54.27 ~~(d)~~ (c) Appropriation bonds may be issued in one or more issues or series on the terms
54.28 and conditions the commissioner determines to be in the best interests of the state, but the
54.29 term on any series of appropriation bonds may not exceed 25 years. The appropriation bonds
54.30 of each issue and series thereof shall be dated and bear interest, and may be includable in
54.31 or excludable from the gross income of the owners for federal income tax purposes.

54.32 ~~(e)~~ (d) At the time of, or in anticipation of, issuing the appropriation bonds, and at any
54.33 time thereafter, so long as the appropriation bonds are outstanding, the commissioner may
54.34 enter into agreements and ancillary arrangements relating to the appropriation bonds,
54.35 including but not limited to trust indentures, grant agreements, lease or use agreements,

55.1 operating agreements, management agreements, liquidity facilities, remarketing or dealer
55.2 agreements, letter of credit agreements, insurance policies, guaranty agreements,
55.3 reimbursement agreements, indexing agreements, or interest exchange agreements. Any
55.4 payments made or received according to the agreement or ancillary arrangement shall be
55.5 made from or deposited as provided in the agreement or ancillary arrangement. The
55.6 determination of the commissioner included in an interest exchange agreement that the
55.7 agreement relates to an appropriation bond shall be conclusive.

55.8 ~~(f)~~ (e) The commissioner may enter into written agreements or contracts relating to the
55.9 continuing disclosure of information necessary to comply with or facilitate the issuance of
55.10 appropriation bonds in accordance with federal securities laws, rules, and regulations,
55.11 including Securities and Exchange Commission rules and regulations in Code of Federal
55.12 Regulations, title 17, section 240.15c 2-12. An agreement may be in the form of covenants
55.13 with purchasers and holders of appropriation bonds set forth in the order or resolution
55.14 authorizing the issuance of the appropriation bonds, or a separate document authorized by
55.15 the order or resolution.

55.16 ~~(g)~~ (f) The appropriation bonds are not subject to chapter 16C.

55.17 Subd. 2a. **Project authorization.** Appropriation bonds may be sold and issued in amounts
55.18 that, in the opinion of the commissioner, are necessary to provide sufficient money to the
55.19 Public Facilities Authority under subdivision 7, paragraph (a), not to exceed \$19,000,000
55.20 net of costs of issuance, for the purposes as provided under this subdivision, and pay debt
55.21 service including capitalized interest, costs of issuance, costs of credit enhancement, or
55.22 make payments under other agreements entered into under subdivision 2, paragraph (d).
55.23 The bonds authorized by this subdivision are for the purposes of financing the land
55.24 acquisition, design, engineering, and construction of facilities and infrastructure necessary
55.25 to complete Phase 2 of the Lewis and Clark Regional Water System project, including
55.26 completion of the pipeline to Magnolia; extension of the project to the Lincoln-Pipestone
55.27 Rural Water System connection near Adrian; engineering, design, and easement acquisition
55.28 for the final phase of the project to Worthington; and to begin and proceed with Phase 3,
55.29 described in subdivision 2b. No bonds shall be sold under this subdivision until the
55.30 commissioner determines that a nonstate match of at least \$9,000,000 is committed to this
55.31 project phase. Upon certification by the Lewis and Clark Joint Powers Board that the bond
55.32 sale authorization provided by this subdivision has fully met the needs of Phase 2 of the
55.33 project, and to the extent there is additional authorization remaining, this authorization is
55.34 also available for the purposes of and on the same conditions as subdivision 2b.

56.1 Subd. 2b. **Additional project authorization.** Appropriation bonds may be sold and
56.2 issued in amounts that, in the opinion of the commissioner, are necessary to provide sufficient
56.3 money to the Public Facilities Authority under subdivision 7, paragraph (b), not to exceed
56.4 \$3,500,000 net of costs of issuance, for the purposes as provided under this subdivision,
56.5 and pay debt service including capitalized interest, costs of issuance, costs of credit
56.6 enhancement, or make payments under other agreements entered into under subdivision 2,
56.7 paragraph (d). The bonds authorized by this subdivision are for the purposes of financing
56.8 the land acquisition, design, engineering, and construction of facilities and infrastructure
56.9 necessary to complete Phase 3 of the Lewis and Clark Regional Water System project,
56.10 including extension of the project from the Lincoln-Pipestone Rural Water System connection
56.11 near Adrian to Worthington, construction of a reservoir in Nobles County and a meter
56.12 building in Worthington, and acquisition and installation of a supervisory control and data
56.13 acquisition (SCADA) system. No bonds shall be sold under this subdivision until the
56.14 commissioner determines that a nonstate match of at least \$9,000,000 is committed to the
56.15 final phase of the project.

56.16 **Subd. 3. Form; procedure.** (a) Appropriation bonds may be issued in the form of bonds,
56.17 notes, or other similar instruments, and in the manner provided in section 16A.672. In the
56.18 event that any provision of section 16A.672 conflicts with this section, this section shall
56.19 control.

56.20 (b) Every appropriation bond shall include a conspicuous statement of the limitation
56.21 established in subdivision 6.

56.22 (c) Appropriation bonds may be sold at either public or private sale upon such terms as
56.23 the commissioner shall determine are not inconsistent with this section and may be sold at
56.24 any price or percentage of par value. Any bid received may be rejected.

56.25 (d) Appropriation bonds must bear interest at a fixed or variable rate.

56.26 (e) Notwithstanding any other law, appropriation bonds issued under this section shall
56.27 be fully negotiable.

