"Section 1. Minnesota Statutes 2014, section 256B.0625, is amended by adding a subdivision to read:

Subd. 9c. **Oral health assessments.** Medical assistance covers oral health assessments that meet the requirements of this subdivision. An oral health assessment must use the risk factors established by the commissioner of human services and be conducted by a licensed dental provider in collaborative practice under section 150A.10, subdivision 1a; 150A.105; or 150A.106 to identify possible signs of oral or systemic disease, malformation, or injury and the need for referral for diagnosis and treatment. Oral health assessments are limited to once per patient, per year and must be conducted in a community setting. The provider performing the assessment must document that a formal arrangement with a licensed dentist for patient referral and follow-up is in place and is being utilized. The patient referral and follow-up arrangement must allow patients receiving an assessment under this subdivision to receive follow-up services in a timely manner and establish an ongoing relationship with a dental provider that is available to serve as the patient's dental home. If the commissioner determines from an analysis of claims or other information that the referral and follow-up arrangement is not reasonably effective in ensuring that patients receive follow-up services, the commissioner may disqualify the treating provider or the pay-to provider from receiving payment for assessments under this subdivision.

Sec. 2. Minnesota Statutes 2015 Supplement, section 256B.76, subdivision 2, is amended to read:

Subd. 2. **Dental reimbursement.** (a) Effective for services rendered on or after October 1, 1992, the commissioner shall make payments for dental services as follows:

(1) dental services shall be paid at the lower of (i) submitted charges, or (ii) 25 percent above the rate in effect on June 30, 1992; and

(2) dental rates shall be converted from the 50th percentile of 1982 to the 50th percentile of 1989, less the percent in aggregate necessary to equal the above increases.

(b) Beginning October 1, 1999, the payment for tooth sealants and fluoride treatments shall be the lower of (1) submitted charge, or (2) 80 percent of median 1997 charges.

(c) Effective for services rendered on or after January 1, 2000, payment rates for dental services shall be increased by three percent over the rates in effect on December 31, 1999.

(d) Effective for services provided on or after January 1, 2002, payment for diagnostic examinations and dental x-rays provided to children under age 21 shall be the lower of (1) the submitted charge, or (2) 85 percent of median 1999 charges.

(e) The increases listed in paragraphs (b) and (c) shall be implemented January 1, 2000, for managed care.

(f) Effective for dental services rendered on or after October 1, 2010, by a state-operated dental clinic, payment shall be paid on a reasonable cost basis that is based on the Medicare principles of reimbursement. This payment shall be effective for services rendered on or after January 1, 2011, to recipients enrolled in managed care plans or county-based purchasing plans.

(g) Beginning in fiscal year 2011, if the payments to state-operated dental clinics in paragraph (f), including state and federal shares, are less than \$1,850,000 per fiscal year, a supplemental state payment equal to the difference between the total payments in paragraph (f) and \$1,850,000 shall be paid from the general fund to state-operated services for the operation of the dental clinics.

(h) If the cost-based payment system for state-operated dental clinics described in paragraph (f) does not receive federal approval, then state-operated dental clinics shall be designated as critical access dental providers under subdivision 4, paragraph (b), and shall receive the critical access dental reimbursement rate as described under subdivision 4, paragraph (a).

(i) Effective for services rendered on or after September 1, 2011, through June 30, 2013, payment rates for dental services shall be reduced by three percent. This reduction does not apply to state-operated dental clinics in paragraph (f).

(j) Effective for services rendered on or after January 1, 2014, payment rates for dental services shall be increased by five percent from the rates in effect on December 31, 2013. This increase does not apply to state-operated dental clinics in paragraph (f), federally qualified health centers, rural health centers, and Indian health services. Effective January 1, 2014, payments made to managed care plans and county-based purchasing plans under sections 256B.69, 256B.692, and 256L.12 shall reflect the payment increase described in this paragraph.

