5.23 provider entity application and certification process and recertification process to determine

5.25 requirements in subdivisions 5 and 6. A provider entity must be certified for the three core  
5.26 rehabilitation services of psychotherapy, skills training, and crisis planning. The  
5.27 commissioner shall recertify a provider entity ~~at least~~ every three years using the individual

6.18 whichever is later. The commissioner of human services shall notify the revisor of statutes  
6.19 when federal approval is obtained.

6.20 Sec. 4. Minnesota Statutes 2021 Supplement, section 256B.0943, subdivision 6, is amended  
6.21 to read:

6.22 Subd. 6. **Provider entity clinical infrastructure requirements.** (a) To be an eligible  
6.23 provider entity under this section, a provider entity must have a clinical infrastructure that  
6.24 utilizes diagnostic assessment, individual treatment plans, service delivery, and individual  
6.25 treatment plan review that are culturally competent, child-centered, and family-driven to  
6.26 achieve maximum benefit for the client. The provider entity must review, and update as  
6.27 necessary, the clinical policies and procedures every three years, must distribute the policies  
6.28 and procedures to staff initially and upon each subsequent update, and must train staff  
6.29 accordingly.

6.30 (b) The clinical infrastructure written policies and procedures must include policies and  
6.31 procedures for meeting the requirements in this subdivision:

7.1 (1) providing or obtaining a client's standard diagnostic assessment, including a standard  
7.2 diagnostic assessment. When required components of the standard diagnostic assessment  
7.3 are not provided in an outside or independent assessment or cannot be attained immediately,  
7.4 the provider entity must determine the missing information within 30 days and amend the  
7.5 child's standard diagnostic assessment or incorporate the information into the child's  
7.6 individual treatment plan;

7.7 (2) developing an individual treatment plan;

7.8 ~~(3) developing an individual behavior plan that documents and describes interventions~~  
7.9 ~~to be provided by the mental health behavioral aide. The individual behavior plan must~~  
7.10 ~~include:~~

7.11 ~~(i) detailed instructions on the psychosocial skills to be practiced;~~

7.12 ~~(ii) time allocated to each intervention;~~

7.13 ~~(iii) methods of documenting the child's behavior;~~

7.14 ~~(iv) methods of monitoring the child's progress in reaching objectives; and~~

7.15 ~~(v) goals to increase or decrease targeted behavior as identified in the individual treatment~~  
7.16 ~~plan;~~

7.17 ~~(4)~~ (3) providing treatment supervision plans for staff according to section 245I.06.

7.18 Treatment supervision does not include the authority to make or terminate court-ordered  
7.19 placements of the child. A treatment supervisor must be available for urgent consultation  
7.20 as required by the individual client's needs or the situation;

7.21 ~~(5) meeting day treatment program conditions in items (i) and (ii):~~

7.22 ~~(i) the treatment supervisor must be present and available on the premises more than 50~~  
7.23 ~~percent of the time in a provider's standard working week during which the supervisee is~~  
7.24 ~~providing a mental health service; and~~

7.25 ~~(ii) every 30 days, the treatment supervisor must review and sign the record indicating~~

7.27 ~~(6) meeting the treatment supervision standards in items (i) and (ii) for all other services~~  
7.28 ~~provided under CTSS:~~

7.29 ~~(i) the mental health professional is required to be present at the site of service delivery~~  
7.30 ~~for observation as clinically appropriate when the clinical trainee, mental health practitioner,~~  
7.31 ~~or mental health behavioral aide is providing CTSS services; and~~

8.1 ~~(ii) when conducted, the on-site presence of the mental health professional must be~~  
8.2 ~~documented in the child's record and signed by the mental health professional who accepts~~  
8.3 ~~full professional responsibility;~~