56.28 **Subd. 4. Refunding bonds.** The commissioner may issue appropriation bonds for the
56.29 purpose of refunding any appropriation bonds then outstanding, including the payment of
56.30 any redemption premiums on the bonds, any interest accrued or to accrue to the redemption
56.31 date, and costs related to the issuance and sale of the refunding bonds. The proceeds of any
56.32 refunding bonds may, in the discretion of the commissioner, be applied to the purchase or
56.33 payment at maturity of the appropriation bonds to be refunded, to the redemption of the
56.34 outstanding appropriation bonds on any redemption date, or to pay interest on the refunding

57.1 bonds and may, pending application, be placed in escrow to be applied to the purchase,
57.2 payment, retirement, or redemption. Any escrowed proceeds, pending such use, may be
57.3 invested and reinvested in obligations that are authorized investments under section 11A.24.
57.4 The income earned or realized on the investment may also be applied to the payment of the
57.5 appropriation bonds to be refunded or interest or premiums on the refunded appropriation
57.6 bonds, or to pay interest on the refunding bonds. After the terms of the escrow have been
57.7 fully satisfied, any balance of the proceeds and any investment income may be returned to
57.8 the general fund or, if applicable, the special appropriation Lewis and Clark bond proceeds
57.9 fund for use in any lawful manner. All refunding bonds issued under this subdivision must
57.10 be prepared, executed, delivered, and secured by appropriations in the same manner as the
57.11 appropriation bonds to be refunded.

57.12 Subd. 5. **Appropriation bonds as legal investments.** Any of the following entities may
57.13 legally invest any sinking funds, money, or other funds belonging to them or under their
57.14 control in any appropriation bonds issued under this section:

57.16 subdivisions, and public bodies;

57.17 (2) banks and bankers, savings and loan associations, credit unions, trust companies,
57.18 savings banks and institutions, investment companies, insurance companies, insurance
57.19 associations, and other persons carrying on a banking or insurance business; and

57.20 (3) personal representatives, guardians, trustees, and other fiduciaries.

57.21 Subd. 6. **No full faith and credit; state not required to make appropriations.** The
57.22 appropriation bonds are not public debt of the state, and the full faith, credit, and taxing
57.23 powers of the state are not pledged to the payment of the appropriation bonds or to any
57.24 payment that the state agrees to make under this section. Appropriation bonds shall not be
57.25 obligations paid directly, in whole or in part, from a tax of statewide application on any
57.26 class of property, income, transaction, or privilege. Appropriation bonds shall be payable
57.27 in each fiscal year only from amounts that the legislature may appropriate for debt service
57.28 for any fiscal year, provided that nothing in this section shall be construed to require the
57.29 state to appropriate money sufficient to make debt service payments with respect to the
57.30 appropriation bonds in any fiscal year. Appropriation bonds shall be canceled and shall no
57.31 longer be outstanding on the earlier of (1) the first day of a fiscal year for which the
57.32 legislature shall not have appropriated amounts sufficient for debt service, or (2) the date
57.33 of final payment of the principal of and interest on the appropriation bonds.

58.1 Subd. 7. **Appropriation of proceeds.** (a) The proceeds of appropriation bonds issued
 58.2 under subdivision 2a and interest credited to the special appropriation Lewis and Clark bond
 58.3 proceeds fund are appropriated as follows:

58.4 (1) to the ~~commissioner~~ Public Facilities Authority for a grant to the Lewis and Clark
 58.5 Joint Powers Board for payment of capital expenses for the purposes provided by as specified
 58.6 in subdivision 2, ~~paragraph (a),~~ 2a; and

58.7 (2) to the commissioner for debt service on the bonds including capitalized interest,
 58.8 nonsalary costs of issuance of the bonds, costs of credit enhancement of the bonds and
 58.9 payments under any agreements entered into under subdivision 2, paragraph ~~(e)~~ (d), each
 58.10 as permitted by state and federal law, ~~and such proceeds may be granted, loaned, or otherwise~~
 58.11 provided for the public purposes provided by subdivision 2, paragraph (a).

58.12 (b) The proceeds of appropriation bonds issued under subdivision 2b and interest credited
 58.13 to the special appropriation Lewis and Clark bond proceeds fund are appropriated as follows:

58.14 (1) to the Public Facilities Authority for a grant to the Lewis and Clark Joint Powers
 58.15 Board for payment of capital expenses as specified in subdivision 2b; and

58.16 (2) to the commissioner for debt service on the bonds including capitalized interest,
 58.17 nonsalary costs of issuance of the bonds, costs of credit enhancement of the bonds, and
 58.18 payments under any agreements entered into under subdivision 2, paragraph (d), each as
 58.19 permitted by state and federal law.

58.20 Subd. 8. **Appropriation for debt service and other purposes.** (a) An amount, up to
 58.21 \$1,351,000 needed to pay principal and interest on appropriation bonds issued under ~~this~~
 58.22 ~~section~~ subdivision 2a is appropriated each fiscal year from the general fund to the
 58.23 commissioner, subject to repeal, unallotment under section 16A.152, or cancellation,
 58.24 otherwise pursuant to subdivision 6, for deposit into the bond payments account established
 58.25 for such purpose in the special Lewis and Clark appropriation bond proceeds fund. The
 58.26 appropriation is available beginning in fiscal year 2017 and through fiscal year 2038.

58.27 (b) An amount up to \$265,000 needed to pay principal and interest on appropriation
 58.28 bonds issued under subdivision 2b is appropriated each fiscal year from the general fund
 58.29 to the commissioner, subject to repeal, unallotment under section 16A.152, or cancellation,
 58.30 otherwise pursuant to subdivision 6, for deposit into the bond payments account established
 58.31 for such purpose in the special Lewis and Clark appropriation bond proceeds fund. The
 58.32 appropriation is available beginning in fiscal year 2018 and through fiscal year 2039.

59.1 Subd. 9. **Waiver of immunity.** The waiver of immunity by the state provided for by
59.2 section 3.751, subdivision 1, shall be applicable to the appropriation bonds and any ancillary
59.3 contracts to which the commissioner is a party.

59.4 Sec. 3. **[16C.054] ACCOMMODATION FOR HARD-OF-HEARING IN**
59.5 **STATE-FUNDED CAPITAL PROJECTS.**

59.6 Subdivision 1. **Definition.** For purposes of this section, "public gathering space" means
59.7 a space that is constructed or renovated as part of the project: (1) that accommodates and
59.8 is intended to be used for gatherings of 15 or more people; and (2) in which audible
59.9 communications are integral to a use of the space.

