Subd. 2. **Program requirements.** A commercial PACE loan program must:

- (1) impose requirements and conditions on financing arrangements to ensure timely repayment;
- (2) require an energy audit ~~or~~ renewable energy system feasibility study, or agronomic assessment to be conducted on the qualifying commercial real property and reviewed by the implementing entity prior to approval of the financing;
- (3) require the inspection of all installations and a performance verification of at least ten percent of the cost-effective energy improvements or land and water improvements financed by the program;
- (4) not prohibit the financing of all cost-effective energy improvements or land and water improvements not otherwise prohibited by this section;
- (5) require that all cost-effective energy improvements or land and water improvements be made to a qualifying commercial real property prior to, or in conjunction with, an applicant's repayment of financing for cost-effective energy improvements or land and water improvements for that property;
- (6) have cost-effective energy improvements or land and water improvements financed by the program performed by a licensed contractor as required by chapter 326B or other law or ordinance;
- (7) require disclosures to borrowers by the implementing entity of the risks involved in borrowing, including the risk of foreclosure if a tax delinquency results from a default;
- (8) provide financing only to those who demonstrate an ability to repay;
- (9) not provide financing for a qualifying commercial real property in which the owner is not current on mortgage or real property tax payments;
- (10) require a petition to the implementing entity by all owners of the qualifying commercial real property requesting collections of repayments as a special assessment under section 429.101;
- (11) provide that payments and assessments are not accelerated due to a default and that a tax delinquency exists only for assessments not paid when due; ~~and~~
- (12) require that liability for special assessments related to the financing runs with the qualifying commercial real property; and

(13) prior to financing any improvements to or imposing any assessment upon qualifying commercial real property, require notice to and written consent from the mortgage lender of any mortgage encumbering or otherwise secured by the qualifying commercial real property."

"Section 1. **[103C.701] SOIL-HEALTH GOALS.**

The state of Minnesota's soil-health goals are that:

- (1) at least 5,750,000 acres employ cover crops, perennial crops, no-till, or managed rotational grazing by 2030;
- (2) at least 11,500,000 acres employ cover crops, perennial crops, no-till, or managed rotational grazing by 2035; and
- (3) at least 23,000,000 acres employ cover crops, perennial crops, no-till, or managed rotational grazing by 2040.

Sec. 2. **[103F.49] SOIL HEALTH COST-SHARE PROGRAM.**

Subdivision 1. **Definitions.** (a) For purposes of this section, the terms in this subdivision have the meanings given.

(b) "Board" means the Board of Water and Soil Resources.

(c) "Local units of government" has the meaning given under section 103B.305, subdivision 5.

(d) "Soil health" has the meaning given under section 103C.101, subdivision 10a.

Subd. 2. **Establishment.** The board must administer a cost-share program consistent with section 103C.501 to establish soil health practices that mitigate climate change impacts, improve water quality, and provide related public benefits.

Subd. 3. **Financial assistance.** (a) The board may provide financial assistance to local units of government, private sector providers, and farmers for the costs of soil health and related water-quality practices consistent with a plan approved according to chapter 103B, 103C, or 103D. The board must establish costs eligible for financial and technical assistance under this section.

(b) The board may enter into agreements with local units of government receiving financial assistance under this subdivision.

(c) Financial assistance under this subdivision must give priority to multiyear contracts and to leveraging contributions from nonstate sources.

(d) Financial assistance under this subdivision must give priority to multiyear contracts that prioritize long-term soil health practices, including but not limited to no-till, field borders, prairie strips, and other practices sanctioned by the board or the United States Department of Agriculture's Natural Resources Conservation Service, that, separately or together with other conservation practices, provide durable soil health and related benefits.

Subd. 4. **Technical assistance; review.** (a) The board may employ or contract with experts to implement the soil health program under this section.

(b) When implementing the soil health program, the board must:

(1) assist local units of government in achieving the objectives of the program;

(2) review and assess practice standards; and

(3) evaluate the effectiveness of completed practices.

Subd. 5. **Federal aid availability.** The board must regularly complete an analysis of the availability of federal funds and programs to supplement or complement state and local efforts consistent with the purposes of this section.

Subd. 6. **Carbon market applicability.** The board and the commissioner of agriculture may cooperate with the United States Department of Agriculture, other federal and state agencies, and private sector organizations to align or incorporate soil health practices with carbon trading, mitigation, or offset markets and related tracking or recognition efforts.

Sec. 3. **SOIL HEALTH; APPROPRIATION.**

\$17,000,000 in fiscal year 2023 is appropriated from the general fund to the Board of Water and Soil Resources to accelerate the adoption of soil health practices consistent with Minnesota Statutes, sections 103C.101, subdivision 10a, and 103F.49. The base appropriation under this section in fiscal year 2024 and thereafter is \$4,500,000.

Sec. 4. **STATEWIDE SOIL HEALTH ACTION PLAN; APPROPRIATION.**

\$180,000 in fiscal year 2023 is appropriated from the general fund to the Board of Regents of the University of Minnesota to develop a soil health action plan, in consultation with the Minnesota Office for Soil Health, the United States Department of Agriculture's Natural Resources Conservation Service, and other state and federal agencies, academic institutions, local governments, and practitioners, that will provide recommendations for standardized

specifications for soil health and related conservation and climate protection practices and projects to achieve soil health goals, including recommendations for research, implementation, outreach, and prioritization of the use of future funding. By January 15, 2023, the plan must be submitted to the chairs and ranking minority members of the house of representatives and senate committees and divisions with jurisdiction over agriculture and environment and natural resources policy. This is a onetime appropriation."
