subdivision 20, must give every employee or person receiving royalty payments in respect to the remuneration paid by the person to the employee or person receiving royalty payments during the calendar year, on or before January 31 of the succeeding year, or, if employment is terminated before the close of the calendar year, within 30 days after the date of receipt of a written request from the employee if the 30-day period ends before January 31, a written statement showing the following:

- (1) name of the person;
- (2) the name of the employee or payee and the employee's or payee's Social Security account number;
- (3) the total amount of wages as that term is defined in section 290.92, subdivision 1, paragraph (1); the total amount of remuneration subject to withholding under section 290.92, subdivision 20; the amount of sick pay as required under section 6051(f) of the Internal Revenue Code; and the amount of royalties subject to withholding under section 290.923, subdivision 2; and
- (4) the total amount deducted and withheld as tax under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2.
- (b) The statement required to be furnished by paragraph (a) with respect to any remuneration must be furnished at those times, must contain the information required, and must be in the form the commissioner prescribes.
- (c) The commissioner may prescribe rules providing for reasonable extensions of time, not in excess of 30 days, to employers or payers required to give the statements to their employees or payers under this subdivision.
- (d) A duplicate of any statement made under this subdivision and in accordance with rules prescribed by the commissioner, along with a reconciliation in the form the commissioner prescribes of the statements for the calendar year, including a reconciliation of the quarterly returns required to be filed under subdivision 1, must be filed with the commissioner on or before February 28 January 31 of the year after the payments were made.
- (e) If an employer cancels the employer's Minnesota withholding account number required by section 290.92, subdivision 24, the information required by paragraph (d), must be filed with the commissioner within 30 days of the end of the quarter in which the employer cancels its account number.

An employer must submit statements to the commissioner required by this section by electronic means if the employer is required to send more than 25 statements to the commissioner, even though the employer is not required to submit the returns federally by electronic means. - Sec. 2. Minnesota Statutes 2014, section 289A.18, is amended by adding a subdivision to read:
- Subd. 2a. Annual withholding returns; eligible employers. (a) An employer who deducts and withholds an amount required to be withheld by section 290.92 may file an annual return and make an annual payment of the amount required to be deducted and withheld for that calendar year if the employer has received a notification under paragraph (b). The ability to elect to file an annual return continues through the year following the year where an employer is required to deduct and withhold more than \$500.

- (b) The commissioner is authorized to determine which employers are eligible to file an annual return and to notify employers who newly qualify to file an annual return because the amount an employer is required to deduct and withhold for that calendar year is \$500 or less based on the most recent period of four consecutive quarters for which the commissioner has compiled data on that employer's withholding tax for that period. At the time of notification, eligible employers may still decide to file returns and make deposits quarterly. An employer who decides to file returns and make deposits quarterly is required to make all returns and deposits required by this chapter and, notwithstanding paragraph (a), is subject to all applicable penalties for failing to do so.
- (c) If, at the end of any calendar month other than the last month of the calendar year, the aggregate amount of undeposited tax withheld by an employer who has elected to file an annual return exceeds \$500, the employer must deposit the aggregate amount with the commissioner within 30 days of the end of the calendar month.
- (d) If an employer who has elected to file an annual return ceases to pay wages for which withholding is required, the employer must file a final return and deposit any undeposited tax within 30 days of the end of the calendar month following the month in which the employer ceased paying wages.
- (e) An employer not subject to paragraph (c) or (d) who elects to file an annual return must file the return and pay the tax not previously deposited before February 1 of the year following the year in which the tax was withheld.
- (f) A notification to an employer regarding eligibility to file an annual return under Minnesota Rules, part 8092.1400, is considered a notification under paragraph (a).

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2015.

- Sec. 3. Minnesota Statutes 2014, section 289A.20, subdivision 2, is amended to read:
- Subd. 2. Withholding from wages, entertainer withholding, withholding from payments to out-of-state contractors, and withholding by partnerships, small business corporations, trusts. (a) Except as provided in section 289A.18, subdivision 2a, a tax required to be deducted and withheld during the quarterly period must be paid on or before the last day of the month following the close of the quarterly period, unless an earlier time for payment is provided. A tax required to be deducted and withheld from compensation of an entertainer and from a payment to an out-of-state contractor must be paid on or before the date the return for such tax must be filed under section 289A.18, subdivision 2. Taxes required to be deducted and withheld by partnerships, S corporations, and trusts must be paid on a quarterly basis as estimated taxes under section 289A.25 for partnerships and trusts and under section 289A.26 for S corporations.
- (b) An employer who, during the previous quarter, withheld more than \$1,500 of tax under section 290.92, subdivision 2a or 3, or 290.923, subdivision 2, must deposit tax withheld under those sections with the commissioner within the time allowed to deposit the employer's federal withheld employment taxes under Code of Federal Regulations, title 26, section 31.6302-1, as amended through December 31, 2001, without regard to the safe harbor or de minimis rules in paragraph (f) or the one-day rule in paragraph (c)(3). Taxpayers must submit a copy of their federal notice of deposit status to the commissioner upon request by the commissioner.
- (c) The commissioner may prescribe by rule other return periods or deposit requirements. In prescribing the reporting period, the commissioner may classify payors according to the amount of their tax liability and may adopt an appropriate reporting period for the class that the commissioner judges to be consistent with efficient tax collection. In no event will the duration of the reporting period be more than one year.
- (d) If less than the correct amount of tax is paid to the commissioner, proper adjustments with respect to both the tax and the amount to be deducted must be made, without interest, in the manner and at the times the commissioner prescribes. If the underpayment cannot be adjusted, the amount of the underpayment will be assessed and collected in the manner and at the times the commissioner prescribes.

- (e) If the aggregate amount of the tax withheld is \$10,000 or more in a fiscal year ending June 30, the employer must remit each required deposit for wages paid in all subsequent calendar years by electronic means.
- (f) A third-party bulk filer as defined in section 290.92, subdivision 30, paragraph (a), clause (2), who remits withholding deposits must remit all deposits by electronic means as provided in paragraph (e), regardless of the aggregate amount of tax withheld during a fiscal year for all of the employers.

