The secretary of state must publish a monthly report of this data.

(b) An applicant's information must not be transmitted to the secretary of state under this section unless the applicant provides documentation of United States citizenship or records maintained by the Department of Public Safety indicate that the applicant provided documentation demonstrating United States citizenship as part of a previous license or identification card transaction. If the applicant does not provide or has not previously provided documentation of United States citizenship, the commissioner must provide information during the transaction regarding voter registration and eligibility criteria. If the applicant provides documentation during the transaction indicating that the applicant is not a United States citizen, the applicant's information must not be transmitted to the secretary of state and the applicant must not be offered a voter registration opportunity.

(c) No applicant may be registered to vote under this subdivision until:

(1) the commissioner of public safety has certified that the department's systems have been tested and can accurately provide the required data and accurately exclude from transmission data on individuals who have not provided documentary evidence of United States citizenship; and

If permitted by the federal government, the commissioner must, in consultation with the secretary of state, ensure an application for medical assistance under chapter 256B also serves as a voter registration application for any individual whose name appears on the application and who has presented documentary proof of United States citizenship. The applications must contain spaces for all information required to register to vote, as prescribed by the secretary of state. The commissioner must transmit information daily by electronic means to the secretary of state for an individual whose United States citizenship has been verified. At least monthly, the commissioner must submit data to the secretary of state identifying the total number of individuals who completed qualifying transactions under this section and the total number of individuals whose records were ultimately transferred for registration.

The department's systems must be tested and accurately provide the necessary data no later than December 1, 2025.

Subd. 5. **Other agencies and units of government.** (a) The governor must determine, in consultation with the secretary of state, whether any other state agency must implement automatic voter registration. A state agency must be considered if the agency collects, processes, or stores the following information as part of providing assistance or services: name, residential address, date of birth, and citizenship verification. A qualifying agency must submit a report to the governor and secretary of state no later than December 1, 2024, describing steps needed to implement automatic voter registration, barriers to implementation and ways to mitigate them, and applicable federal and state privacy protections for voter registration information. The final decision must be made by June 1, 2025, and is at the governor's sole discretion.

Subd. 6. **Registration.** (a) The secretary of state must compare all application information submitted under this section with the information received under section 201.145 to determine whether an applicant is eligible to vote. If an applicant appears on the list of individuals who are ineligible to vote, the secretary of state must not process the application further and must not share the applicant's information with the county for registration. For applicants who do not appear to be ineligible to vote, the secretary of state must determine whether the applicant whose information is submitted under this section is currently registered in the statewide voter registration system.

(b) If the applicant is not currently registered in the statewide voter registration system, the secretary of state must transmit the registration daily by electronic means to the county auditor of the county where the voter resides.

(c) Any data regarding applicants who the secretary determines are not eligible to vote are private data on individuals, as defined in section 13.02, subdivision 12.

(d) The county auditor must cancel the voter's record in the statewide voter registration system upon receipt of a written request, signed by the voter, that the registration be removed.

Subd. 7. **Prosecution of registration violations; voluntary action required.** For purposes of this section, the transfer of an individual's record under this section does not constitute an attempt to register to vote or a completion of a voter registration form by that individual. If such a registration is processed by the state and the individual thereafter attempts to vote or votes, it is presumed to have been officially authorized by the state and the individual is not subject to any penalty under this statute. This subdivision does not apply to an individual who knowingly and willfully makes a false statement to effectuate voter registration or who intentionally takes voluntary action to register to vote or vote knowing of the individual's ineligibility to vote.

Subd. 8. **Effective date of registration.** Unless the applicant declines registration, the effective date is the date that the county auditor processes the application. This subdivision does not limit the ability of a person to register to vote on election day as provided in section 201.061, subdivision 3. Any person who submits a qualifying application under subdivision 1 that is dated during the 20 days before an election must be provided, at the time of application, with a notice advising the applicant of the procedures to register to vote on election day.

EFFECTIVE DATE. This section is effective July 1, 2023.

EFFECTIVE DATE. This section is effective June 1, 2024.

Sec. 13. Minnesota Statutes 2022, section 203B.12, is amended by adding a subdivision to read:

Subd. 9. **Names of persons; permanent absentee voters.** The secretary of state must maintain a list of permanent absentee voters. The list must be available to the public in the same manner as public information lists in section 201.091, subdivisions 4, 5, and 9.

EFFECTIVE DATE. This section is effective June 1, 2024.

