(d) If the county uses envelopes for mailing property tax statements and if the county agrees, a taxing district may include a notice with the property tax statement notifying taxpayers when the taxing district will begin its budget deliberations for the current year, and encouraging taxpayers to attend the hearings. If the county allows

notices to be included in the envelope containing the property tax statement, and if more than one taxing district relative to a given property decides to include a notice with the tax statement, the county treasurer or auditor must coordinate the process and may combine the information on a single announcement.

Sec. 2. Minnesota Statutes 2020, section 35.155, subdivision 1, is amended to read:

Subdivision 1. **Running at large prohibited.** (a) An owner may not allow farmed Cervidae to run at large. The owner must make all reasonable efforts to return escaped farmed Cervidae to their enclosures as soon as possible. The owner must immediately notify the commissioner of natural resources of the escape of farmed Cervidae if the farmed Cervidae are not returned or captured by the owner within 24 hours of their escape.

(b) An owner is liable for expenses of another person in capturing, caring for, and returning farmed Cervidae that have left their enclosures if the person capturing the farmed Cervidae contacts the owner as soon as possible.

(c) If an owner is unwilling or unable to capture escaped farmed Cervidae, the commissioner of natural resources may destroy the escaped farmed Cervidae. The commissioner of natural resources must allow the owner to attempt to capture the escaped farmed Cervidae prior to destroying the farmed Cervidae. Farmed Cervidae that are not captured by 24 hours after escape may be destroyed.

(d) A hunter licensed by the commissioner of natural resources under chapter 97A may kill and possess escaped farmed Cervidae in a lawful manner and is not liable to the owner for the loss of the animal.

(e) Escaped farmed Cervidae killed by a hunter or destroyed by the commissioner of natural resources must be tested for chronic wasting disease at the owner's expense.

(f) The owner is responsible for proper disposal, as determined by the board, of farmed Cervidae that are killed or destroyed under this subdivision and test positive for chronic wasting disease.

Sec. 3. Minnesota Statutes 2020, section 35.155, subdivision 4, is amended to read:

Subd. 4. **Fencing.** Farmed Cervidae must be confined in a manner designed to prevent escape. Except as provided in subdivision 4a, all perimeter fences for farmed Cervidae must be at least 96 inches in height and be constructed and maintained in a way that prevents the escape of farmed Cervidae ~~or~~ entry into the premises by free-roaming Cervidae, and physical contact between farmed Cervidae and free-roaming Cervidae. ~~After July 1, 2019,~~ All new fencing installed and all fencing used to repair deficiencies must be high tensile. ~~By December 1, 2019,~~ All entry areas for farmed Cervidae enclosure areas must have two redundant gates, which must be maintained to prevent the escape of animals through an open gate. If a fence deficiency allows entry or exit by farmed or wild Cervidae, the owner must repair the deficiency within ~~a reasonable time, as determined by the Board of Animal Health, not to exceed 45~~ 14 days. If a fence deficiency is detected during an inspection, the facility must be reinspected at least once in the subsequent three months. The farmed Cervidae owner must pay a reinspection fee equal to one-half the applicable annual inspection fee under subdivision 7a for each reinspection related to a fence violation. If the facility experiences more than one escape incident in any six-month period or fails to correct a deficiency found during an inspection, the board may revoke the facility's registration and order the owner to remove or destroy the animals as directed by the board. If the board revokes a facility's registration, the commissioner of natural resources may seize and destroy animals at the facility.

EFFECTIVE DATE. This section is effective September 1, 2023.

Sec. 4. Minnesota Statutes 2020, section 35.155, is amended by adding a subdivision to read:

Subd. 4a. **Fencing; commercial herds.** In addition to the requirements in subdivision 4, commercially farmed white-tailed deer must be confined by two or more perimeter fences, with each perimeter fence at least 120 inches in height.

Sec. 5. Minnesota Statutes 2020, section 35.155, subdivision 6, is amended to read:

Subd. 6. **Identification.** (a) Farmed Cervidae must be identified by means approved by the Board of Animal Health. The identification must include a distinct number that has not been used during the previous three years and must be visible to the naked eye during daylight under normal conditions at a distance of 50 yards. Within 14 days of birth, white-tailed deer must be identified ~~before October 31 of the year in which the animal is born, at the time of weaning, or before movement from the premises, whichever occurs first~~ with an ear tag that adheres to the National Uniform Ear-Tagging System (NUES) or the Animal Identification Number (AIN) system. Elk and other cervids must be identified by December 31 of the year in which the animal is born or before movement from the premises, whichever occurs first. As coordinated by the board, the commissioner of natural resources may destroy any animal that is not identified as required under this subdivision.

