(b) The settings in paragraph (a) must not:

(c) The provisions of paragraphs (a) and (b) do not apply to any setting in which individuals receive services under a home and community-based waiver as of July 1, 2012, and the setting does not meet the criteria of this section.

(d) Notwithstanding paragraph (c), a program in Hennepin County established as part of a Hennepin County demonstration project is qualified for the exception allowed under paragraph (c).

(3) explains how the community living setting supports all individuals receiving services under a home and community-based waiver in choosing the setting from among other options; and

(4) includes a quality assurance plan affirming that the organization requesting the exception;

(ii) supports the transition of individuals receiving services under a home and community-based waiver to the most integrated setting appropriate to the individual's needs;

(iii) has a history of meeting recognized quality standards for the population it serves or is targeting, or that it will meet recognized quality standards;

If the commissioner denies an exception under this section, the commissioner must specify reasons for denial of the exception.

(e) If the applicant's exception is approved, the setting must inform the commissioner of any material changes that occur in the conditions that warranted the approved exception. Failure to advise the commissioner within 60 days of the material changes may result in revocation of the exception. Upon a determination by the commissioner that a material modification has been made, the exception may be suspended and the setting shall have 90 days to correct modifications resulting in the suspension.

(f) If an exception is approved and later revoked, no tenant shall be displaced as a result of this revocation until a relocation plan has been implemented that provides for an acceptable alternative placement.

(1) sells propane at retail to customers; and

(2) received more than \$200,000 in payments from the LIHEAP program for propane delivered during the previous heating season; or

(3) received less than \$200,000 in payments from the LIHEAP program for propane delivered during the previous heating season, and meets one of the following conditions:

- (1) made available to a person upon request;
- (2) posted on the propane distributor's Web site, if applicable; and
- (3) provided to a new customer before residential service is initiated.

Sec. 3. [216B.0993] BUDGET PAYMENT PLAN.

(a) A propane distributor must offer a reasonable and effective budget payment plan to a customer whose payments for residential heating service are current, or who has entered into and is complying with a contract with the propane distributor for residential heating service, without regard to the length of time the customer has purchased propane from the propane distributor.

(b) A budget payment plan must levelize a customer's estimated annual propane bill by dividing it into 12 equal monthly payments.

(c) A propane distributor must notify a customer on a budget payment plan within 30 days of a price or fee change that may affect the monthly amount due under the budget payment plan by more than 20 percent.

Sec. 4. [216B.0994] DELINQUENT ACCOUNT; PAYMENT AGREEMENT.

(a) A propane distributor must offer a reasonable payment agreement to a low-income customer whose account is delinquent that allows the customer to pay the delinquent bill over time. The propane distributor and the customer may negotiate the terms of a payment agreement to arrive at a mutually acceptable agreement. A reasonable payment agreement must consider at least the following factors:

- (1) the amount that is delinquent;
- (2) the customer's financial resources and circumstances;
- (3) the reason the account became delinquent; and
- (4) the customer's eligibility for LIHEAP and other emergency energy assistance programs.

(b) A reasonable payment agreement must have a term no less than six months.

(c) A reasonable payment agreement may not require a customer to pay more than ten percent of the customer's monthly household income toward current and past propane bills, unless the customer agrees to pay more.

(d) A customer who has entered into a payment agreement with a propane distributor may request a modification of the terms of the payment agreement if the customer's financial circumstances have changed or the customer is unable to make timely payments.

Sec. 5. **[216B.0995] SERVICE DISCONTINUANCE.**

(1) is a low-income customer; and

(2) has entered into and made reasonably timely payments under a payment agreement.

(b) A propane distributor may verify income on forms it provides or from information obtained from the local energy assistance provider. A customer is deemed to be a low-income customer if the customer receives any form of public assistance, including energy assistance, whose income eligibility threshold is set at or below 50 percent of the state median household income.

Subd. 2. **Notice.** A propane distributor must, between September 1 and October 15 each year, send by regular mail to all customers a written summary of the provisions of this section.

Subd. 3. **Refusal to deliver.** (a) A propane distributor may refuse to deliver propane to a customer if the customer's account is delinquent and the customer has failed to pay two consecutive monthly payments under a payment agreement entered into with the propane distributor.

(b) A refusal to deliver during the heating season must not occur on a weekend, holiday, the day before a holiday, or when the propane distributor's offices are closed.

(c) This subdivision shall not apply to any discontinuance of propane service made necessary for reasons of the immediate health or safety of the customer or the general public.

Subd. 4. **Discontinuation notice.** Before discontinuing residential heating service to a customer during the heating season, a propane distributor must send a written notice of discontinuance to the customer by regular mail at least 14 days, but not more than 20 days, prior to the date of discontinuance. The discontinuance notice must include:

(1) the delinquent amount and the date on which propane delivery will be discontinued unless the customer pays the delinquency in full by a specified date;

(2) a list of local organizations that may provide financial assistance to customers who cannot pay their energy bills; and

(3) a statement explaining options a customer has to secure continued supply of propane, including, but not limited to, entering into a payment agreement with the propane distributor.

Sec. 6. **[216B.0996] NONDISCRIMINATION.**

A propane distributor that offers customers payment and service options, including, but not limited to, prepurchase contracts, keep-fill delivery, and credit payments, must offer the same terms and conditions to all new and existing customers, including residents of mobile home parks.

