REPORTS OF STANDING COMMITTEES AND DIVISIONS

Lesch from the Judiciary Finance and Civil Law Division to which was referred:

H. F. No. 998, A bill for an act relating to crime; providing guidance to courts on sentencing veterans for criminal offenses related to a service-related disorder; proposing coding for new law in Minnesota Statutes, chapter 609.

Reported the same back with the following amendments:

Page 1, line 10, before "who" insert "including misdemeanor or gross misdemeanor offenses."

Page 2, line 16, after the period, insert "If the veteran has previously received a stay of adjudication for a felony offense under this section, the court may in its discretion sentence consistent with this section or deny the use of this section on subsequent felony offenses. If the court denies a stay of adjudication on this basis, the court may sentence pursuant to the guidelines, application, or waiver of statutory mandatory minimums, or a departure pursuant to subdivision 2, paragraph (d)."

Page 2, line 27, delete "shall earn" and insert "may be awarded"

Page 3, line 2, delete "a" and insert "the"

Page 3, after line 12, insert:

"(j) Sentencing pursuant to this section waives any right to administrative review pursuant to section 169A.53, subdivision 1, or judicial review pursuant to section 169A.53, subdivision 2, for a license revocation or cancellation imposed pursuant to section 169A.52, and also waives any right to administrative review pursuant to section 171.177, subdivision 10, or judicial review pursuant to section 171.177, subdivision 11, for a license revocation or cancellation imposed pursuant to section 171.177, if that license revocation or cancellation is the result of the same incident that is being sentenced."

Page 5, line 29, delete "2019" and insert "2020"

With the recommendation that when so amended the bill be re-referred to the Committee on Ways and Means.

The report was adopted.

Pinto from the Early Childhood Finance and Policy Division to which was referred:

H. F. No. 1512, A bill for an act relating to education; establishing early education teacher licensure requirements; proposing coding for new law in Minnesota Statutes, chapter 122A.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. **[122A.261] PREKINDERGARTEN, SCHOOL READINESS, PRESCHOOL, AND EARLY EDUCATION PROGRAMS; LICENSURE REQUIREMENT.**

Subdivision 1. **Licensure requirement.** A school district or charter school must employ a qualified teacher, as defined in section 122A.16, to provide instruction in a preschool, school readiness, school readiness plus, prekindergarten, or other school district or charter school-based early education program.

Subd. 2. **Exemptions.** A person employed by a school district or charter school as a teacher in an early education program during the 2019-2020 school year who does not have a Minnesota teaching license is exempt from the licensure requirement until July 1, 2025, or until such time as the teacher is able to obtain a Minnesota teaching license, whichever occurs first. Notwithstanding this exemption from the licensure requirement, these individuals are teachers under section 179A.03, subdivision 18."

Delete the title and insert:

"A bill for an act relating to education; establishing a teacher licensure requirement for early education programs; proposing coding for new law in Minnesota Statutes, chapter 122A."

With the recommendation that when so amended the bill be placed on the General Register.

The report was adopted.

Hornstein from the Transportation Finance and Policy Division to which was referred:

H. F. No. 1739, A bill for an act relating to local government; modifying the use of road and bridge funding in Aitkin County.

Reported the same back with the recommendation that the bill be placed on the General Register.

Youakim from the Committee on Education Policy to which was referred:

H. F. No. 1868, A bill for an act relating to education; clarifying speech and press rights of student journalists in grades 6 through 12; proposing coding for new law in Minnesota Statutes, chapter 121A.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. **[121A.80] STUDENT JOURNALISM; STUDENT EXPRESSION.**

Subdivision 1. **Definitions.** (a) For purposes of this section, the terms defined in this subdivision have the meanings given them.

(b) "School-sponsored media" means material that is:

(1) prepared, wholly or substantially written, published, broadcast, or otherwise disseminated by a student journalist enrolled in a school district or charter school;

(2) distributed or generally made available to students in the school; and

(3) prepared by a student journalist under the supervision of a student media adviser.

School-sponsored media does not include material prepared solely for distribution or transmission in the classroom in which the material is produced.

(c) "School official" means a school principal under section 123B.147 or other person having administrative control or supervision of a school.

(d) "Student journalist" means a school district or charter school student in grades 6 through 12 who gathers, compiles, writes, edits, photographs, records, or otherwise prepares information for dissemination in school-sponsored media.

