REPORTS OF STANDING COMMITTEES AND DIVISIONS

Anderson, P., from the Committee on Agriculture Policy to which was referred:

H. F. No. 167, A bill for an act relating to taxation; sales and use; exempting agricultural drain tiles from sales tax; amending Minnesota Statutes 2014, section 297A.69, by adding a subdivision.

Reported the same back with the recommendation that the bill be re-referred to the Committee on Taxes.

The report was adopted.

Scott from the Committee on Civil Law and Data Practices to which was referred:

H. F. No. 222, A bill for an act relating to data practices; classifying data related to automated license plate readers; requiring a log of use; requiring data to be destroyed in certain circumstances; requiring an inventory of surveillance technology; amending Minnesota Statutes 2014, section 13.82, by adding a subdivision; proposing coding for new law in Minnesota Statutes, chapter 13.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. **[13.026] INVENTORY OF SURVEILLANCE TECHNOLOGY.**

Subdivision 1. Inventory required. The responsible authority of a government entity shall prepare and update an inventory of surveillance technology maintained or used by the government entity. For purposes of this section, "surveillance technology" means technology that can be used to track the location, personal characteristics, or activities of an individual or the property of an individual.

Subd. 2. Report. By January 15 of each year, a government entity shall submit a report to the legislature that includes an inventory of all surveillance technologies maintained or used by the government entity during the previous calendar year and any new surveillance technology that the government entity may maintain or use during the current calendar year. The report must be submitted to the chairs and ranking minority members of the policy committees of the legislature with jurisdiction over data practices issues, and is public at all times.

Sec. 2. Minnesota Statutes 2014, section 13.82, subdivision 2, is amended to read:

Subd. 2. **Arrest data.** The following data created or collected by law enforcement agencies which document any actions taken by them to cite, arrest, incarcerate or otherwise substantially deprive an adult individual of liberty shall be public at all times in the originating agency:

- (a) time, date and place of the action;
- (b) any resistance encountered by the agency;
- (c) any pursuit engaged in by the agency;
- (d) whether any weapons were used by the agency or other individual;

- (e) the charge, arrest or search warrants, or other legal basis for the action;
- (f) the identities of the agencies, units within the agencies and individual persons taking the action;
- (g) whether and where the individual is being held in custody or is being incarcerated by the agency;
- (h) the date, time and legal basis for any transfer of custody and the identity of the agency or person who received custody;
- (i) the date, time and legal basis for any release from custody or incarceration;
- (j) the name, age, sex and last known address of an adult person or the age and sex of any juvenile person cited, arrested, incarcerated or otherwise substantially deprived of liberty;
- (k) whether the agency employed an automated license plate reader, wiretaps or other eavesdropping techniques, unless the release of this specific data would jeopardize an ongoing investigation;
- (l) the manner in which the agencies received the information that led to the arrest and the names of individuals who supplied the information unless the identities of those individuals qualify for protection under subdivision 17; and
- (m) response or incident report number.

Sec. 3. **[13.824] AUTOMATED LICENSE PLATE READERS.**

Subdivision 1. **Definition.** As used in this section, "automated license plate reader" means government data derived from an automated reader that captures motor vehicle license plate numbers. Automated license plate reader includes a device that is owned or operated by a person who is not a government entity to the extent that data collected by the reader are shared with a law enforcement agency.

Subd. 2. **Data collection; classification; use restrictions.** (a) Data collected by an automated license plate reader must be limited to the following:

- (1) license plate numbers;
- (2) date, time, and location data on vehicles; and
- (3) pictures of license plates, vehicles, and areas surrounding the vehicles.

Collection of any data not authorized by this paragraph is prohibited.

(b) All data collected by an automated license plate reader are private data on individuals or nonpublic data unless the data are public under section 13.82, subdivisions 2, 3, or 6, or are active criminal investigative data under section 13.82, subdivision 7. Maintenance of data collected from an automated license plate reader, without additional evidence and a reasonable, articulable suspicion that the data relates to the commission of a crime, is not sufficient to constitute an active criminal investigation for purposes of section 13.82, subdivision 7. Data that are inactive criminal investigative data are subject to the destruction standards provided in subdivision 3.

(c) A law enforcement agency must only use the Minnesota license plate data file and may not develop or organize its own data files or database for matching data collected from an automated license plate reader, unless the data is intended to locate a specific person that is the subject of an active criminal investigation. A central state repository of automated license plate reader data is prohibited unless explicitly authorized by law.

(d) An automated license plate reader may not be used to target and track, at a specific location, a person subject to an active criminal investigation except if authorized by warrant.

