelines and increases to 12 percent of adjusted gross income for those with adjusted gross income up to 900 percent of federal poverty guidelines; and

(5) if the adjusted gross income is equal to or greater than 900 percent of federal poverty guidelines, the parental contribution shall be 13.5 percent of adjusted gross income. If the child lives with the parent, the annual adjusted gross income is reduced by \$2,400 prior to calculating the parental contribution. If the child resides in an institution specified in section 256B.35, the parent is responsible for the personal needs allowance specified under that section in addition to the parental contribution determined under this section. The parental contribution is reduced by any amount required to be paid directly to the child pursuant to a court order, but only if actually paid.

The annual surcharge shall be \$1,040 per licensed bed. If the number of licensed beds is reduced, the surcharge shall be based on the number of remaining licensed beds the second month following the receipt of timely notice by the commissioner of human services that beds have been delicensed. The facility must notify the commissioner of health in writing when beds are delicensed. The commissioner of health must notify the commissioner of human services within ten working days after receiving written notification. If the notification is received by the commissioner of human services by the 15th of the month, the invoice for the second following month must be reduced to recognize the delicensing of beds. The commissioner may reduce, and may subsequently restore, the surcharge under this subdivision based on the commissioner's determination of a permissible surcharge.

(b) Effective July 1, 2010, the surcharge under paragraph (a) is increased to \$4.037 per licensed bed.

Sec. 10. Minnesota Statutes 2009 Supplement, section 256.975, subdivision 7, is amended to read:

Language services to persons with limited English language skills may be made available. The service, known as Senior LinkAge Line, must be available during business hours through a statewide toll-free number and must also be available through the Internet.

(b) The service must provide long-term care options counseling by assisting older adults, caregivers, and providers in accessing information and options counseling about choices in long-term care services that are purchased through private providers or available through public options. The service must:

(1) develop a comprehensive database that includes detailed listings in both consumer- and provider-oriented formats;

Subd. 3c. **Transition to housing with services.** (a) Housing with services establishments ~~offering or providing assisted living under chapter 144G~~ shall inform all prospective residents of the ~~availability of and contact information for transitional consultation services under this subdivision prior to executing a lease or contract with the prospective resident~~ requirement to contact the Senior LinkAge Line for long-term care options counseling and transitional consultation. The Senior LinkAge Line shall provide a certificate to the prospective resident and also send a copy of the certificate to the housing with services establishment that the prospective resident chooses, verifying that consultation has been provided to the prospective resident or the prospective resident's legal representative. The housing with services establishment shall not execute a contract or allow a prospective resident to move in until the establishment has received certification from the Senior LinkAge Line. Prospective residents refusing to contact the Senior LinkAge Line are required to sign a waiver form supplied by the provider. The housing with services establishment shall maintain copies of contracts, waiver forms, and certificates for audit for a period of three years. The purpose of transitional long-term care consultation is to support persons with current or anticipated long-term care needs in making informed choices among options that include the most cost-effective and least restrictive settings, and to delay spenddown to eligibility for publicly funded programs by connecting people to alternative services in their homes before transition to housing with services. Regardless of the consultation, prospective residents maintain the right to choose housing with services or assisted living if that option is their preference.

(b) Transitional consultation services are provided as determined by the commissioner of human services in partnership with county long-term care consultation units, ~~and the Area Agencies on Aging under section 144D.03, subdivision 3,~~ and are a combination of telephone-based and in-person assistance provided under models developed by the commissioner. The consultation shall be performed in a manner that provides objective and complete information. Transitional consultation must be provided within five working days of the request of the prospective resident as follows:

(1) the consultation must be provided by a qualified professional as determined by the commissioner;

(2) the consultation must include a review of the prospective resident's reasons for considering assisted living, the prospective resident's personal goals, a discussion of the prospective resident's immediate and projected long-term care needs, and alternative community services or assisted living settings that may meet the prospective resident's needs; ~~and~~

(3) the prospective resident shall be informed of the availability of long-term care consultation services described in subdivision 3a that are available at no charge to the prospective resident to assist the prospective resident in assessment and planning to meet the prospective resident's long-term care needs. The Senior LinkAge Line and long-term care consultation team shall give the highest priority to referrals who are at highest risk of nursing facility placement or as needed for determining eligibility;

(4) a prospective resident does not include a person moving from the community, a hospital, or an institutional setting to housing with services during nonworking hours when:

(i) the move is based on a recent precipitating event that precludes the person from living safely in the community or institution, such as sustaining injury, unanticipated discharge from hospital or nursing facility, inability of caregivers to provide needed care, lack of access to needed care or services, or declining health status; and

(ii) the Senior LinkAge Line is contacted within ten working days following the move to the registered housing with services, or as soon as is reasonable considering the prospective resident's condition; and

(5) the Senior LinkAge Line may provide the long-term care options counseling and transitional consultation service.

Sec. 14. Minnesota Statutes 2008, section 256B.0915, is amended by adding a subdivision to read:

Sec. 15. Minnesota Statutes 2009 Supplement, section 256B.441, subdivision 55, is amended to read:

Subd. 55. Phase-in of rebased operating payment rates. (a) For the rate years beginning October 1, 2008, to October 1, 2015, the operating payment rate calculated under this section shall be phased in by blending the operating rate with the operating payment rate determined under section 256B.434. For purposes of this subdivision, the rate to be used that is determined under section 256B.434 shall not include the portion of the operating payment rate related to performance-based incentive payments under section 256B.434, subdivision 4, paragraph (d). For the rate year beginning October 1, 2008, the operating payment rate for each facility shall be 13 percent of the operating payment rate from this section, and 87 percent of the operating payment rate from section 256B.434. ~~For the rate year beginning October 1, 2009, the operating payment rate for each facility shall be 14 percent of the operating payment rate from this section, and 86 percent of the operating payment rate from section 256B.434. For rate years beginning October 1, 2010; October 1, 2011; and October 1, 2012, For the rate period from October 1, 2009, to September 30, 2013, no rate adjustments shall be implemented under this section, but shall be determined under section 256B.434.~~ For the rate year beginning October 1, 2013, the operating payment rate for each facility shall be 65 percent of the operating payment rate from this section, and 35 percent of the operating payment rate from section 256B.434. For the rate year beginning October 1, 2014, the operating payment rate for each facility shall be 82 percent of the operating payment rate from this section, and 18 percent of the operating payment rate from section 256B.434. For the rate year beginning October 1, 2015, the operating payment rate for each facility shall be the operating payment rate determined under this section. The blending of operating payment rates under this section shall be performed separately for each RUG's class.

(b) For the rate year beginning October 1, 2008, the commissioner shall apply limits to the operating payment rate increases under paragraph (a) by creating a minimum percentage increase and a maximum percentage increase.

(1) Each nursing facility that receives a blended October 1, 2008, operating payment rate increase under paragraph (a) of less than one percent, when compared to its operating payment rate on September 30, 2008, computed using rates with RUG's weight of 1.00, shall receive a rate adjustment of one percent.

(2) The commissioner shall determine a maximum percentage increase that will result in savings equal to the cost of allowing the minimum increase in clause (1). Nursing facilities with a blended October 1, 2008, operating payment rate increase under paragraph (a) greater than the maximum percentage increase determined by the commissioner, when compared to its operating payment rate on September 30, 2008, computed using rates with a RUG's weight of 1.00, shall receive the maximum percentage increase.

(3) Nursing facilities with a blended October 1, 2008, operating payment rate increase under paragraph (a) greater than one percent and less than the maximum percentage increase determined by the commissioner, when compared to its operating payment rate on September 30, 2008, computed using rates with a RUG's weight of 1.00, shall receive the blended October 1, 2008, operating payment rate increase determined under paragraph (a).

(4) The October 1, 2009, through October 1, 2015, operating payment rate for facilities receiving the maximum percentage increase determined in clause (2) shall be the amount determined under paragraph (a) less the difference between the amount determined under paragraph (a) for October 1, 2008, and the amount allowed under clause (2). This rate restriction does not apply to rate increases provided in any other section.

(c) A portion of the funds received under this subdivision that are in excess of operating payment rates that a facility would have received under section 256B.434, as determined in accordance with clauses (1) to (3), shall be subject to the requirements in section 256B.434, subdivision 19, paragraphs (b) to (h).

(1) Determine the amount of additional funding available to a facility, which shall be equal to total medical assistance resident days from the most recent reporting year times the difference between the blended rate determined in paragraph (a) for the rate year being computed and the blended rate for the prior year.

(2) Determine the portion of all operating costs, for the most recent reporting year, that are compensation related. If this value exceeds 75 percent, use 75 percent.

(3) Subtract the amount determined in clause (2) from 75 percent.

(4) The portion of the fund received under this subdivision that shall be subject to the requirements in section 256B.434, subdivision 19, paragraphs (b) to (h), shall equal the amount determined in clause (1) times the amount determined in clause (3).

EFFECTIVE DATE. This section is effective retroactive to October 1, 2009.

Sec. 16. Minnesota Statutes 2008, section 256B.5012, is amended by adding a subdivision to read:

EFFECTIVE DATE. This section is effective June 1, 2010.

Sec. 17. Minnesota Statutes 2009 Supplement, section 256B.69, subdivision 23, is amended to read:

Subd. 23. Alternative services; elderly and disabled persons. (a) The commissioner may implement demonstration projects to create alternative integrated delivery systems for acute and long-term care services to elderly persons and persons with disabilities as defined in section 256B.77, subdivision 7a, that provide increased coordination, improve access to quality services, and mitigate future cost increases. The commissioner may seek federal authority to combine Medicare and Medicaid capitation payments for the purpose of such demonstrations and may contract with Medicare-approved special needs plans to provide Medicaid services. Medicare funds and services shall be administered according to the terms and conditions of the federal contract and demonstration provisions. For the purpose of administering medical assistance funds, demonstrations under this subdivision are subject to subdivisions 1 to 22. The provisions of Minnesota Rules, parts 9500.1450 to 9500.1464, apply to these demonstrations, with the exceptions of parts 9500.1452, subpart 2, item B; and 9500.1457, subpart 1, items B and C, which do not apply to persons enrolling in demonstrations under this section. An initial open enrollment period may be provided. Persons who disenroll from demonstrations under this subdivision remain subject to Minnesota Rules, parts 9500.1450 to 9500.1464. When a person is enrolled in a health plan under these demonstrations and the health plan's participation is subsequently terminated for any reason, the person shall be provided an opportunity to select a new health plan and shall have the right to change health plans within the first 60 days of enrollment in the second health plan. Persons required to participate in health plans under this section who fail to make a choice of health plan shall not be randomly assigned to health plans under these demonstrations. Notwithstanding section 256L.12, subdivision 5, and Minnesota Rules, part 9505.5220, subpart 1, item A, if adopted, for the purpose of demonstrations under this subdivision, the commissioner may contract with managed care organizations, including counties, to serve only elderly persons eligible for medical assistance, elderly and disabled persons, or disabled persons only. For persons with a primary diagnosis of developmental disability, serious and persistent mental illness, or serious emotional disturbance, the commissioner must ensure that the county authority has approved the

demonstration and contracting design. Enrollment in these projects for persons with disabilities shall be voluntary. The commissioner shall not implement any demonstration project under this subdivision for persons with a primary diagnosis of developmental disabilities, serious and persistent mental illness, or serious emotional disturbance, without approval of the county board of the county in which the demonstration is being implemented.