(e) "Student media adviser" means a qualified teacher, as defined in section 122A.16, that a school district or charter school employs, appoints, or designates to supervise student journalists or provide instruction relating to school-sponsored media.

Subd. 2. Student journalists; protected conduct. (a) Except as provided in subdivision 3, a student journalist has the right to exercise freedom of speech and freedom of the press in school-sponsored media regardless of whether the school-sponsored media receives financial support from the school or district, uses school equipment or facilities in its production, or is produced as part of a class or course in which the student journalist is enrolled. Freedom of speech includes freedom to express political viewpoints. Consistent with subdivision 3, a student journalist has the right to determine the news, opinion, feature, and advertising content of school-sponsored media. A school district or charter school must not discipline a student journalist for exercising rights or freedoms under this paragraph or the First Amendment of the United States Constitution.

(b) A school district or charter school must not retaliate or take adverse employment action against a student media adviser for supporting a student journalist exercising rights or freedoms under paragraph (a) or the First Amendment of the United States Constitution.

(c) Notwithstanding the rights or freedoms of this subdivision or the First Amendment of the United States Constitution, nothing in this section inhibits a student media adviser from teaching professional standards of English and journalism to student journalists.

Subd. 3. Unprotected expression. (a) This section does not authorize or protect student expression that:

(1) is defamatory;

(2) is profane, harassing, threatening, or intimidating;

(3) constitutes an unwarranted invasion of privacy;

(4) violates federal or state law;

(5) causes a material and substantial disruption of school activities; or

(6) is directed to inciting or producing imminent lawless action on school premises or the violation of lawful school policies or rules, including a policy adopted in accordance with section 121A.03 or 121A.031.

(b) A school or district must not authorize any prior restraint of school-sponsored media except under paragraph (a).

Subd. 4. **Student journalist policy.** School districts and charter schools must adopt and post a student journalist policy consistent with this section.

EFFECTIVE DATE. This section is effective for the 2020-2021 school year and later."

With the recommendation that when so amended the bill be placed on the General Register.

The report was adopted.

Youakim from the Committee on Education Policy to which was referred:

H. F. No. 1940, A bill for an act relating to education; allowing certain students to participate in alternative delivery of specialized instructional services program; amending Minnesota Statutes 2018, section 125A.50, subdivision 1.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2018, section 125A.50, subdivision 1, is amended to read:

Subdivision 1. **Commissioner approval.** The commissioner may approve applications from districts initiating or significantly changing a program to provide prevention services as an alternative to special education and other compensatory programs. A district with an approved program may provide instruction and services in a regular education classroom, or an area learning center, to eligible pupils. Pupils eligible to participate in the program are pupils who need additional academic or behavioral support to succeed in the general education environment and who may eventually qualify for special education instruction or related services under sections 125A.03 to 125A.24 and 125A.65 if the intervention services authorized by this section were unavailable. Pupils with disabilities as defined under sections 125A.03 to 125A.24 and 125A.65, whose individualized education program teams have determined do not require special education services in the area of the district's approved program, may participate in the approved program as long as they do not cause an increase in costs for the program or displace a student who does not currently have a disability. Pupils may be provided services during extended school days and throughout the entire year and through the assurance of mastery program under sections 125A.03 to 125A.24 and 125A.65."

With the recommendation that when so amended the bill be placed on the General Register.

Moran from the Committee on Health and Human Services Policy to which was referred:

H. F. No. 2971, A bill for an act relating to human services; providing vocational services for individuals with disabilities; requiring reports.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. **DIRECTION TO THE COMMISSIONERS OF HUMAN SERVICES, EDUCATION, AND EMPLOYMENT AND ECONOMIC DEVELOPMENT; PLANS TO PROMOTE EMPLOYMENT OF INDIVIDUALS WITH DISABILITIES.**

Subdivision 1. Plan for supported employment of transition-age youth and individuals with significant support needs. (a) The commissioners of human services, education, and employment and economic development, in consultation with local education agencies, shall develop and implement a plan to assist transition-age youth with disabilities between the ages of 14 and 24 to maximize opportunities to achieve competitive integrated employment, including by use of customized employment strategies and other individualized options, via services provided by vocational rehabilitation services and by local education agencies and funded under Title I and Title VI, Part B of the Rehabilitation Act.

