 - Subd. 3. Other standards; wheelchair securement; protected transport. (a) A special transportation service that transports individuals occupying wheelchairs is subject to the provisions of sections 299A.11 to 299A.17 concerning wheelchair securement devices. The commissioners of transportation and public safety shall cooperate in the enforcement of this section and sections 299A.11 to 299A.17 so that a single inspection is sufficient to ascertain compliance with sections 299A.11 to 299A.17 and with the standards adopted under this section. Representatives of the Department of Transportation may inspect wheelchair securement devices in vehicles operated by special transportation service providers to determine compliance with sections 299A.11 to 299A.17 and to issue certificates under section 299A.14, subdivision 4.
 - (b) In place of a certificate issued under section 299A.14, the commissioner may issue a decal under subdivision 4 for a vehicle equipped with a wheelchair securement device if the device complies with sections 299A.11 to 299A.17 and the decal displays the information in section 299A.14, subdivision 4.
- (c) For vehicles designated as protected transport under section 256B.0625, subdivision

Sec. 7. Minnesota Statutes 2020, section 256.01, subdivision 28, is amended to read:

Subd. 28. Statewide health information exchange. (a) The commissioner has the authority to join and participate as a member in a legal entity developing and operating a statewide health information exchange or to develop and operate an encounter alerting service that shall meet the following criteria:

- (1) the legal entity must meet all constitutional and statutory requirements to allow the commissioner to participate; and
- (2) the commissioner or the commissioner's designated representative must have the right to participate in the governance of the legal entity under the same terms and conditions and subject to the same requirements as any other member in the legal entity and in that role shall act to advance state interests and lessen the burdens of government.
- (b) Notwithstanding chapter 16C, the commissioner may pay the state's prorated share of development-related expenses of the legal entity retroactively from October 29, 2007, regardless of the date the commissioner joins the legal entity as a member.
- Sec. 8. Minnesota Statutes 2020, section 256.969, subdivision 2b, is amended to read:
- Subd. 2b. Hospital payment rates. (a) For discharges occurring on or after November 3.16 1, 2014, hospital inpatient services for hospitals located in Minnesota shall be paid according 3.17 to the following: 3.18
 - (1) critical access hospitals as defined by Medicare shall be paid using a cost-based methodology;
- (2) long-term hospitals as defined by Medicare shall be paid on a per diem methodology 3.21 under subdivision 25; 3.22
 - (3) rehabilitation hospitals or units of hospitals that are recognized as rehabilitation distinct parts as defined by Medicare shall be paid according to the methodology under subdivision 12; and
 - (4) all other hospitals shall be paid on a diagnosis-related group (DRG) methodology.
- (b) For the period beginning January 1, 2011, through October 31, 2014, rates shall not be rebased, except that a Minnesota long-term hospital shall be rebased effective January 1, 2011, based on its most recent Medicare cost report ending on or before September 1, 3.29 2008, with the provisions under subdivisions 9 and 23, based on the rates in effect on December 31, 2010. years are updated, a Minnesota long-term hospital's base year shall remain within the same period as other hospitals.

- (c) Effective for discharges occurring on and after November 1, 2014, payment rates for hospital inpatient services provided by hospitals located in Minnesota or the local trade area, except for the hospitals paid under the methodologies described in paragraph (a), clauses (2) and (3), shall be rebased, incorporating cost and payment methodologies in a manner similar to Medicare. The base year or years for the rates effective November 1, 2014, shall be calendar year 2012. The rebasing under this paragraph shall be budget neutral, ensuring that the total aggregate payments under the rebased system are equal to the total aggregate payments that were made for the same number and types of services in the base year. Separate budget neutrality calculations shall be determined for payments made to critical access hospitals and payments made to hospitals paid under the DRG system. Only the rate increases or decreases under subdivision 3a or 3c that applied to the hospitals being rebased during the entire base period shall be incorporated into the budget neutrality calculation.
- (d) For discharges occurring on or after November 1, 2014, through the next rebasing that occurs, the rebased rates under paragraph (c) that apply to hospitals under paragraph (a), clause (4), shall include adjustments to the projected rates that result in no greater than a five percent increase or decrease from the base year payments for any hospital. Any adjustments to the rates made by the commissioner under this paragraph and paragraph (e) shall maintain budget neutrality as described in paragraph (c).
- (e) For discharges occurring on or after November 1, 2014, the commissioner may make additional adjustments to the rebased rates, and when evaluating whether additional adjustments should be made, the commissioner shall consider the impact of the rates on the following:
 - (1) pediatric services;
- 4.27 (2) behavioral health services;
- 4.28 (3) trauma services as defined by the National Uniform Billing Committee;
- 4.29 (4) transplant services;

- 4.32 (6) outlier admissions;
- 4.33 (7) low-volume providers; and

(8) services provided by small rural hospitals that are not critical access hospitals.

- (f) Hospital payment rates established under paragraph (c) must incorporate the following:
- (1) for hospitals paid under the DRG methodology, the base year payment rate per admission is standardized by the applicable Medicare wage index and adjusted by the hospital's disproportionate population adjustment;
- (2) for critical access hospitals, payment rates for discharges between November 1, 2014, and June 30, 2015, shall be set to the same rate of payment that applied for discharges on October 31, 2014;
- (3) the cost and charge data used to establish hospital payment rates must only reflect inpatient services covered by medical assistance; and
- (4) in determining hospital payment rates for discharges occurring on or after the rate year beginning January 1, 2011, through December 31, 2012, the hospital payment rate per discharge shall be based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year or years. In determining hospital payment rates for discharges in subsequent base years, the per discharge rates shall be based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year or years.
- (g) The commissioner shall validate the rates effective November 1, 2014, by applying the rates established under paragraph (c), and any adjustments made to the rates under paragraph (d) or (e), to hospital claims paid in calendar year 2013 to determine whether the total aggregate payments for the same number and types of services under the rebased rates are equal to the total aggregate payments made during calendar year 2013.
- (h) Effective for discharges occurring on or after July 1, 2017, and every two years thereafter, payment rates under this section shall be rebased to reflect only those changes in hospital costs between the existing base year or years and the next base year or years. In any year that inpatient claims volume falls below the threshold required to ensure a statically valid sample of claims, the commissioner may combine claims data from two consecutive years to serve as the base year. Years in which inpatient claims volume is reduced or altered due to a pandemic or other public health emergency shall not be used as a base year or part of a base year if the base year includes more than one year. Changes in costs between base years shall be measured using the lower of the hospital cost index defined in subdivision 1, paragraph (a), or the percentage change in the case mix adjusted cost per claim. The commissioner shall establish the base year for each rebasing period considering the most recent year or years for which filed Medicare cost reports are available. The estimated

change in the average payment per hospital discharge resulting from a scheduled rebasing must be calculated and made available to the legislature by January 15 of each year in which rebasing is scheduled to occur, and must include by hospital the differential in payment rates compared to the individual hospital's costs.

- (i) Effective for discharges occurring on or after July 1, 2015, inpatient payment rates for critical access hospitals located in Minnesota or the local trade area shall be determined using a new cost-based methodology. The commissioner shall establish within the methodology tiers of payment designed to promote efficiency and cost-effectiveness. Payment rates for hospitals under this paragraph shall be set at a level that does not exceed the total cost for critical access hospitals as reflected in base year cost reports. Until the next rebasing that occurs, the new methodology shall result in no greater than a five percent decrease from the base year payments for any hospital, except a hospital that had payments that were greater than 100 percent of the hospital's costs in the base year shall have their rate set equal to 100 percent of costs in the base year. The rates paid for discharges on and after July 1, 2016, covered under this paragraph shall be increased by the inflation factor in subdivision 1, paragraph (a). The new cost-based rate shall be the final rate and shall not be settled to actual incurred costs. Hospitals shall be assigned a payment tier based on the following criteria:
- (1) hospitals that had payments at or below 80 percent of their costs in the base year shall have a rate set that equals 85 percent of their base year costs;
- (2) hospitals that had payments that were above 80 percent, up to and including 90 percent of their costs in the base year shall have a rate set that equals 95 percent of their base year costs; and
- (3) hospitals that had payments that were above 90 percent of their costs in the base year shall have a rate set that equals 100 percent of their base year costs.
- (j) The commissioner may refine the payment tiers and criteria for critical access hospitals to coincide with the next rebasing under paragraph (h). The factors used to develop the new methodology may include, but are not limited to:
- (1) the ratio between the hospital's costs for treating medical assistance patients and the hospital's charges to the medical assistance program;
- (2) the ratio between the hospital's costs for treating medical assistance patients and the hospital's payments received from the medical assistance program for the care of medical assistance patients;

- 7.8 Sec. 9. Minnesota Statutes 2020, section 256.969, is amended by adding a subdivision to read:
 - Subd. 2f. Alternate inpatient payment rate. Effective January 1, 2022, for a hospital eligible to receive disproportionate share hospital payments under subdivision 9, paragraph (d), clause (6), the commissioner shall reduce the amount calculated under subdivision 9, paragraph (d), clause (6), by 99 percent and compute an alternate inpatient payment rate.

 The alternate payment rate shall be structured to target a total aggregate reimbursement amount equal to what the hospital would have received for providing fee-for-service inpatient services under this section to patients enrolled in medical assistance had the hospital received the entire amount calculated under subdivision 9, paragraph (d), clause (6).
 - **EFFECTIVE DATE.** This section is effective January 1, 2022.
- 7.19 Sec. 10. Minnesota Statutes 2020, section 256.969, subdivision 9, is amended to read:
- Subd. 9. **Disproportionate numbers of low-income patients served.** (a) For admissions occurring on or after July 1, 1993, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:
 - (1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service but less than or equal to one standard deviation above the mean, the adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service; and

(2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment that would be determined under clause (1) for that hospital by 1.1. The commissioner shall report annually on the number of hospitals likely to receive the adjustment authorized by this paragraph. The commissioner shall specifically report on the adjustments received by public hospitals and public hospital corporations located in cities of the first class.

- (b) Certified public expenditures made by Hennepin County Medical Center shall be considered Medicaid disproportionate share hospital payments. Hennepin County and Hennepin County Medical Center shall report by June 15, 2007, on payments made beginning July 1, 2005, or another date specified by the commissioner, that may qualify for reimbursement under federal law. Based on these reports, the commissioner shall apply for federal matching funds.
- (c) Upon federal approval of the related state plan amendment, paragraph (b) is effective retroactively from July 1, 2005, or the earliest effective date approved by the Centers for Medicare and Medicaid Services.
- (d) Effective July 1, 2015, disproportionate share hospital (DSH) payments shall be paid in accordance with a new methodology using 2012 as the base year. Annual payments made under this paragraph shall equal the total amount of payments made for 2012. A licensed children's hospital shall receive only a single DSH factor for children's hospitals. Other DSH factors may be combined to arrive at a single factor for each hospital that is eligible for DSH payments. The new methodology shall make payments only to hospitals located in Minnesota and include the following factors:
- (1) a licensed children's hospital with at least 1,000 fee-for-service discharges in the base year shall receive a factor of 0.868. A licensed children's hospital with less than 1,000 fee-for-service discharges in the base year shall receive a factor of 0.7880;
- (2) a hospital that has in effect for the initial rate year a contract with the commissioner to provide extended psychiatric inpatient services under section 256.9693 shall receive a factor of 0.0160;
- (3) a hospital that has received medical assistance payment from the fee-for-service program for at least 20 transplant services in the base year shall receive a factor of 0.0435;
- (4) a hospital that has a medical assistance utilization rate in the base year between 20 percent up to one standard deviation above the statewide mean utilization rate shall receive a factor of 0.0468;

(5) a hospital that has a medical assistance utilization rate in the base year that is at least one standard deviation above the statewide mean utilization rate but is less than two and one-half standard deviations above the mean shall receive a factor of 0.2300; and

- (6) a hospital that is a level one trauma center and that has a medical assistance utilization rate in the base year that is at least two and one-half standard deviations above the statewide mean utilization rate shall receive a factor of 0.3711.
- (e) For the purposes of determining eligibility for the disproportionate share hospital factors in paragraph (d), clauses (1) to (6), the medical assistance utilization rate and discharge thresholds shall be measured using only one year when a two-year base period is used.
- (e) (f) Any payments or portion of payments made to a hospital under this subdivision that are subsequently returned to the commissioner because the payments are found to exceed the hospital-specific DSH limit for that hospital shall be redistributed, proportionate to the number of fee-for-service discharges, to other DSH-eligible non-children's hospitals that have a medical assistance utilization rate that is at least one standard deviation above the mean.
- (f) (g) An additional payment adjustment shall be established by the commissioner under this subdivision for a hospital that provides high levels of administering high-cost drugs to enrollees in fee-for-service medical assistance. The commissioner shall consider factors including fee-for-service medical assistance utilization rates and payments made for drugs purchased through the 340B drug purchasing program and administered to fee-for-service enrollees. If any part of this adjustment exceeds a hospital's hospital-specific disproportionate share hospital limit, or if the hospital qualifies for the alternative payment rate described in subdivision 2e, the commissioner shall make a payment to the hospital that equals the nonfederal share of the amount that exceeds the limit. The total nonfederal share of the amount of the payment adjustment under this paragraph shall not exceed \$1,500,000 \$9,000,000.
- 9.28 <u>EFFECTIVE DATE.</u> This section is effective July 1, 2021, except that the amendment to paragraph (g) is effective January 1, 2023.

 - Subdivision 1. **Appeals.** A hospital may appeal a decision arising from the application of standards or methods under section 256.9685, 256.9686, or 256.969, if an appeal would result in a change to the hospital's payment rate or payments. Both overpayments and

underpayments that result from the submission of appeals shall be implemented. Regardless of any appeal outcome, relative values, Medicare wage indexes, Medicare cost-to-charge ratios, and policy adjusters shall not be changed. The appeal shall be heard by an administrative law judge according to sections 14.57 to 14.62, or upon agreement by both parties, according to a modified appeals procedure established by the commissioner and the Office of Administrative Hearings. In any proceeding under this section, the appealing party must demonstrate by a preponderance of the evidence that the commissioner's determination is incorrect or not according to law.

To appeal a payment rate or payment determination or a determination made from base year information, the hospital shall file a written appeal request to the commissioner within 60 days of the date the preliminary payment rate determination was mailed. The appeal request shall specify: (i) the disputed items; (ii) the authority in federal or state statute or rule upon which the hospital relies for each disputed item; and (iii) the name and address of the person to contact regarding the appeal. Facts to be considered in any appeal of base year information are limited to those in existence $\frac{12}{18}$ months after the last day of the calendar year that is the base year for the payment rates in dispute.

Sec. 12. Minnesota Statutes 2020, section 256.983, is amended to read:

256.983 FRAUD PREVENTION INVESTIGATIONS.

Subdivision 1. **Programs established.** Within the limits of available appropriations, the commissioner of human services shall require the maintenance of budget neutral fraud prevention investigation programs in the counties <u>or tribal agencies</u> participating in the fraud prevention investigation project established under this section. If funds are sufficient, the commissioner may also extend fraud prevention investigation programs to other counties <u>or tribal agencies</u> provided the expansion is budget neutral to the state. Under any expansion, the commissioner has the final authority in decisions regarding the creation and realignment of individual county, tribal agency, or regional operations.

Subd. 2. County <u>and tribal agency proposals</u>. Each participating county <u>and tribal</u> agency shall develop and submit an annual staffing and funding proposal to the commissioner no later than April 30 of each year. Each proposal shall include, but not be limited to, the staffing and funding of the fraud prevention investigation program, a job description for investigators involved in the fraud prevention investigation program, and the organizational structure of the county <u>or tribal</u> agency unit, training programs for case workers, and the operational requirements which may be directed by the commissioner. - Subd. 3. **Department responsibilities.** The commissioner shall establish training programs which shall be attended by all investigative and supervisory staff of the involved county <u>and tribal</u> agencies. The commissioner shall also develop the necessary operational guidelines, forms, and reporting mechanisms, which shall be used by the involved county <u>or tribal</u> agencies. An individual's application or redetermination form for public assistance benefits, including child care assistance programs and medical care programs, must include an authorization for release by the individual to obtain documentation for any information on that form which is involved in a fraud prevention investigation. The authorization for release is effective for six months after public assistance benefits have ceased.
- Subd. 4. **Funding.** (a) County <u>and tribal</u> agency reimbursement shall be made through the settlement provisions applicable to the Supplemental Nutrition Assistance Program (SNAP), MFIP, child care assistance programs, the medical assistance program, and other federal and state-funded programs.
- (b) The commissioner will maintain program compliance if for any three consecutive month period, a county or tribal agency fails to comply with fraud prevention investigation program guidelines, or fails to meet the cost-effectiveness standards developed by the commissioner. This result is contingent on the commissioner providing written notice, including an offer of technical assistance, within 30 days of the end of the third or subsequent month of noncompliance. The county or tribal agency shall be required to submit a corrective action plan to the commissioner within 30 days of receipt of a notice of noncompliance. Failure to submit a corrective action plan or, continued deviation from standards of more than ten percent after submission of a corrective action plan, will result in denial of funding for each subsequent month, or billing the county or tribal agency for fraud prevention investigation (FPI) service provided by the commissioner, or reallocation of program grant funds, or investigative resources, or both, to other counties or tribal agencies. The denial of funding shall apply to the general settlement received by the county or tribal agency on a quarterly basis and shall not reduce the grant amount applicable to the FPI project.
- Subd. 5. Child care providers; financial misconduct. (a) A county or tribal agency may conduct investigations of financial misconduct by child care providers as described in chapter 245E. Prior to opening an investigation, a county or tribal agency must contact the commissioner to determine whether an investigation under this chapter may compromise an ongoing investigation.