59.10 Subd. 2. **Accommodation for hard-of-hearing in state-funded capital projects.** No
59.11 commissioner or agency head may approve a contract or grant state funds for a capital
59.12 improvement project to construct or renovate a public gathering space in a building unless:

59.13 (1) the project includes equipping the public gathering space, if the public gathering
59.14 space has or will have a permanent audio-amplification system, with audio-induction loops
59.15 to provide an electromagnetic signal for hearing aids and cochlear implants; and

59.16 (2) the project includes meeting the American National Standards Institute Acoustical
59.17 Performance Criteria, Design Requirements and Guidelines for Schools on maximum
59.18 background noise level and reverberation times in the public gathering space.

59.19 Subd. 3. **Exemption.** A commissioner or agency head may approve a contract or grant
59.20 state funds for a capital improvement project to construct or renovate a building that does
59.21 not meet a requirement of subdivision 2, when the commissioner or agency head determines
59.22 that meeting that requirement is not feasible, is in conflict with other requirements in law,
59.23 is in conflict with other project requirements, or that costs outweigh the benefits. The
59.24 commissioner must consult with the Commission of Deaf, Deafblind, and Hard-of-Hearing
59.25 Minnesotans before making the determination.

59.26 Subd. 4. **Exemption reports.** A commissioner or agency head who determines a contract
59.27 is exempt under subdivision 3 must report the exemption to the Commission of Deaf,
59.28 Deafblind, and Hard-of-Hearing Minnesotans within three months of making the
59.29 determination. The chair of the Commission of Deaf, Deafblind, and Hard-of-Hearing
59.30 Minnesotans shall submit a report to the chairs and ranking minority members of the
59.31 committees in the house of representatives and senate with jurisdiction over state contracting
59.32 by January 30 of even-numbered years beginning in 2020 identifying each exemption
59.33 reported in the previous two calendar years.

60.1 **EFFECTIVE DATE.** (a) This section is effective the day following final enactment,
60.2 and, except as provided in paragraph (b), applies to any project funded with an appropriation
60.3 enacted after January 1, 2017.

60.4 (b) This section does not apply to a project that has completed schematic design on the
60.5 effective date of this section, but the commissioner and agency heads are encouraged to
60.6 comply with it.

60.7 Sec. 4. Minnesota Statutes 2016, section 84.946, subdivision 2, is amended to read:

60.8 Subd. 2. **Standards.** (a) An appropriation for asset preservation may be used only for a
60.9 capital expenditure on a capital asset previously owned by the state, within the meaning of
60.10 generally accepted accounting principles as applied to public expenditures. The commissioner
60.11 of natural resources will consult with the commissioner of management and budget to the
60.12 extent necessary to ensure this and will furnish the commissioner of management and budget
60.13 a list of projects to be financed from the account in order of their priority. The legislature
60.14 assumes that many projects for preservation and replacement of portions of existing capital
60.15 assets will constitute betterments and capital improvements within the meaning of the
60.16 Constitution and capital expenditures under generally accepted accounting principles, and
60.17 will be financed more efficiently and economically under this section than by direct
60.18 appropriations for specific projects.

60.19 (b) An appropriation for asset preservation must not be used to acquire land or to acquire
60.20 or construct buildings or other facilities.

60.21 (c) Capital budget expenditures for natural resource asset preservation and replacement
60.22 projects must be for one or more of the following types of capital projects that support the
60.23 existing programmatic mission of the department: code compliance including health and
60.24 safety, Americans with Disabilities Act requirements, hazardous material abatement, access
60.25 improvement, or air quality improvement; building energy efficiency improvements using
60.26 current best practices; building or infrastructure repairs necessary to preserve the interior
60.27 and exterior of existing buildings; projects to remove life safety hazards such as building
60.28 code violations or structural defects; or renovation of other existing improvements to land,
60.29 including but not limited to trails and bridges.

60.30 (d) Up to ten percent of an appropriation awarded under this section may be used for
60.31 design costs for projects eligible to be funded from this account in anticipation of future
60.32 funding from the account.

61.1 Sec. 5. Minnesota Statutes 2016, section 85.015, subdivision 6, is amended to read:

61.2 Subd. 6. **Minnesota Valley Trail, Hennepin, Dakota, Scott, Carver, Sibley and Le**
 61.3 **Sueur Counties.** (a) The trail shall originate at Fort Snelling State Park and thence extend
 61.4 generally southwesterly along the Minnesota River Valley through Hennepin, Dakota, Scott,
 61.5 Carver, Sibley, and Le Sueur Counties to the city of Le Sueur, and there terminate. The trail
 61.6 shall include the following state waysides: (a) Rice Lake Wayside, in Scott County; (b)
 61.7 Carver Rapids Wayside, in Scott County; (c) Lawrence wayside, in Scott county; (d) Belle
 61.8 Plaine Wayside, in Carver, Scott, and Sibley Counties; (e) Blakeley Wayside, in Scott
 61.9 County; and (f) Rush River Wayside, in Sibley County.

61.10 (b) The trail shall be developed primarily for riding and hiking. Motorized vehicles are
 61.11 prohibited from that portion of the trail on the north side of the Minnesota River, lying
 61.12 between Fort Snelling State Park and Rice Lake Wayside. ~~That portion of the trail on the~~
 61.13 ~~north side of the Minnesota River, lying between the Bloomington Ferry Bridge pedestrian~~
 61.14 ~~crossing and the Cedar Avenue Bridge, must be a paved trail developed primarily for hiking~~
 61.15 ~~and bicycling.~~

61.16 (c) In establishing, developing, maintaining, and operating the trail the commissioner
 61.17 shall cooperate with local units of government and private individuals and groups whenever
 61.18 feasible.

