

Invest in Girls, Change the World.

Making the world a better place,
one Girl Scout at a time.

Girl Scout Bill

Mission-critical funding for Girl Scouting comes at a crucial time for our youth, supporting proven initiatives and high-quality supplementary STEM education that engage girls from all backgrounds, including underserved communities, across the state of Minnesota.

College and career readiness helps youth channel their passions, hobbies, and interests toward meaningful careers and contributions to society.

Culturally responsive programming creates one-of-a-kind spaces where youth can unapologetically celebrate their authentic selves while building community.

We meet youth where they are, providing **social and emotional support** to help raise their confidence, build a strong sense of self, and improve academic performance.

Changing their World through Representation

Funding allows more girls to participate in engaging programs that highlight fields where women are underrepresented and celebrate the cultures of our members. Some past activities have included:

- **African Dance: A Diasporic Experience**, a cultural exploration of the art of dance and storytelling.
- **STEM Programming** such as Power Girls camp and the SciSummit event provide hands-on opportunities for girls to engage in the sciences.
- **It's Mai Time Hmong Day Camp** is a weeklong camp that brings youth together to learn about and celebrate their shared history and identities.
- **Partnerships** like with Cass Lake School where the Ojibwe language is celebrated and incorporated into Girl Scout traditions and program activities.

ConnectZ Program¹
