

1.1 moves to amend S.F. No. 2314, in conference committee, as follows:

1.2 On R60, House language, (H0653-2)

1.3 Page 58, after line 9, insert:

1.4 "Sec. 4. Minnesota Statutes 2018, section 103B.801, subdivision 4, is amended to read:

1.5 Subd. 4. **Plan content.** The board shall develop policies for required comprehensive
1.6 watershed management plan content consistent with comprehensive local water management
1.7 planning. To ensure effectiveness and accountability in meeting the purposes of subdivision
1.8 2, plan content must include, at a minimum:

1.9 (1) an analysis and prioritization of issues and resource concerns;

1.10 (2) measurable goals to address the issues and concerns, including but not limited to:

1.11 (i) restoration, protection, and preservation of drinking water sources and natural surface
1.12 water and groundwater storage and retention systems;

1.13 (ii) minimization of public capital expenditures needed to correct flooding and water
1.14 quality problems;

1.15 (iii) restoration, protection, and improvement of surface water and groundwater quality;

1.16 (iv) establishment of more uniform local policies and official controls for surface water
1.17 and groundwater management;

1.18 (v) identification of priority areas for wetland enhancement, restoration, and
1.19 establishment;

1.20 (vi) identification of priority areas for riparian zone management and buffers;

1.21 (vii) prevention of erosion and soil transport into surface water systems;

1.22 (viii) promotion of groundwater recharge;

2.1 (ix) protection and enhancement of fish and wildlife habitat and water recreational
2.2 facilities; and

2.3 (x) securing other benefits associated with the proper management of surface water and
2.4 groundwater;

2.5 (3) a targeted implementation schedule describing at a minimum the actions, locations,
2.6 timeline, estimated costs, method of measurement, and identification of roles and responsible
2.7 government units;

2.8 (4) a description of implementation programs, including how the implementation schedule
2.9 will be achieved and how the plan will be administered and coordinated between local water
2.10 management responsibilities; and

2.11 (5) a land and water resource inventory."

2.12 Renumber the sections in sequence and correct the internal references

2.13 Amend the title accordingly