(b) The commissioners shall jointly develop a coordinated plan to expand employment options for individuals with significant disabilities, including mental illness, for whom competitive integrated employment has not traditionally occurred, for whom competitive employment has been interrupted or intermittent as a result of the individual's disability, or who selected competitive integrated employment in their most recent career counseling and referral assessment, and who have:

(1) the ability or potential to engage in a training or postsecondary program leading to employment with or without supports; or

(2) a demonstrated need for intensive ongoing support services or extended services in order to perform competitive integrated work.

Subd. 2. **Plan for expansion of competitive integrated employment.** (a) In consultation with stakeholders, including disability advocacy organizations, employment service providers, lead agencies in the seven-county metropolitan area and greater Minnesota, private businesses, individuals with disabilities, and other interested parties, the commissioners shall develop a plan to prioritize and create incentives for competitive integrated employment of individuals with disabilities at minimum wage or higher, including through the use of customized employment strategies and other individualized supports, and to reduce dependence on less integrated service models.

(b) The plan must include recommendations to:

(1) align funding to support informed decision-making and individualized employment outcomes;

(2) create incentives for competitive integrated employment services for people with disabilities;

(3) build capacity for increased demand on competitive integrated employment services and supports, including customized employment and other individualized options;

(4) ensure equitable access to competitive integrated employment and employment services for individuals with disabilities who experience unique barriers, including but not limited to:

(i) people of color and American Indians;

(ii) residents of greater Minnesota;

(iii) individuals with disabilities and mental illness who are not eligible for Medicaid waivers; and

(iv) other populations as identified by the commissioner and stakeholders;

(5) create partnership initiatives and establish hiring incentives for private businesses to employ individuals with disabilities and to help address labor shortages across industry segments;

(6) educate employers about accommodations in the workplace and supports available in implementing these accommodations;

(7) support small businesses owned and actively operated by individuals with disabilities;

(8) expand microgrants to support the employment of individuals with disabilities at minimum wage or higher;

(9) provide training and technical assistance for disability service providers transitioning to support competitive integrated employment; and

(10) identify best practice standards in community integration for day services that support individuals with disabilities who do not choose paid employment.

Subd. 3. **Reports.** By August 1, 2021, the commissioners shall jointly submit a report outlining the plans described in subdivisions 1 and 2 to the chairs and ranking minority members of legislative committees with jurisdiction over employment services for individuals with disabilities and to stakeholders engaged in the process of developing the report. The report must include legislative recommendations for implementing each plan. The report must also include summary data as defined in Minnesota Statutes, section 13.02, subdivision 19, including:

(1) the number of individuals with disabilities who have completed either career counseling information and referrals or MnCHOICES assessments and indicated a preference for competitive integrated employment:

(i) by age;

(ii) by county of residence; and

(iii) by type of home and community-based services or vocational rehabilitation services accessed;

(2) the number of individuals with disabilities who have secured customized competitive integrated employment:

(i) by duration of employment in an integrated setting;

(ii) by the number of hours per week worked in an integrated setting;

(iii) by types of employer; and

(iv) by hourly wage;

(3) range, distribution, median, and average earnings of individuals with disabilities prior to moving into competitive integrated employment;

(4) the ability or inability of service providers to meet individuals' demand for competitive integrated employment supports statewide, including through the use of customized employment;

(5) data from states that have phased out the use of 14c certificates and a subminimum wage, showing the number of adults with disabilities employed, average hours worked, and average hourly wages earned before and after subminimum wage was eliminated; and

(6) other summary data as identified and agreed upon by the commissioners."

With the recommendation that when so amended the bill be re-referred to the Committee on Labor.

Subd. 5. **Esthetician.** An "esthetician" is any person who, for compensation, performs personal services for the cosmetic care of the skin only, but does not include makeup services.

Sec. 3. Minnesota Statutes 2018, section 155A.23, is amended by adding a subdivision to read:

Subd. 19. **Hairstyling.** "Hairstyling" is the practice of cleaning, drying, arranging, or styling hair. It includes the use of hair sprays and topical agents, such as shampoos and conditioners. It also includes the use and styling of hair extensions and wigs. It does not include cutting or the application of dyes, bleach, reactive chemicals, keratin, or other preparations to color or alter the structure of hair.

Sec. 4. Minnesota Statutes 2018, section 155A.23, is amended by adding a subdivision to read:

Subd. 20. **Makeup services.** "Makeup services" is the application of a cosmetic to enhance the face or skin, including powder, foundation, rouge, eyeshadow, eyeliner, mascara, and lipstick. Makeup services includes the application of makeup applied using an airbrush. Makeup services does not include the application of permanent makeup, tattooing, or facial services. A person who, for compensation, performs only makeup services is not an esthetician.