Subd. 3. Destruction of data required. (a) Notwithstanding section 138.17, data collected by an automated license plate reader must be destroyed:

(1) within 30 days from the time of collection, if the data are classified under subdivision 2, provided that if the law enforcement agency has received a written request that the data be preserved from an individual who is the subject of a pending criminal charge or complaint that includes the case or complaint number and a statement that the data may be used as exculpatory evidence, the data must not be destroyed until the criminal charge or complaint is resolved or dismissed; or

(2) upon request of a program participant under chapter 5B, at the time of collection or upon receipt of the request, whichever occurs later, unless the data are active criminal investigative data.

(b) Data on a request of a program participant under paragraph (a), clause (2), are private data on individuals.

Subd. 4. Sharing among law enforcement agencies. (a) Automated license plate reader data may only be shared with, or disseminated to, another law enforcement agency upon a reasonable, articulable suspicion that the data relates to the commission of a crime. A request for data sharing under this paragraph must meet the standards for requesting access to data as provided in subdivision 7, paragraph (a).

(b) If data collected by an automated license plate reader are shared with another law enforcement agency, the agency that receives the data must comply with all data classification, destruction, and security requirements of this section.

(c) Automated license plate reader data may not be shared with, disseminated to, sold, or traded with any other individual or entity unless explicitly authorized by this subdivision or law.

Subd. 5. Log of use required. (a) A law enforcement agency that installs or uses an automated license plate reader must maintain a public log of its use, including but not limited to:

(1) specific times of day that the reader actively collected data;

(2) the aggregate number of vehicles or license plates on which data are collected for each period of active use;

(3) for each period of active use, the number of vehicles or license plates in each of the following categories where the data identify a vehicle or license plate that has been stolen, a warrant for the arrest of the owner of the vehicle or an owner with a suspended or revoked driver's license or similar category, or are active investigative data; and

(4) for a reader at a stationary or fixed location, the location at which the reader actively collected data and is installed and used.

(b) The law enforcement agency must maintain a list of the current and previous locations, including dates at those locations, of any fixed stationary automated license plate readers used by the agency. The agency's list must be accessible to the public.

Subd. 6. Annual audit. (a) In addition to the log required under subdivision 5, the law enforcement agency must maintain records showing the date and time the data were collected and the applicable classification of the data. The law enforcement agency shall arrange for an independent, annual audit of the records to determine whether data currently in the records are classified, how the data are used, whether they are destroyed as required under this section, and to verify compliance with subdivision 7. Data in the records required under this paragraph are classified as provided in subdivision 2.

(b) The results of the audit are public. A law enforcement agency determined to be in a pattern of substantial noncompliance with this section must immediately suspend operation of all automated license plate reader devices until such time as the legislature has authorized the agency, by law, to reinstate their use. An order of suspension under this paragraph shall be issued by the commissioner of administration, upon review of the results of the audit, review of the applicable provisions of this chapter, and after providing the agency a reasonable opportunity to respond to the audit's findings.

(c) A report summarizing the results of each audit must be provided to the commissioner of administration and to the chair and ranking minority members of the committees of the house of representatives and the senate with jurisdiction over data practices and public safety issues, no later than 30 days following completion of the audit.

Subd. 7. Authorization to access data. (a) A law enforcement agency must comply with sections 13.05, subdivision 5, and 13.055 in the operation of automated license plate readers and access to the data. The responsible authority for a law enforcement agency must establish written procedures to ensure that law enforcement personnel have access to the data only if authorized in writing, on a case-by-case basis, by the chief of police, sheriff, or head of the law enforcement agency, or their designee, to obtain access to data collected by an automated license plate reader for a legitimate, specified, and documented law enforcement purpose. Access to the data must be pertinent to an active criminal investigation, and a request for access must include a record of the factual basis for the request and any associated case number, complaint, or incident that is the basis for the request.

(b) The ability of authorized individuals to enter, update, or access data must be limited through the use of role-based access that corresponds to the official duties or training level of the individual and the statutory authorization that grants access for that purpose. All queries and responses, and all actions in which data are entered, updated, accessed, shared, or disseminated, must be recorded in a data audit trail. Data contained in the audit trail are public, to the extent that the data are not otherwise classified by law.

Subd. 8. Notification to Bureau of Criminal Apprehension. (a) Within ten days of the installation or current use of an automated license plate reader, a law enforcement agency must notify the Bureau of Criminal Apprehension of any fixed location of a stationary automated license plate reader and, if applicable, if the agency uses any other automated license plate reader or any other type of electronic device or technology that collects data on motor vehicles or occupants that may be used for identification purposes or for tracking activities of motor vehicles or individuals.

(b) The Bureau of Criminal Apprehension must maintain a list of law enforcement agencies using automated license plate readers, including locations of any fixed stationary automated license plate readers. Except to the extent that the law enforcement agency determines that the location of a specific reader is security information, as defined in section 13.37, this list is accessible to the public and must be available on the bureau's Web site. A determination that the location of a reader is security information is subject to in camera judicial review, as provided in section 13.08, subdivision 4.

