2.21 (a) The board must grant an anesthesiologist assistant license to an applicant who:

2.23 (2) pays the appropriate application fee to the board under section 147G.10;

2.30 (5) certifies that the applicant is mentally and physically able to engage safely in practice
2.31 as an anesthesiologist assistant;

3.1 (6) certifies that the applicant has no current anesthesiologist assistant license in this or
3.2 another state subject to discipline, revocation, suspension, or probation for cause resulting
3.3 from practicing as an anesthesiologist assistant; and

3.4 (7) submits any other information the board deems necessary to evaluate the applicant's
3.5 qualifications.

3.6 (b) If an applicant is unable to meet the requirement in paragraph (a), clause (6), the
3.7 board may find after an investigation that sufficient remediation has been made to issue the
3.8 applicant a license.

3.9 **Sec. 4. [147G.03] PROVISIONAL LICENSURE.**

3.10 (a) The board must grant a provisional license as an anesthesiologist assistant to an
3.11 individual who:

3.13 to (7); and

3.14 (2) has taken the examination required under section 147G.02, paragraph (a), clause (4),
3.15 but has not received the results of the examination.

3.16 (b) A provisional license expires two years after issuance.

3.17 **Sec. 5. [147G.04] LICENSE RENEWALS.**

3.18 (a) Except as otherwise stated on a prorated initial license, a license issued under section
3.19 147G.02 is valid for a period of one year.

3.20 (b) A license issued pursuant to this chapter, other than a provisional license, expires
3.21 on the last day of the licensee's birth month.

3.22 (c) At least 30 days before the license expiration date, the board must send out a renewal
3.23 notice to the licensee's last known address. The notice must include a renewal application
3.24 and notice of fees required for renewal. If the licensee does not receive the renewal notice,
3.25 the licensee is still required to meet the deadline for renewal to qualify for continuous
3.26 licensure status, except for a person who provides documentation to the board of service in
3.27 the United States Armed Forces and deployment on active duty.

3.28 (d) To renew the license, the licensee must submit the following to the board prior to
3.29 the current license expiring:

4.1 (2) documentation of completing the continuing education requirements under section
4.2 147G.09; and

4.3 (3) the renewal fee under section 147G.10.

4.4 (e) Before an individual's license expires for noncompliance with paragraph (d), the
4.5 board must remove the name of the licensee from the list of individuals authorized to practice
4.6 as an anesthesiologist assistant. The board must place the licensee's name back on the list
4.7 of individuals authorized to practice if the license is reinstated under section 147G.05.

4.8 (f) Notwithstanding section 147G.05, the board must reinstate the license of an otherwise
4.9 qualified individual within 30 days if the licensee has cured the renewal deadline failure
4.10 and the license expired solely due to a failure to meet the renewal deadline and not as a
4.11 result of any unlawful conduct or discipline.

4.12 **Sec. 6. [147G.05] LICENSE REINSTATEMENT.**

4.13 (a) Except as provided in paragraph (c) and section 147G.04, paragraph (f), an applicant
4.14 must not apply for license reinstatement until two years after the date of revocation. The

4.18 (2) meets all initial licensure requirements under section 147G.02, including payment
4.19 of the initial application fee under section 147G.10, paragraph (a), clause (1); and

4.20 (3) demonstrates to the board's satisfaction under paragraph (b) that the individual is
4.21 completely rehabilitated with respect to the conduct that was the basis for the revocation.

4.22 (b) The board must find the following to determine that an applicant is rehabilitated as
4.23 to the conduct that was the basis for revocation:

4.24 (1) the applicant has not engaged in any conduct during the revocation period that would
4.25 constitute a basis for revocation pursuant to this chapter or rules adopted by the board;

4.26 (2) if a criminal conviction was a basis of the revocation, the applicant's sentence has
4.27 been fully discharged pursuant to statute or any other applicable judicial order from a court
4.28 of competent jurisdiction;

4.29 (3) the applicant has made restitution to any aggrieved person as ordered by a court of
4.30 competent jurisdiction; and

5.1 (4) the applicant demonstrates any other standard of rehabilitation the board determines
5.2 is appropriate.

5.3 (c) If a license revocation is based on a conviction of a felony and that conviction is
5.4 reversed on appeal, the board must vacate its previous order to revoke the license, and the
5.5 individual formerly licensed under this chapter may apply for reinstatement as soon as the
5.6 court vacates the conviction.