- (3) the property payment rate for external fixed costs for a remaining facility or facilities shall be increased by an amount equal to 65 percent of the projected net cost savings to the state calculated in paragraph (b), divided by the state's medical assistance percentage of medical assistance dollars, and then divided by estimated medical assistance resident days, as determined in paragraph (c), of the remaining nursing facility or facilities in the request in this paragraph. The rate adjustment is effective on the later of the first day of the month following completion of the construction upgrades in the consolidation plan or the first day of the month following the complete closure of a facility designated for closure in the consolidation plan. If more than one facility is receiving upgrades in the consolidation plan, each facility's date of construction completion must be evaluated separately.
 - (b) For purposes of calculating the net cost savings to the state, the commissioner shall consider clauses (1) to (7):

- (c) For purposes of the calculation in paragraph (a), clause (3), the estimated medical assistance resident days of the remaining facility or facilities shall be computed assuming 95 percent occupancy multiplied by the historical percentage of medical assistance resident days of the remaining facility or facilities, as reported on the facility's or facilities' most recent nursing facility statistical and cost report filed before the plan of closure is submitted, multiplied by 365.
- (d) For purposes of net cost of savings to the state in paragraph (b), the average occupancy percentages will be those reported on the facility's or facilities' most recent nursing facility statistical and cost report filed before the plan of closure is submitted, and the average payment rates shall be calculated based on the approved payment rates in effect at the time the consolidation request is submitted.

The CCBHC must meet federal requirements regarding the type and scope of services to be provided directly by the CCBHC.
- (c) Notwithstanding other law that requires a county contract or other form of county approval for certain services listed in paragraph (a), clause (6), a clinic that otherwise meets CCBHC requirements may receive the prospective payment under paragraph (f) for those services without a county contract or county approval. The commissioner may: (1) assign a county with no reported provider prices to a similar price cluster; and (2) consider county level access when determining final price clusters.
- (b) A rate which includes a special needs rate paid under subdivision 3 may be in excess of the maximum rate allowed under this subdivision.
- (c) The department shall monitor the effect of this paragraph on provider rates. The county shall pay the provider's full charges for every child in care up to the maximum established. - (b) Until the commissioner has completed the review and evaluation process and submitted a written plan to the legislature required under paragraph (a), programs licensed as family day care and group family day care facilities under Minnesota Rules, chapter 9502, and programs licensed as child care centers under Minnesota Rules, chapter 9503, are exempt from the following rules:
- (1) Minnesota Rules, part 9544.0040, functional behavior assessment, unless the child has a case manager under section 256B.092, subdivision 1a, paragraph (e); and
 - (2) Minnesota Rules, part 9544.0090, staff qualifications and training.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 5. [245A.55] TRAINING FOR COUNTY LICENSING STAFF ON FAMILY CHILD CARE AND GROUP FAMILY CHILD CARE REQUIREMENTS; SUPERVISION.

- (a) Within the first two months of employment, county staff who license and inspect family child care and group family child care programs must complete at least eight hours of training on state statutes, administrative rules, and department policies related to the licensing and regulation of family child care and group family child care programs. The department must develop the training curriculum to ensure that all county staff who perform licensing and inspection functions receive uniform training. This training must include:
- (1) explicit instructions that county staff who license and perform inspections must apply only state statutes, administrative rules, and Department of Human Services policies in the performance of their duties. Training must reinforce that county staff are prohibited from imposing standards or requirements that are not imposed by statute, rule, or approved state policy;
- (2) the rights of license holders, including their grievance and appeal rights. This training must include information on the responsibility of the county staff to inform license holders of their rights, including grievance and appeal rights; and
- (3) the procedure for county staff to seek clarification from the Department of Human Services prior to issuing a correction order or other notice of violation to a license holder if there is a dispute between the license holder and the county licensor regarding the applicability of a statute or rule to the alleged violation.
- (b) To ensure consistency among all licensing staff, the commissioner must develop a procedure by which the department will implement increased training and oversight of county staff who perform licensing functions related to family child care licensing. This procedure must ensure that the commissioner conducts at least biennial reviews of county licensing performance.

- (c) Each calendar year, county agency staff who license and regulate family child care providers and group family child care providers and their supervisors must receive notice from the commissioner on new laws enacted or adopted in the previous 12-month period relating to family child care providers and group family child care providers. The commissioner shall provide the notices each year to include information on new laws and disseminate the notices to county agencies.
 - Sec. 6. Minnesota Statutes 2014, section 256D.051, subdivision 6b, is amended to read:
- Subd. 6b. **Federal reimbursement.** (a) Federal financial participation from the United States Department of Agriculture for food stamp employment and training expenditures that are eligible for reimbursement through the food stamp employment and training program are dedicated funds and are annually appropriated to the commissioner of human services for the operation of the food stamp employment and training program.
- (b) The appropriation must be used for skill attainment through employment, training, and support services for food stamp participants. By February 15, 2017, the commissioner shall report to the chairs and ranking minority members of the legislative committees having jurisdiction over the food stamp program on the progress of securing additional federal reimbursement dollars under this program.
- (c) Federal financial participation for the nonstate portion of food stamp employment and training costs must be paid to the county agency or service provider that incurred the costs.
 - Sec. 7. Minnesota Statutes 2014, section 518.175, subdivision 5, is amended to read:
- Subd. 5. Modification of parenting plan or order for parenting time. (a) If a parenting plan or an order granting parenting time cannot be used to determine the number of overnights or overnight equivalents the child has with each parent, the court shall modify the parenting plan or order granting parenting time so that the number of overnights or overnight equivalents the child has with each parent can be determined. For purposes of this section, "overnight equivalents" has the meaning provided in section 518A.36, subdivision 1.
- (b) If modification would serve the best interests of the child, the court shall modify the decision-making provisions of a parenting plan or an order granting or denying parenting time, if the modification would not change the child's primary residence. Consideration of a child's best interest includes a child's changing developmental needs.
 - (b) (c) Except as provided in section 631.52, the court may not restrict parenting time unless it finds that:
- (1) parenting time is likely to endanger the child's physical or emotional health or impair the child's emotional development; or
 - (2) the parent has chronically and unreasonably failed to comply with court-ordered parenting time.

