(j) "Publishes or distributes" means to display or present material or make material available for download, with or without consideration.

Subd. 2. **Age verification required.** (a) A commercial entity who knowingly (1) publishes or distributes material that is harmful to minors on a website where the material appears on 33.3 percent or more of the web pages viewed on the website in any calendar month, or (2) hosts a website that meets the criteria under clause (1) must verify that an individual who is a resident of Minnesota or who is located in Minnesota at the time of the attempted access is 18 years of age or older.

(b) A commercial entity violates this section if the commercial entity allows an individual to access a website identified under paragraph (a) without verifying that the individual is 18 years of age or older. Age verification must be conducted through the use of:

(1) a commercially available database that is regularly used by businesses or governmental entities to verify age and identity; or

(2) any other commercially reasonable method to verify age and identity approved by the commissioner of commerce.

(c) The commissioner of commerce may review and approve reliable methods to verify age and identity used to comply with this section. The commissioner's approval under this paragraph is not subject to the rulemaking provisions of chapter 14, and section 14.386 does not apply.

Subd. 3. **Data privacy.** (a) A commercial entity that performs the age verification required by subdivision 2 must not: (1) retain any identifying information submitted by an individual to verify age for more than 24 hours after the individual's age is verified; (2) sell any identifying information submitted by an individual to verify age; or (3) transfer or disclose any identifying information submitted by an individual to verify age except as necessary to perform the age verification required by subdivision 2.

(b) A commercial entity that knowingly retains identifying information of an individual in violation of paragraph (a) is liable to the individual for damages resulting from the retention, including reasonable attorney fees and costs as ordered by the court.

Subd. 4. **Audit.** A commercial entity that performs the age verification required under subdivision 2 must arrange for an independent annual audit to determine compliance with subdivision 3. The commercial entity must maintain a copy of each audit and provide it to the attorney general upon request.

Subd. 5. **Enforcement; civil penalties.** (a) An individual who accesses a website without the commercial entity verifying the individual's age in violation of this section may report the violation to the attorney general. The attorney general must investigate a report received under this paragraph. The attorney general may investigate violations of this section and may bring a civil enforcement action and recover the relief provided in section 8.31. Each instance that a website is accessed in violation of this section constitutes a separate violation.

(b) The parent or legal guardian of a minor who accesses a website without the commercial entity verifying the minor's age in violation of this section may bring a civil action against the commercial entity that violated this section to recover damages, together with costs and disbursements, including reasonable attorney fees, and receive other equitable relief determined by the court. In addition to any other damages and relief awarded, a commercial entity that violates this section may be liable for a civil penalty of not more than \$25,000 per violation.

Subd. 6. **Limitations.** No interactive computer service provider, Internet service provider, search engine provider, or cloud service provider or its affiliates or subsidiaries shall be held to have violated the provisions of this section solely for providing access or connection to or from a website or other information or content on the Internet or a facility, system, or network not under that provider's control including transmission, downloading, intermediate storage, access software, or other to the extent such provider is not responsible for the creation of the content of the communication that constitutes material harmful to minors."
