17.25	Subd. 2. Notice to employer. (a) If the need for leave is foreseeable, an e	employee must

17.28	when leave will be required to begin, a change in circumstances, or a medic	al emergency,
17.29	notice must be given as soon as practicable. Whether leave is to be continue	ous or is to be

17.31	the employee must advise the employer as soon as practicable if dates of scl	heduled leave

18.1	employee must explain the reasons why such notice was not practicable upon a request from
18.2	the employer for such information.
18.3	(b) "As soon as practicable" means as soon as both possible and practical, taking into
18.4	account all of the facts and circumstances in the individual case. When an employee becomes
18.5	aware of a need for leave under this chapter less than 30 days in advance, it should be
18.6	practicable for the employee to provide notice of the need for leave either the same day or
18.7	the next day, unless the need for leave is based on a medical emergency. In all cases,
18.8	however, the determination of when an employee could practicably provide notice must
18.9	take into account the individual facts and circumstances.
18.10	(c) An employee shall provide at least verbal notice sufficient to make the employer
18.11	aware that the employee needs leave allowed under this chapter and the anticipated timing
18.12	and duration of the leave. An employer may require an employee giving notice of leave to
18.13	include a certification for the leave as described in section 268B.04, subdivision 2. Such
18.14	certification, if required by an employer, is timely when the employee delivers it as soon
18.15	as practicable given the circumstances requiring the need for leave, and the required contents
18.16	of the certification.
18.17	(d) An employer may require an employee to comply with the employer's usual and
18.18	customary notice and procedural requirements for requesting leave, absent unusual
18.19	circumstances or other circumstances caused by the reason for the employee's need for
18.20	leave. Leave under this chapter must not be delayed or denied where an employer's usual
18.21	and customary notice or procedural requirements require notice to be given sooner than set
18.22	forth in this subdivision.
18.23	(e) If an employer has failed to provide notice to the employee as required under section
18.24	268B.22, paragraph (a), (b), or (e), the employee is not required to comply with the notice
18.25	requirements of this subdivision.
18.26	Subd. 3. Bonding leave. Bonding leave taken under this chapter begins at a time requested
18.27	by the employee. Bonding leave must begin within 12 months of the birth, adoption, or
18.28	placement of a foster child, except that, in the case where the child must remain in the
18.29	hospital longer than the mother, the leave must begin within 12 months after the child leaves
18.30	the hospital.
18.31	Subd. 4. Intermittent or reduced leave schedule. (a) Leave under this chapter, based
18.32	on a serious health condition, may be taken intermittently or on a reduced leave schedule
18.33	if such leave would be medically beneficial to the individual with the serious health condition.

20.1	(2) If an employee is no longer qualified for the position because of the employee's
20.2	inability to attend a necessary course, renew a license, fly a minimum number of hours, or
20.3	the like, as a result of the leave, the employee must be given a reasonable opportunity to
20.4	fulfill those conditions upon return from leave.

(c)(1) An employee is entitled to any unconditional pay increases which may have 20.5 occurred during the leave period, such as cost of living increases. Pay increases conditioned 20.6 upon seniority, length of service, or work performed must be granted in accordance with 20.7 the employer's policy or practice with respect to other employees on an equivalent leave 20.8 status for a reason that does not qualify for leave under this chapter. An employee is entitled 20.9 to be restored to a position with the same or equivalent pay premiums, such as a shift 20.10 differential. If an employee departed from a position averaging ten hours of overtime, and 20.11 corresponding overtime pay, each week an employee is ordinarily entitled to such a position 20.12 on return from leave under this chapter. 20.13

20.14 (2) Equivalent pay includes any bonus or payment, whether it is discretionary or 20.15 nondiscretionary, made to employees consistent with the provisions of clause (1). However, 20.16 if a bonus or other payment is based on the achievement of a specified goal such as hours 20.17 worked, products sold, or perfect attendance, and the employee has not met the goal due to 20.18 leave under this chapter, the payment may be denied, unless otherwise paid to employees 20.19 on an equivalent leave status for a reason that does not qualify for leave under this chapter. 20.20 (d) Benefits under this section include all benefits provided or made available to 20.21 denied available to

20.21 employees by an employer, including group life insurance, health insurance, disability
20.22 insurance, sick leave, annual leave, educational benefits, and pensions, regardless of whether
20.23 such benefits are provided by a practice or written policy of an employer through an employee
20.24 benefit plan as defined in section 3(3) of United States Code, title 29, section 1002(3).

20.25 (1) At the end of an employee's leave under this chapter, benefits must be resumed in
20.26 the same manner and at the same levels as provided when the leave began, and subject to
20.27 any changes in benefit levels that may have taken place during the period of leave affecting
20.28 the entire workforce, unless otherwise elected by the employee. Upon return from a leave
20.29 under this chapter, an employee cannot be required to requalify for any benefits the employee
20.30 enjoyed before leave began, including family or dependent coverages.

