Subdivision 1. **Comprehensive assessment.** (a) A comprehensive assessment of the client's substance use disorder must be administered face-to-face by an alcohol and drug counselor within three calendar days after service initiation for a residential program or during the initial session for all other programs. A program may permit a licensed staff person who is not qualified as an alcohol and drug counselor to interview the client in areas of the comprehensive assessment that are otherwise within the competencies and scope of practice of that licensed staff person and an alcohol and drug counselor does not need to be face-to-face with the client during this interview. The alcohol and drug counselor must review all of the information contained in a comprehensive assessment and, by signature, confirm the information is accurate and complete and meets the requirements for the comprehensive assessment. If the comprehensive assessment is not completed during the initial session, the client-centered reason for the delay must be documented in the client's file and the planned completion date. If the client received a comprehensive assessment that authorized the treatment service, an alcohol and drug counselor must review the assessment to determine compliance with this subdivision, including applicable timelines. If available, the alcohol and drug counselor may use current information provided by a referring agency or other source as a supplement. Information gathered more than 45 days before the date of admission is not considered current. The comprehensive assessment must include sufficient information to complete the assessment summary according to subdivision 2 and the individual treatment plan according to section 245G.06. The comprehensive assessment must include information about the client's needs that relate to substance use and personal strengths that support recovery, including:

(1) age, sex, cultural background, sexual orientation, living situation, economic status, and level of education;

(2) circumstances of service initiation;

(3) previous attempts at treatment for substance misuse or substance use disorder, compulsive gambling, or mental illness;

(4) substance use history including amounts and types of substances used, frequency and duration of use, periods of abstinence, and circumstances of relapse, if any. For each substance used within the previous 30 days, the information must include the date of the most recent use and previous withdrawal symptoms;

(5) specific problem behaviors exhibited by the client when under the influence of substances;

(6) family status, family history, including history or presence of physical or sexual abuse, level of family support, and substance misuse or substance use disorder of a family member or significant other;

(7) physical concerns or diagnoses, the severity of the concerns, and whether the concerns are being addressed by a health care professional;

(8) mental health history and psychiatric status, including symptoms, disability, current treatment supports, and psychotropic medication needed to maintain stability; the assessment must utilize screening tools approved by the commissioner pursuant to section 245.4863 to identify whether the client screens positive for co-occurring disorders;

(9) arrests and legal interventions related to substance use;

(10) ability to function appropriately in work and educational settings;

(11) ability to understand written treatment materials, including rules and the client's rights;

(12) risk-taking behavior, including behavior that puts the client at risk of exposure to blood-borne or sexually transmitted diseases;

(13) social network in relation to expected support for recovery and leisure time activities that are associated with substance use;

(14) whether the client is pregnant and, if so, the health of the unborn child and the client's current involvement in prenatal care;

(15) whether the client recognizes problems related to substance use and is willing to follow treatment recommendations; and

(16) collateral information. If the assessor gathered sufficient information from the referral source or the client to apply the criteria in Minnesota Rules, parts 9530.6620 and 9530.6622, a collateral contact is not required.

(b) If the client is identified as having opioid use disorder or seeking treatment for opioid use disorder, the program must provide educational information to the client concerning:

(1) risks for opioid use disorder and dependence;

(2) treatment options, including the use of a medication for opioid use disorder;

(3) the risk of and recognizing opioid overdose; and

- (1) the client is in severe withdrawal and likely to be a danger to self or others;
- (2) the client has severe medical problems that require immediate attention; or
- (3) the client has severe emotional or behavioral symptoms that place the client or others at risk of harm.

If one or more of the conditions in clauses (1) to (3) are present, the assessor must end the assessment interview and follow the procedures in the program's medical services plan under section 245G.08, subdivision 2, to help the client obtain the appropriate services. The assessment interview may resume when the condition is resolved.

(b) The commissioner shall develop and implement a utilization review process for publicly funded treatment placements to monitor and review the clinical appropriateness and timeliness of all publicly funded placements in treatment.

