1.2 Delete everything after the enacting clause and insert:

1.3 "Section 1. Minnesota Statutes 2018, section 245.4871, is amended by adding a subdivision  
1.4 to read:

1.5 Subd. 32a. **Responsible social services agency.** "Responsible social services agency"  
1.6 is defined in section 260C.007, subdivision 27a.

1.7 **EFFECTIVE DATE.** This section is effective September 30, 2021.

1.8 Sec. 2. Minnesota Statutes 2018, section 245.4885, subdivision 1, is amended to read:

1.9 Subdivision 1. **Admission criteria.** (a) Prior to admission or placement, except in the  
1.10 case of an emergency admission, all children referred for treatment of severe emotional  
1.11 disturbance in a treatment foster care setting, residential treatment facility, or informally  
1.12 admitted to a regional treatment center shall undergo an assessment to determine the  
1.13 appropriate level of care if public funds are used to pay for the services.

1.14 (b) The ~~county board~~ responsible social services agency shall determine the appropriate  
1.15 level of care for a child when county-controlled funds are used to pay for the child's services  
1.16 or placement in a qualified residential treatment facility under chapter 260C and licensed  
1.17 by the commissioner under chapter 245A. In accordance with section 260C.157, a juvenile  
1.18 treatment screening team shall conduct a screening before the team may recommend whether  
1.19 to place a child in a qualified residential treatment program as defined in section 260C.007,  
1.20 subdivision 26d. When a social services agency does not have responsibility for a child's  
1.21 placement and the child is enrolled in a prepaid health program under section 256B.69, the  
1.22 enrolled child's contracted health plan must determine the appropriate level of care. When  
1.23 Indian Health Services funds or funds of a tribally owned facility funded under the Indian  
1.24 Self-Determination and Education Assistance Act, Public Law 93-638, are to be used, the

2.1 Indian Health Services or 638 tribal health facility must determine the appropriate level of  
2.2 care. When more than one entity bears responsibility for coverage, the entities shall  
2.3 coordinate level of care determination activities to the extent possible.

2.4 (c) The juvenile treatment screening team must consider the child's level of care  
2.5 determination shall during the assessment in section 260C.704 when the agency is considering  
2.6 whether to place the child in a qualified residential treatment program. When the responsible  
2.7 social services agency is not involved in determining a child's placement, the child's level  
2.8 of care determination shall determine whether the proposed treatment:

2.9 (1) is necessary;

2.10 (2) is appropriate to the child's individual treatment needs;

2.11 (3) cannot be effectively provided in the child's home; and

2.12 (4) provides a length of stay as short as possible consistent with the individual child's  
2.13 need.

2.14 (d) When a level of care determination is conducted, the responsible social services  
2.15 agency or other entity may not determine that a screening under section 260C.157 or referral  
2.16 or admission to a treatment foster care setting or residential treatment facility is not  
2.17 appropriate solely because services were not first provided to the child in a less restrictive  
2.18 setting and the child failed to make progress toward or meet treatment goals in the less  
2.19 restrictive setting. The level of care determination must be based on a diagnostic assessment  
2.20 that includes a functional assessment which evaluates family, school, and community living  
2.21 situations; and an assessment of the child's need for care out of the home using a validated  
2.22 tool which assesses a child's functional status and assigns an appropriate level of care. The  
2.23 validated tool must be approved by the commissioner of human services. If a diagnostic  
2.24 assessment including a functional assessment has been completed by a mental health  
2.25 professional within the past 180 days, a new diagnostic assessment need not be completed  
2.26 unless in the opinion of the current treating mental health professional the child's mental  
2.27 health status has changed markedly since the assessment was completed. The child's parent  
2.28 shall be notified if an assessment will not be completed and of the reasons. A copy of the  
2.29 notice shall be placed in the child's file. Recommendations developed as part of the level  
2.30 of care determination process shall include specific community services needed by the child  
2.31 and, if appropriate, the child's family, and shall indicate whether or not these services are  
2.32 available and accessible to the child and family.

