Date March 1, 2024

Summary

This bill adds a paragraph to Minnesota Statutes, section 260C.212, subdivision 1, requiring the responsible social services agency to provide a one- to two-page summary of the out-of-home placement plan to the child's parent or guardian before the parent or guardian signs the out-of-home placement plan. The bill requires that the summary clearly list the plan's contents and requirements for the parent or guardian in plain language, and requires the summary to be updated whenever the out-of-home placement plan is updated. The bill also directs the commissioner to develop and disseminate a template summary document.
