

Subject Farm to School

Authors Lippert

Analyst Colbey Sullivan

Date March 18, 2022

Summary

This bill would double funding in fiscal year 2023 and beyond for AGRI Farm to School Grants awarded by the Minnesota Department of Agriculture (MDA).

In addition to increasing funding from \$800,000 to \$1,600,000, the bill would also authorize MDA to reimburse child care providers that purchase fruits, vegetables, meat, grain, or dairy from local farmers.
