

Hi, Peter.

I am writing to support the addition of Sec. 35. [97B.607] NONTOXIC SHOT REQUIRED FOR TAKING SMALL GAME, which is an addition of HF 3342 into HF 3657.1.

Recreational lead use in hunting and fishing causes unnecessary pollution and wildlife deaths. The proposed legislation is an important move toward phasing out lead ammunition and fishing tackle more broadly.

We appreciate the efforts of Representatives Lee and Becker-Finn in authoring this legislation and sincerely hope this moves forward.

Sincerely,  
Dawn Tanner