2.33 (e) During the level of care determination process, the child, child's family, or child's  
2.34 legal representative, as appropriate, must be informed of the child's eligibility for case

3.1 management services and family community support services and that an individual family  
3.2 community support plan is being developed by the case manager, if assigned.

3.3 (f) ~~The level of care determination shall comply with section 260C.212. The parent shall~~  
3.4 ~~be consulted in the process, unless clinically detrimental to the child.~~ When the responsible  
3.5 social services agency has authority to place the child in a qualified residential treatment  
3.6 facility, the agency must engage the child's parents in case planning under sections 260C.212  
3.7 and 260C.708 unless a court terminates the parent's rights or court orders restrict the parent  
3.8 from participating in case planning, visitation, or parental responsibilities.

3.9 (g) The level of care determination, and placement decision, and recommendations for  
3.10 mental health services must be documented in the child's record, as required in chapters  
3.11 260C.

3.12 **EFFECTIVE DATE.** This section is effective September 30, 2021.

 11.31 affiliated with a Title IV-E eligible children's residential facility or foster residence setting,

12.1 if an individual is disqualified, the individual may not work in the facility or setting until  
12.2 the commissioner has issued a notice stating that:

12.3 (1) the individual is not disqualified;

12.4 (2) a disqualification has been set aside under section 245C.23; or

12.5 (3) a variance has been granted related to the individual under section 245C.30.

12.6 Sec. 13. Minnesota Statutes 2018, section 245C.16, subdivision 1, is amended to read:

12.8 that the individual studied has a disqualifying characteristic, the commissioner shall review  
12.9 the information immediately available and make a determination as to the subject's immediate  
12.10 risk of harm to persons served by the program where the individual studied will have direct  
12.11 contact with, or access to, people receiving services.

12.12 (b) The commissioner shall consider all relevant information available, including the  
12.13 following factors in determining the immediate risk of harm:

12.14 (1) the recency of the disqualifying characteristic;

12.15 (2) the recency of discharge from probation for the crimes;

12.16 (3) the number of disqualifying characteristics;

12.17 (4) the intrusiveness or violence of the disqualifying characteristic;

12.21 (7) whether the individual has a disqualification from a previous background study that  
12.22 has not been set aside; and

12.23 (8) if the individual has a disqualification which may not be set aside because it is a  
12.24 permanent bar under section 245C.24, subdivision 1, or the individual is a child care  
12.25 background study subject who has a felony-level conviction for a drug-related offense in

12.27 from any position ~~allowing~~ regardless of whether the individual has direct contact with, or  
12.28 access to, persons receiving services from the program and facility.

12.29 (c) This section does not apply when the subject of a background study is regulated by  
12.30 a health-related licensing board as defined in chapter 214, and the subject is determined to  
12.31 be responsible for substantiated maltreatment under section 626.556 or 626.557.

13.1 (d) This section does not apply to a background study related to an initial application  
13.2 for a child foster care family setting license.

13.3 (e) Except for paragraph (f), this section does not apply to a background study that is  
13.4 also subject to the requirements under section 256B.0659, subdivisions 11 and 13, for a  
13.5 personal care assistant or a qualified professional as defined in section 256B.0659,  
13.6 subdivision 1.

13.7 (f) If the commissioner has reason to believe, based on arrest information or an active  
13.8 maltreatment investigation, that an individual poses an imminent risk of harm to persons  
13.9 receiving services, the commissioner may order that the person be continuously supervised  
13.10 or immediately removed pending the conclusion of the maltreatment investigation or criminal  
13.11 proceedings.