(b) Notwithstanding chapter 245B, sections 252.40 to 252.46, 256B.092, 256B.501 to 256B.5015, and Minnesota Rules, parts 9525.0004 to 9525.0036, 9525.1200 to 9525.1330, 9525.1580, and 9525.1800 to 9525.1930, the commissioner may implement under this section projects for persons with developmental disabilities. The commissioner may capitate payments for ICF/MR services, waived services for developmental disabilities, including case management services, day training and habilitation and alternative active treatment services, and other services as approved by the state and by the federal government. Case management and active treatment must be individualized and developed in accordance with a person-centered plan. Costs under these projects may not exceed costs that would have been incurred under fee-for-service. Beginning July 1, 2003, and until four years after the pilot project implementation date, subcontractor participation in the long-term care developmental disability pilot is limited to a nonprofit long-term care system providing ICF/MR services, home and community-based waiver services, and in-home services to no more than 120 consumers with developmental disabilities in Carver, Hennepin, and Scott Counties. The commissioner shall report to the legislature prior to expansion of the developmental disability pilot project. This paragraph expires four years after the implementation date of the pilot project.

(c) Before implementation of a demonstration project for disabled persons, the commissioner must provide information to appropriate committees of the house of representatives and senate and must involve representatives of affected disability groups in the design of the demonstration projects.

(d) A nursing facility reimbursed under the alternative reimbursement methodology in section 256B.434 may, in collaboration with a hospital, clinic, or other health care entity provide services under paragraph (a). The commissioner shall amend the state plan and seek any federal waivers necessary to implement this paragraph.

(e) The commissioner, in consultation with the commissioners of commerce and health, may approve and implement programs for all-inclusive care for the elderly (PACE) according to federal laws and regulations governing that program and state laws or rules applicable to participating providers. ~~The process for approval of these programs shall begin only after the commissioner receives grant money in an amount sufficient to cover the state share of the administrative and actuarial costs to implement the programs during state fiscal years 2006 and 2007. Grant amounts for this purpose shall be deposited in an account in the special revenue fund and are appropriated to the commissioner to be used solely for the purpose of PACE administrative and actuarial costs.~~ A PACE provider is not required to be licensed or certified as a health plan company as defined in section 62Q.01, subdivision 4. Persons age 55 and older who have been screened by the county and found to be eligible for services under the elderly waiver or community alternatives for disabled individuals or who are already eligible for Medicaid but meet level of care criteria for receipt of waiver services may choose to enroll in the PACE program. Medicare and Medicaid services will be provided according to this subdivision and federal Medicare and Medicaid requirements governing PACE providers and programs. PACE enrollees will receive Medicaid home and community-based services through the PACE provider as an alternative to services for which they would otherwise be eligible through home and community-based waiver programs and Medicaid State Plan Services. The commissioner shall establish Medicaid rates for PACE providers that do not exceed costs that would have been incurred under fee-for-service or other relevant managed care programs operated by the state.

(f) The commissioner shall seek federal approval to expand the Minnesota disability health options (MnDHO) program established under this subdivision in stages, first to regional population centers outside the seven-county metro area and then to all areas of the state. Until July 1, 2009, expansion for MnDHO projects that include home and community-based services is limited to the two projects and service areas in effect on March 1, 2006. Enrollment in integrated MnDHO programs that include home and community-based services shall remain voluntary. Costs for home and community-based services included under MnDHO must not exceed costs that would

have been incurred under the fee-for-service program. Notwithstanding whether expansion occurs under this paragraph, in determining MnDHO payment rates and risk adjustment methods ~~for contract years starting in 2012,~~ the commissioner must consider the methods used to determine county allocations for home and community-based program participants. If necessary to reduce MnDHO rates to comply with the provision regarding MnDHO costs for home and community-based services, the commissioner shall achieve the reduction by maintaining the base rate for contract ~~years year~~ 2010 ~~and 2011~~ for services provided under the community alternatives for disabled individuals waiver at the same level as for contract year 2009. The commissioner may apply other reductions to MnDHO rates to implement decreases in provider payment rates required by state law. Effective December 31, 2010, enrollment and operation of the MnDHO program in effect during 2010 shall cease. The commissioner may reopen the program provided all applicable conditions of this section are met. In developing program specifications for expansion of integrated programs, the commissioner shall involve and consult the state-level stakeholder group established in subdivision 28, paragraph (d), including consultation on whether and how to include home and community-based waiver programs. Plans ~~for further expansion of~~ to reopen MnDHO projects shall be presented to the chairs of the house of representatives and senate committees with jurisdiction over health and human services policy and finance ~~by February 1, 2007~~ prior to implementation.

(g) Notwithstanding section 256B.0261, health plans providing services under this section are responsible for home care targeted case management and relocation targeted case management. Services must be provided according to the terms of the waivers and contracts approved by the federal government.

Sec. 18. Laws 2009, chapter 79, article 8, section 51, the effective date, is amended to read:

EFFECTIVE DATE. This section is effective ~~January~~ July 1, 2011.

Sec. 19. Laws 2009, chapter 79, article 8, section 84, is amended to read:

Sec. 84. **HOUSING OPTIONS.**

The commissioner of human services, in consultation with the commissioner of administration and the Minnesota Housing Finance Agency, and representatives of counties, residents' advocacy groups, consumers of housing services, and provider agencies shall explore ways to maximize the availability and affordability of housing choices available to persons with disabilities or who need care assistance due to other health challenges. A goal shall also be to minimize state physical plant costs in order to serve more persons with appropriate program and care support. Consideration shall be given to:

- (1) improved access to rent subsidies;
- (2) use of cooperatives, land trusts, and other limited equity ownership models;
- (3) whether a public equity housing fund should be established that would maintain the state's interest, to the extent paid from state funds, including group residential housing and Minnesota supplemental aid shelter-needy funds in provider-owned housing, so that when sold, the state would recover its share for a public equity fund to be used for future public needs under this chapter;
- (4) the desirability of the state acquiring an ownership interest or promoting the use of publicly owned housing;
- (5) promoting more choices in the market for accessible housing that meets the needs of persons with physical challenges; ~~and~~
- (6) what consumer ownership models, if any, are appropriate; and

(7) a review of the definition of home and community services and appropriate settings where these services may be provided, including the number of people who may reside under one roof, through the home and community-based waivers for seniors and individuals with disabilities.

The commissioner shall provide a written report on the findings of the evaluation of housing options to the chairs and ranking minority members of the house of representatives and senate standing committees with jurisdiction over health and human services policy and funding by December 15, 2010. This report shall replace the November 1, 2010, annual report by the commissioner required in Minnesota Statutes, sections 256B.0916, subdivision 7, and 256B.49, subdivision 21.

Sec. 20. **CASE MANAGEMENT REFORM.**

(a) By February 1, 2011, the commissioner of human services shall provide specific recommendations and language for proposed legislation to:

(1) define the administrative and the service functions of case management for persons with disabilities and make changes to improve the funding for administrative functions;

(2) standardize and simplify processes, standards, and timelines for case management within the Department of Human Services, Disability Services Division, including eligibility determinations, resource allocation, management of dollars, provision for assignment of one case manager at a time per person, waiting lists, quality assurance, host county concurrence requirements, county of financial responsibility provisions, and waiver compliance; and

(3) increase opportunities for consumer choice of case management functions involving service coordination.

Public program revenue for the distribution formula includes revenue from medical assistance, prepaid medical assistance, general assistance medical care, and prepaid general assistance medical care. Training sites that receive no public program revenue are ineligible for funds available under this subdivision. For purposes of determining training-site level grants to be distributed under paragraph (a), total statewide average costs per trainee for medical residents is based on audited clinical training costs per trainee in primary care clinical medical education programs for medical residents. (b) To the extent possible, a person conducting restoration with money appropriated in this section must plant vegetation or sow seed only of ecotypes native to Minnesota, and preferably of the local ecotype, using a high diversity of species originating from as close to the restoration site as possible, and protect existing native prairies, grasslands, forests, wetlands, and other aquatic systems from genetic contamination.

(c) All conservation easements acquired with money appropriated in this section must: (1) be permanent; (2) specify the parties to an easement; (3) specify all of the provisions of an agreement that are permanent; (4) specify the habitat types and location being protected; (5) where appropriate for conservation or water protection outcomes, require the grantor to employ practices retaining water on the eased land as long as practicable; (6) specify the responsibilities of the parties for habitat enhancement and restoration and the associated costs of these activities; (7) be sent to the office of the Lessard-Sams Outdoor Heritage Council; (8) include a long-term stewardship plan and identify the sources and amount of funding for monitoring and enforcing the easement agreement; and (9) identify the parties responsible for monitoring and enforcing the easement agreement.

(d) For all restorations, a recipient must prepare and retain an ecological restoration and management plan that, to the degree practicable, is consistent with current conservation science and ecological goals for the restoration site. Consideration should be given to soil, geology, topography, and other relevant factors that would provide the best chance for long-term success of the restoration projects. The plan shall include the proposed timetable for implementing the restoration, including, but not limited to, site preparation, establishment of diverse plant species, maintenance, and additional enhancement to establish the restoration; identify long-term maintenance and management needs of the restoration and how the maintenance, management, and enhancement will be financed; and use the current conservation science to achieve the best restoration.

(e) For new lands acquired, a recipient must prepare a restoration and management plan in compliance with paragraph (d), including identification of sufficient funding for implementation.

(f) To ensure public accountability for the use of public funds, a recipient must provide to the Lessard-Sams Outdoor Heritage Council documentation of the selection process used to identify parcels acquired in fee or permanent conservation easement and provide the council with documentation of all related transaction costs, including, but not limited to, appraisals, legal fees, recording fees, commissions, other similar costs, and donations. This information must be provided for all parties involved in the transaction. The recipient shall also report to the Lessard-Sams Outdoor Heritage Council any difference between the acquisition amount paid to the seller and the state-certified or state-reviewed appraisal, if a state-certified or state-reviewed appraisal was conducted. Acquisition data such as appraisals may remain private during negotiations but must ultimately be made public according to Minnesota Statutes, chapter 13.

(g) Except as otherwise provided in this section, all restoration and enhancement projects funded with money appropriated in this section must be on land permanently protected by a conservation easement or public ownership or in public waters as defined in Minnesota Statutes, section 103G.005, subdivision 15.

(h) To the extent an appropriation is used to acquire an interest in real property, a recipient of an appropriation under this section must provide to the Lessard-Sams Outdoor Heritage Council and the commissioner of management and budget an analysis of increased operations and maintenance costs likely to be incurred by public entities as a result of the acquisition and of how these costs are to be paid.