(c) Notwithstanding section 254B.05, subdivision 5, paragraph (b), clause (2), an individual employed by a county on July 1, 2018, who has been performing assessments for the purpose of Minnesota Rules, part 9530.6615, is qualified to perform a comprehensive assessment if the following conditions are met as of July 1, 2018:

(b) A prescription presented to a pharmacy is presumed to be valid, and a pharmacist may not be subject to disciplinary action by the pharmacist's professional licensing board or held civilly or criminally liable for dispensing an opioid in contradiction to an individual's or minor's voluntary nonopioid directive.

Subd. 5. Construction. Nothing in this section shall be construed to:

Subd. 2d. **Identification requirement for ~~Schedule II or III~~ controlled substance prescriptions.** (a) No person may dispense a controlled substance included in ~~Schedule II or III~~ Schedules II through V without requiring the person purchasing the controlled substance, who need not be the ~~person~~ patient for whom the controlled substance prescription is written, to present valid photographic identification, unless the person purchasing the controlled substance, or if applicable the person for whom the controlled substance prescription is written, is known to the dispenser. A doctor of veterinary medicine who dispenses a controlled substance must comply with this subdivision.

(b) This subdivision applies only to purchases of controlled substances that are not covered, in whole or in part, by a health plan company or other third-party payor.

(a) When used for the treatment of acute pain associated with a major trauma or surgical procedure, initial prescriptions for opiate or narcotic pain relievers listed in Schedules II through IV of section 152.02 shall not exceed a seven-day supply. The quantity prescribed shall be consistent with the dosage listed in the professional labeling for the drug that has been approved by the United States Food and Drug Administration.

(b) For the purposes of this subdivision, "acute pain" means pain resulting from disease, accidental or intentional trauma, surgery, or another cause that the practitioner reasonably expects to last only a short period of time. Acute pain does not include chronic pain or pain being treated as part of cancer care, palliative care, or hospice or other end-of-life care.

(c) Notwithstanding paragraph (a), if in the professional clinical judgment of a practitioner more than a seven-day supply of a prescription listed in Schedules II through IV of section 152.02 is required to treat a patient's acute pain, the practitioner may issue a prescription for the quantity needed to treat such acute pain.

(d) This subdivision does not apply to the treatment of acute dental pain or acute pain associated with refractive surgery, and the quantity of opiates that may be prescribed for those conditions is governed by subdivision 4.

Sec. 8. Minnesota Statutes 2016, section 214.12, is amended by adding a subdivision to read:

Subd. 2. Grant allocation. (a) For each grant cycle, the commissioner shall allocate grants to federally qualified health centers operating in Minnesota as of January 1, 2018, through a competitive process and according to the following guidelines:

(1) 25 percent of the funds shall be for federally qualified health centers to establish new opioid addiction and substance use disorder programs;

(2) 70 percent of the funds shall be for federally qualified health centers with existing opioid addiction and substance use disorder programs to expand these programs to serve additional low-income patients; and

(3) five percent of the funds shall be for federally qualified health centers to invest in network infrastructure and evaluation activities, to identify and document successful opioid addiction and substance use disorder prevention and treatment strategies for rural or underserved populations.

(b) The commissioner shall ensure, for each grant cycle, that at least 30 percent of the funds are allocated to federally qualified health centers in the state located outside the seven-county metropolitan area and that each federally qualified health center in the state is allocated at least three percent of the total amount available for that grant cycle.

(c) The commissioner shall consult with a state organization representing Minnesota's community health centers to assess and classify the levels of substance use disorder services and programs available at federally qualified health centers in the state as of July 1, 2018, and to develop measures for federally qualified health centers to use in assessing the effectiveness of substance use disorder programs funded under this section in supporting sobriety and long-term recovery, stopping cycles of intergenerational substance use, enabling patients to return to work or school, and supporting family unity.