13.13 Subd. 2. **Findings.** (a) After evaluating the information immediately available under  
13.14 subdivision 1, the commissioner may have reason to believe one of the following:

13.15 (1) the individual poses an imminent risk of harm to persons served by the program  
13.16 where the individual studied will have direct contact or access to persons served by the  
13.17 program or where the individual studied will work;

13.18 (2) the individual poses a risk of harm requiring continuous, direct supervision while  
13.19 providing direct contact services during the period in which the subject may request a  
13.20 reconsideration; or

13.21 (3) the individual does not pose an imminent risk of harm or a risk of harm requiring  
13.22 continuous, direct supervision while providing direct contact services during the period in  
13.23 which the subject may request a reconsideration.

13.24 (b) After determining an individual's risk of harm under this section, the commissioner

 14.15 that resulted in an order for immediate removal and more time is necessary to complete a  
 14.16 subsequent study, the notice that more time is needed that is issued under paragraph (a)  
 14.17 shall include an order for immediate removal of the individual from any position allowing

17.30 Subd. 5. **Excluded activities.** The basic and supplemental difficulty of care payment  
17.31 represents costs for activities similar in nature to those expected of parents, and does not

18.3 for specific services provided by the licensed foster parent or facility. A foster parent or  
18.4 ~~residence setting~~ must distinguish such a service from the daily care of the child as assessed  
18.5 through the process under section 256N.24.

18.6 **EFFECTIVE DATE.** This section is effective September 30, 2021.

18.7 Sec. 24. Minnesota Statutes 2018, section 256N.24, subdivision 4, is amended to read:

18.8 Subd. 4. **Extraordinary levels.** (a) The assessment tool established under subdivision  
18.9 2 must provide a mechanism through which up to five levels can be added to the supplemental  
18.10 difficulty of care for a particular child under section 256N.26, subdivision 4. In establishing  
18.11 the assessment tool, the commissioner must design the tool so that the levels applicable to  
18.12 the portions of the assessment other than the extraordinary levels can accommodate the  
18.13 requirements of this subdivision.

18.14 (b) These extraordinary levels are available when all of the following circumstances  
18.15 apply:

18.16 (1) the child has extraordinary needs as determined by the assessment tool provided for  
18.17 under subdivision 2, and the child meets other requirements established by the commissioner,  
18.18 such as a minimum score on the assessment tool;

18.19 (2) the child's extraordinary needs require extraordinary care and intense supervision  
18.20 that is provided by the child's caregiver as part of the parental duties as described in the  
18.21 supplemental difficulty of care rate, section 256N.02, subdivision 21. This extraordinary  
18.22 care provided by the caregiver is required so that the child can be safely cared for in the  
18.23 home and community, and prevents residential placement;

18.24 (3) the child is physically living in a foster family setting, as defined in Minnesota Rules,  
18.25 part 2960.3010, subpart 23, ~~in a foster residence setting,~~ or physically living in the home  
18.26 with the adoptive parent or relative custodian; and

18.27 (4) the child is receiving the services for which the child is eligible through medical  
18.28 assistance programs or other programs that provide necessary services for children with  
18.29 disabilities or other medical and behavioral conditions to live with the child's family, but  
18.30 the agency with caregiver's input has identified a specific support gap that cannot be met  
18.31 through home and community support waivers or other programs that are designed to provide  
18.32 support for children with special needs.

19.1 (c) The agency completing an assessment, under subdivision 2, that suggests an  
 19.2 extraordinary level must document as part of the assessment, the following:

19.3 (1) the assessment tool that determined that the child's needs or disabilities require  
 19.4 extraordinary care and intense supervision;

19.5 (2) a summary of the extraordinary care and intense supervision that is provided by the  
 19.6 caregiver as part of the parental duties as described in the supplemental difficulty of care  
 19.7 rate, section 256N.02, subdivision 21;

19.8 (3) confirmation that the child is currently physically residing ~~in the foster family setting~~  
 19.9 ~~or~~ in the home with the foster parent, adoptive parent, or relative custodian;