8.4 ~~(7) providing direction to a mental health behavioral aide. For entities that employ mental~~  
8.5 ~~health behavioral aides, the treatment supervisor must be employed by the provider entity~~  
8.6 ~~or other provider certified to provide mental health behavioral aide services to ensure~~  
8.7 ~~necessary and appropriate oversight for the client's treatment and continuity of care. The~~  
8.8 ~~staff giving direction must begin with the goals on the individual treatment plan, and instruct~~  
8.9 ~~the mental health behavioral aide on how to implement therapeutic activities and interventions~~  
8.10 ~~that will lead to goal attainment. The staff giving direction must also instruct the mental~~  
8.11 ~~health behavioral aide about the client's diagnosis, functional status, and other characteristics~~  
8.12 ~~that are likely to affect service delivery. Direction must also include determining that the~~  
8.13 ~~mental health behavioral aide has the skills to interact with the client and the client's family~~  
8.14 ~~in ways that convey personal and cultural respect and that the aide actively solicits~~  
8.15 ~~information relevant to treatment from the family. The aide must be able to clearly explain~~  
8.16 ~~or demonstrate the activities the aide is doing with the client and the activities' relationship~~  
8.17 ~~to treatment goals. Direction is more didactic than is supervision and requires the staff~~  
8.18 ~~providing it to continuously evaluate the mental health behavioral aide's ability to carry out~~  
8.19 ~~the activities of the individual treatment plan and the individual behavior plan. When~~  
8.20 ~~providing direction, the staff must:~~

8.21 ~~(i) review progress notes prepared by the mental health behavioral aide for accuracy and~~  
8.22 ~~consistency with diagnostic assessment, treatment plan, and behavior goals and the staff~~  
8.23 ~~must approve and sign the progress notes;~~

8.24 ~~(ii) identify changes in treatment strategies, revise the individual behavior plan, and~~  
8.25 ~~communicate treatment instructions and methodologies as appropriate to ensure that treatment~~  
8.26 ~~is implemented correctly;~~

8.27 ~~(iii) demonstrate family-friendly behaviors that support healthy collaboration among~~  
8.28 ~~the child, the child's family, and providers as treatment is planned and implemented;~~

8.29 ~~(iv) ensure that the mental health behavioral aide is able to effectively communicate~~  
8.30 ~~with the child, the child's family, and the provider;~~

8.31 ~~(v) record the results of any evaluation and corrective actions taken to modify the work~~  
8.32 ~~of the mental health behavioral aide; and~~

8.33 ~~(vi) ensure (4) ensuring the immediate accessibility of a mental health professional,~~  
8.34 ~~clinical trainee, or mental health practitioner to the behavioral aide during service delivery;~~

9.1 (8) (5) providing service delivery that implements the individual treatment plan and  
9.2 meets the requirements under subdivision 9; and

9.3 (9) (6) individual treatment plan review. The review must determine the extent to which  
9.4 the services have met each of the goals and objectives in the treatment plan. The review  
9.5 must assess the client's progress and ensure that services and treatment goals continue to  
9.6 be necessary and appropriate to the client and the client's family or foster family.

9.7 EFFECTIVE DATE. This section is effective July 1, 2022, or upon federal approval,  
9.8 whichever is later. The commissioner of human services shall notify the revisor of statutes  
9.9 when federal approval is obtained.

9.10 Sec. 5. Minnesota Statutes 2021 Supplement, section 256B.0943, subdivision 7, is amended  
9.11 to read:

9.12 Subd. 7. **Qualifications of individual and team providers.** (a) An individual or team  
9.13 provider working within the scope of the provider's practice or qualifications may provide  
9.14 service components of children's therapeutic services and supports that are identified as  
9.15 medically necessary in a client's individual treatment plan.

9.16 (b) An individual provider must be qualified as a:

9.17 (1) mental health professional;

9.18 (2) clinical trainee;

9.19 (3) mental health practitioner;

9.20 (4) mental health certified family peer specialist; or

9.21 (5) mental health behavioral aide.

9.22 (c) A day treatment team must include ~~at least~~ one mental health professional or clinical  
9.23 trainee ~~and one mental health practitioner.~~

9.24 EFFECTIVE DATE. This section is effective July 1, 2022, or upon federal approval,  
9.25 whichever is later. The commissioner of human services shall notify the revisor of statutes  
9.26 when federal approval is obtained.

