1.8 "Subd. 6. Access to information; reports. (a) The commission may secure directly
1.9 from a state department or agency de-identified information and de-identified data that is
1.10 necessary for the commission to carry out its duties. For purposes of this section,
1.11 "de-identified" means the deletion of identifiers and the use of a data use agreement as
1.12 required under Code of Federal Regulations, title 45, section 164.514(e).

1.13 (b) By July 1, 2020, and annually thereafter, the commission shall provide the legislative
1.14 committees with jurisdiction over data practices with a report describing the de-identified
1.15 information and data obtained by the commission from state departments and agencies in
1.16 the preceding year. The report must describe the information obtained, including the scope
1.17 of the information obtained, the purpose for which it was obtained, the classification of any
1.18 data obtained, the length of time the information will be used, and security measures for
1.19 protecting the information in accordance with chapter 13. The report must include a
1.20 notification to the public that although the information obtained by the commission is
1.21 de-identified, de-identified data retains some risk of identification, and that a data use
1.22 agreement will limit the uses of the data and prohibit attempts to re-identify the data. The
1.23 commission shall also maintain these reports on the commission's Web site."
