Sec. 18. Minnesota Statutes 2024, section 473.851, is amended to read:

473.851 LEGISLATIVE FINDINGS AND PURPOSE.

The legislature finds and declares that the local governmental units within the metropolitan area are interdependent, that the growth and patterns of urbanization within the area create the need for additional state, metropolitan and local public services and facilities and increase the danger of air and water pollution and water shortages, and that developments in one local governmental unit may affect the provision of regional capital improvements for sewers, transportation, airports, water supply, and regional recreation open space. Since problems of urbanization and development transcend local governmental boundaries, there is a need for the adoption of coordinated plans, programs and controls by all local governmental units in order to protect the health, safety and welfare of the residents of the metropolitan area and to ensure coordinated, orderly, and ~~economic~~ **economical** development. Therefore, it is the purpose of sections 462.355, 473.175, and 473.851 to 473.871 to (1) establish requirements and procedures to accomplish comprehensive local planning with land use controls consistent with planned, orderly and staged development and the metropolitan system plans, and (2) to provide assistance to local governmental units within the metropolitan area for the preparation of plans and official controls appropriate for their areas and consistent with metropolitan system plans.

EFFECTIVE DATE; APPLICATION. This section is effective the day following final enactment and applies in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington.

Sec. 19. Minnesota Statutes 2024, section 473.859, subdivision 1, is amended to read:

Each plan ~~shall~~ must specify expected industrial and commercial development, planned population distribution, and local public facility capacities upon which the plan is based. Each plan ~~shall~~ must contain a discussion of the use of the public facilities specified in the metropolitan system statement and the effect of the plan on adjacent local governmental units and affected school districts. Existing plans and official controls may be used in whole or in part following modification, as necessary, to satisfy the requirements of sections 462.355, 473.175, and 473.851 to 473.871. Each plan may contain an intergovernmental coordination element that describes how its planned land uses and urban services affect other communities, adjacent local government units, the region, and the state, and that includes guidelines for joint planning and decision making with other communities, school districts, and other jurisdictions for siting public schools, building public facilities, and sharing public services.

Each plan may contain an economic development element that identifies types of mixed use development, expansion facilities for businesses, and methods for developing a balanced and stable economic base.

The comprehensive plan may contain any additional matter which may be included in a comprehensive plan of the local governmental unit pursuant to the applicable planning statute.

EFFECTIVE DATE; APPLICATION. This section is effective the day following final enactment and applies in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington.

(b)(1) (2)(i) submit the entire updated comprehensive plan and amendment or amendments to its comprehensive plan necessitated by its review to the Metropolitan Council for review; and

(2) (ii) submit the amendment or amendments to its fiscal devices or official controls necessitated by its review to the Metropolitan Council for information purposes as provided by section 473.865.

(c) Except as otherwise provided in this paragraph, local governments ~~shall~~ must consider, in preparing their updated comprehensive plans, amendments to metropolitan system plans in effect ~~on December 31, 1996 at the time of consideration.~~ For metropolitan system plans, or amendments thereto, adopted after December 31, 1996, Local governments shall must review their comprehensive plans to determine if an amendment is necessary to conform to
