

The Honorable Representatives Paul Novotny and Kelly Moller

March 5, 2025

Dear Co-Chairs Novotny and Moller, Co-Vice Chairs Feist and Witte, and Members of the Committee:

If our children do not feel safe, they cannot learn. This is why I support HF3753, to keep our children safe at school.

Being an education leader for more than 35 years, introducing students to colleges and raising money for scholarships, I do my work for the children. We need our children to be educated to go to college and get good paying jobs so they can eat and thrive in life. This legislation will provide a way to keep children safe at school.

When I lead college tours across the country for young people, I always think about the safety of our children. We include a security officer for students to tour colleges. It is very important our children feel safe to learn.

Please pass this legislation to create safe schools across Minnesota where students can learn and thrive.

Sincerely,
