

Minnesota Drainage Law Chronology of Key Statute Chapter Numbers, Titles and Major Headings

Al Kean, BWSR, 12-31-18

This chronological summary of Minnesota drainage law is based on key changes of applicable statute chapter numbers, titles, and major headings within chapters since “An Act to Regulate and Encourage the Drainage of Lands” was passed by the 1st Legislature of the State of Minnesota in 1858. This chronology does not reflect every change of Minnesota drainage statutes. Sources for this summary include: [Minnesota Statutes Archive](#) and [2018 Minnesota Statutes, Chapter 103E Drainage](#). Chapter 112 Watersheds, which later became Chapter 103D Watershed Districts, is referenced here, because watershed districts became eligible drainage authorities for Minnesota drainage law when the Minnesota Watershed Act was passed in 1955.