61.19 Sec. 6. Minnesota Statutes 2016, section 85.34, subdivision 1, is amended to read:

61.20 Subdivision 1. **Upper bluff; lease terms.** The commissioner of natural resources with
 61.21 the approval of the Executive Council may lease for purposes of restoration, preservation,
 61.22 historical, recreational, educational, and commercial use and development, that portion of
 61.23 Fort Snelling State Park known as the upper bluff consisting of officer's row, area J, the
 61.24 polo grounds, the adjacent golf course, and all buildings and improvements located thereon,
 61.25 all lying within an area bounded by Minneapolis-St. Paul International Airport, Trunk
 61.26 Highways numbered 5 and 55, and Bloomington Road. The lease or leases shall be in a
 61.27 form approved by the attorney general and for a term of not to exceed 99 years. The lease
 61.28 or leases may provide for the provision of capital improvements or other performance by
 61.29 the tenant or tenants in lieu of all or some of the payments of rent that would otherwise be
 61.30 required. Notwithstanding the continuing ownership of the upper bluff by the state, any
 61.31 lease of one or more buildings improved with state general obligation bond proceeds that
 61.32 exceeds 50 years shall be treated as a sale of the buildings for purposes of section 16A.695,
 61.33 subdivision 3. Any disposition proceeds payable to the commissioner upon execution of a
 61.34 lease relating to state-bond-financed buildings at the upper bluff shall be applied according

62.1 to section 16A.695, subdivision 3, and used to pay, redeem, or defease state general obligation
62.2 bonds issued for purposes of improving those buildings. Any lease revenues paid to the
62.3 commissioner subsequent to the payment, redemption, or defeasance of state general
62.4 obligation bonds shall be used by the commissioner as further described in this section.

62.5 Sec. 7. Minnesota Statutes 2016, section 116J.8738, subdivision 2, is amended to read:

62.6 Subd. 2. **Qualified business.** (a) A business is a qualified business if it satisfies the
62.7 requirement of this paragraph and is not disqualified under the provisions of paragraph (b).
62.8 To qualify, the business must:

62.10 one year before applying under subdivision 3;

62.11 (2) pay or agree to pay in the future each employee compensation, including benefits
62.12 not mandated by law, that on an annualized basis equal at least 120 percent of the federal
62.13 poverty level for a family of four;

62.14 (3) plan and agree to expand its employment in one or more cities in greater Minnesota
62.15 by the minimum number of employees required under subdivision 3, paragraph (c); and

62.16 (4) have received certification from the commissioner under subdivision 3 that it is a
62.17 qualified business.

62.18 (b) A business is not a qualified business if it is either:

62.20 the business's location or locations in greater Minnesota;

62.21 (2) a public utility, as defined in section 336B.01; or

62.22 (3) primarily engaged in lobbying; gambling; entertainment; professional sports; political
62.23 consulting; leisure; hospitality; or professional services provided by attorneys, accountants,
62.24 business consultants, physicians, or health care consultants.

62.25 (c) The requirements in paragraph (a) that the business's operations and expansion be
62.26 located in a city do not apply to an agricultural processing facility or a project designed to
62.27 qualify under section 41A.20.

62.28 Sec. 8. Minnesota Statutes 2016, section 116J.8738, subdivision 3, is amended to read:

62.29 Subd. 3. **Certification of qualified business.** (a) A business may apply to the
62.30 commissioner for certification as a qualified business under this section. The commissioner
62.31 shall specify the form of the application, the manner and times for applying, and the

63.1 information required to be included in the application. The commissioner may impose an
63.2 application fee in an amount sufficient to defray the commissioner's cost of processing
63.3 certifications. Application fees are deposited in the greater Minnesota business expansion
63.4 administration account in the special revenue fund. A business must file a copy of its
63.5 application with the chief clerical officer of the city at the same time it applies to the
63.6 commissioner. For an agricultural processing facility or a project designed to qualify under
63.7 section 41A.20 located outside the boundaries of a city, the business must file a copy of the
63.8 application with the county auditor.

63.9 (b) The commissioner shall certify each business as a qualified business that:

63.14 the minimum expansion requirements of paragraph (c) within three years or less following
63.15 execution of the agreement.

63.16 The commissioner must act on an application within 90 days after its filing. Failure by
63.17 the commissioner to take action within the 90-day period is deemed approval of the
63.18 application.

63.19 (c) The business must increase the number of full-time equivalent employees in greater
63.20 Minnesota from the time the business subsidy agreement is executed by two employees or
63.21 ten percent, whichever is greater.

63.22 (d) The city, or a county for an agricultural processing facility or a project designed to
63.23 qualify under section 41A.20 located outside the boundaries of a city, in which the business
63.24 proposes to expand its operations may file comments supporting or opposing the application
63.25 with the commissioner. The comments must be filed within 30 days after receipt by the city
63.26 or county of the application and may include a notice of any contribution the city or county
63.27 intends to make to encourage or support the business expansion, such as the use of tax
63.28 increment financing, property tax abatement, additional city or county services, or other
63.29 financial assistance.

63.30 (e) Certification of a qualified business is effective for the seven-year period beginning
63.31 on the first day of the calendar month immediately following the date that the commissioner
63.32 informs the business of the award of the benefit.

64.1 Sec. 9. Minnesota Statutes 2016, section 174.50, subdivision 5, is amended to read:

64.10 the grant is assured by the appropriation of the proceeds of bonds or other funds of the
64.11 subdivision, or by a grant from an agency of the federal government, within the amount of
64.12 funds then appropriated to that agency and allocated by it to projects within the state, and
64.13 by an irrevocable undertaking, in a resolution of the governing body of the subdivision, to
64.14 use all funds so made available exclusively for the project, and to pay any additional amount
64.15 by which the cost exceeds the estimate through appropriation to the construction fund of
64.16 additional funds or the proceeds of additional bonds to be issued by the subdivision.

64.17 Sec. 10. Minnesota Statutes 2016, section 174.50, subdivision 6b, is amended to read:

64.29 political subdivision for replacement or rehabilitation of a fracture-critical bridge. To be
64.30 eligible for a grant under this subdivision, the project must produce a bridge structure:

- 65.1 (1) that is no longer classified as fracture critical, by having alternate load paths; and
 65.2 (2) whose failure of a main component will not result in the collapse of the bridge.

65.3 ~~(b) A grant under this subdivision is subject to the procedures and criteria established~~
 65.4 ~~under subdivisions 5 and 6.~~

65.5 Sec. 12. Minnesota Statutes 2016, section 174.50, is amended by adding a subdivision to
 65.6 read:

65.7 Subd. 6d. **Major local bridges.** For an appropriation made specifically for purposes of
 65.8 this subdivision, the commissioner may make a grant under this section to any political
 65.9 subdivision for replacement or rehabilitation of a major local bridge in which the grant
 65.10 award is \$7,000,000 or more. If in any year money appropriated for local bridge replacement
 65.11 and rehabilitation projects under this subdivision remains available after all identified and
 65.12 eligible projects under this subdivision have been funded, the commissioner may use
 65.13 remaining funds to make grants under this section for less than \$7,000,000.