20.31 (2) An employee may, but is not entitled to, accrue any additional benefits or seniority
 20.32 during a leave under this chapter. Benefits accrued at the time leave began, however, must
 20.33 be available to an employee upon return from leave.

21.1	(3) With respect to pension and other retirement plans, leave under this chapter must
21.2	not be treated as or counted toward a break in service for purposes of vesting and eligibility
21.3	to participate. Also, if the plan requires an employee to be employed on a specific date in
21.4	order to be credited with a year of service for vesting, contributions, or participation purposes,
21.5	an employee on leave under this chapter must be treated as employed on that date. However,
21.6	periods of leave under this chapter need not be treated as credited service for purposes of
21.7	benefit accrual, vesting, and eligibility to participate.
21.8	(4) Employees on leave under this chapter must be treated as if they continued to work
21.9	for purposes of changes to benefit plans. Employees on leave under this chapter are entitled
21.10	to changes in benefit plans, except those which may be dependent upon seniority or accrual
21.11	during the leave period, immediately upon return from leave or to the same extent they
21.12	would have qualified if no leave had been taken.
21.13	(e) An equivalent position must have substantially similar duties, conditions,
21.14	responsibilities, privileges, and status as the employee's original position.
21.15	(1) The employee must be reinstated to the same or a geographically proximate worksite
21.16	from where the employee had previously been employed. If the employee's original worksite
21.17	has been closed, the employee is entitled to the same rights as if the employee had not been
21.18	on leave when the worksite closed.
21.19	(2) The employee is ordinarily entitled to return to the same shift or the same or an
21.20	equivalent work schedule.
21.21	(3) The employee must have the same or an equivalent opportunity for bonuses,
21.22	profit-sharing, and other similar discretionary and nondiscretionary payments.
21.23	(4) This chapter does not prohibit an employer from accommodating an employee's
21.24	request to be restored to a different shift, schedule, or position which better suits the
21.25	employee's personal needs on return from leave, or to offer a promotion to a better position.
21.26	However, an employee must not be induced by the employer to accept a different position
21.27	against the employee's wishes.
21.28	(f) The requirement that an employee be restored to the same or equivalent job with the
21.29	same or equivalent pay, benefits, and terms and conditions of employment does not extend
21.30	to de minimis, intangible, or unmeasurable aspects of the job.
21.31	Subd. 7. Limitations on an employee's right to reinstatement. An employee has no
21.32	greater right to reinstatement or to other benefits and conditions of employment than if the
21.33	employee had been continuously employed during the period of leave under this chapter.

HF5 SECOND DIVISION ENGROSSMENT SS

22.1	An employer must be able to show that an employee would not otherwise have been
22.2	employed at the time reinstatement is requested in order to deny restoration to employment.
22.3	(1) If an employee is laid off during the course of taking a leave under this chapter and
22.4	employment is terminated, the employer's responsibility to continue the leave, maintain
22.5	group health plan benefits, and restore the employee cease at the time the employee is laid
22.6	off, provided the employer has no continuing obligations under a collective bargaining
22.7	agreement or otherwise. An employer would have the burden of proving that an employee
22.8	would have been laid off during the period of leave under this chapter and, therefore, would
22.9	not be entitled to restoration. Restoration to a job slated for layoff when the employee's
22.10	original position would not meet the requirements of an equivalent position.
22.11	(2) If a shift has been eliminated or overtime has been decreased, an employee would
22.12	not be entitled to return to work that shift or the original overtime hours upon restoration.
22.13	However, if a position on, for example, a night shift has been filled by another employee,
22.14	the employee is entitled to return to the same shift on which employed before taking leave
22.15	under this chapter.
22.16	(3) If an employee was hired for a specific term or only to perform work on a discrete
22.17	project, the employer has no obligation to restore the employee if the employment term or
22.18	project is over and the employer would not otherwise have continued to employ the employee.
22.19	Subd. 8. Remedies. (a) In addition to any other remedies available to an employee in
22.20	law or equity, an employer who violates the provisions of this section is liable to any
22.21	employee affected for:
22.22	(1) damages equal to the amount of:
22.23	(i) any wages, salary, employment benefits, or other compensation denied or lost to such

22.26	monetary losses sustained by the employee as a direct result of the violation; and
22.27	(ii) reasonable interest on the amount described in item (i); and
22.28	(2) such equitable relief as may be appropriate, including employment, reinstatement,
22.29	and promotion.
22.30	(b) An action to recover damages or equitable relief prescribed in paragraph (a) may be

22.32	any one or more employees for and on behalf of:
