An affidavit of affixation by the owner of the manufactured home must include the following information:

Subd. 3. **Perfected security interest prevents surrender.** The department may not cancel a certificate of title if, under this chapter, a security interest has been perfected on the manufactured home. If a security interest has been perfected, the department must notify the owner that each secured party must release or satisfy the security interest prior to proceeding with surrender of the manufacturer's certificate of origin or certificate of title to the department for cancellation. Permanent attachment to real property or the recording of an affidavit of affixation does not extinguish an otherwise valid security interest in or tax lien on the manufactured home, unless the requirements of subdivisions 1 to 3, including the release of any security interest, have been satisfied.

Subd. 4. **Notice of security interest.** When a perfected security interest exists, or will exist, on the manufactured home at the time the manufactured home is affixed to real property, and the owner has not satisfied the requirements of subdivision 1, the owner of the manufactured home, or its secured party, may record a notice with the county recorder, or with the registrar of titles, if the land is registered, stating that the manufactured home located on the property is encumbered by a perfected security interest and is not an improvement to real property. The notice must state the name and address of the secured party as set forth on the certificate of title, the legal description of the real property, and the name and address of the record fee owner of the real property on which the manufactured home is affixed. When the security interest is released or satisfied, the secured party must attach a copy of the release or satisfaction to a notice executed by the secured party containing the county recorder or registrar of titles document number of the notice of security interest. The notice of release or satisfaction must be recorded with the county recorder, or registrar of titles, if the land is registered. Neither the notice described in this subdivision nor the security interest on the certificate of title is deemed to be an encumbrance on the real property. The notices provided for in this subdivision need not be acknowledged.

Subd. 5. **Scaled drawing.** (a) If the portion of the land occupied by the homeowner has not been subdivided, the nonprofit or cooperative owner shall have prepared and recorded against the land a scaled drawing prepared by a licensed professional land surveyor, who shall certify that:

- (1) the scaled drawing accurately depicts all information required by this subdivision; and
- (2) the work was undertaken by, or reviewed and approved by, the certifying land surveyor.

(b) The scaled drawing shall show:

- (1) the dimensions and location of all existing material structural improvements and roadways;
- (2) the extent of any encroachments by or upon any portion of the land;
- (3) the location and dimensions of all recorded easements within the land burdening any portion of the land;
- (4) the distance and direction between noncontiguous parcels of real estate;
- (5) the location and dimensions of the front, rear, and side boundaries of each lot that a member of the cooperative or nonprofit corporation has a right to occupy and that lot's unique lot number; and
- (6) the legal description of the land.

Sec. 2. Minnesota Statutes 2018, section 273.125, subdivision 8, is amended to read:

Subd. 8. **Manufactured homes; sectional structures.** (a) In this section, "manufactured home" means a structure transportable in one or more sections, which is built on a permanent chassis, and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities, and contains the plumbing, heating, air conditioning, and electrical systems in it. Manufactured home includes any accessory structure that is an addition or supplement to the manufactured home and, when installed, becomes a part of the manufactured home.

(b) Except as provided in paragraph (c), a manufactured home that meets each of the following criteria must be valued and assessed as an improvement to real property, the appropriate real property classification applies, and the valuation is subject to review and the taxes payable in the manner provided for real property:

(1) ~~the owner of the unit holds~~ title to the land on which it is situated is held by: (i) the owner of the unit; or (ii) a Minnesota nonprofit corporation or a Minnesota cooperative to which the owner is a member;

(2) the unit is affixed to the land by a permanent foundation or is installed at its location in accordance with the Manufactured Home Building Code in sections 327.31 to 327.34, and rules adopted under those sections, or is affixed to the land like other real property in the taxing district; and

(3) the unit is connected to public utilities, has a well and septic tank system, or is serviced by water and sewer facilities comparable to other real property in the taxing district.