The alternative payment 38.10 methodology shall be 100 percent of cost as determined according to Medicare cost 38.11 principles. 38.12 (g) Effective for services provided on or after January 1, 2021, all claims for payment 38.13 of clinic services provided by FQHCs and rural health clinics shall be paid by the 38.14 commissioner, according to an annual election by the FQHC or rural health clinic, under 38.15 the current prospective payment system described in paragraph (f) or the alternative payment 38.16 methodology described in paragraph (1). 38.17 (h) For purposes of this section, "nonprofit community clinic" is a clinic that: 38.18 (1) has nonprofit status as specified in chapter 317A; 38.19 (2) has tax exempt status as provided in Internal Revenue Code, section 501(c)(3); 38.20 (3) is established to provide health services to low-income population groups, uninsured, 38.21 high-risk and special needs populations, underserved and other special needs populations; 38.22 (4) employs professional staff at least one-half of which are familiar with the cultural 38.23 background of their clients; 38.24

Subd. 2. Commissioner's duties. (a) For the purposes of this subdivision and subdivision 3, the commissioner shall determine the fee-for-service outpatient hospital services upper payment limit for nonstate government hospitals. The commissioner shall then determine the amount of a supplemental payment to Hennepin County Medical Center and Regions Hospital for these services that would increase medical assistance spending in this category to the aggregate upper payment limit for all nonstate government hospitals in Minnesota. In making this determination, the commissioner shall allot the available increases between Hennepin County Medical Center and Regions Hospital based on the ratio of medical assistance fee-for-service outpatient hospital payments to the two facilities. The commissioner shall adjust this allotment as necessary based on federal approvals, the amount of intergovernmental transfers received from Hennepin and Ramsey Counties, and other factors, in order to maximize the additional total payments. The commissioner shall inform Hennepin County and Ramsey County of the periodic intergovernmental transfers necessary to match federal Medicaid payments available under this subdivision in order to make supplementary medical assistance payments to Hennepin County Medical Center and Regions Hospital equal to an amount that when combined with existing medical assistance payments to nonstate governmental hospitals would increase total payments to hospitals in this category for outpatient services to the aggregate upper payment limit for all hospitals in this category in Minnesota. Upon receipt of these periodic transfers, the commissioner shall make supplementary payments to Hennepin County Medical Center and Regions Hospital.

(b) For the purposes of this subdivision and subdivision 3, the commissioner shall determine an upper payment limit for physicians and other billing professionals affiliated with Hennepin County Medical Center and with Regions Hospital. The upper payment limit

55.22	contract with the commissioner to deliver services to medical assistance enrollees under
55.23	section 256B.69.
55.24	(d) "High medical assistance utilization" means a medical assistance utilization rate
55.25	equal to the standard established in section 256.969, subdivision 9, paragraph (d), clause
55.26	<u>(6).</u>
55.27	Subd. 2. Federal approval required. Each directed payment arrangement under this
55.28	section is contingent on federal approval and must conform with the requirements for
55.29	permissible directed managed care organization expenditures under section 256B.6928,
55.30	subdivision 5.

Subd. 3. Eligible providers. Eligible providers under this section are nonstate government 56.1 teaching hospitals with high medical assistance utilization and a level 1 trauma center and 56.2 56.3 the hospital's affiliated billing professionals, ambulance services, and clinics. Subd. 4. Voluntary intergovernmental transfers. A nonstate governmental entity that 56.4 56.5 is eligible to perform intergovernmental transfers may make voluntary intergovernmental transfers to the commissioner. The commissioner shall inform the nonstate governmental 56.6 entity of the intergovernmental transfers necessary to maximize the allowable directed 56.7 payments. 56.8 Subd. 5. Commissioner's duties; state-directed fee schedule requirement. (a) For 56.9 each federally approved directed payment arrangement that is a state-directed fee schedule 56.10 requirement, the commissioner shall determine a uniform adjustment factor to be applied 56.11 to each claim submitted by an eligible provider to a health plan. The uniform adjustment 56.12 factor shall be determined using the average commercial payer rate or using another method 56.13 acceptable to the Centers for Medicare and Medicaid Services if the average commercial 56.14 payer rate is not approved, minus the amount necessary for the plan to satisfy tax liabilities 56.15 under sections 256.9657 and 297I.05 attributable to the directed payment arrangement. The 56.16 commissioner shall ensure that the application of the uniform adjustment factor maximizes 56.17 the allowable directed payments and does not result in payments exceeding federal limits, 56.18 and may use an annual settle-up process. The directed payment shall be specific to each 56.19 health plan and prospectively incorporated into capitation payments for that plan. 56.20 (b) For each federally approved directed payment arrangement that is a state-directed 56.21 fee schedule requirement, the commissioner shall develop a plan for the initial 56.22 implementation of the state-directed fee schedule requirement to ensure that the eligible 56.23 provider receives the entire permissible value of the federally approved directed payment 56.24 arrangement. If federal approval of a directed payment arrangement under this subdivision 56.25 is retroactive, the commissioner shall make a onetime pro rata increase to the uniform 56.26 adjustment factor and the initial payments in order to include claims submitted between the 56.27

57.1 Subd. 8. State quality goals. The directed payment arrangement and state-directed fee schedule requirement must align the state quality goals to Hennepin Healthcare medical 57.2 assistance patients, including unstably housed individuals, those with higher levels of social 57.3 and clinical risk, limited English proficiency (LEP) patients, adults with serious chronic 57.4 conditions, and individuals of color. The directed payment arrangement must maintain 57.5 quality and access to a full range of health care delivery mechanisms for these patients that 57.6 may include behavioral health, emergent care, preventive care, hospitalization, transportation, 57.7 interpreter services, and pharmaceutical services. The commissioner, in consultation with 57.8 Hennepin Healthcare, shall submit to the Centers for Medicare and Medicaid Services a 57.9 methodology to measure access to care and the achievement of state quality goals. 57.10 **EFFECTIVE DATE.** This section is effective January 1, 2022, or upon federal approval, 57.11 whichever is later, unless the federal approval provides for an effective date that is before 57.12 the date the federal approval was issued, including a retroactive effective date, in which 57.13 case this section is effective retroactively from the federally approved effective date. The 57.14 commissioner of human services shall notify the revisor of statutes when federal approval 57.15 is obtained. 57.16 Sec. 42. Minnesota Statutes 2020, section 256B.69, subdivision 6d, is amended to read: 57.17 Subd. 6d. Prescription drugs. The commissioner may shall exclude or modify coverage 57.18 57.19 for outpatient prescription drugs dispensed by a pharmacy to a member eligible for medical assistance under this chapter from the prepaid managed care contracts entered into under 57.20 this section in order to increase savings to the state by collecting additional prescription 57.21 drug rebates. The contracts must maintain incentives for the managed care plan to manage 57.22 drug costs and utilization and may require that the managed care plans maintain an open 57.23 drug formulary. In order to manage drug costs and utilization, the contracts may authorize 57.24 the managed care plans to use preferred drug lists and prior authorization. This subdivision 57.25 is contingent on federal approval of the managed care contract changes and the collection 57.26 of additional prescription drug rebates. 57.27 57.28 **EFFECTIVE DATE.** This section is effective January 1, 2023, or upon completion of the Medicaid Management Information System pharmacy module modernization project, 57.29 whichever is later. - Sec. 46. Minnesota Statutes 2020, section 256B.75, is amended to read:

256B.75 HOSPITAL OUTPATIENT REIMBURSEMENT.

(a) For outpatient hospital facility fee payments for services rendered on or after October 1, 1992, the commissioner of human services shall pay the lower of (1) submitted charge, or (2) 32 percent above the rate in effect on June 30, 1992, except for those services for which there is a federal maximum allowable payment. Effective for services rendered on or after January 1, 2000, payment rates for nonsurgical outpatient hospital facility fees and emergency room facility fees shall be increased by eight percent over the rates in effect on December 31, 1999, except for those services for which there is a federal maximum allowable payment. Services for which there is a federal maximum allowable payment shall be paid at the lower of (1) submitted charge, or (2) the federal maximum allowable payment. Total aggregate payment for outpatient hospital facility fee services shall not exceed the Medicare upper limit. If it is determined that a provision of this section conflicts with existing or future requirements of the United States government with respect to federal financial participation in medical assistance, the federal requirements prevail. The commissioner

may, in the aggregate, prospectively reduce payment rates to avoid reduced federal financial participation resulting from rates that are in excess of the Medicare upper limitations.

- (b) (1) Notwithstanding paragraph (a), payment for outpatient, emergency, and ambulatory surgery hospital facility fee services for critical access hospitals designated under section 144.1483, clause (9), shall be paid on a cost-based payment system that is based on the cost-finding methods and allowable costs of the Medicare program. Effective for services provided on or after July 1, 2015, rates established for critical access hospitals under this paragraph for the applicable payment year shall be the final payment and shall not be settled to actual costs. Effective for services delivered on or after the first day of the hospital's fiscal year ending in 2017, the rate for outpatient hospital services shall be computed using information from each hospital's Medicare cost report as filed with Medicare for the year that is two years before the year that the rate is being computed. Rates shall be computed using information from Worksheet C series until the department finalizes the medical assistance cost reporting process for critical access hospitals. After the cost reporting process is finalized, rates shall be computed using information from Title XIX Worksheet D series. The outpatient rate shall be equal to ancillary cost plus outpatient cost, excluding costs related to rural health clinics and federally qualified health clinics, divided by ancillary charges plus outpatient charges, excluding charges related to rural health clinics and federally qualified health clinics.
- (2) Effective for services provided on or after January 1, 2023, the rate described in clause (1) shall be increased for hospitals providing high levels of high-cost drugs or 340B drugs. The rate adjustment shall be based on each hospital's share of the total reimbursement for 340B drugs to all critical access hospitals, but shall not exceed three percentage points.
- (c) Effective for services provided on or after July 1, 2003, rates that are based on the Medicare outpatient prospective payment system shall be replaced by a budget neutral prospective payment system that is derived using medical assistance data. The commissioner shall provide a proposal to the 2003 legislature to define and implement this provision. When implementing prospective payment methodologies, the commissioner shall use general methods and rate calculation parameters similar to the applicable Medicare prospective payment systems for services delivered in outpatient hospital and ambulatory surgical center settings unless other payment methodologies for these services are specified in this chapter.
- (d) For fee-for-service services provided on or after July 1, 2002, the total payment, before third-party liability and spenddown, made to hospitals for outpatient hospital facility services is reduced by .5 percent from the current statutory rate.

- (c) Effective for services rendered on or after January 1, 2000, through December 31, 2022, payment rates for dental services shall be increased by three percent over the rates in effect on December 31, 1999.

principles of reimbursement. This payment shall be effective for services rendered on or after January 1, 2011, to recipients enrolled in managed care plans or county-based purchasing plans.

- (g) Beginning in fiscal year 2011, if the payments to state-operated dental clinics in paragraph (f), including state and federal shares, are less than \$1,850,000 per fiscal year, a supplemental state payment equal to the difference between the total payments in paragraph (f) and \$1,850,000 shall be paid from the general fund to state-operated services for the operation of the dental clinics.
- (h) If the cost-based payment system for state-operated dental clinics described in paragraph (f) does not receive federal approval, then state-operated dental clinics shall be designated as critical access dental providers under subdivision 4, paragraph (b), and shall receive the critical access dental reimbursement rate as described under subdivision 4, paragraph (a).
- (i) Effective for services rendered on or after September 1, 2011, through June 30, 2013, payment rates for dental services shall be reduced by three percent. This reduction does not apply to state-operated dental clinics in paragraph (f).
- (j) (i) Effective for services rendered on or after January 1, 2014, through December 31, 2022, payment rates for dental services shall be increased by five percent from the rates in effect on December 31, 2013. Effective January 1, 2014, payments made to managed care plans and county-based purchasing plans under sections 256B.69, 256B.692, and 256L.12 shall reflect the payment increase described in this paragraph.

9.1	(l) Payment rates for durable medical equipment, prosthetics, orthotics or supplies, that
59.2	are subject to the upper payment limit in accordance with section 1903(i)(27) of the Social
59.3	Security Act, shall be paid the Medicare rate. Rate increases provided in this chapter shall
59.4	not be applied to the items listed in this paragraph.
9.5	(m) Effective July 1, 2021, the payment rates for all durable medical equipment,
59.6	prosthetics, orthotics, or supplies, except pressure support ventilators, shall be the lesser of
59.7	the provider's submitted charges or the Medicare fee schedule amount, with no increases
59.8	or decreases described in paragraphs (a) to (k) applied. Pressure support ventilators shall
59.9	be paid the Medicare rate plus 47 percent.
9.10	(n) Effective July 1, 2021, the payment rates for durable medical equipment, prosthetics,
59.11	orthotics, or supplies for which Medicare has not established a payment amount shall be
59.12	the lesser of the provider's submitted charges, or the alternative payment methodology rate
59.13	described in clauses (1) to (4) with no increases or decreases described in paragraphs (a) to
59.14	(k) applied.
9.15	(1) The alternate payment methodology rate is calculated from either:
59.16	(i) at least 100 paid claim lines, as priced under paragraph (o), submitted by at least ten
59.17	different providers within one calendar month; or
59.18	(ii) at least 20 paid claim lines, as priced under paragraph (o), submitted by at least five
59.19	different providers within two consecutive quarters for services that are not paid 100 times
59.20	in a calendar month.
59.21	(2) The alternate payment methodology rate is the mean of the payment per unit of the
59.22	claim lines, with the top and bottom ten percent of claim lines, by payment per unit, excluded
59.23	from the calculation of the mean.
59.24	(3) The alternate payment methodology rate for the rate period will be added to the fee
59.25	schedule on the first day of a calendar month or the first day of a calendar quarter if claims
59.26	from more than one month were used to determine the rate. The alternate payment
59.27	methodology rates will be subject to Medicare's inflation or deflation factor on January 1
59.28	of each year unless the rate was calculated and posted to the fee schedule after July 1 of the
59.29	previous year.
59.30	(4) Not more than once every three years, the alternate payment methodology rates must
59.31	be evaluated by the commissioner for reasonableness by reviewing invoices from at least
59.32	20 paid claim lines and five different providers for claims paid during one calendar month
59.33	or one quarter if necessary to obtain the required sample. If the evaluation identifies that

the alternate payment methodology rate is more than five percent higher or lower than the provider's actual acquisition cost plus 20 percent, then the commissioner shall recalculate and update the fee schedule according to clauses (1) to (3). If the evaluation does not show that the alternate payment methodology fee schedule rate is five percent higher or lower than the provider's actual acquisition cost plus 20 percent or a sufficient sample cannot be collected due to low utilization as defined in clause (1), then the commissioner shall maintain the previously calculated alternate payment methodology rate on the fee schedule.

- (o) Until sufficient data is available to calculate the alternative payment methodology, the payment shall be based on the provider's actual acquisition cost plus 20 percent as documented on an invoice submitted by the provider. The payment may be based on a quote the provider received from a vendor showing the provider's actual acquisition cost only if the durable medical equipment, prosthetic, orthotic, or supply requires authorization and the rate is required to complete the authorization.
- 70.14 (p) Notwithstanding paragraph (n), durable medical equipment and supplies billed using
 70.15 miscellaneous codes, and for which no Medicare rate is available, shall be paid the provider's
 70.16 actual acquisition cost plus ten percent.
- Sec. 50. Minnesota Statutes 2020, section 256B.767, is amended to read:

The commissioner shall implement this section after any other rate adjustment that is effective July 1, 2010, and shall reduce rates under this section by first reducing or eliminating provider rate add-ons.
- (b) This section does not apply to services provided by advanced practice certified nurse midwives licensed under chapter 148 or traditional midwives licensed under chapter 147D. Sec. 54. CHILD CARE CENTER REGULATION MODERNIZATION.