Sec. 5. Minnesota Statutes 2018, section 155A.27, subdivision 9, is amended to read:

Subd. 9. **Exemptions.** (a) Persons licensed to provide cosmetology services in other states visiting this state for cosmetology demonstrations shall be exempted from the licensing provisions of sections 155A.21 to 155A.36 if services to consumers are in the physical presence of a licensed cosmetologist.

(b) A person who performs hairstyling, makeup services, or threading shall be exempt from the licensing provisions of sections 155A.21 to 155A.36.

Sec. 6. Minnesota Statutes 2018, section 155A.29, subdivision 6, is amended to read:

Subd. 6. **Exemption.** The facility in which a person provides hairstyling, makeup services, or threading and no other services requiring licensure by this chapter is exempt from the requirement for a salon license under this section."

H. F. No. 3368, A bill for an act relating to energy; modifying the community solar garden program; amending Minnesota Statutes 2018, section 216B.1641.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. **[216B.1615] DISTRIBUTED SOLAR GENERATION TARIFF.**

Subdivision 1. **Application.** The distributed solar generation tariff developed under this section applies to a solar photovoltaic device, as defined in section 216C.06, subdivision 16, with a capacity greater than three megawatts but no greater than ten megawatts alternating current interconnecting with the distribution system of the public utility that is subject to section 116C.779, subdivision 1.

Subd. 2. **Tariff filing.** By January 1, 2021, the electric utility subject to this section shall file a distributed solar generation tariff with the commission that represents the utility's alternative tariff approved by the commission under section 216B.164, subdivision 10, minus the environmental value of solar energy that is included in the alternative tariff rate.

Subd. 3. **Commission review; approval.** The commission shall, after notice and opportunity for public comment, approve the distributed solar generation tariff developed by the public utility if the public utility demonstrates that the distributed solar generation tariff:

(1) appropriately calculates the tariff rate according to the provisions of subdivision 2;

(2) includes a mechanism to allow recovery of the costs paid to the facilities operating under the distributed solar generation tariff;

(3) compensates the distributed solar generating facility for all electricity generated under the distributed solar generation tariff;

(4) complies with the interconnection requirements under section 216B.1611, subdivision 2, paragraph (a), clause (5); and

(5) represents the present value of the future revenue streams of the remaining value components of distributed solar energy embodied in the alternative tariff approved by the commission under section 216B.164, subdivision 10.

Subd. 4. **Tariff; updates.** The public utility subject to this section shall recalculate the distributed solar generation tariff rate annually, and shall file the recalculated rate with the commission for approval.

Subd. 5. **Renewable energy credits.** Renewable energy credits for solar photovoltaic devices operating under the tariff developed under this section are the property of the solar energy generator.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to applications for interconnections of solar photovoltaic devices eligible to operate under the tariff developed under this section that are filed with the public utility on or after that date.

Sec. 2. Minnesota Statutes 2018, section 216B.164, subdivision 10, is amended to read:

Subd. 10. **Alternative tariff; compensation for resource value.** (a) A public utility may apply with respect to residential customers, and a public utility subject to section 116C.779, subdivision 1, must apply with respect to commercial and industrial customers, for commission approval for an alternative tariff that compensates customers through a bill credit mechanism for the value to the utility, its customers, and society for operating distributed solar photovoltaic resources interconnected to the utility system and operated by customers primarily for meeting their own energy needs.

(b) If approved, the alternative tariff shall apply to customers' interconnections occurring after the date of approval. The alternative tariff is in lieu of the applicable rate under subdivisions 3 and 3a.

(c) The commission shall after notice and opportunity for public comment approve the alternative tariff provided the utility has demonstrated the alternative tariff:

(1) appropriately applies the methodology established by the department and approved by the commission under this subdivision;

(2) includes a mechanism to allow recovery of the cost to serve customers receiving the alternative tariff rate;

(3) charges the customer for all electricity consumed by the customer at the applicable rate schedule for sales to that class of customer;

(4) credits the customer for all electricity generated by the solar photovoltaic device at the distributed solar value rate established under this subdivision;

(5) applies the charges and credits in clauses (3) and (4) to a monthly bill that includes a provision so that the unused portion of the credit in any month or billing period shall be carried forward and credited against all charges. In the event that the customer has a positive balance after the 12-month cycle ending on the last day in February, that balance will be eliminated and the credit cycle will restart the following billing period beginning on March 1;

(6) complies with the size limits specified in subdivision 3a;

(7) complies with the interconnection requirements under section 216B.1611; and

(8) complies with the standby charge requirements in subdivision 3a, paragraph (b), as applicable.