(i) A recipient of money from an appropriation in this section must give consideration to and make timely written contact with the Minnesota Conservation Corps or its successor for consideration of

possible use of their services to contract for restoration and enhancement services. A copy of the written contact must be filed with the Lessard-Sams Outdoor Heritage Council within 15 days of execution.

(j) A recipient of money from this section must erect signage according to Laws 2009, chapter 172, article 5, section 10.

Subd. 10. Payment Conditions and Capital Equipment Expenditures

All agreements, grants, or contracts referred to in this section must be administered on a reimbursement basis unless otherwise provided in this section. Notwithstanding Minnesota Statutes, section 16A.41, expenditures directly related to each appropriation's purpose made on or after July 1, 2010, are eligible for reimbursement unless otherwise provided in this section. Periodic reimbursement must be made upon receiving documentation that the deliverable items articulated in the approved accomplishment plan have been achieved, including partial achievements as evidenced by approved progress reports. Reasonable amounts may be advanced to projects to accommodate cash flow needs or to match federal share. The advances must be approved as part of the accomplishment plan. Capital equipment expenditures for specific items in excess of \$10,000 must be approved as part of the accomplishment plan.

Subd. 11. Purchase of Recycled and Recyclable Materials

A political subdivision, public or private corporation, or other entity that receives an appropriation in this section must use the appropriation in compliance with Minnesota Statutes, section 16B.121, regarding purchase of recycled, repairable, and durable materials, and section 16B.122, regarding purchase and use of paper stock and printing.

Subd. 12. Accessibility

Structural and nonstructural facilities must meet the design standards in the Americans with Disabilities Act (ADA) accessibility guidelines.

Subd. 13. Land Acquisition Restrictions

(a) An interest in real property, including, but not limited to, an easement or fee title, that is acquired with money appropriated under this section must be used in perpetuity or for the specific term of an easement interest for the purpose for which the appropriation was made.

(b) A recipient of funding who acquires an interest in real property subject to this subdivision may not alter the intended use of the interest in real property or convey any interest in the real property acquired with the appropriation without the prior review and approval of the Lessard-Sams Outdoor Heritage Council or its successor. The council shall notify the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over the outdoor heritage fund at least 15 business days before approval under this paragraph. The council shall establish procedures to review requests from recipients to alter the use of or convey an interest in real property. These procedures shall allow for the replacement of the interest in real property with another interest in real property meeting the following criteria: (1) the interest is at least equal in fair market value, as certified by the commissioner of natural resources, to the interest being replaced; and (2) the interest is in a reasonably equivalent location and has a reasonably equivalent useful conservation purpose compared to the interest being replaced.

(c) A recipient of funding who acquires an interest in real property under paragraph (a) must separately record a notice of funding restrictions in the appropriate local government office where the conveyance of the interest in real property is filed. The notice of funding agreement must contain: (1) a legal description of the interest in real property covered by the funding agreement; (2) a reference to the underlying funding agreement; (3) a reference to this section; and (4) the following statement: "This interest in real property shall be administered in accordance with the terms, conditions, and purposes of the grant agreement controlling the acquisition of the property. The interest in real property, or any portion of the interest in real property, shall not be sold, transferred, pledged, or otherwise disposed of or further encumbered without obtaining the prior written approval of the Lessard-Sams Outdoor Heritage Council or its successor. The ownership of the interest in real property shall transfer to the state if: (1) the holder of the interest in real property fails to comply with the terms and conditions of the grant agreement or accomplishment plan; or (2) restrictions are placed on the land that preclude its use for the intended purpose as specified in the appropriation."

Subd. 14. Real Property Interest Report

By December 1 each year, a recipient of money appropriated under this section that is used for the acquisition of an interest in real property, including, but not limited to, an easement or fee title, must submit annual reports on the status of the real property to the Lessard-Sams Outdoor Heritage Council or its successor in a form determined by the council. The responsibility for reporting under this section may be transferred by the recipient of the appropriation to another person or entity that holds the interest in the real

property. To complete the transfer of reporting responsibility, the recipient of the appropriation must: (1) inform the person to whom the responsibility is transferred of that person's reporting responsibility; (2) inform the person to whom the responsibility is transferred of the property restrictions under subdivision 13; (3) provide written notice to the council of the transfer of reporting responsibility, including contact information for the person to whom the responsibility is transferred; and (4) provide the Lessard-Sams Outdoor Heritage Council or its successor written documentation from the person or entity holding the interest in real property certifying its acceptance of all reporting obligations and responsibilities previously held by the recipient of the appropriation. After the transfer, the person or entity that holds the interest in the real property is responsible for reporting requirements under this section.

Subd. 15. Successor Organizations

The Lessard-Sams Outdoor Heritage council may approve the continuation of a project with an organization that has adopted a new name. Continuation of a project with an organization that has undergone a significant change in mission, structure, or purpose will require: (1) notice to the chairs of committees with relevant jurisdiction; and (2) presentation by the Lessard-Sams Outdoor Heritage Council of proposed legislation either ratifying or rejecting continued involvement with the new organization.

Subd. 5. **Restoration evaluations.** Beginning July 1, 2011, the commissioner of natural resources shall convene a technical evaluation panel comprised of five members, including one technical representative from the Board of Water and Soil Resources, one technical representative from the Department of Natural Resources, one technical expert from the University of Minnesota or the Minnesota State Colleges and Universities, and two other representatives with expertise related to the project being evaluated. The commissioner may add a technical representative from a unit of federal or local government. The members of the technical evaluation panel may not be associated with the restoration, may vary depending upon the projects being reviewed, and shall avoid any potential conflicts of interest. Each year, the commissioner shall assign a coordinator to identify a sample of up to ten habitat restoration projects completed with parks and trails funding. The coordinator shall secure the restoration plans for the projects specified and direct the technical evaluation panel to evaluate the restorations relative to the law, current science, and the stated goals and standards in the restoration plan and, when applicable, to the Board of Water and Soil Resources' native vegetation establishment and enhancement guidelines. The coordinator shall summarize the findings of the panel and provide a report to the chairs of the respective house of representatives and senate policy and finance committees with jurisdiction over natural resources and spending from the parks and trails fund. The report shall determine if the restorations are meeting planned goals, any problems with the implementation of restorations, and, if necessary, recommendations on improving restorations. The report shall be focused on improving future restorations. Up to one-tenth of one percent of forecasted receipts from the parks and trails fund may be used for restoration evaluations under this section.

Sec. 4. Minnesota Statutes 2009 Supplement, section 97A.056, subdivision 3, is amended to read:

Subd. 3. **Council recommendations.** (a) The council shall make recommendations to the legislature on appropriations of money from the outdoor heritage fund that are consistent with the Constitution and state law and that will achieve the outcomes of existing natural resource plans, including, but not limited to, the Minnesota Statewide Conservation and Preservation Plan, that directly relate to the restoration, protection, and enhancement of wetlands, prairies, forests, and habitat for fish, game, and wildlife, and that prevent forest fragmentation, encourage forest consolidation, and expand restored native prairie. In making recommendations, the council shall consider a range of options that would best restore, protect, and enhance wetlands, prairies, forests, and habitat for fish, game, and wildlife, and shall not adopt definitions of "restore", "protect", or "enhance" that would limit the council from considering options that are consistent with the Constitution. The council shall submit its initial recommendations to the legislature no later than April 1, 2009. Subsequent recommendations shall be submitted no later than January 15 each year. The council shall present its recommendations to the senate and house of representatives committees with jurisdiction over the environment and natural resources budget by February 15 in odd-numbered years, and within the first four weeks of the legislative session in even-numbered years. The council's budget recommendations to the legislature shall be separate from the Department of Natural Resource's budget recommendations.

(b) To encourage and support local conservation efforts, the council shall establish a conservation partners program. Local, regional, state, or national organizations may apply for matching grants for restoration, protection, and enhancement of wetlands, prairies, forests, and habitat for fish, game, and wildlife, prevention of forest fragmentation, encouragement of forest consolidation, and expansion of restored native prairie.

(c) The council may work with the Clean Water Council to identify projects that are consistent with both the purpose of the outdoor heritage fund and the purpose of the clean water fund.

(d) The council may make recommendations to the Legislative-Citizen Commission on Minnesota Resources on scientific research that will assist in restoring, protecting, and enhancing wetlands, prairies, forests, and habitat for fish, game, and wildlife, preventing forest fragmentation, encouraging forest consolidation, and expanding restored native prairie.

(e) Recommendations of the council, including approval of recommendations for the outdoor heritage fund, require an affirmative vote of at least nine members of the council.

(f) The council may work with the Clean Water Council, the Legislative-Citizen Commission on Minnesota Resources, the Board of Water and Soil Resources, soil and water conservation districts, and experts from Minnesota State Colleges and Universities and the University of Minnesota in developing the council's recommendations.

The process must include a fair, equitable, and thorough process for reviewing requests for funding and a clear and easily understood process for ranking projects.

(h) The council shall use the regions of the state based upon the ecological regions and subregions developed by the Department of Natural Resources and establish objectives for each region and subregion to achieve the purposes of the fund outlined in the state constitution.

(i) The council shall develop and submit to the Legislative Coordinating Commission plans for the first ten years of funding, and a framework for 25 years of funding, consistent with statutory and constitutional requirements. The council may use existing plans from other legislative, state, and federal sources, as applicable.

Sec. 5. Minnesota Statutes 2008, section 97A.056, subdivision 5, is amended to read:

Subd. 5. **Open meetings.** (a) Meetings of the council and other groups the council may establish are subject to chapter 13D. Except where prohibited by law, the council shall establish additional processes to broaden public involvement in all aspects of its deliberations, including recording meetings, video conferencing, and publishing minutes. For the purposes of this subdivision, a meeting occurs when a quorum is present and the members receive information or take action on any matter relating to the duties of the council. The quorum requirement for the council shall be seven members.

(b) Travel to and from scheduled and publicly noticed site visits by council members for the purposes of receiving information is not a violation of paragraph (a). Any decision or agreement to make a decision during the travel is a violation of paragraph (a).

Sec. 6. Minnesota Statutes 2008, section 97A.056, is amended by adding a subdivision to read:

Subd. 8. **Revenues.** When a parcel of land that was previously purchased with outdoor heritage funds is transferred to the state, the owner of the land shall disclose to the council and commissioner of natural resources:

(1) all revenues generated from activities on the land from the time the land was purchased with outdoor heritage funds until the land was transferred to the state;

(2) all holding costs associated with managing the land between the time of purchase with outdoor heritage funds and the time the land was transferred to the state; and

(3) the total net revenues as determined by subtracting the costs described in clause (2) from the revenues described in clause (1).

Sec. 7. Minnesota Statutes 2008, section 97A.056, is amended by adding a subdivision to read:

Subd. 9. **Lands in public domain.** Money appropriated from the outdoor heritage fund shall not be used to purchase any land in fee title or a permanent conservation easement if the land in question is fully or partially owned by the state of Minnesota or a political subdivision of the state, unless: (1) the purchase creates additional direct benefit to protect, restore, or enhance the state's wetlands, prairies, forests, or habitat for fish, game, and wildlife; and (2) the purchase is approved by an affirmative vote of at least nine members of the council. At least 15 business days prior to a decision under this subdivision, the council shall submit the planned decision item to the Legislative Coordinating Commission. The planned decision item takes effect 15 business days after it is submitted by the council.

