1.11   "(1) the court shall determine each parent's basic support obligation pursuant to

1.12   paragraph (b) and shall include the amount of each parent's obligation in the court order. If

1.13   the basic support calculation results in each parent owing support to the other, the court

1.14   shall offset the higher basic support obligation with the lower basic support obligation

1.15   to determine the amount to be paid by the parent with the higher obligation to the parent

1.16   with the lower obligation. For the purpose of the cost-of-living adjustment required under

1.23   court shall determine each parent's child care support obligation and include the amount of

1.24   each parent's obligation in the court order. If the child care support calculation results in

1.25   each parent owing support to the other, the court shall offset the higher child care support

1.26   obligation with the lower child care support obligation to determine the amount to be paid

1.27   by the parent with the higher obligation to the parent with the lower obligation; and

2.1   (3) if each parent pays all medical or dental insurance expenses for at least one

2.2   joint child, medical support shall be calculated for each joint child as provided in section

2.3   518A.41. The court shall determine each parent's medical support obligation and include

2.4   the amount of each parent's obligation in the court order. If the medical support calculation

2.5   results in each parent owing support to the other, the court shall offset the higher medical

2.6   support obligation with the lower medical support obligation to determine the amount to

2.7   be paid by the parent with the higher obligation to the parent with the lower obligation.

2.8   Unreimbursed and uninsured medical expenses are not included in the presumptive

2.9   amount of support owed by a parent and are calculated and collected as provided in