65.14 Sec. 13. Minnesota Statutes 2016, section 174.50, subdivision 7, is amended to read:

65.15 Subd. 7. **Bridge grant program; rulemaking.** (a) The commissioner of transportation
 65.16 shall develop rules, procedures for application for grants, conditions of grant administration,
 65.17 standards, and criteria as provided under subdivision 6, including bridge specifications, in
 65.18 cooperation with road authorities of political subdivisions, for use in the administration of
 65.19 funds appropriated to the commissioner and for the administration of grants to subdivisions.
 65.20 Grants under this section are subject to the procedures and criteria established in this
 65.21 subdivision and in subdivisions 5 and 6.

65.22 (b) The maximum use of standardized bridges is encouraged. Regardless of the size of
 65.23 the existing bridge, a bridge or replacement bridge is eligible for assistance from the state
 65.24 transportation fund if a hydrological survey indicates that the bridge or replacement bridge
 65.25 must be ten feet or more in length.

65.26 (c) As part of the standards or rules, the commissioner shall, in consultation with local
 65.27 road authorities, establish a minimum distance between any two bridges that cross over the
 65.28 same river, stream, or waterway, so that only one of the bridges is eligible for a grant under
 65.29 this section. As appropriate, the commissioner may establish exceptions from the minimum
 65.30 distance requirement or procedures for obtaining a variance.

65.31 (d) Political subdivisions may use grants made under this section to construct or
 65.32 reconstruct bridges, including but not limited to:

66.1 (1) matching federal aid grants to construct or reconstruct key bridges;

66.2 (2) paying the costs to abandon an existing bridge that is deficient and in need of
66.3 replacement but where no replacement will be made; and

66.4 (3) paying the costs to construct a road or street to facilitate the abandonment of an
66.5 existing bridge if the commissioner determines that the bridge is deficient, and that
66.6 construction of the road or street is more economical than replacement of the existing bridge.

66.7 (e) Funds appropriated to the commissioner from the Minnesota state transportation
66.8 fund shall be segregated from the highway tax user distribution fund and other funds created
66.9 by article XIV of the Minnesota Constitution.

66.10 (f) Except as provided in subdivision 6d, the commissioner is prohibited from awarding
66.11 a grant under this section for a local bridge replacement or rehabilitation project with a total
66.12 project cost estimate of \$7,000,000 or more.

66.13 (g) Notwithstanding paragraph (f), the commissioner may award a grant under this
66.14 section for a portion of a local bridge replacement or rehabilitation project with a total
66.15 project cost estimate of \$7,000,000 or more if every other local bridge replacement or
66.16 rehabilitation project on the commissioner's priority list with a total project cost estimate
66.17 of less than \$7,000,000 has been fully funded.

66.18 Sec. 14. **[219.016] HAZARDOUS MATERIALS RAIL SAFETY.**

66.19 Subdivision 1. **Program established.** A hazardous materials rail safety program is
66.20 established for the purpose of reducing the risks associated with the transportation of oil,
66.21 ethanol, and other hazardous material by rail.

66.22 Subd. 2. **Accounts established.** Two hazardous materials rail safety program accounts
66.23 are created, one in the special revenue fund and one in the bond proceeds fund. The account
66.24 in the special revenue fund consists of money as provided by law, and any other money
66.25 donated, allotted, transferred, or otherwise provided to the account. Money in each account
66.26 is appropriated to the commissioner of transportation to make grants as provided in this
66.27 section.

66.28 Subd. 3. **Eligible applicant.** A county, statutory or home rule charter city, or town that
66.29 is responsible for establishing and maintaining public highway-rail grade crossings on rail
66.30 corridors transporting crude oil and other hazardous materials may apply to the commissioner
66.31 for financial assistance under this section.

67.1 Subd. 4. **Eligible project.** (a) A project is eligible for a grant from the account in the
67.2 bond proceeds fund if the project is for the acquisition or betterment of public land, buildings,
67.3 and other public improvements of a capital nature within the meaning of the Minnesota
67.4 Constitution, article XI, section 5, clause (a) or (i), including capital costs associated with
67.5 hazardous materials rail safety projects on public highway-rail grade crossings. Qualifying
67.6 capital costs include but are not limited to upgrades to existing protection systems, the
67.7 closing of crossings and necessary roadwork, and reconstruction of at-grade crossings to
67.8 full grade separations.

67.9 (b) A project is eligible for a grant from the account in the special revenue fund if it is
67.10 for purposes described in paragraph (a) or other capital facility improvement purposes that
67.11 support the purposes for which this grant program is established, including capital costs
67.12 associated with planning, engineering, administration, and construction of public highway-rail
67.13 grade crossing improvements on rail corridors transporting crude oil and other hazardous
67.14 materials. Improvements may include upgrades to existing protection systems, the closing
67.15 of crossings and necessary roadwork, and reconstruction of at-grade crossings to full grade
67.16 separations.

67.17 Subd. 5. **Grants; criteria for grant award.** The commissioner must consider the
67.18 following criteria to evaluate applications for a grant award under this section:

67.19 (1) whether the crossing was identified as a potential candidate for grade separation in
67.20 the Department of Transportation's crude by rail grade crossing study (Improvements to
67.21 Highway Grade Crossings and Rail Safety, December 2014);

67.22 (2) roadway traffic volumes and speeds;

67.23 (3) train volumes and speeds;

67.24 (4) adjacent land use;

67.25 (5) crash history;

67.26 (6) use of the crossing by emergency vehicles;

67.27 (7) use of the crossing by vehicles carrying hazardous materials; and

67.28 (8) local financial contributions to the project.

67.29 Subd. 6. **Process.** The commissioner must develop forms and procedures for soliciting
67.30 and reviewing applications for grants under this section. An applicant must apply for a grant
67.31 in the manner and at the times determined by the commissioner.

68.1 Subd. 7. Grant cancellation. If, five years after execution of a grant agreement, the
 68.2 commissioner determines that the grantee has not proceeded in a timely manner with
 68.3 implementation of the project funded, the commissioner must cancel the grant and the
 68.4 grantee must repay to the commissioner all grant money paid to the grantee. Section 16A.642
 68.5 applies to any appropriations made from the bond proceeds fund to the commissioner under
 68.6 this section that have not been awarded as financial assistance.