By January 15, 2011, the council shall report to the chairs and ranking minority members of the legislative committees and divisions that make recommendations for appropriations from the clean water fund on the outcomes of the council's water supply planning activities. This appropriation is onetime and available until expended.

Sec. 6. **APPROPRIATIONS; BOARD OF WATER AND SOIL RESOURCES.**

(b) \$400,000 in fiscal year 2011 is appropriated from the clean water fund to the Board of Water and Soil Resources to purchase and restore permanent conservation easements on riparian buffers of up to 120 feet adjacent to public waters, excluding wetlands, to keep water on the land in order to decrease sediment, pollutant, and nutrient transport, reduce hydrologic impacts to surface waters, and increase infiltration for groundwater recharge. The riparian buffers must be at least 50 feet unless there is a natural impediment, a road, or other impediment beyond the

control of the landowner. This appropriation may be used for restoration of riparian buffers protected by easements purchased with this appropriation and for stream bank restorations when the riparian buffers have been restored. Up to five percent may be used for administration of this program and up to five percent may be used for technical design, construction, and project oversight.

(c) \$400,000 in fiscal year 2011 is appropriated from the clean water fund to the Board of Water and Soil Resources for grants to watershed districts and watershed management organizations for: (1) structural or vegetative management practices that reduce storm water runoff from developed or disturbed lands to reduce the movement of sediment, nutrients, and pollutants or to leverage federal funds for restoration, protection, or enhancement of water quality in lakes, rivers, and streams and to protect groundwater and drinking water; and (2) the installation of proven and effective water retention practices including, but not limited to, rain gardens and other vegetated infiltration basins and sediment control basins in order to keep water on the land. The projects must be of long-lasting public benefit, include a local match, and be consistent with TMDL implementation plans or local water management plans. Watershed district and watershed management organization staff and administration may be used for the local match. Priority may be given to school projects that can be used to demonstrate water retention practices. Up to five percent may be used for administering the grants and up to five percent may be used for technical design, construction, and project oversight.

Priority must be placed on land that is located where the vulnerability of the drinking water supply management area, as defined under Minnesota Rules, part 4720.5100, subpart 13, is designated as high or very high by the commissioner of health. Up to five percent may be used for administration of this program and up to five percent may be used for technical design, construction, and project oversight.

(e) The appropriations in fiscal year 2011 to the Board of Water and Soil Resources in Laws 2009, chapter 172, article 2, section 6, are available until June 30, 2012, and, unless otherwise specified, may utilize up to five percent for administration of grant and easement programs and up to five percent for technical design, construction, and project oversight.

(2) if the operator for the proposed permanent open burning site is different from the owner, the name, address, and telephone number of the operator;

(3) a general description of the materials to be burned, including the source and estimated quantity, dimensions of the site and burn pile areas, hours and dates of operation, and provisions for smoke management; and

(4) a topographic or similarly detailed map of the site and surrounding area within a one mile circumference showing all structures that might be affected by the operation of the site.

Only trees, tree trimmings, or brush that cannot be disposed of by an alternative method such as chipping, composting, or other method shall be permitted to be burned at a permanent open burning site. A permanent tree and brush open burning site must be located and operated so as not to create a nuisance or endanger water quality. The commissioner shall revoke the permit or order actions to mitigate threats to public health, safety, and the environment in the event that permit conditions are violated.

Sec. 42. Minnesota Statutes 2008, section 88.79, subdivision 2, is amended to read:

Subd. 2. **Charge for service; receipts to special revenue fund.** Notwithstanding section 16A.1283, the commissioner of natural resources may charge the owner, by written order published in the State Register, establish fees the commissioner determines to be fair and reasonable that are charged to owners receiving such services such sums as the commissioner shall determine to be fair and reasonable under subdivision 1. The charges must account for differences in the value of timber and other benefits. The receipts from ~~such~~ the services shall be credited to the special revenue fund and are annually appropriated to the commissioner for the purposes specified in subdivision 1.

Sec. 43. Minnesota Statutes 2008, section 89.17, is amended to read:

89.17 LEASES AND PERMITS.

Notwithstanding the permit procedures of chapter 90, the commissioner shall have power to grant and execute, in the name of the state, leases and permits for the use of any forest lands under the authority of the commissioner for any purpose which in the commissioner's opinion is not inconsistent with the maintenance and management of the forest lands, on forestry principles for timber production. Every such lease or permit shall be revocable at the discretion of the commissioner at any time subject to such conditions as may be agreed on in the lease. The approval of the commissioner of administration shall not be required upon any such lease or permit. No such lease or permit for a period exceeding ~~ten~~ 21 years shall be granted except with the approval of the Executive Council.

~~Hunting of wild game is prohibited on any land which has been posted by the lessee to prohibit hunting. Such prohibition shall apply to all persons including the lessee~~ Public access to the leased land for outdoor recreation shall be the same as access would be under state management.

Sec. 44. Minnesota Statutes 2008, section 90.041, is amended by adding a subdivision to read:

Subd. 9. **Reoffering unsold timber.** To maintain and enhance forest ecosystems on state forest lands, the commissioner may reoffer timber tracts remaining unsold under the provisions of section 90.101 below appraised value at public auction with the required 30-day notice under section 90.101, subdivision 2.

Sec. 45. Minnesota Statutes 2008, section 90.121, is amended to read:

90.121 INTERMEDIATE AUCTION SALES; MAXIMUM LOTS OF 3,000 CORDS.

(a) The commissioner may sell the timber on any tract of state land in lots not exceeding 3,000 cords in volume, in the same manner as timber sold at public auction under section 90.101, and related laws, subject to the following special exceptions and limitations:

(1) the commissioner shall offer all tracts authorized for sale by this section separately from the sale of tracts of state timber made pursuant to section 90.101;

(2) no bidder may be awarded more than 25 percent of the total tracts offered at the first round of bidding unless fewer than four tracts are offered, in which case not more than one tract shall be awarded to one bidder. Any tract not sold at public auction may be offered for private sale as authorized by section 90.101, subdivision 1, to persons eligible under this section at the appraised value; and

(3) no sale may be made to a person having more than ~~20~~ 30 employees. For the purposes of this clause, "employee" means an individual working in the timber or wood products industry for salary or wages on a full-time or part-time basis.

(b) The auction sale procedure set forth in this section constitutes an additional alternative timber sale procedure available to the commissioner and is not intended to replace other authority possessed by the commissioner to sell timber in lots of 3,000 cords or less.

(c) Another bidder or the commissioner may request that the number of employees a bidder has pursuant to paragraph (a), clause (3), be confirmed if there is evidence that the bidder may be ineligible due to exceeding the employee threshold. The commissioner shall request information from the commissioners of labor and industry and employment and economic development including the premiums paid by the bidder in question for workers' compensation insurance coverage for all employees of the bidder. The commissioner shall review the information submitted by the commissioners of labor and industry and employment and economic development and make a determination based on that information as to whether the bidder is eligible. A bidder is considered eligible and may participate in intermediate auctions until determined ineligible under this paragraph.

EFFECTIVE DATE. This section is effective retroactively from July 1, 2006.

Sec. 46. Minnesota Statutes 2008, section 90.14, is amended to read:

90.14 AUCTION SALE PROCEDURE.

(a) All state timber shall be offered and sold by the same unit of measurement as it was appraised. No tract shall be sold to any person other than the purchaser in whose name the bid was made. The commissioner may refuse to approve any and all bids received and cancel a sale of state timber for good and sufficient reasons.

(b) The purchaser at any sale of timber shall, immediately upon the approval of the bid, or, if unsold at public auction, at the time of purchase at a subsequent sale under section 90.101, subdivision 1, pay to the commissioner a down payment of 15 percent of the appraised value. In case any purchaser fails to make such payment, the purchaser shall be liable therefor to the state in a civil action, and the commissioner may reoffer the timber for sale as though no bid or sale under section 90.101, subdivision 1, therefor had been made.

(c) In lieu of the scaling of state timber required by this chapter, a purchaser of state timber may, at the time of payment by the purchaser to the commissioner of 15 percent of the appraised value, elect in writing on a form prescribed by the attorney general to purchase a permit based solely on the appraiser's estimate of the volume of timber described in the permit, provided that the commissioner has expressly designated the availability of such option for that tract on the list of tracts available for sale as required under section 90.101. A purchaser who elects in writing on a form prescribed by the attorney general to purchase a permit based solely on the appraiser's estimate of the volume of timber described on the permit does not have recourse to the provisions of section 90.281.

(d) In the case of a public auction sale conducted by a sealed bid process, tracts shall be awarded to the high bidder, who shall pay to the commissioner a down payment of 15 percent of the appraised value ~~within ten business days of receiving a written award notice that must be received or postmarked within 14 days of the date of the sealed bid opening.~~ If a purchaser fails to make the down payment, the purchaser is liable for the down payment to the state and the commissioner may offer the timber for sale to the next highest bidder as though no higher bid had been made.

(e) Except as otherwise provided by law, at the time the purchaser signs a permit issued under section 90.151, the commissioner shall require the purchaser shall to make a bid guarantee payment to the commissioner in an amount equal to 15 percent of the total purchase price of the permit less the down payment amount required by paragraph (b) for any bid increase in excess of \$5,000 of the appraised value. If ~~the a required~~ bid guarantee payment is not submitted with the signed permit, no harvesting may occur, the permit cancels, and the down payment for timber forfeits to the state. The bid guarantee payment forfeits to the state if the purchaser and successors in interest fail to execute an effective permit.

Sec. 47. Minnesota Statutes 2008, section 97B.665, subdivision 2, is amended to read:

Subd. 2. **Petition to district court.** If a beaver dam causes a threat to personal safety or a serious threat to damage property, ~~and a person cannot obtain consent under subdivision 1,~~ a person may petition the district court for relief. The court may order the ~~commissioner~~ owners of private property where beaver dams are located to take action to reduce the threat. A permit is not required for an action ordered by the court. The action may include destruction or alteration of beaver dams and removal of beaver. This subdivision does not apply to state parks, state game refuges, and federal game refuges.

Sec. 48. **[103A.212] WATERSHED MANAGEMENT POLICY.**

The quality of life of every Minnesotan depends on water. Minnesota's rivers, lakes, streams, wetlands, and groundwater provide a foundation for drinking water and the state's recreational, municipal, commercial, industrial, agricultural, environmental, aesthetic, and economic well-being. The legislature finds that it is in the public interest to manage groundwater and surface water resources from the perspective of aquifers, watersheds, and river basins to achieve protection, preservation, enhancement, and restoration of the state's valuable groundwater and surface water resources.

Sec. 49. Minnesota Statutes 2008, section 103A.305, is amended to read:

103A.305 JURISDICTION.