19.10 (4) the efforts of the agency, caregiver, parents, and others to request support services  
 19.11 in the home and community that would ease the degree of parental duties provided by the  
 19.12 caregiver for the care and supervision of the child. This would include documentation of  
 19.13 the services provided for the child's needs or disabilities, and the services that were denied  
 19.14 or not available from the local social service agency, community agency, the local school  
 19.15 district, local public health department, the parent, or child's medical insurance provider;

19.16 (5) the specific support gap identified that places the child's safety and well-being at risk  
 19.17 in the home or community and is necessary to prevent residential placement; and

19.18 (6) the extraordinary care and intense supervision provided by the foster, adoptive, or  
 19.19 guardianship caregivers to maintain the child safely in the child's home and prevent residential  
 19.20 placement that cannot be supported by medical assistance or other programs that provide  
 19.21 services, necessary care for children with disabilities, or other medical or behavioral  
 19.22 conditions in the home or community.

19.23 (d) An agency completing an assessment under subdivision 2 that suggests an  
 19.24 extraordinary level is appropriate must forward the assessment and required documentation  
 19.25 to the commissioner. If the commissioner approves, the extraordinary levels must be  
 19.26 retroactive to the date the assessment was forwarded.

19.27 **EFFECTIVE DATE.** This section is effective September 30, 2021.

19.28 **Sec. 25. [260.7611] COUNTY AND TRIBAL AGREEMENTS; MALTREATMENT**  
 19.29 **ASSESSMENTS AND INVESTIGATIONS OF INDIAN CHILDREN.**

19.30 A tribe and a county may enter a written agreement transferring responsibility for the  
 19.31 screening and initial response to a child maltreatment report regarding an Indian child  
 19.32 residing in the county where the child's reservation is located, from the county to the tribe.

 20.8 professionals who are resources to the child's family such as teachers, medical or mental  
 20.9 health providers who have treated the child, or clergy, as appropriate. In the case of an  
 20.10 Indian child, the family and permanency team includes tribal representatives identified by  
 20.11 the child's tribe. Consistent with section 260C.212, subdivision 1, paragraph (b), if the child  
 20.12 is age 14 or older, the team must also include two team members that the child selects who  
 20.13 are not the child's foster parent or caseworker. The responsible social services agency may  
 20.14 reject an individual that the child selects if the agency has good cause to believe that the  
 20.15 individual would not act in the best interests of the child.

20.16 **EFFECTIVE DATE.** This section is effective September 30, 2021.

20.17 Sec. 27. Minnesota Statutes 2018, section 260C.007, is amended by adding a subdivision

 20.29 means that the agency has legal responsibility for the care and control of the child while  
 20.30 the child is in foster care. The agency may have legal authority to place a child through a  
 20.31 court order under this chapter through a voluntary placement agreement between the agency

21.1 and the child's parent under section 260C.227 or, in the case of an Indian child, through  
 21.2 tribal court.

21.3 **EFFECTIVE DATE.** This section is effective September 30, 2021.

28.7 been sufficiently mitigated that it is safe and in the child's best interests to return home; or

 29.10 attorney can show cause why a termination of parental rights petition should not be filed,  
 29.11 a petition for termination of parental rights shall be filed in juvenile court within 30 days

35.19 will serve the needs of the child being placed. The authorized child-placing agency shall  
35.20 place a child, released by court order or by voluntary release by the parent or parents, in a  
35.21 family foster home selected by considering placement with relatives and important friends  
35.22 in the following order:

35.23 (1) with an individual who is related to the child by blood, marriage, or adoption; or

35.24 (2) with an individual who is an important friend with whom the child has resided or  
35.25 had significant contact.

- 36.12 subdivision 2a.

- 36.14 origin of the foster parent or the child.