A modification of parenting time which increases a parent's percentage of parenting time to an amount that is between 45.1 to 54.9 percent parenting time is not a restriction of the other parent's parenting time.

(e) (d) If a parent makes specific allegations that parenting time by the other parent places the parent or child in danger of harm, the court shall hold a hearing at the earliest possible time to determine the need to modify the order granting parenting time. Consistent with subdivision 1a, the court may require a third party, including the local social services agency, to supervise the parenting time or may restrict a parent's parenting time if necessary to protect the other parent or child from harm. If there is an existing order for protection governing the parties, the court shall consider the use of an independent, neutral exchange location for parenting time.

EFFECTIVE DATE. This section is effective August 1, 2018.

- Sec. 8. Minnesota Statutes 2015 Supplement, section 518A.26, subdivision 14, is amended to read:
- Subd. 14. **Obligor.** "Obligor" means a person obligated to pay maintenance or support. For purposes of ordering medical support under section 518A.41, a parent who has primary physical custody of a child may be an obligor subject to a payment agreement under section 518A.69. <u>If a parent has more than 55 percent court-ordered parenting time, there is a rebuttable presumption that the parent shall have a zero-dollar basic support obligation. A party seeking to overcome this presumption must show, and the court must consider, the following:</u>
 - (1) a significant income disparity, which may include potential income determined under section 518A.32;
 - (2) the benefit and detriment to the child and the ability of each parent to meet the needs of the child; and
 - (3) whether the application of the presumption would have an unjust or inappropriate result.

The presumption of a zero-dollar basic support obligation does not eliminate that parent's obligation to pay child support arrears pursuant to section 518A.60.

EFFECTIVE DATE. This section is effective August 1, 2018.

Sec. 9. Minnesota Statutes 2014, section 518A.34, is amended to read:

518A.34 COMPUTATION OF CHILD SUPPORT OBLIGATIONS.

- (a) To determine the presumptive child support obligation of a parent, the court shall follow the procedure set forth in this section.
 - (b) To determine the obligor's basic support obligation, the court shall:
 - (1) determine the gross income of each parent under section 518A.29;
- (2) calculate the parental income for determining child support (PICS) of each parent, by subtracting from the gross income the credit, if any, for each parent's nonjoint children under section 518A.33;
- (3) determine the percentage contribution of each parent to the combined PICS by dividing the combined PICS into each parent's PICS;
 - (4) determine the combined basic support obligation by application of the guidelines in section 518A.35;
- (5) determine the obligor's each parent's share of the combined basic support obligation by multiplying the percentage figure from clause (3) by the combined basic support obligation in clause (4); and
- (6) determine the parenting expense adjustment, if any, as apply the parenting expense adjustment formula provided in section 518A.36, and adjust the obligor's basic support obligation accordingly to determine the obligor's basic support obligation. If the parenting time of the parties is presumed equal, section 518A.36, subdivision 3, applies to the calculation of the basic support obligation and a determination of which parent is the obligor.
- (c) If the parents have split custody of the joint children, child support shall be calculated for each joint child as follows:
- (1) the court shall determine each parent's basic support obligation under paragraph (b) and shall include the amount of each parent's obligation in the court order. If the basic support calculation results in each parent owing support to the other, the court shall offset the higher basic support obligation with the lower basic support obligation

to determine the amount to be paid by the parent with the higher obligation to the parent with the lower obligation. For the purpose of the cost-of-living adjustment required under section 518A.75, the adjustment must be based on each parent's basic support obligation prior to offset. For the purposes of this paragraph, "split custody" means that there are two or more joint children and each parent has at least one joint child more than 50 percent of the time;

- (2) if each parent pays all child care expenses for at least one joint child, the court shall calculate child care support for each joint child as provided in section 518A.40. The court shall determine each parent's child care support obligation and include the amount of each parent's obligation in the court order. If the child care support calculation results in each parent owing support to the other, the court shall offset the higher child care support obligation with the lower child care support obligation to determine the amount to be paid by the parent with the higher obligation to the parent with the lower obligation; and
- (3) if each parent pays all medical or dental insurance expenses for at least one joint child, medical support shall be calculated for each joint child as provided in section 518A.41. The court shall determine each parent's medical support obligation and include the amount of each parent's obligation in the court order. If the medical support calculation results in each parent owing support to the other, the court shall offset the higher medical support obligation with the lower medical support obligation to determine the amount to be paid by the parent with the higher obligation to the parent with the lower obligation. Unreimbursed and uninsured medical expenses are not included in the presumptive amount of support owed by a parent and are calculated and collected as provided in section 518A.41.
 - (d) The court shall determine the child care support obligation for the obligor as provided in section 518A.40.
- (d) (e) The court shall determine the medical support obligation for each parent as provided in section 518A.41. Unreimbursed and uninsured medical expenses are not included in the presumptive amount of support owed by a parent and are calculated and collected as described in section 518A.41.
- (e) (f) The court shall determine each parent's total child support obligation by adding together each parent's basic support, child care support, and health care coverage obligations as provided in this section.
- (f) (g) If Social Security benefits or veterans' benefits are received by one parent as a representative payee for a joint child based on the other parent's eligibility, the court shall subtract the amount of benefits from the other parent's net child support obligation, if any.
- (g) (h) The final child support order shall separately designate the amount owed for basic support, child care support, and medical support. If applicable, the court shall use the self-support adjustment and minimum support adjustment under section 518A.42 to determine the obligor's child support obligation.

EFFECTIVE DATE. This section is effective August 1, 2018.

Sec. 10. Minnesota Statutes 2014, section 518A.36, is amended to read:

518A.36 PARENTING EXPENSE ADJUSTMENT.