Sec. 7. **[216B.0997] TERMS OF SALE.**

Subdivision 1. Minimum delivery. (a) During the heating season, a propane distributor may not require a customer to purchase, per delivery, more than:

(1) 150 gallons of propane, if the customer's propane tank has a capacity below 500 gallons; or

(2) 200 gallons of propane, if the customer's propane tank has a capacity of 500 gallons or more.

(b) At times other than during the heating season, a propane distributor may not require a customer to purchase, per delivery, more than the lesser of 250 gallons of propane or 35 percent of the capacity of the customer's propane tank.

(c) The purchase limits in this subdivision apply to the initial delivery of propane following installation of a customer's propane tank.

(d) A propane distributor may not charge an additional minimum delivery fee to a customer because the customer has purchased propane in the minimum amounts allowed under this subdivision, unless the customer is making payments under a payment agreement or budget payment plan and the charge for the minimum delivery fee is included in the payment agreement or budget payment plan. If a customer has not entered a payment agreement or budget payment plan, a propane distributor must allow the customer to pay for any minimum service delivery fee in four monthly installments.

Subd. 2. Cannot refuse certain sales. (a) A propane distributor with an available supply of propane must not refuse to sell propane to a customer who:

(1) pays the lawful price upon delivery in cash, by certified or cashier's check, or by commercial money order or its equivalent; or

(2) receives energy assistance from LIHEAP or a governmental or private agency that has funds available to pay for a delivery.

(b) A propane distributor must apply 75 percent of a cash payment made by a customer whose account is delinquent toward the current propane delivery bill and 25 percent to the delinquent bill until the delinquent amount owed is paid in full. The distributor must deliver to the customer the quantity of gas purchased by 75 percent of the cash payment.

Subd. 3. Minimal usage charge. No propane distributor may charge a fee to a customer for failing to consume a minimal amount of propane, as set by the propane distributor, over a given period of time.

Subd. 4. LIHEAP participation and payments. A propane distributor must make available to its customers information regarding LIHEAP, including income eligibility and contact information for organizations accepting LIHEAP applications, upon request and with each bill and receipt for propane delivered to a customer. A propane distributor must accept payments from LIHEAP and must deliver the full amount of propane and any related cost or service paid for by LIHEAP funds.

Subd. 5. Third-party credit disclosure. A propane distributor must not make known the names of past or present delinquent customers to other propane distributors, except in the course of a routine credit check performed when a prospective customer applies for credit privileges.

Subd. 6. **Security deposit.** During the heating season, a propane distributor may not require a customer eligible to receive heating assistance under LIHEAP to pay a security deposit as a condition of service. At all other times, a security deposit may not exceed the lesser of \$200 or five percent of the customer's estimated annual heating bill.

Sec. 8. **[216B.0998] REGISTRATION; REPORTING.**

Subdivision 1. **Registration.** Annually by September 1, a propane distributor shall register with the department on a form prescribed by the commissioner. A propane distributor may not sell propane at retail in this state unless the propane distributor has received a registration certificate from the commissioner.

Subd. 2. **Reporting.** (a) Annually by September 1, a propane distributor must submit the following information to the commissioner:

(1) the amount of fees associated with propane delivery to a customer, including, but not limited to, tank purchasing, leasing, installation, inspection, pump-out and pick-up fees, emergency and after-hours delivery fees, and meter service fees;

(2) a copy of the standard contract between the propane distributor and a customer;

(4) the capacity of propane storage located on site at the propane distributor's place of business, and the capacity of any other storage locations owned or leased by the propane distributor.

(b) Beginning at the start of the heating season of 2014-2015, and continuing each subsequent heating season, a propane distributor must, on a form prescribed by the commissioner, submit to the commissioner each week the average wholesale price the distributor paid for propane delivered that week, and the average retail price per gallon charged by the propane distributor to a customer.

Sec. 9. Minnesota Statutes 2012, section 239.051, subdivision 29, is amended to read:

Subd. 29. **Refinery, terminal.** "Refinery" or "terminal" means a petroleum refinery, pipeline terminal, river terminal, storage facility, or other point of origin where liquefied petroleum gas or petroleum products are manufactured, or imported by rail, truck, barge, or pipe; and held, stored, transferred, offered for distribution, distributed, offered for sale, or sold. For the purpose of restricting petroleum product blending, this definition includes all refineries and terminals within and outside of Minnesota, but does not include a licensed distributor's bulk storage facility that is used to store petroleum products for which the petroleum inspection fee charged under this chapter is either not due or has been paid.

Sec. 10. Minnesota Statutes 2012, section 239.785, is amended by adding a subdivision to read:

- (1) the person has requested delivery;
- (2) the dealer or distributor has product available;
- (3) the person requesting delivery is capable of making full payment at the time of delivery; and
- (4) the person is not in arrears regarding any previous fuel purchase from that dealer or distributor.

(b) A dealer or distributor making delivery to a person receiving direct grants under the low-income home energy assistance program may not charge that person any additional costs or fees that would not be charged to any other customer and must make available to that person any discount program on the same basis as the dealer or distributor makes available to any other customer.

(c) The commissioner of commerce may enforce this section using any of the authority granted to the commissioner under section 45.027.