- 36.18 responsible social services agency. In cases where siblings cannot be placed together, the
- 36.19 agency is required to provide frequent visitation or other ongoing interaction between
- 36.20 siblings unless the agency documents that the interaction would be contrary to the safety

- 36.26 subdivision 4, clause (5), or 260C.611, to assess the capacity of the prospective foster or
- 36.27 adoptive parent to ensure the placement will meet the needs of the individual child.
- 36.28 (f) The agency must determine whether colocation with a parent who is receiving services
- 36.29 in a licensed residential family-based substance use disorder treatment program is in the
- 36.30 child's best interests according to paragraph (b) and include that determination in the child's
- 36.31 case plan under subdivision 1. The agency may consider additional factors not identified

37.1 in paragraph (b). The agency's determination must be documented in the child's case plan  
 37.2 before the child is colocated with a parent.

37.3 (g) The agency must establish a juvenile treatment screening team under section 260C.157

41.3 services;

41.4 (2) determine whether the child's needs be met by the child's family members or through  
41.5 placement in a family foster home; or, if not, determine which residential setting would  
41.6 provide the child with the most effective and appropriate level of care to the child in the  
41.7 least restrictive environment;

41.8 (3) develop a list of short- and long-term mental and behavioral health goals for the  
41.9 child; and

41.10 (4) work with the child's family and permanency team using culturally competent  
41.11 practices.

41.12 (b) The child and the child's parents may request that a specific culturally competent  
41.13 qualified individual complete the child's assessment. The agency shall make efforts to refer  
41.14 the child to the identified qualified individual to complete the assessment. The assessment  
41.15 must not be delayed for a specific qualified individual to complete the assessment.

41.16 (c) The qualified individual must provide the assessment, when complete, to the  
41.17 responsible social services agency, the child's parents or legal guardians, the guardian ad  
41.18 litem, and to the court as required in section 260C.71. The agency must share the results of  
41.19 the assessment with the child's foster care provider, other members of the child's family,  
41.20 and the family and permanency team, as appropriate.

41.21 (d) For an Indian child, the assessment of the child must follow the order of placement  
41.22 preferences in the Indian Child Welfare Act of 1978, United States Code, title 25, section  
41.23 1915.

41.24 (e) In the assessment, the qualified individual must specify in writing:

41.25 (1) the reasons why the child's needs cannot be met by the child's family or in a family  
41.26 foster home. A shortage of family foster homes is not an acceptable reason for determining  
41.27 that a family foster home cannot meet a child's needs; and

41.28 (2) why the recommended placement in a qualified residential treatment program will  
41.29 provide the child with the most effective and appropriate level of care to meet the child's  
41.30 needs in the least restrictive environment possible and how placing the child at the treatment  
41.31 program is consistent with the short-term and long-term goals of the child's permanency  
41.32 plan.

42.1 (f) If the qualified individual recommends placing the child in a treatment program that  
 42.2 the parent, family and permanency team, child, or tribe do not prefer, the qualified individual  
 42.3 must include in the assessment the reasons why the qualified individual does not recommend  
 42.4 the parent's, family and permanency team's, child's, or tribe's placement preferences. The  
 42.5 out-of-home placement plan under section 260C.708 must also include reasons why the  
 42.6 qualified individual did not recommend the preferences of the parents, family and  
 42.7 permanency team, child, or tribe.

42.8 (g) If the qualified individual determines that the child's family or a family foster home  
 42.9 or other less restrictive placement may meet the child's needs, the agency must move the  
 42.10 child out of the qualified residential treatment program and transition the child to a less  
 42.11 restrictive setting within 30 days of the determination.

42.12 **EFFECTIVE DATE.** This section is effective September 30, 2021.

42.13 Sec. 46. **[260C.706] FAMILY AND PERMANENCY TEAM REQUIREMENTS.**

42.14 (a) When the responsible social services agency's juvenile treatment screening team, as  
 42.15 defined in section 260C.157, recommends placing the child in a qualified residential treatment  
 42.16 program, the agency must assemble a family and permanency team within ten days.