Subdivision 1. **General.** (a) The parenting expense adjustment under this section reflects the presumption that while exercising parenting time, a parent is responsible for and incurs costs of caring for the child, including, but not limited to, food, <u>clothing</u>, transportation, recreation, and household expenses. Every child support order shall specify the percentage of parenting time granted to or presumed for each parent. For purposes of this section, the percentage of parenting time means the percentage of time a child is scheduled to spend with the parent during a calendar year according to a court order <u>averaged over a two-year period</u>. Parenting time includes time with the child whether it is designated as visitation, physical custody, or parenting time. The percentage of parenting time

may be determined by calculating the number of overnights <u>or overnight equivalents</u> that a <u>child parent</u> spends with a <u>parent</u>, <u>or child pursuant to a court order</u>. For purposes of this section, overnight equivalents are calculated by using a method other than overnights if the parent has significant time periods on separate days where the child is in the parent's physical custody and under the direct care of the parent but does not stay overnight. The court may consider the age of the child in determining whether a child is with a parent for a significant period of time.

- (b) If there is not a court order awarding parenting time, the court shall determine the child support award without consideration of the parenting expense adjustment. If a parenting time order is subsequently issued or is issued in the same proceeding, then the child support order shall include application of the parenting expense adjustment.
- Subd. 2. Calculation of parenting expense adjustment. The obligor is entitled to a parenting expense adjustment calculated as provided in this subdivision. The court shall:
- (1) find the adjustment percentage corresponding to the percentage of parenting time allowed to the obligor below:

	Percentage Kange of Parenting Time	Adjustment Percentage
(i)	less than 10 percent	no adjustment
(ii)	10 percent to 45 percent	12 percent
(iii)	45.1 percent to 50 percent	presume parenting time is equal

- (2) multiply the adjustment percentage by the obligor's basic child support obligation to arrive at the parenting expense adjustment; and
- (3) subtract the parenting expense adjustment from the obligor's basic child support obligation. The result is the obligor's basic support obligation after parenting expense adjustment.
 - (a) For the purposes of this section, the following terms have the meanings given:
- (1) "parent A" means the parent with whom the child or children will spend the least number of overnights under the court order; and
- (2) "parent B" means the parent with whom the child or children will spend the greatest number of overnights under the court order.
- (b) The court shall apply the following formula to determine which parent is the obligor and calculate the basic support obligation:
- (1) raise to the power of three the approximate number of annual overnights the child or children will likely spend with parent A;
- (2) raise to the power of three the approximate number of annual overnights the child or children will likely spend with parent B;
- (3) multiply the result of clause (1) times parent B's share of the combined basic support obligation as determined in section 518A.34, paragraph (b), clause (5);
- (4) multiply the result of clause (2) times parent A's share of the combined basic support obligation as determined in section 518A.34, paragraph (b), clause (5);

- (5) subtract the result of clause (4) from the result of clause (3); and
- (6) divide the result of clause (5) by the sum of clauses (1) and (2).
- (c) If the result is a negative number, parent A is the obligor, the negative number becomes its positive equivalent, and the result is the basic support obligation. If the result is a positive number, parent B is the obligor and the result is the basic support obligation.
- Subd. 3. Calculation of basic support when parenting time presumed is equal. (a) If the parenting time is equal and the parental incomes for determining child support of the parents also are equal, no basic support shall be paid unless the court determines that the expenses for the child are not equally shared.
- (b) If the parenting time is equal but the parents' parental incomes for determining child support are not equal, the parent having the greater parental income for determining child support shall be obligated for basic child support, calculated as follows:
 - (1) multiply the combined basic support calculated under section 518A.34 by 0.75;
- (2) prorate the amount under clause (1) between the parents based on each parent's proportionate share of the combined PICS; and
 - (3) subtract the lower amount from the higher amount.

The resulting figure is the obligation after parenting expense adjustment for the parent with the greater parental income for determining child support.

EFFECTIVE DATE. This section is effective August 1, 2018.

- Sec. 11. Minnesota Statutes 2015 Supplement, section 518A.39, subdivision 2, is amended to read:
- Subd. 2. **Modification.** (a) The terms of an order respecting maintenance or support may be modified upon a showing of one or more of the following, any of which makes the terms unreasonable and unfair: (1) substantially increased or decreased gross income of an obligor or obligee; (2) substantially increased or decreased need of an obligor or obligee or the child or children that are the subject of these proceedings; (3) receipt of assistance under the AFDC program formerly codified under sections 256.72 to 256.87 or 256B.01 to 256B.40, or chapter 256J or 256K; (4) a change in the cost of living for either party as measured by the Federal Bureau of Labor Statistics; (5) extraordinary medical expenses of the child not provided for under section 518A.41; (6) a change in the availability of appropriate health care coverage or a substantial increase or decrease in health care coverage costs; (7) the addition of work-related or education-related child care expenses of the obligee or a substantial increase or decrease in existing work-related or education-related child care expenses; or (8) upon the emancipation of the child, as provided in subdivision 5.
- (b) It is presumed that there has been a substantial change in circumstances under paragraph (a) and the terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if:
- (1) the application of the child support guidelines in section 518A.35, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least \$75 per month higher or lower than the current support order or, if the current support order is less than \$75, it results in a calculated court order that is at least 20 percent per month higher or lower;

- (2) the medical support provisions of the order established under section 518A.41 are not enforceable by the public authority or the obligee;
- (3) health coverage ordered under section 518A.41 is not available to the child for whom the order is established by the parent ordered to provide;
 - (4) the existing support obligation is in the form of a statement of percentage and not a specific dollar amount;
- (5) the gross income of an obligor or obligee has decreased by at least 20 percent through no fault or choice of the party; or
- (6) a deviation was granted based on the factor in section 518A.43, subdivision 1, clause (4), and the child no longer resides in a foreign country or the factor is otherwise no longer applicable.
- (c) A child support order is not presumptively modifiable solely because an obligor or obligee becomes responsible for the support of an additional nonjoint child, which is born after an existing order. Section 518A.33 shall be considered if other grounds are alleged which allow a modification of support.
- (d) If child support was established by applying a parenting expense adjustment or presumed equal parenting time calculation under previously existing child support guidelines and there is no parenting plan or order from which overnights or overnight equivalents can be determined, there is a rebuttable presumption that the established adjustment or calculation shall continue after modification so long as the modification is not based on a change in parenting time. In determining an obligation under previously existing child support guidelines, it is presumed that the court shall:
- (1) if a 12 percent parenting expense adjustment was applied, multiply the obligor's share of the combined basic support obligation calculated under section 518A.34, paragraph (b), clause (5), by 0.88; or
- (2) if the parenting time was presumed equal but the parents' parental incomes for determining child support were not equal:
 - (i) multiply the combined basic support obligation under section 518A.34, paragraph (b), clause (5), by 0.075;
- (ii) prorate the amount under item (i) between the parents based on each parent's proportionate share of the combined PICS; and
 - (iii) subtract the lower amount from the higher amount.
- (e) On a motion for modification of maintenance, including a motion for the extension of the duration of a maintenance award, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:
 - (1) shall apply section 518A.35, and shall not consider the financial circumstances of each party's spouse, if any; and
- (2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:
 - (i) the excess employment began after entry of the existing support order;
 - (ii) the excess employment is voluntary and not a condition of employment;