- (a) The commissioner of human services shall contract with an experienced and independent organization or individual consultant to conduct the work outlined in this section. If practicable, the commissioner must contract with the National Association for Regulatory Administration.
- (b) The consultant must develop a proposal for revised licensing standards that includes
 a risk-based model for monitoring compliance with child care center licensing standards,
 grounded in national regulatory best practices. Violations in the new model must be weighted
 to reflect the potential risk that the violations pose to children's health and safety, and
 licensing sanctions must be tied to the potential risk. The proposed new model must protect

 and fair to providers.
 - (c) The consultant shall develop and implement a stakeholder engagement process that solicits input from parents, licensed child care centers, staff of the Department of Human Services, and experts in child development about appropriate licensing standards, appropriate tiers for violations of the standards based on the potential risk of harm that each violation poses, and appropriate licensing sanctions for each tier.
- (d) The consultant shall solicit input from parents, licensed child care centers, and staff
 of the Department of Human Services about which child care centers should be eligible for
 abbreviated inspections that predict compliance with other licensing standards for licensed
 child care centers using key indicators previously identified by an empirically based statistical
 methodology developed by the National Association for Regulatory Administration and the
 Research Institute for Key Indicators.
- (e) No later than February 1, 2024, the commissioner shall submit a report and proposed legislation required to implement the new licensing model to the chairs and ranking minority members of the legislative committees with jurisdiction over child care regulation.

- 212.18 micrograms of lead per deciliter of whole blood.
- (b) If a blood lead analysis is performed outside of Minnesota and the facility performing
- 212.20 the analysis does not report the blood lead analysis results and epidemiological information
- 212.21 required in this section to the commissioner, the provider who collected the blood specimen
- 212.22 must satisfy the reporting requirements of this section. For purposes of this section, "provider"
- 212.23 has the meaning given in section 62D.02, subdivision 9.
- (c) The commissioner shall coordinate with hospitals, medical clinics, medical

- Sec. 54. Minnesota Statutes 2020, section 144.9504, subdivision 2, is amended to read:
- Subd. 2. Lead risk assessment. (a) Notwithstanding section 144.9501, subdivision 6a,
- 212.29 for purposes of this subdivision, "child" means an individual under 18 years of age.
- 212.30 (b) An assessing agency shall conduct a lead risk assessment of a residence, residential
- or commercial child care facility, playground, school, or other location where lead hazards

are suspected according to the venous blood lead level and time frame set forth in clauses 213.1 (1) to (4) for purposes of secondary prevention: 213.2 (1) within 48 hours of a child or pregnant female in the residence, residential or 213.3 commercial child care facility, playground, school, or other location where lead hazards are 213.4 suspected being identified to the agency as having a venous blood lead level equal to or 213.5 greater than 60 micrograms of lead per deciliter of whole blood; 213.6 (2) within five working days of a child or pregnant female in the residence, residential 213.7 or commercial child care facility, playground, school, or other location where lead hazards 213.8 are suspected being identified to the agency as having a venous blood lead level equal to 213.9 or greater than 45 micrograms of lead per deciliter of whole blood; 213.10 (3) within ten working days of a child in the residence being identified to the agency as 213.11 having a venous blood lead level equal to or greater than 15 micrograms of lead per deciliter 213.12 of whole blood; or 213.13 (4) (3) within ten working days of a child or pregnant female in the residence, residential 213.14 or commercial child care facility, playground, school, or other location where lead hazards 213.15 are suspected being identified to the agency as having a venous blood lead level equal to 213.16 or greater than ten micrograms of lead per deciliter of whole blood-; or 213.17 (4) within 20 working days of a child or pregnant female in the residence, residential or 213 18 commercial child care facility, playground, school, or other location where lead hazards are 213.19 suspected being identified to the agency as having a venous blood lead level equal to or 213.20 greater than five micrograms per deciliter of whole blood. 213.21 An assessing agency may refer investigations at sites other than the child's or pregnant 213.22 female's residence to the commissioner. 213.23 (b) (c) Within the limits of available local, state, and federal appropriations, an assessing 213.24 agency may also conduct a lead risk assessment for children with any elevated blood lead 213.25 level. 213.26 213.27 (e) (d) In a building with two or more dwelling units, an assessing agency shall assess the individual unit in which the conditions of this section are met and shall inspect all 213.28 common areas accessible to a child. If a child visits one or more other sites such as another 213.29 residence, or a residential or commercial child care facility, playground, or school, the 213.30 assessing agency shall also inspect the other sites. The assessing agency shall have one 213.31 additional day added to the time frame set forth in this subdivision to complete the lead risk 213.32

assessment for each additional site.

(d) (e) Within the limits of appropriations, the assessing agency shall identify the known addresses for the previous 12 months of the child or pregnant female with venous blood lead levels of at least 15 micrograms per deciliter for the child or at least ten micrograms per deciliter for the pregnant female; notify the property owners, landlords, and tenants at those addresses that an elevated blood lead level was found in a person who resided at the property; and give them primary prevention information. Within the limits of appropriations, the assessing agency may perform a risk assessment and issue corrective orders in the properties, if it is likely that the previous address contributed to the child's or pregnant female's blood lead level. The assessing agency shall provide the notice required by this subdivision without identifying the child or pregnant female with the elevated blood lead level. The assessing agency is not required to obtain the consent of the child's parent or guardian or the consent of the pregnant female for purposes of this subdivision. This information shall be classified as private data on individuals as defined under section 13.02, subdivision 12.

(e) (f) The assessing agency shall conduct the lead risk assessment according to rules adopted by the commissioner under section 144.9508. An assessing agency shall have lead risk assessments performed by lead risk assessors licensed by the commissioner according to rules adopted under section 144.9508. If a property owner refuses to allow a lead risk assessment, the assessing agency shall begin legal proceedings to gain entry to the property and the time frame for conducting a lead risk assessment set forth in this subdivision no longer applies. A lead risk assessor or assessing agency may observe the performance of lead hazard reduction in progress and shall enforce the provisions of this section under section 144.9509. Deteriorated painted surfaces, bare soil, and dust must be tested with appropriate analytical equipment to determine the lead content, except that deteriorated painted surfaces or bare soil need not be tested if the property owner agrees to engage in lead hazard reduction on those surfaces. The lead content of drinking water must be measured if another probable source of lead exposure is not identified. Within a standard metropolitan statistical area, an assessing agency may order lead hazard reduction of bare soil without measuring the lead content of the bare soil if the property is in a census tract in which soil sampling has been performed according to rules established by the commissioner and at least 25 percent of the soil samples contain lead concentrations above the standard in section 144.9508.

(f) (g) Each assessing agency shall establish an administrative appeal procedure which allows a property owner to contest the nature and conditions of any lead order issued by the assessing agency. Assessing agencies must consider appeals that propose lower cost

- Subd. 5. Lead orders. (a) An assessing agency, after conducting a lead risk assessment, shall order a property owner to perform lead hazard reduction on all lead sources that exceed a standard adopted according to section 144.9508. If lead risk assessments and lead orders are conducted at times when weather or soil conditions do not permit the lead risk assessment or lead hazard reduction, external surfaces and soil lead shall be assessed, and lead orders 215.11 complied with, if necessary, at the first opportunity that weather and soil conditions allow.

- (1) perform lead hazard reduction at the site where the assessing agency conducted the 215.15 lead risk assessment; and 215.16

Before the assessing agency may 215.24 order the intact paint to be removed, a reasonable effort must be made to protect the child 215.25 and preserve the intact paint by the use of guards or other protective devices and methods. 215.26
 - (e) Whenever windows and doors or other components covered with deteriorated lead-based paint have sound substrate or are not rotting, those components should be repaired, sent out for stripping or planed down to remove deteriorated lead-based paint, or covered with protective guards instead of being replaced, provided that such an activity is the least cost method. However, a property owner who has been ordered to perform lead hazard reduction may choose any method to address deteriorated lead-based paint on windows,

Section 1. Minnesota Statutes 2020, section 62A.04, subdivision 2, is amended to read:

Subd. 2. **Required provisions.** Except as provided in subdivision 4 each such policy delivered or issued for delivery to any person in this state shall contain the provisions specified in this subdivision in the words in which the same appear in this section. The insurer may, at its option, substitute for one or more of such provisions corresponding provisions of different wording approved by the commissioner which are in each instance not less favorable in any respect to the insured or the beneficiary. Such provisions shall be preceded individually by the caption appearing in this subdivision or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the commissioner may approve.

(1) A provision as follows:

ENTIRE CONTRACT; CHANGES: This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions.

(2) A provision as follows:

TIME LIMIT ON CERTAIN DEFENSES: (a) After two years from the date of issue of this policy no misstatements, except fraudulent misstatements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred or disability (as defined in the policy) commencing after the expiration of such two year period.

The foregoing policy provision shall not be so construed as to affect any legal requirement for avoidance of a policy or denial of a claim during such initial two year period, nor to limit the application of clauses (1), (2), (3), (4) and (5), in the event of misstatement with respect to age or occupation or other insurance. A policy which the insured has the right to continue in force subject to its terms by the timely payment of premium (1) until at least age 50 or, (2) in the case of a policy issued after age 44, for at least five years from its date of issue, may contain in lieu of the foregoing the following provisions (from which the clause in parentheses may be omitted at the insurer's option) under the caption "INCONTESTABLE":

- After this policy has been in force for a period of two years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application.
- (b) No claim for loss incurred or disability (as defined in the policy) commencing after two years from the date of issue of this policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this policy.
- 299.17 (3)(a) Except as required for qualified health plans sold through MNsure to individuals receiving advance payments of the premium tax credit, a provision as follows:
- GRACE PERIOD: A grace period of (insert a number not less than "7" for weekly premium policies, "10" for monthly premium policies and "31" for all other policies) days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force.
- A policy which contains a cancellation provision may add, at the end of the above provision,
- subject to the right of the insurer to cancel in accordance with the cancellation provision hereof.
- A policy in which the insurer reserves the right to refuse any renewal shall have, at the beginning of the above provision,
- Unless not less than five days prior to the premium due date the insurer has delivered to the insured or has mailed to the insured's last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted.

(b) For qualified individual and small group health plans sold through MNsure to individuals receiving advance payments of the premium tax credit, a grace period provision must be included that complies with the Affordable Care Act and is no less restrictive than the grace period required by the Affordable Care Act section 62A.65, subdivision 2a.

REINSTATEMENT: If any renewal premium be not paid within the time granted the insured for payment, a subsequent acceptance of premium by the insurer or by any agent duly authorized by the insurer to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy. If the insurer or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by the insurer or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the insurer has previously notified the insured in writing of its disapproval of such application. For health plans described in section 62A.011, subdivision 3, clause (10), an insurer must accept payment of a renewal premium and reinstate the policy, if the insured applies for reinstatement no later than 60 days after the due date for the premium payment, unless:

- (1) the insured has in the interim left the state or the insurer's service area; or
- (2) the insured has applied for reinstatement on two or more prior occasions.

The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten days after such date. In all other respects the insured and insurer shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than 60 days prior to the date of reinstatement. The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (1) until at least age 50, or, (2) in the case of a policy issued after age 44, for at least five years from its date of issue.

(5) A provision as follows:

NOTICE OF CLAIM: Written notice of claim must be given to the insurer within 20 days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the

beneficiary to the insurer at (insert the location of such office as the insurer may designate for the purpose), or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer.

In a policy providing a loss-of-time benefit which may be payable for at least two years, an insurer may at its option insert the following between the first and second sentences of the above provision:

Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for which indemnity may be payable for at least two years, the insured shall, at least once in every six months after having given notice of claim, give to the insurer notice of continuance of said disability, except in the event of legal incapacity. The period of six months following any filing of proof by the insured or any payment by the insurer on account of such claim or any denial of liability in whole or in part by the insurer shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured's right to any indemnity which would otherwise have accrued during the period of six months preceding the date on which such notice is actually given.

If such forms are not furnished within 15 days after the giving of such notice the claimant shall be deemed to have complied with the requirements of this policy as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character and the extent of the loss for which claim is made.

(7) A provision as follows:

PROOFS OF LOSS: Written proof of loss must be furnished to the insurer at its said office in case of claim for loss for which this policy provides any periodic payment contingent upon continuing loss within 90 days after the termination of the period for which the insurer is liable and in case of claim for any other loss within 90 days after the date of such loss. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

(8) A provision as follows:

All other indemnities will be payable to the insured.

The following provisions, or either of them, may be included with the foregoing provision at the option of the insurer:

- Subd. 5. Prohibition on waiting periods that exceed 90 days. (a) For purposes of this 303.19 subdivision, "waiting period" means the period that must pass before coverage becomes 303.20 effective for an individual who is otherwise eligible to enroll under the terms of a group 303.21 health plan. 303.22
- (b) A health carrier offering a group health plan must not apply a waiting period that 303.23 exceeds 90 days, with exceptions for the circumstances described in paragraphs (c) to (e). 303.24 A health carrier does not violate this subdivision solely because an individual is permitted 303.25 to take additional time to elect coverage beyond the end of the 90-day waiting period. 303.26
 - (c) If a group health plan conditions eligibility on an employee working full time or regularly having a specified number of service hours per period, and the plan is unable to determine whether a newly hired employee is full time or reasonably expected to regularly work the specific number of hours per period, the plan may take a reasonable period of time, not to exceed 12 months beginning on any date between the employee's start date and the first day of the first calendar month after the employee's start date, to determine whether the employee meets the plan's eligibility condition.

304.1	(d) If a group health plan conditions eligibility on an employee having completed a
304.2	cumulative number of service hours, the cumulative hours-of-service requirement must not
304.3	exceed 1,200 hours.
304.4	(e) An orientation period may be added to the 90-day waiting period if the orientation
304.5	period is one month or less. The one-month period is determined by adding one calendar
304.6	month and subtracting one calendar day, measured from an employee's start date in a position
304.7	that is otherwise eligible for coverage.
304.8	(f) A group health plan may treat an employee whose employment has terminated and
304.9	is later rehired as newly eligible upon rehire and require the rehired employee to meet the
304.10	plan's eligibility criteria and waiting period again, if doing so is reasonable under the
304.11	circumstances. Treating an employee as rehired is reasonable if the employee has a break
304.12	in service of at least 13 weeks, or at least 26 weeks if the employer is an educational
304.13	institution.
304.14	EFFECTIVE DATE. This section is effective January 1, 2022, for health plans offered,

Subdivision 1. **Definition.** For the purposes of this section, "telemedicine" means the 325.9 delivery of health care services or consultations while the patient is at an originating site 325.10 and the licensed health care provider is at a distant site. A communication between licensed 325.11 health care providers that consists solely of a telephone conversation, e-mail, or faesimile 325.12 transmission does not constitute telemedicine consultations or services. A communication 325.13 between a licensed health care provider and a patient that consists solely of an e-mail or 325.14 facsimile transmission does not constitute telemedicine consultations or services. 325.15 Telemedicine may be provided by means of real-time two-way interactive audio, and visual communications, including the application of secure video conferencing or store-and-forward technology to provide or support health care delivery, that facilitate the assessment, diagnosis, 325.18 consultation, treatment, education, and care management of a patient's health care. 325.19 "telehealth" has the meaning given in section 62A.673, subdivision 2, paragraph (h). 325.20 Subd. 2. Physician-patient relationship. A physician-patient relationship may be 325.21 established through telemedicine telehealth. 325.22 Subd. 3. Standards of practice and conduct. A physician providing health care services 325.23 by telemedicine telehealth in this state shall be held to the same standards of practice and 325.24 conduct as provided in this chapter for in-person health care services. 325.25 Sec. 3. in Minnesota Statutes. A licensed practitioner may prescribe a legend drug, without reference to a specific patient, by directing a licensed dietitian or licensed nutritionist, pursuant to section 148.634; a nurse, pursuant to section 148.235, subdivisions 8 and 9; physician assistant; medical student or resident; or pharmacist according to section 151.01, subdivision 27, to adhere to a particular practice guideline or protocol when treating patients whose condition falls within such guideline or protocol, and when such guideline or protocol specifies the circumstances under which the legend drug is to be prescribed and administered. An individual who verbally, electronically, or otherwise transmits a written, oral, or electronic order, as an agent of a prescriber, shall not be deemed to have prescribed the legend drug. This paragraph applies to a physician assistant only if the physician assistant meets the requirements of section 147A.18 sections 147A.02 and 147A.09.