EFFECTIVE DATE. This section is effective the day following final enactment. Data collected before the effective date of this section must be destroyed, if required by this section, no later than 15 days after the date this section becomes effective.

Sec. 4. **[626.8472] AUTOMATED LICENSE PLATE READER POLICY.**

The chief law enforcement officer of every state and local law enforcement agency shall establish and enforce a written policy governing automated license plate readers. A law enforcement agency that does not comply with this section must not use an automated license plate reader. At a minimum, the policies and procedures must incorporate the requirements of section 13.824, and the employee discipline standards for unauthorized access to data contained in section 13.09.

EFFECTIVE DATE. This section is effective the day following final enactment, provided that chief law enforcement officers shall adopt the policy required under this section no later than January 15, 2016.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2014, section 326B.106, subdivision 1, is amended to read:

Subdivision 1. **Adoption of code.** (a) Subject to paragraph (c) and sections 326B.101 to 326B.194, the commissioner shall by rule and in consultation with the Construction Codes Advisory Council establish a code of standards for the construction, reconstruction, alteration, and repair of buildings, governing matters of structural materials, design and construction, fire protection, health, sanitation, and safety, including design and construction standards regarding heat loss control, illumination, and climate control. The code must also include duties and responsibilities for code administration, including procedures for administrative action, penalties, and suspension and revocation of certification. The code must conform insofar as practicable to model building codes generally accepted and in use throughout the United States, including a code for building conservation. In the preparation of the code, consideration must be given to the existing statewide specialty codes presently in use in the state. Model codes with necessary modifications and statewide specialty codes may be adopted by reference. The code must be based on the application of scientific principles, approved tests, and professional judgment. To the extent possible, the code must be adopted in terms of desired results instead of the means of achieving those results, avoiding wherever possible the incorporation of specifications of particular methods or materials. To that end the code must encourage the use of new methods and new materials. Except as otherwise provided in sections 326B.101 to 326B.194, the commissioner shall administer and enforce the provisions of those sections.

(b) The commissioner shall develop rules addressing the plan review fee assessed to similar buildings without significant modifications including provisions for use of building systems as specified in the industrial/modular program specified in section 326B.194. Additional plan review fees associated with similar plans must be based on costs commensurate with the direct and indirect costs of the service.

(c) The commissioner shall not adopt a model building code more frequently than once every five years. The commissioner may adopt amendments to the current adopted code prior to the adoption of a new model code if necessary to advance construction methods or materials that improve the health, safety, efficiency, or use of buildings.

EFFECTIVE DATE. This section is effective August 1, 2015, and applies to all model code adoptions beginning with the 2018 model building code.

Sec. 2. Minnesota Statutes 2014, section 326B.13, subdivision 8, is amended to read:

Subd. 8. **Effective date of rules.** A rule to adopt or amend the State Building Code is effective ~~480~~ 270 days after publication of the rule's notice of adoption in the State Register. The rule may provide for a later effective date. The rule may provide for an earlier effective date if the commissioner ~~or board~~ proposing the rule finds that an earlier effective date is necessary to protect public health and safety after considering, among other things, the need for time for training of individuals to comply with and enforce the rule. The commissioner must publish an electronic version of the entire adopted rule chapter on the department's Web site within ten days of receipt from the revisor of statutes. The commissioner shall clearly indicate the effective date of the rule on the department's Web site."

"Section 1. Minnesota Statutes 2014, section 13.322, is amended by adding a subdivision to read:

Subd. 6. **Campus sexual assault data.** Data relating to allegations of sexual assault at a postsecondary institution are classified in section 135A.15.

Sec. 2. Minnesota Statutes 2014, section 135A.15, subdivision 1, is amended to read:

Subdivision 1. **Policy required.** The Board of Trustees of the Minnesota State Colleges and Universities shall, and the University of Minnesota is requested to, adopt a clear, understandable written policy on sexual harassment and sexual violence that informs victims of their rights under the crime victims bill of rights, including the right to assistance from the Crime Victims Reparations Board and the commissioner of public safety. The policy must apply to students and employees and must provide information about their rights and duties. The policy must apply to criminal incidents against a student or employee of a postsecondary institution occurring on property owned or leased by the postsecondary system or institution in which the victim is a student or employee of that system or institution or at any activity, program, organization, or event sponsored by the system or institution, including fraternities and sororities. It must include procedures for reporting incidents of sexual harassment or sexual violence and for disciplinary actions against violators. During student registration, each technical college, community college, or state university shall, and the University of Minnesota is requested to, provide each student with information regarding its policy. A copy of the policy also shall be posted at appropriate locations on campus at all times. ~~Each private postsecondary institution that is an eligible institution as defined in section 136A.155, must adopt a policy that meets the requirements of this section.~~

Sec. 3. Minnesota Statutes 2014, section 135A.15, is amended by adding a subdivision to read:

Subd. 1a. **Applicability to private institutions.** Each private postsecondary institution that is an eligible institution as defined in section 136A.103 must comply with all of the requirements imposed in this section.