- (iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;
- (iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;
- (v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and
- (vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full.
- (e) (f) A modification of support or maintenance, including interest that accrued pursuant to section 548.091, may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record, unless the court adopts an alternative effective date under paragraph (l). The court's adoption of an alternative effective date under paragraph (l) shall not be considered a retroactive modification of maintenance or support.
- (f) (g) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518A.71.
 - (g) (h) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.
- (h) (i) Sections 518.14 and 518A.735 shall govern the award of attorney fees for motions brought under this subdivision.
- (i) (j) Except as expressly provided, an enactment, amendment, or repeal of law does not constitute a substantial change in the circumstances for purposes of modifying a child support order.

(j) MS 2006 [Expired]

- (k) On the first modification under the income shares method of calculation following implementation of amended child support guidelines, the modification of basic support may be limited if the amount of the full variance would create hardship for either the obligor or the obligee.
- (l) The court may select an alternative effective date for a maintenance or support order if the parties enter into a binding agreement for an alternative effective date.

EFFECTIVE DATE. This section is effective August 1, 2018.

As used in this section, "case consultation" means a case review

process in which recommendations are made concerning services to be provided to the identified children and family. Case consultation may be performed by a committee or subcommittee of members representing human services, including mental health and chemical dependency; law enforcement, including probation and parole; the county attorney; a children's advocacy center; health care; education; community-based agencies and other necessary agencies; and persons directly involved in an individual case as designated by other members performing case consultation.

- Sec. 15. Minnesota Statutes 2014, section 626.558, is amended by adding a subdivision to read:

 - (3) trauma-focused mental health services; and
 - (4) forensic interviews.
- (b) Children's advocacy centers provide multidisciplinary case review and the tracking and monitoring of case progress.

 - (4) identify additional areas within the child welfare system that need to be addressed by the legislature:
- (5) review and recommend alternatives to law enforcement responding to a maltreatment report by removing the child, and evaluate situations in which it may be appropriate for a social worker or other child protection worker to remove the child from the home; and
 - (6) clarify the definition of "substantial child endangerment," and provide language in bill form by January 1, 2017.
 - (b) Members of the legislative task force shall include:

Sec. 35. [153B.70] GROUNDS FOR DISCIPLINARY ACTION.

- (a) The board may refuse to issue or renew a license, revoke or suspend a license, or place on probation or reprimand a licensee for one or any combination of the following:
 - (1) making a material misstatement in furnishing information to the board;
 - (2) violating or intentionally disregarding the requirements of this chapter;
- (3) conviction of a crime, including a finding or verdict of guilt, an admission of guilt, or a no-contest plea, in this state or elsewhere, reasonably related to the practice of the profession. Conviction, as used in this clause, includes a conviction of an offense which, if committed in this state, would be deemed a felony, gross misdemeanor, or misdemeanor, without regard to its designation elsewhere, or a criminal proceeding where a finding or verdict of guilty is made or returned but the adjudication of guilt is either withheld or not entered;
 - (4) making a misrepresentation in order to obtain or renew a license;
 - (5) displaying a pattern of practice or other behavior that demonstrates incapacity or incompetence to practice;
 - (6) aiding or assisting another person in violating the provisions of this chapter;

- (7) failing to provide information within 60 days in response to a written request from the board, including documentation of completion of continuing education requirements;
 - (8) engaging in dishonorable, unethical, or unprofessional conduct;
 - (9) engaging in conduct of a character likely to deceive, defraud, or harm the public;
 - (10) inability to practice due to habitual intoxication, addiction to drugs, or mental or physical illness;
- (11) being disciplined by another state or territory of the United States, the federal government, a national certification organization, or foreign nation, if at least one of the grounds for the discipline is the same or substantially equivalent to one of the grounds in this section;
- (12) directly or indirectly giving to or receiving from a person, firm, corporation, partnership, or association a fee, commission, rebate, or other form of compensation for professional services not actually or personally rendered;
- (13) incurring a finding by the board that the licensee, after the licensee has been placed on probationary status, has violated the conditions of the probation;
 - (14) abandoning a patient or client;
- (15) willfully making or filing false records or reports in the course of the licensee's practice including, but not limited to, false records or reports filed with state or federal agencies;
- (16) willfully failing to report child maltreatment as required under the Maltreatment of Minors Act, section 626.556; or
 - (17) soliciting professional services using false or misleading advertising.
- (b) A license to practice is automatically suspended if (1) a guardian of a licensee is appointed by order of a court pursuant to sections 524.5-101 to 524.5-502, for reasons other than the minority of the licensee, or (2) the licensee is committed by order of a court pursuant to chapter 253B. The license remains suspended until the licensee is restored to capacity by a court and, upon petition by the licensee, the suspension is terminated by the board after a hearing. The licensee may be reinstated to practice, either with or without restrictions, by demonstrating clear and convincing evidence of rehabilitation. The regulated person is not required to prove rehabilitation if the subsequent court decision overturns previous court findings of public risk.
- (c) If the board has probable cause to believe that a licensee or applicant has violated paragraph (a), clause (10), it may direct the person to submit to a mental or physical examination. For the purpose of this section, every person is deemed to have consented to submit to a mental or physical examination when directed in writing by the board and to have waived all objections to the admissibility of the examining physician's testimony or examination report on the grounds that the testimony or report constitutes a privileged communication. Failure of a regulated person to submit to an examination when directed constitutes an admission of the allegations against the person, unless the failure was due to circumstances beyond the person's control, in which case a default and final order may be entered without the taking of testimony or presentation of evidence. A regulated person affected under this paragraph shall at reasonable intervals be given an opportunity to demonstrate that the person can resume the competent practice of the regulated profession with reasonable skill and safety to the public. In any proceeding under this paragraph, neither the record of proceedings nor the orders entered by the board shall be used against a regulated person in any other proceeding.