42.17 (1) The team must include the child's parents, legal guardians, foster care providers, and  
 42.18 relatives as defined in section 260C.007, subdivisions 26c and 27, and professionals who  
 42.19 are a resource to the child's family, such as teachers, medical or mental health providers, or  
 42.20 clergy, as appropriate.

42.21 (2) When a child is placed in foster care prior to the qualified residential treatment  
 42.22 program, the agency shall include relatives responding to the relative search notice as  
 42.23 required under section 260C.221 on this team, unless the juvenile court finds that contacting  
 42.24 a specific relative would endanger the parent, guardian, child, sibling, or any other family  
 42.25 member.

42.26 (3) When a qualified residential treatment program is the child's initial placement setting,  
 42.27 the responsible social services agency must engage with the child and the child's parents to  
 42.28 determine the appropriate family and permanency team members.

42.29 (4) When the agency's permanency goal is to reunify the child with the child's parent or  
 42.30 legal guardian, the purpose of the relative search and focus of the family and permanency  
 42.31 team is to preserve family relationships and identify supports for the child and parents.

42.32 (5) The responsible agency must make a good faith effort to identify and assemble all  
 42.33 appropriate individuals to be part of the child's family and permanency team and request

43.1 input from the parents regarding relative search efforts consistent with section 260C.221.  
43.2 The out-of-home placement plan in section 260C.708 must include all contact information  
43.3 for the team members, as well as contact information for family members or relatives who  
43.4 are not a part of the family and permanency team.

43.5 (6) If the child is age 14 or older, the team must include members of the family and  
43.6 permanency team that the child selects in accordance with section 260C.212, subdivision  
43.7 1, paragraph (b).

43.8 (7) Consistent with section 260C.221, a responsible social services agency may disclose  
43.9 relevant and appropriate private data about the child to relatives in order for the relatives  
43.10 to participate in caring for the child and planning for the child's placement.

43.11 (8) If the child is an Indian child under section 260.751, the responsible social services  
43.12 agency must make active efforts to include the child's tribal representative on the family  
43.13 and permanency team.

43.14 (b) The family and permanency team shall meet regarding the assessment required under  
43.15 section 260C.704 to determine whether it is necessary and appropriate to place the child in  
43.16 a qualified residential treatment program and to participate in case planning under section  
43.17 260C.708.

43.18 (c) When reunification of the child with the child's parent or legal guardian is the agency's  
43.19 permanency plan, the family and permanency team shall support the parent-child relationship  
43.20 by recognizing the parent's legal authority, consulting with the parent regarding ongoing  
43.21 planning for the child, and assisting the parent with visiting and contacting the child.

43.22 (d) When the agency's permanency plan is to transfer the child's permanent legal and  
43.23 physical custody to a relative or for the child's adoption, the team shall:

43.24 (1) coordinate with the proposed guardian to provide the child with educational services,  
43.25 medical care, and dental care;

43.26 (2) coordinate with the proposed guardian, the agency, and the foster care facility to  
43.27 meet the child's treatment needs after the child is placed in a permanent placement with the  
43.28 proposed guardian;

43.29 (3) plan to meet the child's need for safety, stability, and connection with the child's  
43.30 family and community after the child is placed in a permanent placement with the proposed  
43.31 guardian; and

43.32 (4) in the case of an Indian child, communicate with the child's tribe to identify necessary  
43.33 and appropriate services for the child, transition planning for the child, the child's treatment

44.1 needs, and how to maintain the child's connections to the child's community, family, and  
 44.2 tribe.

44.3 (e) The agency shall invite the family and permanency team to participate in case planning  
 44.4 and the agency shall give the team notice of court reviews under sections 260C.152 and  
 44.5 260C.221 until: (1) the child is reunited with the child's parents; or (2) the child's foster care  
 44.6 placement ends and the child is in a permanent placement.

44.7 **EFFECTIVE DATE.** This section is effective September 30, 2021.