Sections 103A.301 to 103A.341 apply if the decision of an agency in a proceeding involves a question of water policy in one or more of the areas of water conservation, water pollution, preservation and management of wildlife, drainage, soil conservation, public recreation, forest management, and municipal planning under section 97A.135;

103A.411; 103E.011; 103E.015; 103G.245; 103G.261; 103G.271; 103G.275; 103G.281; ~~103G.295, subdivisions 1 and 2;~~ 103G.287; 103G.297 to 103G.311; 103G.315, subdivisions 1, 10, 11, and 12; 103G.401; 103G.405; 103I.681, subdivision 1; 115.04; or 115.05.

Sec. 50. Minnesota Statutes 2008, section 103B.702, is amended by adding a subdivision to read:

Subd. 10. **Decisions; review and approval.** Decisions of the Star Lake Board regarding the criteria used to designate a lake or river as a "Minnesota Star Lake" or "Minnesota Star River," as well as a decision to award grants, are subject to the review and approval of the Board of Water and Soil Resources.

Sec. 51. Minnesota Statutes 2009 Supplement, section 103G.201, is amended to read:

103G.201 PUBLIC WATERS INVENTORY.

(a) The commissioner shall maintain a public waters inventory map of each county that shows the waters of this state that are designated as public waters under the public waters inventory and classification procedures prescribed under Laws 1979, chapter 199, and shall provide access to a copy of the maps ~~and lists~~. As county public waters inventory maps ~~and lists~~ are revised according to this section, the commissioner shall send a notification or a copy of the maps ~~and lists~~ to the auditor of each affected county.

(b) The commissioner is authorized to revise the ~~list~~ map of public waters established under Laws 1979, chapter 199, to reclassify those types 3, 4, and 5 wetlands previously identified as public waters wetlands under Laws 1979, chapter 199, as public waters or as wetlands under section 103G.005, subdivision 19. The commissioner may only reclassify public waters wetlands as public waters if:

(1) they are assigned a shoreland management classification by the commissioner under sections 103F.201 to 103F.221;

(2) they are classified as lacustrine wetlands or deepwater habitats according to Classification of Wetlands and Deepwater Habitats of the United States (Cowardin, et al., 1979 edition); or

(3) the state or federal government has become titleholder to any of the beds or shores of the public waters wetlands, subsequent to the preparation of the public waters inventory map filed with the auditor of the county, pursuant to paragraph (a), and the responsible state or federal agency declares that the water is necessary for the purposes of the public ownership.

(c) The commissioner must provide notice of the reclassification to the local government unit, the county board, the watershed district, if one exists for the area, and the soil and water conservation district. Within 60 days of receiving notice from the commissioner, a party required to receive the notice may provide a resolution stating objections to the reclassification. If the commissioner receives an objection from a party required to receive the notice, the reclassification is not effective. If the commissioner does not receive an objection from a party required to receive the notice, the reclassification of a wetland under paragraph (b) is effective 60 days after the notice is received by all of the parties.

(d) The commissioner shall give priority to the reclassification of public waters wetlands that are or have the potential to be affected by public works projects.

(e) The commissioner may revise the public waters inventory map ~~and list~~ of each county:

(1) to reflect the changes authorized in paragraph (b); and

(2) as needed, to:

(i) correct errors in the original inventory;

(ii) add or subtract trout stream tributaries within sections that contain a designated trout stream following written notice to the landowner;

(iii) add depleted quarries, and sand and gravel pits, when the body of water exceeds 50 acres and the shoreland has been zoned for residential development; and

(iv) add or subtract public waters that have been created or eliminated as a requirement of a permit authorized by the commissioner under section 103G.245.

Sec. 52. Minnesota Statutes 2008, section 103G.271, subdivision 3, is amended to read:

Subd. 3. **Permit restriction during summer months.** The commissioner must not modify or restrict the amount of appropriation from a groundwater source authorized in a water use permit issued to irrigate agricultural land ~~under section 103G.295, subdivision 2,~~ between May 1 and October 1, unless the commissioner determines the authorized amount of appropriation endangers a domestic water supply.

Sec. 53. **[103G.282] MONITORING TO EVALUATE IMPACTS FROM APPROPRIATIONS.**

Subdivision 1. **Monitoring equipment.** The commissioner may require the installation and maintenance of monitoring equipment to evaluate water resource impacts from permitted appropriations and proposed projects that require a permit. Monitoring for water resources that supply more than one appropriator must be designed to minimize costs to individual appropriators.

Subd. 2. **Measuring devices required.** Monitoring installations required under subdivision 1 must be equipped with automated measuring devices to measure water levels, flows, or conditions. The commissioner may determine the frequency of measurements and other measuring methods based on the quantity of water appropriated or used, the source of water, potential connections to other water resources, the method of appropriating or using water, seasonal and long-term changes in water levels, and any other facts supplied to the commissioner.

Subd. 3. **Reports and costs.** (a) Records of water measurements under subdivision 2 must be kept for each installation. The measurements must be reported annually to the commissioner on or before February 15 of the following year in a format or on forms prescribed by the commissioner.

(b) The owner or person in charge of an installation for appropriating or using waters of the state or a proposal that requires a permit is responsible for all costs related to establishing and maintaining monitoring installations and to measuring and reporting data. Monitoring costs for water resources that supply more than one appropriator may be distributed among all users within a monitoring area determined by the commissioner and assessed based on volumes of water appropriated and proximity to resources of concern.

Sec. 54. Minnesota Statutes 2008, section 103G.285, subdivision 5, is amended to read:

Subd. 5. **Trout streams.** Permits issued after June 3, 1977, to appropriate water from streams designated trout streams by the commissioner's orders under section ~~97C.021~~ 97C.005 must be limited to temporary appropriations.

Sec. 55. **[103G.287] GROUNDWATER APPROPRIATIONS.**

Subdivision 1. **Applications for groundwater appropriations.** (a) Groundwater use permit applications are not complete until the applicant has supplied:

(1) a water well record as required by section 103I.205, subdivision 9, information on the subsurface geologic formations penetrated by the well and the formation or aquifer that will serve as the water source, and geologic information from test holes drilled to locate the site of the production well;

(2) the maximum daily, seasonal, and annual pumpage rates and volumes being requested;

(3) information on groundwater quality in terms of the measures of quality commonly specified for the proposed water use and details on water treatment necessary for the proposed use;

(4) an inventory of existing wells within 1-1/2 miles of the proposed production well or within the area of influence, as determined by the commissioner. The inventory must include information on well locations, depths, geologic formations, depth of the pump or intake, pumping and nonpumping water levels, and details of well construction; and

(5) the results of an aquifer test completed according to specifications approved by the commissioner. The test must be conducted at the maximum pumping rate requested in the application and for a length of time adequate to assess or predict impacts to other wells and surface water and groundwater resources. The permit applicant is responsible for all costs related to the aquifer test, including the construction of groundwater and surface water monitoring installations, and water level readings before, during, and after the aquifer test.

(b) The commissioner may waive an application requirement in this subdivision if the information provided with the application is adequate to determine whether the proposed appropriation and use of water is sustainable and will protect ecosystems, water quality, and the ability of future generations to meet their own needs.

Subd. 2. **Relationship to surface water resources.** Groundwater appropriations that have potential impacts to surface waters are subject to applicable provisions in section 103G.285.

Subd. 3. **Protection of groundwater supplies.** The commissioner may establish water appropriation limits to protect groundwater resources. When establishing water appropriation limits to protect groundwater resources, the commissioner must consider the sustainability of the groundwater resource, including the current and projected water levels, water quality, whether the use protects ecosystems, and the ability of future generations to meet their own needs.

Subd. 4. **Groundwater management areas.** The commissioner may designate groundwater management areas and limit total annual water appropriations and uses within a designated area to ensure sustainable use of groundwater that protects ecosystems, water quality, and the ability of future generations to meet their own needs. Water appropriations and uses within a designated management area must be consistent with a plan approved by the commissioner that addresses water conservation requirements and water allocation priorities established in section 103G.261.

Subd. 5. **Interference with other wells.** The commissioner may issue water use permits for appropriation from groundwater only if the commissioner determines that the groundwater use is sustainable to supply the needs of future generations and the proposed use will not harm ecosystems, degrade water, or reduce water levels beyond the reach of public water supply and private domestic wells constructed according to Minnesota Rules, chapter 4725.

Sec. 56. Minnesota Statutes 2008, section 103G.301, subdivision 6, is amended to read:

Subd. 6. **Filing application.** ~~(a)~~ An application for a permit must be filed with the commissioner and if the proposed activity for which the permit is requested is within a municipality, or is within or affects a watershed district or a soil and water conservation district, a copy of the application with maps, plans, and specifications must be served on the mayor of the municipality, the secretary of the board of managers of the watershed district, and the secretary of the board of supervisors of the soil and water conservation district.

~~(b) If the application is required to be served on a local governmental unit under this subdivision, proof of service must be included with the application and filed with the commissioner.~~

Sec. 57. Minnesota Statutes 2008, section 103G.305, subdivision 2, is amended to read:

Subd. 2. **Exception.** The requirements of subdivision 1 do not apply to applications for a water use permit for:

~~(1) appropriations from waters of the state for irrigation, under section 103G.295;~~

~~(2) appropriations for diversion from the basin of origin of more than 2,000,000 gallons per day average in a 30-day period; or~~

~~(3) (2) appropriations with a consumptive use of more than 2,000,000 gallons per day average for a 30-day period.~~

Sec. 58. Minnesota Statutes 2008, section 103G.315, subdivision 11, is amended to read:

Subd. 11. **Limitations on permits.** (a) Except as otherwise expressly provided by law, a permit issued by the commissioner under this chapter is subject to:

(1) cancellation by the commissioner at any time if necessary to protect the public interests;

(2) further conditions on the term of the permit or its cancellation as the commissioner may prescribe and amend and reissue the permit; and

(3) applicable law existing before or after the issuance of the permit.

(b) Permits issued to irrigate agricultural land ~~under section 103G.295, or considered issued,~~ are subject to this subdivision and are subject to cancellation by the commissioner upon the recommendation of the supervisors of the soil and water conservation district where the land to be irrigated is located.

Sec. 59. Minnesota Statutes 2008, section 103G.515, subdivision 5, is amended to read:

Subd. 5. **Removal of hazardous dams.** Notwithstanding any provision of this section or of section 103G.511 relating to cost sharing or apportionment, the commissioner, within the limits of legislative appropriation, may assume or pay the entire cost of removal of a privately or publicly owned dam upon determining removal provides the lowest cost solution and:

~~(1) that continued existence of the structure presents a significant public safety hazard, or prevents restoration of an important fisheries resource; or~~

~~(2) that public or private property is being damaged due to partial failure of the structure, and that an attempt to assess costs of removal against the private or public owner would be of no avail.~~

Sec. 60. Minnesota Statutes 2008, section 103G.615, subdivision 2, is amended to read:

Subd. 2. **Fees.** (a) The commissioner shall establish a fee schedule for permits to control or harvest aquatic plants other than wild rice. The fees must be set by rule, and section 16A.1283 does not apply, but the rule must not take effect until 45 legislative days after it has been reported to the legislature. The fees shall be based upon the cost of receiving, processing, analyzing, and issuing the permit, and additional costs incurred after the application to inspect and monitor the activities authorized by the permit, and enforce aquatic plant management rules and permit requirements.