- (b) The commissioner of health, if a licensed practitioner, or a person designated by the commissioner who is a licensed practitioner, may prescribe a legend drug to an individual or by protocol for mass dispensing purposes where the commissioner finds that the conditions triggering section 144.4197 or 144.4198, subdivision 2, paragraph (b), exist. The commissioner, if a licensed practitioner, or a designated licensed practitioner, may prescribe, dispense, or administer a legend drug or other substance listed in subdivision 10 to control tuberculosis and other communicable diseases. The commissioner may modify state drug labeling requirements, and medical screening criteria and documentation, where time is critical and limited labeling and screening are most likely to ensure legend drugs reach the maximum number of persons in a timely fashion so as to reduce morbidity and mortality.
- (c) A licensed practitioner that dispenses for profit a legend drug that is to be administered orally, is ordinarily dispensed by a pharmacist, and is not a vaccine, must file with the practitioner's licensing board a statement indicating that the practitioner dispenses legend drugs for profit, the general circumstances under which the practitioner dispenses for profit, and the types of legend drugs generally dispensed. It is unlawful to dispense legend drugs for profit after July 31, 1990, unless the statement has been filed with the appropriate licensing board. For purposes of this paragraph, "profit" means (1) any amount received by the practitioner in excess of the acquisition cost of a legend drug for legend drugs that are purchased in prepackaged form, or (2) any amount received by the practitioner in excess of the acquisition cost of a legend drug plus the cost of making the drug available if the legend drug requires compounding, packaging, or other treatment. The statement filed under this paragraph is public data under section 13.03. This paragraph does not apply to a licensed doctor of veterinary medicine or a registered pharmacist.  - (d) For purposes of this subdivision, unless otherwise covered under this chapter, "telemedicine" is defined as the delivery of health care services or consultations while the patient is at an originating site and the licensed health care provider is at a distant site. A communication between licensed health care providers, or a licensed health care provider and a patient that consists solely of a telephone conversation, e-mail, or facsimile transmission does not constitute telemedicine consultations or services. Telemedicine may be provided by means of real-time two-way, interactive audio and visual communications, including the application of secure video conferencing or store-and-forward technology to provide or support health care delivery, which facilitate the assessment, diagnosis, consultation, treatment, education, and care management of a patient's health care:
 - (1) "telehealth" means the delivery of health care services or consultations through the use of real-time, two-way interactive audio and visual or audio-only communications to provide or support health care delivery and facilitate the assessment, diagnosis, consultation, treatment, education, and care management of a patient's health care. Telehealth includes the application of secure video conferencing, store-and-forward transfers, and synchronous interactions between a patient located at an originating site and a health care provider located at a distant site. Unless interactive visual and audio communication is specifically required, telehealth includes audio-only communication between a health care provider and a patient, if the communication is a scheduled appointment with the health care provider and the standard of care for the service can be met through the use of audio-only communication. Telehealth does not include communication between health care providers, or communication between a health care provider and a patient that consists solely of an e-mail or facsimile transmission;

- assessor to the person's known needs, strengths, preferences, and circumstances.
- Reassessments provide information to support the person's informed choice and opportunities
- 352.9 to express choice regarding activities that contribute to quality of life, as well as information
- 352.10 and opportunity to identify goals related to desired employment, community activities, and

- 352.13 services, and the development of an updated person-centered community support plan.
- 352.14 Reassessments must verify continued eligibility, offer alternatives as warranted, and provide
- 352.15 an opportunity for quality assurance of service delivery. Face-to-face Reassessments must
- be conducted annually or as required by federal and state laws and rules. For reassessments,
- 352.17 the certified assessor and the individual responsible for developing the coordinated service
- 352.18 and support plan must ensure the continuity of care for the person receiving services and

- 352.20 support plan no more than 60 days from the reassessment visit.
- 352.21 (b) The commissioner shall develop mechanisms for providers and case managers to
- 352.22 share information with the assessor to facilitate a reassessment and support planning process
- 352.23 tailored to the person's current needs and preferences.
- Sec. 19. Minnesota Statutes 2020, section 256B.0911, subdivision 4d, is amended to read:
- Subd. 4d. Preadmission screening of individuals under 65 years of age. (a) It is the

- 352.27 are served in the most integrated setting appropriate to their needs and have the necessary
- 352.28 information to make informed choices about home and community-based service options.
- (b) Individuals under 65 years of age who are admitted to a Medicaid-certified nursing
- 352.30 facility must be screened prior to admission according to the requirements outlined in section
- 352.31 256.975, subdivisions 7a to 7c. This shall be provided by the Senior LinkAge Line as

(c) Individuals under 65 years of age who are admitted to nursing facilities with only a telephone screening must receive a face-to-face assessment from the long-term care consultation team member of the county in which the facility is located or from the recipient's county case manager within the timeline established by the commissioner, based on review of data.

- (d) At the face-to-face assessment, the long-term care consultation team member or county case manager must perform the activities required under subdivision 3b.
- (e) For individuals under 21 years of age, a screening interview which recommends nursing facility admission must be face-to-face and approved by the commissioner before the individual is admitted to the nursing facility.
- (f) In the event that an individual under 65 years of age is admitted to a nursing facility on an emergency basis, the Senior LinkAge Line must be notified of the admission on the next working day, and a face-to-face assessment as described in paragraph (c) must be conducted within the timeline established by the commissioner, based on review of data.
- (g) At the face-to-face assessment, the long-term care consultation team member or the case manager must present information about home and community-based options, including consumer-directed options, so the individual can make informed choices. If the individual chooses home and community-based services, the long-term care consultation team member or case manager must complete a written relocation plan within 20 working days of the visit. The plan shall describe the services needed to move out of the facility and a time line for the move which is designed to ensure a smooth transition to the individual's home and community.
- (h) An individual under 65 years of age residing in a nursing facility shall receive a face-to-face assessment reassessment at least every 12 months to review the person's service choices and available alternatives unless the individual indicates, in writing, that annual visits are not desired. In this case, the individual must receive a face-to-face assessment reassessment at least once every 36 months for the same purposes. A remote reassessment is permitted only if the person being reassessed, the person's legal representative, and the lead agency case manager all agree that there is no change in the person's condition, there is no need for a change in service, and that a remote reassessment is appropriate. The person being reassessed, or the person's legal representative, has the right to refuse a remote reassessment at any time.  MinnesotaCare payment for targeted case management shall be made on a monthly basis.
 In order to receive payment for an eligible adult, the provider must document at least one
 contact per month and not more than two consecutive months without a face-to-face contact
 or a contact by interactive video that meets the requirements of section 256B.0625,
 subdivision 20b, with the adult or the adult's legal representative, family, primary caregiver,
 or other relevant persons identified as necessary to the development or implementation of
 the goals of the personal service plan.
 - (b) Payment for targeted case management provided by county staff under this subdivision shall be based on the monthly rate methodology under section 256B.094, subdivision 6, paragraph (b), calculated as one combined average rate together with adult mental health case management under section 256B.0625, subdivision 20, except for calendar year 2002. In calendar year 2002, the rate for case management under this section shall be the same as the rate for adult mental health case management in effect as of December 31, 2001. Billing and payment must identify the recipient's primary population group to allow tracking of revenues.
 - (c) Payment for targeted case management provided by county-contracted vendors shall be based on a monthly rate negotiated by the host county. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate

- (d) If the service is provided by a team that includes contracted vendors and county staff, the costs for county staff participation on the team shall be included in the rate for county-provided services. In this case, the contracted vendor and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, the county must document, in the recipient's file, the need for team targeted case management and a description of the different roles of the team members.

- (h) Payments to counties for targeted case management expenditures under this section shall only be made from federal earnings from services provided under this section. Payments to contracted vendors shall include both the federal earnings and the county share.
- (i) Notwithstanding section 256B.041, county payments for the cost of case management services provided by county staff shall not be made to the commissioner of management and budget. For the purposes of targeted case management services provided by county staff under this section, the centralized disbursement of payments to counties under section 256B.041 consists only of federal earnings from services provided under this section.
- (j) If the recipient is a resident of a nursing facility, intermediate care facility, or hospital, and the recipient's institutional care is paid by medical assistance, payment for targeted case management services under this subdivision is limited to the lesser of:

(a) An amount of child care assistance paid to a recipient or provider in excess of the payment due is recoverable by the county agency or commissioner under paragraphs (b) and (c), even when the overpayment was caused by agency error or circumstances outside the responsibility and control of the family or provider.

(b) An overpayment must be recouped or recovered from the family if the overpayment benefited the family by causing the family to pay less for child care expenses than the family otherwise would have been required to pay under child care assistance program requirements. If the family remains eligible for child care assistance, the overpayment must be recovered through recoupment as identified in Minnesota Rules, part 3400.0187, except that the overpayments must be calculated and collected on a service period basis. If the family no 391.19 longer remains eligible for child care assistance, the county or commissioner may choose 391.20 to initiate efforts to recover overpayments from the family for overpayment less than \$50. 391.21 If the overpayment is greater than or equal to \$50, the county or commissioner shall seek voluntary repayment of the overpayment from the family. - Subd. 1a. **Legal nonlicensed family child care provider rates.** (a) Legal nonlicensed family child care providers receiving reimbursement under this chapter must be paid on an hourly basis for care provided to families receiving assistance.
- (b) The maximum rate paid to legal nonlicensed family child care providers must be 68 90 percent of the county maximum hourly rate for licensed family child care providers. The rate increase is effective the first full service period on or after January 1 of the year following the provider rate survey. In counties or county price clusters where the maximum hourly rate for licensed family child care providers is higher than the maximum weekly rate for those providers divided by 50, the maximum hourly rate that may be paid to legal nonlicensed family child care providers is the rate equal to the maximum weekly rate for licensed family child care providers divided by 50 and then multiplied by 0.68 0.90. The maximum payment to a provider for one day of care must not exceed the maximum hourly rate times ten. The maximum payment to a provider for one week of care must not exceed the maximum hourly rate times 50.
- 395.17 (c) A rate which includes a special needs rate paid under subdivision 3 may be in excess of the maximum rate allowed under this subdivision.
- 395.19 (d) Legal nonlicensed family child care providers receiving reimbursement under this chapter may not be paid registration fees for families receiving assistance.
- 395.21 **EFFECTIVE DATE.** This section is effective the day following final enactment.
- Sec. 8. Minnesota Statutes 2020, section 119B.13, subdivision 6, is amended to read:
- Subd. 6. **Provider payments.** (a) A provider shall bill only for services documented according to section 119B.125, subdivision 6. The provider shall bill for services provided within ten days of the end of the service period. Payments under the child care fund shall be made within 21 days of receiving a complete bill from the provider. Counties or the state may establish policies that make payments on a more frequent basis.
- (b) If a provider has received an authorization of care and been issued a billing form for an eligible family, the bill must be submitted within 60 days of the last date of service on the bill. A bill submitted more than 60 days after the last date of service must be paid if the county determines that the provider has shown good cause why the bill was not submitted within 60 days. Good cause must be defined in the county's child care fund plan under

- (c) If a provider provided care for a time period without receiving an authorization of care and a billing form for an eligible family, payment of child care assistance may only be made retroactively for a maximum of six three months from the date the provider is issued an authorization of care and billing form. For a family at application, if a provider provided child care during a time period without receiving an authorization of care and a billing form, a county may only make child care assistance payments to the provider retroactively from the date that child care began, or from the date that the family's eligibility began under section 119B.09, subdivision 7, or from the date that the family meets authorization requirements, not to exceed six months from the date the provider is issued an authorization of care and billing form, whichever is later.
- (d) A county or the commissioner may refuse to issue a child care authorization to a certified, licensed, or legal nonlicensed provider, revoke an existing child care authorization to a certified, licensed, or legal nonlicensed provider, stop payment issued to a certified, licensed, or legal nonlicensed provider, or refuse to pay a bill submitted by a certified, licensed, or legal nonlicensed provider if:
 - (1) the provider admits to intentionally giving the county materially false information on the provider's billing forms;
- (2) a county or the commissioner finds by a preponderance of the evidence that the provider intentionally gave the county materially false information on the provider's billing forms, or provided false attendance records to a county or the commissioner;
- 396.24 (3) the provider is in violation of child care assistance program rules, until the agency determines those violations have been corrected;
- 396.26 (4) the provider is operating after:
- 396.27 (i) an order of suspension of the provider's license issued by the commissioner;
- 396.28 (ii) an order of revocation of the provider's license issued by the commissioner; or
- 396.29 (iii) a final order of conditional license issued by the commissioner for as long as the 396.30 conditional license is in effect an order of decertification issued to the provider;

397.31 the time must not count toward the absent days limit. Child care providers must only be

reimbursed for absent days if the provider has a written policy for child absences and charges all other families in care for similar absences.

- (b) Notwithstanding paragraph (a), children with documented medical conditions that cause more frequent absences may exceed the 25 absent days limit, or ten consecutive full-day absent days limit. Absences due to a documented medical condition of a parent or sibling who lives in the same residence as the child receiving child care assistance do not count against the absent days limit in a calendar year. Documentation of medical conditions must be on the forms and submitted according to the timelines established by the commissioner. A public health nurse or school nurse may verify the illness in lieu of a medical practitioner. If a provider sends a child home early due to a medical reason, including, but not limited to, fever or contagious illness, the child care center director or lead teacher may verify the illness in lieu of a medical practitioner.
- (c) Notwithstanding paragraph (a), children in families may exceed the absent days limit if at least one parent: (1) is under the age of 21; (2) does not have a high school diploma or commissioner of education-selected high school equivalency certification; and (3) is a student in a school district or another similar program that provides or arranges for child care, parenting support, social services, career and employment supports, and academic support to achieve high school graduation, upon request of the program and approval of the county. If a child attends part of an authorized day, payment to the provider must be for the full amount of care authorized for that day.
- (d) Child care providers must be reimbursed for up to ten federal or state holidays or designated holidays per year when the provider charges all families for these days and the holiday or designated holiday falls on a day when the child is authorized to be in attendance. Parents may substitute other cultural or religious holidays for the ten recognized state and federal holidays. Holidays do not count toward the absent days limit.
- (e) A family or child care provider must not be assessed an overpayment for an absent day payment unless (1) there was an error in the amount of care authorized for the family, or (2) all of the allowed full-day absent payments for the child have been paid, or (3) the family or provider did not timely report a change as required under law.
- (f) The provider and family shall receive notification of the number of absent days used upon initial provider authorization for a family and ongoing notification of the number of absent days used as of the date of the notification.
- 398.33 (g) For purposes of this subdivision, "absent days limit" means 25 full-day absent days per child, excluding holidays, in a calendar year; and ten consecutive full-day absent days.

Section 1. Minnesota Statutes 2020, section 256N.25, subdivision 2, is amended to read:

Subd. 2. **Negotiation of agreement.** (a) When a child is determined to be eligible for Northstar kinship assistance or adoption assistance, the financially responsible agency, or, if there is no financially responsible agency, the agency designated by the commissioner, must negotiate with the caregiver to develop an agreement under subdivision 1. If and when the caregiver and agency reach concurrence as to the terms of the agreement, both parties shall sign the agreement. The agency must submit the agreement, along with the eligibility determination outlined in sections 256N.22, subdivision 7, and 256N.23, subdivision 7, to the commissioner for final review, approval, and signature according to subdivision 1.

- (b) A monthly payment is provided as part of the adoption assistance or Northstar kinship assistance agreement to support the care of children unless the child is eligible for adoption assistance and determined to be an at-risk child, in which case no payment will be made unless and until the caregiver obtains written documentation from a qualified expert that the potential disability upon which eligibility for the agreement was based has manifested itself.
- (1) The amount of the payment made on behalf of a child eligible for Northstar kinship assistance or adoption assistance is determined through agreement between the prospective relative custodian or the adoptive parent and the financially responsible agency, or, if there is no financially responsible agency, the agency designated by the commissioner, using the assessment tool established by the commissioner in section 256N.24, subdivision 2, and the associated benefit and payments outlined in section 256N.26. Except as provided under section 256N.24, subdivision 1, paragraph (c), the assessment tool establishes the monthly benefit level for a child under foster care. The monthly payment under a Northstar kinship assistance agreement or adoption assistance agreement may be negotiated up to the monthly benefit level under foster care. In no case may the amount of the payment under a Northstar kinship assistance agreement or adoption assistance agreement exceed the foster care maintenance payment which would have been paid during the month if the child with respect to whom the Northstar kinship assistance or adoption assistance payment is made had been in a foster family home in the state.
- (2) The rate schedule for the agreement is determined based on the age of the child on the date that the prospective adoptive parent or parents or relative custodian or custodians sign the agreement.

(3) The income of the relative custodian or custodians or adoptive parent or parents must not be taken into consideration when determining eligibility for Northstar kinship assistance or adoption assistance or the amount of the payments under section 256N.26.