Sec. 4. Minnesota Statutes 2014, section 135A.15, subdivision 2, is amended to read:

Subd. 2. **Victims' rights.** (a) The policy required under subdivision 1 shall, at a minimum, require that students and employees be informed of the policy, and shall include provisions for:

(1) filing criminal charges with local law enforcement officials in sexual assault cases;

(2) the prompt assistance of campus authorities, at the request of the victim, in notifying the appropriate law enforcement officials and disciplinary authorities of a sexual assault incident;

- (3) allowing sexual assault victims to decide whether to refer a case to law enforcement;
- (4) requiring campus authorities to treat sexual assault victims with dignity;
- (5) requiring campus authorities to offer sexual assault victims fair and respectful health care, counseling services, or referrals to such services;
- (6) preventing campus authorities from suggesting a victim of sexual assault is at fault for the crimes or violations that occurred;
- (7) preventing campus authorities from suggesting that a victim of sexual assault should have acted in a different manner to avoid such a crime;
- (8) protecting the privacy of sexual assault victims by, unless otherwise required by law, only disclosing data collected under this section to the victim, campus officials investigating a report or conducting a disciplinary procedure related to the incident, and, at a sexual assault victim's request, police conducting a criminal investigation;
- ~~(9)~~ (9) an investigation and resolution of a sexual assault complaint by campus disciplinary authorities;
- ~~(10)~~ (10) a sexual assault victim's participation in and the presence of the victim's attorney or other support person at any meeting with campus officials concerning a sexual assault complaint or campus disciplinary proceeding concerning a sexual assault complaint;
- (11) ensuring that a sexual assault victim is not required to repeat unnecessarily a description of the incident of sexual assault;
- (12) notice to a sexual assault victim of the availability of a campus or local program providing sexual assault advocacy services;
- ~~(13)~~ (13) notice to a sexual assault victim of the outcome of any campus disciplinary proceeding concerning a sexual assault complaint, consistent with laws relating to data practices;
- ~~(14)~~ (14) the complete and prompt assistance of campus authorities, at the direction of law enforcement authorities, in obtaining, securing, and maintaining evidence in connection with a sexual assault incident;
- ~~(15)~~ (15) the assistance of campus authorities in preserving for a sexual assault complainant or victim materials relevant to a campus disciplinary proceeding; and
- ~~(16)~~ (16) during and after the process of investigating a complaint and conducting a campus disciplinary procedure, the assistance of campus personnel, in cooperation with the appropriate law enforcement authorities, at a sexual assault victim's request, in shielding the victim from unwanted contact with the alleged assailant, including transfer of the victim to alternative classes or to alternative college-owned housing, if alternative classes or housing are available and feasible;
- (17) forbidding retaliation, and establishing a process for investigating complaints of retaliation, against sexual assault victims by campus authorities, the accused, organizations affiliated with the accused, other students, and other employees;
- (18) allowing sexual assault victims to practice their religion and exercise their civil rights without interference by the investigative, criminal justice, or student conduct process of the institution;

(19) at the request of the victim, providing students who reported sexual assaults to the institution and subsequently choose to transfer to another postsecondary institution with information about resources for victims of sexual assault at the institution to which the victim is transferring; and

(20) consistent with laws governing access to student records, providing a student who reported an incident of sexual assault with access to the campus investigatory file regarding the incident, including if that student transfers to another postsecondary institution.

(b) For the purposes of this section, "sexual assault" means forcible sex offenses as defined in Code of Federal Regulations, title 34, part 668, subpart D, appendix A, as amended.

Sec. 5. Minnesota Statutes 2014, section 135A.15, is amended by adding a subdivision to read:

Subd. 3. **Uniform amnesty.** The Board of Trustees of the Minnesota State Colleges and Universities shall, and the University of Minnesota is requested to, include in the system's sexual harassment and violence policy a provision that no student who reports, in good faith, an act of sexual harassment or sexual violence shall be sanctioned by the institution for admitting to a violation of the institution's student conduct policy on the use of drugs or alcohol as part of the report.