(b) A fee for a permit for the control of rooted aquatic vegetation for each contiguous parcel of shoreline owned by an owner may be charged. This fee may not be charged for permits issued in connection with purple loosestrife control or lakewide Eurasian water milfoil control programs.

(c) A fee may not be charged to the state or a federal governmental agency applying for a permit.

(d) A fee for a permit for the control of rooted aquatic vegetation in a public water basin that is 20 acres or less in size shall be one-half of the fee established under paragraph (a).

(e) The money received for the permits under this subdivision shall be deposited in the treasury and credited to the water recreation account.

EFFECTIVE DATE. This section is effective August 1, 2010.

Sec. 61. **[103G.651] REMOVING SUNKEN LOGS FROM PUBLIC WATERS.**

The commissioner of natural resources must not issue leases to remove sunken logs or issue permits for the removal of sunken logs from public waters.

Sec. 62. Minnesota Statutes 2008, section 115.55, is amended by adding a subdivision to read:

Subd. 13. Subsurface sewage treatment systems implementation and enforcement task force. (a) By September 1, 2010, the agency shall appoint a subsurface sewage treatment systems implementation and enforcement task force in collaboration with the Association of Minnesota Counties, Minnesota Association of Realtors, Minnesota Association of County Planning and Zoning Administrators, and the Minnesota Onsite Wastewater Association. The agency shall work in collaboration with the task force to develop effective and timely implementation and enforcement methods in order to rapidly reduce the number of subsurface sewage treatment systems that are an imminent threat to public health or safety and effectively enforce all violations of the subsurface sewage treatment system rules. The agency shall meet at least three times per year with the task force to address implementation and enforcement issues. The meetings shall be scheduled so that they do not interfere with the construction season.

(b) The agency, in collaboration with the task force and in consultation with the attorney general, county attorneys, and county planning and zoning staff, shall develop, periodically update, and provide to counties enforcement protocols and a checklist that county inspectors, field staff, and others may use when inspecting subsurface sewage treatment systems and enforcing subsurface sewage treatment system rules.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 63. Minnesota Statutes 2008, section 116.07, subdivision 4, is amended to read:

Subd. 4. **Rules and standards.** (a) Pursuant and subject to the provisions of chapter 14, and the provisions hereof, the Pollution Control Agency may adopt, amend and rescind rules and standards having the force of law relating to any purpose within the provisions of Laws 1967, chapter 882, for the prevention, abatement, or control of air pollution. Any such rule or standard may be of general application throughout the state, or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, rules or standards may relate to sources or emissions of air contamination or air pollution, to the quality or composition of such emissions, or to the quality of or composition of the ambient air or outdoor atmosphere or to any other matter relevant to the prevention, abatement, or control of air pollution.

(b) Pursuant and subject to the provisions of chapter 14, and the provisions hereof, the Pollution Control Agency may adopt, amend, and rescind rules and standards having the force of law relating to any purpose within the provisions of Laws 1969, chapter 1046, for the collection, transportation, storage, processing, and disposal of solid waste and the prevention, abatement, or control of water, air, and land pollution which may be related thereto, and the deposit in or on land of any other material that may tend to cause pollution. The agency shall adopt such rules and standards for sewage sludge, addressing the intrinsic suitability of land, the volume and rate of application of sewage sludge of various degrees of intrinsic hazard, design of facilities, and operation of facilities and sites. Any such rule or standard may be of general application throughout the state or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, rules or standards may relate to collection, transportation, processing, disposal, equipment, location, procedures, methods, systems or techniques or to any other matter relevant to the prevention, abatement or control of water, air, and land pollution which may be advised through the control of collection, transportation, processing, and disposal of solid waste and sewage sludge, and the deposit in or on land of any other material that may tend to cause pollution. By January 1, 1983, the rules for the management of sewage sludge shall include an analysis of the sewage sludge determined by the commissioner of agriculture to be necessary to meet the soil amendment labeling requirements of section 18C.215.

(c) The rules for the disposal of solid waste shall include site-specific criteria to prohibit solid waste disposal based on the area's sensitivity to groundwater contamination, including site-specific testing. The rules shall provide criteria for locating landfills based on a site's sensitivity to groundwater contamination. Sensitivity to groundwater contamination is based on the predicted minimum time of travel of groundwater contaminants from the solid waste to the compliance boundary. The rules shall prohibit landfills in areas where karst is likely to develop. The rules shall specify testable or otherwise objective thresholds for these criteria. The rules shall also include modifications to financial assurance requirements under subdivision 4h that ensure the state is protected from financial responsibility for future groundwater contamination. The modifications to the financial assurance rules specified in this paragraph must require that a solid waste disposal facility subject to them maintain financial assurance so long as the facility poses a potential environmental risk to human health, wildlife, or the environment, as determined by the agency following an empirical assessment. The financial assurance and siting modifications to the rules specified in this paragraph do not apply to:

(1) solid waste facilities initially permitted before January 1, 2011, including future contiguous expansions and noncontiguous expansions within 600 yards of a permitted boundary;

(2) solid waste disposal facilities that accept only construction and demolition debris and incidental nonrecyclable packaging, and facilities that accept only industrial waste that is limited to wood, concrete, porcelain fixtures, shingles, or window glass resulting from the manufacture of construction materials; and

(3) requirements for permit by rule solid waste disposal facilities.

(d) Until the rules are modified as provided in paragraph (c) to include site-specific criteria to prohibit areas from solid waste disposal due to groundwater contamination sensitivity, as required under this section, the agency shall not issue a permit for a new solid waste disposal facility, except for:

(1) the reissuance of a permit for a land disposal facility operating as of March 1, 2008;

(2) a permit to expand a land disposal facility operating as of March 1, 2008, beyond its permitted boundaries, including expansion on land that is not contiguous to, but is located within 600 yards of, the land disposal facility's permitted boundaries;

(3) a permit to modify the type of waste accepted at a land disposal facility operating as of March 1, 2008;

(4) a permit to locate a disposal facility that accepts only construction debris as defined in section 115A.03, subdivision 7;

(5) a permit to locate a disposal facility that:

(i) accepts boiler ash from an electric energy power plant that has wet scrubbed units or has units that have been converted from wet scrubbed units to dry scrubbed units as those terms are defined in section 216B.68;

(ii) is on land that was owned on May 1, 2008, by the utility operating the electric energy power plant; and

(iii) is located within three miles of the existing ash disposal facility for the power plant; or

(6) a permit to locate a new solid waste disposal facility for ferrous metallic minerals regulated under Minnesota Rules, chapter 6130, or for nonferrous metallic minerals regulated under Minnesota Rules, chapter 6132.

(e) Pursuant and subject to the provisions of chapter 14, and the provisions hereof, the Pollution Control Agency may adopt, amend and rescind rules and standards having the force of law relating to any purpose within the provisions of Laws 1971, chapter 727, for the prevention, abatement, or control of noise pollution. Any such rule or standard may be of general application throughout the state, or may be limited as to times, places, circumstances or conditions in order to make due allowances for variations therein. Without limitation, rules or standards may relate to sources or emissions of noise or noise pollution, to the quality or composition of noises in the natural environment, or to any other matter relevant to the prevention, abatement, or control of noise pollution.

(f) As to any matters subject to this chapter, local units of government may set emission regulations with respect to stationary sources which are more stringent than those set by the Pollution Control Agency.

(g) Pursuant to chapter 14, the Pollution Control Agency may adopt, amend, and rescind rules and standards having the force of law relating to any purpose within the provisions of this chapter for generators of hazardous waste, the management, identification, labeling, classification, storage, collection, treatment, transportation, processing, and disposal of hazardous waste and the location of hazardous waste facilities. A rule or standard may be of general application throughout the state or may be limited as to time, places, circumstances, or conditions. In implementing its hazardous waste rules, the Pollution Control Agency shall give high priority to providing planning and technical assistance to hazardous waste generators. The agency shall assist generators in investigating the availability and feasibility of both interim and long-term hazardous waste management methods. The methods shall include waste reduction, waste separation, waste processing, resource recovery, and temporary storage.

(h) The Pollution Control Agency shall give highest priority in the consideration of permits to authorize disposal of diseased shade trees by open burning at designated sites to evidence concerning economic costs of transportation and disposal of diseased shade trees by alternative methods.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 64. Minnesota Statutes 2008, section 116.07, subdivision 4h, is amended to read:

Subd. 4h. **Financial responsibility rules.** (a) The agency shall adopt rules requiring the operator or owner of a solid waste disposal facility to submit to the agency proof of the operator's or owner's financial capability to provide reasonable and necessary response during the operating life of the facility and for 30 years after closure for a mixed municipal solid waste disposal facility or for a minimum of 20 years after closure, as determined by agency rules, for any other solid waste disposal facility, and to provide for the closure of the facility and postclosure care required under agency rules. Proof of financial responsibility is required of the operator or owner of a facility receiving an original permit or a permit for expansion after adoption of the rules. Within 180 days of the effective date of the rules or by July 1, 1987, whichever is later, proof of financial responsibility is required of an operator or owner of a facility with a remaining capacity of more than five years or 500,000 cubic yards that is in operation at the time the rules are adopted. Compliance with the rules and the requirements of paragraph (b) is a condition of obtaining or retaining a permit to operate the facility.

(b) A municipality, as defined in section 475.51, subdivision 2, including a sanitary district, that owns or operates a solid waste disposal facility that was in operation on May 15, 1989, may meet its financial responsibility for all or a portion of the contingency action portion of the reasonable and necessary response costs at the facility by pledging its full faith and credit to meet its responsibility.

The pledge must be made in accordance with the requirements in chapter 475 for issuing bonds of the municipality, and the following additional requirements:

(1) The governing body of the municipality shall enact an ordinance that clearly accepts responsibility for the costs of contingency action at the facility and that reserves, during the operating life of the facility and for the time period required in paragraph (a) after closure, a portion of the debt limit of the municipality, as established under section 475.53 or other law, that is equal to the total contingency action costs.

(2) The municipality shall require that all collectors that haul to the facility implement a plan for reducing solid waste by using volume-based pricing, recycling incentives, or other means.

(3) When a municipality opts to meet a portion of its financial responsibility by relying on its authority to issue bonds, it shall also begin setting aside in a dedicated long-term care trust fund money that will cover a portion of the potential contingency action costs at the facility, the amount to be determined by the agency for each facility based on at least the amount of waste deposited in the disposal facility each year, and the likelihood and potential timing of conditions arising at the facility that will necessitate response action. The agency may not require a municipality to set aside more than five percent of the total cost in a single year.

(4) A municipality shall have and consistently maintain an investment grade bond rating as a condition of using bonding authority to meet financial responsibility under this section.

(5) The municipality shall file with the commissioner of revenue its consent to have the amount of its contingency action costs deducted from state aid payments otherwise due the municipality and paid instead to the remediation fund created in section 116.155, if the municipality fails to conduct the contingency action at the facility when ordered by the agency. If the agency notifies the commissioner that the municipality has failed to conduct contingency action when ordered by the agency, the commissioner shall deduct the amounts indicated by the agency from the state aids in accordance with the consent filed with the commissioner.

