(1) an outbreak of a communicable disease has occurred in the state or is likely to occur in the state;

(2) one or more of the criteria in section 144.4199, subdivision 3, clause (3), is met; and

(c) Notwithstanding paragraphs (a) and (b), the commissioner may make grants and loans from the account to eligible providers to plan for, prepare for, or respond to a communicable disease outbreak that meets one or more of the criteria in section 144.4199, subdivision 3, clause (3), if the commissioner is making expenditures for the same communicable disease outbreak from the public health response contingency account under section 144.4199.

Subd. 4. **Grants and loans.** The commissioner may make grants and no-interest loans to eligible providers that demonstrate a need on an urgent or emergency basis to plan for, prepare for, or respond to a communicable disease outbreak that has occurred or is likely to occur in the state for a communicable disease that meets one or more of the criteria in section 144.4199, subdivision 3, clause (3). The commissioner shall determine the number of grants issued, number of loans issued, and grant and loan amounts. (1) the purchase of permanent equipment to treat affected patients; and

(2) capital improvements or structural modifications related to testing, isolation, quarantine, or treatment of patients.

Subd. 8. **Loan repayments.** (a) The commissioner shall establish a process for loan repayments. A loan recipient must begin repaying the loan no later than one year after the date of the loan, except that the commissioner may delay the start of the loan repayment period if needed because of undue financial hardship of the loan recipient or continuation of the outbreak.