Sec. 14. Minnesota Statutes 2022, section 203B.12, is amended by adding a subdivision to read:

Subd. 10. **Names of persons; absentee ballot applications.** The names of voters who have submitted an absentee ballot application to the county auditor or municipal clerk must be available to the public in the same manner as public information lists in section 201.091, subdivisions 4, 5, and 9.

EFFECTIVE DATE. This section is effective June 1, 2024.

Sec. 15. Minnesota Statutes 2022, section 203B.121, subdivision 2, is amended to read:

Subd. 2. **Duties of ballot board; absentee ballots.** (a) The members of the ballot board shall take possession of all signature envelopes delivered to them in accordance with section 203B.08. Upon receipt from the county auditor, municipal clerk, or school district clerk, two or more members of the ballot board shall examine each signature envelope and shall mark it accepted or rejected in the manner provided in this subdivision. Election judges performing the duties in this section must be of different major political parties, unless they are exempt from that requirement under section 205.075, subdivision 4, or section 205A.10, subdivision 2.

(b) The members of the ballot board shall mark the signature envelope "Accepted" and initial or sign the signature envelope below the word "Accepted" if a majority of the members of the ballot board examining the envelope are satisfied that:

(1) the voter's name and address on the signature envelope are the same as the information provided on the absentee ballot application or voter record;

(2) the voter signed the certification on the envelope;

(3) the voter's Minnesota driver's license, state identification number, or the last four digits of the voter's Social Security number are the same as a number on the voter's absentee ballot application or voter record. If the number does not match, the election judges must compare the signature provided by the applicant to determine whether the ballots were returned by the same person to whom they were transmitted;

(4) the voter is registered and eligible to vote in the precinct or has included a properly completed voter registration application in the signature envelope;

(5) the certificate has been completed as prescribed in the directions for casting an absentee ballot; and

(6) the voter has not already voted at that election, either in person or, if it is after the close of business on the seventh day before the election, by absentee ballot.

The signature envelope from accepted ballots must be preserved and returned to the county auditor.

(c)(1) If a majority of the members of the ballot board examining a signature envelope find that an absentee voter has failed to meet one of the requirements provided in paragraph (b), they shall mark the signature envelope "Rejected," initial or sign it below the word "Rejected," list the reason for the rejection on the envelope, and return it to the county auditor. There is no other reason for rejecting an absentee ballot beyond those permitted by this section. Failure to place the ballot within the secrecy envelope before placing it in the outer white envelope is not a reason to reject an absentee ballot.

(2) If an envelope has been rejected at least five days before the election, the envelope must remain sealed and the official in charge of the ballot board shall provide the voter with a replacement absentee ballot and signature envelope in place of the rejected ballot.

(3) If an envelope is rejected within five days of the election, the envelope must remain sealed and the official in charge of the ballot board must attempt to contact the voter by telephone or email to notify the voter that the voter's ballot has been rejected. The official must document the attempts made to contact the voter.

(d) The official in charge of the absentee ballot board must mail the voter a written notice of absentee ballot rejection between six and ten weeks following the election. If the official determines that the voter has otherwise cast a ballot in the election, no notice is required. If an absentee ballot arrives after the deadline for submission provided by this chapter, the notice must be provided between six to ten weeks after receipt of the ballot. A notice of absentee ballot rejection must contain the following information:

(1) the date on which the absentee ballot was rejected or, if the ballot was received after the required deadline for submission, the date on which the ballot was received;

(2) the reason for rejection; and

(3) the name of the appropriate election official to whom the voter may direct further questions, along with appropriate contact information.

(e) An absentee ballot signature envelope marked "Rejected" may not be opened or subject to further review except in an election contest filed pursuant to chapter 209.

EFFECTIVE DATE. This section is effective June 1, 2024.

ARTICLE 2 PROTECT VOTERS AND OUR ELECTIONS SYSTEM

Section 1. [204B.295] VOTING INSTRUCTIONS AND SAMPLE BALLOTS IN LANGUAGES OTHER THAN ENGLISH; MULTILINGUAL ELECTION JUDGES.

Subdivision 1. Duty. The secretary of state or county auditor must contract with a translator certified by the American Translators Association to develop voting instructions and sample ballots in languages other than English, to be made available in polling places during elections as required by this section. At a minimum, voting instructions and sample ballots must be prepared and made available in print, electronic, and audio-visual formats in the Spanish, Hmong, and Somali languages.