(d) A utility must provide to the customer the meter and any other equipment needed to provide service under the alternative tariff.

(e) The department must establish the distributed solar value methodology in paragraph (c), clause (1), no later than January 31, 2014. The department must submit the methodology to the commission for approval. The commission must approve, modify with the consent of the department, or disapprove the methodology within 60 days of its submission. When developing the distributed solar value methodology, the department shall consult stakeholders with experience and expertise in power systems, solar energy, and electric utility ratemaking regarding the proposed methodology, underlying assumptions, and preliminary data.

(f) The distributed solar value methodology established by the department must, at a minimum, account for the value of energy and its delivery, generation capacity, transmission capacity, transmission and distribution line losses, and environmental value. The department may, based on known and measurable evidence of the cost or benefit of solar operation to the utility, incorporate other values into the methodology, including credit for locally manufactured or assembled energy systems, systems installed at high-value locations on the distribution grid, or other factors.

(g) The credit for distributed solar value applied to alternative tariffs approved under this section shall represent the present value of the future revenue streams of the value components identified in paragraph (f).

(h) The utility shall recalculate the alternative tariff on an annual cycle, and shall file the recalculated alternative tariff with the commission for approval.

(i) Renewable energy credits for solar energy credited under this subdivision belong to:

(1) the electric utility providing the credit, for solar energy generated by residential customers or a community solar garden operating under section 216B.1641; and

(2) the customer, for solar energy generated by a commercial or industrial customer.

(j) The commission may not authorize a utility to charge an alternative tariff rate that is lower than the utility's applicable retail rate until three years after the commission approves an alternative tariff for the utility.

(k) A utility must enter into a contract with an owner of a solar photovoltaic device receiving an alternative tariff rate under this section that has a term of at least 20 years, unless a shorter term is agreed to by the parties, except if the owner is a commercial or industrial facility, the contract must have a term of 20 years unless a different term is agreed to by the parties.

(l) An owner of a solar photovoltaic device receiving an alternative tariff rate under this section must be paid the same rate per kilowatt-hour generated each year for the term of the contract.

Sec. 3. Minnesota Statutes 2018, section 216B.1641, is amended to read:

216B.1641 COMMUNITY SOLAR GARDEN.

Subdivision 1. Definitions. (a) For the purposes of this section, the following terms have the meanings given.

(b) "Subscribed energy" means electricity generated by the community solar garden that is attributable to a subscriber's subscription.

(c) "Subscriber" means a retail customer of a utility who owns one or more subscriptions of a community solar garden interconnected with that utility.

(d) "Subscription" means a contract between a subscriber and the owner of a solar garden.

Subd. 2. Solar garden; project requirements. (a) The public utility subject to section 116C.779 shall file by September 30, 2013, a plan with the commission to operate a community solar garden program which shall begin operations within 90 days after commission approval of the plan. Other public utilities may file an application at their election. The community solar garden program must be designed to offset the energy use of not less than five subscribers in each community solar garden facility of which no single subscriber has more than a 40 percent interest. The owner of the community solar garden may be a public utility or any other entity or organization that contracts to sell the output from the community solar garden to the utility under section 216B.164. There shall be no cumulative limitation on the number or ~~cumulative~~ generating capacity of community solar garden facilities other than the limitations imposed under section 216B.164, subdivision 4c, or other limitations provided in law or regulations.

(b) By September 30, 2020, the public utility must file a plan for commission approval to limit the nameplate capacity of new executed interconnection agreements for community solar garden facilities to 225 megawatts per year, beginning in calendar year 2021. This limit does not apply to community solar gardens designated a community access project under subdivision 4.

~~(b)~~ (c) A solar garden is a facility that generates electricity by means of a ground-mounted or roof-mounted solar photovoltaic device whereby subscribers receive a bill credit for the electricity generated in proportion to the size of their subscription. The solar garden must have a nameplate capacity of no more than ~~one megawatt~~ three megawatts. Each subscription shall be sized to represent at least 200 watts of the community solar garden's generating capacity and to supply, when combined with other distributed generation resources serving the premises, no more than 120 percent of the average annual consumption of electricity by each subscriber at the premises to which the subscription is attributed.