Subd. 3. Allowable uses for grant funds. In establishing a new opioid addiction and substance use disorder program or expanding an existing program, a federally qualified health center must use grant funds distributed under this section for one or more of the following activities:

(1) integrating behavioral health services and substance use disorder services on-site at the federally qualified health center or off-site through partnerships with other providers;

(2) establishing or expanding programs in which patients with substance use disorders receive services using integrated, interprofessional care teams;

(3) implementing or expanding patient care coordination, outreach, and education services related to substance use disorders;

(4) implementing or expanding medication assisted treatment by providing, directly or by referral, all drugs approved by the Food and Drug Administration for the treatment of opioid use disorder, including maintenance, detoxification, overdose reversal, and relapse prevention;

(5) implementing and evaluating specific, effective substance use disorder interventions tailored to specific populations, including but not limited to communities of color, individuals experiencing homelessness, veterans, and adolescents;

(6) developing infrastructure, including infrastructure to allow for telehealth services, for federally qualified health center networks to support coordinated interventions across delivery systems; and

(7) training current and future health care professionals and students, including dental providers.

Subd. 4. **Reports.** After the conclusion of each grant cycle, each federally qualified health center shall report to the commissioner, at a time and in a manner specified by the commissioner, data regarding the effectiveness measures developed under subdivision 2. The commissioner shall compile this information into a report for each grant cycle and shall provide the report to the chairs and ranking minority members of the legislative committees with jurisdiction over health care.

Sec. 3. Minnesota Statutes 2016, section 151.01, subdivision 27, is amended to read:

Subd. 27. **Practice of pharmacy.** "Practice of pharmacy" means:

- (ii) the pharmacist has successfully completed a program approved by the Accreditation Council for Pharmacy Education specifically for the administration of immunizations or a program approved by the board;
 - (iii) the pharmacist utilizes the Minnesota Immunization Information Connection to assess the immunization status of individuals prior to the administration of vaccines, except when administering influenza vaccines to individuals age nine and older;
 - (iv) the pharmacist reports the administration of the immunization to the Minnesota Immunization Information Connection; and
 - (v) the pharmacist complies with guidelines for vaccines and immunizations established by the federal Advisory Committee on Immunization Practices, except that a pharmacist does not need to comply with those portions of the guidelines that establish immunization schedules when administering a vaccine pursuant to a valid, patient-specific order issued by a physician licensed under chapter 147, a physician assistant authorized to prescribe drugs under chapter 147A, or an advanced practice nurse authorized to prescribe drugs under section 148.235, provided that the order is consistent with the United States Food and Drug Administration approved labeling of the vaccine;

 - (7) participation in the storage of drugs and the maintenance of records;
 - (8) patient counseling on therapeutic values, content, hazards, and uses of drugs and devices;

Sec. 4. Minnesota Statutes 2016, section 151.37, subdivision 12, is amended to read:

Subd. 12. **Administration of opiate antagonists for drug overdose.** (a) A licensed physician, a licensed advanced practice registered nurse authorized to prescribe drugs pursuant to section 148.235, or a licensed physician assistant authorized to prescribe drugs pursuant to section 147A.18 may authorize the following individuals to administer opiate antagonists, as defined in section 604A.04, subdivision 1:

- (1) the licensed physician, licensed physician assistant, or licensed advanced practice registered nurse has issued a standing order to, or entered into a protocol with, the individual; and
- (2) the individual has training in the recognition of signs of opiate overdose and the use of opiate antagonists as part of the emergency response to opiate overdose.

(c) Nothing in this section prohibits the possession and administration of naloxone pursuant to section 604A.04.

Sec. 5. Minnesota Statutes 2017 Supplement, section 254B.12, subdivision 3, is amended to read:

Subd. 3. **Chemical dependency provider rate increase.** For the chemical dependency services listed in section 254B.05, subdivision 5, and provided on or after July 1, ~~2017~~ 2018, payment rates shall be increased by ~~one percent~~ a percentage established by the commissioner, based on the available appropriation, over the rates in effect on January 1, ~~2017~~ 2018, for vendors who meet the requirements of section 254B.05.

