# Health Impact of Evictions During the Pandemic

A national study tested whether lifting eviction moratoriums was associated with COVID-19 incidence and mortality. It concluded that “[l]ifting eviction moratoriums was associated with significant increases in COVID-19 incidence and mortality in U.S. states, supporting the public health rationale for use of eviction moratoriums to prevent the spread of COVID-19. ***Lifting moratoriums amounted to an estimated 433,700 excess cases and 10,700 excess deaths during the study period (March 13-September 3).***”

K. Leifheit, S. Linton, J. Raifman, G. Schwartz, E. Benfer, F. Zimmerman, & C. Pollack, *Expiring Eviction Moratoriums and COVID-19 Incidence and Mortality* Abstract (November 30, 2020) (emphasis added). The authors include professors from University of California, Los Angeles (UCLA), Johns Hopkins University Bloomberg School of Public Health, Boston University, University of California, San Francisco (UCSF) Institute for Health Policy Studies, and Wake Forest University School of Law.

<https://ssrn.com/abstract=3739576>

# Health Impact of Evictions During the Pandemic

The study included a table of estimated infections and deaths in states that ended their eviction suspensions. Texas topped the list with estimates of 148,530 infections and 4,456 deaths. *Id.* at 14.

Study co-author Dr. Leifheit has estimated infections prevented and lives saved between May and September in states that maintained their eviction suspensions. ***For Minnesota, she estimated 22,200 cases prevented and 680 lives saved through September 3, 2020.***

K. Leifheit, *State-level COVID-19 Cases and Deaths Associated with Eviction Moratoriums* (Dec. 2020)

[https://drive.google.com/file/d/1x8qezy\\_mXiaw7eKsU\\_D9zQnQY\\_Y0YMfgP/view](https://drive.google.com/file/d/1x8qezy_mXiaw7eKsU_D9zQnQY_Y0YMfgP/view)

(viewed Jan. 12, 2021)

# Health Impact of Evictions During the Pandemic

The estimated 22,200 cases prevented and 680 lives saved by Emergency Executive Order 20-79 in Minnesota does not cover the fall of 2020 when many states saw dramatic increases in infections and deaths.

*Coronavirus in the U.S.: Latest Map and Case Count* (New York Times Dec. 15, 2020) <https://www.nytimes.com/interactive/2020/us/coronavirus-us-cases.html>  
(viewed Jan. 12, 2021)

During the time span of the study, in Minnesota, from March 24, when the first Emergency Executive Order suspending evictions began, through September 3, Minnesota saw 1,834 deaths and 80,704 positive cases in just over 5 months.

Situation Update for COVID-19 (Minnesota Department of Health - viewed January 12, 2021).

<https://www.health.state.mn.us/diseases/coronavirus/situation.html>

# Health Impact of Evictions During the Pandemic

From September 4 through January 4, Minnesota saw another 3608 deaths and 342,455 positive cases in 4 months, or twice as many deaths and over four times as many positive cases, for a total of 5,443 deaths and 429,022 positive cases.

Situation Update for COVID-19 (Minnesota Department of Health - viewed January 12, 2021).

<https://www.health.state.mn.us/diseases/coronavirus/situation.html>

***It is reasonable to add twice as many saved lives and four times as many positive cases prevented to the summer estimate, totaling potentially 2,040 lives saved and 111,000 positive cases prevented in Minnesota by Emergency Executive Order 20-79 through January 4, 2021.***

# Evictions before the Pandemic

- Statewide: 16,000 (1,333 per month)
- Hennepin County 6,000 (500 per month)
- Tenth Judicial District - Anoka County: 1080 (90 per month)
- Third Judicial District - 1050 (88 per month), with the highest numbers in Olmsted County (377, or 31 per month), Winona County (123, or 10 per month), Mower County (121, or 10 per month), and Steele County (108, or 9 per month)
- Ninth Judicial District - 574 (48 per month), with the highest numbers in Crow Wing County (139, or 12 per month), Beltrami County (94, or 8 per month), Itasca County (91, or 8 per month), and Polk County (70, or 6 per month).
- One year later, around that many are on hold. Some tenants have moved, some tenants have negotiated with their landlords, some tenants have received assistance, and some landlords were able to file eviction actions within the exceptions of Emergency Executive Order 20-79, perhaps lowering the number, if the economy is ignored. ***But, what about economy?***

# Unemployment

Unemployment is high.

The Minnesota unemployment rate in January 2021 was 4.5%, down from 7.6% in July 2020 and 11.3% in May 2020, but still up from 3.5% in March 2020.

# Unemployment

Minnesota cumulative unemployment insurance applicants by county from March 16 to February 23, 2021 as a share of 2019 annual labor force:

- Fourth Judicial District: Hennepin County: 288,699 (**40.1%**) of 711,530
- Seventh Judicial District: Stearns County - 35,059 of (**38.1%**) 92,043, Clay County - 5,486 of (**15.1%**) 36,336, Benton County - 9,860 of (**44.4%**) 22,224, and Otter Tail County - 9,438 of (**29.4%**) 32,110
- Tenth Judicial District: Anoka County - 85,445 (**43.0%**) of 198,938
- Third Judicial District: Olmsted County - 37,415 (**41.3%**) of 89,730, Winona County - 9,719 (**33.5%**) of 29,053, and Steele County - 7,983 (**39.0%**) of 20,451
- Ninth Judicial District: Beltrami County - 8,639 (**34.9%**) of 24,779, Crow Wing County - 14,336 (**43.6%**) of 32,904, and Roseau County - 5,837 (**73.2%**) of 7,972

# Census Data and Eviction Estimates

As of March 10, 2021, out of 648,384 adult tenants estimated by the Census, it estimated:

- **116,756 (18.0%)** were not currently caught up on rent payments,
- **212,894 (32.8%)** were unemployed,
- **368,764 (56.9%)** experienced the loss of employment income of a household member,
- **105,625 (16.3%)** had no or slight confidence in the ability to make the next month's payment, and
- Of the 116,756 tenants estimated to not be currently caught up on rent payments, **65,339 (56.0%)** very likely or somewhat likely to leave home due to eviction in next two months.

Compare this with **16,000** eviction court actions statewide in 2017.

***The Census data supports estimating the number of evictions on hold right now to well exceed the annual number. These evictions would overwhelm the legal services housing attorneys and the courts.***

# Eviction Estimates

Stout estimates for Minnesota, surveyed November 11 to 23, 2020: **32,100-69,800** potential evictions in January 2021

Aspen Institute concluded the risk of eviction at 30% renter unemployment for Minnesota on December 31, 2020 would be **281,085** tenants.

# It Is Time to Plan

Expand staggered evictions to start *when economic and health data support it*

## Funding:

- Financial assistance to tenants and landlords
- Financial assistance to industries that employ tenants
- Financial assistance to shelters
- Emergency Assistance
- Legal aid programs
- Mediation programs
- More judicial resources for evictions