~~(c)~~ (d) The solar generation facility must be located in the service territory of the public utility filing the plan. Subscribers must be retail customers of the public utility and, unless the facility has a minimum setback of 100 feet from the nearest residential property and the owner of the facility reserves at least ten percent of its capacity for use by residential subscribers, must be located in the same county or a county contiguous to where the facility is located.

~~(d)~~ (e) The public utility must purchase from the community solar garden all energy generated by the solar garden. Except as provided under subdivision 5, the purchase shall be at the most recent three-year average of the rate calculated annually under section 216B.164, subdivision 10, or, until that rate for the public utility has been approved by the commission, the applicable retail rate. A solar garden is eligible for any incentive programs offered under ~~either~~ section 116C.7792 ~~or section 216C.415~~. A subscriber's portion of the purchase shall be provided by a credit on the subscriber's bill.

Subd. 3. Solar garden plan; requirements; nonutility status. ~~(e)~~ (a) The commission may approve, disapprove, or modify a community solar garden ~~program plan~~. Any plan approved by the commission must:

- (1) reasonably allow for the creation, financing, and accessibility of community solar gardens;
- (2) establish uniform standards, fees, and processes for the interconnection of community solar garden facilities that allow the utility to recover reasonable interconnection costs for each community solar garden;
- (3) not apply different requirements to utility and nonutility community solar garden facilities;

(4) be consistent with the public interest;

(5) identify the information that must be provided to potential subscribers to ensure fair disclosure of future costs and benefits of subscriptions;

(6) include a program implementation schedule;

(7) identify all proposed rules, fees, and charges; ~~and~~

(8) identify the means by which the program will be promoted;

(9) require that residential subscribers have a right to cancel a community solar garden subscription within three business days, as provided under section 325G.07;

(10) require that the following information is provided by the solar garden owner in writing to any prospective subscriber asked to make a prepayment to the solar garden owner prior to the delivery of subscribed energy by the solar garden:

(i) an estimate of the annual generation of subscribed energy, based on the methodology approved by the commission; and

(ii) an estimate of the length of time required to fully recover a subscriber's prepayments made to the owner of the solar garden prior to the delivery of subscribed energy, calculated using the formula developed by the commission under paragraph (d); and

(11) require new residential subscription agreements that require a prepayment to allow the subscriber to transfer the subscription to other new or current subscribers, or to cancel the subscription, on commercially reasonable terms.

~~(f)~~ (b) Notwithstanding any other law, neither the manager of nor the subscribers to a community solar garden facility shall be considered a utility solely as a result of their participation in the community solar garden facility.

~~(g)~~ (c) Within 180 days of commission approval of a plan under this section, a utility shall begin crediting subscriber accounts for each community solar garden facility in its service territory, and shall file with the commissioner of commerce a description of its crediting system.

~~(h) For the purposes of this section, the following terms have the meanings given:~~

~~(1) "subscriber" means a retail customer of a utility who owns one or more subscriptions of a community solar garden facility interconnected with that utility; and~~

~~(2) "subscription" means a contract between a subscriber and the owner of a solar garden.~~

(d) By November 30, 2020, the commission must approve a formula that solar garden owners must use to estimate the length of time required to fully recover a subscriber's prepayments made to the solar garden owner prior to the delivery of subscribed energy.

Subd. 4. Community access project; eligibility. An owner of a community solar garden may, at any time before making an initial payment under an interconnection agreement entered into with the public utility, apply to the utility to be designated as a community access project. The utility shall designate a solar garden as a community access project if the solar garden commits to meeting the following conditions:

(1) at least 50 percent of the solar garden's generating capacity is subscribed by residential customers;

(2) the contract between an owner of the solar garden and the public utility that purchases the garden's electricity, and any agreement between the utility or owner of the solar garden and subscribers, states that the owner of the solar garden does not discriminate against or screen subscribers based on income or credit score and that any customer of a utility whose community solar garden plan has been approved by the commission under subdivision 3 is eligible to become a subscriber;

(3) the solar garden is operated by an entity that maintains a physical address in Minnesota and has designated a contact person in Minnesota who responds to subscriber inquiries; and

(4) the agreement between the owner of the solar garden and subscribers states that the owner will adequately publicize and convene at least one meeting annually to provide an opportunity for subscribers to address questions to the manager or owner.