Sec. 6. Minnesota Statutes 2016, section 256B.0625, subdivision 13e, is amended to read:

Subd. 13e. **Payment rates.** (a) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs or the maximum allowable cost by the commissioner plus the fixed dispensing fee; or the usual and customary price charged to the public. The amount of payment basis must be reduced to reflect all discount amounts applied to the charge by any provider/insurer agreement or contract for submitted charges to medical assistance programs. The net submitted charge may not be greater than the patient liability for the service. The pharmacy dispensing fee shall be \$3.65 for legend prescription drugs, except that the dispensing fee for intravenous solutions which must be compounded by the pharmacist shall be \$8 per bag, \$14 per bag for cancer chemotherapy products, and \$30 per bag for total parenteral nutritional products dispensed in one liter quantities, or \$44 per bag for total parenteral nutritional products dispensed in quantities greater than one liter. The pharmacy dispensing fee for over-the-counter drugs shall be \$3.65, except that the fee shall be \$1.31 for retrospectively billing pharmacies when billing for quantities less than the number of units contained in the manufacturer's original package. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The

actual acquisition cost of a drug shall be estimated by the commissioner at wholesale acquisition cost plus four percent for independently owned pharmacies located in a designated rural area within Minnesota, and at wholesale acquisition cost plus two percent for all other pharmacies. A pharmacy is "independently owned" if it is one of four or fewer pharmacies under the same ownership nationally. A "designated rural area" means an area defined as a small rural area or isolated rural area according to the four-category classification of the Rural Urban Commuting Area system developed for the United States Health Resources and Services Administration. Effective January 1, 2014, the actual acquisition cost of a drug acquired through the federal 340B Drug Pricing Program shall be estimated by the commissioner at wholesale acquisition cost minus 40 percent. Wholesale acquisition cost is defined as the manufacturer's list price for a drug or biological to wholesalers or direct purchasers in the United States, not including prompt pay or other discounts, rebates, or reductions in price, for the most recent month for which information is available, as reported in wholesale price guides or other publications of drug or biological pricing data. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third-party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the Administrative Procedure Act.

(b) Pharmacies dispensing prescriptions to residents of long-term care facilities using an automated drug distribution system meeting the requirements of section 151.58, or a packaging system meeting the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse, may employ retrospective billing for prescription drugs dispensed to long-term care facility residents. A retrospectively billing pharmacy must submit a claim only for the quantity of medication used by the enrolled recipient during the defined billing period. A retrospectively billing pharmacy must use a billing period not less than one calendar month or 30 days.

(c) An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. A pharmacy provider using packaging that meets the standards set forth in Minnesota Rules, part 6800.2700, is required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse, unless the pharmacy is using retrospective billing. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply.

(d) Whenever a maximum allowable cost has been set for a multisource drug, payment shall be the lower of the usual and customary price charged to the public or the maximum allowable cost established by the commissioner unless prior authorization for the brand name product has been granted according to the criteria established by the Drug Formulary Committee as required by subdivision 13f, paragraph (a), and the prescriber has indicated "dispense as written" on the prescription in a manner consistent with section 151.21, subdivision 2.

(e) The basis for determining the amount of payment for drugs administered in an outpatient setting shall be the lower of the usual and customary cost submitted by the provider, 106 percent of the average sales price as determined by the United States Department of Health and Human Services pursuant to title XVIII, section 1847a of the federal Social Security Act, the specialty pharmacy rate, or the maximum allowable cost set by the commissioner. If average sales price is unavailable, the amount of payment must be lower of the usual and customary cost submitted by the provider, the wholesale acquisition cost, the specialty pharmacy rate, or the maximum allowable cost set by the commissioner. Effective January 1, 2014, the commissioner shall discount the payment rate for drugs obtained through the federal 340B Drug Pricing Program by 20 percent. With the exception of paragraph (f), the payment for drugs administered in an outpatient setting shall be made to the administering facility or practitioner. A retail or specialty pharmacy dispensing a drug for administration in an outpatient setting is not eligible for direct reimbursement.

(f) Notwithstanding paragraph (e), payment for injectable drugs used to treat substance abuse administered by a practitioner in an outpatient setting shall be made either to the administering facility or the practitioner, or directly to the dispensing pharmacy. The practitioner or administering facility shall submit the claim for the drug, if the practitioner purchases the drug directly from a wholesale distributor licensed under section 151.47 or from a manufacturer licensed under section 151.252. The dispensing pharmacy shall submit the claim if the pharmacy dispenses the drug pursuant to a prescription issued by the practitioner and delivers the filled prescription to the practitioner for subsequent administration. Payment shall be made according to this section. The administering practitioner and pharmacy shall ensure that claims are not duplicated. A pharmacy shall not dispense a practitioner-administered injectable drug described in this paragraph directly to an enrollee. For purposes of this paragraph, "dispense" and "dispensing" have the meaning provided in section 151.01, subdivision 30.