Sec. 6. Minnesota Statutes 2014, section 135A.15, is amended by adding a subdivision to read:

Subd. 4. **Coordination with local law enforcement.** (a) The Board of Trustees of the Minnesota State Colleges and Universities shall, and the University of Minnesota is requested to, direct each campus in the system to enter into a memorandum of understanding with the primary local law enforcement agencies that serve the campus. The memorandum must be entered into no later than January 1, 2017, and updated every two years thereafter. This memorandum shall clearly delineate responsibilities and require information sharing, in accordance with applicable state and federal privacy laws, about certain crimes including, but not limited to, sexual assault. This memorandum of understanding shall provide:

(1) delineation and sharing protocols of investigative responsibilities;

(2) protocols for investigations, including standards for notification and communication and measures to promote evidence preservation; and

(3) a method of sharing information about specific crimes, when directed by the victim, and a method of sharing crime details anonymously in order to better protect overall campus safety.

(b) Prior to the start of each academic year, the Board of Trustees of the Minnesota State Colleges and Universities shall, and the University of Minnesota is requested to, distribute an electronic copy of the memorandum of understanding to all employees on the campus that are subject to the memorandum.

(c) A campus is exempt from the requirement that it develop a memorandum of understanding under this section if the campus and local or county law enforcement agencies establish a sexual assault protocol team to facilitate effective cooperation and collaboration between the institution and law enforcement.

Sec. 7. Minnesota Statutes 2014, section 135A.15, is amended by adding a subdivision to read:

Subd. 5. **Online reporting system.** (a) The Board of Trustees of the Minnesota State Colleges and Universities shall, and the University of Minnesota is requested to, provide an online reporting system to receive complaints of sexual harassment and sexual violence from students and employees. The system must permit anonymous reports, provided that the institution is not obligated to investigate an anonymous report, unless a formal report is submitted through the process established in the institution's sexual harassment and sexual violence policy or an investigation is otherwise required by law.

(b) The Board of Trustees of the Minnesota State Colleges and Universities shall, and the University of Minnesota is requested to, provide students making reports under this section with information about who will receive and have access to the reports filed, how the information gathered through the system will be used, and contact information for on-campus and off-campus organizations serving victims of sexual violence.

(c) Data collected under this subdivision is classified as private data on individuals as defined by section 13.02, subdivision 12.

Sec. 8. Minnesota Statutes 2014, section 135A.15, is amended by adding a subdivision to read:

Subd. 6. **Data collection and reporting.** (a) The Board of Trustees of the Minnesota State Colleges and Universities and the University of Minnesota shall annually report statistics on sexual assault. This report must be prepared in addition to any federally required reporting on campus security, including reports required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, United States Code, title 20, section 1092(f). The report must include, but not be limited to, the number of incidents of sexual assault reported to the institution in the previous fiscal year, as follows:

(1) the number that were investigated by the institution;

(2) the number that were referred for a disciplinary proceeding at the institution;

(3) the number the victim chose to report to local or state law enforcement;

(4) the number for which a campus disciplinary proceeding is pending, but has not reached a final resolution;

(5) the number in which the alleged perpetrator was found responsible by the disciplinary proceeding at the institution;

(6) the number that resulted in any action by the institution greater than a warning issued to the accused;

(7) the number that resulted in a disciplinary proceeding at the institution that closed without resolution;

(8) the number that resulted in a disciplinary proceeding at the institution that closed without resolution because the accused withdrew from the institution;

(9) the number that resulted in a disciplinary proceeding at the institution that closed without resolution because the victim chose not to participate in the procedure; and

(10) the number of reports made through the online reporting system established in subdivision 5, excluding reports submitted anonymously.

(b) If an institution previously submitted a report indicating that one or more disciplinary proceedings was pending, but had not reached a final resolution, and one or more of those disciplinary proceedings reached a final resolution within the previous fiscal year, that institution must submit an updated report for the previous year that reflects the outcome of the pending case or cases.

(c) The data reported as part of this subdivision shall be provided as summary data as defined by section 13.02, subdivision 19, and shall not identify alleged victims or perpetrators of crimes. The report required by this section must be submitted to the Office of Higher Education by October 1 of each year. Each report must contain the data required under paragraph (a) from the previous fiscal year. The Office of Higher Education shall publish the data reported under this subdivision on its Web site. Each technical college, community college, or state university shall,

and the University of Minnesota is requested to, publish the data reported as part of this subdivision on its Web site. This subdivision does not require disclosure of data that would violate state or federal laws governing access to student records.

Sec. 9. Minnesota Statutes 2014, section 135A.15, is amended by adding a subdivision to read:

Subd. 7. **Access to data; audit trail.** (a) Data on incidents of sexual assault shared with campus security officers or campus administrators responsible for investigating or adjudicating complaints of sexual assault are classified as private data on individuals as defined by section 13.02, subdivision 12, for the purposes of postsecondary institutions subject to the requirements of chapter 13. Postsecondary institutions not otherwise subject to chapter 13 must limit access to the data to only the data subject and persons whose work assignments reasonably require access.