9.27 Sec. 6. Minnesota Statutes 2021 Supplement, section 256B.0943, subdivision 9, is amended  
9.28 to read:

9.29 Subd. 9. **Service delivery criteria.** (a) In delivering services under this section, a certified  
9.30 provider entity must ensure that:

10.1 (1) the provider's caseload size should reasonably enable the provider to play an active  
10.2 role in service planning, monitoring, and delivering services to meet the client's and client's  
10.3 family's needs, as specified in each client's individual treatment plan;

10.4 (2) site-based programs, including day treatment programs, provide staffing and facilities  
10.5 to ensure the client's health, safety, and protection of rights, and that the programs are able  
10.6 to implement each client's individual treatment plan; and

10.7 (3) a day treatment program is provided to a group of clients by a team under the treatment  
10.8 supervision of a mental health professional. The day treatment program must be provided  
10.9 in and by: (i) an outpatient hospital accredited by the Joint Commission on Accreditation  
10.10 of Health Organizations and licensed under sections 144.50 to 144.55; (ii) a community  
10.11 mental health center under section 245.62; or (iii) an entity that is certified under subdivision  
10.12 4 to operate a program that meets the requirements of section 245.4884, subdivision 2, and  
10.13 Minnesota Rules, parts 9505.0170 to 9505.0475. The day treatment program must stabilize  
10.14 the client's mental health status while developing and improving the client's independent  
10.15 living and socialization skills. The goal of the day treatment program must be to reduce or  
10.16 relieve the effects of mental illness and provide training to enable the client to live in the  
10.17 community. ~~The program must be available year-round at least three to five days per week,~~  
10.18 ~~two or three hours per day, unless the normal five-day school week is shortened by a holiday,~~  
10.19 ~~weather-related cancellation, or other districtwide reduction in a school week. A child~~  
10.20 ~~transitioning into or out of day treatment must receive a minimum treatment of one day a~~  
10.21 ~~week for a two-hour time block. The two-hour time block must include at least one hour of~~  
10.22 ~~patient and/or family or group psychotherapy.~~ The remainder of the structured treatment  
10.23 program may include patient and/or family or group psychotherapy, and individual or group  
10.24 skills training, if included in the client's individual treatment plan. Day treatment programs  
10.25 are not part of inpatient or residential treatment services. When a day treatment group that  
10.26 meets the minimum group size requirement temporarily falls below the minimum group  
10.27 size because of a member's temporary absence, medical assistance covers a group session  
10.28 conducted for the group members in attendance. A day treatment program may provide  
10.29 fewer than the minimally required hours for a particular child during a billing period in  
10.30 which the child is transitioning into, or out of, the program.

10.31 (b) To be eligible for medical assistance payment, a provider entity must deliver the  
10.32 service components of children's therapeutic services and supports in compliance with the  
10.33 following requirements:

10.34 (1) psychotherapy to address the child's underlying mental health disorder must be  
10.35 documented as part of the child's ongoing treatment. A provider must deliver; or arrange

11.1 for, medically necessary psychotherapy, unless the child's parent or caregiver chooses not  
11.2 to receive it or the provider determines that psychotherapy is no longer medically necessary.

11.3 When a provider determines that psychotherapy is no longer medically necessary, the  
11.4 provider must update required documentation, including but not limited to the individual  
11.5 treatment plan, the child's medical record, or other authorizations, to include the  
11.6 determination. When a provider delivering other services to a child under this section deems  
11.7 it not medically necessary to provide psychotherapy to the child for a period of 90 days or  
11.8 longer, the provider entity must document the medical reasons why psychotherapy is not  
11.9 necessary. When a provider determines that a child needs psychotherapy but psychotherapy  
11.10 cannot be delivered due to a shortage of licensed mental health professionals in the child's  
11.11 community, the provider must document the lack of access in the child's medical record;

11.12 (2) individual, family, or group skills training is subject to the following requirements:

11.13 (i) a mental health professional, clinical trainee, or mental health practitioner shall provide  
11.14 skills training;

11.15 (ii) skills training delivered to a child or the child's family must be targeted to the specific  
11.16 deficits or maladaptations of the child's mental health disorder and must be prescribed in  
11.17 the child's individual treatment plan;

11.18 ~~(iii) the mental health professional delivering or supervising the delivery of skills training~~  
11.19 ~~must document any underlying psychiatric condition and must document how skills training~~  
11.20 ~~is being used in conjunction with psychotherapy to address the underlying condition;~~

11.21 ~~(iv) skills training delivered to the child's family must teach skills needed by parents to~~  
11.22 ~~enhance the child's skill development, to help the child utilize daily life skills taught by a~~  
11.23 ~~mental health professional, clinical trainee, or mental health practitioner, and to develop or~~  
11.24 ~~maintain a home environment that supports the child's progressive use of skills;~~