(g) The commissioner may negotiate lower reimbursement rates for specialty pharmacy products than the rates specified in paragraph (a). The commissioner may require individuals enrolled in the health care programs administered by the department to obtain specialty pharmacy products from providers with whom the commissioner has negotiated lower reimbursement rates. Specialty pharmacy products are defined as those used by a small number of recipients or recipients with complex and chronic diseases that require expensive and challenging drug regimens. Examples of these conditions include, but are not limited to: multiple sclerosis, HIV/AIDS, transplantation, hepatitis C, growth hormone deficiency, Crohn's Disease, rheumatoid arthritis, and certain forms of cancer. Specialty pharmaceutical products include injectable and infusion therapies, biotechnology drugs, antihemophilic factor products, high-cost therapies, and therapies that require complex care. The commissioner shall consult with the formulary committee to develop a list of specialty pharmacy products subject to this paragraph. In consulting with the formulary committee in developing this list, the commissioner shall take into consideration the population served by specialty pharmacy products, the current delivery system and standard of care in the state, and access to care issues. The commissioner shall have the discretion to adjust the reimbursement rate to prevent access to care issues.

~~(g)~~ (h) Home infusion therapy services provided by home infusion therapy pharmacies must be paid at rates according to subdivision 8d.

Sec. 7. **OPIOID OVERDOSE REDUCTION PILOT PROGRAM.**

Subdivision 1. **Establishment.** The commissioner of health shall provide grants to ambulance services to fund activities by community paramedic teams to reduce opioid overdoses in the state. Under this pilot program, ambulance services shall develop and implement projects in which community paramedics connect with patients who are discharged from a hospital following an opioid overdose episode, develop personalized care plans for those patients, and provide follow-up services to those patients.

Subd. 2. **Priority areas; services.** (a) In a project developed under this section, an ambulance service must target community paramedic team services to portions of the service area with high levels of opioid use, high death rates from opioid overdoses, and urgent needs for interventions.

(b) In a project developed under this section, a community paramedic team shall:

(1) provide services to patients released from a hospital following an opioid overdose episode and place priority on serving patients who were administered the opiate antagonist naloxone hydrochloride by emergency medical services personnel in response to a 911 call during the opioid overdose episode;

(2) provide the following evaluations during an initial home visit: a home safety assessment including whether there is a need to dispose of prescription drugs that are expired or no longer needed, medication reconciliation, an HIV risk assessment, instruction on the use of naloxone hydrochloride, and a basic needs assessment;

(3) provide patients with health assessments, medication management, chronic disease monitoring and education, and assistance in following hospital discharge orders; and

(4) work with a multidisciplinary team to address the overall physical and mental health needs of patients and health needs related to substance use disorder treatment.

Subd. 3. **Evaluation.** An ambulance service that receives a grant under this section must evaluate the extent to which the project was successful in reducing the number of opioid overdoses and opioid overdose deaths among patients who received services and in reducing the inappropriate use of opioids by patients who received services. The commissioner of health shall develop specific evaluation measures and reporting timelines for ambulance services receiving grants. Ambulance services must submit the information required by the commissioner to the commissioner and the chairs and ranking minority members of the legislative committees with jurisdiction over health and human services by December 1, 2019.

(f) The city of Maplewood shall file for and receive reimbursement pursuant to Minnesota Statutes, section 424A.10, subdivision 3, of supplemental benefits paid to any member who had attained at least age 50 as of the date the member received a distribution of the member's retirement benefit under paragraph (e) and to any survivor and deposit the reimbursement in the city's general fund.

(g) Upon completion of paragraphs (b) through (e), the Maplewood Firefighters Relief Association shall be dissolved and its affairs wound up in accordance with Minnesota Statutes, section 424B.20, subdivision 5.