Subd. 5. Community access project; financial arrangements. (a) If a solar garden is approved by the utility as a community access project:

(1) the public utility purchasing the electricity generated by the community access project may charge the owner of the community access project no more than one cent per watt alternating current based on the solar garden's generating capacity for any refundable deposit the utility requires of a solar garden during the application process;

(2) notwithstanding subdivision 2, paragraph (d), the public utility must purchase all energy generated by the community access project at the retail rate; and

(3) all renewable energy credits generated by the community access project belong to subscribers unless the operator contracts to:

(i) sell the credits to a third party; or

(ii) sell or transfer the credits to the utility; and

(iii) discloses a sale or transfer to subscribers at the time the subscribers enter into a subscription.

(b) If at any time after commercial operation begins a solar garden approved by the utility as a community access project fails to meet the conditions under subdivision 4, the solar garden shall no longer be subject to the provisions of this subdivision and subdivision 6 and shall operate under the program rules established by the commission for a solar garden that does not qualify as a community access project.

(c) An owner of a solar garden whose designation as a community access project is revoked under this subdivision may reapply to the commission at any time to have its designation as a community access project reinstated under the provisions of subdivision 4.

(d) An owner of a community access project may require the public utility to offer subscribers the option of paying any lump sum payment required of subscribers via an on-bill repayment program under section 216B.241, subdivision 5d.

Subd. 6. Community access project; reporting. The owner of a community access project must include the following information in an annual report to the subscribers of the community access project and the utility:

(1) a description of the process by which subscribers can provide input to solar garden policy and decision-making;

(2) the amount of revenues received by the solar garden in the previous year that were allocated to categories that include but are not limited to operating costs, debt service, profits distributed to subscribers, and profits distributed to others; and

(3) an analysis of the proportion of subscribers that are low and moderate income and a description of one or more of the following methods used to calculate that proportion:

(i) income verification by subscribers;

(ii) subscriber evidence that the subscriber or a member of the subscriber's household receives assistance from any of the following sources:

(A) the Low-Income Home Energy Assistance Program;

(B) Section 8 housing assistance;

(C) medical assistance;

(D) the Supplemental Nutrition Assistance Program; or

(E) the National School Lunch Program;

(iii) characterization of the census tract in which the subscriber resides as low or moderate income by the Federal Financial Institutions Examination Council; or

(iv) other methods approved by the commission.

Subd. 7. **Commission order.** Within 180 days of the effective date of this act, the commission shall issue an order addressing the provisions of this act.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 4. Minnesota Statutes 2018, section 216B.2422, subdivision 3, is amended to read:

Subd. 3. **Environmental costs.** ~~(a)~~ The commission shall, to the extent practicable, quantify and establish a range of environmental costs associated with each method of electricity generation. A utility shall use the values established by the commission in conjunction with other external factors, including socioeconomic costs, when evaluating and selecting resource options in all proceedings before the commission, including power purchase agreement, resource plan, and certificate of need proceedings. When evaluating resource options, the commission must include and consider the environmental cost values adopted under this subdivision.

~~(b) The commission shall establish interim environmental cost values associated with each method of electricity generation by March 1, 1994. These values expire on the date the commission establishes environmental cost values under paragraph (a).~~

Sec. 5. **APPROPRIATION.**

(a) Notwithstanding Minnesota Statutes, section 116C.779, subdivision 1, paragraph (j), \$117,000 in fiscal year 2021 is appropriated from the renewable development account established in Minnesota Statutes, section 116C.779, subdivision 1, to the commissioner of commerce for the purpose of conducting the activities required under sections 1 to 4.

(b) Notwithstanding Minnesota Statutes, section 116C.779, subdivision 1, paragraph (j), \$109,000 in fiscal year 2021 is appropriated from the renewable development account established in Minnesota Statutes, section 116C.779, subdivision 1, to the Public Utilities Commission for the purpose of conducting the activities required under sections 1 to 4.

EFFECTIVE DATE. This section is effective the day following final enactment."

H. F. No. 3547, A bill for an act relating to transportation; amending determination of the motor vehicle registration tax; amending Minnesota Statutes 2019 Supplement, section 168.013, subdivision 1a.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2019 Supplement, section 168.013, subdivision 1a, is amended to read:

Subd. 1a. **Passenger automobile; hearse.** (a) On passenger automobiles as defined in section 168.002, subdivision 24, and hearses, except as otherwise provided, the registration tax is calculated as:

(1) \$10; plus ~~an additional tax equal to~~

(2) 1.25 percent of the base value manufacturer's suggested retail price of the vehicle, subject to the adjustments in paragraphs (f) and (g).

