## Overview

This bill makes technical corrections to the 2019 HHS appropriations act related to placement of fiscal year 2021 appropriations. It moves a fiscal year 2021 appropriation for fraud prevention investigation grants and a fiscal year 2021 appropriation for safe harbor grants to the correct budget activities, so the base amounts for those budget activities are correct for the 2022-2023 budget. These changes are budget neutral.