68.7 Sec. 15. Minnesota Statutes 2016, section 326B.124, is amended to read:

68.8 **326B.124 EXEMPTIONS.**

68.9 (a) The commissioner may exempt a part of a historic building occupied by the state
 68.10 from the state or another building, fire, safety, or other code if the exemption is necessary
 68.11 to preserve the historic or esthetic character of the building or to prevent theft, vandalism,
 68.12 terrorism, or another crime. When the commissioner grants an exemption, the commissioner
 68.13 shall consider providing equivalent protection. A certificate of occupancy may not be denied
 68.14 because of an exemption under this section.

68.15 (b) The house of representatives and senate chambers located in the State Capitol are
 68.16 exempt from any State Building Code and State Fire Code requirements pertaining to: (1)
 68.17 exit sign placement at exit access doors; and (2) occupancy limit signs. The house of
 68.18 representatives and senate may install exit and occupancy limit signs within the house of
 68.19 representatives and senate chambers located in the State Capitol that are minimal in size
 68.20 and historic in appearance as appropriate for each chamber. Any sign installed by the house
 68.21 of representatives or the senate under the authority provided in this paragraph is not subject
 68.22 to the approval of the commissioner.

68.23 **EFFECTIVE DATE.** This section is effective the day following final enactment.

68.24 Sec. 16. Minnesota Statutes 2016, section 446A.072, is amended to read:

68.25 **446A.072 WASTEWATER WATER INFRASTRUCTURE FUNDING PROGRAM.**

68.26 Subdivision 1. **Establishment of program.** The authority will establish a ~~wastewater~~
 68.27 water infrastructure funding program to provide supplemental assistance to governmental
 68.28 units receiving funding through the clean water revolving fund program, the drinking water
 68.29 revolving fund program, or the United States Department of Agriculture Rural Economic
 68.30 and Community Development's (USDA/RECD) Water and Waste Disposal Loans and
 68.31 Grants program for the predesign, design, and construction of municipal wastewater ~~treatment~~
 68.32 and drinking water systems, including purchase of land and easements. The purpose of the

69.1 program is to assist governmental units demonstrating financial need to build cost-effective
69.2 projects to address existing environmental or public health problems. To implement the
69.3 program, the authority shall establish a ~~wastewater~~ water infrastructure fund to provide
69.4 grants ~~and loans~~ for the purposes authorized under title VI of the Federal Water Pollution
69.5 Control Act and the federal Safe Drinking Water Act. The fund shall be credited with all
69.6 investment income from the fund and all repayments of loans, grants, and penalties.

69.7 Subd. 3. **Program administration.** (a) The authority shall provide supplemental
69.8 assistance, as provided in subdivision 5a to governmental units:

69.9 (1) whose projects are listed on the Pollution Control Agency's project priority list or
69.10 the Department of Health's project priority list;

69.11 (2) that demonstrate their projects are a cost-effective solution to an existing
69.12 environmental or public health problem; and

69.13 (3) whose projects are approved by the USDA/RECD or certified by the commissioner
69.14 of the Pollution Control Agency or the Department of Health.

69.15 (b) For a governmental unit receiving grant funding from the USDA/RECD, applications
69.16 must be made to the USDA/RECD with additional information submitted to the authority
69.17 as required by the authority. Eligible project costs and affordability criteria shall be
69.18 determined by the USDA/RECD.

69.19 (c) For a governmental unit not receiving grant funding from the USDA/RECD,
69.20 application must be made to the authority on forms prescribed by the authority for the clean
69.21 water revolving fund program or the drinking water revolving fund program with additional
69.22 information as required by the authority. In accordance with section 116.182, the Pollution
69.23 Control Agency or Department of Health shall:

69.24 (1) calculate the essential project component percentage based on the portion of project
69.25 costs necessary to convey or treat the existing wastewater flows and loadings or, for drinking
69.26 water projects, to provide safe drinking water to meet existing needs, which must be
69.27 multiplied by the total project cost to determine the eligible project cost for the program
69.28 under this section; and

69.29 (2) review and certify approved projects to the authority.

69.30 (d) Each fiscal year the authority shall make funds available for projects based on their
69.31 ranking on the Pollution Control Agency's project priority list or the Department of Health's
69.32 project priority list. The authority shall reserve funds for a project when the applicant receives
69.33 a funding commitment from the United States Department of Agriculture Rural Development

70.1 (USDA/RECD) or ~~submits plans and specifications to~~ the project is certified by the Pollution
 70.2 Control Agency or Department of Health. Funds must be reserved in an amount based on
 70.3 the project cost estimate submitted to the authority ~~prior to the appropriation of the funds~~
 70.4 ~~and awarded based on the lesser of that amount or the as-bid cost~~ when the project is certified
 70.5 or the as-bid cost, whichever is less.

70.6 Subd. 5a. **Type and amount of assistance.** (a) For a governmental unit receiving grant
 70.7 funding from the USDA/RECD, the authority may provide assistance in the form of a grant
 70.8 of up to 65 percent of the eligible grant need determined by USDA/RECD. A governmental
 70.9 unit may not receive a grant under this paragraph for more than ~~\$4,000,000~~ \$5,000,000 per
 70.10 project or ~~\$15,000~~ \$20,000 per existing connection, whichever is less, unless specifically
 70.11 approved by law.