(6) The municipality shall file with the agency written proof that it has complied with the requirements of paragraph (b).

(c) The method for proving financial responsibility under paragraph (b) may not be applied to a new solid waste disposal facility or to expansion of an existing facility, unless the expansion is a vertical expansion. Vertical expansions of qualifying existing facilities cannot be permitted for a duration of longer than three years.

(d) The commissioner shall consult with the commissioner of management and budget for guidance on the forms of financial assurance that are acceptable for private owners and public owners, and in carrying out a periodic review of the adequacy of financial assurance for solid waste disposal facilities. Financial assurance rules shall allow financial mechanisms to public owners of solid waste disposal facilities that are appropriate to their status as subdivisions of the state.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 65. Minnesota Statutes 2008, section 116D.04, subdivision 2a, is amended to read:

Subd. 2a. **When prepared.** Where there is potential for significant environmental effects resulting from any major governmental action, the action shall be preceded by a detailed environmental impact statement prepared by the responsible governmental unit. The environmental impact statement shall be an analytical rather than an encyclopedic document which describes the proposed action in detail, analyzes its significant environmental impacts, discusses appropriate alternatives to the proposed action and their impacts, and explores methods by which adverse environmental impacts of an action could be mitigated. The environmental impact statement shall also analyze those economic, employment and sociological effects that cannot be avoided should the action be implemented. To ensure its use in the decision-making process, the environmental impact statement shall be prepared as early as practical in the formulation of an action. No mandatory environmental impact statement may be required for an ethanol plant, as defined in section 41A.09, subdivision 2a, paragraph (b), that produces less than 125,000,000 gallons of ethanol annually and is located outside of the seven-county metropolitan area.

(a) The board shall by rule establish categories of actions for which environmental impact statements and for which environmental assessment worksheets shall be prepared as well as categories of actions for which no environmental review is required under this section.

(b) The responsible governmental unit shall promptly publish notice of the completion of an environmental assessment worksheet in a manner to be determined by the board and shall provide copies of the environmental assessment worksheet to the board and its member agencies. Comments on the need for an environmental impact statement may be submitted to the responsible governmental unit during a 30 day period following publication of the notice that an environmental assessment worksheet has been completed. The responsible governmental unit's decision on the need for an environmental impact statement shall be based on the environmental assessment worksheet and the comments received during the comment period, and shall be made within 15 days after the close of the comment period. The board's chair may extend the 15 day period by not more than 15 additional days upon the request of the responsible governmental unit.

(c) An environmental assessment worksheet shall also be prepared for a proposed action whenever material evidence accompanying a petition by not less than 25 individuals, submitted before the proposed project has received final approval by the appropriate governmental units, demonstrates that, because of the nature or location of a proposed action, there may be potential for significant environmental effects. Petitions requesting the preparation of an environmental assessment worksheet shall be submitted to the board. The chair of the board shall determine the appropriate responsible governmental unit and forward the petition to it. A decision on the need for an environmental assessment worksheet shall be made by the responsible governmental unit within 15 days after the petition is received by the responsible governmental unit. The board's chair may extend the 15 day period by not more than 15 additional days upon request of the responsible governmental unit.

(d) Except in an environmentally sensitive location where Minnesota Rules, part 4410.4300, subpart 29, item B, applies, the proposed action is exempt from environmental review under this chapter and rules of the board, if:

(1) the proposed action is:

(i) an animal feedlot facility with a capacity of less than 1,000 animal units; or

(ii) an expansion of an existing animal feedlot facility with a total cumulative capacity of less than 1,000 animal units;

(2) the application for the animal feedlot facility includes a written commitment by the proposer to design, construct, and operate the facility in full compliance with Pollution Control Agency feedlot rules; and

(3) the county board holds a public meeting for citizen input at least ten business days prior to the Pollution Control Agency or county issuing a feedlot permit for the animal feedlot facility unless another public meeting for citizen input has been held with regard to the feedlot facility to be permitted. The exemption in this paragraph is in addition to other exemptions provided under other law and rules of the board.

(e) The board may, prior to final approval of a proposed project, require preparation of an environmental assessment worksheet by a responsible governmental unit selected by the board for any action where environmental review under this section has not been specifically provided for by rule or otherwise initiated.

(f) An early and open process shall be utilized to limit the scope of the environmental impact statement to a discussion of those impacts, which, because of the nature or location of the project, have the potential for significant environmental effects. The same process shall be utilized to determine the form, content and level of detail of the statement as well as the alternatives which are appropriate for consideration in the statement. In addition, the permits which will be required for the proposed action shall be identified during the scoping process. Further, the process shall identify those permits for which information will be developed concurrently with the environmental impact statement. The board shall provide in its rules for the expeditious completion of the scoping process. The determinations reached in the process shall be incorporated into the order requiring the preparation of an environmental impact statement.

(g) The responsible governmental unit shall, to the extent practicable, avoid duplication and ensure coordination between state and federal environmental review and between environmental review and environmental permitting. Whenever practical, information needed by a governmental unit for making final decisions on permits or other actions required for a proposed project shall be developed in conjunction with the preparation of an environmental impact statement.

(h) An environmental impact statement shall be prepared and its adequacy determined within 280 days after notice of its preparation unless the time is extended by consent of the parties or by the governor for good cause. The responsible governmental unit shall determine the adequacy of an environmental impact statement, unless within 60 days after notice is published that an environmental impact statement will be prepared, the board chooses to determine the adequacy of an environmental impact statement. If an environmental impact statement is found to be inadequate, the responsible governmental unit shall have 60 days to prepare an adequate environmental impact statement.

Sec. 66. Minnesota Statutes 2008, section 116D.04, is amended by adding a subdivision to read:

Subd. 14. Customized environmental assessment worksheet forms; electronic submission. (a) The commissioners of natural resources and the Pollution Control Agency and the board shall periodically review mandatory environmental assessment worksheet categories under rules adopted under this section, and other project

types that are frequently subject to environmental review, and develop customized environmental assessment worksheet forms for the category or project type. The forms must include specific questions that focus on key environmental issues for the category or project type. In assessing categories and project types and developing forms, the board shall seek the input of governmental units that are frequently responsible for the preparation of a worksheet for the particular category or project type. The commissioners and the board shall also seek input from the general public on the development of customized forms. The commissioners and board shall make the customized forms available online.

(b) The commissioners of natural resources and the Pollution Control Agency shall allow for the electronic submission of environmental assessment worksheets and permits.

The commissioner may use funds appropriated for nongame wildlife programs for the purpose of developing, preserving, restoring, and maintaining wintering habitat for neotropical migrant birds in Latin America and the Caribbean under agreement or contract with any nonprofit organization dedicated to the construction, maintenance, and repair of such projects that are acceptable to the governmental agency having jurisdiction over the land and water affected by the projects. Under this authority, the commissioner may execute agreements and contracts if the commissioner determines that the use of the funds will benefit neotropical migrant birds that breed in or migrate through the state.

Sec. 68. Minnesota Statutes 2008, section 290.432, is amended to read:

290.432 CORPORATE NONGAME WILDLIFE CHECKOFF.

A corporation that files an income tax return may designate on its original return that \$1 or more shall be added to the tax or deducted from the refund that would otherwise be payable by or to that corporation and paid into the nongame wildlife management account established by section 290.431 for use by ~~the section of wildlife in~~ the Department of Natural Resources for its nongame wildlife program. The commissioner of revenue shall, on the corporate tax return, notify filers of their right to designate that a portion of their tax return be paid into the nongame

wildlife management account for the protection of endangered natural resources. The commissioner of natural resources shall submit a work program for each fiscal year to the Legislative-Citizen Commission on Minnesota Resources in the form determined by the commission. ~~None of the money provided in this section may be spent unless the commission has approved the work program.~~

The state pledges and agrees with all corporate contributors to the nongame wildlife account to use the funds contributed solely for the nongame wildlife program and further agrees that it will not impose additional conditions or restrictions that will limit or otherwise restrict the ability of the commissioner of natural resources to use the available funds for the most efficient and effective management of those programs.

(a) "Installation" means an array of solar photovoltaic modules attached to a building that will use the electricity generated by the solar photovoltaic modules or placed on a facility or property proximate to that building.

(b) "Manufactured" means:

(1) the material production of solar photovoltaic modules, including the tabbing, stringing, and lamination processes; or

(2) the production of interconnections of low-voltage photoactive elements that produce the final useful photovoltaic output by a manufacturer operating in this state on the effective date of this section.

(c) "Qualified owner" means an owner of a qualified property, but does not include an entity engaged in the business of generating or selling electricity at retail, or an unregulated subsidiary of such an entity.

(d) "Qualified property" means a residence, multifamily residence, business, or publicly owned building located in the assigned service area of the utility subject to section 116C.779.

(e) "Solar photovoltaic module" means the smallest, nondivisible, self-contained physical structure housing interconnected photovoltaic cells and providing a single direct current of electrical output.

Subd. 2. **Establishment.** The utility subject to section 116C.779 shall establish a program to provide rebates to an owner of a qualified property for installing solar photovoltaic modules manufactured in Minnesota after December 31, 2009. Any solar photovoltaic modules installed under this program and any expenses incurred by the utility operating the program shall be treated the same as solar installations and related expenses under section 216B.241.

Subd. 3. **Rebate eligibility.** (a) To be eligible for a rebate under this section, a solar photovoltaic module:

(1) must be manufactured in Minnesota;

(2) must be installed on a qualified property as part of a system whose generating capacity does not exceed 40 kilowatts;

(3) must be certified by Underwriters Laboratory, must have received the ETL listed mark from Intertek, or must have an equivalent certification from an independent testing agency;

(4) may or may not be connected to a utility grid;

(5) must be installed, or reviewed and approved, by a person certified as a solar photovoltaic installer by the North American Board of Certified Energy Practitioners; and

(b) To be eligible for a rebate under this section, an applicant must have applied for and been awarded a rebate or other form of financial assistance available exclusively to owners of properties on which solar photovoltaic modules are installed that is offered by:

(1) the utility serving the property on which the solar photovoltaic modules are to be installed; or

(2) this state, under an authority other than this section.

(c) An applicant who is otherwise ineligible for a rebate under paragraph (b) is eligible if the applicant's failure to secure a rebate or other form of financial assistance is due solely to a lack of available funds on the part of a utility or this state.

Subd. 4. Rebate amount and payment. (a) The amount of a rebate under this section is the difference between the sum of all rebates described in subdivision 3, paragraph (b), awarded to the applicant and \$5 per watt of installed generating capacity.

(b) Notwithstanding paragraph (a), the amount of all rebates or other forms of financial assistance awarded to an applicant by a utility and the state, including any rebate paid under this section, net of applicable federal income taxes applied at the highest applicable income tax rates, must not exceed 60 percent of the total installed cost of the solar photovoltaic modules.

(c) Rebates must be awarded to eligible applicants beginning July 1, 2010.

