### Overview

This bill allows districts to implement innovation zone plans without commissioner approval, allows districts to adopt P-TECH plans without commissioner approval, codifies a new chapter of law, and makes other changes.

### Summary

Section	Description
1	<b>Experiential and applied learning opportunities for students.</b> Prohibits the commissioner of education from approving or denying a school board-adopted experiential and applied learning program.
2	<b>P-TECH schools; board approval process.</b> Allows a school board to adopt a P-TECH program without commissioner approval.
3	<b>P-TECH schools; grant process.</b> Clarifies that the commissioner is not authorized to approve or deny a locally adopted P-TECH plan.
4	<b>Education innovation zones program.</b> Modifies requirements for innovation zones and adds examples of programs and models that may be used in an innovation zone. Allows a partnership to implement an innovation zone plan without commissioner approval.
5	<b>Revisor instruction.</b> Instructs the Revisor to codify a new chapter of statutes relating to education innovation, and codifies innovation zone session law in new chapter.
6	<b>Repealer.</b> Repeals the innovation zone session law subdivision relating to an advisory panel.