- (4) With the concurrence of the relative custodian or adoptive parent, the amount of the payment may be adjusted periodically using the assessment tool established by the commissioner in section 256N.24, subdivision 2, and the agreement renegotiated under subdivision 3 when there is a change in the child's needs or the family's circumstances.
- (5) An adoptive parent of an at-risk child with an adoption assistance agreement may request a reassessment of the child under section 256N.24, subdivision 10, and renegotiation of the adoption assistance agreement under subdivision 3 to include a monthly payment, if the caregiver has written documentation from a qualified expert that the potential disability upon which eligibility for the agreement was based has manifested itself. Documentation of the disability must be limited to evidence deemed appropriate by the commissioner.

- (2) the amount of the monthly payment for a Northstar kinship assistance agreement for a child who is under the age of six must be as specified in section 256N.26, subdivision 5.
- (d) For adoption assistance agreements:
- (1) for a child in foster care with the prospective adoptive parent immediately prior to adoptive placement, the initial amount of the monthly adoption assistance payment must be equivalent to the foster care rate in effect at the time that the agreement is signed less any offsets in section 256N.26, subdivision 11, or a lesser negotiated amount if agreed to by the prospective adoptive parents and specified in that agreement, unless the child is 401.27 identified as at-risk or the adoption assistance agreement is entered into when a child is under the age of six;
- 401.30 (2) for an at-risk child who must be assigned level A as outlined in section 256N.26, no payment will be made unless and until the potential disability manifests itself, as documented 401.31 by an appropriate professional, and the commissioner authorizes commencement of payment 401.32 by modifying the agreement accordingly;

(3) the amount of the monthly payment for an adoption assistance agreement for a child under the age of six, other than an at-risk child, must be as specified in section 256N.26, subdivision 5;

- (4) for a child who is in the Northstar kinship assistance program immediately prior to adoptive placement, the initial amount of the adoption assistance payment must be equivalent to the Northstar kinship assistance payment in effect at the time that the adoption assistance agreement is signed or a lesser amount if agreed to by the prospective adoptive parent and specified in that agreement, unless the child is identified as an at-risk child; and
- (5) for a child who is not in foster care placement or the Northstar kinship assistance program immediately prior to adoptive placement or negotiation of the adoption assistance agreement, the initial amount of the adoption assistance agreement must be determined using the assessment tool and process in this section and the corresponding payment amount outlined in section 256N.26.
- Sec. 2. Minnesota Statutes 2020, section 256N.25, subdivision 3, is amended to read:
 - Subd. 3. Renegotiation of agreement. (a) A relative custodian or adoptive parent of a child with a Northstar kinship assistance or adoption assistance agreement may request renegotiation of the agreement when there is a change in the needs of the child or in the family's circumstances. When a relative custodian or adoptive parent requests renegotiation of the agreement, a reassessment of the child must be completed consistent with section 256N.24, subdivisions 10 and 11. If the reassessment indicates that the child's level has changed, the financially responsible agency or, if there is no financially responsible agency, the agency designated by the commissioner or the commissioner's designee, and the caregiver must renegotiate the agreement to include a payment with the level determined through the reassessment process. The agreement must not be renegotiated unless the commissioner, the financially responsible agency, and the caregiver mutually agree to the changes. The effective date of any renegotiated agreement must be determined by the commissioner.
 - (b) An adoptive parent of an at-risk child with an adoption assistance agreement may request renegotiation of the agreement to include a monthly payment under section 256N.26 if the caregiver has written documentation from a qualified expert that the potential disability upon which eligibility for the agreement was based has manifested itself. Documentation of the disability must be limited to evidence deemed appropriate by the commissioner. Prior to renegotiating the agreement, a reassessment of the child must be conducted as outlined in section 256N.24, subdivision 10. The reassessment must be used to renegotiate the agreement to include an appropriate monthly payment. The agreement must not be

- (c) Renegotiation of a Northstar kinship assistance or adoption assistance agreement is required when one of the circumstances outlined in section 256N.26, subdivision 13, occurs.
- Sec. 3. Minnesota Statutes 2020, section 256N.26, subdivision 11, is amended to read: 403.6
- Subd. 11. Child income or income attributable to the child. (a) A monthly Northstar 403.7 kinship assistance or adoption assistance payment must be considered as income and 403.8 resources attributable to the child. Northstar kinship assistance and adoption assistance are 403.9 exempt from garnishment, except as permissible under the laws of the state where the child 403.10 resides. 403.11
 - (b) When a child is placed into foster care, any income and resources attributable to the child are treated as provided in sections 252.27 and 260C.331, or 260B.331, as applicable to the child being placed.
- (c) Consideration of income and resources attributable to the child must be part of the negotiation process outlined in section 256N.25, subdivision 2. In some circumstances, the receipt of other income on behalf of the child may impact the amount of the monthly payment received by the relative custodian or adoptive parent on behalf of the child through Northstar Care for Children. Supplemental Security Income (SSI), retirement survivor's disability 403.19 insurance (RSDI), veteran's benefits, railroad retirement benefits, and black lung benefits are considered income and resources attributable to the child.

- Subd. 13. Treatment of retirement survivor's disability insurance, veteran's benefits, 403.23 403.24 railroad retirement benefits, and black lung benefits. benefits must be considered an offset to the amount of the payment the child is determined eligible for under Northstar Care for Children.

(b) If a child becomes eligible for retirement survivor's disability insurance, veteran's benefits, railroad retirement benefits, or black lung benefits, after the initial amount of the payment under Northstar Care for Children is finalized, the permanent caregiver shall contact the commissioner to redetermine the payment under Northstar Care for Children. The monthly amount of the other benefits must be considered an offset to the amount of the payment the child is determined eligible for under Northstar Care for Children.

(c) If a child ceases to be eligible for retirement survivor's disability insurance, veteran's benefits, railroad retirement benefits, or black lung benefits after the initial amount of the payment under Northstar Care for Children is finalized, the permanent caregiver shall contact the commissioner to redetermine the payment under Northstar Care for Children. The monthly amount of the payment under Northstar Care for Children must be the amount the child was determined to be eligible for prior to consideration of any offset.

(d) If the monthly payment received on behalf of the child under retirement survivor's disability insurance, veteran's benefits, railroad retirement benefits, or black lung benefits changes after the adoption assistance or Northstar kinship assistance agreement is finalized, the permanent caregiver shall notify the commissioner as to the new monthly payment amount, regardless of the amount of the change in payment. If the monthly payment changes by \$75 or more, even if the change occurs incrementally over the duration of the term of the adoption assistance or Northstar kinship assistance agreement, the monthly payment under Northstar Care for Children must be adjusted without further consent to reflect the amount of the increase or decrease in the offset amount. Any subsequent change to the payment must be reported and handled in the same manner. A change of monthly payments of less than \$75 is not a permissible reason to renegotiate the adoption assistance or Northstar kinship assistance agreement under section 256N.25, subdivision 3. The commissioner shall review and revise the limit at which the adoption assistance or Northstar kinship assistance agreement must be renegotiated in accordance with subdivision 9.

Sec. 5. Minnesota Statutes 2020, section 260.761, subdivision 2, is amended to read:

Subd. 2. **Agency and court notice to tribes.** (a) When a local social services agency has information that a family assessment or, investigation, or noncaregiver sex trafficking assessment being conducted may involve an Indian child, the local social services agency shall notify the Indian child's tribe of the family assessment or, investigation, or noncaregiver sex trafficking assessment according to section 260E.18. When a social services agency does not have responsibility for a child's placement and the child is enrolled in a prepaid health program under section 256B.69, the enrolled child's contracted health plan must determine the appropriate level of care <u>for the child</u>. When Indian Health Services funds or funds of a tribally owned facility funded under the Indian Self-Determination and Education Assistance Act, Public Law 93-638, are to be used <u>for a child</u>, the Indian Health Services or 638 tribal health facility must determine the appropriate level of care <u>for the child</u>. - 414.20 (4) provides a length of stay as short as possible consistent with the individual child's need needs.

including a functional assessment has been completed by a mental health professional within the past 180 days, a new diagnostic assessment need not be completed unless in the opinion of the current treating mental health professional the child's mental health status has changed markedly since the assessment was completed. The child's parent shall be notified if an assessment will not be completed and of the reasons. A copy of the notice shall be placed in the child's file. Recommendations developed as part of the level of care determination process shall include specific community services needed by the child and, if appropriate, the child's family, and shall indicate whether or not these services are available and accessible to the child and the child's family.

- (e) During the level of care determination process, the child, child's family, or child's legal representative, as appropriate, must be informed of the child's eligibility for case management services and family community support services and that an individual family community support plan is being developed by the case manager, if assigned.
- (f) When the responsible social services agency has authority, the agency must engage the child's parents in case planning under sections 260C.212 and 260C.708 and chapter 260D unless a court terminates the parent's rights or court orders restrict the parent from participating in case planning, visitation, or parental responsibilities.

(a) The commissioner of human services may authorize projects to initiate tribal delivery of child welfare services to American Indian children and their parents and custodians living on the reservation. The commissioner has authority to solicit and determine which tribes may participate in a project. Grants may be issued to Minnesota Indian tribes to support the projects. The commissioner may waive existing state rules as needed to accomplish the projects. The commissioner may authorize projects to use alternative methods of (1) screening, investigating, and assessing reports of child maltreatment, and (2) administrative reconsideration, administrative appeal, and judicial appeal of maltreatment determinations, provided the alternative methods used by the projects comply with the provisions of section 256.045 and chapter 260E that deal with the rights of individuals who are the subjects of reports or investigations, including notice and appeal rights and data practices requirements. Federal reimbursement applicable to the projects is appropriated to the commissioner for the purposes of the projects. The projects must be required to address responsibility for safety, permanency, and well-being of children.

- (b) When the local agency in the county or reservation where a vendor is located wants to purchase services from that vendor and the vendor has no contract with the local agency or any other tribe or county, the local agency must negotiate and execute a contract with the vendor.
- (c) When a local agency in one county wants to purchase services from a vendor located in another county or reservation, it must notify the local agency in the county or reservation where the vendor is located. 51.9	appropriate to place the child in a qualified residential treatment program under section
51.10	260C.704;
51.11	(2) (1) determine whether a family foster home can meet the child's needs, whether it is
51.12	necessary and appropriate to place a child in a qualified residential treatment program that

51.16	(b) In the out-of-home placement plan, the agency must document the court's approval
51.17	or disapproval of the placement, as specified in section 260C.708. If the court disapproves

51.19	services agency shall: (1) remove the child from the qualified residential treatment program
51.20	within 30 days of the court's order; and (2) make a plan for the child's placement that is
51.21	consistent with the child's best interests under section 260C.212, subdivision 2.

51.23	agency has legal authority to place a child under section 260C.007, subdivision 21a, and
51.24	the qualified individual's assessment of the child does not recommend placing the child in
51.25	a qualified residential treatment program, the court is not required to hold a hearing and the
51.26	court is not required to issue an order. Pursuant to section 260C.704, paragraph (f), the

51.28	with the child's best interests under section 260C.212, subdivision 2. The agency must file
51.29	the agency's assessment determination for the child with the court at the next required

260C.714 REVIEW OF EXTENDED QUALIFIED RESIDENTIAL TREATMENT PROGRAM PLACEMENTS.

- (a) When a responsible social services agency places a child in a qualified residential treatment program for more than 12 consecutive months or 18 nonconsecutive months or, in the case of a child who is under 13 years of age, for more than six consecutive or nonconsecutive months, the agency must submit: (1) the signed approval by the county social services director of the responsible social services agency; and (2) the evidence supporting the child's placement at the most recent court review or permanency hearing under section 260°C.712, paragraph (b).
- (b) The commissioner shall specify the procedures and requirements for the agency's review and approval of a child's extended qualified residential treatment program placement.

 The commissioner may consult with counties, tribes, child-placing agencies, mental health providers, licensed facilities, the child, the child's parents, and the family and permanency team members to develop case plan requirements and engage in periodic reviews of the case plan.
- 453.17 **EFFECTIVE DATE.** This section is effective September 30, 2021.
- 453.18 Sec. 27. Minnesota Statutes 2020, section 260D.01, is amended to read:
- 453.19 **260D.01 CHILD IN VOLUNTARY FOSTER CARE FOR TREATMENT.**
- (a) Sections 260D.01 to 260D.10, may be cited as the "child in voluntary foster care for treatment" provisions of the Juvenile Court Act.
- (b) The juvenile court has original and exclusive jurisdiction over a child in voluntary foster care for treatment upon the filing of a report or petition required under this chapter.

 All obligations of the responsible social services agency to a child and family in foster care contained in chapter 260C not inconsistent with this chapter are also obligations of the agency with regard to a child in foster care for treatment under this chapter.
- (c) This chapter shall be construed consistently with the mission of the children's mental health service system as set out in section 245.487, subdivision 3, and the duties of an agency under sections 256B.092 and 260C.157 and Minnesota Rules, parts 9525.0004 to 9525.0016, to meet the needs of a child with a developmental disability or related condition. This chapter:

(1) establishes voluntary foster care through a voluntary foster care agreement as the means for an agency and a parent to provide needed treatment when the child must be in foster care to receive necessary treatment for an emotional disturbance or developmental disability or related condition;

- (2) establishes court review requirements for a child in voluntary foster care for treatment due to emotional disturbance or developmental disability or a related condition;
- (3) establishes the ongoing responsibility of the parent as legal custodian to visit the child, to plan together with the agency for the child's treatment needs, to be available and accessible to the agency to make treatment decisions, and to obtain necessary medical, dental, and other care for the child; and
- (4) applies to voluntary foster care when the child's parent and the agency agree that the child's treatment needs require foster care either:
- (i) due to a level of care determination by the agency's screening team informed by the child's diagnostic and functional assessment under section 245.4885; or
- (ii) due to a determination regarding the level of services needed by the child by the responsible social services' services agency's screening team under section 256B.092, and Minnesota Rules, parts 9525.0004 to 9525.0016-; and
- (5) includes the requirements for a child's placement in sections 260C.70 to 260C.714, when the juvenile treatment screening team recommends placing a child in a qualified residential treatment program, except as modified by this chapter.
- (d) This chapter does not apply when there is a current determination under chapter 454.21 260E that the child requires child protective services or when the child is in foster care for 454.22 any reason other than treatment for the child's emotional disturbance or developmental 454.23 disability or related condition. When there is a determination under chapter 260E that the 454.24 454.25 child requires child protective services based on an assessment that there are safety and risk issues for the child that have not been mitigated through the parent's engagement in services 454.26 or otherwise, or when the child is in foster care for any reason other than the child's emotional 454.27 disturbance or developmental disability or related condition, the provisions of chapter 260C 454.28 454.29 apply.
- (e) The paramount consideration in all proceedings concerning a child in voluntary foster care for treatment is the safety, health, and the best interests of the child. The purpose of this chapter is:

(1) to ensure that a child with a disability is provided the services necessary to treat or ameliorate the symptoms of the child's disability;

- (2) to preserve and strengthen the child's family ties whenever possible and in the child's best interests, approving the child's placement away from the child's parents only when the child's need for care or treatment requires it out-of-home placement and the child cannot be maintained in the home of the parent; and
- (3) to ensure that the child's parent retains legal custody of the child and associated decision-making authority unless the child's parent willfully fails or is unable to make decisions that meet the child's safety, health, and best interests. The court may not find that the parent willfully fails or is unable to make decisions that meet the child's needs solely because the parent disagrees with the agency's choice of foster care facility, unless the agency files a petition under chapter 260C, and establishes by clear and convincing evidence that the child is in need of protection or services.
- (f) The legal parent-child relationship shall be supported under this chapter by maintaining the parent's legal authority and responsibility for ongoing planning for the child and by the agency's assisting the parent, where when necessary, to exercise the parent's ongoing right and obligation to visit or to have reasonable contact with the child. Ongoing planning means:
- (1) actively participating in the planning and provision of educational services, medical, and dental care for the child;
- 455.20 (2) actively planning and participating with the agency and the foster care facility for 455.21 the child's treatment needs; and
- 455.22 (3) planning to meet the child's need for safety, stability, and permanency, and the child's need to stay connected to the child's family and community-;
- (4) engaging with the responsible social services agency to ensure that the family and 455.24 permanency team under section 260C.706 consists of appropriate family members. For 455.25 purposes of voluntary placement of a child in foster care for treatment under chapter 260D, 455.26 prior to forming the child's family and permanency team, the responsible social services 455.27 agency must consult with the child's parent or legal guardian, the child if the child is 14 455.28 years of age or older, and, if applicable, the child's tribe to obtain recommendations regarding 455.29 which individuals to include on the team and to ensure that the team is family-centered and 455.30 will act in the child's best interests. If the child, child's parents, or legal guardians raise 455.31 concerns about specific relatives or professionals, the team should not include those 455.32 individuals unless the individual is a treating professional or an important connection to the 455.33 youth as outlined in the case or crisis plan; and 455.34

- (i) the court should approve the responsible agency's reasonable efforts to finalize the permanent plan for the child, which includes ongoing and future planning for the safety, health, and best interests of the child; and
- (ii) the court should approve of the responsible agency's determination that there are compelling reasons why the continued voluntary foster care arrangement is in the child's best interests.
- (h) At a permanency review hearing under this section, the court may take the following actions based on the contents of the sworn petition and the consent of the parent:

Subd. 3. **Transition to community.** Residential treatment facilities and regional treatment centers serving children must plan for and assist those children and their families in making a transition to less restrictive community-based services. Discharge planning for the child to return to the community must include identification of and referrals to appropriate home and community supports that meet the needs of the child and family. Discharge planning must begin within 30 days after the child enters residential treatment and be updated every 60 days. Residential treatment facilities must also arrange for appropriate follow-up care in the community. Before a child is discharged, the residential treatment facility or regional treatment center shall provide notification to the child's case manager, if any, so that the case manager can monitor and coordinate the transition and make timely arrangements for the child's appropriate follow-up care in the community.