Subd. 2. **Designation of language minority districts.** No later than 90 days before an election, the secretary of state or county auditor, in consultation with the state demographer, must determine the percentage of residents in each census tract who are members of a language minority and who lack sufficient skills in English to vote without assistance. A language minority district must be designated if three percent or more of the population in a corresponding census tract speak English "less than very well" according to the most recent census data.

Subd. 3. **Translation required; designated interpreters.** (a) If the number of residents determined under subdivision 2 equals three percent or more of the population of a census tract, or if interested citizens or organizations provide information that gives the secretary of state or county auditor sufficient reason to believe a need exists, at least two copies of the translated voting instructions and sample ballot must be provided to each precinct in that district during any regular or special state or local election conducted in that district.

(b) If the number of residents determined under subdivision 2 equals 20 percent or more of the population of a census tract, or if interested citizens or organizations provide information that gives the secretary of state or county auditor sufficient reason to believe a need exists, at least four copies of the translated voting instructions and sample ballot must be provided to each precinct in that district during any regular or special state or local election conducted in that district. In these precincts, the county auditor or municipal clerk must appoint at least one interpreter certified by the American Translators Association to translate in a specified language if ten or more registered voters in the precinct file a request for interpretive services for that language with the secretary of state or county auditor at least 30 days prior to the date of the election. This interpreter must wear a name tag or other badge indicating the interpreter's language certification. For purposes of section 204C.06 and any other applicable law, an interpreter appointed under this section is considered an election official and may be present in a polling place for the purpose of conducting duties assigned by the county auditor or municipal clerk.

Subd. 4. **Use of materials; notice required.** The translated voting instructions and sample ballots required by this section must be made available for use by voters as a reference when completing and casting an official ballot. In addition to the number of copies required, at least one sample ballot and set of instructions in each applicable language, along with a notice written in that language indicating the availability of those materials, must be posted in a conspicuous location in each polling place.

Sec. 2. **[211B.075] INTIMIDATION AND INTERFERENCE WITH THE VOTING PROCESS; PENALTIES.**

Subdivision 1. **Intimidation.** (a) A person may not directly or indirectly use or threaten force, coercion, violence, restraint, damage, harm, or loss, including loss of employment or economic reprisal against:

(1) an individual with the intent to compel an individual to register or abstain from registering to vote, vote or abstain from voting, or vote for or against a candidate or ballot question; or

(2) any person with the intent to impede that person's efforts to encourage another to cast a ballot or assist another in registering to vote, traveling to a polling place, casting a ballot, or participating in any other aspect of the election process.

(b) Notwithstanding paragraph (a), in a civil action brought to prevent and restrain violations of this subdivision or to require the payment of civil penalties, the moving party may show that the action or attempted action would cause a reasonable person to feel intimidated. The moving party does not need to show that the actor intended to cause the victim to feel intimidated.

Subd. 2. **Deceptive practices.** (a) No person may, within 60 days of an election, cause information to be transmitted by any means that the person:

(1) intends to impede or prevent another person from exercising the right to vote; and

(2) knows to be materially false.

(b) The prohibition in this subdivision includes but is not limited to information regarding the time, place, or manner of holding an election; the qualifications for or restrictions on voter eligibility at an election; and threats to physical safety associated with casting a ballot.

Subd. 3. **Interference with registration or voting.** No person may intentionally hinder, interfere with, or prevent another person from voting, registering to vote, or aiding another person in casting a ballot or registering to vote.

Subd. 4. **Vicarious liability; conspiracy.** A person may be held vicariously liable for any damages resulting from the violation of this section and may be identified in an order restraining violations of this section if that person:

(1) intentionally aids, advises, hires, counsels, abets, incites, compels, or coerces a person to violate any provision of this section or attempts to aid, advise, hire, counsel, abet, incite, compel, or coerce a person to violate any provision of this section; or

(2) conspires, combines, agrees, or arranges with another to either commit a violation of this section or aid, advise, hire, counsel, abet, incite, compel, or coerce a third person to violate any provision of this section.

Subd. 5. **Criminal penalties; civil remedies.** (a) A person who violates this section is guilty of a gross misdemeanor.

(b) The attorney general or an election official may bring a civil action to prevent or restrain a violation of this section if there is a reasonable basis to believe that an individual or entity is committing or intends to commit a prohibited act.