70.12 (b) For a governmental unit receiving a loan from the clean water revolving fund under
 70.13 section 446A.07, the authority may provide assistance under this section in the form of a
 70.14 grant if the average annual residential wastewater system cost after completion of the project
 70.15 would otherwise exceed 1.4 percent of the median household income of the project service
 70.16 area. In determining whether the average annual residential wastewater system cost would
 70.17 exceed 1.4 percent, the authority must consider the total costs associated with building,
 70.18 operating, and maintaining the wastewater system, including existing wastewater debt
 70.19 service, debt service on the eligible project cost, and operation and maintenance costs. Debt
 70.20 service costs for the proposed project are calculated based on the maximum loan term
 70.21 permitted for the clean water revolving fund loan under section 446A.07, subdivision 7.
 70.22 The amount of the grant is equal to 80 percent of the amount needed to reduce the average
 70.23 annual residential wastewater system cost to 1.4 percent of median household income in
 70.24 the project service area, to a maximum of ~~\$4,000,000~~ \$5,000,000 per project or ~~\$15,000~~
 70.25 \$20,000 per existing connection, whichever is less, unless specifically approved by law.
 70.26 The eligible project cost is determined by multiplying the total project costs minus any other
 70.27 grants by the essential project component percentage calculated under subdivision 3,
 70.28 paragraph (c), clause (1). In no case may the amount of the grant exceed 80 percent of the
 70.29 eligible project cost.

70.30 (c) For a governmental unit receiving a loan from the drinking water revolving fund
 70.31 under section 446A.081, the authority may provide assistance under this section in the form
 70.32 of a grant if the average annual residential drinking water system cost after completion of
 70.33 the project would otherwise exceed 1.2 percent of the median household income of the
 70.34 project service area. In determining whether the average annual residential drinking water
 70.35 system cost would exceed 1.2 percent, the authority must consider the total costs associated

71.1 with building, operating, and maintaining the drinking water system, including existing
 71.2 drinking water debt service, debt service on the eligible project cost, and operation and
 71.3 maintenance costs. Debt service costs for the proposed project are calculated based on the
 71.4 maximum loan term permitted for the drinking water revolving fund loan under section
 71.5 446A.081, subdivision 8, paragraph (c). The amount of the grant is equal to 80 percent of
 71.6 the amount needed to reduce the average annual residential drinking water system cost to
 71.7 1.2 percent of median household income in the project service area, to a maximum of
 71.8 \$5,000,000 per project or \$20,000 per existing connection, whichever is less, unless
 71.9 specifically approved by law. The eligible project cost is determined by multiplying the
 71.10 total project costs minus any other grants by the essential project component percentage
 71.11 calculated under subdivision 3, paragraph (c), clause (1). In no case may the amount of the
 71.12 grant exceed 80 percent of the eligible project cost.

71.13 ~~(e)~~ (d) Notwithstanding the limits in paragraphs (a) ~~and~~ (b), and (c), for a governmental
 71.14 unit receiving supplemental assistance under this section after January 1, 2002, if the authority
 71.15 determines that the governmental unit's construction and installation costs are significantly
 71.16 increased due to geological conditions of crystalline bedrock or karst areas and discharge
 71.17 limits that are more stringent than secondary treatment, the maximum award under this
 71.18 section shall not be more than \$25,000 per existing connection.

71.19 ~~Subd. 5b. **Special assessment deferral.** A governmental unit receiving a loan under~~
 71.20 ~~subdivision 5a that levies special assessments to repay the loan under subdivision 5a or~~
 71.21 ~~section 446A.07 may defer payment of such assessments under the provisions of sections~~
 71.22 ~~435.193 to 435.195.~~

71.23 Subd. 6. **Disbursements.** Disbursements of grants ~~or loans~~ awarded under this section
 71.24 by the authority to recipients must be made for eligible project costs as incurred by the
 71.25 recipients, and must be made by the authority in accordance with the project financing
 71.26 agreement and applicable state and federal laws and rules governing the payments.

71.27 Subd. 7. **Loan repayments.** Notwithstanding the limitations set forth in section 475.54,
 71.28 subdivision 1, this subdivision shall govern the maturities and mandatory sinking fund
 71.29 redemptions of the loans under this section. ~~A governmental unit receiving a loan under~~
 71.30 ~~this section shall repay the loan in semiannual payment amounts determined by the authority.~~
 71.31 ~~The payment amount must be based on the average payments on the governmental unit's~~
 71.32 ~~clean water revolving fund loan or, if greater, the minimum amount required to fully repay~~
 71.33 ~~the loan by the maturity date. Payments must begin within one year of the date of the~~
 71.34 ~~governmental unit's final payment on the clean water revolving fund loan. The final maturity~~
 71.35 ~~date of the loan under this section must be no later than 20 years from the date of the first~~

72.1 ~~payment on the loan under this section and no later than 40 years from the date of the first~~
 72.2 ~~payment on the clean water revolving fund loan.~~

72.3 Subd. 8. **Eligibility.** A governmental unit is eligible for assistance under this section
 72.4 only after applying for grant funding from other sources and funding has been obtained,
 72.5 rejected, or the authority has determined that the potential funding is unlikely.

72.6 Subd. 9. **Funding limitation.** Supplemental assistance may not be used to reduce the
 72.7 ~~sewer~~ service charges of a significant ~~wastewater contributor~~ industrial user that has a
 72.8 separate service charge agreement with the recipient, or a single user that has caused the
 72.9 need for the project or whose current or projected ~~flow and load exceed~~ usage exceeds
 72.10 one-half of the current wastewater ~~treatment plant's~~ or drinking water system capacity.

72.11 Subd. 11. **Report on needs.** By February 1 of each even-numbered year, the authority,
 72.12 in conjunction with the Pollution Control Agency and the Department of Health, shall
 72.13 prepare a report to the Finance Division of the senate Environment and Natural Resources
 72.14 Committee and the house of representatives Environment and Natural Resources Finance
 72.15 Committee on wastewater and drinking water funding assistance needs of governmental
 72.16 units under this section.

