**Bill Description**

This bill amends the opiate product registration fee program reporting requirements.

**Assumptions**

If enacted, this bill will require manufacturers and wholesalers, to the extent that no opiate distributions, deliveries, or sales occurred in the previous calendar year, to report “zero reports” to the Board. Furthermore, to the extent that opiates are not reported by manufacturers and wholesalers, this bill will require third-party logistics providers to report opiate distributions to the Board. The Board has an existing appropriation for administering the opiate product registration fee program. Any costs associated will be absorbed with current funds.

If enacted, this bill is not expected to impact the annual renewal fees collected in section 151.065.