Sec. 5. Minnesota Statutes 2020, section 245.4885, subdivision 1, is amended to read:

Subdivision 1. **Admission criteria.** (a) Prior to admission or placement, except in the case of an emergency, all children referred for treatment of severe emotional disturbance in a treatment foster care setting, residential treatment facility, or informally admitted to a regional treatment center shall undergo an assessment to determine the appropriate level of care if public county funds are used to pay for the child's services.

(b) The responsible social services agency county board shall determine the appropriate level of care for a child when county-controlled funds are used to pay for the child's services or placement in a qualified residential treatment facility under chapter 260C and licensed by the commissioner under chapter 245A. In accordance with section 260C.157, a juvenile treatment screening team shall conduct a screening before the team may recommend whether to place a child residential treatment under this chapter, including residential treatment provided in a qualified residential treatment program as defined in section 260C.007, subdivision 26d. When a social services agency county board does not have responsibility for a child's placement and the child is enrolled in a prepaid health program under section 256B.69, the enrolled child's contracted health plan must determine the appropriate level of care for the child. When Indian Health Services funds or funds of a tribally owned facility funded under the Indian Self-Determination and Education Assistance Act, Public Law 93-638, are to be used for the child, the Indian Health Services or 638 tribal health facility must determine the appropriate level of care for the child. When more than one entity bears responsibility for a child's coverage, the entities shall coordinate level of care determination activities for the child to the extent possible.

- 472.10 (3) cannot be effectively provided in the child's home; and
- (4) provides a length of stay as short as possible consistent with the individual child's need needs.
 - (d) When a level of care determination is conducted, the responsible social services agency county board or other entity may not determine that a screening under section 260C.157 or, referral, or admission to a treatment foster care setting or residential treatment facility is not appropriate solely because services were not first provided to the child in a less restrictive setting and the child failed to make progress toward or meet treatment goals in the less restrictive setting. The level of care determination must be based on a diagnostic assessment of a child that includes a functional assessment which evaluates family, school, and community living situations; and an assessment of the child's need for care out of the home using a validated tool which assesses a child's functional status and assigns an appropriate level of care to the child. The validated tool must be approved by the commissioner of human services. If a diagnostic assessment including a functional assessment has been completed by a mental health professional within the past 180 days, a new diagnostic assessment need not be completed unless in the opinion of the current treating mental health professional the child's mental health status has changed markedly since the assessment was completed. The child's parent shall be notified if an assessment will not be completed and of the reasons. A copy of the notice shall be placed in the child's file. Recommendations developed as part of the level of care determination process shall include specific community services needed by the child and, if appropriate, the child's family, and shall indicate whether or not these services are available and accessible to the child and the child's family. The child and the child's family must be invited to any meeting where the level of care determination is discussed and decisions regarding residential treatment are made. The child

and the child's family may invite other relatives, friends, or advocates to attend these 473.1 473.2 meetings. (e) During the level of care determination process, the child, child's family, or child's 473.3 legal representative, as appropriate, must be informed of the child's eligibility for case 473.4 management services and family community support services and that an individual family 473.5 community support plan is being developed by the case manager, if assigned. 473.6 (f) When the responsible social services agency has authority, the agency must engage 473.7 the child's parents in case planning under sections 260C.212 and 260C.708 unless a court 473.8 terminates the parent's rights or court orders restrict the parent from participating in case 473.9 planning, visitation, or parental responsibilities. 473.10 (g) (f) The level of care determination, and placement decision, and recommendations 473.11 for mental health services must be documented in the child's record, as required in chapter 473.12 260C and made available to the child's family, as appropriate. 473.13 **EFFECTIVE DATE.** This section is effective September 30, 2021. 473.14 Sec. 6. section 245.735, subdivision 3, paragraph (a), clauses (6) and (7); and other costs such as

insurance or supplies needed to provide CCBHC services; 491.2 491.3 (2) payment shall be limited to one payment per day per medical assistance enrollee for each CCBHC visit eligible for reimbursement. A CCBHC visit is eligible for reimbursement 491.4 if at least one of the CCBHC services listed under section 245.735, subdivision 3, paragraph 491.5 (a), clause (6), is furnished to a medical assistance enrollee by a health care practitioner or 491.6 licensed agency employed by or under contract with a CCBHC; 491.7 (3) new payment rates set by the commissioner for newly certified CCBHCs under 491.8 section 245.735, subdivision 3, shall be based on rates for established CCBHCs with a 491.9 491.10 similar scope of services. If no comparable CCBHC exists, the commissioner shall establish a clinic-specific rate using audited historical cost report data adjusted for the estimated cost 491.11 of delivering CCBHC services, including the estimated cost of providing the full scope of 491.12 services and the projected change in visits resulting from the change in scope; 491.13 (1) (4) the commissioner shall rebase CCBHC rates at least once every three years and 491.14 12 months following an initial rate or a rate change due to a change in the scope of services, 491.15 whichever is earlier; 491.16 (2) (5) the commissioner shall provide for a 60-day appeals process after notice of the 491.17 results of the rebasing; 491.18 491.19 (3) the prohibition against inclusion of new facilities in the demonstration does not apply after the demonstration ends; 491.20 (4) (6) the prospective payment rate under this section does not apply to services rendered 491.21 by CCBHCs to individuals who are dually eligible for Medicare and medical assistance 491.22 when Medicare is the primary payer for the service. An entity that receives a prospective 491.23 payment system rate that overlaps with the CCBHC rate is not eligible for the CCBHC rate; 491.24 491.25 (5) (7) payments for CCBHC services to individuals enrolled in managed care shall be coordinated with the state's phase-out of CCBHC wrap payments. The commissioner shall 491.26 complete the phase-out of CCBHC wrap payments within 60 days of the implementation 491.27 of the prospective payment system in the Medicaid Management Information System 491.28 (MMIS), for CCBHCs reimbursed under this chapter, with a final settlement of payments 491.29 due made payable to CCBHCs no later than 18 months thereafter; 491.30 (6) initial prospective payment rates for CCBHCs certified after July 1, 2019, shall be 491.31 based on rates for comparable CCBHCs. If no comparable provider exists, the commissioner

shall compute a CCBHC-specific rate based upon the CCBHC's audited costs adjusted for changes in the scope of services;

- (7) (8) the prospective payment rate for each CCBHC shall be adjusted annually updated by trending each provider-specific rate by the Medicare Economic Index as defined for the federal section 223 CCBHC demonstration for primary care services. This update shall occur each year in between rebasing periods determined by the commissioner in accordance with clause (4). CCBHCs must provide data on costs and visits to the state annually using the CCBHC cost report established by the commissioner; and
- (9) a CCBHC may request a rate adjustment for changes in the CCBHC's scope of services when such changes are expected to result in an adjustment to the CCBHC payment rate by 2.5 percent or more. The CCBHC must provide the commissioner with information regarding the changes in the scope of services, including the estimated cost of providing the new or modified services and any projected increase or decrease in the number of visits resulting from the change. Rate adjustments for changes in scope shall occur no more than once per year in between rebasing periods per CCBHC and are effective on the date of the annual CCBHC rate update.
- (8) the commissioner shall seek federal approval for a CCBHC rate methodology that allows for rate modifications based on changes in scope for an individual CCBHC, including for changes to the type, intensity, or duration of services. Upon federal approval, a CCBHC may submit a change of scope request to the commissioner if the change in scope would result in a change of 2.5 percent or more in the prospective payment system rate currently received by the CCBHC. CCBHC change of scope requests must be according to a format and timeline to be determined by the commissioner in consultation with CCBHCs.
- (d) Managed care plans and county-based purchasing plans shall reimburse CCBHC providers at the prospective payment rate. The commissioner shall monitor the effect of 492.25 492.26 this requirement on the rate of access to the services delivered by CCBHC providers. If, for any contract year, federal approval is not received for this paragraph, the commissioner 492.27 must adjust the capitation rates paid to managed care plans and county-based purchasing plans for that contract year to reflect the removal of this provision. Contracts between managed care plans and county-based purchasing plans and providers to whom this paragraph 492.30 applies must allow recovery of payments from those providers if capitation rates are adjusted 492.31 in accordance with this paragraph. Payment recoveries must not exceed the amount equal 492.32 to any increase in rates that results from this provision. This paragraph expires if federal 492.33 approval is not received for this paragraph at any time. 492.34

493.30	Sec. 20. Minnesota Statutes 2020, section 256B.0625, subdivision 20, is amended to read:
493.31	Subd. 20. Mental health case management. (a) To the extent authorized by rule of the
493.32	state agency, medical assistance covers case management services to persons with serious

and persistent mental illness and children with severe emotional disturbance. Services provided under this section must meet the relevant standards in sections 245.461 to 245.4887, the Comprehensive Adult and Children's Mental Health Acts, Minnesota Rules, parts 9520.0900 to 9520.0926, and 9505.0322, excluding subpart 10.

- (b) Entities meeting program standards set out in rules governing family community support services as defined in section 245.4871, subdivision 17, are eligible for medical assistance reimbursement for case management services for children with severe emotional disturbance when these services meet the program standards in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, excluding subparts 6 and 10.
- (c) Medical assistance and MinnesotaCare payment for mental health case management shall be made on a monthly basis. In order to receive payment for an eligible child, the provider must document at least a face-to-face contact with the child, the child's parents, or the child's legal representative. To receive payment for an eligible adult, the provider must document:
- (1) at least a face-to-face contact with the adult or the adult's legal representative or a contact by interactive video that meets the requirements of subdivision 20b; or
- 494.17 (2) at least a telephone contact with the adult or the adult's legal representative and

 494.20 two months.
- (d) Payment for mental health case management provided by county or state staff shall be based on the monthly rate methodology under section 256B.094, subdivision 6, paragraph (b), with separate rates calculated for child welfare and mental health, and within mental health, separate rates for children and adults.
- (e) Payment for mental health case management provided by Indian health services or by agencies operated by Indian tribes may be made according to this section or other relevant federally approved rate setting methodology.
- (f) Payment for mental health case management provided by vendors who contract with a county or Indian tribe shall be based on a monthly rate negotiated by the host county or tribe must be calculated in accordance with section 256B.076, subdivision 2. Payment for mental health case management provided by vendors who contract with a tribe must be based on a monthly rate negotiated by the tribe. If the service is provided by a team of contracted vendors, the county or tribe may negotiate a team rate with a vendor

- (g) If the service is provided by a team which includes contracted vendors, tribal staff, and county or state staff, the costs for county or state staff participation in the team shall be included in the rate for county-provided services. In this case, the contracted vendor, the tribal agency, and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, each entity must document, in the recipient's file, the need for team case management and a description of the roles of the team members.
- (h) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for mental health case management shall be provided by the recipient's county of responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds used to match other federal funds. If the service is provided by a tribal agency, the nonfederal share, if any, shall be provided by the recipient's tribe. When this service is paid by the state without a federal share through fee-for-service, 50 percent of the cost shall be provided by the recipient's county of responsibility.

- (j) The commissioner may suspend, reduce, or terminate the reimbursement to a provider that does not meet the reporting or other requirements of this section. The county of responsibility, as defined in sections 256G.01 to 256G.12, or, if applicable, the tribal agency, is responsible for any federal disallowances. The county or tribe may share this responsibility with its contracted vendors.
- (k) The commissioner shall set aside a portion of the federal funds earned for county expenditures under this section to repay the special revenue maximization account under section 256.01, subdivision 2, paragraph (o). The repayment is limited to:
- 495.31 (1) the costs of developing and implementing this section; and

501.1	(5) distribution of time factor;
501.2	(6) administrative factor;
501.3	(7) absence factor;
501.4	(8) program support factor; and
501.5	(9) caseload sizes as described in subdivision 3.
501.6	(c) A county may request that the commissioner authorize a rate based on a lower caseload
501.7	size when a subcontractor is assigned to serve individuals with needs, such as homelessness
501.8	or specific linguistic or cultural needs, that significantly exceed other eligible populations.
501.9	A county must include the following in the request:
501.10	(1) the number of clients to be served by a full-time equivalent staffer;
501.11	(2) the specific factors that require a case manager to provide significantly more hours
501.12	of reimbursable services to a client; and
501.13	(3) how the county intends to monitor case size and outcomes.
501.14	(d) The commissioner must adjust only the factor for caseload in paragraph (b), clause
501.15	(9), in response to a request under paragraph (c).
501.16	Subd. 3. Caseload sizes. A county-subcontracted provider of targeted case management
501.17	services to the following populations must not exceed the following limits:
501.18	(1) for children with severe emotional disturbance, 15 clients to one full-time equivalent
501.19	case manager;

501.24	(4) for vulnerable adults and adults who have developmental disabilities, 45 clients to
501.25	one full-time equivalent case manager.
501.26	Sec. 27. Minnesota Statutes 2020, section 256B.0924, subdivision 6, is amended to read:
501.27	Subd. 6. Payment for targeted case management. (a) Medical assistance and
501.28	MinnesotaCare payment for targeted case management shall be made on a monthly basis.
501.29	In order to receive payment for an eligible adult, the provider must document at least one
501.30	contact per month and not more than two consecutive months without a face-to-face contact

with the adult or the adult's legal representative, family, primary caregiver, or other relevant persons identified as necessary to the development or implementation of the goals of the personal service plan.

- (b) Payment for targeted case management provided by county staff under this subdivision shall be based on the monthly rate methodology under section 256B.094, subdivision 6, paragraph (b), calculated as one combined average rate together with adult mental health case management under section 256B.0625, subdivision 20, except for calendar year 2002. In calendar year 2002, the rate for case management under this section shall be the same as the rate for adult mental health case management in effect as of December 31, 2001. Billing and payment must identify the recipient's primary population group to allow tracking of revenues.
- (c) Payment for targeted case management provided by county-contracted vendors shall be based on a monthly rate negotiated by the host county calculated in accordance with section 256B.076, subdivision 2. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county, except to reimburse the county for advance funding provided by the county to the vendor.
- (d) If the service is provided by a team that includes contracted vendors and county staff, the costs for county staff participation on the team shall be included in the rate for county-provided services. In this case, the contracted vendor and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, the county must document, in the recipient's file, the need for team targeted case management and a description of the different roles of the team members.
- (e) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for targeted case management shall be provided by the recipient's county of responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds used to match other federal funds.
- (f) The commissioner may suspend, reduce, or terminate reimbursement to a provider that does not meet the reporting or other requirements of this section. The county of responsibility, as defined in sections 256G.01 to 256G.12, is responsible for any federal disallowances. The county may share this responsibility with its contracted vendors.

- (b) Except as provided under paragraph (c), the payment rate is established using time study data on activities of provider service staff and reports required under sections 245.482 and 256.01, subdivision 2, paragraph (p).
- (c) Payments for tribes may be made according to section 256B.0625 or other relevant federally approved rate setting methodology for child welfare targeted case management provided by Indian health services and facilities operated by a tribe or tribal organization.
- (d) Payment for case management provided by county or tribal social services contracted vendors shall be based on a monthly rate negotiated by the host county or tribal social services must be calculated in accordance with section 256B.076, subdivision 2. Payment for case management provided by vendors who contract with a tribe must be based on a monthly rate negotiated by the tribe. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county or tribal social services may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county or tribal social services, except to reimburse the county or tribal social services for advance funding provided by the county or tribal social services to the vendor.
- (e) If the service is provided by a team that includes contracted vendors and county or tribal social services staff, the costs for county or tribal social services staff participation in the team shall be included in the rate for county or tribal social services provided services. In this case, the contracted vendor and the county or tribal social services may each receive separate payment for services provided by each entity in the same month. To prevent duplication of services, each entity must document, in the recipient's file, the need for team case management and a description of the roles and services of the team members.