(k) Effective for services rendered on or after July 1, 2015, through December 31, 2016, the commissioner shall increase payment rates for services furnished by dental providers located outside of the seven-county metropolitan area by the maximum percentage possible above the rates in effect on June 30, 2015, while remaining within the limits of funding appropriated for this purpose. This increase does not apply to state-operated dental clinics in paragraph (f), federally qualified health centers, rural health centers, and Indian health services. Effective January 1, 2016, through December 31, 2016, payments to managed care plans and county-based purchasing plans under sections 256B.69 and 256B.692 shall reflect the payment increase described in this paragraph. The commissioner shall require managed care and county-based purchasing plans to pass on the full amount of the increase, in the form of higher payment rates to dental providers located outside of the seven-county metropolitan area.

(1) Effective for services provided on or after January 1, 2017, the commissioner shall increase payment rates by 9.65 percent above the rates in effect on June 30, 2015, for dental services provided outside of the seven-county metropolitan area. This increase does not apply to state-operated dental clinics in paragraph (f), federally qualified health centers, rural health centers, or Indian health services. Effective January 1, 2017, payments to managed care plans and county-based purchasing plans under sections 256B.69 and 256B.692 shall reflect the payment increase described in this paragraph."

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2014, section 273.13, subdivision 34, is amended to read:

Subd. 34. **Homestead of disabled veteran or family caregiver.** (a) All or a portion of the market value of property owned by a veteran and serving as the veteran's homestead under this section is excluded in determining the property's taxable market value if the veteran has a service-connected disability of 70 percent or more as certified by the United States Department of Veterans Affairs. To qualify for exclusion under this subdivision, the veteran must have been honorably discharged from the United States armed forces, as indicated by United States Government Form DD214 or other official military discharge papers.

(b)(1) For a disability rating of 70 percent or more, \$150,000 of market value is excluded, except as provided in clause (2); and

(2) for a total (100 percent) and permanent disability, \$300,000 of market value is excluded.

(c) If a disabled veteran qualifying for a valuation exclusion under paragraph (b), clause (2), predeceases the veteran's spouse, and if upon the death of the veteran the spouse holds the legal or beneficial title to the homestead and permanently resides there, the exclusion shall carry over to the benefit of the veteran's spouse for the current taxes payable year and for eight additional taxes payable years or until such time as the spouse remarries, or sells, transfers, or otherwise disposes of the property, whichever comes first. Qualification under this paragraph requires an annual application under paragraph (h).

(d) If the spouse of a member of any branch or unit of the United States armed forces who dies due to a service-connected cause while serving honorably in active service, as indicated on United States Government Form DD1300 or DD2064, holds the legal or beneficial title to a homestead and permanently resides there, the spouse is entitled to the benefit described in paragraph (b), clause (2), for eight taxes payable years, or until such time as the spouse remarries or sells, transfers, or otherwise disposes of the property, whichever comes first.

(e) If a veteran meets the disability criteria of paragraph (a) but does not own property classified as homestead in the state of Minnesota, then the homestead of the veteran's primary family caregiver, if any, is eligible for the exclusion that the veteran would otherwise qualify for under paragraph (b).

(f) In the case of an agricultural homestead, only the portion of the property consisting of the house and garage and immediately surrounding one acre of land qualifies for the valuation exclusion under this subdivision.

(g) A property qualifying for a valuation exclusion under this subdivision is not eligible for the market value exclusion under subdivision 35, or classification under subdivision 22, paragraph (b).

(h) To qualify for a valuation exclusion under this subdivision, the property owner must file an application with the assessor. Upon verifying that the applicant qualifies for the exclusion, the county assessor must notify the auditor, and the auditor must recalculate the taxes on the property for the current taxes payable year based on the exclusion. The county must then issue an abatement of taxes due in the current taxes payable year based on the

difference between the taxes as initially calculated and the taxes based on the value remaining after the exclusion, prorated for the remainder of the year based on the later of the date the application was received or the date the property first qualified for the exclusion. If the abatement is made after payment of all or a portion of the taxes being abated have been paid, the portion already paid must be refunded to the taxpayer by the county treasurer as soon as practical. Abatements granted under this paragraph are not subject to approval by the county board.

(i) The county auditor shall certify the abatements granted under this section to the commissioner of revenue for reimbursement to each taxing jurisdiction in which the property is located. The commissioner shall make the payments to the taxing jurisdictions containing the property, other than school districts and the state, at the time distributions are made under section 473H.10, subdivision 3.