H. F. No. 3799 was reported to the House.

Hoppe moved to amend H. F. No. 3799, the first engrossment, as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2016, section 60B.03, subdivision 15, is amended to read:

Subd. 15. **Insolvency or insolvent.** "Insolvency" or "insolvent" means:

(a) For an insurer organized under sections 67A.01 to 67A.26, the inability to pay any uncontested debt as it becomes due.

(b) For purposes of a liquidation under section 64B.43, subdivision 4, a fraternal authorized control level event under circumstances the commissioner determines will not be promptly remedied pursuant to the plan submitted under section 64B.43, subdivision 3, a society's inability to pay its debts or meet its obligations as they mature, or that a society's assets do not exceed its liabilities plus the greater of any surplus required by law to be constantly maintained.

~~(b)~~ (c) For any other insurer, that it is unable to pay its debts or meet its obligations as they mature or that its assets do not exceed its liabilities plus the greater of (1) any capital and surplus required by law to be constantly maintained, or (2) its authorized and issued capital stock. For purposes of this subdivision, "assets" includes one-half of the maximum total assessment liability of the policyholders of the insurer, and "liabilities" includes reserves required by law. For policies issued on the basis of unlimited assessment liability, the maximum total liability, for purposes of determining solvency only, shall be deemed to be that amount that could be obtained if there were 100 percent collection of an assessment at the rate of ten mills per dollar of insurance written by it and in force.

Sec. 2. Minnesota Statutes 2016, section 64B.19, subdivision 4a, is amended to read:

Subd. 4a. **Notice of extra assessments.** In the event that a society intends to make extra assessments, as provided in subdivision 4, it shall provide notice of the assessments it plans to make to the commissioner, and to the ~~commissioner~~ insurance regulator of its state of domicile if it is a foreign society, at least 90 days before the effective date of the assessments.

Sec. 3. Minnesota Statutes 2016, section 64B.19, is amended by adding a subdivision to read:

Subd. 4b. **Disapproval.** Within 60 days of filing, the commissioner may disapprove the assessment of a domestic society that has had a fraternal action level event under section 64B.42, or a fraternal authorized control level event under section 64B.43, if the commissioner determines that the assessment was not duly adopted, is not in the best interests of the benefit members, or does not materially improve the long-term viability of the society. The commissioner may approve an earlier effective date for the assessment.

Sec. 4. Minnesota Statutes 2016, section 64B.43, is amended to read:

64B.43 FRATERNAL AUTHORIZED CONTROL LEVEL EVENT; DOMESTIC SOCIETIES.

Subdivision 1. ~~Definition~~ **Definitions.** (a) For purposes of this section, the terms in this subdivision have the meanings given.

(b) "Fraternal authorized control level event" means any of the following events:

(1) the filing of a risk-based capital report by the society that indicates that the society's total adjusted capital is less than its fraternal authorized control level risk-based capital;

(2) the notification by the commissioner to the society of an adjusted risk-based capital report that indicates the event in clause (1), provided the society does not challenge the adjusted risk-based capital report under section 64B.44;

(3) if, pursuant to section 64B.44, the society challenges an adjusted risk-based capital report that indicates the event in clause (1), notification by the commissioner to the society that the commissioner has, after a hearing, rejected the society's challenge;

(4) the failure of the society to respond, in a manner satisfactory to the commissioner, to a corrective order, provided the society has not challenged the corrective order under section 64B.44;

(5) if the society has challenged a corrective order under section 64B.44 and the commissioner has, after a hearing, rejected the challenge or modified the corrective order, the failure of the society to respond, in a manner satisfactory to the commissioner, to the corrective order subsequent to rejection or modification by the commissioner;

(6) the failure of the society to submit a risk-based capital plan to the commissioner within the time period in section 64B.42;

(7) notification by the commissioner to the society that:

(i) the risk-based capital plan or revised risk-based capital plan submitted by the society is, in the judgment of the commissioner, unsatisfactory; and

(ii) the society has not challenged the determination under section 64B.44;

(8) if, pursuant to section 64B.44, the society challenges a determination by the commissioner under the notification by the commissioner to the society that the commissioner has, after a hearing, rejected the challenge;

(9) notification by the commissioner to the society that the society has failed to adhere to its risk-based capital plan or revised risk-based capital plan, but only if the failure has a substantial adverse effect on the ability of the society to eliminate the fraternal action level event according to its risk-based capital plan or revised risk-based capital plan and the commissioner has so stated in the notification, provided the society has not challenged the determination under section 64B.44; or

(10) if, pursuant to section 64B.44, the society challenges a determination by the commissioner under clause (9), the notification by the commissioner to the society that the commissioner has, after a hearing, rejected the challenge.

