Summary

This bill establishes an interagency council on student attendance to improve coordination among state agencies, counties, school districts, and charter schools to improve student attendance. Minnesota Statutes, section 15.059, governs the membership terms, compensation, and removal of members. The council must meet at least quarterly, comply with the open meeting law under Minnesota Statutes, chapter 13D, and report recommendations for policy and funding changes to improve student attendance by November 1, 2027, and every year thereafter. The bill appropriates an unspecified amount for the council.
