**Bill Description**

The bill requires the Department of Health to report quarterly, until January 2021, on vulnerable adult maltreatment investigations. The report must include four components:

1. A description and assessment of the office's efforts to improve its internal processes and compliance with federal and state requirements concerning allegations of maltreatment of vulnerable adults, including any relevant timelines.
2. The number of reports received by type of reporter, the number of reports investigated, the percentage and number of reported cases awaiting triage, the number and percentage of open investigations, and the number and percentage of investigations that have failed to meet state or federal timelines by cause of delay.
3. Trend analysis of internal audits conducted by the office.
4. Trends and patterns in maltreatment of vulnerable adults, licensing violations by facilities or providers serving vulnerable adults, and other metrics as determined by the commissioner.

**Assumptions**

The data necessary for a quarterly report is already being collected and reviewed. Staff can create and distribute the required quarterly reports within the scope of existing duties. There is no cost to implement this bill.