(d) The rebate must be paid out proportionately in five consecutive annual installments.

Subd. 5. Rebate program funding. (a) The following amounts must be allocated from the renewable development account established in section 116C.779 to a separate account for the purpose of providing the rebates for solar photovoltaic modules specified in this section:

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 4. Minnesota Statutes 2008, section 116J.437, subdivision 1, is amended to read:

Subdivision 1. **Definitions.** (a) For the purpose of this section, the following terms have the meanings given.

(b) "Green economy" means products, processes, methods, technologies, or services intended to do one or more of the following:

(1) increase the use of energy from renewable sources, including through achieving the renewable energy standard established in section 216B.1691;

(2) achieve the statewide energy-savings goal established in section 216B.2401, including energy savings achieved by the conservation investment program under section 216B.241;

(3) achieve the greenhouse gas emission reduction goals of section 216H.02, subdivision 1, including through reduction of greenhouse gas emissions, as defined in section 216H.01, subdivision 2, or mitigation of the greenhouse gas emissions through, but not limited to, carbon capture, storage, or sequestration;

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 5. Minnesota Statutes 2008, section 216B.16, subdivision 14, is amended to read:

Subd. 14. **Low-income electric rate discount.** A public utility shall fund an affordability program for low-income customers in an amount based on a 50 percent electric rate discount on the first ~~300~~ 400 kilowatt-hours consumed in a billing period for low-income residential customers of the utility. For the purposes of this subdivision, "low-income" describes a customer who is receiving assistance from the federal low-income home energy assistance program. The affordability program must be designed to target participating customers with the lowest incomes and highest energy costs in order to lower the percentage of income they devote to energy bills, increase their payments, and lower costs associated with collection activities on their accounts. For low-income customers who are 62 years of age or older or disabled, the program must, in addition to any other program benefits, include a 50 percent electric rate discount on the first ~~300~~ 400 kilowatt-hours consumed in a billing period. For the purposes of this subdivision, "public utility" includes only those public utilities with more than 200,000 residential electric service customers. The commission may issue orders necessary to implement, administer, and recover the costs of the program on a timely basis.

Sec. 6. Minnesota Statutes 2008, section 216B.16, subdivision 15, is amended to read:

Subd. 15. **Low-income affordability programs.** (a) The commission must consider ability to pay as a factor in setting utility rates and may establish affordability programs for low-income residential ratepayers in order to ensure affordable, reliable, and continuous service to low-income utility customers. Affordability programs may include inverted block rates in which lower energy prices are made available to lower usage customers. By September 1, 2007, a public utility serving low-income residential ratepayers who use natural gas for heating must file an affordability program with the commission. For purposes of this subdivision, "low-income residential ratepayers" means ratepayers who receive energy assistance from the low-income home energy assistance program (LIHEAP).

(b) Any affordability program the commission orders a utility to implement must:

(1) lower the percentage of income that participating low-income households devote to energy bills;

- (2) increase participating customer payments over time by increasing the frequency of payments;
- (3) decrease or eliminate participating customer arrears;
- (4) lower the utility costs associated with customer account collection activities; and
- (5) coordinate the program with other available low-income bill payment assistance and conservation resources.

(c) In ordering affordability programs, the commission may require public utilities to file program evaluations that measure the effect of the affordability program on:

- (1) the percentage of income that participating households devote to energy bills;
- (2) service disconnections; and
- (3) frequency of customer payments, utility collection costs, arrearages, and bad debt.

(d) The commission must issue orders necessary to implement, administer, and evaluate affordability programs, and to allow a utility to recover program costs, including administrative costs, on a timely basis. The commission may not allow a utility to recover administrative costs, excluding start-up costs, in excess of five percent of total program costs, or program evaluation costs in excess of two percent of total program costs. The commission must permit deferred accounting, with carrying costs, for recovery of program costs incurred during the period between general rate cases.

(e) Public utilities may use information collected or created for the purpose of administering energy assistance to administer affordability programs.

Sec. 7. **[216B.1695] ENVIRONMENTAL PROJECTS; ADVANCE DETERMINATION OF PRUDENCE.**

Subdivision 1. **Qualifying project.** A public utility may petition the commission for an advance determination of prudence for a project undertaken to comply with federal or state air quality standards of states in which the utility's electric generation facilities are located, if the project has an expected jurisdictional cost to Minnesota ratepayers of at least \$10,000,000. A project is undertaken to comply with federal or state air quality standards if it is required:

- (1) by the state in which the generation facility is located in a state implementation plan, permit, or order; or
- (2) to comply with section 111 or 112 of the federal Clean Air Act, United States Code, title 42, section 7411 or 7412.

Subd. 2. **Regulatory cost assessments and reports.** A utility requesting an advance determination under subdivision 1 must, as part of the evidence required when filing a petition under subdivision 3, provide to the Public Utilities Commission and the Pollution Control Agency an assessment of all anticipated state and federal environmental regulations related to the production of electricity from the utility's facility subject to the filing, including regulations relating to:

- (1) air pollution by nitrogen oxide and sulphur dioxide, including an assumption that Minnesota will be included in the federal Clean Air Interstate Rule region, hazardous air pollutants, carbon dioxide, particulates, and ozone;
- (2) coal waste; and

(3) water consumption and water pollution.

In addition, the utility shall provide an assessment of the financial and operational impacts of these pending regulations applicable to the generating facility that is the subject of the filing and provide a range of regulatory response scenarios that include, but are not limited to:

(1) the installation of pollution control equipment;

(2) the benefits of the retirement or repowering of the plant that is the subject of the filing with cleaner fuels considering the costs of complying with state and federal environmental regulations; and

(3) the use of pollution allowances to achieve compliance.

The utility shall consult with interested stakeholders in establishing the scope of the regulatory, financial, and operational assessments prior to or during the 60-day period of the notice under subdivision 4.

Subd. 3. **Petition.** A petition filed under this section must include a description of the project, evidence supporting the project's reasonableness, a discussion of project alternatives, a project implementation schedule, a cost estimate and support for the reasonableness of the estimated cost, and a description of the public utility's efforts to ensure the lowest reasonable costs. Following receipt of the Pollution Control Agency's verification under subdivision 4, the commission shall allow opportunity for oral and written comment on the petition. The commission shall make a final determination on the petition within ten months of its filing date. The commission must make findings in support of its determination.

Subd. 4. **Verification.** At least 60 days prior to filing a petition to the commission under subdivision 3, the utility shall file notice with the Pollution Control Agency that describes the project and how it qualifies under subdivision 1. The Pollution Control Agency shall, within 60 days of receipt of the notice, verify that the project qualifies under subdivision 1, and shall forward written verification to the commission.

Subd. 5. **Cost recovery.** The utility may begin recovery of costs that have been incurred by the utility in connection with implementation of the project in the next rate case following an advance determination of prudence. The commission shall review the costs incurred by the utility for the project. The utility must show that the project costs are reasonable and necessary, and demonstrate its efforts to ensure the lowest reasonable project costs. Notwithstanding the commission's prior determination of prudence, it may accept, modify, or reject any of the project costs. The commission may determine whether to require an allowance for funds used during construction offset.

Subd. 6. **Expiration.** A petition for an advance determination of prudence may not be filed after December 31, 2015.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2008, section 216B.2401, is amended to read:

216B.2401 ENERGY CONSERVATION POLICY GOAL.

It is the energy policy of the state of Minnesota to achieve annual energy savings equal to 1.5 percent of annual retail energy sales of electricity and natural gas directly through energy conservation improvement programs and rate design, such as inverted block rates in which lower energy prices are made available to lower usage residential customers, and indirectly through energy codes and appliance standards, programs designed to transform the market or change consumer behavior, energy savings resulting from efficiency improvements to the utility infrastructure and system, and other efforts to promote energy efficiency and energy conservation.

Sec. 9. Minnesota Statutes 2008, section 216B.62, is amended by adding a subdivision to read:

Subd. 3a. **Supplemental staffing assessment.** In addition to other assessments in subdivision 3, the commission may assess up to \$800,000 per year for supplemental staffing to implement requirements of this chapter. The amount in this subdivision shall be assessed to the several public utilities in proportion to their respective gross operating revenues from retail sales of gas or electric service within the state during the last calendar year, shall be deposited into an account in the special revenue fund, and appropriated to the commission. An assessment made under this subdivision is not subject to the cap on assessments provided in subdivision 3 or any other law.

Sec. 10. Minnesota Statutes 2008, section 326B.106, subdivision 12, is amended to read:

Subd. 12. **Separate metering for electric service.** The standards concerning heat loss, illumination, and climate control adopted pursuant to subdivision 1, shall require that electrical service to individual dwelling units in buildings containing two or more units be separately metered, with individual metering readily accessible to the individual occupants. The standards authorized by this subdivision shall only apply to buildings constructed after the effective date of the amended standards. Buildings intended for occupancy primarily by persons who are 62 years of age or older or disabled, supportive housing, or ~~which~~ buildings that contain a majority of units not equipped with complete kitchen facilities, shall be exempt from the provisions of this subdivision. For purposes of this section, "supportive housing" means housing made available to individuals and families with multiple barriers to obtaining and maintaining housing, including those who are formerly homeless or at risk of homelessness and those who have a mental illness, substance abuse disorder, debilitating disease, or a combination of these conditions.

Sec. 11. **[383B.1588] ENERGY FORWARD PRICING MECHANISMS.**

Subd. 4. **Written policies and procedures.** Before exercising authority under subdivision 2, the Hennepin County Board of Commissioners must have written policies and procedures governing the use of forward pricing mechanisms.

Subd. 5. **Oversight process.** (a) Before exercising authority under subdivision 2, the Hennepin County Board of Commissioners must establish an oversight process that provides for review of the county's used of forward pricing mechanisms.

(b) The process must include:

(1) internal or external audit reviews;

(2) annual reports to, and review by, an internal investment committee; and

(3) internal management control.

Sec. 20. **NEIGHBORHOOD ENERGY REDUCTION REPORT.**

Subdivision 1. **Report.** (a) By February 15, 2011, an organization with experience in energy conservation and energy planning at the neighborhood level that serves as project manager must submit a report to the chairs and ranking minority members of the senate and house of representatives committees with primary jurisdiction over energy policy that contains the following information:

(1) projections of the amount of energy that can be conserved and generated through the implementation of cost-effective energy efficiency investments; innovative energy storage projects, including thermal energy storage; smart-grid technologies; and energy produced from distributed generation projects fueled by solar photovoltaic and other renewable energy sources located in the focused study area designated in the application to the Minnesota Public Utilities Commission for a route permit for the high-voltage transmission line identified in section 19;

(2) for each energy-reducing or energy-generating element recommended, estimates of the amount of energy conserved or generated, the reduction in peak demand requirements in the focused study area, and the cost per unit of energy saved or generated; and

(3) an estimate of the number of green jobs that would be created through implementation of the report's recommendations.

(b) Requests by the project manager for information from the utility serving the focused study area may be made after the service of notice of and order for hearing made under Minnesota Statutes, section 216B.243, for the project described in section 19.