Separate payment rates may be established for different groups of providers to maximize reimbursement as determined by the commissioner. The payment rate will be reviewed annually and revised periodically to be consistent with the most recent time study and other data. 511.16	set on day 15 after isolation has ended; and
511.17	(8) any modifications to the most recent assessments under clauses (1) to (7).
511.18	(c) In addition to the assessments listed in paragraph (b), the assessments used to
511.19	determine nursing facility level of care include the following:
511.20	(1) preadmission screening completed under section 256.975, subdivisions 7a to 7c, by
511.21	the Senior LinkAge Line or other organization under contract with the Minnesota Board on
511.22	Aging; and
511.23	(2) a nursing facility level of care determination as provided for under section 256B.0911,
511.24	subdivision 4e, as part of a face-to-face long-term care consultation assessment completed

511.27	Sec. 2. Minnesota Statutes 2020, section 245A.03, subdivision 7, is amended to read:
511.28	Subd. 7. Licensing moratorium. (a) The commissioner shall not issue an initial license
511.29	for child foster care licensed under Minnesota Rules, parts 2960.3000 to 2960.3340, or adult
511.30	foster care licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, under this chapter
511.31	for a physical location that will not be the primary residence of the license holder for the
511.32	entire period of licensure. If a license is issued during this moratorium, and the license

holder changes the license holder's primary residence away from the physical location of the foster care license, the commissioner shall revoke the license according to section 245A.07. The commissioner shall not issue an initial license for a community residential setting licensed under chapter 245D. When approving an exception under this paragraph, the commissioner shall consider the resource need determination process in paragraph (h), the availability of foster care licensed beds in the geographic area in which the licensee seeks to operate, the results of a person's choices during their annual assessment and service plan review, and the recommendation of the local county board. The determination by the commissioner is final and not subject to appeal. Exceptions to the moratorium include:

- (1) foster care settings that are required to be registered under chapter 144D;
- (2) foster care licenses replacing foster care licenses in existence on May 15, 2009, or community residential setting licenses replacing adult foster care licenses in existence on December 31, 2013, and determined to be needed by the commissioner under paragraph (b);
 - (3) new foster care licenses or community residential setting licenses determined to be needed by the commissioner under paragraph (b) for the closure of a nursing facility, ICF/DD, or regional treatment center; restructuring of state-operated services that limits the capacity of state-operated facilities; or allowing movement to the community for people who no longer require the level of care provided in state-operated facilities as provided under section 256B.092, subdivision 13, or 256B.49, subdivision 24;
- (4) new foster care licenses or community residential setting licenses determined to be needed by the commissioner under paragraph (b) for persons requiring hospital level care; or
 - (5) new foster care licenses or community residential setting licenses for people receiving services under chapter 245D and residing in an unlicensed setting before May 1, 2017, and for which a license is required. This exception does not apply to people living in their own home. For purposes of this clause, there is a presumption that a foster care or community residential setting license is required for services provided to three or more people in a dwelling unit when the setting is controlled by the provider. A license holder subject to this exception may rebut the presumption that a license is required by seeking a reconsideration of the commissioner's determination. The commissioner's disposition of a request for reconsideration is final and not subject to appeal under chapter 14. The exception is available until June 30, 2018. This exception is available when:

- (e) A resource need determination process, managed at the state level, using the available reports required by section 144A.351, and other data and information shall be used to determine where the reduced capacity determined under section 256B.493 will be implemented. - (f) At the time of application and reapplication for licensure, the applicant and the license holder that are subject to the moratorium or an exclusion established in paragraph (a) are required to inform the commissioner whether the physical location where the foster care will be provided is or will be the primary residence of the license holder for the entire period of licensure. - (i) The commissioner must notify a license holder when its corporate foster care or community residential setting licensed beds are reduced under this section. The notice of reduction of licensed beds must be in writing and delivered to the license holder by certified mail or personal service. The notice must state why the licensed beds are reduced and must inform the license holder of its right to request reconsideration by the commissioner. The license holder's request for reconsideration must be in writing. If mailed, the request for reconsideration must be postmarked and sent to the commissioner within 20 calendar days after the license holder's receipt of the notice of reduction of licensed beds. Facilities that serve only private pay clients are exempt from the moratorium described in this paragraph. The commissioner has the authority to manage existing statewide capacity for children's residential treatment services subject to the moratorium under this paragraph and may issue an initial license for such facilities if the initial license would not increase the statewide capacity for children's residential treatment services subject to the moratorium under this paragraph.

90-day notice to lead agencies prior to the effective date of this requirement. Face-to-face assessments must be conducted according to paragraphs (b) to (i).

- (b) Upon implementation of subdivisions 2b, 2c, and 5, lead agencies shall use certified assessors to conduct the assessment. For a person with complex health care needs, a public health or registered nurse from the team must be consulted.
- (c) The MnCHOICES assessment provided by the commissioner to lead agencies must be used to complete a comprehensive, conversation-based, person-centered assessment. The assessment must include the health, psychological, functional, environmental, and social needs of the individual necessary to develop a person-centered community support plan that meets the individual's needs and preferences.
- (d) The assessment must be conducted by a certified assessor in a face-to-face conversational interview with the person being assessed. The person's legal representative must provide input during the assessment process and may do so remotely if requested. At the request of the person, other individuals may participate in the assessment to provide information on the needs, strengths, and preferences of the person necessary to develop a community support plan that ensures the person's health and safety. Except for legal representatives or family members invited by the person, persons participating in the assessment may not be a provider of service or have any financial interest in the provision of services. For persons who are to be assessed for elderly waiver customized living or adult day services under chapter 256S, with the permission of the person being assessed or the person's designated or legal representative, the client's current or proposed provider of services may submit a copy of the provider's nursing assessment or written report outlining its recommendations regarding the client's care needs. The person conducting the assessment must notify the provider of the date by which this information is to be submitted. This information shall be provided to the person conducting the assessment prior to the assessment. For a person who is to be assessed for waiver services under section 256B.092 or 256B.49, with the permission of the person being assessed or the person's designated legal representative, the person's current provider of services may submit a written report outlining recommendations regarding the person's care needs the person completed in consultation with someone who is known to the person and has interaction with the person on a regular basis. The provider must submit the report at least 60 days before the end of the person's current service agreement. The certified assessor must consider the content of the submitted report prior to finalizing the person's assessment or reassessment.

- 518.6 (j) The lead agency must give the person receiving long-term care consultation services 518.7 or the person's legal representative, materials, and forms supplied by the commissioner 518.8 containing the following information:
- 518.9 (1) written recommendations for community-based services and consumer-directed options;
- (2) documentation that the most cost-effective alternatives available were offered to the individual. For purposes of this clause, "cost-effective" means community services and living arrangements that cost the same as or less than institutional care. For an individual found to meet eligibility criteria for home and community-based service programs under chapter 256S or section 256B.49, "cost-effectiveness" has the meaning found in the federally approved waiver plan for each program;
- (3) the need for and purpose of preadmission screening conducted by long-term care options counselors according to section 256.975, subdivisions 7a to 7c, if the person selects nursing facility placement. If the individual selects nursing facility placement, the lead agency shall forward information needed to complete the level of care determinations and screening for developmental disability and mental illness collected during the assessment to the long-term care options counselor using forms provided by the commissioner;
- (4) the role of long-term care consultation assessment and support planning in eligibility determination for waiver and alternative care programs, and state plan home care, case management, and other services as defined in subdivision 1a, paragraphs (a), clause (6), and (b);

- (6) the person's freedom to accept or reject the recommendations of the team;
- (7) the person's right to confidentiality under the Minnesota Government Data Practices
 Act, chapter 13;

decision regarding eligibility for all services and programs as defined in subdivision 1a, paragraphs (a), clause (6), and (b);

- (9) the person's right to appeal the certified assessor's decision regarding eligibility for all services and programs as defined in subdivision 1a, paragraphs (a), clauses (6), (7), and (8), and (b), and incorporating the decision regarding the need for institutional level of care or the lead agency's final decisions regarding public programs eligibility according to section 256.045, subdivision 3. The certified assessor must verbally communicate this appeal right to the person and must visually point out where in the document the right to appeal is stated; and
- 519.10 (10) documentation that available options for employment services, independent living, and self-directed services and supports were described to the individual. 519.11
 - (k) Face-to-face assessment completed as part of an eligibility determination for multiple programs for the alternative care, elderly waiver, developmental disabilities, community access for disability inclusion, community alternative care, and brain injury waiver programs under chapter 256S and sections 256B.0913, 256B.092, and 256B.49 is valid to establish service eligibility for no more than 60 calendar days after the date of assessment.
 - (1) The effective eligibility start date for programs in paragraph (k) can never be prior to the date of assessment. If an assessment was completed more than 60 days before the effective waiver or alternative care program eligibility start date, assessment and support plan information must be updated and documented in the department's Medicaid Management Information System (MMIS). Notwithstanding retroactive medical assistance coverage of state plan services, the effective date of eligibility for programs included in paragraph (k) cannot be prior to the date the most recent updated assessment is completed.
 - (m) If an eligibility update is completed within 90 days of the previous face-to-face assessment and documented in the department's Medicaid Management Information System (MMIS), the effective date of eligibility for programs included in paragraph (k) is the date of the previous face-to-face assessment when all other eligibility requirements are met.

(b) Effective July 1, 1995, contingent upon federal approval and state appropriations made available for this purpose, and in conjunction with Laws 1995, chapter 207, article 8, section 40, the commissioner of human services shall allocate resources to county agencies for home and community-based waivered services for persons with developmental disabilities authorized but not receiving those services as of June 30, 1995, based upon the average resource need of persons with similar functional characteristics. To ensure service continuity for service recipients receiving home and community-based waivered services for persons with developmental disabilities prior to July 1, 1995, the commissioner shall make available to the county of financial responsibility home and community-based waivered services resources based upon fiscal year 1995 authorized levels.

- (c) Home and community-based resources for all recipients shall be managed by the county of financial responsibility within an allowable reimbursement average established for each county. Payments for home and community-based services provided to individual recipients shall not exceed amounts authorized by the county of financial responsibility. For specifically identified former residents of nursing facilities, the commissioner shall be responsible for authorizing payments and payment limits under the appropriate home and community-based service program. Payment is available under this subdivision only for persons who, if not provided these services, would require the level of care provided in an intermediate care facility for persons with developmental disabilities.

The commissioner 529.11 has the authority to transfer funds between counties, groups of counties, and tribes to 529.12 accommodate statewide priorities and resource needs while accounting for a necessary base level reserve amount for each county, group of counties, and tribe. 529.14 **EFFECTIVE DATE.** This section is effective January 1, 2023, or upon federal approval, 529.15 whichever is later. The commissioner of human services shall notify the revisor of statutes 529.16 when federal approval is obtained. 529.17 Sec. 15. Minnesota Statutes 2020, section 256B.49, subdivision 17, is amended to read: 529.18 Subd. 17. Cost of services and supports. (a) The commissioner shall ensure that the 529.19 average per capita expenditures estimated in any fiscal year for home and community-based 529.20 waiver recipients does not exceed the average per capita expenditures that would have been 529.21 made to provide institutional services for recipients in the absence of the waiver. 529.22 (b) The commissioner shall implement on January 1, 2002, one or more aggregate, 529.23 need-based methods for allocating to local agencies the home and community-based waivered 529.24 service resources available to support recipients with disabilities in need of the level of care 529.25 529.26 provided in a nursing facility or a hospital. The commissioner shall allocate resources to single counties and county partnerships in a manner that reflects consideration of: 529.27 529.28 (1) an incentive-based payment process for achieving outcomes; (2) the need for a state-level risk pool; 529.29 529.30 (3) the need for retention of management responsibility at the state agency level; and (4) a phase-in strategy as appropriate. 529.31

(c) Until the allocation methods described in paragraph (b) are implemented, the annual allowable reimbursement level of home and community-based waiver services shall be the greater of:

- (1) the statewide average payment amount which the recipient is assigned under the waiver reimbursement system in place on June 30, 2001, modified by the percentage of any provider rate increase appropriated for home and community-based services; or
- (2) an amount approved by the commissioner based on the recipient's extraordinary needs that cannot be met within the current allowable reimbursement level. The increased reimbursement level must be necessary to allow the recipient to be discharged from an institution or to prevent imminent placement in an institution. The additional reimbursement may be used to secure environmental modifications; assistive technology and equipment; and increased costs for supervision, training, and support services necessary to address the recipient's extraordinary needs. The commissioner may approve an increased reimbursement level for up to one year of the recipient's relocation from an institution or up to six months of a determination that a current waiver recipient is at imminent risk of being placed in an institution.
- (d) (b) Beginning July 1, 2001, medically necessary home care nursing services will be authorized under this section as complex and regular care according to sections 256B.0651 to 256B.0654 and 256B.0659. The rate established by the commissioner for registered nurse or licensed practical nurse services under any home and community-based waiver as of January 1, 2001, shall not be reduced.
- (e) (c) Notwithstanding section 252.28, subdivision 3, paragraph (d), if the 2009 legislature adopts a rate reduction that impacts payment to providers of adult foster care services, the commissioner may issue adult foster care licenses that permit a capacity of five adults. The application for a five-bed license must meet the requirements of section 245A.11, subdivision 2a. Prior to admission of the fifth recipient of adult foster care services, the county must negotiate a revised per diem rate for room and board and waiver services that reflects the legislated rate reduction and results in an overall average per diem reduction for all foster care recipients in that home. The revised per diem must allow the provider to maintain, as much as possible, the level of services or enhanced services provided in the residence, while mitigating the losses of the legislated rate reduction.
- EFFECTIVE DATE. This section is effective January 1, 2023, or upon federal approval,
 whichever is later. The commissioner of human services shall notify the revisor of statutes
 when federal approval is obtained.

The commissioner of human services shall notify the revisor of statutes 549.10 549.11 when federal approval is obtained. Sec. 23. Minnesota Statutes 2020, section 256B.69, subdivision 5a, is amended to read: 549.12 Subd. 5a. Managed care contracts. (a) Managed care contracts under this section and 549.13 section 256L.12 shall be entered into or renewed on a calendar year basis. target is accurate. The commissioner shall periodically change the administrative measures used as performance targets in order to improve plan performance across a broader range of administrative services. The performance targets must include measurement of plan efforts to contain spending on health care services and administrative activities. The commissioner may adopt plan-specific performance targets that take into account factors affecting only one plan, including characteristics of the plan's enrollee population. The withheld funds must be returned no sooner than July of the following year if performance targets in the contract are achieved. The commissioner may exclude special demonstration projects under subdivision 23.

- (d) The commissioner shall require that managed care plans:

 and
 - (2) by January 30 of each year that follows a rate increase for any aspect of services under section 256B.0659 or 256B.85, inform the commissioner and the chairs and ranking minority members of the legislative committees with jurisdiction over rates determined under section 256B.851 of the amount of the rate increase that is paid to each personal care assistance provider agency with which the plan has a contract.
 - (e) Effective for services rendered on or after January 1, 2012, the commissioner shall include as part of the performance targets described in paragraph (c) a reduction in the health plan's emergency department utilization rate for medical assistance and MinnesotaCare enrollees, as determined by the commissioner. For 2012, the reduction shall be based on the health plan's utilization in 2009. To earn the return of the withhold each subsequent year, the managed care plan or county-based purchasing plan must achieve a qualifying reduction of no less than ten percent of the plan's emergency department utilization rate for medical assistance and MinnesotaCare enrollees, excluding enrollees in programs described in subdivisions 23 and 28, compared to the previous measurement year until the final performance target is reached. When measuring performance, the commissioner must consider the difference in health risk in a managed care or county-based purchasing plan's membership in the baseline year compared to the measurement year, and work with the managed care or county-based purchasing plan to account for differences that they agree are significant.

The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if the managed care plan or county-based purchasing plan demonstrates to the satisfaction of the commissioner that a reduction in the utilization rate was achieved. The commissioner shall structure the withhold so that the commissioner returns a portion of the withheld funds in amounts commensurate with achieved reductions in utilization less than the targeted amount.

The withhold described in this paragraph shall continue for each consecutive contract period until the plan's emergency room utilization rate for state health care program enrollees is reduced by 25 percent of the plan's emergency room utilization rate for medical assistance and MinnesotaCare enrollees for calendar year 2009. Hospitals shall cooperate with the health plans in meeting this performance target and shall accept payment withholds that may be returned to the hospitals if the performance target is achieved.