(c) "Society" means a domestic fraternal benefit society organized and operated under the laws of this state.

Subd. 2. **Commissioner's duties.** In the event of a fraternal authorized control level event with respect to a society, the commissioner shall:

(1) take the actions required under section 64B.42 regarding a society with respect to which a fraternal action level event has occurred; or

(2) if the commissioner considers it to be in the best interests of the certificate holders of the society, require the society to take one or more of the following actions:

(i) merge or otherwise consolidate with another willing authorized society;

(ii) cede any individual risk or risks, in whole or in part, to a willing society or life insurer;

(iii) suspend the issuance of new business; and

(iv) discontinue its insurance operations; or

(3) take the actions necessary to cause the society to be placed under regulatory control under chapter 60B. In the event the commissioner takes these actions, the fraternal authorized control level event is considered sufficient grounds for the commissioner to take action under chapter 60B, and the commissioner has the rights, powers, and duties with respect to the society set forth in chapter 60B. In the event the commissioner takes actions under this clause pursuant to an adjusted risk-based capital report, the society is entitled to the protections afforded to societies under section 60B.11 pertaining to summary proceedings.

Subd. 3. **Plan to transfer members.** (a) Within 45 days of a fraternal authorized control level event with respect to a society, the society shall present to the commissioner a plan to protect the interests of its members. The plan shall include transferring all members, certificates, and related assets and liabilities of the society, together with

any other assets and liabilities the society desires to transfer, to another firm, corporation, or organization through merger, consolidation, assumption, or other means. Any transfer shall constitute a novation of the transferring society's certificates effective upon the date of transfer. The commissioner shall review the plan within 45 days of its submission and may approve the plan within that time frame if the plan provides sound financial security for the payment of obligations arising under the certificates of the society and is otherwise in the best interest of the members.

(b) The transfer shall be:

(1) concluded within the time frame established by the commissioner, which shall not exceed 90 days;

(2) approved by the society upon majority vote of its board of directors prior to the submission of the plan to the commissioner; and

(3) effective notwithstanding the provisions of section 64B.14 or any other requirement of statute or rule or the laws of the society requiring another form of notice to members or approval by the supreme governing body.

Any notice to or approval of a transfer required by the laws of the society or statute or rule shall be suspended by this subdivision.

(c) Upon application, the commissioner may approve a transfer under this subdivision to a foreign fraternal benefit society that does not have a certificate of authority to transact insurance in this state if the foreign fraternal benefit society is authorized to transact insurance by and is domiciled in a state accredited by the National Association of Insurance Commissioners. If the commissioner determines that the foreign fraternal benefit society has sufficient financial strength and servicing capabilities to satisfy the obligations arising under the transferring society's certificates, the commissioner may issue an order to authorize the foreign fraternal benefit society to service the certificates resulting from a transfer, including issuing any amendments or revisions requested by the holder of the certificate and to fulfill all obligations arising under the certificate, but not to otherwise transact insurance business in this state.

(d) Upon the effective date of a transfer to an insurer with a certificate of authority to do business in this state and in consideration of that transfer, each member of the society shall be deemed to agree that any terms of a certificate subjecting the certificate to the laws of the society or providing rights or obligations of membership, except to the extent of any outstanding lien not released by the terms of the transfer, shall be null and void and the insurer shall endorse the certificates accordingly.

(e) Upon the effective date of a transfer to a firm, corporation, or organization that is not a fraternal benefit society and in consideration of that transfer, each member of the society shall be deemed to agree that any terms of a certificate subjecting the certificate to the laws of the society or providing rights or obligations of membership, except to the extent of any outstanding lien not released by the terms of the transfer, shall be null and void and the firm, corporation, or organization shall endorse the certificates accordingly.

