1.9 Page 13, delete lines 24 to 33 and insert:

1.10 "(a) The commissioner of natural resources shall amend the city of Cold Spring's
1.11 water appropriation permit to allow an increase in the city's water withdrawal of 100
1.12 million gallons per year from city wells 4, 5, and 6, provided a combined reduction of
1.13 ten million gallons per year is made from city well 3 or water appropriations under any
1.14 permits held by brewing companies in the Cold Spring Creek area. The city and any other
1.15 permit holder with permit modifications made under this section must comply with all
1.16 existing reporting requirements and demonstrate that increased pumping does not result in
1.17 violations of the Safe Drinking Water Act. The increases under this section are available
1.18 on an interim basis, not to exceed five years, to allow the city to establish a new well field
1.19 and long-term water supply solution for the city and area businesses."