(f) Effective for services rendered on or after January 1, 2012, the commissioner shall include as part of the performance targets described in paragraph (c) a reduction in the plan's hospitalization admission rate for medical assistance and MinnesotaCare enrollees, as determined by the commissioner. To earn the return of the withhold each year, the managed care plan or county-based purchasing plan must achieve a qualifying reduction of no less than five percent of the plan's hospital admission rate for medical assistance and MinnesotaCare enrollees, excluding enrollees in programs described in subdivisions 23 and 28, compared to the previous calendar year until the final performance target is reached. When measuring performance, the commissioner must consider the difference in health risk in a managed care or county-based purchasing plan's membership in the baseline year compared to the measurement year, and work with the managed care or county-based purchasing plan to account for differences that they agree are significant.

The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if the managed care plan or county-based purchasing plan demonstrates to the satisfaction of the commissioner that this reduction in the hospitalization rate was achieved. The commissioner shall structure the withhold so that the commissioner returns a portion of the withheld funds in amounts commensurate with achieved reductions in utilization less than the targeted amount.

The withhold described in this paragraph shall continue until there is a 25 percent reduction in the hospital admission rate compared to the hospital admission rates in calendar year 2011, as determined by the commissioner. The hospital admissions in this performance target do not include the admissions applicable to the subsequent hospital admission performance target under paragraph (g). Hospitals shall cooperate with the plans in meeting

To earn the return of the withhold each year, the managed care plan or county-based purchasing plan must achieve a qualifying reduction of the subsequent hospitalization rate for medical assistance and MinnesotaCare enrollees, excluding enrollees in programs described in subdivisions 23 and 28, of no less than five percent compared to the previous calendar year until the final performance target is reached.
- The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if the managed care plan or county-based purchasing plan demonstrates to the satisfaction of the commissioner that a qualifying reduction in the subsequent hospitalization rate was achieved. 559.15	in the edition of the Occupational Handbook available January 1, 2021. The commissioner
559.16	must calculate the base wage component values as follows for:

559.30	the base wage component values based on the wage data by SOC codes from the Bureau
559.31	of Labor Statistics available 30 months and a day prior to the scheduled update.

560.17	commissioner shall calculate the biennial adjustments to the competitive workforce factor
560.18	after determining the base wage index updates required in subdivision 3, paragraph (b). The
560.19	commissioner shall adjust the competitive workforce factor toward the percent difference
560.20	between: (1) the median wage for personal care aide (SOC code 31-1120); and (2) the
560.21	weighted average wage for all other SOC codes with the same Bureau of Labor Statistics
560.22	classifications for education, experience, and training required for job competency.
560.23	(e) The commissioner shall recommend an increase or decrease of the competitive
560.24	workforce factor from its previous value by no more than three percentage points. If, after

560.26	competitive workforce factor shall be zero.
560.27	Subd. 5. Payment rates; component values. (a) The commissioner must use the

561.5	(b) For purposes of implementation, the commissioner shall use the following
561.6	implementation components:
561.7	(1) personal care assistance services and CFSS: 75.45 percent;
561.8	(2) enhanced rate personal care assistance services and enhanced rate CFSS: 75.45
561.9	percent; and
561.10	(3) qualified professional services and CFSS worker training and development: 75.45
561.11	percent.
561.12	(c) On January 1, 2026, and each January 1 thereafter, the commissioner shall increase
561.13	the implementation components by two percentage points until the value of each
561.14	implementation component equals 100 percent.
561.15	(d) On January 1, 2025, and every two years thereafter, the commissioner shall update
561.16	the component value in paragraph (a), clause (4), for changes in the Consumer Price Index
561.17	by the percentage change from the date of any previous update to the data available six

561.24	the rate for personal care assistance services, CFSS, extended personal care assistance
561.25	services, extended CFSS, enhanced rate personal care assistance services, enhanced rate
561.26	CFSS, qualified professional services, and CFSS worker training and development as
561.27	follows:
561.28	(1) multiply the appropriate total wage component value calculated in subdivision 4 by
561.29	one plus the employee vacation, sick, and training factor in subdivision 5;
561.30	(2) for program plan support, multiply the result of clause (1) by one plus the program
561 31	nlan support factor in subdivision 5:

562.1	(3) for employee-related expenses, add the employer taxes and workers' compensation
562.2	factor in subdivision 5 and the employee benefits factor in subdivision 5. The sum is
562.3	employee-related expenses. Multiply the product of clause (2) by one plus the value for
562.4	employee-related expenses;
562.5	(4) for client programming and supports, multiply the product of clause (3) by one plus
562.6	the client programming and supports factor in subdivision 5;
562.7	(5) for administrative expenses, add the general business and administrative expenses
562.8	factor in subdivision 5, the program administration expenses factor in subdivision 5, and

562.11	the hourly rate;
562.12	(7) multiply the hourly rate by the appropriate implementation component under
562.13	subdivision 5. This is the adjusted hourly rate; and
562.14	(8) divide the adjusted hourly rate by four. The quotient is the total adjusted payment
562.15	rate.
562.16	(b) The commissioner must publish the total adjusted payment rates.
562.17	Subd. 7. Personal care provider agency; required reporting and analysis of cost
562.18	data. (a) The commissioner shall evaluate on an ongoing basis whether the base wage
562.19	component values and component values in this section appropriately address the cost to
562.20	provide the service. The commissioner shall make recommendations to adjust the rate
562.21	methodology as indicated by the evaluation. As determined by the commissioner and in
562.22	consultation with stakeholders, agencies enrolled to provide services with rates determined

563.7	for a fiscal year that ended not more than 18 months prior to the submission date. The
563.8	commissioner must provide each provider a 90-day notice prior to its submission due date
563.9	If a provider fails to submit required cost data, the commissioner must provide notice to a
563.10	provider that has not provided required cost data 30 days after the required submission date
563.11	and a second notice to a provider that has not provided required cost data 60 days after the

necessary to access appropriate housing. At least 70 percent of the supportive housing units must serve homeless adults with mental illness, substance abuse problems, or human immunodeficiency virus or acquired immunodeficiency syndrome who are about to be or, within the previous six months, have been discharged from a regional treatment center, or a state-contracted psychiatric bed in a community hospital, or a residential mental health or chemical dependency treatment program. A resident in a demonstration project site who no longer participates in the demonstration program shall retain eligibility for a housing support payment in an amount determined under section 256I.06, subdivision 8, using the MSA equivalent rate. Service funding under section 256I.05, subdivision 1a, will end June 30, 1997, if federal matching funds are available and the services can be provided through a managed care entity. Each performance target must be quantifiable, objective, measurable, and reasonably attainable, except in the case of a performance target based on a federal or state law or rule. Criteria for assessment of each performance target must be outlined in writing prior to the contract effective date. Clinical or utilization performance targets and their related criteria must consider evidence-based research and reasonable interventions when available or applicable to the populations served, and must be developed with input from external clinical experts and stakeholders, including managed care plans, county-based purchasing plans, and providers. The managed care or county-based purchasing plan must demonstrate, to the commissioner's satisfaction, that the data submitted regarding attainment of the performance target is accurate. 554.27	the license holder could not obtain the client's approval of the client's individual treatment
554.28	plan. A license holder may continue to bill for the client's otherwise eligible services when
554.29	the client re-engages in services.

663.22	mental health crisis services as part of the certification holder's message when a live operator
663.23	is not available to answer clients' calls.
663.24	Subd. 9. Quality assurance and improvement plan. (a) At a minimum, a certification
663.25	holder must develop a written quality assurance and improvement plan that includes a plan
663.26	<u>for:</u>

(b) At least annually, the certification holder must review, evaluate, and update the quality assurance and improvement plan. The review must: (1) include documentation of the actions that the certification holder will take as a result of information obtained from monitoring activities in the plan; and (2) establish goals for improved service delivery to clients for the next year.

- Subd. 10. **Application procedures.** (a) The applicant for certification must submit any documents that the commissioner requires on forms approved by the commissioner.
- (b) Upon submitting an application for certification, an applicant must pay the application fee required by section 245A.10, subdivision 3.
- 664.11 (c) The commissioner must act on an application within 90 working days of receiving
 664.12 a completed application.
- (d) When the commissioner receives an application for initial certification that is 664.13 incomplete because the applicant failed to submit required documents or is deficient because 664.14 the submitted documents do not meet certification requirements, the commissioner must 664.15 provide the applicant with written notice that the application is incomplete or deficient. In 664.16 the notice, the commissioner must identify the particular documents that are missing or 664.17 deficient and give the applicant 45 days to submit a second application that is complete. An 664.18 applicant's failure to submit a complete application within 45 days after receiving notice 664.19 from the commissioner is a basis for certification denial. 664.20
- (e) The commissioner must give notice of a denial to an applicant when the commissioner 664.21 has made the decision to deny the certification application. In the notice of denial, the 664.22 commissioner must state the reasons for the denial in plain language. The commissioner 664.23 must send or deliver the notice of denial to an applicant by certified mail or personal service. 664.24 In the notice of denial, the commissioner must state the reasons that the commissioner denied 664.25 the application and must inform the applicant of the applicant's right to request a contested 664.26 case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The 664.27 applicant may appeal the denial by notifying the commissioner in writing by certified mail 664.28 or personal service. If mailed, the appeal must be postmarked and sent to the commissioner 664.29 within 20 calendar days after the applicant received the notice of denial. 665.1	operation and the information is relevant to the commissioner's inspection or investigation,
665.2	the certification holder must provide the commissioner access to:
665.3	(1) the physical facility and grounds where the program is located;
665.4	(2) documentation and records, including electronically maintained records;
665.5	(3) clients served by the mental health clinic;
665.6	(4) staff persons of the mental health clinic; and
665.7	(5) personnel records of current and former staff of the mental health clinic.
665.8	(b) The certification holder must provide the commissioner with access to the facility
665.9	and grounds, documentation and records, clients, and staff without prior notice and as often
665.10	as the commissioner considers necessary if the commissioner is investigating alleged
665.11	maltreatment or a violation of a law or rule, or conducting an inspection. When conducting
665.12	an inspection, the commissioner may request and must receive assistance from other state,
665.13	county, and municipal governmental agencies and departments. The applicant or certification
665.14	holder must allow the commissioner, at the commissioner's expense, to photocopy,
665.15	photograph, and make audio and video recordings during an inspection.
665.16	Subd. 12. Monitoring and inspections. (a) The commissioner may conduct a certification
665.17	review of the certified mental health clinic every two years to determine the certification
665.18	holder's compliance with applicable rules and statutes.
665.19	(b) The commissioner must offer the certification holder a choice of dates for an
665.20	announced certification review. A certification review must occur during the clinic's normal
665.21	working hours.
665.22	(c) The commissioner must make the results of certification reviews and investigations
665.23	publicly available on the department's website.
665.24	Subd. 13. Correction orders. (a) If the applicant or certification holder fails to comply
665.25	with a law or rule, the commissioner may issue a correction order. The correction order
665.26	must state:
665.27	(1) the condition that constitutes a violation of the law or rule;
665.28	(2) the specific law or rule that the applicant or certification holder has violated; and

665.30	(b) If the applicant or certification holder believes that the commissioner's correction
665.31	order is erroneous, the applicant or certification holder may ask the commissioner to

666.1	reconsider the part of the correction order that is allegedly erroneous. An applicant or
666.2	certification holder must make a request for reconsideration in writing. The request must
666.3	be postmarked and sent to the commissioner within 20 calendar days after the applicant or
666.4	certification holder received the correction order; and the request must:
666.5	(1) specify the part of the correction order that is allegedly erroneous;
666.6	(2) explain why the specified part is erroneous; and
666.7	(3) include documentation to support the allegation of error.
666.8	(c) A request for reconsideration does not stay any provision or requirement of the
666.9	correction order. The commissioner's disposition of a request for reconsideration is final
666.10	and not subject to appeal.
666.11	(d) If the commissioner finds that the applicant or certification holder failed to correct
666.12	the violation specified in the correction order, the commissioner may decertify the certified
666.13	mental health clinic according to subdivision 14.
666.14	(e) Nothing in this subdivision prohibits the commissioner from decertifying a mental
666.15	health clinic according to subdivision 14.
666.16	Subd. 14. Decertification. (a) The commissioner may decertify a mental health clinic
666.17	if a certification holder:
666.18	(1) failed to comply with an applicable law or rule; or
666.19	(2) knowingly withheld relevant information from or gave false or misleading information
666.20	to the commissioner in connection with an application for certification, during an
666.21	investigation, or regarding compliance with applicable laws or rules.
666.22	(b) When considering decertification of a mental health clinic, the commissioner must
666.23	consider the nature, chronicity, or severity of the violation of law or rule and the effect of
666.24	the violation on the health, safety, or rights of clients.
666.25	(c) If the commissioner decertifies a mental health clinic, the order of decertification
666.26	must inform the certification holder of the right to have a contested case hearing under
666.27	chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The certification holder
666.28	may appeal the decertification. The certification holder must appeal a decertification in
666.29	writing and send or deliver the appeal to the commissioner by certified mail or personal
666.30	service. If the certification holder mails the appeal, the appeal must be postmarked and sent
666.31	to the commissioner within ten calendar days after the certification holder receives the order
666.32	of decertification. If the certification holder delivers an appeal by personal service, the

667.1	commissioner must receive the appeal within ten calendar days after the certification holder
667.2	received the order. If a certification holder submits a timely appeal of an order of
667.3	decertification, the certification holder may continue to operate the program until the
667.4	commissioner issues a final order on the decertification.
667.5	(d) If the commissioner decertifies a mental health clinic pursuant to paragraph (a),
667.6	clause (1), based on a determination that the mental health clinic was responsible for
667.7	maltreatment, and if the certification holder appeals the decertification according to paragraph
667.8	(c), and appeals the maltreatment determination under section 260E.33, the final
667.9	decertification determination is stayed until the commissioner issues a final decision regarding
667.10	the maltreatment appeal.
667.11	Subd. 15. Transfer prohibited. A certification issued under this section is only valid
667.12	for the premises and the individual, organization, or government entity identified by the
667.13	commissioner on the certification. A certification is not transferable or assignable.
667.14	Subd. 16. Notifications required and noncompliance. (a) A certification holder must
667.15	notify the commissioner, in a manner prescribed by the commissioner, and obtain the
667.16	commissioner's approval before making any change to the name of the certification holder
667.17	or the location of the mental health clinic.
667.18	(b) Changes in mental health clinic organization, staffing, treatment, or quality assurance
667.19	procedures that affect the ability of the certification holder to comply with the minimum
667.20	standards of this section must be reported in writing by the certification holder to the
667.21	commissioner within 15 days of the occurrence. Review of the change must be conducted
667.22	by the commissioner. A certification holder with changes resulting in noncompliance in
667.23	minimum standards must receive written notice and may have up to 180 days to correct the
667.24	areas of noncompliance before being decertified. Interim procedures to resolve the
667.25	noncompliance on a temporary basis must be developed and submitted in writing to the
667.26	commissioner for approval within 30 days of the commissioner's determination of the
667.27	noncompliance. Not reporting an occurrence of a change that results in noncompliance
667.28	within 15 days, failure to develop an approved interim procedure within 30 days of the
667.29	determination of the noncompliance, or nonresolution of the noncompliance within 180
667.30	days will result in immediate decertification.
667.31	(c) The mental health clinic may be required to submit written information to the
667.32	department to document that the mental health clinic has maintained compliance with this
667.33	section and mental health clinic procedures.

702.1	subdivisions 1 and 2. The <u>crisis</u> screening must gather information, determine whether a
702.2	mental health crisis situation exists, identify parties involved, and determine an appropriate
702.3	response.
702.4	(b) When conducting the crisis screening of a recipient, a provider must:
702.5	(1) employ evidence-based practices to reduce the recipient's risk of suicide and
702.6	self-injurious behavior;

702.10	face-to-face;

702.23	crisis assessment of the recipient, unless a provider documents specific evidence to show
702.24	why this was not possible, including insufficient staffing resources, concerns for staff or
702.25	recipient safety, or other clinical factors:
702.26	(1) the recipient presents at an emergency department or urgent care setting and the

If the recipient does not need an acute level of care, a team must serve an otherwise eligible recipient who has a co-occurring substance use disorder.
- (f) If, after completing a crisis assessment of a recipient, a provider refers a recipient to 703.24 an intensive setting, including an emergency department, inpatient hospitalization, or 703.25 residential crisis stabilization, one of the crisis team members who completed or conferred 703.26 about the recipient's crisis assessment must immediately contact the referral entity and 703.27 consult with the triage nurse or other staff responsible for intake at the referral entity.
