

The Honorable Mohamud Noor
Chair, Workforce and Business Development Finance and Policy Committee
Minnesota House of Representatives

Subject: Support for House File 4024

Dear Chair Noor and Members of the Committee:

As organizations that rely on fundraising to offer programs and whose missions meet vital needs in communities across Minnesota, we are writing in support of House File 4024, a one-time appropriation which will help hundreds of organizations like ours across the state.

Nonprofits like ours provide support in every community across Minnesota, helping to make our state a great place to live, work and play. Although our missions vary in so many ways, our organizations rely on the generosity of everyday Minnesotans to meet the demands of our missions. GiveMN's request is critically important and will support us in becoming more sustainable and self-reliant as we connect with donors in our communities.

Since 2009, GiveMN has supported Minnesota nonprofits through fundraising coaching, training and events like the annual Give to the Max campaign, and we have found their partnership and support invaluable. If passed, this funding request will allow their work to grow to work closely and directly with hundreds of additional nonprofits like ours. We know that the services they will provide will be transformative for the Minnesota nonprofit sector.

A vote for this bill is a vote to support the Minnesota nonprofit sector, and we thank you in advance for your consideration and support!

Respectfully,

GiveMN
