Overview

This bill would extend by ten years the Minnesota Agricultural Fertilizer Research and Education Council (AFREC) and the 40 cent/ton fertilizer fee that funds the fertilizer research, education, and technology transfer grants awarded by AFREC each year. Without this extension, the fee will expire on June 30th of this year and AFREC would expire in 2025.

Summary

Section	Description
1	Payment of inspection fee. Extends the AFREC fee until June 30, 2034.
2	Expiration. Extends AFREC until June 30, 2035.
3	Expiration. Extends the Agricultural Fertilizer Research and Education Program administered by AFREC until June 30, 2035.
4	Expiration. Extends until June 30, 2035, the dedicated account that holds AFREC fee revenue.
