Subd. 7. **School employees; between terms denial.** (a) Wage credits from employment with an educational institution or institutions may not be used for unemployment benefit purposes for any week during the period between two successive academic years or terms if:

(1) the applicant had employment for an educational institution or institutions in the prior academic year or term; and

This paragraph applies to a vacation period or holiday recess if the applicant was employed immediately before the vacation period or holiday recess, and there is a reasonable assurance that the applicant will be employed immediately following the vacation period or holiday recess. This paragraph also applies to the period between two regular but not successive terms if there is an agreement for that schedule between the applicant and the educational institution.

This paragraph does not apply if the subsequent employment is substantially less favorable than the employment of the prior academic year or term, or the employment prior to the vacation period or holiday recess.

(b) Paragraph (a) does not apply to:

(1) an applicant who, at the end of the prior academic year or term, had an agreement for a definite period of employment between academic years or terms in other than an instructional, research, or principal administrative capacity and the educational institution or institutions failed to provide that employment; or

(2) an applicant in a position for which no license is required by the Professional Educator Licensing and Standards Board or the Board of School Administrators.

(c) If unemployment benefits are denied to any applicant under paragraph (a) who was employed in the prior academic year or term in other than an instructional, research, or principal administrative capacity and who was not offered an opportunity to perform the employment in the following academic year or term, the applicant is entitled to retroactive unemployment benefits for each week during the period between academic years or terms that the applicant filed a timely continued request for unemployment benefits, but unemployment benefits were denied solely because of paragraph (a).

(d) This subdivision applies to employment with an educational service agency if the applicant performed the services at an educational institution or institutions. Sec. 5. Minnesota Statutes 2020, section 268.101, subdivision 2, is amended to read:

Subd. 2. **Determination.** (a) The commissioner must determine any issue of ineligibility raised by information required from an applicant under subdivision 1, paragraph (a) or (c), and send to the applicant and any involved employer, by mail or electronic transmission, a document titled a determination of eligibility or a determination of ineligibility, as is appropriate. The determination on an issue of ineligibility as a result of a quit or a discharge of the applicant must state the effect on the employer under section 268.047. A determination must be made in accordance with this paragraph even if a notified employer has not raised the issue of ineligibility.

(b) The commissioner must determine any issue of ineligibility raised by an employer and send to the applicant and that employer, by mail or electronic transmission, a document titled a determination of eligibility or a determination of ineligibility as is appropriate. The determination on an issue of ineligibility as a result of a quit or discharge of the applicant must state the effect on the employer under section 268.047.

If a base period employer:

(1) was not the applicant's most recent employer before the application for unemployment benefits;

(2) did not employ the applicant during the six calendar months before the application for unemployment benefits; and

(3) did not raise an issue of ineligibility as a result of a quit or discharge of the applicant within ten calendar days of notification under subdivision 1, paragraph (b);

then any exception under section 268.047, subdivisions 2 and 3, begins the Sunday two weeks following the week that the issue of ineligibility as a result of a quit or discharge of the applicant was raised by the employer.

A communication from an employer must specifically set out why the applicant should be determined ineligible for unemployment benefits for that communication to be considered to have raised an issue of ineligibility for purposes of this section. A statement of "protest" or a similar term without more information does not constitute raising an issue of ineligibility for purposes of this section.

(c) Subject to section 268.031, an issue of ineligibility is determined based upon that information required of an applicant, any information that may be obtained from an applicant or employer, and information from any other source.

(d) Regardless of the requirements of this subdivision, the commissioner is not required to send to an applicant a copy of the determination where the applicant has satisfied a period of ineligibility because of a quit or a discharge under section 268.095, subdivision 10.

(e) The department is authorized to issue a determination on an issue of ineligibility within 24 months from the establishment of a benefit account based upon information from any source, even if the issue of ineligibility was not raised by the applicant or an employer.

If an applicant obtained unemployment benefits through misrepresentation under section 268.18, subdivision 2, the department is authorized to issue a determination of ineligibility within 48 months of the establishment of the benefit account.

If the department has filed an intervention in a worker's compensation matter under section 176.361, the department is authorized to issue a determination of ineligibility within 48 months of the establishment of the benefit account.

(f) A determination of eligibility or determination of ineligibility is final unless an appeal is filed by the applicant or employer within ~~20~~ 60 calendar days after sending. The determination must contain a prominent statement indicating the consequences of not appealing. Proceedings on the appeal are conducted in accordance with section 268.105.

(g) An issue of ineligibility required to be determined under this section includes any question regarding the denial or allowing of unemployment benefits under this chapter except for issues under section 268.07. An issue of ineligibility for purposes of this section includes any question of effect on an employer under section 268.047.

The county or tribe may share this responsibility with its contracted vendors.

(k) The commissioner shall set aside a portion of the federal funds earned for county expenditures under this section to repay the special revenue maximization account under section 256.01, subdivision 2, paragraph (o). The repayment is limited to:

- (1) the costs of developing and implementing this section; and

(m) Case management services under this subdivision do not include therapy, treatment, legal, or outreach services.

- (2) the limits and conditions which apply to federal Medicaid funding for this service.

(o) Payment for case management services under this subdivision shall not duplicate payments made under other program authorities for the same purpose.
