1.3 Page 73, line 25, after the period, insert "If the license holder has a continuous insurance
1.4 policy that renews each year, the license holder may indicate the policy's renewal date in
1.5 the initial written notice to parents, and no further notices are required until the insurance
1.6 coverage changes or the policy lapses."

1.7 Page 76, line 20, before "The" insert "When applicable for the program,"

1.8 Page 88, line 19, before "training" insert "for programs licensed for children younger
1.9 than school age,"

1.10 Page 90, delete subdivision 1 and insert:

1.11 "Subdivision 1. **Initial training; helper.** (a) Before assisting in care, a helper who assists
1.12 with care must complete a minimum of four hours of training within the previous 12 months.
1.13 The four hours must include courses on:

1.14 (1) reducing the risk of sudden unexpected infant death if the program is licensed to care
1.15 for infants;

1.16 (2) abusive head trauma if the program is licensed to care for children younger than
1.17 school age; and

1.18 (3) reporting suspected maltreatment of children as required under chapter 260E.

1.19 (b) The trainings required under paragraph (a) may be combined in a single
1.20 commissioner-approved course.

1.21 (c) A license holder must maintain written or electronic documentation showing that
1.22 each helper has complied with this subdivision."

2.12 "(b) Family child care programs that draw water from privately owned wells must test
2.13 the water annually by a Department of Health-certified laboratory for coliform bacteria and
2.14 nitrate nitrogen and receive confirmation that the water is safe. The family child care program
2.15 must submit a copy of the test results with the agency. Retesting and corrective measures
2.16 may be required by the agency if results do not meet state drinking water standards or where
2.17 the supply may be subject to off-site contamination. A copy of the most recent water testing
2.18 results must be kept on the licensed premises. If the water test results are at or above
2.19 Department of Health-recommended levels or if the license holder declines to test the water
2.20 supply in the program, the license holder must:

2.21 (1) supply bottled or packaged water;

2.22 (2) use water filtration devices that have been certified by the National Science
2.23 Foundation or American National Standards Institute to remove the contaminant. The water
2.24 filtration device must be attached directly to water faucets, inserted into the refrigerator
2.25 water dispenser, or inserted into water pitchers or bottles. The water filtration device must
2.26 be maintained according to manufacturer guidelines; or

2.27 (3) close the family child care program to prevent children from using or consuming
2.28 unsafe water."
