

ALL ROADS LEAD TO Highway 10

#GreaterMNGateway
www.GreaterMNGateway.com

QUICK FACTS

Safety

- A crash occurs every other day on this small stretch of Highway 10
- 13 fatalities, including four pedestrians in the last 10 years
- More than 2x crash rate/3x severity rate of comparable corridors

Mobility

- This corridor carries more than 60,000 vehicles per day
- Travel speeds are one-third of the posted limit during rush hour
- 1 + mile traffic backups during rush hour
- Crashes, trains, emergency responders and weather significantly impact travel time

Benefits of Investment

- Cut rush hour drive time in half
- Eliminate four signals and multiple hours of congestion
- Significantly reduce crashes
- Add railroad grade separation
- Provide pedestrian accommodations

Local Investments Made

HWY 10/169 between Thurston Ave & Fairoak Ave in Anoka (\$88.3M)

- Median Barrier and Pedestrian Connections (\$1.4M)
- Greenhaven Parkway (\$3.4M) (2017)
- Fairoak Ave Underpass Funding (\$9M)