(b) The Board of Animal Health shall register farmed Cervidae. The owner must submit the registration request on forms provided by the board. The forms must include sales receipts or other documentation of the origin of the Cervidae. The board must provide copies of the registration information to the commissioner of natural resources upon request. The owner must keep written records of the acquisition and disposition of registered farmed Cervidae.

Subd. 10. **Mandatory registration.** (a) A person may not possess live Cervidae in Minnesota unless the person is registered with the Board of Animal Health and meets all the requirements for farmed Cervidae under this section. Cervidae possessed in violation of this subdivision may be seized and destroyed by the commissioner of natural resources.

(b) A person whose registration is revoked by the board is ineligible for future registration under this section unless the board determines that the person has undertaken measures that make future escapes extremely unlikely.

(c) The board must not allow new registrations under this section for possessing white-tailed deer. This paragraph does not prohibit a person holding a valid registration under this subdivision from selling or transferring the person's registration to a family member who resides in this state and is related to the person within the third degree of kindred according to the rules of civil law. A valid registration may be sold or transferred only once under this paragraph. Before the board approves a sale or transfer under this paragraph, the board must verify that the herd is free from chronic wasting disease and the person or eligible family member must pay a onetime transfer fee of \$500 to the board.

"Section 1. **[256.9755] CAREGIVER SUPPORT PROGRAMS.**

Subdivision 1. **Program goals.** It is a goal of all area agencies on aging and caregiver support programs to support family caregivers of persons with amyotrophic lateral sclerosis (ALS) who are living in the community by:

(1) promoting caregiver support programs that serve Minnesotans in their homes and communities;

(2) providing, within the limits of available funds, the caregiver support services that enable the family caregiver to access caregiver support programs in the most cost-effective and efficient manner; and

(3) providing information, education, and training to respite caregivers and volunteers about caring for, managing, and coping with care for a person with ALS.

Subd. 2. **Authority.** The Minnesota Board on Aging shall allocate to area agencies on aging the state funds which are received under this section for the caregiver support program in a manner consistent with federal requirements. The board shall give priority to those areas where there is a high need of respite services as evidenced by the data provided by the board.

Subd. 3. **Caregiver support services.** Funds allocated under this section to an area agency on aging for caregiver support services must be used in a manner consistent with the National Family Caregiver Support Program to reach family caregivers of persons with ALS, except that such funds may be used to provide services benefiting people under the age of 60 and their caregivers. The funds must be used to provide social, nonmedical, community-based services and activities that provide respite for caregivers and social interaction for participants.

Subd. 4. **Report.** By January 15, 2025, and every other January 15 thereafter, the Minnesota Board on Aging shall submit a progress report about the caregiver support grants in this section to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over human services. The progress report must include metrics of the use of the grant program.

Sec. 2. APPROPRIATION; ALS RESEARCH.

(a) \$20,000,000 in fiscal year 2023 is appropriated from the general fund to the commissioner of the Office of Higher Education to award competitive grants to applicants for research into amyotrophic lateral sclerosis (ALS). The commissioner may work with the Minnesota Department of Health to administer the grant program, including identifying clinical and translational research and innovations, developing outcomes and objectives with the goal of bettering the lives of individuals with ALS and finding a cure for the disease, and application review and grant recipient selection. Not more than \$400,000 may be used by the commissioner to administer the grant program.

(b) Grants shall be awarded to support clinical and translational research related to ALS. Research topics may include but are not limited to environmental factors, disease mechanisms, disease models, biomarkers, drug development, clinical studies, precision medicine, medical devices, assistive technology, and cognitive studies.

(c) Eligible applicants for the grants are research facilities, universities, and health systems located in Minnesota. Applicants must submit proposals to the commissioner in the time, form, and manner established by the commissioner. Applicants may coordinate research endeavors and submit a joint application. When reviewing the proposals, the commissioner shall make an effort to avoid approving a grant for an applicant whose research is duplicative of an existing grantee's research.

(d) Beginning January 15, 2023, and annually thereafter until January 15, 2027, the commissioner shall submit a report to the legislature specifying the applicants receiving grants under this section, the amount of each grant, the purposes for which the grant funds were used, and the amount of the appropriation that is unexpended. The report must also include relevant findings, results, and outcomes of the grant program, and any other information which the commissioner deems significant or useful.

(e) This is a onetime appropriation. Notwithstanding Minnesota Statutes, section 16A.28, unencumbered balances under this section do not cancel until June 30, 2026.

Sec. 3. APPROPRIATION; CAREGIVER SUPPORT PROGRAMS.

\$5,000,000 in fiscal year 2023 is appropriated from the general fund to the commissioner of human services for the Minnesota Board on Aging for the purposes of caregiver support programs under Minnesota Statutes, section 256.9755. Programs receiving funding under this section must include an ALS-specific respite service in their caregiver support program. This is a onetime appropriation and is available until June 30, 2026."