(b) Only individuals with explicit authorization from an institution may enter, update, or access electronic data collected, created, or maintained under this section. The ability of authorized individuals to enter, update, or access data must be limited through the use of role-based access that corresponds to the official duties or training level of the individual and the institutional authorization that grants access for that purpose. All actions in which data are entered, updated, accessed, shared, or disseminated outside of the institution must be recorded in a data audit trail. An institution shall immediately and permanently revoke the authorization of any individual determined to have willfully entered, updated, accessed, shared, or disseminated data in violation of this subdivision or any provision of chapter 13. If an individual is determined to have willfully gained access to data without explicit authorization, the matter shall be forwarded to a county attorney for prosecution.

Sec. 10. Minnesota Statutes 2014, section 135A.15, is amended by adding a subdivision to read:

Subd. 8. **Comprehensive training.** (a) The Board of Trustees of the Minnesota State Colleges and Universities shall, and the University of Minnesota is requested to, provide campus security officers and campus administrators responsible for investigating or adjudicating complaints of sexual assault with comprehensive training on preventing and responding to sexual assault in collaboration with the Bureau of Criminal Apprehension or another law enforcement agency with expertise in criminal sexual conduct. The training for campus security officers shall include a presentation on the dynamics of sexual assault, neurobiological responses to trauma, and best practices for preventing, responding to, and investigating sexual assault. The training for campus administrators responsible for investigating or adjudicating complaints on sexual assault shall include presentations on preventing sexual assault, responding to incidents of sexual assault, the dynamics of sexual assault, neurobiological responses to trauma, and compliance with state and federal laws on sexual assault.

(b) The Board of Trustees of the Minnesota State Colleges and Universities shall, and the University of Minnesota is requested to, require that each incoming student complete training on sexual assault no later than ten business days after the start of a student's first semester of classes. Once a student completes such training, institutions must document the completion of such a course on the student's transcript. Students who previously completed a campus training on sexual assault that is documented on their transcript are exempt from this requirement. This training shall include information about topics including, but not limited to, sexual assault as defined in subdivision 2; consent as defined in section 609.341, subdivision 4; preventing and reducing the prevalence of sexual assault; procedures for reporting campus sexual assault; and campus resources on sexual assault, including organizations that support victims of sexual assault.

(c) The Board of Trustees of the Minnesota State Colleges and Universities shall, and the University of Minnesota is requested to, annually train individuals responsible for responding to reports of sexual assault. This training shall include information about best practices for interacting with victims of sexual assault, including how to reduce the emotional distress resulting from the reporting, investigatory, and disciplinary process.

Sec. 11. Minnesota Statutes 2014, section 135A.15, is amended by adding a subdivision to read:

Subd. 9. **Student health services.** (a) The Board of Trustees of the Minnesota State Colleges and Universities shall, and the University of Minnesota is requested to, develop and implement a policy that requires student health service providers to screen students for incidents of sexual assault. Student health service providers shall offer students information on resources available to victims and survivors of sexual assault including counseling, mental health services, and procedures for reporting incidents of sexual assault to the institution.

(b) The Board of Trustees of the Minnesota State Colleges and Universities shall, and the University of Minnesota is requested to, require that each institution offering student health or counseling services designate an existing staff member or existing staff members as confidential resources for victims of sexual assault. The confidential resource must be available to meet with victims of sexual assault on a walk-in basis. The confidential resource must provide victims of sexual assault with information about locally available resources for victims of sexual assault including, but not limited to, mental health services and legal assistance. The confidential resource must provide victims of sexual assault with information about the process for reporting an incident of sexual assault to campus authorities or local law enforcement. The victim of sexual assault shall decide whether to report an incident of sexual assault to campus authorities or local law enforcement. Confidential resources must be trained in all aspects of responding to incidents of sexual assault including, but not limited to, best practices for interacting with victims of trauma, preserving evidence, campus disciplinary and local legal processes, and locally available resources for victims of sexual assault. Data shared with a confidential resource is classified as sexual assault communication data as defined by section 13.822, subdivision 1.

EFFECTIVE DATE. The policy required under this subdivision must be in place by January 1, 2017.

Sec. 12. **[626.891] COOPERATION WITH POSTSECONDARY INSTITUTIONS.**

Local law enforcement agencies, including law enforcement agencies operated by statutory cities, home rule charter cities, and counties must enter into and honor the memoranda of understanding required under section 135A.15.

"Section 1. **WORKING GROUP ON PREVENTING INFECTIOUS DISEASE AMONG HOME CARE AGENCY EMPLOYEES.**

(a) The commissioner of health shall convene a working group to review the current federal and state regulatory and safety processes in place which impact vaccination rates among employees of Minnesota's licensed-only home care providers for hepatitis B and influenza, and screening for tuberculosis. The purpose of the working group is to develop and recommend methods to reduce the costs of vaccinating and screening home care employees and to enable licensed home care agencies to more efficiently meet the state's infection control requirements and public health objectives.