(d) In addition to ordering a physical or mental examination, the board may, notwithstanding section 13.384 or 144.293, or any other law limiting access to medical or other health data, obtain medical data and health records relating to a licensee or applicant without the person's or applicant's consent if the board has probable cause to believe that a licensee is subject to paragraph (a), clause (10). The medical data may be requested from a provider as defined in section 144.291, subdivision 2, paragraph (i), an insurance company, or a government agency, including the Department of Human Services. A provider, insurance company, or government agency shall comply with any written request of the board under this subdivision and is not liable in any action for damages for releasing the data requested by the board if the data are released pursuant to a written request under this subdivision, unless the information is false and the provider giving the information knew, or had reason to know, the information was false. Information obtained under this subdivision is private data on individuals as defined in section 13.02.

(e) If the board issues an order of immediate suspension of a license, a hearing must be held within 30 days of the suspension and completed without delay.

EFFECTIVE DATE. This section is effective July 1, 2016.

 - Sec. 37. Minnesota Statutes 2014, section 327C.095, subdivision 13, is amended to read:
- Subd. 13. Change in use, relocation expenses; payments by park owner. (a) If a manufactured home owner is required to relocate due to the conversion of all or a portion of a manufactured home park to another use, the closure of a manufactured home park, or cessation of use of the land as a manufactured home park under subdivision 1, and the manufactured home owner complies with the requirements of this section, the manufactured home owner is entitled to payment from the Minnesota manufactured home relocation trust fund equal to the manufactured home owner's actual relocation costs for relocating the manufactured home to a new location within a 25-mile radius of the park that is being closed, up to a maximum of \$4,000 \$7,000 for a single-section and \$8,000 \$12,500 for a multisection manufactured home. The actual relocation costs must include the reasonable cost of taking down, moving, and setting up the manufactured home, including equipment rental, utility connection and disconnection charges, minor repairs, modifications necessary for transportation of the home, necessary moving permits and insurance, moving costs for any appurtenances, which meet applicable local, state, and federal building and construction codes.
- (b) A manufactured home owner is not entitled to compensation under paragraph (a) if the manufactured home park owner is not required to make a payment to the Minnesota manufactured home relocation trust fund under subdivision 12, paragraph (b).
- (c) Except as provided in paragraph (e), in order to obtain payment from the Minnesota manufactured home relocation trust fund, the manufactured home owner shall submit to the neutral third party and the Minnesota Housing Finance Agency, with a copy to the park owner, an application for payment, which includes:
 - (1) a copy of the closure statement under subdivision 1;

- (2) a copy of the contract with a moving or towing contractor, which includes the relocation costs for relocating the manufactured home;
 - (3) a statement with supporting materials of any additional relocation costs as outlined in subdivision 1;
- (4) a statement certifying that none of the exceptions to receipt of compensation under subdivision 12, paragraph (b), apply to the manufactured home owner;
- (5) a statement from the manufactured park owner that the lot rental is current and that the annual \$12 \underset{15} payments to the Minnesota manufactured home relocation trust fund have been paid when due; and
- (6) a statement from the county where the manufactured home is located certifying that personal property taxes for the manufactured home are paid through the end of that year.
- (d) If the neutral third party has acted reasonably and does not approve or deny payment within 45 days after receipt of the information set forth in paragraph (c), the payment is deemed approved. Upon approval and request by the neutral third party, the Minnesota Housing Finance Agency shall issue two checks in equal amount for 50 percent of the contract price payable to the mover and towing contractor for relocating the manufactured home in the amount of the actual relocation cost, plus a check to the home owner for additional certified costs associated with third-party vendors, that were necessary in relocating the manufactured home. The moving or towing contractor shall receive 50 percent upon execution of the contract and 50 percent upon completion of the relocation and approval by the manufactured home owner. The moving or towing contractor may not apply the funds to any other purpose other than relocation of the manufactured home as provided in the contract. A copy of the approval must be forwarded by the neutral third party to the park owner with an invoice for payment of the amount specified in subdivision 12, paragraph (a).
- (e) In lieu of collecting a relocation payment from the Minnesota manufactured home relocation trust fund under paragraph (a), the manufactured home owner may collect an amount from the fund after reasonable efforts to relocate the manufactured home have failed due to the age or condition of the manufactured home, or because there are no manufactured home parks willing or able to accept the manufactured home within a 25-mile radius. A manufactured home owner may tender title of the manufactured home in the manufactured home park to the manufactured home park owner, and collect an amount to be determined by an independent appraisal. The appraiser must be agreed to by both the manufactured home park owner and the manufactured home owner. If the appraised market value cannot be determined, the tax market value, averaged over a period of five years, can be used as a substitute. The maximum amount that may be reimbursed under the fund is a maximum of \$5,000 \$8,000 for a single-section and \$9,000 \$14,500 for a multisection manufactured home. The minimum amount that may be reimbursed under the fund is \$2,000 for a single section and \$4,000 for a multisection manufactured home. The manufactured home owner shall deliver to the manufactured home park owner the current certificate of title to the manufactured home duly endorsed by the owner of record, and valid releases of all liens shown on the certificate of title, and a statement from the county where the manufactured home is located evidencing that the personal property taxes have been paid. The manufactured home owner's application for funds under this paragraph must include a document certifying that the manufactured home cannot be relocated, that the lot rental is current, that the annual \$12 \$15 payments to the Minnesota manufactured home relocation trust fund have been paid when due, that the manufactured home owner has chosen to tender title under this section, and that the park owner agrees to make a payment to the commissioner of management and budget in the amount established in subdivision 12, paragraph (a), less any documented costs submitted to the neutral third party, required for demolition and removal of the home, and any debris or refuse left on the lot, not to exceed \$1,000. The manufactured home owner must also provide a copy of the certificate of title endorsed by the owner of record, and certify to the neutral third party, with a copy to the park owner, that none of the exceptions to receipt of compensation under subdivision 12, paragraph (b), clauses (1) to (6), apply to the manufactured home owner, and that the home owner will vacate the home within 60 days after receipt of payment or the date of park closure, whichever is earlier, provided that the monthly lot rent is kept current.

