

Dear Chair Ecklund and the members of the House Labor, Industry, and Military Affairs Committee,

We, the Minnesota Fire Association Coalition (MNFAC) which is made up of the Minnesota State Fire Chiefs Association, the Minnesota State Fire Department Association, the Minnesota Chapter of the International Association of Arson Investigators, and the Fire Marshals Association of Minnesota, are writing to you in support of H.F. 109 Noor and S.F. 155 Dziejdzic. Legislation that would require a retro-fit of automatic sprinkler systems in certain high-rise buildings will go a long way in ensuring no additional lives are lost as a result of high-rise building fires. We hope to see this legislation advance this session.

Sincerely,

Chief BJ Jungmann  
Legislative Chair, MNFAC
