"Section 1. **[15.0572] FRAUD REPORTING REQUIRED.**

A state employee who believes they have discovered evidence of fraud must immediately notify the employee's supervisor, the head of the employee's agency or their designee, or the legislative auditor. If the state employee notifies the employee's supervisor, agency head, or agency head's designee, then the supervisor, agency head, or designee must immediately notify the legislative auditor. The legislative auditor must report to the Legislative Audit Commission if there are multiple reports about the same agency. An employee making a good faith report under this section has the protections provided for under section 181.932, prohibiting the employer from discriminating against the employee.

Sec. 2. **[15.0574] ORGANIZATIONAL CHARTS POSTED.**

Each state agency must prominently post on the agency's website a current organizational chart that includes the name and contact information for the agency head, all deputy and assistant agency heads, and the head of each division or bureau within the agency.

Sec. 3. Minnesota Statutes 2024, section 16B.97, subdivision 2, is amended to read:

Subd. 2. **Grants governance.** The commissioner shall provide leadership and direction for policy related to grants management in Minnesota in order to foster more consistent, streamlined interaction between executive agencies, funders, and grantees that will enhance access to grant opportunities and information; prevent fraud, waste, and abuse; and lead to greater program accountability and transparency. The commissioner has the duties and powers stated in this section. Executive agencies shall fully cooperate with the commissioner in the creation, management, and oversight of state grants and must do what the commissioner requires under this section. The commissioner may adopt rules to carry out grants governance, oversight, and management.

(ii) withhold funds from any grantee that does not submit a progress report required under the grant agreement until the grantee submits a satisfactory report, unless the grantee's inability to submit a progress report is caused by the executive agency, including but not limited to a malfunction or failure of the executive agency's grant portal.

(b) The commissioner may determine that it is cost-effective for agencies to develop and use shared grants management technology systems. This system would be governed under section 16E.01, subdivision 3, paragraph (b).

Sec. 5. Minnesota Statutes 2024, section 16B.98, subdivision 4, is amended to read:

(b) The combined grant agreement and amendments must not exceed five years without specific, written approval by the commissioner according to established policy, procedures, and standards, or unless the commissioner determines that a longer duration is in the best interest of the state.

(c) A fully executed copy of the grant agreement with all amendments and other required records relating to the grant must be kept on file at the granting agency for a time equal to that required of grantees in subdivision 8.

(d) Grant agreements must comply with policies established by the commissioner for minimum grant agreement standards and practices. In making this assessment, the agency must review the following information as applicable:

(1) the potential grantee's history of performing duties similar to those required by the grant, whether the grant requires the potential grantee to perform services at a significantly increased scale, and whether the grant will require significant changes to the operation of the potential grantee's organization;

(2) for a potential grantee that is a nonprofit organization, the potential grantee's most recent Form 990 or Form 990-EZ filed with the Internal Revenue Service. If the potential grantee has not been in existence long enough or is not required to file Form 990 or Form 990-EZ, the potential grantee must demonstrate to the agency's satisfaction that the potential grantee is exempt and must instead submit the potential grantee's most recent board-reviewed financial statements and documentation of appropriate internal controls or, if there is no such board, by the applicant's managing group. At a minimum, the potential grantee's internal controls must require the segregation of duties concerning the authorization, disbursement, and recording of expenditures;

(3) for a potential grantee that is a for-profit business, the potential grantee's most recent federal and state tax returns, current financial statements, certification that the business is not under bankruptcy proceedings, and disclosure of any liens on its assets. If a business has not been in business long enough to have a tax return, the grantee must demonstrate to the agency's satisfaction that the grantee has appropriate internal ~~financial~~ controls. At a minimum, the potential grantee's internal controls must require the segregation of duties concerning the authorization, disbursement, and recording of expenditures;

(4) evidence of good standing with the secretary of state under chapter 317A, or other applicable law;

(5) if the potential grantee is required to complete an audit under section 309.53, subdivision 3, the potential grantee's most recent audit report performed by an independent third party in accordance with generally accepted accounting principles; and

(6) certification, provided by the potential grantee, that none of its current principals have been convicted of a felony financial crime in the last ten years. For this section, a principal is defined as a public official, a board member, or staff with the authority to access funds provided by this agency or determine how those funds are used.

Sec. 8. Minnesota Statutes 2024, section 16B.981, subdivision 3, is amended to read:

Subd. 3. **Additional measures for some grantees.** The agency ~~may~~ must require additional information and ~~may~~ provide enhanced oversight for grantees that have not previously received state or federal grants for similar amounts or similar duties and have not yet demonstrated the ability to perform the duties required under the grant on the scale required. For nonprofit organizations, this additional information must include but is not limited to two additional years of Form 990 or Form 990-EZ filed with the Internal Revenue Service, where applicable. Before awarding a grant, the agency must inquire about compensation that, in the agency's estimation, is in excess of the amount customarily paid to those in comparable positions.

Sec. 9. Minnesota Statutes 2024, section 16B.991, subdivision 1, is amended to read:

Subdivision 1. **Criminal charge or conviction.** Each grant agreement subject to sections 16B.97 and 16B.98 must provide that the agreement will immediately be ~~terminated~~ suspended if the recipient is ~~convicted of~~ charged with a criminal offense relating to a state grant agreement and terminated if the recipient is convicted.
