The state general levy ~~base amount~~ is \$592,000,000 \$854,360,000 for taxes payable in 2002. ~~For taxes payable in subsequent years, the levy base amount is increased each year by multiplying the levy base amount for the prior year by the sum of one plus the rate of increase, if any, in the implicit price deflator for government consumption expenditures and gross investment for state and local governments prepared by the Bureau of Economic Analysts of the United States Department of Commerce for the 12-month period ending March 31 of the year prior to the year the taxes are payable 2016 and thereafter.~~ The tax under this section is not treated as a local tax rate under section 469.177 and is not the levy of a governmental unit under chapters 276A and 473F.

The commissioner shall increase or decrease the preliminary or final rate for a year as necessary to account for errors and tax base changes that affected a preliminary or final rate for either of the two preceding years.