44.8 Sec. 47. **[260C.708] OUT-OF-HOME PLACEMENT PLAN FOR QUALIFIED**  
 44.9 **RESIDENTIAL TREATMENT PROGRAM PLACEMENTS.**

44.10 (a) When the responsible social services agency places a child in a qualified residential  
 44.11 treatment program as defined in section 260C.007, subdivision 26d, the out-of-home  
 44.12 placement plan must include:

44.13 (1) the case plan requirements in section 260.212, subdivision 1;

44.14 (2) the reasonable and good faith efforts of the responsible social services agency to  
 44.15 identify and include all of the individuals required to be on the child's family and permanency  
 44.16 team under section 260C.007;

44.17 (3) all contact information for members of the child's family and permanency team and  
 44.18 for other relatives who are not part of the family and permanency team;

44.19 (4) evidence that the agency scheduled meetings of the family and permanency team,  
 44.20 including meetings relating to the assessment required under section 260C.704, at a time  
 44.21 and place convenient for the family;

44.22 (5) when reunification of the child with the child's parent or legal guardian is the agency's  
 44.23 goal, evidence demonstrating that the parent or legal guardian provided input about the  
 44.24 members of the family and permanency team under section 260C.706;

44.25 (6) when the agency's permanency goal is to reunify the child with the child's parent or  
 44.26 legal guardian, the out-of-home placement plan must identify services and supports that  
 44.27 maintain the parent-child relationship and the parent's legal authority, decision-making, and  
 44.28 responsibility for ongoing planning for the child. In addition, the agency must assist the  
 44.29 parent with visiting and contacting the child;

44.30 (7) when the agency's permanency goal is to transfer permanent legal and physical  
 44.31 custody of the child to a proposed guardian or to finalize the child's adoption, the case plan  
 44.32 must document the agency's steps to transfer permanent legal and physical custody of the

45.1 child or finalize adoption, as required in section 260C.212, subdivision 1, paragraph (c),  
 45.2 clauses (6) and (7); and

45.3 (8) the qualified individual's recommendation regarding the child's placement in a  
 45.4 qualified residential treatment program and the court approval or disapproval of the placement  
 45.5 as required in section 260C.71.

45.6 (b) If the placement preferences of the family and permanency team, child, and tribe, if  
 45.7 applicable, are not consistent with the placement setting that the qualified individual  
 45.8 recommends, the case plan must include the reasons why the qualified individual did not  
 45.9 recommend following the preferences of the family and permanency team, child, and the  
 45.10 tribe.

45.11 (c) The agency must file the out-of-home placement plan with the court as part of the  
 45.12 60-day hearing under section 260C.71.

45.13 **EFFECTIVE DATE.** This section is effective September 30, 2021.

45.14 **Sec. 48. [260C.71] COURT APPROVAL REQUIREMENTS.**

45.15 (a) Within 60 days from the beginning of each placement in a qualified residential  
 45.16 treatment program, the court must:

45.17 (1) consider the qualified individual's assessment of whether it is necessary and  
 45.18 appropriate to place the child in a qualified residential treatment program under section  
 45.19 260C.704;

45.20 (2) determine whether a family foster home can meet the child's needs, whether it is  
 45.21 necessary and appropriate to place a child in a qualified residential treatment program that  
 45.22 is the least restrictive environment possible, and whether the child's placement is consistent  
 45.23 with the child's permanency plan; and

45.24 (3) approve or disapprove of the child's placement.

45.25 (b) In the out-of-home placement plan, the agency must document the court's approval  
 45.26 or disapproval of the placement, as specified in section 260C.708.

46.4 continues to support the determination that the child's needs cannot be met through placement  
46.5 in a family foster home;

46.6 (2) demonstrates that the placement of the child in a qualified residential treatment  
46.7 program provides the most effective and appropriate level of care for the child in the least

46.10 goals for the child, as specified in the child's permanency plan;
