<b>TOTAL</b>	<b>44,619</b>	<b>17,813</b>		<b>3,785</b>		<b>4,338</b>	

Above numbers/percentages are for all ages.

How this chart was determined:

(1) Olmsted County and nine surrounding counties of southeastern Minnesota

(2) – (4) Data from MN Oral Health Statistic System: Minnesota Department of Health – Oral Health <https://apps.health.state.mn.us/mndata/oral-health>

(5) Total number of 2013 patients served at Rochester clinic X 88.6 (% of 2013 MHCP patients at Rochester) = total MHCP patients served by CDC

(6) Total MHCP patients from column (5) ÷ by total MHCP patients from column (3) = % MHCP patients served by CDC compared with 2012 total MHCP patients with dental claims.

(7) Total number of 2014 patients served at Rochester clinic x 89.7 (% of 2014 MHCP patients at Rochester) = total MHCP patients served by CDC

(8) Total MHCP patients from column (7) ÷ by total MHCP patients from column (3) = % MHCP patients served by CDC compared with 2012 total MHCP patients with dental claims.