(b) The working group shall consider and report on the costs, risks, and benefits of the following options:

(1) a contract between the commissioner and a third-party entity to provide these services to all licensed home care agencies;

(2) funding for local public health boards in select regions to perform necessary vaccinations for this workforce;

(3) home care providers obtaining stock supplies of tuberculin, hepatitis B vaccine, and influenza vaccine, and providing this service directly to the provider's workforce; and

(4) no change in law or policy.

(c) The review must consider the extent to which changes to Minnesota Statutes or Minnesota Rules are necessary to achieve these purposes.

(d) Membership shall include:

(1) the commissioner of health;

(2) the commissioner of human services;

(3) a representative selected by the Minnesota Board of Nursing;

(4) a representative selected by the Minnesota Board of Pharmacy;

(5) a representative selected by the Minnesota Board of Medicine;

(6) two representatives selected by associations representing licensed home care providers;

(7) a Minnesota Occupational Safety and Health Administration representative;

(8) a representative of a statewide medical association;

(9) a representative of a statewide nursing association;

(10) a representative of a statewide public health association; and

(11) other interested stakeholders that the commissioner deems necessary for the working group.

(e) The commissioner shall report the results of the working group to the legislative committees in the house of representatives and the senate with jurisdiction over health and human services by February 15, 2016.

(f) The working group sunsets 60 days after the commissioner submits the report required under paragraph (e).

EFFECTIVE DATE. This section is effective the day following final enactment.

H. F. No. 1175, A bill for an act relating to economic development; appropriating money for loans and grants for revitalization and restoration of brownfields.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2014, section 116J.551, subdivision 1, is amended to read:

Subdivision 1. **Grant account.** A contaminated site cleanup and development grant account is created in the special revenue fund, general fund, petroleum tank fund, and remediation fund. Money in any account may be used, as appropriated by law, to make grants as provided in ~~section~~ sections 116J.554 and 116J.560, and to pay for the commissioner's costs in reviewing applications and making grants. Notwithstanding section 16A.28, money appropriated to the accounts for this program from any source is available until spent.

Sec. 2. Minnesota Statutes 2014, section 116J.552, subdivision 1, is amended to read:

Subdivision 1. **Scope of application.** For purposes of sections 116J.551 to 116J.557 and 116J.560, the following terms have the meanings given.

Sec. 3. Minnesota Statutes 2014, section 116J.554, subdivision 1, is amended to read:

Subdivision 1. **Authority.** (a) The commissioner may make a grant to an applicant development authority to pay for up to 75 percent of the project costs for a qualifying site.

(b) The commissioner may also make a grant to an applicant development authority to pay up to 75 percent or \$50,000, whichever is less, toward the cost of performing contaminant investigations and the development of a response action plan for a qualifying site.

(c) The commissioner may also make a grant to an applicant to fill a site that would represent more than 50 percent of the remaining land in a city suitable for industrial development if it were properly filled.

(d) The determination of whether to make a grant for a qualifying site is within the sole discretion of the commissioner, subject to the process provided by this section, and available unencumbered money in the appropriation. The commissioner's decisions and application of the priorities under ~~section~~ sections 116J.555 and 116J.560 are not subject to judicial review, except for abuse of discretion.

(e) The total amount of money provided in grants under paragraph (b) may not exceed \$500,000 per fiscal year.

(f) In making grants under paragraph (b), the commissioner shall give priority to applicants that have not received a grant under paragraph (a) or section 473.252 during the year ending on the date of application.

Sec. 4. Minnesota Statutes 2014, section 116J.556, is amended to read:

116J.556 LOCAL MATCH REQUIREMENT.

In order to qualify for a grant under sections 116J.551 to 116J.557 and 116J.560, the municipality must pay for at least one-quarter of the project costs as a local match. The municipality shall pay an amount of the project costs equal to at least 12 percent of the cleanup costs from the municipality's general fund, a property tax levy for that purpose, or other unrestricted money available to the municipality (excluding tax increments). These unrestricted moneys may be spent for project costs, other than cleanup costs, and qualify for the local match payment equal to 12 percent of cleanup costs. The rest of the local match may be paid with tax increments, regional, state, or federal money available for the redevelopment of brownfields or any other money available to the municipality.