(f) The board of directors of a society may suspend or modify its qualifications for membership as necessary or appropriate to facilitate a transfer under this subdivision, notwithstanding the laws of the society or any statute or rule to the contrary.

(g) Each society shall amend their laws to permit the transactions contemplated by this subdivision, including suspending any provisions requiring any notice to members or approval of the supreme governing body with respect to the transfer of its certificates and policies, if the society has a fraternal authorized control level event and the transfer is approved by the commissioner.

Subd. 4. **Liquidation.** (a) In the event of a fraternal authorized control level event with respect to a society under circumstances the commissioner determines will not be promptly remedied pursuant to the authorization provided in subdivision 3, the commissioner may apply for a verified petition to commence liquidation of the society under section 60B.20. (h) A recipient of money appropriated from the outdoor heritage fund must give consideration to and make timely written contact with Conservation Corps Minnesota for possible use of the corps' services to contract for restoration and enhancement services. A copy of the written contact must be filed with the Lessard-Sams Outdoor Heritage Council within 15 days of execution.

The selection process should ensure that a wide range of artists have a chance to be considered and that, over time, the art reflects the contributions of artists of various demographic backgrounds, including age, disability, gender, and racial and ethnic identity.

Subd. 3. Membership. (a) The advisory committee consists of members of the public appointed as follows:

(1) five appointed by the governor;

(2) two appointed by the majority leader of the senate and two appointed by the minority leader of the senate; and

Subd. 4. Terms; removal; vacancies; compensation. Except as otherwise provided in this section, terms, removal, vacancies, and compensation are as provided in section 15.059. Terms of advisory committee members begin the first Tuesday after the first Monday in January and are for four years.

Subd. 6. **Open meetings.** Committee meetings are subject to chapter 13D.

A project or program receiving funding from the arts and cultural heritage fund must include measurable outcomes, and a plan for measuring and evaluating the results. A project or program must be consistent with current scholarship, or best practices, when appropriate and must incorporate state-of-the-art technology when appropriate.

(b) Funding from the arts and cultural heritage fund may be granted for an entire project or for part of a project so long as the recipient provides a description and cost for the entire project and can demonstrate that it has adequate resources to ensure that the entire project will be completed.

(c) Money from the arts and cultural heritage fund shall be expended for benefits across all regions and residents of the state.

(d) A state agency or other recipient of a direct appropriation from the arts and cultural heritage fund must compile and submit all information for funded projects or programs, including the proposed measurable outcomes and all other items required under section 3.303, subdivision 10, to the Legislative Coordinating Commission as soon as practicable or by January 15 of the applicable fiscal year, whichever comes first. The Legislative Coordinating Commission must post submitted information on the Web site required under section 3.303, subdivision 10, as soon as it becomes available.

(e) Grants funded by the arts and cultural heritage fund must be implemented according to section 16B.98 and must account for all expenditures of funds. Priority for grant proposals must be given to proposals involving grants that will be competitively awarded.

When a person clicks on the legacy logo image, the Web site must direct the person to a Web page that includes both the contact information that a person may use to obtain additional information, as well as a link to the Legislative Coordinating Commission Web site required under section 3.303, subdivision 10.

(h) Future eligibility for money from the arts and cultural heritage fund is contingent upon a state agency or other recipient satisfying all applicable requirements in this section, as well as any additional requirements contained in applicable session law. If the Office of the Legislative Auditor, in the course of an audit or investigation, publicly reports that a recipient of money from the arts and cultural heritage fund has not complied with the laws, rules, or regulations in this section or other laws applicable to the recipient, the recipient must be listed in an annual report to the legislative committees with jurisdiction over the legacy funds. The list must be publicly available. The legislative auditor shall remove a recipient from the list upon determination that the recipient is in compliance. A recipient on the list is not eligible for future funding from the arts and cultural heritage fund until the recipient demonstrates compliance to the legislative auditor.

(i) Any state agency or organization requesting a direct appropriation from the arts and cultural heritage fund must inform the house of representatives and senate committees having jurisdiction over the arts and cultural heritage fund, at the time the request for funding is made, whether the request is supplanting or is a substitution for any previous funding that was not from a legacy fund and was used for the same purpose.