72.17 Subd. 12. **System replacement fund.** Each governmental unit receiving a ~~loan or~~ grant
 72.18 under this section shall establish a system replacement fund and shall annually deposit a
 72.19 minimum of \$.50 per 1,000 gallons of flow for major rehabilitation ~~or~~ expansion, or
 72.20 replacement of the treatment wastewater or drinking water system, ~~or replacement of the~~
 72.21 ~~treatment system at the end of its useful life~~. Money must remain in the account for the life
 72.22 of the corresponding project loan from the authority or USDA/RECD, unless use of the
 72.23 fund is approved in writing by the authority for major rehabilitation, expansion, or
 72.24 replacement of the ~~treatment~~ wastewater or drinking water system. By March 1 each year
 72.25 during the life of the loan, each recipient shall submit a report to the authority regarding the
 72.26 amount deposited and the fund balance for the prior calendar year. A recipient is not required
 72.27 to maintain a fund balance greater than the amount of the grant received. Failure to comply
 72.28 with the requirements of this subdivision shall result in the authority assessing a penalty
 72.29 fee to the recipient equal to one percent of the supplemental assistance amount for each
 72.30 year of noncompliance. ~~Failure to make the required deposit or pay the penalty fee as~~
 72.31 ~~required constitutes a default on the loan.~~

72.32 Subd. 14. **Consistency with land use plans.** A governmental unit applying for a project
 72.33 in an unsewered area shall include in its application to the authority a certification from the
 72.34 county in which the project is located that:

73.1 (1) the project is consistent with the county comprehensive land use plan, if the county
73.2 has adopted one;

73.3 (2) the project is consistent with the county water plan, if the county has adopted one;
73.4 and

73.5 (3) the county has adopted specific land use ordinances or controls so as to meet or
73.6 exceed the requirements of Minnesota Rules, part 7082.0050.

73.7 Sec. 17. Minnesota Statutes 2016, section 446A.073, is amended to read:

73.8 **446A.073 POINT SOURCE IMPLEMENTATION GRANTS.**

73.9 Subdivision 1. **Program established.** When money is appropriated for grants under this
73.10 program, the authority shall award grants up to a maximum of ~~\$3,000,000~~ \$7,000,000 to
73.11 governmental units to cover ~~up to one-half~~ 80 percent of the cost of water infrastructure
73.12 projects made necessary by:

73.13 (1) a wasteload reduction prescribed under a total maximum daily load plan required by
73.14 section 303(d) of the federal Clean Water Act, United States Code, title 33, section 1313(d);

73.15 (2) a phosphorus concentration or mass limit which requires discharging one milligram
73.16 per liter or less at permitted design flow which is incorporated into a permit issued by the
73.17 Pollution Control Agency;

73.18 (3) any other water quality-based effluent limit established under section 115.03,
73.19 subdivision 1, paragraph (e), clause (8), and incorporated into a permit issued by the Pollution
73.20 Control Agency that exceeds secondary treatment limits; or

73.21 (4) a total nitrogen concentration or mass limit of that requires discharging ten milligrams
73.22 per liter or less ~~for a land-based treatment system~~ at permitted design flow.

73.23 Subd. 2. **Grant application.** Application for a grant must be made to the authority on
73.24 forms prescribed by the authority ~~for the total maximum daily load grant program, with~~
73.25 ~~additional information as required by the authority,~~ including a project schedule and cost
73.26 estimate for the work necessary to comply with the ~~point source wasteload allocation~~
73.27 requirements listed in subdivision 1. The Pollution Control Agency shall:

73.28 ~~(1) in accordance with section 116.182, calculate the essential project component~~
73.29 ~~percentage, which must be multiplied by the total project cost to determine the eligible~~
73.30 ~~project cost; and~~

73.31 ~~(2)~~ review and certify to the authority those projects that have plans and specifications
73.32 approved under section 115.03, subdivision 1, paragraph (f).

74.1 Subd. 3. **Project priorities.** ~~When money is appropriated for grants under this program,~~
 74.2 The authority shall accept applications under this program during the month of July ~~and~~.
 74.3 When a project is certified by the Pollution Control Agency the authority shall reserve
 74.4 money for projects expected to proceed with construction by the end of the fiscal year the
 74.5 project in the order listed on the Pollution Control Agency's project priority list and in an
 74.6 amount based on the cost estimate submitted to the authority ~~in the grant application~~ when
 74.7 the project is certified or the as-bid costs, whichever is less. Notwithstanding Minnesota
 74.8 Rules, chapter 7077, the Pollution Control Agency may rank a drinking water infrastructure
 74.9 project on the agency's project priority list if the project is necessary to meet an applicable
 74.10 requirement in subdivision 1.

74.11 Subd. 4. **Grant approval.** The authority must make a grant for an eligible project only
 74.12 after:

74.13 (1) the applicant has submitted the as-bid cost for the water infrastructure project;

74.14 (2) the Pollution Control Agency has ~~approved the as-bid costs and~~ certified the grant
 74.15 eligible portion of the project; and

74.16 (3) the authority has determined that the additional financing necessary to complete the
 74.17 project has been committed from other sources.

74.18 Subd. 5. **Grant disbursement.** Disbursement of a grant must be made for eligible project
 74.19 costs as incurred by the governmental unit and in accordance with a project financing
 74.20 agreement and applicable state and federal laws and rules governing the payments.

74.21 Sec. 18. Minnesota Statutes 2016, section 446A.081, subdivision 9, is amended to read:

74.22 Subd. 9. **Other uses of fund.** (a) The drinking water revolving loan fund may be used
 74.23 as provided in the act, including the following uses:

74.24 (1) to buy or refinance the debt obligations, at or below market rates, of public water
 74.25 systems for drinking water systems, where the debt was incurred after the date of enactment
 74.26 of the act, for the purposes of construction of the necessary improvements to comply with
 74.27 the national primary drinking water regulations under the federal Safe Drinking Water Act;

74.28 (2) to purchase or guarantee insurance for local obligations to improve credit market
 74.29 access or reduce interest rates;

74.30 (3) to provide a source of revenue or security for the payment of principal and interest
 74.31 on revenue or general obligation bonds issued by the authority if the bond proceeds are
 74.32 deposited in the fund;

75.1 (4) to provide loans or loan guarantees for similar revolving funds established by a
75.2 governmental unit or state agency;

75.3 (5) to earn interest on fund accounts;

75.4 (6) to pay the reasonable costs incurred by the authority, the Department of Employment
75.5 and Economic Development, and the Department of Health for conducting activities as
75.6 authorized and required under the act up to the limits authorized under the act;

75.7 (7) to develop and administer programs for water system supervision, source water
75.8 protection, and related programs required under the act;

75.9 (8) notwithstanding Minnesota Rules, part 7380.0280, to provide principal forgiveness
75.10 or grants to the extent permitted under the federal Safe Drinking Water Act and other federal
75.11 law, based on the criteria and requirements established for drinking water projects under
75.12 the water infrastructure funding program under section 446A.072;