- (f) The Minnesota Housing Finance Agency must make a determination of the amount of payment a manufactured home owner would have been entitled to under a local ordinance in effect on May 26, 2007. Notwithstanding paragraph (a), the manufactured home owner's compensation for relocation costs from the fund under section 462A.35, is the greater of the amount provided under this subdivision, or the amount under the local ordinance in effect on May 26, 2007, that is applicable to the manufactured home owner. Nothing in this paragraph is intended to increase the liability of the park owner.
- (g) Neither the neutral third party nor the Minnesota Housing Finance Agency shall be liable to any person for recovery if the funds in the Minnesota manufactured home relocation trust fund are insufficient to pay the amounts claimed. The Minnesota Housing Finance Agency shall keep a record of the time and date of its approval of payment to a claimant.
- (h) The agency shall report to the chairs of the senate Finance Committee and house of representatives Ways and Means Committee by January 15 of each year on the Minnesota manufactured home relocation trust fund, including the account balance, payments to claimants, the amount of any advances to the fund, the amount of any insufficiencies encountered during the previous calendar year, and any administrative charges or expenses deducted from the trust fund balance. If sufficient funds become available, the Minnesota Housing Finance Agency shall pay the manufactured home owner whose unpaid claim is the earliest by time and date of approval.

- Subd. 2. **State employee negotiations.** (a) The commissioner of management and budget shall regularly advise the commission on the progress of collective bargaining activities with state employees under the state Public Employment Labor Relations Act. During negotiations, the commission may make recommendations to the commissioner as it deems appropriate but no recommendation shall impose any obligation or grant any right or privilege to the parties.

- (b) The commissioner shall submit to the chair of the commission any negotiated collective bargaining agreements, arbitration awards, compensation plans, or salaries for legislative approval or disapproval. Negotiated agreements shall be submitted within five days of the date of approval by the commissioner or the date of approval by the affected state employees, whichever occurs later. Arbitration awards shall be submitted within five days of their receipt by the commissioner. If the commission disapproves a collective bargaining agreement, award, compensation plan, or salary, the commission shall specify in writing to the parties those portions with which it disagrees and its reasons. If the commission approves a collective bargaining agreement, award, compensation plan, or salary, it shall submit the matter to the legislature to be accepted or rejected under this section.
- (c) When the legislature is not in session, the commission may give interim approval to a negotiated collective bargaining agreement, salary, compensation plan, or arbitration award. The commission shall submit the negotiated collective bargaining agreements, salaries, compensation plans, or arbitration awards for which it has provided approval to the entire legislature for ratification at a special legislative session called to consider them or at its next regular legislative session as provided in this section. Approval or disapproval by the commission is not binding on the legislature.

- (c) An exclusive representative wishing to make expenditures for political purposes must make the expenditures only from a separate political fund that is apart from any fund or account containing money received by an exclusive representative as dues. Selcer moved to amend H. F. No. 2749, the first engrossment, as amended, as follows:

Page 57, after line 32, insert:

- "Sec. 22. Minnesota Statutes 2015 Supplement, section 122A.09, subdivision 4, is amended to read:
- Subd. 4. **License and rules.** (a) The board must adopt rules to license public school teachers and interns subject to chapter 14.
- (b) The board must require all candidates for teacher licensure to demonstrate a passing score on a board-adopted skills examination in reading, writing, and mathematics, as a requirement for initial teacher licensure, except that the board may issue up to four temporary, one-year teaching licenses to an otherwise qualified candidate who has not yet passed the board-adopted skills exam. The board must require colleges and universities offering a board-approved teacher preparation program to provide remedial assistance to persons who did not achieve a qualifying score on the board-adopted skills examination, including those for whom English is a second language. The requirement to pass a board-adopted reading, writing, and mathematics skills examination does not apply to nonnative English speakers, as verified by qualified Minnesota school district personnel or Minnesota higher education faculty, who, after meeting the content and pedagogy requirements under this subdivision, apply for a teaching license to provide direct instruction in their native language or world language instruction under section 120B.022, subdivision 1. The Board of Teaching and the entity administering the content, pedagogy, and skills examinations must allow any individual who produces documentation of a disability in the form of an evaluation, 504 plan, or individual education program (IEP) to receive the same testing accommodations on the content, pedagogy, and skills examinations that the applicant received during their secondary or postsecondary education.
- (c) The board must adopt rules to approve teacher preparation programs. The board, upon the request of a postsecondary student preparing for teacher licensure or a licensed graduate of a teacher preparation program, shall assist in resolving a dispute between the person and a postsecondary institution providing a teacher preparation program when the dispute involves an institution's recommendation for licensure affecting the person or the person's credentials. At the board's discretion, assistance may include the application of chapter 14.
- (d) The board must provide the leadership and adopt rules for the redesign of teacher education programs to implement a research based, results-oriented curriculum that focuses on the skills teachers need in order to be effective. Among other components, teacher preparation programs may use the Minnesota State Colleges and Universities program model to provide a school-year-long student teaching program that combines clinical opportunities with academic coursework and in-depth student teaching experiences to offer students ongoing

mentorship, coaching, and assessment, help to prepare a professional development plan, and structured learning experiences. The board shall implement new systems of teacher preparation program evaluation to assure program effectiveness based on proficiency of graduates in demonstrating attainment of program outcomes. Teacher preparation programs including alternative teacher preparation programs under section 122A.245, among other programs, must include a content-specific, board-approved, performance-based assessment that measures teacher candidates in three areas: planning for instruction and assessment; engaging students and supporting learning; and assessing student learning. The board's redesign rules must include creating flexible, specialized teaching licenses, credentials, and other endorsement forms to increase students' participation in language immersion programs, world language instruction, career development opportunities, work-based learning, early college courses and careers, career and technical programs, Montessori schools, and project and place-based learning, among other career and college ready learning offerings.