Sec. 5. Minnesota Statutes 2014, section 116J.557, subdivision 1, is amended to read:

Subdivision 1. **Cause of action.** The attorney general or a development authority or municipality that incurs cleanup costs to implement an approved response action plan pursuant to sections 116J.551 to 116J.557, and 116J.560 may bring an action under section 115B.04 or other law to recover the reasonable and necessary cleanup costs incurred by the development authority or municipality. The attorney general, development authority, or municipality may recover all cleanup costs incurred whether paid from the proceeds of a grant under sections 116J.551 to 116J.557 and 116J.560 or funds of the development authority or municipality. Recoverable costs include administrative and legal costs related to the development and implementation of the response action plan but do not include any cost associated with development or redevelopment of property. A development authority or municipality must have the consent of the attorney general to bring or settle an action under this subdivision to recover cleanup costs paid from the proceeds of a grant.

Sec. 6. Minnesota Statutes 2014, section 116J.557, subdivision 2, is amended to read:

Subd. 2. **Procedures.** The commissioner shall notify the attorney general when a grant is awarded under sections 116J.551 to 116J.557 and 116J.560. Upon request of the attorney general the development authority shall prepare and submit a certification of the cleanup costs and shall cooperate in any cost recovery action brought by the attorney general under subdivision 1. Certification by the development authority of the cleanup costs incurred to develop and implement the approved response action plan is prima facie evidence that the costs are reasonable and necessary in any action brought under this section.

Sec. 7. Minnesota Statutes 2014, section 116J.558, is amended to read:

116J.558 EFFECT OF ISSUANCE OF GRANTS.

The issuance of a contamination cleanup grant under sections 116J.551 to 116J.557 and 116J.560 has no effect on the responsibility or the liability of the state, under chapter 115B or any other law, in relation to the contamination at a site or sites for which the grant is issued. The issuance of a grant neither implies any state responsibility for the contamination nor imposes any obligation on the state to participate in the cleanup of the contamination or in the cleanup costs beyond the amount of the grant.

Sec. 8. **116J.560 BROWNFIELDS REVITALIZATION GRANTS.**

Subdivision 1. **Grant awards.** Notwithstanding section 116J.554, subdivision 2, clause (2), the commissioner may award grants to development authorities for the cost of implementing an approved response action plan as defined in section 116J.552, subdivision 8, without regard to whether development is expected or planned for the site at the time the grant application is made.

Subd. 2. **Priorities.** In considering applications and awarding grants under subdivision 1, the commissioner shall utilize the priorities under section 116J.555, subdivision 1, paragraph (b), clauses (1), (3), (5), and (6).

Sec. 9. Minnesota Statutes 2014, section 116J.571, is amended to read:

116J.571 CREATION OF ACCOUNTS.

Two redevelopment accounts are created, one in the general fund and one in the bond proceeds fund. Money for the program: (1) may be used to make grants as provided in ~~section~~ sections 116J.560 and 116J.575 and loans as provided in section 116J.5761; (2) may be used to pay for the commissioner's costs in reviewing applications and making grants and loans; and (3) is available until spent. The repayment of principal and interest on loans and investment income earned on money in the account is deposited in the special revenue fund and may be used for making grants and loans and for administrative costs and are appropriated for such purposes.

Sec. 10. Minnesota Statutes 2014, section 116J.5763, subdivision 1, is amended to read:

Subdivision 1. **Priorities.** (a) If applications for loans exceed the available appropriations, loans shall be made for projects that, in the commissioner's judgment, provide the highest return in public benefits for the public costs incurred. "Public benefits" include health, safety and other environmental benefits, blight reduction including the property's potential for improved economic vitality, functionality and aesthetics, community stabilization, crime reduction, reduced maintenance costs, and the potential for future development. In making this judgment, the commissioner shall consider the following:

- (1) the extent to which the existing property conditions threaten public safety;
- (2) the length of vacancy of the property;
- (3) the development potential of the property;
- (4) the proximity of the property to existing sufficient public infrastructure; and
- (5) the applicant's financial condition and ability to repay the loan.

(b) The factors in paragraph (a) are not listed in a rank order or priority; rather, the commissioner may weigh each factor, depending upon the facts and circumstances, as the commissioner considers appropriate. The commissioner may consider other factors that affect the net return of public benefits.

(c) Priority must be given to applications for projects that have received a grant under section 116J.560.

Sec. 11. **BROWNFIELDS REVITALIZATION GRANTS; APPROPRIATION.**

\$6,000,000 in fiscal year 2016 and \$6,000,000 in fiscal year 2017 are appropriated from the general fund to the commissioner of employment and economic development for grants under Minnesota Statutes, section 116J.560, for brownfields revitalization. Of this amount, \$3,000,000 each year is reserved for projects in greater Minnesota. Any funds reserved for projects in greater Minnesota that are not awarded by September 1 of each year are available for projects within the metropolitan area as defined in Minnesota Statutes, section 473.121, subdivision 2. For the purposes of this section, "greater Minnesota" means the area of the state that excludes the metropolitan area as defined in Minnesota Statutes, section 473.121, subdivision 2. Funds appropriated under this section may be expended in either year of the biennium and are available until June 30, 2019."
