4.15 actual injury need not be established;

5.4 through the aging process or loss of motor skills. In the case of registered pharmacy  
5.5 technicians, pharmacist interns, or controlled substance researchers, the inability to carry  
5.6 out duties allowed under this chapter or the rules of the board with reasonable skill and  
5.7 safety to patients by reason of illness, drunkenness, use of drugs, narcotics, chemicals, or

6.21 Sec. 4. **[151.462] PROHIBITION AGAINST CHARGING UNCONSCIONABLE**  
6.22 **PRICES FOR PRESCRIPTION DRUGS. .**

6.23 Subdivision 1. Purpose. The purpose of this section is to promote public health in  
6.24 Minnesota by preventing unconscionable price gouging with respect to the price of essential  
6.25 prescription drugs sold in Minnesota. Essential prescription drugs are a necessity. These  
6.26 drugs, which are made available in this state by drug manufacturers and wholesale  
6.27 distributors, provide critically important benefits to the health and well-being of Minnesota  
6.28 citizens. Abuses in the pricing of various essential prescription drugs are well-documented,  
6.29 jeopardize the health and welfare of the public, and have caused the death of patients who  
6.30 could not afford to pay an unconscionable price for these drugs. For example, these price  
6.31 gouging practices have created a public health catastrophe in Minnesota regarding the sale  
6.32 of insulin, an essential prescription drug for the treatment of more than 320,000 people  
6.33 residing in Minnesota who are diabetic. This section is intended to address such abuses, but

7.1 allow drug manufacturers and wholesale drug distributors a fair rate of return with respect  
7.2 to their sale of essential prescription drugs in the State of Minnesota.

7.3 Subd. 2. **Definitions.** (a) For purposes of this section, the following definitions apply.

7.4 (b) "Essential prescription drug" means a patented (including an exclusivity-protected  
7.5 drug), off-patent, or generic drug prescribed by a practitioner that:

7.6 (1) is covered under the medical assistance program or by any Medicare Part D plan  
7.7 offered in the state of Minnesota; or

7.8 (2) has been designated by the commissioner of human services under subdivision 4 as  
7.9 an essential medicine due to its efficacy in treating a life-threatening health condition or a  
7.10 chronic health condition that substantially impairs an individual's ability to engage in  
7.11 activities of daily living; and for which:

7.12 (i) a 30-day supply of the maximum recommended dosage of the drug for any indication,  
7.13 according to the label for the drug approved under the federal Food, Drug, and Cosmetic  
7.14 Act, would cost more than \$80 at the drug's wholesale acquisition cost;

7.15 (ii) a full course of treatment with the drug, according to the label for the drug approved  
7.16 under the federal Food, Drug, and Cosmetic Act, would cost more than \$80 at the drug's  
7.17 wholesale acquisition cost; or

7.18 (iii) if the drug is made available to consumers only in quantities that do not correspond  
7.19 to a 30-day supply, a full course of treatment, or a single dose, it would cost more than \$80  
7.20 at the drug's wholesale acquisition cost to obtain a 30-day supply or a full course of treatment.

7.21 "Essential prescription drug" also includes a patented or off-patent drug-device  
7.22 combination product, whose wholesale acquisition cost is more than \$80, and which is used  
7.23 at least in part for delivery of a drug described in this paragraph.

7.24 (c) "Unconscionable price" means a price that :

7.25 (1) is not reasonably justified by the actual cost of inventing, producing, selling and  
7.26 distributing the prescription drug, and any actual cost of an appropriate expansion of access  
7.27 to the drug to promote public health; and

7.28 (2) applies to a prescription drug for which Minnesota consumers for whom the drug  
7.29 has been or will be prescribed, the Minnesota commissioner of human services, and health  
7.30 plan companies providing medical care to Minnesota consumers, have no meaningful choice  
7.31 about whether to purchase, because there is no other comparable drug sold in Minnesota at  
7.32 a price that is reasonably justified by the actual cost of inventing, producing, selling, and

8.1 distributing the prescription drug, and any actual cost of an appropriate expansion of access  
8.2 to the drug to promote public health.

8.3 (d) "Health plan company" has the meaning provided in section 62Q.01, subdivision 4.

8.4 (e) "Wholesale acquisition cost" has the meaning given in United States Code, title 42,  
8.5 section 1395w-3a.

8.6 Subd. 3. **Prohibition.** No drug manufacturer or wholesale drug distributor shall charge  
8.7 or cause to be charged in Minnesota an unconscionable price for an essential prescription  
8.8 drug sold in Minnesota. It is not a violation of this section for a wholesale drug distributor  
8.9 to charge a price for an essential prescription drug to be sold in Minnesota that is directly  
8.10 and substantially attributable to the cost of the drug charged by the manufacturer.

8.11 Subd. 4. **Commissioner of human services; list of essential prescription drugs.** The  
8.12 commissioner of human services, in consultation with the formulary committee established  
8.13 under section 256B.0625, subdivision 13c, may designate essential prescription drugs beyond  
8.14 those described in subdivision 2, paragraph (b), clause (1). The commissioner is exempt  
8.15 from the rulemaking requirements of chapter 14 in making these designations, and section  
8.16 14.386 does not apply. The commissioner shall make a list of all essential prescription drugs  
8.17 available to the public on the agency website.

8.18 Subd. 5. **Notification of attorney general.** The Minnesota Board of Pharmacy, the  
8.19 commissioner of human services, and health plan companies shall notify the attorney general  
8.20 of any increase of 15 percent or more during a one-year period in the price of any essential  
8.21 prescription drug sold in Minnesota.

8.22 Subd. 6. **Attorney general's office to confer with drug manufacturer or distributor.** In  
8.23 order for the attorney general to bring an action for an alleged violation of subdivision 3  
8.24 against a drug manufacturer or wholesale distributor, the attorney general must have provided  
8.25 the manufacturer or wholesale distributor an opportunity to meet with the attorney general  
8.26 to present any justification for the price of the essential prescription drug. This meeting  
8.27 shall be in addition to any response or responses that the drug manufacturer or wholesale  
8.28 distributor may make to pre-litigation investigation or discovery conducted by the attorney  
8.29 general pursuant to section 8.31.

8.30 Subd. 7. **Private right of action.** Any action brought pursuant to section 8.31, subdivision  
8.31 3a by a person injured by a violation of this section is for the benefit of the public.

8.32 Subd. 8. **Severability.** In accordance with section 645.20, it is the intention of the  
8.33 legislature that the provisions, or any part of a provision, of this section are severable in the

9.1 event any provision, or any part of a provision, of this section is found by a court to be  
9.2 unconstitutional.

9.3 **EFFECTIVE DATE.** This section is effective the day following final enactment, and  
9.4 notwithstanding any statutory or common law to the contrary, applies retroactively to any  
9.5 prices charged by a drug manufacturer or drug wholesaler for essential prescription drugs  
9.6 sold or distributed in Minnesota on or after July 1, 2014."

9.7 Amend the title accordingly