(c) The attorney general, or an election official injured by an act prohibited by this section, may bring a civil action pursuant to section 8.31 to recover damages, together with costs of investigation and reasonable attorney fees, and receive other equitable relief as determined by the court. An action brought by an election official under section 8.31, subdivision 3a, is in the public interest. In addition to all other damages, the court may impose a civil penalty of up to \$1,000 for each violation.

(d) Civil remedies allowable under this section are cumulative and do not restrict any other right or remedy otherwise available. An action for a penalty or remedy under this section must be brought within two years of the date the violation is alleged to have occurred. The complaint process provided in sections 211B.31 to 211B.36 does not apply to violations of this section.

Sec. 3. Minnesota Statutes 2022, section 211B.32, subdivision 1, is amended to read:

Subdivision 1. **Administrative remedy; exhaustion.** (a) Except as provided in ~~paragraph~~ paragraphs (b) and (c), a complaint alleging a violation of chapter 211A or 211B must be filed with the office. The complaint must be finally disposed of by the office before the alleged violation may be prosecuted by a county attorney.

(b) Complaints arising under those sections and related to those individuals and associations specified in section 10A.022, subdivision 3, must be filed with the Campaign Finance and Public Disclosure Board.

(c) Violations of section 211B.075 may be enforced as provided in that section.

Subdivision 1. Registration required. Before making retail sales to customers or patients, a cannabis retailer, cannabis microbusiness with a retail operations endorsement, lower potency edible product retailer, or medical cannabis retailer must register with the local unit of government in which the retail establishment is located.

Subd. 2. Registration fee. A local unit of government may charge an initial retail registration fee of up to \$200. The local unit of government may also charge a renewal fee of up to \$200. A cannabis business with a cannabis retailer license and a medical cannabis retailer license for the same location may only be charged a single registration fee. The registration fee is nonrefundable.

Subd. 3. Issuance of registration. (a) A local unit of government shall issue a retail registration to a cannabis retailer, cannabis microbusiness with a retail operations endorsement, lower potency edible product retailer, or medical cannabis retailer that:

(1) has a valid license issued by the office;

(2) has paid the registration fee or renewal fee pursuant to subdivision 2;

(3) is found to be in compliance with the requirements of this chapter at any preliminary compliance check that the local unit of government performs; and

(4) if applicable, is current on all property taxes and assessments at the location where the retail establishment is located.

(b) Before issuing a retail registration, the local unit of government may conduct a preliminary compliance check to ensure that the cannabis business is in compliance with the applicable operation requirements and the limits on the types of cannabis flower, cannabinoid products, and hemp-derived consumer products that may be sold.

(c) A local unit of government shall renew the retail registration of a cannabis business when the office renews the license of the cannabis business.

(d) A retail registration issued under this section may not be transferred.

The checks shall assess compliance with age verification requirements; the applicable operation requirements; and the applicable limits on the types of cannabis flower, cannabinoid products, and hemp-derived consumer products being sold.

(b) The local unit of government must conduct unannounced age verification compliance checks at least once each calendar year. Age verification compliance checks must involve persons at least 17 years of age, but under the age of 21, who, with the prior written consent of a parent or guardian if the person is under the age of 18, attempt to purchase cannabis flower, cannabinoid products, or hemp-derived consumer products under the direct supervision of a law enforcement officer or an employee of the local unit of government.

(c) Checks to ensure compliance with the applicable operation requirements and the limits on the types of cannabis flower, cannabinoid products, and hemp-derived consumer products that may be sold must be performed at least once each calendar year and may be performed by a law enforcement officer or an employee of the local unit of government.

Subd. 5. Registration suspension and cancellation; notice to office; penalties. (a) If a local unit of government determines that a cannabis business with a retail registration issued by the local unit of government is not operating in compliance with the requirements of this chapter or that the operation of the business poses an immediate threat to the health or safety of the public, the local unit of government may suspend the retail registration of the cannabis business. The local unit of government must immediately notify the office of the suspension and shall include a description of the grounds for the suspension.

(b) The office shall review the retail registration suspension and may order reinstatement of the retail registration or take any action described in section 342.18 or 342.19.

(c) The retail registration suspension must be for up to 30 days unless the office suspends the license and operating privilege of the cannabis business for a longer period or revokes the license.

(d) The local unit of government may reinstate the retail registration if the local unit of government determines that any violation has been cured. The local unit of government must reinstate the retail registration if the office orders reinstatement.

(e) No cannabis retailer, cannabis microbusiness with a retail operations endorsement, lower potency edible product retailer, or medical cannabis retailer may make any sale to a customer or patient without a valid retail registration.
