## Regional Rooms

Contained herein is a breakdown for the “Regional Rooms” that will be available for use by Veterans/supporters following the rally in the rotunda. The idea behind these rooms is to offer attendees a place to congregate, invite their lawmakers to visit and discuss issues specific to their region, as well as statewide.

It is our intention to send an invite to lawmakers to stop by these rooms, however, it is highly recommended that anyone who will be attending also reach out to invite their members to drop-in. The rooms will be available from 11:00 to 1:30.

Not sure how to contact your lawmaker? Or, unsure who represents you at the state level? Click here: <https://www.gis.leg.mn/iMaps/districts/>

This is in no way intended to discourage anyone from also attempting to set up one-on-one meetings to advocate. Also, if your area has historically done a room on their own, please don't let this effort deter you.

These rooms are available with the understanding the nature of the legislative session is hectic and it can be difficult to find your elected officials (even with an appointment) if votes are called for, hearings called, etc... These rooms will give them a two-hour window to stop by and hear from their constituents.

If these rooms split a group, bus, post or chapter please select whichever you feel will be the best for your group, or send a delegation to both rooms, whichever you prefer. These are general areas and who is where is flexible.