- (e) The board must adopt rules requiring candidates for initial licenses to pass an examination of general pedagogical knowledge and examinations of licensure-specific teaching skills. The rules shall be effective by September 1, 2001. The rules under this paragraph also must require candidates for initial licenses to teach prekindergarten or elementary students to pass, as part of the examination of licensure-specific teaching skills, test items assessing the candidates' knowledge, skill, and ability in comprehensive, scientifically based reading instruction under section 122A.06, subdivision 4, and their knowledge and understanding of the foundations of reading development, the development of reading comprehension, and reading assessment and instruction, and their ability to integrate that knowledge and understanding.
- (f) The board must adopt rules requiring teacher educators to work directly with elementary or secondary school teachers in elementary or secondary schools to obtain periodic exposure to the elementary or secondary teaching environment.
- (g) The board must grant licenses to interns and to candidates for initial licenses based on appropriate professional competencies that are aligned with the board's licensing system and students' diverse learning needs. All teacher candidates must have preparation in English language development and content instruction for English learners in order to be able to effectively instruct the English learners in their classrooms. The board must include these licenses in a statewide differentiated licensing system that creates new leadership roles for successful experienced teachers premised on a collaborative professional culture dedicated to meeting students' diverse learning needs in the 21st century, recognizes the importance of cultural and linguistic competencies, including the ability to teach and communicate in culturally competent and aware ways, and formalizes mentoring and induction for newly licensed teachers provided through a teacher support framework.
- (h) The board must design and implement an assessment system which requires a candidate for an initial license and first continuing license to demonstrate the abilities necessary to perform selected, representative teaching tasks at appropriate levels.
- (i) The board must receive recommendations from local committees as established by the board for the renewal of teaching licenses. The board must require licensed teachers who are renewing a continuing license to include in the renewal requirements further preparation in English language development and specially designed content instruction in English for English learners.
- (j) The board must grant life licenses to those who qualify according to requirements established by the board, and suspend or revoke licenses pursuant to sections 122A.20 and 214.10. The board must not establish any expiration date for application for life licenses.
- (k) The board must adopt rules that require all licensed teachers who are renewing their continuing license to include in their renewal requirements further preparation in the areas of using positive behavior interventions and in accommodating, modifying, and adapting curricula, materials, and strategies to appropriately meet the needs of individual students and ensure adequate progress toward the state's graduation rule.

- (l) In adopting rules to license public school teachers who provide health-related services for disabled children, the board shall adopt rules consistent with license or registration requirements of the commissioner of health and the health-related boards who license personnel who perform similar services outside of the school.
- (m) The board must adopt rules that require all licensed teachers who are renewing their continuing license to include in their renewal requirements further reading preparation, consistent with section 122A.06, subdivision 4. The rules do not take effect until they are approved by law. Teachers who do not provide direct instruction including, at least, counselors, school psychologists, school nurses, school social workers, audiovisual directors and coordinators, and recreation personnel are exempt from this section.
- (n) The board must adopt rules that require all licensed teachers who are renewing their continuing license to include in their renewal requirements at least one hour of suicide prevention best practices in each licensure renewal period that are based on nationally recognized evidence-based programs and practices, among the continuing education credits required to renew a license under this paragraph, and further preparation, first, in understanding the key warning signs of early-onset mental illness in children and adolescents and then, during subsequent licensure renewal periods, preparation may include providing a more in-depth understanding of students' mental illness trauma, accommodations for students' mental illness, parents' role in addressing students' mental illness, Fetal Alcohol Spectrum Disorders, autism, the requirements of section 125A.0942 governing restrictive procedures, and de-escalation methods, among other similar topics.
- (o) The board must adopt rules by January 1, 2016, to license applicants under sections 122A.23 and 122A.245. The rules must permit applicants to demonstrate their qualifications through the board's recognition of a teaching license from another state in a similar content field, completion of a state-approved teacher preparation program, teaching experience as the teacher of record in a similar licensure field, depth of content knowledge, depth of content methods or general pedagogy, subject-specific professional development and contribution to the field, or classroom performance as determined by documented student growth on normed assessments or documented effectiveness on evaluations. The rules must adopt criteria for determining a "similar content field" and "similar licensure area."

 - (2) increasing racial and economic diversity and integration in schools and districts.
- (b) Among other requirements, an eligible district must implement effective, research-based interventions that include formative assessment practices to reduce the disparities in student academic performance among the specific categories of students as measured by student progress and growth on state reading and math assessments and as aligned with section 120B.11.

- (b) A school board must hold at least one formal annual hearing to publicly report its progress in realizing the goals identified in its plan. At the hearing, the board must provide the public with longitudinal data demonstrating district and school progress in reducing the disparities in student academic performance among the specified

categories of students, in improving students' equitable access to effective and more diverse teachers, and in realizing racial and economic diversity and integration, consistent with the district plan and the measures in paragraph (a). At least 30 days before the formal hearing under this paragraph, the board must post its plan, its preliminary analysis, relevant student performance data, and other longitudinal data on the district's Web site. A district must hold one hearing to meet the hearing requirements of both this section and section 120B.11.

Additional longitudinal data may be based on: students' progress toward career and college readiness under section 120B.30, subdivision 1; or rigorous coursework completed under section 120B.35, subdivision 3, paragraph (c), clause (2).
- Subd. 4. **Timeline and implementation.** A board must approve its plan and submit it to the department by March 15. If a district that is part of a multidistrict council applies for revenue for a plan, the individual district shall not receive revenue unless it ratifies the plan adopted by the multidistrict council. Each plan has a term of three years. For the 2014-2015 school year, an eligible district under this section must submit its plan to the commissioner for review by March 15, 2014.
