

**Subject** Government Data Practices: Cannabis

**Authors** Hanson, J.

**Analyst** Nathan Hopkins

**Date** March 23, 2026

## Overview

This bill makes various changes to data practices provisions that apply to the Office of Cannabis Management.

## Summary

Section	Description
---------	-------------

- |   |  |
|---|--|
| 1 | <b>Not public data.</b><br>Within the Office of Cannabis Management's data practices statute, classifies as nonpublic/private data reported under the statewide monitoring system.   |
| 2 | <b>Public data on license applicants.</b><br>In license applications, makes publicly available more detail about any volatile chemicals used for extractions. Makes publicly available the status of an application. Removes from public availability the office's scoring and review of an application. |
| 3 | <b>Public application data on license holders.</b><br>Specifies that this subdivision also applies to data from renewal applications. Adds items to the list of nonpublic/private data.  |