~~(b) Subject to the classification provisions herein, "Base value" means the manufacturer's suggested retail price of the vehicle including destination charge using list price information published by the manufacturer or determined by the registrar if no suggested retail price exists, and shall include the cost of each accessory or item of optional equipment separately added to the vehicle and the manufacturer's suggested retail price, and does not include a destination charge, except for a vehicle previously registered in Minnesota prior to the effective date of this section.~~

~~(c) In the case of the first registration of a new vehicle sold or leased by a licensed dealer, the dealer may elect to individually determine the base value of registration tax on the vehicle using manufacturer's suggested retail price information provided by the manufacturer. The registrar must use the base value determined by the dealer to properly classify the vehicle. A dealer that elects to make the determination must retain a copy of the suggested retail price label or other supporting documentation with the vehicle transaction records maintained under Minnesota Rules, part 7400.5200.~~

~~(e) If the manufacturer's list price information contains a single vehicle identification number followed by various descriptions and suggested retail prices, the registrar shall select from those listings only the lowest price for determining base value.~~

~~(d) If unable to determine the base value because the vehicle is specially constructed, or for any other reason, the registrar may establish such value upon the cost price to the purchaser or owner as evidenced by a certificate of cost but not including Minnesota sales or use tax or any local sales or other local tax.~~

~~(e) The registrar shall classify every vehicle in its proper base value class as follows:~~

FROM	TO
\$0	\$199.99
\$200	\$399.99

~~and thereafter a series of classes successively set in brackets having a spread of \$200 consisting of such number of classes as will permit classification of all vehicles.~~

~~(f) The base value for purposes of this section shall be the middle point between the extremes of its class.~~

~~(g) (d) The registrar shall must establish the base value, when new, of every passenger automobile and hearse registered prior to the effective date of Extra Session Laws 1971, chapter 31, registration tax using: (1) the amount determined by a licensed dealer under paragraph (c), if determined; (2) list price information published by the manufacturer or any nationally recognized firm or association compiling such data for the automotive industry; or (3) the retail price label as provided by the manufacturer under United States Code, title 15, section 1232. If unable to ascertain the base value of any registered vehicle in the foregoing manner, the registrar may use any other available source or method.~~

~~(e) The registrar shall must calculate the registration tax using base value information available to dealers and deputy registrars at the time the initial application for registration is submitted. The tax on all previously registered vehicles shall be computed upon the base value thus determined taking into account the depreciation provisions of paragraph (h). Except for data integrity purposes, the commissioner must not adjust the manufacturer's suggested retail price or destination charge for the vehicle in a subsequent registration period.~~

~~(h) (f) The annual additional tax calculation under paragraph (a), clause (2), must be computed upon adjusted based on a percentage of the base value identified amount, as follows: during the first year of vehicle life, upon 100 percent of the base value amount; for the second year, 90 percent of such value the amount; for the third year, 80 percent of such value the amount; for the fourth year, 70 percent of such value the amount; for the fifth year, 60 percent of such value the amount; for the sixth year, 50 percent of such value the amount; for the seventh year, 40 percent of such value the amount; for the eighth year, 30 percent of such value the amount; for the ninth year, 20 percent of such value the amount; and for the tenth year, ten percent of such value; the amount.~~

~~(g) For the 11th and each succeeding year, the sum of calculation under paragraph (a), clause (2), must be adjusted to \$25.~~

~~(i) In no event shall the annual additional tax be less than \$25.~~

~~(j) (h) For any vehicle previously registered in Minnesota and regardless of prior ownership, the total amount due under this subdivision and subdivision 1m must not exceed the smallest total amount previously paid or due on the vehicle.~~

~~(i) Nothing in this subdivision prevents collection of a tax or fee that for data integrity purposes the commissioner determines is due for a current or prior registration period.~~

EFFECTIVE DATE. This section is effective January 1, 2021, or upon completion of the necessary programming changes to the replacement motor vehicle title and registration information system, whichever is earlier, and applies to taxes payable for a registration period starting on or after that date. The commissioner of public safety must notify the revisor of statutes of the implementation date."
